

Greetings From Our President

The faculty, staff, and administration of Norco College welcome you!

We are delighted that you have chosen Norco College to embark on your educational journey. The faculty, classified professionals, and administration are excited to welcome you! This catalog is a comprehensive guide to the courses, programs, support services, degree offerings, and transfer opportunities that will help you achieve your academic goals.

We encourage you to use the catalog as a planning resource to explore all the opportunities, services, and programs that Norco College provides. Our mission is to empower students by delivering transformational educational experiences, supported by talented, creative, and innovative faculty and classified professionals dedicated to your success.

On behalf of the RCCD Board of Trustees and our college, we wish you the very best in your educational pursuits. We are committed to fostering a sense of belonging here at

Norco College ensuring access, equity, and success for every student.

Sincerely,

Monica L. Green, Ed.D. President

All information contained in the 2026-2027 Catalog is current as of March 2026. Although every effort has been made to ensure accuracy of the information in this catalog, students and others who use this catalog should consult with a counselor, dean, department chair or program director for recent additions, deletions or changes. Updates can also be found online at www.rccd.edu. The catalog contains policies and/or procedures that are current at the time of printing. However, policies and procedures are continually being updated. In order to be sure it is the most recent language, please check the latest online version at: <https://www.rccd.edu/bot/policies.html>

The Riverside Community College District complies with all federal and state rules and regulations and does not discriminate on the basis of ethnic group identification, national origin, religion, age, gender, gender identity, gender expression, race, color, ancestry, genetic information, sexual orientation, physical or mental disability, or any characteristic listed or defined in Section 11135 of the Government Code or any characteristic that is contained in the prohibition of hate crimes set forth in subdivision (1) of Section 422.6 of the California Penal Code, or any other status protected by law. This holds true for all students who are interested in participating in education programs and/or extracurricular school activities. Limited English speaking skills will not be a barrier to admission or participation in any programs. Harassment of any employee or student with regard to ethnic group identification, national origin, religion, age, gender, gender identity, gender expression, race, color, ancestry, genetic information, sexual orientation, physical or mental disability, or any characteristic listed or defined in Section 11135 of the Government Code or any characteristic that is contained in the prohibition of hate crimes set forth in subdivision (1) of Section 422.6 of the California Penal Code, or any other status protected by law is strictly prohibited. Inquiries regarding compliance, and/or grievance procedures may be directed to the District's Title IX Officer/Section 504/ADA Coordinator at (951) 222-8039, 3801 Market Street, Riverside, CA 92501.

Mission

Norco College is an open access college that supports every learner - no matter their path. We help diverse students grow, succeed, and change their lives through education.

Vision

We see a future where every student thrives and our region rises with them.

Core Commitments (N.O.R.C.O.)

Nurture Students First

We center student success in every decision and action.

Open Doors to Equity

We remove barriers and expand access for all.

Rise Together

We collaborate across campus and community to lift each other up.

Commit to Integrity

We follow through, own our impact, and build trust.

Own Our Growth

We learn, adapt, and lead with creativity and purpose.

Accreditation

Norco College is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges (10 Commercial Boulevard, Suite 204, Novato, CA 94949, (415) 506-0234), an institutional accrediting body recognized by the Commission on Recognition of Postsecondary Accreditation and the U.S. Department of Education. Accreditation reports are available in the Norco College Library as well as on the Norco College website at www.norcocollege.edu.

Norco College is approved under the regulations of the Board of Governors, California Community Colleges, by the Office of Private Postsecondary Education for the training of Veterans, by the United States State Department for non quota immigrant students, and by the United States Department of Education. The University of California, the California State University and Colleges and other colleges and universities give full credit for appropriate courses completed at Norco College.

Riverside Community College District

Fee Schedule

Fee Type	Amount
Enrollment Fee	\$46 per unit
Upper Division Coursework Fee ^{1, 7}	\$84 per unit
Nonresident Surcharge ¹	\$443 per unit
Out of Country Surcharge ^{2, 3}	\$25 per unit
Health Services Fee ⁴	\$24 Fall & Spring Terms \$20 Summer & Winter Terms
Student Services Fee <i>Can be waived if Student Services Fee Waiver is submitted to Student Activities office before last day to add course</i>	\$30 Fall & Spring Terms \$10 Summer & Winter Terms
Parking Permit: Auto ^{4, 5} <i>Parking in student lots only.</i>	\$50 or \$30 CCPG Fall & Spring Terms \$25 Summer Term \$0 Winter Term
Parking Permit: Motorcycle ^{4, 5} <i>Parking in student lots only</i>	\$15 Fall, Spring, & Summer Terms \$0 Winter Term
Transportation Fee <i>Allows the usage of RTA buses and transport free with Go-Pass app.</i>	\$5.50 (over 6 units) or \$5.00 (6 units and under) Fall, Spring, & Summer Terms N/A Winter Term
Class Audit	\$15 per unit
Transcript ⁶ <i>First two transcripts free (see website for more information)</i>	\$7 per transcript; processing: 3-4 business days \$17 per transcript; processing: 1 business day \$20 per transcript; processing: same day
Unofficial Transcript <i>Unofficial transcripts can be accessed free of charge through MyPortal</i>	\$1
Duplicate Diploma	\$2

Fee Type	Amount
Non-Sufficient Funds/Stop Payment Fee	\$20

Instructional Fees and/or Instructional Materials Fees Fees are listed in applicable course descriptions

NOTE: Fees may change without notice. Stop payment or insufficient funds will incur a \$20 service processing fee.

¹ Plus Enrollment Fee

² Plus Enrollment Fee and Nonresident Surcharge

³ Nonrefundable

⁴ Nonrefundable if student drops all classes after the refund deadline.

⁵ Must submit a completed refund request to Parking Services by the refund deadline.

⁶ Additional delivery fees may apply.

⁷Upper-Division courses are currently offered at Moreno Valley College only.

General Information

Academic Freedom

The faculty, administration, and Board of Trustees subscribe to the American Association of University Professors' 1940 Statement of Principles on Academic Freedom and Tenure:

"Institutions of higher education are conducted for the common good and not to further the interest of either the individual teacher or the institution as a whole. The common good depends upon the free search for truth and its free expression."

"Academic freedom is essential to these purposes and applied to both teaching and research. Freedom in research is fundamental to the advancement of truth. Academic freedom in its teaching aspect is fundamental for the protection of the rights of the teacher in teaching and of the student to freedom in learning. It carries with it duties correlative with rights."

"The teacher is entitled to full freedom in research and in the publication of the results, subject to the adequate performance of his/her other academic duties; but research for pecuniary return should be based upon an understanding with the authorities of the institution."

"The teacher is entitled to freedom in the classroom in discussing his/her subject, but he/she should be careful not to introduce into his/her teaching controversial matters which have no relation to his/her subject."

"Limitations of academic freedom because of religious or other aims of the institution should be clearly stated in writing at the time of the appointment."

"The college or university teacher is a citizen, a member of a learned profession, and an officer of an educational institution. When he/she speaks or writes as a citizen, he/she should be free from institutional censorship and discipline, but his/her special position in the community imposes special obligations. As a person of learning and an educational officer, he/she should remember that the public judges his/her profession and his/her institution by his/her utterances. Hence he/she should at all times be accurate, should exercise appropriate restraint, should show respect for the opinions of others, and should make every effort to indicate that he/she is not an institutional spokesman."

This aligns with Title 5 section 51023 and with the standards set forth by the College's accrediting body; the alignment is evidenced by the adoption of Board Policy 2030.

Academic Year

The academic year consists of fall and spring semesters, which extend from August to June, plus summer and winter sessions that begin in June and January, respectively. The calendar for the academic year appears in the front of the catalog. Courses offered during the various terms are similar in scope and maintain equivalent standards.

Accreditation

Norco College is accredited by the Accrediting Commission for Community and Junior Colleges (10 Commercial Boulevard, Suite 204, Novato, CA 94949, (415) 506-0234), an institutional accrediting body recognized by the Commission on Recognition of Postsecondary

Accreditation and the U.S. Department of Education, Accreditation reports are available in the Norco College Library, as well as on the Norco College website at www.norcocollege.edu.

Norco College is approved under the regulations of the Board of Governors, California Community Colleges, by the Office of Private Postsecondary Education for the training of Veterans, by the United States State Department for non quota immigrant students, and by the United States Department of Education. The University of California, the California State University and Colleges and other colleges and universities give full credit for appropriate courses completed at Norco College.

Program Length

Courses that are part of the requirements for Associate in Science or Associate in Arts degree patterns as well as those that comprise state or locally approved certificate patterns and concentrations are scheduled in such a manner that students who attend either full or part-time are able to successfully complete their goals within a reasonable length of time.

Open Enrollment

It is the policy of the Riverside Community College District that, unless specifically exempted by statute, every course, course section or class, the average daily attendance of which is to be reported for state aid, wherever offered and maintained by the district, shall be fully open to enrollment and participation by any person who has been admitted to the college and who meets such prerequisites as may be established pursuant to Title 5 § 55003 of the California Education Code.

Face-to-Face Courses

Riverside Community College District (RCCD) has adopted the following policy with regard to attendance. Nothing in this policy shall conflict with Title 5, section 58004, which pertains to state requirements for monitoring and reporting attendance for apportionment purposes. The faculty, staff, and administration of RCCD expect all students to attend every meeting of all classes for which they are registered. Of particular importance is the first class meeting of the semester during which the Instructors of Record determine adds and drops. Students who have enrolled for a class and who do not attend the first class meeting effectively forfeit their place in the class and, as a result, may be dropped by the Instructor of Record. Furthermore, students who are late for the first meeting of the class may be forfeiting their place in the class and may be dropped by the Instructor of Record. The faculty, staff, and administration of RCCD are therefore strongly recommending that all students are present in each of their classes at the start of all of their classes and that all students should know and understand the attendance policy for every class in which they are enrolled.

Distance Education Courses

The mission of RCCD Distance Education is to support the social and economic mobility of its students by ensuring access, success, and equity for everyone through the efficient, effective, accountable, and transparent use of distance education resources. The District offers courses that meet in a variety of formats. Students are required to regularly engage and attend their

courses. Engagement and attendance in fully online courses are measured by the completion of learning activities such as assignments, discussions, quizzes, or other online activities.

Learning through distance education is accomplished by supporting student access to online courses through Canvas, making learning possible anytime from anywhere. Accessing your course with a desktop or laptop computer is necessary to fully participate in online courses. Accordingly, a mobile device is not appropriate to fully interact with the course. A reliable internet connection is required. Canvas runs on Windows, Mac, Linux, or any other device with a modern web browser. Consult the instructor of record prior to course enrollment to ensure you are able to access the required applications used throughout the course including test or assessment proctoring software.

Canvas student support and other resources such as 24-hour Canvas support, a Canvas training course, and tutorials can be accessed by following the student link on the [Distance Education website](#).

Students enrolled in fully online courses are expected to log in to Canvas on the first day of the semester and complete initial learning activities in the first week of the session. Students may be dropped from the course if initial learning activities are not completed in the first week of the course and may forfeit their place in the class at the discretion of the Instructor of Record. Throughout the course, online students regularly fulfill attendance requirements outlined in the syllabi by logging in to classes for which they are registered and completing assignments. Students are required to read and adhere to the attendance policy described in the syllabus of each online class for which they are enrolled.

Distance Education courses are academically equivalent to their face-to-face counterparts. They are available in the following formats:

- Online Course (ONLN) - Online classes are distance education classes with no scheduled meeting days.
- Regular Meeting (REG MEET) - These classes meet virtually on a fixed schedule for live online lectures (typically through Zoom). No in-person meetings occur, but students are expected to attend each online class session. Additionally, students will log in to Canvas and complete work regularly.
- Occasional Meeting (OCC MEET) - These classes meet virtually on occasion for live online lectures (typically through Zoom). No in-person meetings occur. Additionally, students will log in to Canvas and complete work regularly.
- Hybrid (HYB) - Hybrid classes are partially online with scheduled in-person meetings that occur on campus. Additionally, students will log in to Canvas and complete work regularly.

Some certificate programs can be completed fully online. For further information, students should consult a counselor. Students should also review their Student Educational Plan with a counselor before taking any class to be sure it meets their academic and educational goals.

NOTE: If the in-person portion of a hybrid course is discontinued and the course cannot be completed through distance education, it will be canceled.

Limitations on Enrollment

Riverside Community College District offers some courses which place limitations on enrollment. These limitations may include successful completion of courses, successful

completion of online tutorials to demonstrate computer skills, preparation levels for math and English, performance criteria, or health and safety conditions. Students who do not meet the conditions imposed by these limitations will be blocked from enrolling in these classes.

Apprenticeships

Enrollment in an apprenticeship course is limited to registered apprentices; however, anyone meeting the apprenticeship requirements can apply for acceptance. Students must first complete the application process for the specific apprenticeship program. Information on admission to apprenticeship programs can be obtained from the local Joint Apprenticeship Training Committee (JATC) which has jurisdiction over the trade in which you are interested.

Remedial Limitation

Riverside Community College District [Board Policy 2222](#) limits the number of units students can earn for remedial/pre-collegiate basic skills courses to 24-semester units. Pre-collegiate/basic skills courses are defined as those two or more levels below college-level English and one or more levels below elementary algebra. Riverside Community College District has designated certain courses as pre-collegiate basic skills courses. These courses include reading, writing, computation, and learning skills designed to assist students in acquiring the skills needed for college-level courses. These courses are considered non-degree applicable and earn credit but are not counted toward the 60 units required for the associate degree. Non-degree courses do apply toward: residency, athletic eligibility, work-study and financial aid, veterans' benefits, associated student body office, and full-time status. Non-degree credit status is indicated at the end of the course description.

Exemptions to Remedial Limitations

All developmental courses taken by students enrolled in English as a Second Language course are exempted. Students identified by the District for learning disabled programs are also exempted. Students with documented disabilities may petition the Admissions & Records Office for exemption status on a case-by-case basis.

Prerequisites

When a course has a prerequisite, it means that a student must have certain knowledge to be successful in the course. The prior knowledge may be a skill (type 40 wpm), an ability (speaks and writes French fluently), a placement preparation score, or successful completion of a course (grade C or better in CHE-1A). Completion of the prerequisite is required prior to enrolling in the class. Students who have completed a course at another institution for which they would like credit must fill out a Prerequisite Validation Form in order to have coursework on official transcripts validated for math, English, or other prerequisites. If you are currently enrolled in a prerequisite course at Riverside Community College District (i.e., MATH-10), you will be allowed to register for the succeeding class (i.e., MATH-C2210). However, if you do not pass the prerequisite course with at least a C grade, you will be dropped from the succeeding class. Successful completion of a prerequisite requires a grade of C or better or P (Pass). C-, D, F, FW, NP (No Pass), or I (Incomplete) are not acceptable. If you are currently enrolled in a prerequisite course outside of Riverside Community College District, the course must be successfully completed with a recorded grade before requesting validation of the prerequisite.

Corequisite

When a course has a corequisite, it means that a student is required to take another course concurrent with or prior to enrollment in the course. Knowing the information presented in the corequisite course is considered necessary for a student to be successful in the course.

(Completion of, or concurrent enrollment in, MATH-C2210 is required for Physics 4A.)

Concurrent corequisite courses must be completed at RCCD. Corequisite courses completed previously may be completed at RCCD or an outside institution (a student may be required to file proof of prerequisite and corequisite requirements.)

It is the student's responsibility to know and meet the course prerequisites and corequisites. These are stated in the course descriptions of the schedule of classes and the current college catalog. A student may be required to file proof of prerequisite and corequisite requirements.

Advisory

When a course has an advisory, it means that a student is recommended to have certain preparation before entering the course. The preparation is considered advantageous to a student's success in the course. Since the preparation is advised, but not required, to meet the condition before or in conjunction with enrollment in the course (eligibility for ENGL-C1000 is recommended) students will not be blocked from enrolling in a class if they do not meet the advisory.

Official Evaluation of Credit Completed at Other Schools

Students who have completed credit at RCCD or other institutions and wish to obtain a Riverside City College, Moreno Valley College, or Norco College degree, certificate, or transfer to a CSU or UC, may request an official evaluation by completing a "Student Request for Official Evaluation" form. These forms are available during a counseling meeting. The student must currently be enrolled at RCCD. The official evaluation will be completed by the Evaluations office once all official transcripts (ones that are received by RCCD directly from the issuing institution) are received. A copy of the completed evaluation will be forwarded to the student.

Health Requirements

It is recommended that each student new to Riverside Community College District have current immunizations and a physical examination by his or her family physician before enrolling. Students who plan to participate in intercollegiate athletics should contact the Dean of Student Life about sports physicals.

Students are required to adhere to COVID-19 resolutions passed by the RCCD Board of Trustees. For current District policies related to COVID-19, please visit the [RCCD Public Health Information page](#).

Matriculation

Matriculation is intended to assist students in accessing college and providing support services to help them establish and achieve their education goals. Students are provided with a college orientation, placement results, counseling, an education plan, follow-up services, and referrals

to support services and programs. Prior to registering for classes, all first-time college students must complete Assessment, Orientation, and Counseling.

It is the student's responsibility to a) complete orientation and advising, if applicable, prior to registering for classes, b) identify an education and career goal, c) declare a course of study, and d) complete a comprehensive education plan with a counselor by the time 15 semester units are completed. The student is also responsible for attending class, completing assignments, and maintaining progress toward that educational goal.

Assessment and Placement

RCCD uses multiple measure assessment criteria to assist students in determining appropriate placement for entering courses in English, ESL, and mathematics courses. Assessment criteria may use past performance measures like overall high school GPA, individual course-taking performance, and course-taking patterns to determine appropriate placement in English and mathematics courses. First-time college students are automatically placed into English and mathematics based on information they supply on the admissions application. English as a Second Language (ESL) uses the Guided Self-Placement Tool to assess which ESL or English class is best. New students and returning students who feel they would benefit from ESL language instruction will need to complete the [placement tool](#).

Students with English placement recommendations that include a support class with the transfer level course may petition to take the course without support. Students seeking this option must complete an [English Placement Challenge](#). Petitions take from one to five working days to process.

It is strongly recommended that students enroll in appropriate English composition and mathematics courses during their first or second semester of enrollment. Placement results are found under Academics > Testing > Test Summary in MyPortal. Students needing assistance with appropriate placement should contact the [Assessment and Placement office](#).

Guided Self-Placement

Per AB 705, students have the right to complete our locally developed process for self-placement in English, math, and English as a Second Language (ESL).

- For English Guided Self-Placement, students who do not place into ENGL-C1000 directly may opt-out of ENGL-91 by completing the [English Placement Challenge](#). You can opt out of this requirement with a simple form that is automatically approved. The form should take 2 - 3 minutes to complete. For further information visit the [Assessment](#) website.
- For math guided self-placement, students must visit with a counselor to discuss appropriate placement. In certain circumstances, some students will be referred to the math department chair for further assistance in self-placement.
- For English as a Second Language (ESL) guided self-placement, students who feel they would benefit from English language instruction may complete the [ESL Guided Self-Placement Tool](#) online.

Are You Exempt From Matriculation Pre-Enrollment Requirements?

The following Board approved criteria define exempt students at Riverside Community College District.

- Students who have completed 60 or more units or who have graduated from an accredited U.S. college or university with an Associate degree or higher.
- First-time college students who have declared one of the following goals:
 - Advance in current career/job
 - Maintain certificate/license
 - Personal development
 - Complete credits for high school diploma
- Students who are enrolled full-time at another institution (high school or college) and will be taking five units or fewer.

Other Assessments

Assessments for ESL, Spanish, reading for Nursing, and Chemistry are provided through the Assessment and Placement office. Contact information to schedule a test is found on the [Assessment & Orientation website](#). For further assistance, students can contact the Academic Counseling and Career Development Center via telephone at (951) 372-7101 or email Counseling@norcocollege.edu. Students who have a documented disability requiring a unique accommodation can take the test in the Disability Resource Center. To request this service, call: (951) 372-7070.

Students are required to present photo identification in order to test; a state or federal issued driver's license or ID is preferred, but passports and high school ID are also acceptable. In order to preserve a comfortable and quiet testing environment, only students taking the test can enter the testing room.

To maximize the likelihood of success, students should complete their transfer-level English composition and transfer-level mathematics courses during their first year of enrollment. Development of competent reading, writing skills, and analytical skills provide a foundation that increases students ability to be successful in other college courses.

Academic Counseling

Academic counseling is the third and final component of the matriculation process. Once students complete orientation, they are required to complete a counseling session with an Academic Counselor. The goal of this session is to help students explore their career and academic interests, set goals for their education, and work toward the development of an education plan to accomplish a course of study related to their goals. The counseling session will also provide the student with information regarding campus resources and programs. Students are encouraged to sign up for a counseling session online. New students

are encouraged to complete Guidance 45 (Introduction to College) during their first semester at RCCD.

Counseling for Continuing Students

Continuing matriculated students are entitled to see a counselor who can recommend appropriate coursework based on placement results, review of past school records, and other information provided by the students. Students who have attended other college(s) must request to have an official transcript(s) sent to Norco College before scheduling counseling appointments or requesting a Student Education Plan (SEP).

All students pursuing certificate or degree programs, either Associate or Baccalaureate, should see their counselor each semester to review and update their education plan.

Follow-Up

Counselors and teachers will provide follow-up activities on behalf of matriculated students. "Early Alert" follow-up activities are designed to inform students of their progress early in the semester and to continue to assist students in accomplishing their education goals. "Probation/dismissal" activities help students make progress toward successful completion of their academic goals. Referrals for appropriate support services will be made to on-campus and off-campus locations when appropriate.

Students Rights and Responsibilities

Any student who does not meet a prerequisite or corequisite, or who is not permitted to enroll due to a limitation on enrollment but who provides satisfactory evidence may seek entry into the course as follows:

1. If space is available in a course when a student files a challenge to the prerequisite or corequisite, the District shall reserve a seat for the student and resolve the challenge within five working days. If the challenge is upheld or the District fails to resolve the challenge within the five working-day period, the student shall be allowed to enroll in the course.
2. If no space is available in the course when a challenge is filed, the challenge shall be resolved prior to the beginning of registration for the next term and, if the challenge is upheld, the student shall be permitted to enroll if space is available when the student registers for that subsequent term.

Students wishing to utilize the challenge procedure must contact the Academic Counseling and Career Development Center and complete the required Matriculation Appeals Petition. Prerequisites and/or corequisites may be challenged based on the following criteria:

1. The prerequisite or corequisite has not been established in accordance with the District's process for establishing prerequisites and corequisites;
2. The prerequisite or corequisite is in violation of Title 5, Section 55003;
3. The prerequisite or corequisite is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner;
4. The student has the knowledge or ability to succeed in the course or program despite not meeting the prerequisite or corequisite;

5. The student will be subject to undue delay in attaining the goal of his or her educational plan because the prerequisite or corequisite course has not been made reasonably available or such other grounds for challenge as may be established by the Board.
6. The student seeks to enroll and has not been allowed to enroll due to a limitation on enrollment established for a course that involves intercollegiate competition or public performance, or one or more of the courses for which enrollment has been limited to a cohort of students;
7. The student seeks to enroll in a course that has a prerequisite established to protect health and safety, and the student demonstrates that he or she does not pose a threat to himself or herself or others.

The student has the obligation to provide satisfactory evidence that the challenge should be upheld. However, where facts essential to a determination of whether the student's challenge should be upheld are or ought to be in the District's own records, then the district has the obligation to produce that information.

Unofficial transcripts may be submitted one time only with the Matriculation Appeals Petition to temporarily validate a prerequisite. However, official transcripts must be received prior to registration for the next term for permanent validation. "Official" is defined as transcripts no more than 90 days old and in a sealed envelope from the original institution.

It is the student's responsibility to a) complete placement survey and orientation prior to registering for classes, b) express a broad educational intent upon admission, and c) declare a specific educational goal. The student is also responsible for participating in counseling, attending class, completing assignments and maintaining progress toward that educational goal.

Student Education Plan (SEP)

Counselors are available to assist all students in developing an educational plan that outlines the courses and services necessary to achieve their goals. When goals or majors are changed, students must see a counselor to update their education plan. Students who have attended other college(s) must request to have an official transcript(s) sent to Norco College before scheduling counseling appointments or requesting a Student Education Plan (SEP). To ensure this procedure, matriculated students are encouraged to make an appointment with a counselor. *Due to a high demand for counseling during the winter and summer sessions, it is highly recommended that continuing students see a counselor during the spring and fall semesters to complete a Student Educational Plan.*

A student's college program will be more effective when the student has defined clear education and career goals, which may include a desire to broaden knowledge as a foundation for upper-division college work or to develop marketable occupational skills. Students who are undecided about their future goals should meet with an Academic Counselor for assistance with career decision-making and academic planning.

Fees

Health Fee

All students are required to pay a health services fee. Students who rely on faith healing, or who are enrolled in an approved apprenticeship program, may be eligible for a waiver of this fee. To request a waiver, submit a Health Services Fee Waiver Request form and supporting documentation to the Health Services office. Forms are available from the Health Services office.

Parking

Parking permits may be requested through MyPortal and may be paid online or in person at the Cashier's office. Student permit enforcement of student parking spaces is suspended the first two weeks of the fall and spring semesters and the first week of the summer session.

Transportation Fee and Bus Rides

Through a partnership with Riverside Transit Agency (RTA), RCCD students who are enrolled in at least one unit and pay the current semester transportation fee (\$5) can ride RTA fixed-route buses at no additional cost. To ride, students should download the free RTA GoMobile app and use it to access their RTA bus pass, which can be used on any RTA route, any day and time buses operate. For additional information, please visit the [Riverside Transit Agency](#) website or call RTA at (951) 565-5002 or visit Admissions and Records. All fees are subject to change based on state law and Riverside Community College District Board action.

Wilfred J. Airey Library Fees

Overdue and Replacement Fees

- If an item is not returned within its designated checkout period, a bill will automatically be issued that includes both overdue fines and the replacement cost of the item.
- If the overdue item is later returned undamaged and in good condition, all related fines and fees will be removed from the student's account.
- To pay for a replacement item(s), go to the Circulation Desk in the Library to obtain the final replacement bill. This bill will need to be paid in full at the Cashier's Office (cash and card accepted).
- Once the bill is paid in full, return to the Library with the receipt to have your account cleared.
- No refunds will be given once an item has been paid for at the Cashier's Office.
- Overdue and replacement fines must be handled at the respective college.
- Overdue fines accrue only on days when the library is open.
- Overdue charges will be waived once items are returned.

Community Borrowers

Community members may obtain borrowing privileges by paying a \$5 activation fee per academic session.

Refunds

RCCD provides refunds of enrollment fees in accordance with California law and district policy. Students who officially drop or withdraw from a class by the published refund deadline, which

is generally during the first two weeks of instruction for a full-term (16-week) course or before 10% of the length of a short-term course, are eligible for a refund of enrollment fees. Refund deadlines for each class are listed in MyPortal. No refund is available for drops or withdrawals after the refund deadline unless the change is the result of the college canceling or the student being dropped by the college for not meeting a prerequisite.

Financial Obligations and Holds

Students or former students who have unpaid financial obligations to the District may have diplomas and registration privileges withheld until those obligations are satisfied, consistent with Title 5, section 59410. The District will not withhold grades or transcripts as a debt-collection practice, in accordance with California law.

Military and Veteran Students and Family Members

RCCD exempts students from non-resident tuition who are members of the armed forces of the United States stationed in this state on active duty, except those assigned to California for educational purposes. A student who is a natural or adopted child, stepchild, or spouse who is a dependent of a member of the armed forces is also exempt from non-resident tuition. Norco College adheres to the [Veterans Access, Choice and Accountability Act](#) and [Section 702 of the Veterans Choice Act](#).

Dependents of certain Veterans are exempt from paying enrollment fees. (1) Any dependent eligible to receive assistance under Article 2 of Chapter 4 of Division 4 of the Military and Veterans Code. (2) Any child of any Veteran of the US military who has a service-connected disability, has been killed in service, or has died of a service-connected disability, where the Department of Veterans Affairs determines the child eligible. (3) Any dependent, or surviving spouse who has not remarried, of any member of the CA National Guard who, in the line of duty, and while in the active service of the state, was killed, died of a disability resulting from an event while in active service of the state, or is permanently disabled as a result of an event that occurred while in the active service of the state. (4) Any undergraduate student who is a recipient of a Congressional Medal of Honor and who is under 27 years old, provided his/her income, including parental support, does not exceed the national poverty level and the parental recipient of the Medal of Honor was a CA resident at the time of his or her death. Students who feel they are eligible for a fee exemption should contact the Department of Veterans Affairs for more information.

Military and Veteran Student and Family Member Educational Access

(Veterans Benefits and Transition Act of 2019)

Military and veteran students and family members who provide a certificate of eligibility or valid VAF 28-1905 and who intend to utilize educational benefits provided by the Servicemen's Readjustment Act of 1944 (G.I. Bill) or the Veterans Readiness and Employment (CH:31) (VR&E) benefits, and who meet prerequisite and enrollment requirements, may enroll in RCCD courses and programs according to established matriculation and registration criteria. In cases where payment to RCCD is delayed from the Veterans' Administration students will maintain access to college and district facilities, and will not be assessed late fees or penalties, nor be dropped from courses, or required to borrow additional funds to pay course or college fees.

Student Information

Academic Appeals by Students

When a student takes issue with an instructional decision/academic matter or an application of a stated policy, the student should first discuss this matter with the faculty member who made the decision or applied the policy. If the matter cannot be resolved through this initial discussion, the student has the right to appeal the decision or application through regular college channels. See [Administrative Policy 3500\[B\]](#) or the Student Grievance Process for Instruction and Grade-Related Matters in the catalog for details.

In non-academic matters, the appeal procedure is comparable but is made through the appropriate student personnel administrator to the Dean of Student Services, Vice President of Student Services, and then to the President. The final appeal a student can make is to the Board of Trustees.

Information on students' rights and responsibilities, expected standards of conduct, disciplinary action, and the student grievance procedure for disciplinary and matters other than disciplinary can be found in the Student Conduct section of the catalog, [Board Policy 3500](#), and [Administrative Procedure 3500\[A\]](#).

Academic Honesty

Academic honesty and integrity are core values of the Norco College. Students are expected to perform their work independently (except when collaboration is expressly permitted by the course instructor). Believing in and maintaining a climate of honesty is integral to ensuring fair grading for all students. Acts of academic dishonesty entail plagiarizing - using another's words, ideas, data, or product without appropriate acknowledgment - and cheating - the intentional use of or attempted use of unauthorized material, information, or study aids on any academic exercise. Students who violate the standards of student conduct will be subject to disciplinary action as stated in the Standards of Student Conduct and Discipline Procedures section in the catalog. Is posted [online](#). Faculty, students, and administrators all share the responsibility to maintain an environment that practices academic integrity.

Academic Renewal

Academic renewal allows a student who experienced academic difficulties during earlier attendance to have grades for a particular period of time excluded from the calculation of the RCCD grade point average. All courses and grades remain on the student's permanent academic record. Petition forms are available on the [Admissions & Records website](#) under "Services & Forms". The policies are as follows:

A student may be granted academic renewal only once.

1. A student may request academic renewal for not more than 24 units that are not reflective of a student's present ability and level of performance.
2. At least 12 months and 18 units of college work with a grade point average of 2.0 must have been completed at any accredited college or university subsequent to the term(s) to

be disregarded in calculating the GPA obtained at RCCD. If using coursework from another college or university, an official transcript is required.

3. If and when the petition is granted, the student's permanent record will be annotated so that it is evident the units for substandard work, taken during the terms to be renewed will not be calculated into the GPA and will not apply towards graduation or other unit commitments. However, all work will remain on the permanent record to ensure a true and complete academic history. **Academic Renewal does not change Financial Aid satisfactory academic progress (SAP) standards or policies.
4. A student may be granted academic renewal only once. (Basic Skills Grade Alleviation does not count against the one time.)
5. A student may repeat work taken during academic renewal terms only if such repetition is necessary to allow normal progression toward an acceptable educational objective.
6. Basic Skills Grade Alleviation. A student can seek grade alleviation without course repetition for courses no longer offered when substandard work occurred in a basic skills English, Math, or ESL course that is part of a basic skills sequence leading to transfer level English or math. Once a student has successfully passed the transfer level course, regardless of the overall academic record since the term in which the D, F, FW, NP, or NC was earned, the student qualifies for Basic Skills Grade Alleviation.

Academic renewal procedures shall not conflict with the District's obligation to retain and destroy records or with the instructor's ability to determine a student's final grade.

The Arts

Art

The visual arts at Norco College play a significant role in students' lives. Classes in painting, drawing, figure drawing, design, art history, computer/digital/gaming art, and illustration give students access to outstanding studio facilities and faculty. Our industry-recognized faculty are here to facilitate creation and further student opportunities in many areas of art. The Norco College Art Gallery is located on the first floor of the Science and Technology Building. It is an exceptional facility, displaying both traditional and digital works. Regularly scheduled exhibitions feature student work as well as the works of regionally and nationally renowned artists, providing a variety of culturally diverse art to the college and surrounding community.

Music

Norco College offers a variety of musical and performance opportunities for students. At the core of the music program is the Norco Choir. The Norco Choir represents the College at major events including convocation, graduation, and community outreach. Music@Norco also offers opportunities in commercial music performance. Students can take music classes in performance which will lead to recording and other opportunities. Also offered are courses in piano, guitar, music theory, and music business. Students are encouraged to make music activities a significant and memorable part of college life.

Athletics

Norco College as part of Riverside Community College District maintains a program of intercollegiate athletics as a member of the Inland Empire Athletic Conference in the following sports:

- Men: Cross Country
- Men: Soccer
- Women: Cross Country
- Women: Soccer

Please visit the [NC Athletic website](#). Questions about athletic eligibility should be directed to the Athletic Director in the Office of Student Life.

Clery Act

The RCCD publishes an annual Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Report (Annual Clery Report) that includes important information about safety, and security policies implemented to protect the welfare of the RCCD community, along with including three (3) years' of crime and statistics for the main college campuses, District offices and other locations. This report has been prepared in accordance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998 ("Clery Act"), 20 U.S.C. § 1092(f), Title 34 U.S. Code of Federal Regulations Section 668.46, and the California Education Code, Sections 67380-67385. Clery Reports can be found [here](#).

Discipline

Norco College promotes learning, positive social interactions, and support services for members of our college community. All members share a responsibility to maintain a respectful and collegial environment at Norco College. Disruptive, obscene, or vulgar behavior (including the use of profanity) has no place in an academic or work setting as it violates the rights of others. Disruptive behavior is subject to disciplinary action (refer to Standards of Student Conduct and Student Discipline Procedures sections in the catalog). Norco College has zero tolerance for harassing or discriminatory behavior.

Health Services

Student Health and Psychological Services offers free or low-cost medical services, which is covered by health service fees. Medical services are provided by our caring medical team. Services are individualized to meet students' unique needs.

Our physician and nursing staff are available to provide first aid/emergency care; basic hearing/vision screenings; in-house blood sugar testing and pregnancy testing; over-the-counter medications; preventative health screenings; and assist students with general health-related concerns. For complex cases, we offer referrals to outside health agencies in the community.

Our caring mental health counselors work with students to overcome various challenges in their lives, including adjustment to college life, family conflict, relationship issues, stress, anxiety, depression, addiction, sexual assault, harassment, and more.

Here are a few things to know:

- Mental health counseling sessions are available in person and via telehealth.
- All appointments and records are confidential.
- Cancellations should include 24-hour notice.

We are here to serve you! All medical records and discussions with our staff are strictly confidential. For more information, call (951) 372-7046 or visit Student Health Services in the lower library level of Wilfred J. Airey Library building.

Lactation Pods

At Norco College, we've been dedicated to supporting our breastfeeding mothers with our on-the-go lactation pod since the Spring of 2019! This Mamava pod offers lactating moms a clean, private, and comfortable space. You can find it conveniently located on the first floor of the Library. The pod is available on a first-come, first-served basis and is exclusively for our breastfeeding faculty, staff, and students. We're here to help you balance your educational journey with your parenting needs!

Posting Policy

If you would like to post a flyer on campus, bring a copy to the Associated Students of Norco College office, Room 201 in the Center for Student Success (CSS) or email it to studentactivities@norcocollege.edu and it will be displayed at the college.

Posting Policy: Materials may be posted on bulletin boards and other authorized areas for a ten day period by the Office of Student Life/Student Activities Office of each college or program location to prevent litter and overcrowding. The approval process is content neutral and only ensures that the literature will not be removed before the ten working day posting period expires. Only ten quarter-sheet flyers and two posters may be approved. No materials should be posted on glass, windows, mirrors, doors, buildings, trees, wood, plaster interior, or exterior walls.

College Hour & CAP Hour

Norco College is committed to a strong co-curricular program that is intended to complement instructional programs by offering a broader educational experience providing two "activity hours" per week: Tuesday/Thursday 12:50 pm to 1:50 pm. During College Hour, an extensive program of activities (e.g. lectures, films, speakers) is provided by the ASNC in collaboration with the Inter Club Council. College Hour on the first Thursday of each month is designated as Career and Academic Pathways (CAP) Hour. A master calendar of these events is maintained on our [website](#).

Smoking Policy

Smoking of any form of tobacco or non-tobacco products, including e-cigarettes and vapor devices, is prohibited on District grounds, in all District vehicles, at any activity or athletic event, and on all property owned, leased, or rented by or from the District. Refer to board policy: [BP 5870 Smoking on Campus](#).

Standards of Student Conduct

References: [BP 3500](#)

Ed Code Section 66300, 66301, 76033;

ACCJC Accreditation Standards 1.C.8 and 10 (formerly II.A.7.b)

Health and Safety Code Section 11362.79

34 C.F.R. Part 86, et seq.

The Chancellor shall establish procedures for the imposition of discipline on students in accordance with the requirements for due process of the federal and state law and regulations.

The procedures shall clearly define the conduct that is subject to discipline, and shall identify potential disciplinary actions, including but not limited to the removal, suspension, or expulsion of a student.

The Board of Trustees shall consider any recommendation from the Chancellor for expulsion. The Board of Trustees shall consider an expulsion recommendation in closed session unless the student requests that the matter be considered in a public meeting. Final action by the Board of Trustees on the expulsion shall be taken at a public meeting.

The procedures shall be made widely available to students through the college catalog(s) and other means.

The following conduct shall constitute good cause for discipline, including but not limited to the removal, suspension or expulsion of a student.

1. Causing, attempting to cause, implying, or threatening to cause harm to another person whether or not the threat is in writing, by electronic means (including social media) or in person. Harm is defined as, but not limited to, physical harm, harm to profession (defamation) or psychological harm.

Threats of any kind directed at anyone on District property or one of its approved educational sites will not be tolerated. District police shall be called by the receiver of the threat or anyone on behalf of the receiver.

2. Possessing, selling or otherwise furnishing any firearm, knife, explosive or other dangerous object, including but not limited to any facsimile firearm, knife, explosive or other dangerous object, including but not limited to any facsimile firearm, knife or explosive, unless, in the case of possession of any object of this type, the student has obtained written permission to possess the item from a District employee, which is concurred by the Chancellor.
3. Possessing, using, selling, offering to sell, or furnishing, or being under the influence of, any controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the California Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind;

or unlawful possession of, or offering, arranging or negotiating the sale of any drug paraphernalia, as defined in California Health and Safety Code Section 11014.5. It is also unlawful under federal law, to possess, use, sell, offer to sell, furnish, or be under the influence of, any controlled substance, including medical marijuana.

4. Committing or attempting to commit robbery, bribery, or extortion.
5. Causing or attempting to cause damage to District property or to private property on campus.
6. Stealing or attempting to steal District property or private property on campus, or knowingly receiving stolen District property or private property on campus.
7. Willfully or persistently smoking, including e-cigarettes and vapor devices in any area where smoking has been prohibited by law or by policy or procedure of the District.
8. Committing sexual harassment as defined by law or by District policies and procedures.
9. Engaging in harassing or discriminatory behavior toward an individual or group based on ethnic group identification, national origin, religion, age, gender, gender identity, gender expression, race or ethnicity, color, ancestry, genetic information, sexual orientation, physical or mental disability, pregnancy, military and veteran status, or any characteristic listed or defined in Section 11135 of the Government Code or any characteristic that is contained in the prohibition of hate crimes set forth in subdivision (1) of section 422.6 of the Penal Code, or any other status protected by law.
10. Engaging in negligent and/or willful misconduct which results in injury or death to a student or to District personnel or which results in cutting, defacing, or other injury to any real or personal property owned by the District or on campus.
11. Engaging in disruptive behavior, willful disobedience, habitual profanity or vulgarity, or the open and persistent defiance of the authority of, or persistent abuse of, District personnel.
12. Engaging in dishonesty. Forms of Dishonesty include, but are not limited to:
 1. Plagiarism, defined as presenting another person's language (spoken or written), ideas, artistic works or thoughts, as if they were one's own;
 2. Cheating, defined as the use of information not authorized by the Instructor for the purpose of obtaining a grade. Examples include, but are not limited to, notes, recordings, internet resources and other students' work;
 3. Furnishing false information to the District for purposes such as admission, enrollment, financial assistance, athletic eligibility, transfer, or alteration of official documents;
 4. Forging, altering or misusing District or College documents, keys (including electronic key cards), or other identification instruments.
 5. Attempting to bribe, threaten or extort a faculty member or other employee for a better grade;
 6. Buying or selling authorization codes for course registration.
13. Entering or using District facilities without authorization.
14. Engaging in lewd, indecent or obscene conduct on District-owned or controlled property, or at District-sponsored or supervised functions.

15. Engaging in expression which is obscene; libelous or slanderous; or which so incites students as to create a clear and present danger of the commission of unlawful acts on college premises, or the violation of lawful District administrative procedures, or the substantial disruption of the orderly operation of the District.
16. Engaging in persistent, serious misconduct where other means of correction have failed to bring about proper conduct.
17. Preparing, giving, selling, transferring, distributing, or publishing, for any commercial purpose, of any contemporaneous recording of an academic presentation in a classroom or equivalent site of instruction, including but not limited to handwritten or typewritten class notes, except as permitted by any District policy or administrative procedure without authorization.
18. Using, possessing, distributing or being under the influence of alcoholic beverages, controlled substance(s), or poison(s) classified as such by Schedule D, Section 4160 of the Business and Professions Code, while at any District location, any District off-site class, or during any District sponsored activity, trip or competition.
 1. In accordance with Section 67385.7 of the Education Code and in an effort to encourage victims to report assaults, the following exception will be made: The victim of a sexual assault will not be disciplined for the use, possession, or being under the influence of alcoholic beverages or controlled substances at the time of the incident if the assault occurred on District property or during any of the aforementioned District activities.
19. Violating the District's Computer and Network Use Policy and Procedure No. 2720 in regard to their use of any, or all, of the District's Information Technology resources.
20. Using electronic recording or any other communications devices (such as MP3 players, cell phones, pagers, recording devices, etc.) in the classroom without the permission of the instructor.
21. Eating (except for food that may be necessary for a verifiable medical condition) or drinking (except for water) in classrooms.
22. Gambling, of any type, on District property.
23. Bringing pets (with the exception of service animals) on District property.
24. Distributing printed materials without the prior approval of the Student Activities Office. Flyers or any other literature may not be placed on vehicles parked on District property.
25. Riding/using bicycles, motorcycles, or motorized vehicles (except for authorized police bicycles or motorized vehicles) outside of paved streets or thoroughfares normally used for vehicular traffic.
26. Riding/using any and all types of skates, skateboards, scooters, or other such conveyances is prohibited on District property, without prior approval.
27. Attending classrooms or laboratories (except for those individuals who are providing accommodations to students with disabilities) when not officially enrolled in the class or laboratories and without the approval of the faculty member.

28. Engaging in intimidating conduct or bullying against another person through words or actions, including direct physical contact; verbal assaults, such as teasing or name-calling; social isolation or manipulation; doxing and cyberbullying.
29. Abuse of process, defined as the submission of malicious or frivolous complaints.
30. Violating any District Board Policy or Administrative Procedure not mentioned above.

Responsibility

1. The Chancellor is responsible for establishing appropriate procedures for the administration of disciplinary actions. In this regard, please refer to [Administrative Procedure 3500\[A\]](#), which deal with matters of student discipline and student grievance.
2. The Vice President of Student Services of each College will be responsible for the overall implementation of the procedures which are specifically related to all nonacademic, student-related matters contained in [Administrative Procedure 3500\[A\]](#).
3. The Vice President of Academic Affairs of each College will be responsible for the overall implementation of the procedures which are specifically related to class activities or academic matters contained in [Administrative Procedure 3500\[B\]](#).
4. For matters involving the prohibition of discrimination and harassment, the concern should be referred to the District's Diversity, Equity and Compliance Office.
5. The definitions of cheating and plagiarism and the penalties for violating standards of student conduct pertaining to cheating and plagiarism will be included in all schedules of classes, the college catalog, the student handbook, and the faculty handbook all of which are produced and posted to the college websites. Faculty members are encouraged to include the definitions and penalties in their course syllabi.

Student Discipline Procedures

References: [AP 3500\[A\]](#)

Education Code Sections 66017, 66300, 72112, 76030 and 76032

1. General Provisions

The purpose of this procedure is to provide a prompt and equitable means to address violations of the Standards of Student Conduct, which guarantees to the student or students involved the due process rights guaranteed them by state and federal constitutional protections. This procedure will be used in a fair and equitable manner, and not for purposes of retaliation. It is not intended to substitute for criminal or civil proceedings that may be initiated by other agencies.

These Administrative Procedures are specifically not intended to infringe in any way on the rights of students to engage in free expression as protected by the state and federal constitutions, and by Education Code Section 76120 and will not be used to punish expression that is protected.

2. Definitions

District - The Riverside Community College District.

Student - Any person currently enrolled as a student at any college or in any program offered by the District.

Instructor - Any academic employee of the District in whose class a student subject to discipline is enrolled, or counselor who is providing or has provided services to the student, or other academic employee who has responsibility for the student's educational program.

Short-term Suspension - Exclusion of the student by the Vice President of Student Services or designee for good cause from one or more classes for a period of up to ten consecutive days of instruction.

Long-term Suspension - Exclusion of the student by the Vice President of Student Services or designee for good cause from one or more classes for the remainder of the school term, or from all classes and activities of the college for one or more terms.

Expulsion - Exclusion of the student by the Board of Trustees from all colleges in the District for one or more terms.

Removal from class - Exclusion of the student by an instructor for the day of the removal and the next class meeting.

Loss of privileges - Loss of privileges denies, for a designated period of time, a student's attendance on District property to specified activities (library privileges, football games, club activities, or other non-instructional activities) and will be delineated in a written notification to the student.

Restitution - This is financial reimbursement to the District for damage or misappropriation of property. Reimbursement may also take the form of appropriate service to repair or otherwise compensate for damage.

Written or verbal reprimand - An admonition to the student to cease and desist from conduct determined to violate the Standards of Student Conduct. Written reprimands may become part of a student's permanent record at the District. A record of the fact that a verbal reprimand has been given may become part of a student's record at the District for a period of up to one year.

Withdrawal of Consent to Remain on Campus - Withdrawal of consent by the President or designee for any person to remain on campus in accordance with California Penal Code Section 626.4 where the President or designee has reasonable cause to believe that such person has willfully disrupted the orderly operation of the campus.

Day - Days during which the District is in session and regular classes are held, excluding Saturdays and Sundays.

3. Academic Dishonesty

In cases of academic dishonesty by a student, a faculty member may take any one of the following actions:

1. The faculty member may:
 1. Reduce the score on test(s) or assignment(s) according to the weight of the test or assignment;
 2. Reduce the grade in the course if the weight of the test or assignment warrants grade reduction; or,
 3. Fails the student in the course if the weight of the test or assignment warrants course failure.

The faculty member may recommend to a College Dean of Instruction that the student be suspended from the course. If the course suspension is recommended, the Dean of Instruction will review the information regarding the charge of academic dishonesty, notify the student, consult with the faculty member regarding the recommendation for suspension and turn the matter over to the Vice President of Student Services who will take appropriate action.

4. Actions That May be Taken Prior to Suspension or Expulsion

The following actions may be taken by appropriate personnel prior to considering suspension or expulsion:

1. Removal from Class (Education Code Section 76032) - Any instructor may order a student removed from his or her class for the day of the removal and the next class meeting. The instructor shall immediately report the removal to the appropriate Department Chairperson and/or the Dean of Instruction, who will in turn notify the Dean of Student Services or designee. The Dean of Student Services or designee shall arrange for a conference between the student and the instructor regarding the removal. If the instructor or the student requests it, the Dean of Student Services or designee shall attend the conference. The student shall not be returned to the class during the period of the removal without the concurrence of the instructor. Nothing herein will prevent the Dean of Student Services or designee from recommending further disciplinary action in accordance with these procedures based on the facts which led to the removal.
2. Immediate Interim Suspension (Education Code Section 66017) - The President or designee may order immediate suspension of a student where he or she concludes that immediate suspension is required to protect lives or property and to ensure the maintenance of order. In cases where an interim suspension has been ordered, the time limits contained in these procedures shall not apply, and all hearing rights, including the right to a formal hearing where a long-term suspension or expulsion is recommended, will be afforded to the student within ten (10) days.
3. Withdrawal of Consent to Remain on Campus - The President or designee may notify any person for whom there is a reasonable belief that the person has willfully disrupted the orderly operation of the campus that consent to remain on campus has been

withdrawn. If the person is on campus at the time, he or she must promptly leave or be escorted off campus. If consent is withdrawn by the President or designee, a written report must be promptly made to the Chancellor.

The person from whom consent has been withdrawn may submit a written request for a hearing on the withdrawal within the period of the withdrawal. The request shall be granted not later than seven (7) days from the date of receipt of the request. The hearing will be conducted in accordance with the provisions of this procedure relating to interim suspensions.

In no case shall consent be withdrawn for longer than 14 days from the date upon which consent was initially withdrawn.

Any person for whom consent to remain on campus has been withdrawn who knowingly reenters the campus during the period in which consent has been withdrawn, except to come for a meeting or hearing, is subject to arrest. (Penal Code Section 626.4).

5. Process Preceding Suspensions or Expulsions

Before any disciplinary action to suspend or expel is taken against a student, the following procedures will apply:

1. Notice - The Vice President of Student Services or designee will provide the student with notice of the conduct warranting the discipline.
2. Time limits- the notice must be provided to the student within five (5) days of the date on which the conduct becomes known to the Vice President of Student Services or designee; in the case of continuous, repeated or ongoing conduct, the notice must be provided within five (5) days on which the conduct becomes known to the Vice President of Student Services or designee.
3. Meeting - Unless otherwise agreed upon, the student must meet with the Vice President of Student Services or designee within five (5) days after the notice is provided. During the meeting, the student will be given the following:
 - the facts leading to, and in support of, the accusation
 - the specific section of the Standards of Student Conduct that the student is accused of violating
 - the nature of the discipline that is being considered
 - an opportunity to respond verbally or in writing to the accusation

4. Potential Disciplinary Actions

1. Short-term Suspension - Within five (5) days after the meeting described above, the Vice President of Student Services or designee shall decide whether to impose a short-term suspension, whether to impose some lesser disciplinary action, or whether to end the matter. Written notice of the Vice President's or designee's decision shall be provided to the student. The notice will include the length of time

of the suspension, or the nature of the lesser disciplinary action. The Vice President's or designee's decision on a short-term suspension shall be final.

2. Long-term Suspension - Within five (5) days after the meeting described above, the Vice President of Student Services or designee shall decide whether to impose a long-term suspension. Written notice of the Vice President's or designee's decision shall be provided to the student. The notice will include the right of the student to request a formal hearing before a long-term suspension is imposed, and a copy of this policy describing the procedures for a hearing.
3. Expulsion - Within five (5) days after the meeting described above, the Vice President of Student Services or designee shall decide whether to recommend expulsion to the Chancellor. Written notice of the Vice President's or designee's decision shall be provided to the student. The notice will include the right of the student to request a formal hearing before expulsion is imposed, and a copy of this policy describing the procedures for a hearing.

6. Hearing Procedures

1. Request for Hearing - Within five (5) days after receipt of the President's or designee's decision regarding a long-term suspension, the student may request a formal hearing. The request must be made in writing to the President's or designee's.
2. Schedule of Hearing - The formal hearing shall be held within ten (10) days (excluding weekends and holidays) after a formal request for hearing is received.
3. Hearing Panel - The hearing panel for any disciplinary action shall be composed of one administrator, one faculty member and one student.

The President of the Academic Senate shall, at the beginning of the academic year, establish a list of at least five faculty who will serve on student disciplinary hearing panels. At the time that a hearing is requested, the President will notify the Associated Students President who will provide the name of a student to serve on the panel. This name shall be provided within 48 hours. The President or designee shall appoint the hearing panel from the names on these lists. However, no administrator, faculty member or student who has any personal involvement in the matter to be decided, who is a necessary witness, or who could not otherwise act in a neutral manner shall serve on a hearing panel.

4. Hearing Panel Chair -The President or designee shall appoint one member of the panel to serve as the chair. The decision of the hearing panel chair shall be final on all matters relating to the conduct of the hearing unless there is a vote by both other members of the panel to the contrary.
5. Conduct of the Hearing - The hearing will comply with principles of due process, including the right to confront and cross examine witnesses. The following procedure will be followed.
 1. The members of the hearing panel shall be provided with a copy of the accusation against the student and any written response provided by the student before the hearing begins.

2. The facts supporting the accusation shall be presented by the administrator who issued the disciplinary action.
3. The administrator and the student may call witnesses and introduce oral and written testimony relevant to the issues of the matter.
4. Formal rules of evidence shall not apply. Any relevant evidence shall be admitted.
5. Unless the hearing panel determines to proceed otherwise, the administrator and student shall each be permitted to make an opening statement. Thereafter, the administrator shall make the first presentation, followed by the student. The administrator may present rebuttal evidence after the student completes his or her evidence. The burden shall be on the administrator to prove by a preponderance of the evidence that the facts alleged are true.
6. The student may represent himself or herself, and may also have the right to be represented by a person of his or her choice, except that the student shall not be represented by an attorney unless, in the judgment of the hearing panel, complex legal issues are involved. In that case, and if the student wishes to be represented by an attorney, a request must be presented not less than five (5) days prior to the date of the hearing. If the student is permitted to be represented by an attorney, the administrator may request legal assistance. The hearing panel may also request legal assistance; any legal advisor provided to the panel may sit with it in an advisory capacity to provide legal counsel but shall not be a member of the panel nor vote with it.
7. Hearings shall be closed and confidential unless the student requests that it be open to the public. Any such request must be made no less than five (5) days prior to the date of the hearing.
8. In a closed hearing, witnesses shall not be present at the hearing when not testifying, unless all parties and the panel agree to the contrary.
9. The hearing shall be electronically recorded by the District, and shall be the only recording made. No witness who refuses to be recorded may be permitted to give testimony. In the event the recording is by tape recording, the hearing panel chair shall, at the beginning of the hearing, ask each person present to identify themselves by name, and thereafter shall ask witnesses to identify themselves by name. Tape recording shall remain in the custody of the District at all times, unless released to a professional transcribing service. The student may request a copy of the tape recording.
10. All testimony shall be taken under oath; the oath shall be administered by the hearing panel chair. Written statements of witnesses under penalty of perjury shall not be used unless the witness is unavailable to testify. A witness who refuses to be tape recorded is not unavailable.
11. Within five (5) days following the close of the hearing, the hearing panel shall prepare and send to the President, a written decision. The decision shall include specific factual findings regarding the accusation, and shall include specific conclusions regarding whether any specific section of the Standards of Student Conduct were violated. The decision shall also include a specific recommendation

regarding the disciplinary action to be imposed, if any. The decision shall be based only on the record of the hearing, and not on matter outside of that record. The record consists of the original accusation, the written response, if any, of the student, and the oral and written evidence produced at the hearing.

7. President's Decision

Upon receipt of the Hearing Panel's decision, the President of the College will consider the decision of the Panel.

1. Long-term suspension - Within five (5) days following receipt of the hearing panel's recommended decision, the President shall render a final written decision. The President may accept, modify or reject the findings, decisions and recommendations of the hearing panel. If the President modifies or rejects the hearing panel's decision, the President shall review the record of the hearing, and shall prepare a new written decision which contains specific factual findings and conclusions. The decision of the President shall be final.
2. Expulsion - Within five (5) days following receipt of the hearing panel's recommended decision, the President shall render a written decision. The President may accept, modify or reject the findings, decisions and recommendations of the hearing panel. If the President modifies or rejects the hearing panel's decision, the President shall review the record of the hearing, and shall prepare a new written decision which contains specific factual findings and conclusions. The President will forward his or her decision to the Chancellor with a copy to the hearing panel.

8. Chancellor's Decision

The Chancellor will review any recommended expulsions. Within five (5) days following receipt of the President's recommended decision, the Chancellor shall render a written recommendation decision to the Board of Trustees. The Chancellor may accept, modify or reject the findings, decisions and recommendations of the President. If the Chancellor modifies or rejects the President's decision, he or she shall review the record of the hearing, and shall prepare a new written decision which contains specific factual findings and conclusions. The Chancellor's decision shall be forwarded to the Board of Trustees, with a copy to the President.

9. Board of Trustees Decision

The Board of Trustees shall consider any recommendation from the Chancellor for expulsion at the next regularly scheduled meeting of the Board after receipt of the recommended decision.

The student shall be notified in writing, by registered or certified mail or by personal service, at least three days prior to the meeting, of the date, time, and place of the Board's meeting.

Even if a student has requested that the Board of Trustees consider an expulsion recommendation in a public meeting, the Board of Trustees will hold any discussion that might be in conflict with the right to privacy of any student other than the student requesting the public meeting in closed session.

The Board of Trustees may accept, modify or reject the findings, decisions and recommendations of the Chancellor and/or the hearing panel. If the Board of Trustees modifies or rejects the decision, the Board shall review the record of the hearing, and shall prepare a new written decision which contains specific factual findings and conclusions. The decision of the Board of Trustees shall be final.

The final action of the Board of Trustees on the expulsion shall be taken at a public meeting, and the result of the action shall be a public record of the District.

Any times specified in these procedures may be shortened or lengthened if there is mutual concurrence by all parties.

(This is the policy and/or procedure at the time of printing. Policies and procedures are continually being updated. To be sure you have the most recent language, please check the latest [online version](#).)

Student Grievance Process for Instruction and Grade Related Matters

References: [AP 3500\[B\]](#)

Education Code Section 76224

Title 5 Section 55024

1. General Provisions

1. Purpose: The purpose of the Student Grievance Procedure is to provide a means by which a student may pursue a complaint for an alleged violation of college or district policy concerning instruction or to appeal a grade. However, complaints regarding discrimination, harassment or retaliation are to be handled in accordance with Interim AP 6435 Discrimination and Harassment Complaints and Investigations.
2. Scope: Student grievances for matters other than for discipline such as, but not limited to, grade challenges and academic or program issues, will be processed in the following manner. Please note: Per Education Code 76224, the instructor's grade is final except in cases of mistake, fraud, bad faith, or incompetency.

A grievable action is an action that is in violation of a written college or district policy or procedure, or an established practice. The basis of the grievance is that an action constitutes arbitrary, capricious, or unequal application of a written college or district policy or procedure or an established practice.

3. Confidentiality: To protect to the maximum extent possible, the privacy of individuals who in good faith file legitimate grievances, these procedures will be considered confidential throughout initial consultation, preliminary and final review, and appeal, unless required to be disclosed pursuant to a court order or state or federal law. Confidentiality will also be afforded the respondent to avoid unwarranted damage to reputation. Breach of confidentiality by any party to the grievance is considered unethical conduct and may be subject to disciplinary action. However, those involved in the hearing process may seek consultation and/or guidance from the District's General Counsel, or academic or student services administrators.

There may be cases where disclosure of part or all of the proceedings and final outcome must be considered to provide a remedy to the student, to correct

misperceptions of the reputations of parties to the grievance, or for the best interests of the institution. In these cases, if, and only if, deemed appropriate by majority vote of the grievance committee in concurrence by the President, public disclosure will be directed through the President's office.

4. Protections for complainants: Any student has the right to seek redress under these procedures and to cooperate in an investigation or otherwise participate in these procedures without intimidation, threat of retaliation or retaliatory behavior. Any such behavior, verbal or written, in response to participation in the grievance process is prohibited and may be regarded as a basis for disciplinary action.
5. Abuse of process: A student must proceed with a complaint in good faith. Abuse of process, malicious complaints or frivolous complaints may be grounds for disciplinary action.

2. Definitions

1. District - The Riverside Community College District
2. Student - Any person currently enrolled as a student at any college or in any program offered by the District.
3. Instructor - Any academic employee of the District in whose class a student is enrolled, or a counselor who is providing, or has provided, services to the student, or other academic employee who has responsibility for the student's educational program.
4. Day - Days during which the District is in session and regular classes are held, excluding weekends and holidays.
5. Time Limits - Any time specified in the above procedures may be shortened or lengthened if there is mutual agreement by all parties.

3. Informal Consultation Process

A student has 120 calendar days from the date of the incident giving rise to the grievance to initiate the informal consultation process, except in the case of a grade change. The time limit to initiate a change is one (1) year from the end of the term in which the grade in question was recorded. For further information on grade changes, see [Board Policy/Administrative Procedure 2231](#).

1. A student will be encouraged to contact the faculty member and attempt, in good faith, to resolve the concern through the consultative process.
2. If consultation with the faculty member does not resolve the issue, the student may request a consultation with the department chair, assistant chair, or designee. The faculty member will be notified of the outcome of the meeting, by the party who meets with the student.
3. If the issue is not resolved with the department chair, assistant chair, or designee, the student may file a written Request for Consultation with the appropriate Dean. Forms will be available from the office of the appropriate Dean or Vice President. The Dean will convey a decision to all affected parties, as well as note that decision on the form.

4. Grievance Process and Formal Hearing

If the issue is not resolved through informal consultation, the student may file a written grievance requesting a formal hearing within thirty (30) calendar days of the informal consultation with the Dean. The written request should contain a statement detailing the grievance to be resolved, and the action or remedy requested. The student will direct this grievance to the President. The student must notify the President at the time the student submits his/her request for a formal hearing if an accommodation for a disability will be needed at the hearing.

1. Upon receipt of a written request for a formal hearing, the President will, within three (3) days, excluding weekends and holidays, of receipt of the request for hearing, appoint an administrator (not the Vice President of Academic Affairs) to serve as chair of a grievance committee for the hearing.
2. A grievance withdrawn from the formal hearing state will be deemed without merit and cannot be refiled.
3. The formal hearing will be conducted before a College Grievance Committee. This committee will be composed of the following individuals:
 1. Two (2) students appointed by the College Student Body President.
 2. Two (2) faculty members appointed by the College Academic Senate President.
 3. One (1) academic administrator (not the Vice President of Academic Affairs) appointed by the President of the College. The individual may be from another College or in the District.
 4. The chair of the committee, which is selected by the President, (see above) will be part of the committee, but will not vote in the final decision, except in the case of a tie.
4. The College Grievance Committee Chair will:
 1. Forward a copy of the request for hearing to the faculty member being grieved within seven (7) days (excluding weekends and holidays) of receipt of the request.
 2. Within a reasonable time period not to exceed twenty (20) days (excluding weekends and holidays) set a reasonable time and date for the hearing as well as a reasonable time limit for its duration. In the event the parties are not available within the 20 days, the Vice President has the discretion of extending the time period, with notification to the parties.
 3. Arrange for a disability accommodation if requested pursuant to the above.
 4. Within three (3) days, excluding weekends and holidays, after setting the hearing date, notify both parties that they are to provide to the Chair signed written statements specifying all pertinent facts relevant to the grievance. A copy of these statements will be given, by the Chair, to the other party, as well as the Grievance Committee members. At this time, both parties will also be invited by the Chair to submit a list of potential witnesses and the rationale for calling them. Each party's witness list will be given to the other party and to the grievance Committee. Witnesses will be called at the discretion of the Grievance Committee Chair. This signed statement and witness list is to be received by the Chair no later than 10 days prior to the hearing.

Individuals approached by either party to act as a witness for that party are not under any obligation to do so and may decline to be a witness. Any witness has the right to cooperate in an investigation or otherwise participate in these procedures without intimidation, threat of retaliation or retaliatory behavior. Any such behavior, verbal or written, in response to participation in the grievance process is prohibited and may be regarded as a basis for disciplinary action.

5. Notify the parties that they are entitled to bring a representative, from within the District, to assist them during the hearing. The representative's role is restricted to assisting the party. He/she may not actively participate in the grievance hearing or engage in the proceedings. The Representative must be an individual from within the District (student or employee). Legal representation is prohibited.
6. Notify both parties as to who the members of the grievance committee will be. Each party will be allowed one (1) opportunity to request that a committee member be replaced with a different person because of perceived bias or conflict of interest. Any such requests must be directed to the committee chair within two (2) days of notification of who the committee members will be and will state the perceived bias or conflict of interest. At that time, the committee chair may excuse that committee member and seek a replacement in accordance with IV.3 above.
7. Provide, to the faculty, student and Grievance Committee, prior to the hearing, a copy of the document titled Grievance Hearing Protocol, which shall serve as a guideline during the hearing. Any requests for deviations from, or additions to, the hearing protocol, shall be addressed to the Committee Chair who will make the decision on whether or not the deviation or addition will be allowed.
8. Develop a list of questions, or intended areas of inquiry, to both parties and the Grievance committee at least three (3) days (excluding weekends and holidays) in advance of the hearing.
9. Maintain an official recording of the proceeding which will be kept in a confidential file but not be available for review by either party. Individual parties will not be allowed to have their own recording device.
10. Ensure that the formal hearing will be closed to the public.
5. The Grievance Committee will:
 1. Judge the relevancy and weight of testimony and evidence. The committee will make its findings of fact, basing its findings on the evidence presented. It will also reach a decision for disposition of the case.
 2. Submit its findings of fact and disposition to each party and the Vice President of Academic Affairs within ten (10) days (excluding weekends and holidays) of the completion of the formal hearing.

5. Appeals

1. Either party, within five (5) days (excluding weekends and holidays) of receipt of the Committee's decision, may appeal the decision to the Vice President of Academic Affairs. The Vice President may:
 1. Concur with the decision of the Committee, or

2. Modify the Committee's decision.

The Vice President will submit his/her decision to each party and the President within ten (10) days (excluding weekends and holidays) of receipt of the Committee's decision.

2. Either party, within five (5) days (excluding weekends and holidays) of receipt of the Vice President's decision, may appeal the decision to the President. The President may:
 1. Concur with the decision of the Vice President, or
 2. Modify the Vice President's decision.

The President will submit his/her decision to each party within ten (10) days (excluding weekends and holidays) of receipt of the Vice President's decision.

In all cases, final decision will rest with the President.

After a student has exhausted all grievance rights at the College level, the student has the right to file a complaint with any of the following resources:

- [The Accrediting Commission for Community and Junior Colleges \(ACCJC\)](#). If your complaint is associated with the institution's compliance with the institution's compliance with academic program quality and accrediting standards. ACCJC is the agency that accredits the academic programs of the California Community Colleges.
- The California Community College (CCC) Chancellor's Office by completing the form(s) found on the link below, if your complaint does not concern CCC's compliance with academic program quality and accrediting standards.
 - To the [State Attorney General](#) using the forms available.

6. Responsibility

The Vice President of Academic Affairs will be responsible for the overall implementation of these procedures and will retain a file of all grievances for matters relative to this procedure for this college. This file may be maintained electronically.

Matters involving the prohibition of discrimination and the prohibition of sexual harassment and any concerns regarding these matters should be referred to the District's Department of Diversity, Equity and Compliance.

(This is the policy and/or procedure at the time of printing. Policies and procedures are continually being updated. To be sure you have the most recent language, please check the latest [online version](#).)

Student Grievance Process for Matters Other Than Instruction, Grades or Discipline

References: [AP 3500\[C\]](#)

Education Code Section 76224

Title 5 Section 55024

1. General Provisions

1. Purpose: The purpose of this Procedure is to provide an equitable means by which a student may pursue a complaint for an alleged violation of college or district policy concerning any student service area program or staff such as, but not limited to, student financial services, disabled students programs and services, EOPS, admissions and records, counseling, library and learning resources, health/psychological services and tutorial services.

Complaints regarding discrimination harassment or retaliation are to be handled in accordance with Administrative Procedure 6430[A] titled Handling Complaints of Discrimination, Harassment or Retaliation.

Complaints regarding student discipline are to be handled in accordance with [Administrative Procedure 3500\[A\] Student Discipline Procedures](#).

2. A grievable action is an action that is in violation of a written college or district policy or procedure, or an established practice. The basis of the grievance is that an action constitutes arbitrary, capricious, or unequal application of a written college or district policy or procedure or an established practice.
3. Confidentiality: To protect to the maximum extent possible, the privacy of individuals who in good faith file legitimate grievances, these procedures will be considered confidential throughout initial consultation, preliminary and final review, and appeal, unless required to be disclosed pursuant to a court order or state or federal law. Confidentiality will also be afforded to the respondent to avoid unwarranted damage to reputation. Breach of confidentiality by any party to the grievance is considered unethical conduct and may be subject to disciplinary action. However, those involved in the hearing process may seek consultation and/or guidance from the District's General Counsel, or appropriate administrators.

There may be cases where disclosure of part or all of the proceedings and final outcome must be considered to provide a remedy to the student, to correct misperceptions of the reputations of parties to the grievance, or for the best interests of the institution. In these cases, if, and only if, deemed appropriate by majority vote of the grievance committee in concurrence by the President, public disclosure will be directed through the President's office.

4. Protections for complainants: Any student has the right to seek redress under these procedures and to cooperate in an investigation or otherwise participate in these procedures without intimidation, threat of retaliation or retaliatory behavior. Any such behavior, verbal or written, in response to participation in the grievance process is prohibited and may be regarded as a basis for disciplinary action.
5. Abuse of process: A student must proceed with a complaint in good faith. Abuse of process, malicious complaints or frivolous complaints may be grounds for disciplinary action.

2. Definitions

1. District - The Riverside Community College District

2. Student - Any person currently enrolled as a student at any college or in any program offered by the District.
3. Instructor - Any academic employee of the District in whose class a student is enrolled, or a counselor who is providing, or has provided, services to the student, or other academic employee who has responsibility for the student's educational program.
4. Day - Days during which the District is in session and regular classes are held, excluding weekends and holidays.
5. Time Limits - Any time specified in the above procedures may be shortened or lengthened if there is mutual agreement by all parties.

3. Informal Consultation Process

A student has 120 calendar days from the date of the incident or situation giving rise to the grievance to initiate the informal consultation process.

1. A student will be encouraged to contact the individual responsible for the situation which is the subject of the grievance and attempt, in good faith and in a professional manner, to resolve the concern informally.
2. If the issue is not resolved with the individual who is the subject matter of the grievance, the student may file a written Request for Consultation with the Dean/Director, or designee, responsible for the Department/individual that is the subject of the grievance. Forms will be available from the office of the Dean/Director or the appropriate Vice President. The Dean/Director will convey a decision to all affected parties, as well as note that decision on the form.

4. Grievance Process and Formal Hearing

If the issue is not resolved through informal consultation, the student may file a written grievance, requesting a formal hearing, within thirty (30) calendar days of the informal consultation with the Dean/Director. The written request should contain a statement detailing the grievance to be resolved, and the action or remedy requested. The student will direct this grievance to the President. The student must notify the President at the time the student submits his/her request for a formal hearing if an accommodation for a disability will be needed at the hearing.

A student may withdraw a request for a formal hearing at any time by notifying the President by phone or email. However, a grievance withdrawn from the formal hearing process will be deemed without merit and cannot be refilled.

1. Upon receipt of the request for formal hearing, the President will, within three (3) days, excluding weekends and holidays, of receipt of the request for hearing, appoint an administrator (not the Vice President who oversees the individual or department that is the subject of the grievance) to serve as chair of a grievance committee for the hearing.
2. The formal hearing will be conducted before a College Grievance Committee. This committee will be composed of the following individuals:
 1. Two (2) students appointed by the College Associated Students President.
 2. One (1) faculty member appointed by the College Academic Senate President.
 3. One staff member appointed by the President.

4. One Dean/Director level administrator (not connected with the individual or department that is the subject of the grievance) appointed by the President.
 5. One Vice President (not connected with the individual or department that is the subject of the grievance) appointed by the President of the College to serve as the chair of the committee. This individual may be from another College in the District. The chair of the committee will not vote in the final decision.
3. The College Grievance Committee Chair will:
1. Within a reasonable time period not to exceed twenty (20) days (excluding weekends and holidays) set a reasonable time and date for the hearing as well as a reasonable time limit for its duration. In the event the parties are not available within the 20 days, the Chair has the discretion of extending the time period, with notification to the parties.
 2. Arrange for a disability accommodation if requested pursuant to the above.
 3. Within three (3) days, excluding weekends and holidays, after setting the hearing date, notify both parties that they are to provide to the Chair signed written statements specifying all pertinent facts relevant to the grievance. A copy of these statements will be given, by the Chair, to the other party, as well as the Grievance Committee members. At this time, both parties will also be invited by the Chair to submit a list of potential witnesses and the rationale for calling them. Each party's witness list will be given to the other party and to the Grievance Committee. Witnesses will be called at the discretion of the Grievance Committee Chair. This signed statement and witness list is to be received by the Chair no later than ten (10) days prior to the hearing.

Individuals approached by either party to act as a witness for that party are not under any obligation to do so and may decline to be a witness. Any witness has the right to cooperate in an investigation or otherwise participate in these procedures without intimidation, threat of retaliation or retaliatory behavior. Any such behavior, verbal or written, in response to participation in the grievance process is prohibited and may be regarded as a basis for disciplinary action.

4. Notify the parties that they are entitled to bring a representative, from within the District, to assist them during the hearing. The representative's role is restricted to assisting the party. He/she may not actively participate in the grievance hearing or engage in the proceedings. The Representative must be an individual from within the District (student or employee). Legal representation is prohibited.
5. Notify both parties as to who the members of the grievance committee will be. Each party will be allowed one (1) opportunity to request that a committee member be replaced with a different person because of perceived bias or conflict of interest. Any such requests must be directed to the committee chair within two (2) days of notification of who the committee members will be and will state the perceived bias or conflict of interest. At that time, the committee chair may excuse that committee member and seek a replacement.
6. Provide, to the parties and Grievance Committee, prior to the hearing, a copy of the document titled Grievance Hearing Protocol, which shall serve as a guideline during

the hearing. Any requests for deviations from, or additions to, the hearing protocol, shall be addressed to the Committee Chair who will make the decision on whether or not the deviation, or addition will be allowed.

7. Develop a list of questions, or intended areas of inquiry, sending it to both parties and the Grievance Committee at least three (3) days (excluding weekends and holidays) in advance of the hearing.
8. Maintain an official recording (audio or video) of the proceeding which will be kept in a confidential file but be available for review by either party. Individual parties will not be allowed to have their own recording device.
9. Ensure that the formal hearing will be closed to the public.
4. The Grievance Committee will:
 1. Judge the relevancy and weight of testimony and evidence. The committee will make its findings of fact, basing its findings on the evidence presented. It will also reach a decision by a simple majority vote for disposition of the case.
 2. Submit its findings of fact and disposition to each party and the Vice President within ten (10) days (excluding weekends and holidays) of the completion of the formal hearing.

5. Appeals

1. either party, within five (5) days (excluding weekends and holidays) of receipt of the Committee's decision, may appeal the decision to the President. The President may:
 1. Concur with the decision of the Committee, or
 2. Modify the Committee's decision.

The President will submit his/her decision to each party within ten (10) days (excluding weekends and holidays) of receipt of the Committee's decision.

In all cases, final decision will rest with the President.

6. Further Rights to File a Complaint

After a student has exhausted all grievance rights at the College level, the student has the right to file a complaint with any of the following resources:

1. [The Accrediting Commission for Community and Junior Colleges \(ACCJC\)](#). ACCJC is the agency that accredits the academic programs of the California Community Colleges. A complaint associated with the District's compliance with academic program quality and accrediting standards can be filed with this agency.
2. If your complaint does not concern the District's compliance with academic program quality or accrediting standards, then a complaint may be filed with the [California Community College \(CCC\) Chancellor's Office](#) by completing the form(s).
3. Any type of complaint may be filed with the [California State Attorney General](#) using the available form.

7. Responsibility

The Vice President will be responsible for the overall implementation of these procedures and will retain a file of all grievances for matters relative to this procedure for this college. This file may be maintained electronically.

(This is the policy and/or procedure at the time of printing. Policies and procedures are continually being updated. To be sure you have the most recent language, please check the latest [online version](#).)

Admissions and Records

Who May Attend

Norco College, in accordance with California Education Board Policy, admits students who meet at least one of the following:

- A high school graduate or holder of a high school equivalency credential (e.g., GED, proficiency exam).
- 18 years of age or older, with or without a high school diploma, and determined by the District to be able to benefit from instruction.
- Currently enrolled in grades 9-12 and approved by their school or school district to participate in dual or concurrent enrollment.
- In rare, exceptional cases, under 16 years of age and demonstrates exceptional ability and readiness for college-level work.
- A nonresident student who meets one of the above conditions and complies with nonresident or international admission requirements, including payment of nonresident tuition unless exempt.

Admission of International Students (F-1 Visa)

Norco College welcomes international (F-1 visa) students through the RCCD Center for International Students & Programs, located at Riverside City College. International applicants must meet RCCD admission, English proficiency, and financial support requirements and are admitted as nonresident students. Current requirements, application procedures, and deadlines are available through the Center for International Students & Programs and the college website.

High School/Concurrent Enrollment

Effective fall 2014, high school students in good standing may be eligible for admission as a special student pursuant to Sections 48800, 48800.5, 48802, 76001, and 76002 of the California Education Code.

1. Students falling under these criteria must be approved by their high school principal or designee for "advanced scholastic or vocational work," and must be identified as a special part-time student.
2. Students may be admitted as a special part-time or full-time student if:
 - (a) The class is open to the general public, and
 - (b) The student is currently enrolled in grades 11-12.

Students are required to submit the Norco College online admission application confirmation page, School/Parent Approval Form, and official high school transcripts by the published deadline. For information regarding enrollment deadlines, forms, and restrictions, visit the Admissions & Records office or [Enrollment Services webpage](#).

All approved special part-time and full-time students will have enrollment access prior to the start of the term.

Approved high school students may take up to eight units for fall/spring terms and five units for the summer term. High school students are not allowed to take physical education classes.

Home College

Each applicant will be required to apply to one of the three District colleges: Moreno Valley, Norco or Riverside City and in doing so establish it as their "Home College". Applicants will choose their program of study/major from those offered at the Home College as well as receive services (counseling, financial aid, veterans support, EOPS, CalWORKs, and Student Support Services) at that location. Applicants to one college are permitted to register for courses offered at all three colleges. All coursework completed, regardless of location, will appear on one academic record.

Schedule of Classes

The Schedule of Classes is available [online](#).

Registering for Courses

Priority registration is offered in accordance with California regulations and Riverside Community College District policy. The highest and equal priority registration is given to students who are eligible for priority, have completed required matriculation steps and who are:

- Current or former members of the U.S. Armed Forces who are California residents.
- Student parents with a child or children under 18 who receive more than half of their support from the student.
- Foster youth or former foster youth (within the eligible age range).
- Verified homeless youth or former homeless youth (within the eligible age range).
- Students determined to be eligible for Disabled Student Programs and Services (DSPS).
- Students receiving services through Extended Opportunity Programs and Services (EOPS).
- Students receiving aid from CalWORKs or Tribal TANF.
- Justice impacted students receiving services from a program funded by the Rising Scholars Network.

([Administrative Procedures 3055\[A\]](#)) Registration appointment dates and any holds that might block registration can be viewed in MyPortal approximately 6-8 weeks before the term begins. Students can register on MyPortal on or after their assigned appointment date and time through the end of the registration period.

Norco College also offers early registration for certain campus programs. All other students who are not in a priority or early registration group receive general registration appointments based on the District's order of registration (for example, continuing students with more completed units are typically scheduled earlier than new or returning students). These general registration appointments are also posted in MyPortal.

Loss of Priority Registration

Students may lose priority registration if they are on academic or progress probation for two consecutive primary terms or if they reach the District's unit 100 degree-applicable unit limit for priority (generally 100 or more degree-applicable units). To appeal your loss of priority registration, please visit Admissions and Records.

Transcripts

The Riverside Community College District (RCCD) transcript includes all coursework completed at Norco College, Moreno Valley College, and Riverside City College. Official transcripts may be requested through MyPortal or by ordering directly via [Parchment](#). The first two official RCCD transcripts requested are free; each additional official transcript costs \$7. Standard processing time is two to three business days, with rush and same-day options available for an additional fee. Transcripts may be sent electronically, mailed, or printed for on-campus pick-up. Unofficial transcripts are available at no cost through MyPortal. Transcript fees and services are subject to change; students should refer to the college website for current information.

Transcripts from Other Colleges and Universities

Transcripts from other accredited institutions must be official. Paper transcripts must arrive in a sealed envelope from the sending institution, and electronic transcripts must be sent directly to Admissions & Records at admissions@norcocollege.edu. To use coursework from another college for English, mathematics, or other prerequisites, students must submit official transcripts and complete a Prerequisite Validation form at the Counseling office. All transcripts submitted to RCCD become the property of the District and cannot be returned to the student or forwarded to another institution. After three consecutive years of non-attendance at RCCD, transcripts from other institutions are purged and new official transcripts will be required if the student returns. Students planning to graduate from RCCD or to use courses from another college toward a degree or certificate must ensure that all official transcripts from other institutions are on file.

Enrollment Verification

Students may request an Enrollment Verification form from Admissions & Records or submit a request via MyPortal to verify course enrollment (hours and unit value), fees, grade point average, and student enrollment status in any given term. The first two enrollment verification forms are free of charge and each request thereafter is \$2. Refer to Units for Full-time/Part-time Status for details.

Resident and Nonresident Tuition

For enrollment fee purposes, students are classified as resident or nonresident under California law and RCCD policy at the time you apply for admission. In general, a California resident is a student who has been physically present in California for at least one year and one day before the start of the term and has demonstrated intent to make California their permanent home. Students who do not meet these requirements are classified as nonresidents and may be charged nonresident tuition in addition to the standard enrollment fee. If you have questions about your residency status or believe it should be updated, please contact Admissions & Records for assistance.

Nonresident Tuition Exemptions (AB 540 and Other Laws)

Certain students who are classified as nonresidents may qualify for a nonresident tuition exemption under state law (for example, AB 540 for students who meet specific California school attendance and graduation requirements, or other provisions for eligible U.S. citizens abroad, refugees, and Special Immigrant Visa holders). Students who qualify pay the same per-unit enrollment fee as California residents but remain classified as nonresidents for residency and some financial aid purposes. Because eligibility criteria and laws may change, students should contact Admissions & Records or visit the college website for current information and application procedures.

Payment of Tuition and Fees

Students can pay fees by credit card on MyPortal, mail a check or money order, or pay at one of the colleges. See the [Schedule of Classes](#) for payment and refund deadlines. Your account summary can be viewed or printed on MyPortal.

Procedure for Adding and Dropping Classes

Once the term has started, you'll need permission from the instructor to add it. Instructors give students an add code, which you then enter in MyPortal to add the class. These codes are only valid until the add deadline, so be sure to use them right away. All adds and drops must be completed by the deadlines listed in the Class Schedule and in MyPortal.

You can drop or withdraw from classes through MyPortal up to the posted deadlines. If you have a hold that prevents you from using MyPortal, you can bring a completed ADD/DROP card to Admissions & Records for processing. It is your responsibility to drop any class you no longer plan to attend by the appropriate deadline, including deadlines to add, drop, or receive a refund. These dates are posted in the Class Schedule and on MyPortal.

Waitlists

If a class is closed before the term begins, students may be able to add themselves to a waitlist if available. When a seat opens, the next eligible student on the waitlist will be automatically enrolled in the class, and their account will be charged the applicable enrollment and related fees. Updates to your waitlist status are sent to your college email and can also be viewed in MyPortal.

Waitlisted students should attend the first class meeting to confirm enrollment with the instructor. Students who decide not to remain in the class are responsible for dropping the course by the published deadline. For online classes, waitlisted students should contact the instructor by email for further guidance.

Enrollment Status

For most students, full-time status means enrolling in at least 12 units in the fall or spring term and 6 units in the winter or summer term. Enrolling in fewer than 12 units in fall/spring or fewer than 6 units in winter/summer is considered part-time. Some specialized programs may define full-time differently because of state or program requirements. The maximum unit load is 18 units in fall and spring and 9 units in winter and summer. Students who wish to take more than this must have a 3.0 GPA or higher and obtain counselor approval before registering. Students on a readmit contract are limited to the unit load approved by an academic counselor.

Special admit high school and adult education students (including concurrent and dual enrollment) are subject to lower unit limits. At Norco College, these students are generally limited to up to 8 units in fall or spring and up to 5 units in winter or summer, unless otherwise approved by a Norco College counselor in accordance with special admissions guidelines.

Attendance

Students are expected to attend every class meeting for each course they are enrolled in. If you do not attend the first class meeting or the first week of class, your instructor may drop you as a "no show" to make room for other students. If you know you'll miss the first class because of

a religious observance or military duty, you should contact your instructor before the absence to discuss your situation.

If you miss class for any reason, it is your responsibility to contact your instructor as soon as possible to ask about expectations, missed work, and how your absence may affect your grade. Instructors decide whether missed work can be made up based on course policies. If you decide not to remain in a class, do not rely on being dropped. It is your responsibility to make sure you officially drop the course by the published deadline.

Family Educational Rights and Privacy Act (FERPA)

RCCD protects the privacy of student education records in accordance with FERPA and District policy. The District may release limited directory information without a student's written consent. Directory information includes a student's name, major field of study, dates of attendance, enrollment status (full-time/part-time), participation in officially recognized activities and sports, weight and height of members of athletic teams, and degrees and awards received ([BP3040](#)).

Students may choose to keep their directory information confidential. When completing the admission application, students can indicate whether or not they allow the District to release directory information. Continuing students who wish to change their preference may contact Admissions & Records to request that their directory information be withheld.

Financial Services and Student Employment

Financial Freedom Program

The Norco College Financial Freedom program provides financial education designed to help college students make responsible and wise financial decisions. Through this program, all Norco College students have free access to nationally acclaimed personal finance training, interactive online finance workshops, and financial resources.

For more information, visit the [financial freedom website](#).

Student Financial Services

The Student Financial Services (SFS) department at Norco College is committed to providing financial assistance to all students to help them in attaining their educational and professional goals. Our student-centered employees will provide professional knowledge and personalized service to assist students in obtaining the best use of all financial resources available for a successful future.

The Free Application for Federal Student Aid (FAFSA)

The initial application used in applying for financial assistance is the Free Application for Federal Student Aid (FAFSA). The FAFSA application is available online at <https://studentaid.gov> and workshops are available throughout the year to assist students with completion of the FAFSA. For workshop times and dates, please view our website at: www.norcocollege.edu and select "Financial Aid". The FAFSA must be completed for each academic year. The Norco College school code 041761 must be listed on your FAFSA in order

for our department to receive your application. If you are a Norco College student, please make sure to list the school code for your home college on the FAFSA application. The FAFSA is available October 1st of each year, however, for the 2026-27 application year, the Department of Education has explained the FAFSA will be available December 2025, and will determine eligibility for the following academic year. It is recommended that the FAFSA be completed prior to March 2nd to ensure priority processing and to maximize your funding.

Once you have completed your FAFSA, the results will be sent to Norco College. You must have a Norco College Admissions application on file in order for your FAFSA to be reviewed. Once you have completed your Norco College Admissions application online at www.norcocollege.edu, you will be issued your RCCD email account. You can find directions to activate and access your RCCD email account online at www.norcocollege.edu, under the Admissions & Records webpage. We will send an email to your RCCD student email account, notifying you of your application status, and with instructions to set up an account to view your Financial Aid Tasks. [Log on](#) using your RCCD student email and password to complete all Financial Aid Tasks.

CA Dream Act Application for California State Aid

Undocumented students who meet AB 540 eligibility criteria may apply for and receive state-funded financial aid such as: the California College Promise Grant, Cal Grant, and the Student Success Completion Grant. The CA Dream Act application can be completed [online](#). The Norco College school code of 04176100 must be listed on the CA Dream application for Student Financial Services to receive your application.

If you are considered a dependent student and cannot provide your parent's information on the FAFSA or CA Dream Act application, we ask that you first complete the FAFSA or CA Dream Act application and submit it online. If after completing the FAFSA or CA Dream Act application you are still required to provide your parents' information and are not able to, please visit the SFS office at Norco College or email our office at StudentFinancialServices@norcocollege.edu and ask to speak to staff regarding a Dependency Override Appeal.

Options for financial aid disbursements will include direct deposit into your personal bank account, Bank Mobile Vibe, online checking account, or a check. Please refer to the financial aid website for additional information on selecting your preferred method of disbursement.

Completing the FAFSA or CA Dream Act application will determine your eligibility for the following:

- California College Promise Grant (CCPG) is a state program that waives enrollment fees for qualifying CA resident students. If determined eligible, the CCPG will waive enrollment fees for the entire academic year beginning with summer and ending with the following spring. During the fall and spring semesters, the parking fee will be reduced to \$30 per semester. The CCPG does not pay for books, educational supplies, student services or health fees, or additional class fees (such as art and CPR fees as listed in the schedule of classes). To apply, complete the [Free Application for Federal Student Aid \(FAFSA\)](#) online and list Norco College school code #041761, or the [CA Dream Act Application](#) and list Norco College school code #04176100. You will automatically be awarded the CCPG if eligible. You will receive an email at your RCCD student email account notifying you when your CCPG waiver eligibility is available on MyPortal under your offer letter. No separate application is

required. If you are not a California resident, you may be eligible to apply for a non-resident tuition exemption through the AB 540 program.

- If you are not a California resident, you may be eligible to apply for:
 - A non-resident tuition exemption through the AB 540 program if you meet specific requirements or are an undocumented immigrant student. See Admissions & Records for additional information or view our consumer guide online.
 - A non-resident tuition deferment if you are eligible for financial aid. This deferment assists students in securing enrollment while waiting for student grants and/or student loans to credit their Admissions & Records account balance. Non-Resident Tuition Deferment forms must be submitted each semester. For more information, view the "Information for Non-Resident Students" chapter in our consumer guide online at www.norcocollege.edu.
- The California College Promise Grant Policy. The California Community Colleges Board of Governors approved a policy change that took effect in fall 2016 as part of the Student Success Act of 2012 (SB 1456). This change places conditions on eligibility for the California College Promise Grant. Students must meet satisfactory academic and progress standards to be eligible to receive the CCPG. This includes meeting a minimum of 2.0 cumulative GPA and completing more than 50% of the units attempted each fall and spring semester. Students with two consecutive semesters of not meeting academic and/or progress standards will lose their CCPG effective fall of 2016. Foster youth are exempt from this change and will not lose CCPG eligibility based on academic probation. NOTE: Students with extenuating circumstances will have the opportunity to appeal the loss of CCPG waiver. A student may complete a CCPG appeal form with Admissions & Records. A notification of the processed appeal with an approved or denied decision will be e-mailed to the student.
- Federal Pell Grant (up to \$7,395 for the academic year, subject to change) is awarded to eligible undergraduate students to assist in paying for educational expenses and is awarded based on financial need. Unlike loans, Pell Grants do not have to be repaid (unless you withdraw from courses and owe a refund or do not successfully pass your courses). The information that you provide on the Free Application for Federal Student Aid (FAFSA) is used to produce a Student Aid Index (SAI). This EFC will determine if you are eligible for the Pell Grant and the amount. How much you receive will depend not only on your SAI but also on the number of units you are enrolled in and whether you attend school for a full academic year. Students enrolled less than half-time (less than 6 units) may qualify for a Pell Grant. Once you have completed all application procedures with the SFS Office, your Pell Grant eligibility will be determined. You will receive an offer letter notification via your RCCD student email indicating that your offer has been posted on MyPortal. The offer letter on MyPortal will list how much financial aid you have been awarded, including the Pell Grant. All offer letters are based on full-time enrollment and disbursements are adjusted based on units. Please note that you may not receive Pell Grant funds from more than one school for the same period of enrollment.
- Federal Supplemental Educational Opportunity Grant (FSEOG) (Up to \$1,000 for the academic year at Norco College and is subject to change) is awarded to undergraduate students with exceptional financial need and have the lowest Student Aid Index (SAI) granted on the FAFSA. Like the Pell Grant, FSEOG is a cash award that does not require

repayment as long as you remain in your courses and complete them successfully. Due to limited funding, priority is given to students who apply for the FAFSA by the March 2nd deadline and qualify for the maximum Pell Grant award. This grant is limited and is awarded until funds are exhausted.

- Cal Grants (up to \$1,648 per academic year) are awarded by the California Student Aid Commission (CSAC) to California residents who graduated from high school and will be attending a qualifying institution at least half-time (6 or more units). Cal Grant awards may increase up to \$6,000 for independent students with dependents under the age of 18 years. The deadline to apply for these grants is March 2nd of every year. For students attending California Community Colleges, there is an additional deadline of September 2nd. To apply for the Cal Grant awards, you need to complete the FAFSA or CA Dream Act Application and have your GPA verified by the above deadlines. If you are awarded a Cal Grant by CSAC and are choosing to attend Norco College you must ensure that your financial aid file is completed and that you have an active academic program (major) on file with the Admissions & Records office, other than Undecided, and you must be meeting the Norco College Student Financial Services Satisfactory Academic Progress (SAP) standard. Disbursement is contingent upon eligibility and funding. You may view your Cal Grant eligibility [online](#).
- Student Success Completion Grant (up to \$8,000 per year) is awarded to students receiving Cal Grant B or C and enrolled in a minimum of 12 units per term to assist with full-time enrollment so the student can complete a degree in 2 years. This grant provides an additional annual award of up to \$2,596 per year if you take 12 - 14.99 units per semester, or up to \$8,000 if you take 15+ units per semester. To stay eligible for this grant, you will need to maintain satisfactory academic performance, including a 2.0 Grade Point Average (GPA) or higher. Funds are limited and awarded to students for a maximum of 5 terms.
- Chafee Grant Program provides grants of up to \$5,000 to eligible foster youth. The California Department of Social Services determines whether or not a student is an eligible foster youth. Students must be enrolled in college at least half-time (6 units) during the fall and/or spring semester and must meet Satisfactory Academic Progress (SAP) before the Chafee grant can be disbursed. The FAFSA or CA Dream Act application is required for Norco College to verify eligibility for this grant. Disbursement is contingent upon eligibility and funding. An application for this grant can be completed [online](#). This grant will be renewed automatically by CSAC as long as the student meets specific criteria. Each Chafee Grant disbursement is released by CSAC during the fall and/or spring semester at which time the SFS office reviews the student's enrollment prior to the disbursement being released to the student. All disbursement(s) for Chafee grants are completed through our third party servicer, BankMobile.
- Federal Work Study (earn up to \$5,000 per academic year). The FWS Program offers students the opportunity to earn additional financial aid through part-time employment. It also allows students to gain work experience and pay for a portion of their educational expenses. All positions require students to enroll in and maintain at least half-time enrollment status (6 units in the fall and spring, 3 units in the winter and summer), designate Norco College as their home college, and maintain a minimum 2.0 GPA (exceptions may be made on a case by case basis). To be eligible for the FWS program, students must submit a [Free Application for Federal Student Aid \(FAFSA\)](#) and list the Norco

College school code #041761, complete all financial aid documents, request the addition of the FWS award, and maintain satisfactory academic progress. To view available FWS positions, log into NC Connect powered by [Jobspeaker](#) and click the link for college work-study positions. For assistance with applying for FWS positions, contact the [Student Employment Office](#).

- Federal Direct Loan Program - Norco College participates in the Federal Direct Loan Program. At Norco College, it is our plan to help our students reach their educational goals with the least amount of student loan debt possible. Norco College does not recommend borrowing more than \$10,000 at the community college level, but students are entitled to the loan program and can apply via www.studentaid.gov (this amount includes all loans from any other institutions attended). To view your complete loan history, go to the [National Student Loan Data System](#).
- Students must meet the SFS Satisfactory Academic Progress (SAP) standard and must be enrolled at least half-time (6 units) in courses listed on their Student Educational Plan. Students must have a completed financial aid file at Norco College and be notified of their eligibility for any grant aid, Federal Work Study or scholarships before applying for a loan. Students may pick up a loan packet and submit the "Direct Loan Request Form" to the Norco College Student Financial Services office.
- Students must also have a current Student Educational Plan (SEP) on file with Norco College which corresponds with the student's academic program declared in Admissions & Records as well as the courses that they are currently enrolled in.
- Students will receive notification by email within two weeks after the deadline date they submitted the "Direct Loan Request Form" regarding the status of their loan request. Prior to disbursement, your eligibility to receive your Direct Loan will be reviewed (enrollment status and Satisfactory Academic Progress). Disbursement dates can be located in your Loan Information Guide received at the time of application.
- Please refer to our consumer guide [online](#) for a full list of requirements for applying for a student loan at Norco College.
- Please view our consumer guide or visit the Student Financial Services in the Student Services Building, First Floor for directions on how to complete the entrance and exit loan interviews. Our efforts in educating students regarding their responsibilities in securing a federal student loan are taken very seriously at Norco College. We also reserve the right to deny loans to students on a case-by-case basis. you will be notified by mail if your loan request has been denied.

Norco College Promise Program

Norco College is dedicated to ensuring that all first-time full-time college students have access to a community college education at no cost. The Norco College Promise Program is designed to help first-time college students who enroll full-time to complete their education goals in a timely manner. Students who commit to enrolling full-time at Norco College receive an enrollment fee waiver during their first two academic years in college to reduce college costs and increase their success. (Please note: students who receive financial aid might be eligible for enrollment fee waivers based on part-time enrollment and/or for more than two academic years.) Visit [our website](#) for eligibility requirements.

For more information, please email us at NorcoPromise@norcollege.edu.

Counseling Services

Counseling services for students receiving financial assistance are available through the Academic Counseling and Career Development Center.

Academic counselors are available to work with students in the following areas:

- Developing education goals and a Student Education Plan (SEP).
- Maintaining financial aid eligibility by meeting Satisfactory Academic Progress standards.
- Recommendations for improved progress.

Computer Access

Computers are available in the Student Services Building to students receiving financial assistance for the following:

- Complete the FAFSA/Dream Act application online.
- Research and apply for scholarships online.
- Other financial aid web assistance.

Responsibilities and Requirements

Norco College must follow federal, state, and institutional regulations in administering financial assistance programs. Students must adhere to all federal, state, and institutional guidelines when applying for and receiving financial assistance. If students do not follow the requirements, eligibility may be rescinded. Please review the following guidelines:

- High School Diploma - To receive financial assistance, a student must be qualified to study at the postsecondary level. A student qualifies to apply for financial aid if he or she has a high school diploma, GED, has completed home schooling, or has passed a federally approved Ability to Benefit test (ATB) prior to July 1, 2012.
- Student Education Plan - You must enroll in and successfully complete courses according to your Student Education Plan (SEP). To develop your SEP, you should meet with an academic counselor. Counselors are available in the Academic Counseling and Career Development Center. To schedule an appointment with a counselor, please visit the [Counseling Department](#) website or you may call (951) 372-7101.
- Citizen or eligible non-citizen - To be eligible for federal and state financial aid, you must be a U.S. citizen or eligible non-citizen with proof of permanent residence (alien registration card, I-94 or I-551). Citizenship or permanent residency is not required to receive most scholarship aid.
- AB 540 eligible students, that are undocumented, may apply for and participate in the California College Promise Grant, Cal Grant, Chafee Grant, and Student Success Completion Grant.
- Return of Title IV funds - If you receive federal or state financial aid and you drop or fail to successfully complete any courses, you may need to REPAY a portion of your financial aid. (See our Consumer Guide for more information regarding Return of Title IV Funds).

- Students cannot receive financial aid at two institutions at the same time (with the exception of the California College Promise Grant). All students must determine their home college within the RCC District in order to receive financial assistance. All units taken within the RCC District (Moreno Valley College, Norco College, and Riverside City College) will be paid for by your home college, if eligible.
- Satisfactory Academic Progress - All students must meet the SFS Satisfactory Academic Progress (SAP) standard to maintain financial aid eligibility. If you do not meet the SAP standard, you will become ineligible for most types of financial assistance. If you are determined ineligible for financial aid due to your SAP, you have the right to appeal one time only through the SFS appeal process. For additional information regarding our SAP standard and the related components, please review the Satisfactory Academic Progress chapter in our consumer guide at www.norcollege.edu.
- Contact Information - Be sure to keep your RCCD mailing address, phone number, and RCCD email address current. This ensures that you will receive information regarding your financial aid in a timely manner. This information can be updated via MyPortal or in person at the Admissions & Records office. Visit your RCCD email regularly, as all updates and communications are sent to your RCCD email account.
- Social Security number - Be sure that your Social Security number is on file with Norco College, as it is not required on the Admissions application but is required for ALL Federal financial aid applicants. We cannot process most types of financial assistance without your Social Security number on file, unless you are undocumented and receiving financial aid through the CA Dream Act Application.
- Disbursement and Deadline information - Deadlines for turning in required documents are located on our Disbursement schedule. Disbursement of financial assistance occurs after the student has completed the FAFSA/CA Dream Act Application, turned in all tasks requested by the SFS office, and enrolled accordingly. For dates of deadlines and disbursement, please view our consumer guide on our website at www.norcollege.edu or pick up a disbursement schedule at the Student Financial Services department at Norco College.
- Veterans: Applying for financial assistance through the FAFSA application does not affect your GI Bill® benefits. All veterans should apply for financial assistance by completing the FAFSA application online at online.

You can find more information regarding Student Financial Services on our website at www.norcollege.edu. If you have any questions, please contact us by email at studentfinancialservices@norcollege.edu.

Student Employment/College Work-Study

The Student Employment Office helps students gain work experience and earn money to pay for their educational expenses by working part-time (up to 20 hours per week). Hourly pay rates vary and currently start at the state minimum wage; however, some positions may start at a higher rate of pay.

All student employees are required to provide documents that establish identity (consistent with the name used to register for classes) and employment authorization. In addition, to verify social security numbers for payroll purposes, all employees are required to present a social

security card. Standard employment documentation must also be completed and processed before a student employee may begin employment. For more information on employment requirements, visit the [Student Employment Office](#) website.

There are multiple types of employment available through the college work-study program.

1. Department Funded Work-Study

The wages for department-funded work-study positions are paid from a department's budget and are available to any student who meets the criteria below. These positions do not require financial aid eligibility.

Eligibility Requirements:

- Must enroll in and maintain at least half-time enrollment (minimum of 6.0 units in Fall or Spring semesters, and minimum of 3.0 units in Summer or Winter sessions).
- Must maintain a 2.0 cumulative GPA (waived for new students).
- Must designate Norco College as your home college (although students may take classes at any of the colleges within the district).

2. Federal Work-Study

The wages for federal work-study (FWS) positions are paid for by the government as a form of financial aid. These positions are only available to eligible financial aid recipients.

Eligibility Requirements:

- Secure and maintain eligibility for a federal work-study (FWS) financial aid award from Student Financial Services. This requires students to submit a Free Application for [Federal Student Aid \(FAFSA\)](#) or [Dream Act](#), complete all financial aid documents, request the addition of the LAEP award, and maintain Satisfactory Academic Progress.
- Must enroll in and maintain at least half-time enrollment (minimum of 6.0 units in Fall or Spring semesters, and minimum of 3.0 units in Summer or Winter sessions).
- Must maintain a 2.0 cumulative GPA (waived for new students).
- Must designate Norco College as your home college (although students may take classes at any of the colleges within the district).

The FWS program awards up to \$5,000 per year depending on the student's financial aid eligibility. Most employment opportunities through the FWS program are on-campus positions with some working off-campus as reading tutors, math tutors, and in other community service roles.

3. CalWORKs Work-Study

The CalWORKs work-study program connects eligible CalWORKs students to entry-level employment opportunities related to their course of study. The focus is to link employers to students who can learn initial job skills and maintain long-term employment directed toward career development while continuing their college coursework. CalWORKs work-study sites may be on-campus or off-campus.

Eligibility Requirements:

- Maintain eligibility for the country's Greater Avenues for Independence (GAIN) program.
- Must be enrolled in at least one unit.
- Must maintain a 2.0 cumulative GPA (waived for new students).
- Must designate Norco College as your home college (although students may take classes at any of the colleges within the district).

Scholarships

Norco College offers scholarships through the Riverside Community College District Foundation office and from various generous donors. These scholarships are based on a variety of majors, career goals, GPA, community services, and club involvement.

- RCCD Scholarships for continuing and transferring students are available every fall semester with a deadline in early January. Information and instructions on how to apply are available on our [website](#) early in the fall semester.
- Scholarship Information Workshops are held at Norco College prior to the scholarship deadline to assist students in the scholarship application process and are also available on our website. Applicants chosen for RCCD scholarships are notified by May of each year. The scholarship funds for students continuing at Norco College are disbursed during the following fall and spring semesters upon verification of eligibility. The scholarship funds for students transferring to a university are disbursed to the transfer institution during the next fall semester. Transfer students must return the Transfer Notification form with the transfer institution information.
- RCCD Scholarships for High School Seniors are available beginning in January of each year with a deadline in early April. These scholarships are awarded to high school seniors who will be attending Norco College during the academic year after they graduate from high school. Information is available at www.norcollege.edu in January and February of each year and also at each high school within the Norco College high school zone. In order for high school seniors to apply for the scholarships, students must apply to Norco College and have a valid student ID number.
- The Community Scholars scholarship is a partnership between RCCD and California Baptist University, La Sierra University, and the University of Redlands. This is a \$7,000 scholarship offered to Riverside County high school seniors who will attend any campus within the RCC District for two years and transfer to one of the Universities mentioned above for two years. The application is available at each high school within the Norco College High School zone and also at www.norcollege.edu in January and February of each year.

Scholarships are also available from sources outside of Norco College. There are many resources and opportunities for students to find scholarships to use while attending Norco College. However, it requires time and effort on the part of the student to locate and apply for outside scholarships.

- A list of scholarships Norco College has been notified of is available online on the Financial Aid webpage under the section: "Scholarships".
- You may also find additional scholarship resources in the reference section of any library or on the internet at free scholarship search sites such as [fastweb](#), [The Scholarship Expert](#), [Scholarships](#), [Scholarsite](#), and [ScholarshipHunter](#).

- If you are awarded a scholarship from a source outside of Norco College, you may use your scholarship to pay for tuition and fees. Follow the donor's directions on how to have your scholarship funds sent to Norco College. When outside scholarship funds are received at RCCD, the student is notified by e-mail with an updated award letter.
-

Standards of Scholarship: Probation and Dismissal

Reference: [BP 2250](#)

Education Code Section 70902(b)(3)

Title 5 Sections 55030 - 55034

The policies of probation and dismissal are applicable to day or evening, full-time or part-time students. Students with an academic status of probation or dismissal will be limited to a maximum of 13 units during fall/spring semesters. Probationary students may enroll in no more than seven units during intersessions. Dismissal students will be limited to five units during intersession.

Standards for Probation

Riverside Community College District utilizes two major standards for evaluating satisfactory academic progress. These are as follows:

1. Academic probation: A student who has attempted at least 12 semester units as shown by the official academic record shall be placed on academic probation if he or she has earned a cumulative grade point average below 2.0 in all units which were graded on the basis of the RCCD grading scale.
2. Progress probation: A student who has attempted at least 12 semester units as shown by the official academic record shall be placed on progress probation when the cumulative percentage of unsuccessful units attempted at RCCD reaches or exceeds 50%.
3. A student on academic probation for a grade point deficiency shall achieve good standing when the student's accumulated grade point average is 2.0 or higher.
4. A student on progress probation because of an excess of unsuccessful units attempted at RCCD shall achieve good standing when the percentage of units in this category drops below 50%.

A student who feels an error has been made in his/her academic status should make a counseling appointment. The counselor will review the student's academic record and either explain how the student achieved that status or, in the case of an error, notify the Dean of Student Services at their college.

Standards for Dismissal

Students failing to maintain satisfactory academic progress may be subject to dismissal from the college under conditions specified as follows:

1. A student who is on academic probation shall be subject to dismissal if he or she earned a cumulative grade point average of less than 2.0 in all units attempted in each of two consecutive full-term (fall/spring) semesters of attendance which were graded on the basis of the RCCD grading scale.

2. A student who has been placed on progress probation shall be subject to dismissal when 50% or more of all units in which the student has enrolled are recorded as entries of "F", "FW", "W", "I", "NC" and "NP" in at least two consecutive semesters (fall/spring) of attendance at RCCD.
3. A student shall remain on dismissal status until good standing is met by achieving a cumulative gpa of a 2.0 or higher and completing over 50% of the total number of units attempted.
4. A student who has been reinstated will immediately be subject to dismissal if the cumulative grade point average falls below a 2.0 or the number of units for which "F", "FW", "W", "I", "NC", and "NP" are recorded meets or exceeds 50%.

Student Support Services

Academic Counseling and Career Development Center

The mission of the Norco College Academic Counseling and Career Development Center (ACCDC) is to foster and promote the intellectual, emotional, social, and cultural development of students by offering a wide range of counseling, career, instructional, and educational services. Our counselors assist students in acquiring the skills, attitudes, abilities, and knowledge that will enable them to take full advantage of their college experience and achieve success.

Counseling supports the career and academic goals of the College through consultation and collaboration with faculty, staff, and campus organizations. We offer comprehensive guidance courses and counseling services reflective of our diverse population and evolving student needs.

Counselors advise students in planning and achieving their personal, educational, and career/vocational goals through:

- Individual counseling appointments; express counseling, and online counseling
- Online and In-Person Orientation
- Student Education Plans (SEPs) including both academic planning and career planning
- Academic progress/probation/dismissal counseling
- Transfer course selection for California State Universities (CSU), University of California (UC), private universities, and other California Community Colleges (CCC)
- Information on certificate and associate degree requirements
- Instruction of guidance courses

How to Meet with a Counselor

New students may make an appointment with a counselor after applying to Norco College and receiving a student ID number. It is recommended that the student complete the orientation before scheduling an appointment. Students who select Norco College as their home college may schedule a counseling appointment by visiting the [counseling website](#).

If a student is unable to keep an appointment, please call and cancel or reschedule 24 hours prior. Express Counseling is available to all students on a first-come, first-served basis. Counseling hours vary by semester or term. Counseling services are offered in the Academic Counseling and Career Development Center, the Veterans Resource Center (VRC), the Disability Resource Center (DRC), and the EOPS offices. The Academic Counseling and Career Development Center is located on the second floor of the Student Services building. For further information, call (951) 372-7101 or visit the [counseling website](#).

Asian American Native Hawaiian Pacific Islander Student Achievement Program (AANHPI SAP)

Asian American Native Hawaiian Pacific Islander Student Achievement Program (AANHPI SAP) is a community of students from diverse cultures coming together to lift one another up and rise above challenges to reach their fullest potential. As AANHPI SAP, we have a dedicated success team to support and empower AANHPI SAP students to achieve their goals both inside and outside of the classroom.

AANHPI SAP Statement:

We are AANHPI SAP. Norco College is designated as an Asian American Native American Pacific Islander-Serving Institution (AANAPISI), a Title III Federal Grant Program. The Asian American Native Hawaiian Pacific Islander (AANHPI) Student Achievement Program is also a California Community College Asian American Native Hawaiian Pacific Islander Student Achievement Program (CCC AANHPI SAP).

Mission:

To create a validating space that celebrates the many aspects of Asian American Native Hawaiian Pacific Islander (AANHPI) cultures and histories while providing holistic support to help students be the best version of themselves.

Vision:

To prepare a community of confident and culturally-connected leaders for the world.

STAY CONNECTED:

Join the AANHPI SAP Canvas page to receive important announcements and information on upcoming events, leadership opportunities, and scholarship opportunities. You can self-enroll here: [Join AANHPI Now](#)

Contact Us:

For more information, please contact Justine Romasanta, Coordinator. Justine.Romasanta@norcollege.edu

Join [Asian American Native Hawaiian Pacific Islander \(AANHPI\) Student Achievement Program](#). Get involved and connect with your campus community!

CalWORKs

The Norco College CalWORKs program assists students who are receiving Temporary Assistance for Needy Families (TANF). CalWORKs is designed to promote self-sufficiency through employment and education. Students who remain in good standing with the college and CalWORKs at the county are eligible to receive program support services. CalWORKs provides advocacy with the Department of Public and Social Services (DPSS).

For eligible students, work study opportunities are also available. Program benefits include: priority registration, intensive case management, assistance with job placement, counseling and career advisement, and other support that promotes success.

It is recommended that students participate in at least three hours of study time for every lecture hour in class. Below is a chart converting units to hours spent in class along with the recommended study time per term for on-campus, online and hybrid classes.

Course Units:	Class Lecture Hours Per Term:	Recommended Study Time Per Term:
1 Unit	18 Hours	54 Hours
2 Units	36 Hours	108 Hours
3 Units	54 Hours	162 Hours
4 Units	72 Hours	216 Hours
5 Units	90 Hours	270 Hours
6 Units	108 Hours	324 Hours

To be served by the CalWORKs program at Norco College, students must have "Norco" as their home college on their admission application. The program continues to recruit eligible students year-round. Call (951) 372-7128 for more information and to schedule your intake appointment.

Campus Activities

An extensive program of activities is provided by the Associated Students of Norco College (ASNC). A calendar of these events is maintained in the Center for Student Success, Room 205A (CSS 205A), and is available online at www.norcollege.edu/asnc. Please stop by and find out how you can get involved and follow us on Instagram @OfficialASNC.

Clubs and Organizations

ASNC sponsors an array of clubs/organizations, including honors societies, social services, professional and general interest clubs/organizations. Membership in these organizations is open to all students who have paid the current semester's student services fee. Students are encouraged to join campus clubs and organizations or form new clubs or organizations. Not all clubs listed here are currently active. For an updated list, visit [our website](#).

Student clubs and organizations dedicate their time to the improvement of the college and community through service projects. Although social events are planned throughout the year,

the primary goal is to maintain high scholastic standards. Clubs and organizations also exist to provide various kinds of service to the College and to the community as well.

College Bookstore

Students are able to order their textbooks when registering through MyPortal. A textbook list will be populated with the required materials for classes as well as recommended books or study guides.

The bookstore offers choices for textbooks:

- **Rentals** - Over 60 percent (and growing) of titles are available to rent which means students can get significant savings off of the new and used book prices. Students can highlight and take notes in books but are asked to return books in a condition that allows for resale. The card that is used to secure the rental may not be a prepaid card. Students will need a valid debit or credit card number on file to secure a rental.
- **Used** - Save 25 percent off the new textbook price.
- **New** - A new book, previously unsold and unused.

- **E-textbooks** - Save up to 60 percent by buying or renting a digital book, an instant download from [the bookstore](#). Textbooks are due back to the bookstore on the last day of finals of the semester for which they were rented. Please visit the [Norco College bookstore](#) for more information on digital textbooks and system requirements.
- **OER** - Open educational resources are **materials for teaching or learning that are either in the public domain** or have been released under a license that allows them to be freely used, changed, or shared with others. You can search for your courses here: [Norco College OER](#)

Remember to sell your new textbooks back to the bookstore and get up to 50 percent cash back. The bookstore also offers a variety of supplies for classes as well as items to show off your school spirit.

Bookstore Fees, Books, Equipment and Supplies

The cost of books and equipment depends upon the courses elected and the amount of work undertaken. The Norco College Bookstore has many choices for students to purchase their books. We offer a successful rental program, many digital options, and used and new textbooks. In some courses, students will be expected to provide consumable items like Scantrons, goggles, and lab notebooks. In such classes, students will be informed of these items at the first meeting and will be expected to purchase them in order to continue in these classes.

We offer a wide selection of supplies needed for the many classes on the colleges. We also have a selection of school spirit and accessories.

Full refunds are given on textbooks during the FIRST week of school only with a store receipt, provided they are in their original condition. If you drop a class, you have 30 days from the start of school to return for a full refund (store receipt and proof of class drop is required.) All returns/exchanges require an original receipt. The bookstore will buy back textbooks every day with student ID. Generally, the best time to sell back your textbooks is during finals week.

When you register for your classes through MyPortal, you can choose the link "order textbooks" which will populate everything that you will need for your classes. You can place your order at that point and you will be able to pick up your textbooks and avoid the lines in the bookstore. You can also order your textbooks through [Norco College bookstore](#) and students may sign up for emails and/or text messages to receive sales and promotion notifications.

The bookstore gladly accepts Cash, MasterCard, Visa, American Express, Discover, Apple Pay, Google Pay, ATM debit cards, and Barnes and Noble gift cards. Full refunds will be given the first week of class with an original receipt and the book must be in the same condition when it was purchased. Visit the [website](#) for the complete return policy.

Zero Textbook Cost (ZTC) and Low Textbook Cost (LTC) Courses

What is ZTC?

ZTC (Zero Textbook Cost) course sections have no textbook-related costs, including

access fees, workbooks, or manuals. These sections might use a textbook that is freely available online or through the Norco Library.

- The textbook is available freely online or through the library, OR
- The textbook is provided to you free of charge, OR
- There are no required textbooks.

Your course might still have other (non-textbook fees) related to it, such as class fees, supplies or printing.

What is LTC?

LTC (Low Cost Textbook) sections are those whose required textbooks can be purchased at the [Norco College Bookstore](#) for \$50.00 or less. In either physical or electronic format. Your course might require supplies or have other fees over this \$50.00 amount.

How do I find ZTC and LTC classes?

You can find ZTC (Zero Textbook Cost) and LTC (Low Textbook Cost) course sections from Norco College's [Class Finder](#).

For more information, refer to the Zero and Low Textbook Cost Courses.

Disability Resource Center

Disability Resource Center (DRC) provides appropriate, comprehensive, reliable, and accessible academic adjustments to students. The DRC facilitates and encourages academic achievement, independence, self-advocacy, and social inclusion for students with documented disabilities. In order to qualify for services, students must apply for services.

The DRC office at Norco College is located in the Center for Student Success (first floor).

Support Services available may include, but are not limited to:

- Alternate Media and Assistive Technology (i.e., e-text, screen readers, etc.)
- Counseling
- Sign Language Interpreters
- Real-Time Captioning
- Mobility assistance
- Note-taking assistance
- Priority registration
- Test facilitation
- Adaptive furniture

Trained professionals are available in the Disability Resource Center to assist each student in acquiring the support services needed to attain individual academic and career goals. For further information call: (951) 372-707 or email drc@norcocollege.edu.

Riverside Community College District does not discriminate on the basis of disability in the recruitment and admission of students, the recruitment and employment of faculty and staff,

and the operation of any of its programs and activities, as specified by federal laws and regulations. The designated coordinator for compliance with section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act Amendments Act (ADAAA) is the Director of Diversity, Equity and Compliance.

Dual Enrollment Programs

John F. Kennedy Middle College High School

The Riverside Community College District offers early and middle college programs at each of its three colleges. John F. Kennedy Middle College High School (JFK), part of CNUSD, is located at the entrance of the Norco College campus. Designed to encourage students to pursue post-secondary education, JFK students receive access to enroll in college courses while completing their high school requirements. Interested high school students should consult with their school counselor about enrollment opportunities at John F. Kennedy Middle College High School or visit <https://jfk.cnusd.k12.ca.us> for details.

College and Career Access Pathways

Program with partnered high schools offering Norco College courses through the College and Career Access Pathways Program (AB288/AB30). College classes are offered at the High School sites, and students can participate in the CTE or Transfer Pathway. Interested students should inquire directly with their high school personnel. We currently have agreements with several High Schools from the Corona Norco Unified School District, as well as La Sierra HS, Jurupa Valley HS, CAVA HS, and Excelsior Charter HS.

Students in various Dual Enrollment programs are required to complete the Norco College online application and print a copy of the confirmation page at the end of the process. The confirmation page should be submitted to the high school, along with a completed School/Parent Approval Form (available at each of the respective high schools), by the published application deadline.

For information regarding enrollment, deadlines, and restrictions, please visit the [Dual Enrollment webpage](#).

Extended Opportunity Programs and Services (EOPS)

The Extended Opportunity Programs and Services (EOPS) is a comprehensive academic support service program established in 1969 to assist students from economically and educationally disadvantaged backgrounds to achieve success in higher education.

EOPS students are eligible to receive the following services at Norco College:

- Academic/Career counseling
- Priority registration
- Textbook support
- Over and above tutoring
- Transfer assistance

Students must meet the following criteria in order to be considered for admission to EOPS:

- California resident/eligible AB 540 students
- Be enrolled Full-Time (12 or more units) during the semester you are accepted into EOPS (Fall/Spring semester). Disabled students cleared through DRC can take less than 12 units per semester.
- Completed less than 45 degree applicable units.
- Qualify for the California College Promise Grant (CCPG) ("A", "B", or "C" with a zero EFC)
- Demonstrate educational disadvantage

For more information, email eops@norcocollege.edu or call (951) 372-7128.

Cooperative Agencies Resources for Education (CARE)

CARE provides additional support services for EOPS students who are CalWORKs/TANF participants. The purpose of CARE is to increase students' educational skills, confidence and self-sufficiency, enhance their employability, and encourage success.

CARE students may be eligible to receive the following services:

- Academic, career, and personal counseling
- Student success and life skills workshops
- Child care assistance
- Transportation assistance
- Educational supplies
- Textbook support

Students must meet the following criteria in order to be considered eligible for CARE:

- An EOPS student who is 18 years old or older
- Enroll in 12 units or more
- A single parent/head of household with at least one child
- A CalWORKs/TANF participant receiving cash aid for themselves and/or children

For more information, email eops@norcocollege.edu or call (951) 372-7128.

NextUp - Previously known as Cooperative Agencies Foster Youth Educational Support Program (CAFYES)

NextUp provides additional support services for EOPS students who are current or former foster youth. The purpose of NextUp is to increase students' educational skills, confidence, and self-sufficiency, enhance their employability, and encourage success.

NextUp students may be eligible to receive the following services:

- Academic, career, and personal counseling
- Student Success and Independent Living Workshops
- Priority registration
- Assistance with financial aid

- Financial literacy training
- Health and mental health services
- Emergency loans
- Unmet need grants
- Transportation assistance
- Educational supplies
- Textbook support
- Technology support
- Food vouchers
- Work study employment opportunities
- Peer Mentors
- Emergency housing assistance
- Child care assistance

Students must meet the following criteria in order to be considered eligible for NextUp services:

- California resident for more than 1 year, or eligible for a non-resident tuition waiver.
- Qualify for the California College Promise Grant with a calculated Expected Family Contribution (EFC) of \$0.
- In foster care in California on or after their 13th birthday.
- Under the age of 26 at the beginning of the academic year.

For more information, call (951) 738-7743, visit the Phoenix Scholars Center (CSS 219), or email at phoenixscholars@norccollege.edu.

Food Services

When school is in session, the CORRAL is open for breakfast, lunch and dinner offering a diverse blend of fresh and seasonal food specials, vegetarian items, beverages and snacks.

Breakfast burritos, chicken tenders, and grab & go house-made salads, wraps, and sandwiches are always available. Cool off with Pepsi bottled beverages or perk up at our Peet's espresso and tea bar.

Hours of Operation:

Monday - Thursday: 7 am - 4 pm

Friday: 7 am - 2 pm

Saturday - Sunday: Closed

In addition, vending machines are conveniently located in the CORRAL.

Foster Youth Support Services (Phoenix Scholars)

Phoenix Scholars is a college and community collaborative designed to promote higher education and encourage success for students from foster care who face academic, economic, and personal challenges.

Services may include:

- Academic, career and personal counseling
- Assistance with financial aid (including the Chafee grant)
- Educational supplies
- Emergency housing assistance
- Emergency loans
- Food vouchers
- Life skills workshops
- Peer Mentors
- Priority registration
- Referrals to EOPS/SSS/student employment opportunities
- Referrals to on- and off-campus resources
- Technology support
- Textbook support
- Work study employment opportunities

Students must meet the following criteria to be eligible for services:

- Must be a current or former foster youth or "ward of the court"
- CA resident
- Enrolled at Norco College

For more information, call 951-738-7743, email phoenixscholars@norcocollege.edu, or visit the Phoenix Scholars Center (CSS 219).

Honors Program

RCCD offers an Honors Program at each of the colleges in the District: Riverside City College, Moreno Valley College, and Norco College. Each Honors Program offers an enriched academic experience for motivated students aiming to transfer to a four-year university or college. Our honors classes are small (2 students) and taught seminar style. Our students read challenging texts, write original arguments, participate actively in class, and often present their research at statewide conferences. The classrooms are active and dynamic, and the faculty can offer one-on-one mentoring. Honors students also become part of a close-knit community, going on field trips, taking many of the same classes, and often transferring together to the school of their choice.

To be eligible for the program, current RCCD students need:

- 2.75 GPA in nine transferable units.
- Eligibility for or completion of English 1A.
- Completed Honors Program application.
- Students will need to complete an Honors Program orientation before or during their first semester in the program.

To be eligible for the program, incoming high school students and all other 1st time college students need:

- 2.75 GPA
- Eligibility for or completion of English 1A.
- Completed RCCD application.
- Completed Honors program application.
- Students will need to complete an Honors Program orientation before or during their first semester in the program.

Benefits:

- Transfer agreements, including the UCLA TAP agreement.
- Smaller classes: honors classes have a maximum of 20 students and are taught seminar-style, emphasizing active student participation.
- Help in the transfer process: workshops, one-on-one mentoring, help from honors coordinators and faculty in preparing applications for university admissions and scholarships.
- Field trips: cultural activities, college visits, and other enrichment activities.
- Leadership opportunities. Students may serve as class advocates on the Honors Advisory Board, as a director on the Honors Student Board, or as a volunteer in outreach activities.
- Our Honors Community allows for informal study groups, personalized interaction with honors professors, access to transfer advice and research materials, and a general sense of belonging to a cohort of similarly-interested students.
- Scholarships and essay contests.

Health Services

Welcome to Student Health & Psychological Services at Norco College! We are here to support your health and well-being through both in-person and Telehealth appointments. Our goal is to help students make informed decisions about their health, since wellness is closely connected to academic success. Missing class due to preventable illness or stress can affect your performance, and our services are here to help you stay healthy and engaged.

Student Health & Psychological Services are available to all currently enrolled students taking at least one unit and who have paid the Student Health Fee.

Learn about how your privacy is protected. Review our Notice of Privacy Practices here: [Norco Notice of Privacy Practices HIPAA](#).

Location:

Wilfred J. Airey Library, Lower Level

Phone:

(951) 372-7046

Website:

[Health Services](#)

Wilfred J. Airey Library

To support the mission of the College, the Wilfred J. Airey Library at Norco College provides quality library services and access to a wide range of books, multimedia collections, and electronic resources, including academic journals, eBooks, course textbooks, magazines, newspapers and more. Visit the library in person or online via the [library website](#).

A librarian is on duty to provide instruction and assist with research or use of library materials during all open hours. The library also provides access to computers, laptops, printers, copiers, scanners, calculators, headphones, device charging stations, and group study rooms.

Library Hours:

During the fall and spring semesters, hours for the library are:

Monday - Thursday: 7:30 am - 8:00 pm

Friday: 7:30 am - 4:00 pm

Saturday: 9:00 am - 2:00 pm

During the summer and winter intersession, hours for the library are:

Monday - Thursday: 7:30 am - 6:00 pm

Library Contact:

Circulation Desk: (951) 372-7019

Reference Desk: (951) 372-7115

Reference Email: libraryhelp@norcocollege.libanswers.com

Reference Chat

The Wilfred J. Airey Library provides research instruction; quiet study areas; access to printers and photocopies; media playback equipment and computers. Computers are equipped with internet access and software for word processing, spreadsheets, and presentations. The Norco College ID Card functions as a library card for students, faculty, and staff. Students may also use driver's license, state ID, military ID, U.S. passport, Green Card, immigration card, or right to work cards if a student does not have a Norco College ID card.

Community members may purchase a library card for \$5 per academic term. Library faculty are available at the Reference Desk during hours of operation to provide research assistance and instruction to students and other library users.

Learning Resource Center

This is the place to be, if you are looking to study or locate academic support and resources.

Hours of Operation: Please contact the [LRC](#) at (951) 372-7143 for hours of operation.

LRC services include Tutorial Services, Math and Science Success Center, and the Writing and Reading Center.

Tutorial Services

Norco College Tutorial Services offers FREE tutoring for most college courses. Stop by the Learning Resource Center on the first floor of the Wilfred J. Airey Library.

For the most recent access and schedule information, please visit [our website](#).

Services currently offered: walk-in tutoring, one-on-one appointments, group appointments, embedded tutoring and study groups.

Appointments are available on a first-come-first-serve basis and are available depending on tutor availability and/or subject support.

Math and Science Success Center

Math and Science can be challenging, but we are dedicated to making it easier. The Math and Science Success Center is a walk-in resource for students to visit at their convenience. No appointment is necessary.

Writing and Reading Center

Peer writing tutors and English professors provide guidance while emphasizing the student's strengths. Tutors are able to assist students with writing assignments from any subject.

The Writing and Reading Center is a walk-in resource for students to visit at their convenience, without an appointment. The WRC is located in LIBG110, next to the LRC.

Men of Color (MoC) Scholars Program

The **Men of Color (MoC) Scholars Program** is designed to support our Men of Color students from the moment they start at Norco College until the time they graduate or transfer to a four-year university. We enhance our scholars' college experience through brotherhood, support, and resources needed to succeed in college and beyond through a personally assigned peer mentor and a supportive community of faculty, staff, and peers.

Our faculty design their classes to create an environment of care, understanding, and empowerment. The curriculum and program activities are focused on culturally relevant issues that pertain to the experiences and success of Men of Color in higher education.

Are you ready to learn more about MoC?

MESA Program (Mathematics, Engineering, & Science Achievement Program)

Are you pursuing a rigorous STEM career? If so, the Mathematics, Engineering, & Science Achievement Program (MESA) will serve as your personal *community* and *safety net* to help you navigate college life and prepare for transfer to a four-year university. The core mission of MESA is to serve income-eligible and first generation college students pursuing a calculus-based STEM degree. Let's face it, life as a STEM student is challenging as you face rigorous classes, laboratory work, and extra responsibilities beyond the classroom to ensure

you are a *competitive applicant* for four-year universities. MESA staff are here to help you not just survive but *THRIVE* as a STEM student!

Office of Student Life

The Office of Student Life is rich with activities, events, information, and resources, and acts as a focal point for service and leadership development programs.

Programs and Services

- Support for the Associated Students of Norco College
- Support for student clubs and organizations
- College social, recreational, cultural, and educational programming
- Community service and volunteer activities
- Food Pantry Services and Support
- Leadership development opportunities
- On-campus events
- Provides information and services to all students pertaining to scholarships, book loans, housing insecurity support, and athletics.
- Recycling program
- Student Ambassador program

These services enhance the educational experience of students and foster social, intellectual, and physical growth. The staff is firmly committed to actively promoting student involvement and development. The Office of Student Life is located in the Center for Student Success, CSS 202.

Outreach Services

Norco College Outreach Services is committed to serving, educating, and developing our community. Outreach encourages and empowers students to achieve their academic and occupational goals by guiding them through the college enrollment steps.

Outreach staff meet with students from local feeder high schools to facilitate informational sessions, classroom presentations about our programs and services, one-on-one student meetings, and participation in college fairs. Through outreach activities, we are able to guide prospective students through the enrollment steps including the application, assessment, and orientation processes.

For a campus tour or more information about Norco College, call (951) 739-7856.

Promise Program

The Norco College Promise Program provides up to two years of FREE tuition to all first-time full-time college students who meet certain eligibility requirements. Based on the results of their completed financial aid application, each student will participate in either the state program (CCPG) or our college program (NCPP):

California College Promise Grant (CCPG). Most students qualify for this state program which is administered through the Student Financial Services office as a form of financial aid. Continued eligibility is based on annual financial aid determination and maintaining good academic standing. The CCPG has more flexibility for students than our local program (for example, it allows students to enroll part-time and can be granted for more than two years), so students who receive the CCPG will not need to participate in the Norco College Promise Program.

Norco College Promise Program. Students who do not qualify for the state's CCPG program above will automatically be included in our local program, but they must fulfill the eligibility criteria outlined on the [website](#) (i.e., be a first-time student, apply for financial aid, enroll full-time, have CA residency, etc.).

For either program, students are responsible for the costs of books, supplies, materials fees, and any other non-tuition fees. (Note: many financial aid recipients receive additional funds to cover educational expenses like these in addition to receiving the CCPG.)

To learn more about the program, eligibility requirements and participation steps:

Visit the [Promise Program](#) website.

Email us at NorcoPromise@norcollege.edu.

PUENTE PROGRAM

Students enrolled in the PUENTE program work closely with their Counselor, English Instructor, and Mentors to prepare for transfer to four-year colleges and universities, with the ultimate goal that Puentistas return to their community as leaders and mentors.

The PUENTE counseling component provides academic, personal, and career advising to prepare students to transfer to a four-year college or university. The PUENTE Counselor teaches transfer-credit Guidance courses: GUI 47 in the fall. GUI 47 is a Career Exploration course that helps students choose the right major/career.

PUENTE's English component includes a college transfer-level English composition course (English-C1000) followed by a critical thinking and writing English course (English 1B). Both incorporate Latinx and multicultural writers to help students relate to the material while learning about their culture.

PUENTE's mentoring component offers students the opportunity to be connect with local professionals who graciously volunteer. Our community mentors support their students' college-going aspirations; they help guide and motivate their mentee's to build the social and cultural capital they will need for their future success as college students and career professionals.

Please check out our informational video about the Puente Program:

<https://youtu.be/8yleRGMGGjw?si=TpTI8XyEI3jyChg7>

After watching, if you are still interested in the Puente Program, please I invite you to fill out our interest form: <https://forms.office.com/r/s6v9CFHaLZ>

RCCD Study Abroad Program (RCCD-SAP)

The mission of the Riverside Community College District- Study Abroad Program (RCCD-SAP) is to provide RCCD students with opportunities to study outside of the United States and to bring global learning to the colleges. Through exposure to knowledge of global issues and skills in navigating global relationships, the goals of global learning are to aid students' competitiveness in a global workforce and to foster critical thinking about global issues. This may include travel, field study, internships, and service learning facilitated by faculty-led study abroad courses during the semesters and/or intersessions. Study Abroad offers unique opportunities to enroll in an academically rigorous program of study set in a variety of countries that enable students to participate in cross-cultural learning their role as part of the global community. Previous study abroad destinations included Italy, Spain, Egypt, Austria, Dublin, Shanghai, Costa Rica, Argentina, China, Japan, and many more. Study Abroad Program is your gateway to international travel. Make it happen!!

For more information, visit [our website](#), email study.abroad@rccd.edu, or call 951-222-8385.

The study abroad office is located at Riverside City College in the Digital Library, Room 418.

Student Government

Norco College has one of the most active student government programs in the country. The Associated Students of Norco College (ASNC), which is part of the Associated Students of Riverside Community College District, is the official student voice of the College and is responsible for an array of cultural, social, advocacy, and other co-curricular activities.

The student government is responsible for representing the social, political, and educational concerns of Norco College students. The main purpose of student government is to provide

student leaders with skills and resources beyond that which they acquire in the classroom. Interpersonal communication, budget control, entrepreneurial skills, creativity, and activity planning are just a few of the skills that our very active student leaders learn.

Students can become involved in ASNC by running for office, being appointed to vacant positions, or becoming involved in a wide range of other activities.

Norco College strongly encourages student participation. Students who wish to become involved should visit the Office of Student Life, Room 205A in the Center for Student Success (CSS), or visit [our website](#) to learn more.

Student Support Services Program, (TRIO, SSS RISE)

The Student Support Services Realizing Individual Success through Education program (S.S.S.RISE) is a federally funded TRiO program from the U.S. Department of Education, designed to assist disabled, low-income and/or first-generation college students with enhancing their academic skills increase retention/graduation rates and provide access and opportunities to higher education.

Services:

- Personal, academic, transfer and career counseling
- Tutorial Referrals: Personal one-on-one collaboration
- Workshops (in the areas of transfer information, career, study skills, scholarships)
- Transfer, financial aid and scholarship application assistance
- Field trips to four-year universities and cultural activities

Eligibility:

- Documented disabilities; for example, mobility impairments, psychological, learning, developmental, visual and hearing impairments, etc.
 - Citizen or permanent resident of the United States
 - First-generation college student (neither parent received a four-year degree) and/or low-income students by federal guidelines for income and family size
 - Show potential for future success in higher education, plan on completing an A.A. degree, certificate program, and/or transfer to a four-year college
 - Has a need for academic support (as determined by the S.S.S. RISE program)
 - Enrolled at Norco College with a minimum of 12 units
 - No more than 30 units completed
-

Student Support Services Program (S.S.S. STEM)

The Student Support Services Program STEM (S.S.S. STEM) is a federally funded TRiO program from the U.S. Department of Education, designed to assist low-income, first generation college students and/or disabled students with majors in the STEM fields. The S.S.S. STEM program works with students in enhancing their academic skills, increase retention/graduation rates and provides access and opportunities to higher education.

Services:

- Personal, Academic, Transfer, and Career Counseling
- Tutoring Referrals: Personal one-on-one collaboration
- Workshop (in the areas of transfer information, career, study skills, scholarships and STEM fields)
- Transfer, Financial Aid and Scholarship Application Assistance
- Field trips to four-year universities and cultural activities

Eligibility:

- Low-income students by federal guidelines for income and family size
- First-generation college students (neither parent received a four-year degree) and/or disabled
- Citizen or permanent resident of the United States
- Show potential for future success in higher education, plan on completing A.A. degree, certificate program
- Has a need for academic support (as determined by the S.S.S. STEM program)
- Enrolled at Norco College with a minimum of 12 units
- No more than 30 units completed

TriO Upward Bound Programs

Norco College has four Upward Bound Programs. Upward Bound Centennial, Upward Bound Corona, Upward Bound Norte Vista, and a new grant as of Fall 2023, Upward Bound Math, Science Norte Vista. The Upward Bound Programs provide high school participants attending our target schools with academic guidance, personal development and fundamental support to ensure they are prepared to enroll in a postsecondary institution following high school graduation. The Upward Bound Programs serves first-generation and low-income students attending: Centennial High School, Corona High School, and Norte Vista High School. Each Upward Bound Program is 100% federally funded through the U.S. Department of Education. For more information visit [our website](#).

Transfer Center

The Transfer Center is dedicated to assisting students with resources to enhance their academic success, ultimately leading to the attainment of individual educational goals.

We are committed to providing resources, information and services for students who are interested in researching transfer options to accredited baccalaureate four-year universities. Our services include:

- Transfer counseling
- Assistance in researching major course requirements
- Transfer advisement with local university admission officers
- Guaranteed Transfer Pathways:

- CSU Associate Degree for Transfer (ADT)
- UC Transfer Admission Guarantee (TAG)
- Transfer application assistance
- Transfer information workshops
- Transfer Fairs
- Trips to local universities

For more information call (951) 372-7043.

UMOJA

UMOJA is designed to increase academic success among all students at Norco College with an emphasis on the African-American population. A major key to student success is through fostering a sense of community. Through the linking of academic, social, and cultural offerings, the program UMOJA aims to promote student success as well as to develop leadership skills in its members.

Unity Zone

The Unity Zone at Norco College supports the holistic success of students by addressing academic, personal, and professional needs through an equity-centered and student-informed approach. The Unity Zone is committed to creating equitable access to educational and community resources, scholarships, and advocacy while fostering safe and brave spaces for undocumented students, AB 540 students, students from mixed-status households, LGBTQIA+ students, and allies.

Through culturally responsive and trauma-informed practices, the Unity Zone provides comprehensive support designed to remove institutional barriers and promote student persistence, belonging, and success.

Services may include:

- Academic, career, and personal counseling support
- Assistance with financial aid, including FAFSA and CA Dream Act (CADAA) applications
- Educational supplies and textbook support
- Emergency housing assistance and emergency loan support
- Life skills and professional development workshops
- Peer mentoring for undocumented and LGBTQIA+ students
- Referrals to campus programs and services such as EOPS, SSS, College Corps, and other special funded programs
- Referrals to on- and off-campus community resources
- Technology support
- Work-study and student employment opportunities
- Support connecting students to Pride Centers and Dream Centers at four-year universities
- Scholarship search and application support
- Free immigration legal services provided by TODEC

For more information regarding available resources or the Unity Zone, please email UnityZone-NC@norcocollege.edu, call (951) 739-7873, or visit the Unity Zone located in LRC G-115.

Veterans Resource Center

Norco College provides assistance to Veterans and VA dependents for the following benefit programs:

- | | | |
|--------------|---|--|
| Chapter 30 | - | Active Duty Educational Assistance Program |
| Chapter 31 | - | Veteran Readiness and Employment |
| Chapter 33 | - | Post-9/11 GI Bill® |
| Chapter 33TR | - | Post-9/11 GI Bill® Transfer to VA Dependents |

- Chapter 35 - Survivors and Dependents Educational Assistance Program
- Chapter 1606 - Selected Reserve Educational Assistance Program
- Chapter 1607 - Reserve Educational Assistance Program (REAP)

Veterans and eligible VA dependents seeking to use VA Educational Benefits should apply online to the United States Department of Veterans Affairs at www.vets.gov to request a Certificate of Eligibility. One copy should be submitted to the Veterans Resource Center office at Norco College to be included in your VA file. For questions regarding pay, status of Certificate of Eligibility, please call 1-888-GIBILL-1.

GI Bill® Trademark attribution citation. Complete information can be found at this [link](#). Verify all submitted documents and website advertisements are in compliance before submitting the application. The trademark symbol "®" should be placed at the upper right corner of the trademarked phrase in the most prominent place at first usage; such as the title of a brochure, form, or the very top of a Web page and the following trademark attribution notice must be prominently visible: "GI Bill®" is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official [U.S. government website](#).

While waiting for the Certificate of Eligibility, students are advised to complete Norco College's enrollment process such as completing the online admission application and if required, proceed with completing the placement survey and online orientation. All students are encouraged to submit the FAFSA application (Free Application for Federal Student Aid) online at www.fafsa.gov for additional financial assistance.

Before a VA Student Educational Plan (SEP) can be developed, all transcripts must be received by the College in order to have prior credit(s) evaluated. Transcripts must be official, sealed, and printed less than 90 days ago. Veterans are referred to a counselor to obtain a VA approved Student Educational Plan (SEP), which provides a list of acceptable courses that are payable by the VA. Norco College utilizes a platform entitled Mapping Articulated Pathways (MAP). MAP reviews Military Transcripts to issue possible college credit. Please ask the VRC staff for details. Students may then proceed to register for classes on or after their registration appointment as listed online through MyPortal. Check the VA website <https://benefits.va.gov/gibill> for a list of VA approved programs at Norco College.

A Veterans Intent & Statement of Responsibility (VISoR) must be completed and submitted to Veterans Resource Center in order to begin the process of certification. VISoRs may take two to three weeks during peak times for processing. **This form (VISoR) must be submitted to the Veterans Resource Center every term upon course enrollment in order to request VA benefits.**

Members or former members of the U.S. Armed Forces may be eligible for priority registration. Active Duty Military members are required to provide a valid Military ID and discharged Veterans must bring a copy of their DD214 (Certificate of Release or Discharge from Active Duty) to Veterans Resource Center to determine eligibility for priority registration. For additional information, contact Veterans Resource Center at (951) 372-7142 or email veterans.services@norcocollege.edu. Additional information is available at www.norcocollege.edu.

Norco College adheres to the Veterans Access, Choice, and Accountability Act of 2014 (VACA Act). For more information please see Military and Veteran Students and Family Members.

Graduation Requirements

The governing board of Riverside Community College District shall confer the associate degree or certificate of achievement upon the student who has completed the following requirements:

1. Residence Requirement

For an associate degree, students must complete 12 units in residence within the District.

For a certificate of achievement, students must complete 50% of the certificate's coursework at any of the colleges within the Riverside Community College District with 1 course completed at the college awarding the certificate.

For an apprenticeship certificate, registered apprentices must complete at least two terms of an approved registered apprenticeship program at Riverside Community College District, with a grade of "C" or better.

2. Grade Point Average Requirement

Completion of the requirements for the associate degree with a minimum cumulative grade point average of 2.0 in the degree-applicable courses. If units accumulated beyond those required for the degree lower a student's cumulative grade point average below 2.0, RCCD may compute the grade point average based solely on those courses used to satisfy the degree requirements, provided that the coursework used to compute the grade point average fulfill all major/area of emphasis and general education requirements.

If coursework is applied towards degree requirements from an institution using a "+/-" grading scale, the original grade points assigned by that institution as indicated on the transcript will be used to calculate the cumulative grade point average. Honors for graduation will be calculated in the same manner.

Each course in the associate degree's major requirements must be completed with a grade of "C" or better or a "P" if the course is taken on a "pass-no pass" basis.

Each course in a certificate of achievement must be completed with a grade of "C" or better or a "P" if the course is taken on a "pass-no pass" basis.

3. Unit Requirement

Associate of Arts and Associate of Science degrees require a minimum of 60 units of degree applicable coursework. Associate Degrees for Transfer (ADTs) require 60 units of CSU or UC transferable coursework.

Some courses are considered "non-degree applicable" and do not count towards the 60 unit minimum. For a listing of non-degree applicable courses and to see which courses are CSU-transferable, please see the Courses section of the catalog.

4. General Education Requirements

Students pursuing an associate degree must complete either the RCCD GE or Cal-GETC general education pattern. Students who wish to transfer are encouraged to see a counselor for advice in selecting the pattern that will best match their educational and

career goals.

Students who have been awarded a bachelor's degree from an institutionally-accredited institution in the United States will be exempt from the general education requirements should they pursue an Associate of Arts or Science degree at one of the District's colleges.

5. **Catalog Rights**

Graduation requirements apply to students who are enrolled for any term (summer, fall, winter, spring) indicated by this catalog: summer 2026 through spring 2027. Students who enrolled prior to this current year and who have maintained continuous enrollment have the option of meeting the current requirements or those in effect at the time their continuous enrollment began. Continuous enrollment is defined as attendance of one term during each academic year.

6. **Academic Coursework Taken at Other Colleges and Universities**

Transcripts from other accredited institutions, submitted as official documentation of a student's record, must be provided in one of the following ways:

Electronic official transcripts: Sent directly from the issuing institution to the Admissions & Records office at the student's home college via a secure electronic transcript service.

Moreno Valley College: etranscripts@mvc.edu

Norco College: admissions@norcocollege.edu

Riverside City College: admissionsriverside@rcc.edu

Paper official transcripts: Must be in a sealed envelope from the issuing institution and submitted in-person or via mail to the Admissions & Records office at the student's home college.

Moreno Valley College Attn: Admissions & Records 16130 Lasselle Street Moreno Valley, CA 92551-2045

Norco College Attn: Admissions & Records 2001 Third Street Norco, CA 92860-2600

Riverside City College Attn: Admissions & Records 4800 Magnolia Avenue Riverside, CA 92506-1299

Course credit is accepted from institutionally accredited institutions. Credit from institutions that are in candidacy status will be accepted once full accreditation is granted. Coursework completed within the two years preceding full accreditation will also be applicable toward an associate degree.

7. **Application for Graduation**

Students planning to earn a degree or certificate should submit an Application for Graduation during the application period for the term in which they expect to complete their requirements. Application periods typically begin at the start of each academic term and close on the published deadline for that term. Students who plan to participate in the commencement ceremony must submit their Application for Graduation by the published commencement participation deadline.

The college may also award degrees or certificates when all requirements have been met, even if an Application for Graduation has not been submitted. Students may earn more than one degree at the college.

Scholastic Honors at Commencement

Honors at commencement will be awarded to students with a cumulative GPA of 3.30 or higher. Their names are listed in the commencement program as receiving the Associate Degree with Distinction (3.30 GPA) or with Great Distinction (3.70 GPA). A gold tassel will be worn by students graduating with honors. Coursework taken during the final spring semester will not be used to calculate honors at commencement. Grade point averages are not rounded up. If coursework taken at one or more accredited colleges is used to satisfy degree requirements, the overall cumulative grade point average will include the combination of all grades from all transcripts used.

Requirements for Transfer to a Four-Year College or University

Norco College offers programs of study that align with the first two years (freshman and sophomore levels) at most four-year colleges and universities. Information on many of the four-year universities can be found in the Career Transfer Center. Requirements for admission, general education, and major preparation are different at each four-year institution so it is important to make an appointment to meet with a counselor during your first semester to develop a Student Educational Plan (SEP), which will list all the required courses to reach your goal.

For more information, please visit [Norco College's Articulation website](#).

California State University (CSU)

CSU Minimum Admissions Requirements

1. Complete a minimum of 60 CSU-transferable semester units or 90 transferable quarter units.
2. Obtain a minimum 2.0 GPA. GPA requirements may be significantly higher if the campus or the major is impacted.
3. Must be in good standing at the last college or university attended. In other words, "good standing" means you are eligible to re-enroll at your last college or university.
4. Complete at least 30 semester units (or 45 quarter units) of courses equivalent to general education requirements with grades of "C-" or better. The 30 units must include the "Golden Four" (Oral Communication; Written Communication; Critical Thinking and Composition; and Mathematics and Quantitative Reasoning).

It is highly recommended that students complete the Cal-GETC certification pattern prior to transferring to the CSU system.

University of California (UC)

UC Minimum Admission Requirements

Upper Division Transfer students will be eligible for admission if they meet the following requirements:

1. Complete a minimum of 60 UC transferable semester units or 90 transferable quarter units. No more than 14 semester (21 quarter) units of the 60 semester (90 quarter) units may be taken pass/fail or credit/no credit.
2. Obtain a minimum 2.4 GPA (2.8 for California non-residents). At many UC campuses, admission is competitive and the required GPA can be significantly higher.
3. Complete the following course pattern with a grade of "C" or better in each course:
 - a. Complete two transferable college courses in English Composition (three semester units or four to five quarter units each).
 - b. Complete one transferable course in mathematical concepts and quantitative reasoning (three semester units or four to five quarter units each).

- c. Complete four transferable college courses (three semester units or four to five quarter units each) from at least two of the following subject areas: arts and humanities, social and behavioral sciences, physical and biological sciences.
4. Complete the required/recommended courses needed for your intended major with the minimum grades. Visit ASSIST to see the major preparation coursework expected by each campus.

The majority of UC campuses give high priority to students who have completed major preparation courses. Students who complete the California General Education Transfer Curriculum (Cal-GETC) pattern prior to transfer to the UC system will satisfy the transfer eligibility coursework listed in item #3 above.

Cal-GETC Certification

Completion of the California General Education Transfer Curriculum (Cal-GETC) will permit a student to transfer to a campus in either the California State University (CSU) or University of California (UC) System without the need, after transfer, to take additional lower-division general education courses to satisfy campus general education. Courses used for Cal-GETC certification must be completed with grades of "C" or better and must be a minimum of 3 semester or 4-5 quarter units. Grades of "C-" are not acceptable. A course cannot be certified unless it was on the Cal-GETC list during the year when it was taken. Students beginning in Fall 2026 must follow the 2026-2027 Cal-GETC requirements. Advanced Placement (AP) and International Baccalaureate (IB) test credit and coursework completed at U.S. colleges and universities whose accreditation is approved by ICAS may be used to fulfill some Cal-GETC requirements. Coursework must be evaluated through the office of evaluations or by the Norco College articulation officer. International coursework may only be applied to Cal-GETC if the international institution has United States accreditation from an ICAS approved accreditor. All other international coursework cannot be applied to Cal-GETC.

ICAS Approved Accreditors:

- Accrediting Commission for Community and Junior Colleges (ACCJC) Western Association of Schools and Colleges
- Higher Learning Commission (HLC)
- Middle States Commission on Higher Education (MSCHE)
- New England Commission of Higher Education (NECHE)
- Northwest Commission on Colleges and Universities (NWCCU)
- Southern Association of Colleges and Schools Commission on Colleges (SACSCOC)
- WASC Senior College and University Commission (WSCUC)

UC Cal-GETC Limitation

Some of the UC campuses do not accept or recommend Cal-GETC for certain majors (e.g., Engineering, Sciences). Students should consult with a counselor to determine the most appropriate general education pattern for their major and intended transfer institution.

How to Request Certification

Students can apply for Cal-GETC certification at the last community college attended prior to transfer. Students can request Cal-GETC certification on the transcript request form found in the admissions and records department or through their MyPortal account.

Students who have maintained catalog rights prior to 25-26, who already completed the CSU GE or IGETC pattern prior to Fall 25, or who previously completed an ADT may be eligible for CSU GE or IGETC certification. Students should meet with a counselor for more information.

Major Preparation Courses for Transfer

For each major at a four-year institution, there are lower-division (freshman and sophomore level) major preparation requirements. Students should complete as many lower-division major courses as possible prior to transfer. Each four-year university has its own programs and major requirements. It is recommended that students see a counselor, on a regular basis, to determine the courses needed to transfer to CSU, UC or a private university.

ASSIST

Major preparation courses for CSU, UC, and select private university campuses can be found on ASSIST (www.assist.org). ASSIST is an online student-transfer information system that shows how course credits earned at a California Community College can be applied when transferred to CSU, UC, and select private university campuses.

Private and Out-of-State College and Universities

Each private or out-of-state college/university has a unique set of requirements for admission and for graduation. Students looking to transfer to a private, independent or out-of-state college/university, students should meet with a counselor to see if an articulation agreement exists with their school of interest. Some private and out-of-state universities do accept the Cal-GETC pattern. Students should check with a counselor to see if this is the case with their school of interest. If there is no articulation agreement with the school, students may need to contact the school's admissions office for more information. After researching the transfer admission requirements, students are encouraged to follow up with a Norco College counselor or a representative from the school of interest. The Association of Independent California Colleges and Universities is a good source of information for private four-year institutions in California. Their website can be accessed [here](#).

RCCD General Education Requirements

Area 1: English Composition, Oral Communication and Critical Thinking (7-8 units)

Area 1A: English Composition (4 Units): **ENGL** C1000/C1000H

Area 1B: Oral Communications and Critical Thinking (3-4 Units): **ALR** 4; **COMM** C1000/C1000H, 2, 3, 6, 9/9H; **ENGL** C1003/C1003H; **PHI** 11

Area 2: Mathematical Concepts and Quantitative Reasoning (3-4 units)

CIS 5, 7, 14A, 17A, 18A, 30A, 70A; **CSC** 5, 7, 8, 14A, 17A, 18A; **MATH** C2210/C2210H, C2220, 1C, 2, 3, 5, 9, 10, 11, 23, 25, 26, 32, 36, 70A, 70B; **PHI** 32; **PSYC** 48, 50; **SOC** 48, 50; **STAT** C1000/C1000H

(Students who previously completed MAT 35 or 53 or equivalent have satisfied this requirement.)

Area 3: Arts and Humanities (3-5 units)

ADM 1, 62, 77A; **ARTH** C1100/C110H, C1200/C1200H, 3, 4, 5, 6, 6H, 7, 8, 9, 10, 11, 12, 13, 14, 15; **ARA** 1, 2, 3, 8, 11/11H; **ARE** 36; **ART** 6/6H, 11, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25A, 25B, 26, 27, 28A, 28B, 30A, 30B, 34, 35A, 35B, 36A, 36B, 38, 39, 40A, 40B, 41A, 41B, 42A, 42B, 43A, 43B, 44A, 44B, 44C, 45, 46, 47, 48A, 48B, 49A, 49B, 50A, 50B, 51A, 51B; **ASL** 1, 2, 3, 4, 22; **CHI** 1, 2, 11; **CIS** 59; **COMM** 7, 11, 12; **DAN** 6/6H, 7, 8, 9; **ENGL** C1003/C1003H, 6, 7, 8, 9, 10, 11, 12, 14, 15, 16, 17ABC, 18, 20, 23, 24, 25, 30, 34, 35, 38ABC, 40, 41, 44, 45, 48; **ESL** 49, 50; **ETS** 13; **FRE** 1, 2, 11; **FST** 1/1H, 2, 3, 4, 5; **FTV** 12, 38A, 38B, 41, 42, 44A, 45A, 48, 51A, 51B, 52, 53, 64A, 65, 67, 68, 71A, 72, 74, 77, 79; **GAM** 2; **HIST** 1, 2/2H; **HUM** 4/4H, 5/5H, 8, 9, 10/10H, 11, *16, 18, 20ABC, 23, 35; **ITA** 1, 2, 3, 11; **JPN** 1, 2, 3, 4, 11; **MUS** 1, 3, 4, 5, 6, 8A, 8B, 9, 10, 11, P11, 12, P12, 19/19H, 22, 23, 25, 26, P27, 28, P28, 29, 30, 31, 32A, 32B, 32C, 32D, P32A, 33, 35, 36, P36, 37, 38, 39, 40, 41, 42, 43A, 43B, 43C, 44, P44, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 65, 66, 67, 68, 69, 70, P70, 71, 72, 73, 74, 75, 76, P76, 77, P77, 78, 79, 80, 81, 82, 83, 84, P84, 85, 86, 87, 88, 89/89H, 92, 93, 94, 95, 97, 98, 101; **PHI** 10/10H, 12, 13, 14, 15, 19, 22, 33, 34, 35, 36; **PHO** 8; **RUS** 1, 2, 3, 11; **SPA** 1, 2/2H, 3, 4, 8, 11, 12; **THE** 2, 3, 4, 5, 6, 9, 25, 26, 29, 30, 32, 33, 34, 35, 36, 37, 38, 39, 41, 44, 46, 48, 49, 54, 55, 56, 57, 58;

Area 4: Social and Behavioral Sciences (3 units)

ADJ 1, 1H, 3, 3H, 9, 9H; **ANT** 2/2H, 3, 4, 5, 6, 7, 8, 10, 16; **ARA** 11/11H; **ASL** 22; **CHE** 17; **CHI** 11; **COMM** 6, 9/9H, 12, 13, 20; **EAR** 20; **ECON** C2001/C2001H, C2002/C2002H, 4, 5, 6, 9/9H, 10; **ETS** *2, *14, *15, *21, *23, 27, *28, *29, 44; **FRE** 11; **GEG** 2, 3, 4, 6, 7, 8, 30ABCD; **HIST** *C1001/*C1001H, *C1002/*C1002H, 1, 2/2H, 11, 12, *14, *15, 19, 21, 22, 25, *26, *28, *29, *31, 32, 33, *34, 35, 42, *44; **HMS** 4, 5, 6, 7, 8, 13, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 36, 38, 39, 41, 42, 43, 44, 46, 47, 48, 50, 51, 52, 53, 60, 61, 62, 69, 71; **ITA** 11; **JPN** 11; **MIL** 1, 2; **POLS** *C1000/*C1000H, 2/2H, 3, 4/4H, 5, 6, 8, 10, 11, 13, 14, 17, 20, *21, *23; **PSYC** C1000/C1000H, 8, 9, 10, 11, 33, 35/35H, 48, 50; **RUS** 11; **SOC** 1/1H, 2, 3, 10/10H, 12, 15, 20, 23, 25, 48, 50; **SPA** 11, 12;

Area 5: Natural Sciences (3-5 units)

ANT 1/1H; **AST** 1A, 1B; **BIO** 1/1H, 3, 4, 5, 6, 7, 8, 9, 10, 14, 15, 16, 18, 19, 20, 21, 31ABCDE, 40, 45, 50A, 50B, 55, 60/60H, 61, 85; **CHE** 1A/1AH, 1B/1BH, 2A, 2B, 3, 10, 12A, 12B; **GEG** 1 or 1H, 1L, 5; **GEO** 1, 1/1L, 1B, 2, 3, 5, 30A, 30B, 31, 32; **OCE** 1, 1/1L; **PHS** 1, 5; **PHY** 2A, 2B, 4A, 4B, 4C, 4D, 10, 11; **PSYC** 2, 2H;

(Waivers granted for COS 60C, 60C1+60C2, and ELE 21)

Area 6: Ethnic Studies (3 units)

ETS 1, 3, 7, 8, 13, *14, *15, *21, *23, *44; **HIST** *14, *15, *44; **PHI** 14; **POLS** *21, *23;

Area 7: Lifelong Learning and Self-Development (2 units)

Choose a minimum of 2 units from any of the following:

ALR 3; **BIO** 35; **DAN** (any class with a D); **GUI** 47, 48; **HES** 1; **KIN** (any course with an A or V); **KIN** 4, 6, 12, 23, 27, 28, 29, 30, 33, 34, 35, 36, 38; **LIB** 1; **MUS** 48, 49, 59, 60, 61, 66; **PSYC** 10, 11;

Note: Students are exempt from the self-development requirement when they complete the Anesthesia Technology, Cosmetology program, Registered or Vocational Nursing program, Basic Peace Officer Training Academy, the Firefighter Academy, Dental Hygiene, or EMS program. Five units will be awarded, of which 2 units will be awarded towards fulfillment of RCCD GE Area 7: Lifelong Learning and Self Development, upon presentation of an official Joint Services Transcript or Community College of the Air Force Transcript as evidence of completion of basic training. Military transcripts are evaluated based on the recommendations of the ACE Military Guide. Credit may be used to fulfill RCCD GE, area of emphasis, certificate, or elective degree requirements.

*Course also meets the CSU Graduation Requirement in either United States History (US-1), or United States Constitution, and Government (US-2) or California state and local government (US-3).

Notes:

- Courses cannot be double-counted to satisfy more than one area, even if a course is listed in more than one area.
- There may be transfer limitations of credits based on institutional accreditation, course modality, AP/IB, CLEP and other forms of CPL, and any other relevant factors – please consult with a counselor to discuss any such limitations.

Norco College

California General Education Transfer Curriculum (Cal-GETC)

The 2025-2026 Cal-GETC requirements are listed below. This page will be updated with the 2026-2027 requirements when they become available.

Completion of the California General Education Transfer Curriculum (Cal-GETC) will permit a student to transfer from a community college to a campus in either the California State University (CSU) or University of California (UC) system without the need to take additional lower-division general education courses. For certain majors at some of the UC campuses it may be more advantageous to complete a campus-specific general education pattern. Cal-GETC certification is valid for community college transfer students only. This is the approved list for courses taken Fall 2025 through Summer 2026. A course can only be certified if it was approved for Cal-GETC when it was completed. Students who completed IGETC-approved courses prior to Fall 2025, including courses that are no longer active in assist.org, may apply those courses in the same Cal-GETC area(s) for certification.

Note: Riverside City College and Moreno Valley College are separate colleges and the courses that are approved for Cal-GETC may vary. Students who wish to take courses at another institution and apply them towards Cal-GETC should always first consult with a counselor to make sure the course will fulfill the intended requirement.

Transfer students will receive Cal-GETC certification after completing all of the subject areas below with a min. "C" grade or better (A grade of "C-" is not acceptable.)

Area 1 - English Communication

(min. 9 semester or 12 quarter units)

3 courses required; Select one from each group:

Area 1A - English Composition: **ENGL** C1000 or C1000H

Area 1B - Critical Thinking - English Composition: **ALR** 4; **ENGL** C1003 or C1003H; **PHI** 11

Area 1C - Oral Communication: **COMM** C1000 or C1000H

Area 2 - Mathematical Concepts and Quantitative Reasoning

(min. 3 semester or 4 quarter units)

Select one course:

MATH C2210** or C2210H**, C2220, 1C, 2, 3, 5**, 9**, 10**, 11**, 25, 70A, 70B; **PSYC/**
SOC 48; **STAT** C1000**/C1000H**

Area 3 - Arts and Humanities

(min. 6 semester or 8 quarter units)

Select two courses: one course from 3A and one course from 3B:

Area 3A - Arts: **AHS** 1, 2/2H, 4, 5, 6/6H, 7, 8, 9, 10, 12, 13, 14, 16, 18, 20; **ARE** 35, 36; **ART** 6/6H; **DAN** 6/
6H; **GAM** 2; **MUS** 3, 19/19H, 23, 25, 89/89H; **THE** 3, 9, 29

Area 3B - Humanities: **AHS** 4; **CHI** 11; **ENGL** 6, 7, 8, 9, 14, 15, 16, 18, 20, 23, 24, 25, 30, 35, 40, 41, 44, 45, 48,
66; **ETS** 2, 13, 14; **FRE** 2, 8; **HIS** 1, 2, 6/6H, 7/7H, 14, 25, 26, 31, 34; **HUM** 4/4H, 5/5H, 8, 9, 10/10H, 11, 16, 18,
23, 35; **PHI** 10/10H, 12, 18, 19, 22, 33, 34, 35, 36; **SPA** 2, 3, 4, 8, 11, 12

Area 4 - Social and Behavioral Sciences

(min. 6 semester or 8 quarter units)

Select two courses from two academic disciplines:

ADJ 1/1H, 3, 9/9H; **ANT** 1/1H, 2/2H, 3, 4, 5, 6, 7, 8; **COMM** 9/9H, 12, 13, 20; **EAR** 20; **ECO** 4, 7/7H, 8/
8H; **ETS** 1, 2, 3, 7, 8, 14, 21, 23, 27; **GEG** 2, 3, 4, 6; **HIS** 1, 2, 6/6H, 7/7H, 14, 25, 26, 31,
34; **JOU** 7; **POLS** C1000/C1000H, 2, 4/4H, 5, 11, 13, 20, 21, 22, 23; **PSYC** C1000/C1000H, 2, 8, 9, 11, 33, 35/
35H, 50; **SJS** 110; **SOC** 1/1H, 2, 3, 10/10H, 12, 15, 20, 50

Area 5 - Physical and Biological Sciences

(min. 7 semester or 9 quarter units)

Select at least one Physical and one Biological Science course.

One of the two courses must include a corresponding lab - see underlined courses.

5A - Physical Science: **CHE** 1A, 1B, 2A**, 2B, 3**, 10**, 12A, 12B; **GEG** 1/1H, 1L (has a corequisite of GEG 1 or 1H), 5; **PHS** 1**; **PHY** 2A**, 2B**, 4A**, 4B**, 4C**, 10**, 11

5B - Biological Science: **ANT** 1/1H, 1L (has a corequisite of ANT 1 or 1H); **BIO** 1/1H, 3, 4, 5, 7, 8**, 10**, 16, 18, 19**, 21, 45, 50A, 50B, 55, 60, 61; **PSYC** 2

5C - Science Laboratory: This requirement is satisfied by completion of any course in 5A or 5B with a laboratory. Lab courses are underlined.

Area 6 - Ethnic Studies

(min. 3 semester units for 4 quarter units)

Select one course:

ETS 1, 3, 7, 8, 14, 21, 23; **HIS** 14; **POLS** 21, 23

Note: ETS-1, 3, 7, or 8 will count towards Cal-GETC area 6 if taken at Norco through Summer 2027.

CSU Graduation Requirement Only in United States History, Constitution, and Government: (Not required for Cal-GETC)

Although this is not part of the Cal-GETC requirements, it is a CSU graduation requirement that you can complete at a community college before you transfer. ETS-2, HIS-6/6H, 7/7H, 31, or 34 may also be used towards area 3B or 4. HUM-16 may also be used towards area 3B. HIS-61 or POLS-C1000/C1000H or may also be used towards area 4. ETS/POLS-21 may also be used towards area 4 or 6. ETS/HIS-14 may also be used towards area 3B or 4 or 6.

US-1 - U.S. History: **ETS** 2, 14; **HIS** 6/6H, 7/7H, 14, 31, 34, 61; **HUM** 16

US-2 - Constitution and Government: **ETS** 21; **POLS** C1000/C1000H, 21

Note: Norco College's POLS-C1000/C1000H or ETS/POLS-21 fulfills the CSU graduation requirement in both U.S. government and California state and local government. Students who have completed ETS/POLS-23, or who have received a score of 3 or higher on the AP U.S. Government and Politics exam, or who have taken a U.S. government class at an out-of-state institution may have fulfilled the U.S. government requirement but will still need to fulfill the California state and local government in order to graduate from the CSU.

UC Graduation Requirement Only - Language Other Than English (Not required for Cal-GETC)

Although not part of Cal-GETC, CCCs may certify completion of Language other than English (LOTE) for those students pursuing the Cal-GETC pattern, given that some UCs may require LOTE for graduation and accept certification from CCCs. FRE-2, SPA-2, 3, or 4 may also be used to fulfill Cal-GETC area 3B.

Select one course: **ARA** 1; **ASL** 1; **CHI** 1, 2; **FRE** 1, 2; **SPA** 1, 2, 3, 4

or Proficiency equivalent to two years of high school in the same language. (Students from non-English speaking countries should see a counselor for language proficiency equivalencies.)

Cal-GETC Advisement: Former UC, CSU and students with coursework from other four-year institutions, including outside the U.S., should consult with a counselor to determine whether they should complete Cal-GETC or the lower-division general education requirements at the campus they plan to attend.

For the UC: Students who initially enroll at a UC campus, then leave and attend a California Community College, and subsequently return to the same UC campus, are considered "re-admits" by the UC. Such students cannot use Cal-GETC. However, students who enroll at a UC campus, then leave and attend a California Community College, and subsequently return to a different UC campus may use the Cal-GETC pattern. It is recommended that students meet with a counselor to discuss possible further Cal-GETC limitations.

Notes:

1. Courses **cannot** be double-counted to satisfy more than one Cal-GETC area, even if a course is listed in more than one Cal-GETC area.
2. ** UC limits transfer credit for some courses. Students may review the UC Transfer Course Agreement (TCA) with a counselor for information on course limitations.
3. A grade of "P" in approved coursework taken as Pass/No Pass through RCCD is acceptable for Cal-GETC certification. It is important to keep in mind that some CSU and UC campuses may have limitations on the number of "Credit/No Credit" ("Pass/No Pass") courses that may be used to meet degree requirements. The UC system allows a maximum of 14 semester units graded "Pass/No Pass" (Credit/No Credit) basis of the 60 transferable semester units required for admission. There is no system-wide policy for CSU campuses. Therefore, each campus has established its own policy on limitations of courses transferred with grades of "Credit/Pass". No more than 14 semester units (21 quarter units) of Pass/No Pass (Credit/No Credit), excluding credit by examination, may be used toward Cal-GETC certification.
4. Some of the UC campuses do not accept or recommend Cal-GETC for certain majors, (i.e. Engineering, Math, Sciences). Students should consult with a counselor to determine the most appropriate general education pattern for their major and intended transfer institution.
5. For any new student who begins at a California Community College in Fall 2025 or beyond, Cal-GETC is the singular general education pattern for transfer to a CSU or UC. Students with continuous enrollment prior to 25-26, who already completed the CSU GE or IGETC pattern prior to Fall 25, or who previously completed an ADT may be eligible for CSU GE or IGETC certification. Students should meet with a counselor for more information.
6. There may be transfer limitations on certain types of credits - please consult with a counselor to discuss any such limitations.
7. It is highly recommended to make an appointment with a counselor to complete a student educational plan (SEP).

General Education

General education is available at each college that makes up the District. A person informed through general education about the conceptual schemes of the arts, humanities and sciences, who comprehends the structure of society and who thinks clearly about the individual and society will have the tools by which he or she may function efficiently. Such an individual is encouraged to utilize these tools in developing a conception of a commitment to a good life involving able and responsible citizenship, moral and humane relationships, and appreciation of the democratic processes and the culture which sustains our society.

Specifically, the colleges offer all of their students a pattern of courses designed to produce an awareness of self and to provide a:

- basic competence with the English language in its written and spoken form
- minimum competence in mathematics
- knowledge of American history and governmental institutions
- regard for health, mental and physical, of oneself and of the community at large
- grasp of the principles of the major divisions of human studies, humanities and science with some understanding of basic disciplines and methodologies
- knowledge in some depth of one subject area

General Education Student Learning Outcomes

General education prepares students to be able to demonstrate an understanding of how knowledge is discovered and constructed in the natural sciences, the social and behavioral sciences, the humanities, and language and rationality. Students will understand the methods of inquiry that underlie the search for knowledge in these fields. In addition, students will gain demonstrable skills in four broad interdisciplinary areas.

Critical Thinking

Students will be able to demonstrate higher order thinking skills about issues, explanations, and problems for which multiple solutions exist, and, where possible, solve them. Students will be able to construct sound arguments and develop, test, and evaluate rival hypotheses.

Information Competency and Technology Literacy

Students will be able to use technology to locate, organize, and evaluate information. They will be able to locate relevant information, judge the reliability of sources, and evaluate the evidence contained in those sources as they construct arguments, make decisions, and solve problems.

Communication

Students will be able to communicate effectively in diverse situations. Be able to create, express and interpret meaning in oral, visual and written forms. Will also be able to demonstrate quantitative literacy and the ability to use graphical, symbolic and numerical methods to analyze, organize, and interpret data.

Self-Development and Global Awareness

Students will be able to develop goals and devise strategies for personal development and well-being. Be able to demonstrate an understanding of what it means to be an ethical human being and effective citizen in their awareness of diversity and various cultural viewpoints.

The General Education Student Learning Outcomes were approved by the Board of Trustees on September 18, 2012. The Critical Thinking Student Learning Outcome was approved for revision by the Board of Trustees on November 18, 2025.

Credit for Prior Learning

Students may demonstrate proficiency in a course eligible for Credit for Prior Learning and receive college credit through the approved alternative methods for awarding credit listed below:

- Achievement of a satisfactory score on an Advanced Placement (AP) examination
- Achievement of a satisfactory score on a high-level International Baccalaureate (IB) examination
- Achievement of a satisfactory score on the College Level Examination Program (CLEP)
- Evaluation of Joint Service Transcripts (JST)
- Achievement of an examination administered by other agencies approved by the District
- Evaluation of industry recognized credential documentation
- Evaluation of work-based learning
- Evaluation of student-created portfolios
- Satisfactory completion of an institutional examination, known as Credit by Examination, administered by the college in lieu of completion of an active course listed in the current college catalog
- High school articulation agreements
- Evaluation of noncredit or professional development learning

Eligibility for and Limitations on Credit for Prior Learning

- The student must be currently enrolled and in good standing in the District, and have completed not less than 12 units or 50% of certificate coursework at Riverside Community College District with an overall grade point average of at least 2.0 (C). This requirement does not apply to Advanced Placement and other approved standardized examinations.
- The student must have previously earned credit or noncredit from the District or be currently registered in the District
- The course(s) to be considered are listed in the current college Catalog of the student's home college
- The student is not currently or previously enrolled in the course(s) to be considered or challenged
- A maximum of 45 units may be granted for Credit for Prior Learning
- Students shall be given the opportunity to accept, decline, or appeal the determination of Credit for Prior Learning.
- Credits acquired by examination shall not be counted in determining the 12 semester hours of credit in residence (or 50% of certificate coursework) required for an Associate degree.
- Credits acquired by examination are not applicable to meeting unit load requirements such as Selective Service deferment, Veterans, CalWORKS, EOPS (and other special programs), or Social Security benefits.
- Credit for Prior Learning may not be available for all course offerings and is contingent upon discipline curricular decisions as approved by the Office of Academic Affairs.

For more information on credit for prior learning, see the complete Board Policy:

BP 2235: Credit for Prior Learning

Reference:

Title 5 Section 55050

Credit may be earned by students who satisfactorily pass an assessment, determined by faculty in the district-wide discipline, which may include:

- Approved external standardized examinations, such as Advanced Placement (AP), International Baccalaureate (IB), College-Level Examination Program (CLEP)
- Credit by examination
- Evaluation of Joint Services Transcripts (in the case of military service)
- Student-created portfolios
- Industry credentials and experience
- Work-based learning
- High school articulation
- Noncredit or professional development learning

The Chancellor, in consultation with the District Academic Senate, shall establish procedures to implement this policy.

Also see AP 2050 Articulation and AP 2236 Advanced Placement Credit.

AP 2235: Credit For Prior Learning**References:**

Education Code Section; 66025.71, 66700, 70901, Sections 70901 and 70902

Title 5 Sections 55002, 55023, 55021, 55025, 55052, 55052

Policies pertaining to Credit for Prior Learning (CPL) must be published in each College catalog of the District. The District must also review its Credit for Prior Learning policy every three years and report particular findings specified in Title 5 Section 55050 subdivision (l) to the California Community Colleges Chancellor's Office.

Students may demonstrate proficiency in a course eligible for Credit for Prior Learning and receive college credit through the approved alternative methods for awarding credit listed below:

- Achievement of a satisfactory score on an Advanced Placement (AP) examination
- Achievement of a satisfactory score on a high-level International Baccalaureate (IB) examination
- Achievement of a satisfactory score on the College Level Examination Program (CLEP)
- Evaluation of Joint Service Transcripts (JST)
- Achievement of an examination administered by other agencies approved by the District
- Evaluation of industry recognized credential documentation
- Evaluation of work-based learning
- Evaluation of student-created portfolios
- Satisfactory completion of an institutional examination, known as Credit by Examination, administered by the college in lieu of completion of an active course listed in the current college catalog
- High school articulation agreements
- Evaluation of noncredit or professional development learning

Course credit may be awarded to a student for prior learning only for individually identified courses with subject matter similar to that of the individual's prior learning, and only for a course listed in the home college catalog. Credit shall be applied as appropriate to the California Intersegmental General Education Transfer Curriculum, California State University General Education Breadth, and local community college general education requirements, or requirements for a student's chosen program. Award of credit may be applied to electives for students who do not require additional general education or program credits to meet their goals.

Eligibility for and Limitations on Credit for Prior Learning

- The student must be currently enrolled and in good standing in the District, and have completed not less than 12 units or 50% of certificate coursework at Riverside Community College District with an overall grade point average of at least 2.0 (C). This requirement does not apply to Advanced Placement and other approved standardized examinations.

- The student must have previously earned credit or noncredit from the District or be currently registered in the District
- The course(s) to be considered are listed in the current college Catalog of the student's home college
- The student is not currently or previously enrolled in the course(s) to be considered or challenged
- A maximum of 45 units may be granted for Credit for Prior Learning
- Students shall be given the opportunity to accept, decline, or appeal the determination of Credit for Prior Learning.
- Credits acquired by examination shall not be counted in determining the 12 semester hours of credit in residence (or 50% of certificate coursework) required for an Associate degree.
- Credits acquired by examination are not applicable to meeting unit load requirements such as Selective Service deferment, Veterans, CalWORKS, EOPS (and other special programs), or Social Security benefits.
- Credit for Prior Learning may not be available for all course offerings and is contingent upon discipline curricular decisions as approved by the Office of Academic Affairs.

Credit For Prior Learning Grading Policy

- Grading shall be according to the regular grading system in accordance with Administrative Procedure 2230 Grading and Academic Record Symbols
- Students shall be offered a "Pass & No Pass" option, in accordance with Administrative Procedure 2230[A] Pass & No Pass Grading Option, if that option is ordinarily available for the course
- Students shall be given the opportunity to accept, decline, or appeal the grade assigned by the faculty, and in cases of Credit by Examination, pursuant to AP 2230 Grading and Academic Record Symbols and AP 2231 Grade Changes

Transcription of Credit for Prior Learning

- The student's academic record shall be clearly annotated to reflect that credit was earned by assessment of prior learning.

Advanced Placement (AP)

Students requesting Credit for Prior Learning using Advanced Placement (AP) shall receive credit for Advanced Placement examinations with a score of 3, 4 or 5 in specified subject areas. Advanced Placement subject credit is granted for the fulfillment of District programs only. Students who have successfully completed AP exams with satisfactory scores may earn credit towards GE and graduation requirements, IGETC, and CSU GE Breadth Certifications under the following circumstances:

- Official AP Scores must be on file in the Records Office
- Course credit and units granted for AP exams at Riverside City, Norco, and Moreno Valley Colleges may differ from course credit and units granted by a transfer institution.
- For CSU GE and IGETC certifications, AP unit and area credit is awarded as approved by the CSU and UC systems (see CSU GE and IGETC columns on the RCCD AP Credit Chart). This is not always the same area or units for CSU GE/IGETC certification as our own equivalent course would receive.

See RCCD AP Credit Chart in the college catalog for details and/or limitations.

International Baccalaureate (IB)

Students requesting Credit for Prior Learning using International Baccalaureate shall receive credit for completing a satisfactory score on a District approved high-level International Baccalaureate (IB) examination under the following circumstances:

- Official IB transcripts must be on file in the Records Office
- The student achieved a minimum acceptable score on the IB examination as recommended by the District's IB equivalency guide.

See RCCD IB Chart in the college catalog for details and/or limitations.

College Level Examination Program (CLEP)

Students requesting Credit for Prior Learning using the College Level Examination Program shall receive credit for completing a satisfactory score on a District-approved CLEP examination under the following circumstances:

- Official CLEP transcripts must be on file in the Records Office.
- The student achieved a minimum acceptable score on the CLEP examination as recommended by the District's CLEP Equivalency Guide.

See RCCD CLEP Chart in the college catalog for details and/or limitations.

Credit for Military Service/Training

Students interested in Credit for Prior Learning using Joint Service Transcripts shall receive credit as recommended by the American Council on Education (ACE) Military Guide and approved by the appropriate discipline faculty of the college under the following circumstances:

- The student shall complete the Credit for Prior Learning assessment application available in the Veterans Resource Center or the Admissions and Records office.
- Official transcripts must be on file in the Records Office. These may include Joint Services Transcript (JST), DANTES/USAFI, Defense Manpower Data Center (DMDC), DLPT Examinee Results, DA Form 330 Language Proficiency Questionnaire, or verified copies of DD214 or DD295 military records.
- Credit course equivalency shall be determined by the faculty of the appropriate discipline.

Industry Recognized Credentials

Students interested in Credit for Prior Learning using industry recognized credential(s), shall receive credit as recommended by the appropriate department chair or faculty designee. To determine eligibility, the student may meet with the department chair, faculty discipline designee or home college evaluations specialist to receive further instructions.

Work-based Learning and Experience

Students interested in Credit for Prior Learning based on work-based learning and experience shall receive credit as recommended by the appropriate department chair or faculty designee. To determine eligibility, the student may meet with the department chair, faculty discipline designee or home college evaluations specialist to receive further instructions.

Student-Created Portfolio Assessment

Students interested in Credit for Prior Learning using a student-created portfolio shall receive credit as recommended by the appropriate department chair or faculty designee. To determine eligibility, the student may meet with the department chair, faculty discipline designee or home college evaluations specialist to receive further instructions.

High School Articulated Courses

Students interested in Credit for Prior Learning using articulated high school courses shall receive credit for the successful completion of equivalent high school and/or regional occupational programs (ROP) coursework. See college catalog for details and Administrative Procedure (AP) 2050 ARTICULATION.

Noncredit or Professional Development Assessment

Students interested in Credit for Prior Learning based on completion of noncredit or professional development coursework shall receive credit as recommended by the appropriate department chair or faculty designee. To determine eligibility, the student may meet with the department chair, faculty discipline designee or home college evaluations specialist to receive further instructions.

Credit by Examination

Students may demonstrate that they have met the objectives of a course through personal study, work experience, foreign language proficiency, or some other process outside the conventional academic setting by receiving a passing grade on an examination administered by the appropriate instructional department/program. In addition to a passing examination grade, the Credit by Examination process may require the demonstration of other skills or the completion of assignments as determined by the by the appropriate instructional department/program.

The Department chair or faculty designee shall determine whether a student requesting Credit by Examination is sufficiently well prepared to warrant being given this opportunity. This determination is based upon a review of

previous course work and/or experience. To determine eligibility, the student is encouraged to meet with the department chair or faculty discipline designee before submitting a Petition for Credit by Examination.

All steps must be completed in the order listed below for the Petition for Credit by Examination to be processed. The Petition for Credit by Examination must be completed prior to the end of the current semester or session. See college catalog for details.

In certain cases, colleges may award course credit, in lieu of completion of a course, upon successful completion of an examination. The credit requested must be for a course listed in the college catalog and the examination must be administered by the appropriate departmental faculty. See college catalog for details.

The RCCD Credit by Examination Process

Students interested in Credit for Prior Learning using Credit by Examination shall receive credit as recommended by the appropriate department chair or faculty designee under the following circumstances:

- Student shall complete the Credit by Examination petition available online or in the Admissions and Records Office.
- Student meets with the department chair or faculty designee for further instructions for Credit by Examination.
- If the department chair or faculty designee determine the Credit by Examination assessment measures mastery of the course content as set forth in the Course Outline of Record, the appropriate faculty shall sign the petition with the recorded grade and forward to the Admissions and Records office to be kept on file and recorded on the student transcript. Completed exam materials must remain on file with the department/program for three years

(This is the policy and/or procedure at the time of printing. Policies and procedures are continually being updated. In order to be sure you have the most recent language, please check the latest online version at: <https://www.rccd.edu/bot/policies.html>.)

Military Credit

Five units will be awarded, of which 2 units will be awarded towards fulfillment of RCCD GE Area 7: Lifelong Learning and Self-Development, upon presentation of an official Joint Services Transcript or Community College of the Air Force Transcript as evidence of completion of basic training. Military transcripts are evaluated based on the recommendations of the ACE Military Guide. Credit may be used to fulfill RCCD GE, area of emphasis, certificate or elective degree requirements.

Advanced Placement (AP) Credit

Riverside Community College District recognizes the Advanced Placement Program of the College Entrance Examination Board. Students will be granted credit for Advanced Placement examinations with a score of 3, 4 or 5 in specified subject areas. Advanced Placement subject credit is granted for the fulfillment of Riverside Community College District programs only. Other colleges or universities may have different policies concerning Advanced Placement. Therefore, the transfer institution will reevaluate the Advanced Placement scores based upon their own college policies.

Students who have successfully completed AP exams with scores of 3, 4 or 5 may earn credit towards GE, graduation requirements, and CalGETC certification. Please refer to the RCCD AP Credit Chart for specific information on how AP credits are applied to each of these categories. Official AP Scores must be sent to the Admissions and Records office for official evaluation. Course credit and units granted for AP exams at Riverside City, Norco, and Moreno Valley Colleges may differ from course credit and units granted by a transfer institution. For Cal-GETC certifications, AP unit and area credit is awarded as approved by the CSU and UC systems (see Cal-GETC columns on the RCCD AP Credit Chart). This is not always the same area or units for Cal-GETC certification as our own equivalent course would receive.

Students should always see a counselor to review the applicability of AP credits towards the different academic requirements.

Duplication of AP/IB and College Courses

Students, please be advised that college courses taken before or while attending an RCCD college may duplicate IB or AP examinations. If an IB or AP exam duplicates a college course or vice versa, a student will be awarded credit for only one.

- Actual AP transfer credit and number of units awarded for AP exams towards Cal-GETC and towards admission is determined by the CSU and UC systems.
- The AP chart is based on the most current information available at the time of catalog publication.
- The UC system-wide Policy for AP credit (units towards admission) can be found at: [AP credits | UC Admissions \(universityofcalifornia.edu\)](#)
- The CSU system-wide policy for AP (units towards admission) can be found at: <https://www2.calstate.edu/apply/transfer/pages/advanced-placement-ap.aspx>
- 2025 Cal-GETC Standards Version 1.3: https://icas-ca.org/wp-content/uploads/2025/06/Cal-GETC_Standards_1v3_-Final_r-2.pdf
- **Important Note:** Each CSU and UC campus determines how an AP exam may count toward credit in a particular major and which scores they consider acceptable. This information may be found in either the university's college catalog or on their website. Students should see a counselor to review the applicability of AP credits towards the different academic requirements.

- Actual AP transfer credit and number of units awarded for AP exams towards Cal-GETC and towards admission is determined by the CSU and UC systems.
- The AP chart is based on the most current information available at the time of catalog publication.
- The UC system-wide Policy for AP credit (units towards admission) can be found at: [AP credits | UC Admissions \(universityofcalifornia.edu\)](https://admission.universityofcalifornia.edu/ap-credits/)
- The CSU system-wide policy for AP (units towards admission) can be found at: <https://www2.calstate.edu/apply/transfer/pages/advanced-placement-ap.aspx>
- 2024 Cal-GETC Standards Version 1.2: https://icas-ca.org/wp-content/uploads/2024/07/Cal-GETC_Standards_1v2_2024.pdf
- **Important Note:** Each CSU and UC campus determines how an AP exam may count toward credit in a particular major and which scores they consider acceptable. This information may be found in either the university's college catalog or on their website. Students should see a counselor to review the applicability of AP credits towards the different academic requirements.

International Baccalaureate (IB)

Students who have successfully completed IB exams with scores of 5, 6 or 7 may earn credit towards RCCD GE, graduation requirements, and CalGETC certification. For Cal-GETC certifications, IB unit and area credit is awarded as approved by the CSU and UC systems. Check with a counselor for more information. Please refer to the RCCD IB Credit Chart for specific information on how IB credits are applied to each of these categories.

Duplication of AP/IB and College Courses

Students, please be advised that college courses taken before or while attending an RCCD college may duplicate IB or AP examinations. If an IB or AP exam duplicates a college course or vice versa, a student will be awarded credit for only one.

The IB charts below are an indication of how the IB Exams may be used to satisfy the RCCD GE and Cal-GETC requirements. An acceptable IB score for RCCD GE and Cal-GETC certification purposes equates to either 3 semester for 4 quarter units.

IB Examination	IB Score	RCCD Unit Credit	RCCD GE
IB Biology HL	5,6,7	3	Area 5
IB Chemistry HL	5,6,7	3	Area 5
IB Economics HL	5,6,7	3	Area 4
IB Geography HL	5,6,7	3	Area 4
IB History (any region) HL	5,6,7	3	Area 3 or 4

Credit for College-Level Examination Program (CLEP)

Credit is not allowed if coursework in the subject area has been completed or AP credit has previously been granted. CLEP exams will not be used to certify Cal-GETC requirements at this time. Students planning to transfer should check the policy on CLEP in the catalog of the college to which they will transfer. An official transcript is required. For further information, contact the Counseling office.

RCCD General Education Credit for CLEP Tests

Students may earn credit for College-Level Examination Program (CLEP) tests. CLEP credit can be used to meet RCCD general education (GE). UC does not award units for CLEP credit. Students must have the College Board send CLEP results to the Admissions Office for use on the degree or the RCCD GE patterns. Course credit and units granted at Riverside Community College District may differ from course credit and units granted by another college or transfer institution.

CLEP Examination	Passing Score	RCCD Associate Degree Subject Credit	RCCD Unit Credit	RCCD GE	CSU Semester Units Earned Toward Transfer

- Actual transfer credits and number of units awarded for CLEP towards admission is determined by the CSU system. The CLEP chart is based on the most current information available at the time of catalog publication.
- The CSU system-wide policy for CLEP credit can be found at: <https://www2.calstate.edu/apply/transfer/Pages/college-level-examination-program.aspx>
- Students should always see a counselor to review the applicability of CLEP credits towards the different academic requirements.

Programs of Study

Norco College offers a variety of programs of study, including Associate Degrees, Associate Degrees for Transfer, and credit and non-credit certificates. Students are encouraged to meet with a counselor to review their options and develop an educational plan that best meets their goals and needs.

The degree and certificate chart is available on this [website](#).

Associate Degrees

Norco College offers Associate of Arts (AA) and Associate of Science (AS) degrees. The awarding of an associate degree is intended to represent more than an accumulation of units. It symbolizes the successful attempt on the part of the District to lead students through patterns of learning experiences designed to develop certain capabilities and insights. Among these are the ability to think and to communicate clearly and effectively, both orally and in writing; to use mathematics; to understand the modes of inquiry of the major disciplines; to be aware of other cultures and times; to achieve insights gained through experience in thinking about ethical problems; and to develop the capacity for self-understanding.

Students who earn an AA/AS degree may enter into the workplace or transfer to a four-year institution with enhanced skills in critical thinking and written and oral communication. Students intending to transfer to a bachelor degree granting institution can fulfill many of the lower division major requirements with an AA/AS degree while taking additional transferable courses.

Associate Degrees for Transfer

Students planning to transfer to four-year institutions may be interested in an Associate Degree for Transfer (ADT), which includes Associate in Arts (AA-T) and Associate in Science (AS-T) degrees. ADTs are designed to provide a clear pathway to a CSU major and baccalaureate degree. California Community College students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses.

Students who have been awarded an AA-T or AS-T are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60 semester or 90 quarter units. To view the most current list of Norco College Associate Degrees for Transfer and to find out which CSU campuses accept each degree, please go to <https://www.calstate.edu/apply/transfer/Pages/associate-degree-for-transfer-major-and-campus-search.aspx>

Students are encouraged to use Program Maps for course recommendations and to meet with a Norco College counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

Courses for the ADT major may also be used to fulfill general education requirements for the Cal-GETC pattern, please confer with a counselor.

Certificates

Certificates of Achievement (state-approved)

Certificates that consist of coursework totaling 16 units or more (sometimes 8 units or more) completed in a specific occupational certificate pattern. State-approved certificates may lead to employment competency and may lead to an associate degree. Certificates of Achievement appear on the student's transcript.

Certificates of Career Preparation (locally-approved)

Certificates that consist of coursework totally between 4 to 15 units completed in a specific occupational certificate pattern. Locally-approved certificates may lead to employment competency, but do not necessarily lead to an associate degree. Certificates of Career Preparation do not appear on the student's transcript.

Certificates of Competency (noncredit, state-approved)

Certificates with a sequence of noncredit courses in a recognized career field.

Certificates of Completion (noncredit, state-approved)

Certificates with a sequence of noncredit courses that prepare the student to take credit coursework.

Career and Technical Education Programs

Norco College offers Associate of Science Degrees and certificate programs with an occupational emphasis. Both provide instruction in skills and knowledge needed to enter a skilled or professional occupation. Many find it difficult to secure employment or to advance in current position and better-paying jobs without specialized training. General education coursework has its value, but in the early stages of a career it is specific, technical skills employers seek. A certificate is the best evidence specialized training has been secured. At times, employers actually require certificates as a condition of employment or reclassification for higher pay.

Administration of Justice - Associate in Science for Transfer (ADT) - NAS643

This degree is designed to facilitate the student's passage from Norco College to the California State University system with an Associate in Science in Administration of Justice for Transfer degree. This degree will satisfy the lower division requirements for the eventual conferral of the Bachelor's Degree in Criminal Justice at a CSU. With this degree the student will be prepared to enter the American Justice system as an entry level professional in numerous areas.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate an applicable knowledge of the many facets of the American Justice System and the interrelationship of functions among them.
2. Demonstrate a working knowledge of the theory and practice of law enforcement, community policing, criminal law, judicial procedure, criminal investigation, and corrections within the American Justice System.
3. Demonstrate the ability to interact with the public and members of the American Justice System in a manner to reflect professionalism in speaking, reading, writing, and the ability to compile, integrate, and disseminate diverse information.

Program Requirements

Required Courses

Units: 6.00

COURSE	TITLE	UNITS
<i>Select one of the following:</i>		3.00
ADJ-1	Introduction to the Administration of Justice	3.00
ADJ-1H	Honors Introduction to the Administration of Justice	3.00
<i>Select one of the following:</i>		3.00
ADJ-3	Concepts of Criminal Law	3.00
ADJ-3H	Honors Concepts of Criminal Law	3.00

List A

Units: 6.00

COURSE	TITLE	UNITS
<i>Choose two courses from the following:</i>		6.00
ADJ-2	Principles and Procedures of the Justice System	3.00
ADJ-4	Legal Aspects of Evidence	3.00
ADJ-5	Community Relations	3.00
ADJ-8	Juvenile Law and Procedures	3.00
ADJ-12	Introduction to Criminalistics	3.00
ADJ-13	Criminal Investigation	3.00
ADJ-20	Introduction to Corrections	3.00

List B

Units: 6.00-7.00

COURSE	TITLE	UNITS
<i>Choose two courses from the following</i>		6.00-7.00
Any LIST A Course not already used		3.00

ADJ-9	Law In American Society	3.00
ADJ-9H	Honors Law in American Society	3.00
ADJ-14	Advanced Criminal Investigation	3.00
ADJ-19	Introduction to Policing	3.00
ADJ-24	Interviewing & Interrogation	3.00
ADJ-31	Cybercrime & Digital Forensics	3.00
ADJ-200	Administration of Justice Work Experience	1.00-4.00
<i>Only one of the following may be used</i>		4.00
STAT-C1000	Introduction to Statistics	4.00
STAT-C1000H	Introduction to Statistics - Honors	4.00
PSYC-48	Statistics for the Behavioral Sciences	4.00
SOC-48	Statistics for the Behavioral Sciences	4.00
POLS-C1000	American Government and Politics	3.00
POLS-C1000H	American Government and Politics - Honors	3.00
PSYC-C1000	Introduction to Psychology	3.00
PSYC-C1000H	Introduction to Psychology - Honors	3.00
SOC-1	Introduction to Sociology	3.00
SOC-1H	Honors Introduction to Sociology	3.00
SOC-20	Introduction To Criminology	3.00
SOC-50	Introduction to Social Research Methods	3.00

Total: 18.00-19.00

Associate in Science for Transfer Degree

The Associate in Science in Administration of Justice for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

Agriculture Plant Science - Associate of Science for Transfer (ADT) - NAS1105

The Associate in Science in Agriculture Plant Science for Transfer provides a foundation in environmental horticulture, preparing students for advanced coursework in agriculture and environmental plant sciences. This program is specifically designed to facilitate a smooth transfer to California State University (CSU) within the agricultural science field, ensuring students can complete their bachelor's degree with guaranteed admission to a similar major at a CSU, entering with junior standing, and fulfilling remaining requirements within 60 semester or 90 quarter units.

Career opportunities in agriculture and plant sciences are abundant in California's expanding horticulture and agronomic sectors. Graduates in these fields are increasingly sought after as agriculture adopts more high-tech approaches and embraces sustainable practices. Pursuing a degree in Agriculture Plant Sciences can lead to careers in soil science and conservation, agricultural biology, entomology, plant biotechnology, postharvest physiology, and the environmental protection of water resources, farmlands, open spaces, and landscaped areas.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Students will recognize the key vegetative and reproductive structures of plants and describe the processes involved in plant growth and reproduction, including respiration, photosynthesis, transpiration, growth, fertilization, and fruit development.
2. Students will utilize fundamental principles of plant and soil science to promote sustainable plant growth and yield across various environmental conditions.
3. Students will discuss the historical, current, and future challenges related to food production systems at both local and global levels.

4. Students will employ scientific and mathematical reasoning, along with critical thinking skills, to tackle practical issues in agricultural production systems.

Program Requirements
Required Courses

Units: 20.00-21.00

COURSE	TITLE	UNITS
BIO-5	General Botany	4.00
BIO-14	Soil Science and Management	3.00
BIO-15	Soil Science and Management Laboratory	2.00

Total: 24.00-26.00

Associate in Science for Transfer Degree

The Associate in Science in Agriculture Plant Science for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

Anthropology - Associate in Arts for Transfer (ADT) -NAA618

The Associate in Arts in Anthropology for Transfer Degree is designed to prepare the student for transfer to institutions of higher education and specifically intended to satisfy the lower division requirements for the baccalaureate degree in Anthropology at a California State University. It will also provide the student with a sufficient academic basis from which to pursue a career in the social science professions. The student will be afforded the opportunity to study the nature of the human diversity from a genetic, archeological, linguistic and cultural basis. The breadth of Anthropology will be examined to include the historical and contemporary theory and research as the basis from which to gain an in-depth awareness and understanding of humans and the world in which we live.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Apply the holistic and comparative perspective inherent in anthropological knowledge to real world problems.
2. Use information resources and technology to research current issues in all four subfields of anthropology.
3. Synthesize and integrate theoretical perspectives specific to anthropology and general to the social and natural sciences.

Program Requirements

Required Courses

Total: 18.00-21.00

Associate in Art for Transfer Degree

The Associate in Art in Anthropology for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

Art History - Associate in Arts for Transfer (ADT) - NAA743

The Associate in Arts in Art History for Transfer degree is designed to facilitate the student's passage from Norco College to the California State University System with an emphasis in art history. This degree is intended to satisfy the lower division requirements for the Baccalaureate Degree in Studio Art and Art History track at a California State University. It will also provide the student with a sufficient academic basis from which to pursue a career in the studio art professions.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Identify, describe, analyze, and discuss the stylistic characteristics of a wide variety of countries, regions, and periods of European and non-European artworks.
2. Formulate and synthesize observations and evaluations regarding the historical, social, and political context in which various forms of art were created in both written and oral form.
3. Apply various methodologies for interpreting a range of art forms to evaluate and analyze the ideas and philosophies expressed and explored within the art works.
4. Critique, compare, and contrast various key artists, artworks, and styles across a wide span of time using appropriate art terminology.
5. Recognize distinctive iconography from a mixture of different geographical areas and relate these manifestations to local, social, cosmological, and political institutions.

Units: 3.00-5.00

COURSE	TITLE	UNITS
ARTH-4	Introduction to Visual Culture	3.00
ARTH-7	Women Artists in History	3.00
ARTH-8	Art History of the Photographic Image	3.00
ARTH-10	Modern and Contemporary Art History	3.00
FRE-2	French 2	5.00
SPA-2	Spanish 2	5.00
SPA-3	Spanish 3	5.00
SPA-4	Spanish 4	5.00

Total: 18.00-20.00

Associate in Art for Transfer Degree

The Associate in Art in Art History for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

Biology - Associate in Science for Transfer (ADT) - NAS768

The Associate in Science in Biology for Transfer Degree introduces the concepts and principles upon which biologic knowledge is based including the biochemistry, structure and function, ecology and evolution of organisms, from the levels of cells through the biosphere. Students will develop skills for critical/analytical thinking, perceptive reading/observation and interpretation. The Associate in Science in Biology for Transfer degree provides students with a core curriculum that will prepare them with the knowledge and skills required to earn a baccalaureate degree in biology. The intent of this degree is to assist students in seamlessly transferring to a California State University.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Be able to identify and explain fundamental biological concepts and principles on the molecular, cellular, organismal, population, ecological, environmental and evolutionary levels.
2. Apply knowledge of biological concepts to formulate questions and hypotheses for research and demonstrate ability to find, read, understand, and critically evaluate scientific papers.
3. Develop experimental skills and techniques used in laboratory and field research and use the scientific method to develop hypotheses, design and execute experiments.

Program Requirements

Required Courses

Units: 32.00

COURSE	TITLE	UNITS
BIO-60	Introduction to Molecular and Cellular Biology	5.00
BIO-61	Introduction to Organismal and Population Biology	5.00
CHE-1A	General Chemistry, I	5.00
CHE-1B	General Chemistry, II	5.00
<i>Select one of the following:</i>		4.00
MATH-C2210	Calculus I: Early Transcendentals	4.00
MATH-C2210H	Calculus I: Early Transcendentals - Honors	4.00
<i>Select one of the following groups:</i>		8.00
<i>Take both courses</i>		8.00
PHY-2A	General Physics I	4.00
AND		
PHY-2B	General Physics II	4.00
<i>Take both courses</i>		8.00
PHY-4A	Mechanics	4.00
AND		
PHY-4B	Electricity and Magnetism	4.00

Total: 32.00

Associate in Science for Transfer Degree

The Associate in Science in Biology for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

Business Administration 2.0 - Associate in Science for Transfer (ADT) - NAS1002

This degree is designed to facilitate the student's passage from Norco College to the California State University (CSU) System with an Associate in Science in Business Administration 2.0 for Transfer degree. This degree will satisfy the lower division requirements for the eventual conferral of the Bachelor's Degree in Business Administration at a CSU. With this degree the student will be prepared for transfer to the university upper division level. Additionally, the intent of an associate degree for transfer is to assist students in seamlessly transferring to a CSU.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate use of technology and application software to analyze and solve business decisions.
2. Demonstrate mathematical and accounting procedures used for business specific calculations and decisions.
3. Demonstrate the application of economic and business theories to develop effective business processes.

Program Requirements

Required courses**Units: 26.00**

COURSE	TITLE	UNITS
ACC-1A	Principles of Accounting I	3.00
ACC-1B	Principles of Accounting II	3.00
BUS-18A	Business Law I	3.00
<i>Take one course</i>		3.00
ECON-C2002	Principles of Macroeconomics	3.00
OR		
ECON-C2002H	Principles of Macroeconomics - Honors	3.00
<i>Take one course</i>		3.00
ECON-C2001	Principles of Microeconomics	3.00
OR		
ECON-C2001H	Principles of Microeconomics - Honors	3.00
<i>Take one course¹</i>		4.00
STAT-C1000	Introduction to Statistics	4.00
OR		
STAT-C1000H	Introduction to Statistics - Honors	4.00

OR		
MATH-C2210H	Calculus I: Early Transcendentals - Honors	4.00
OR		
MATH-5	Calculus for Business and Life Science	4.00
<i>Select one course from the following</i>		3.00
BUS-10	Introduction to Business	3.00
OR		
BUS-10H	Honors Introduction to Business	3.00
OR		
BUS-24	Business Communication	3.00

¹PSYC/SOC-48 is an approved course substitution for STAT-C1000/C1000H and may be used to satisfy the ADT statistics requirement. However, STAT-C1000/C1000H is the recommended statistics course for this program since it is more widely accepted for the Business Administration major across the CSU campuses.

Total: 26.00**Associate in Science for Transfer Degree**

The Associate in Science in Business Administration 2.0 for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

Chemistry - Associate in Science for Transfer (ADT) NAS769 (Cal-GETC)

The Associate in Science in Chemistry for Transfer Degree introduces the concepts and principles upon which chemical knowledge is based, including chemical structures and nomenclature, stoichiometry and solving of chemical equations, the thermodynamics of chemical reactions, and theories of chemical bonding. Students will develop skills for critical/analytical thinking, perceptive reading/observation and interpretation. The Associate in Science in Chemistry for Transfer degree provides students with a core curriculum that will prepare them with the knowledge and skills required to earn a baccalaureate degree in chemistry.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Master content in inorganic and organic chemistry by describing chemical and physical structures and nomenclature, stoichiometry and solving of chemical equations, and analyzing and describing the nature of chemical reactions and energy.
2. Measure and characterize properties of matter using a variety of research-level chemical instrumentation, laboratory techniques, statistical and computational methods.
3. Display effective cooperation with others on projects and clearly communicate experimental results through oral and written means.
4. Demonstrate professional integrity, safety, and environmental stewardship.

Associate in Science for Transfer Degree

The Associate in Science in Chemistry for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

Child and Adolescent Development - Associate in Arts for Transfer (ADT) - NAA886

The Associate in Arts in Child and Adolescent Development for Transfer degree is a 60-unit degree program that provides lowerdivision preparation for students planning to transfer to a CSU for a Bachelor's degree in Child and Adolescent Development, Child Development, Child, Adolescent & Family Studies, Human Development or other related majors. The intention of this degree is to prepare students to transfer and complete degrees and professional programs in the fields of K-12 teaching, clinical social work, clinical psychology, school psychology, school counseling, college teaching, public policy, and/or developmental research. In this major, students will explore theories and concepts about bio-physical, socio-emotional, and cognitive developmental milestones from conception through adolescence; individual and cultural differences; and common variations in development. In this broad, interdisciplinary curriculum, students will develop critical thinking, writing, and oral presentation skills in preparation to be professionals working with children and families.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Compare and contrast typical and atypical development of children and adolescents in the biophysical, cognitive, and psychosocial domains.
2. Relate developmental theory to the observation and assessment of children and teaching practices.

3. Identify the correct ECE observation method for gathering authentic assessments on children.
4. Understand and apply Developmentally Appropriate Practice in the creation of curriculum and the use of specific teaching strategies to enhance learning.
5. Evaluate the role that context (i.e., family, peers, schools, communities, cultures, diversity) and individual experience plays in development.
6. Describe the scientific approach to research in the social and behavioral sciences.
7. Describe and defend current guidelines for the ethical treatment of children and adolescents.
8. Apply basic research methods, including research design, qualitative and quantitative analysis, and the interpretation of data.
9. Demonstrate effective written communication skills using APA format.

Associate in Art for Transfer Degree

The Associate in Art in Child and Adolescent Development for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

Communication Studies 2.0 - Associate in Arts for Transfer (ADT) NAA1059

The Associate in Arts in Communication Studies 2.0 for Transfer degree provides opportunity for students to transfer to a CSU with junior standing. The degree encourages students to examine and evaluate human communication across and within various contexts for the purpose of increasing competence.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Synthesize communication principles and theories to develop communication competence to improve human interaction.
2. Apply and analyze rhetorical principles for a variety of purposes adapting to audience and context.
3. Understand the theoretical and practical relationships between and among symbols, culture and gender to competently create, interpret and/or evaluate messages.

Program Requirements

Associate in Art for Transfer Degree

The Associate in Art in Communication Studies 2.0 for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

Computer Science - Associate in Science for Transfer (ADT) NAS650

The Associate in Science in Computer Science for Transfer degree provides a solid preparation for transfer majors in computer science including an emphasis on object oriented programming logic in C++, computer architecture, calculus and calculus based physics. The intent of this degree is to assist students in seamlessly transferring to a CSU. With this degree the student will be prepared for transfer to the university upper division level in preparation for the eventual conferral of the Bachelor's Degree in Computer Science. The degree aligns with the approved Transfer Model Curriculum (TMC) in Computer Science.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Write programs utilizing the following data structures: arrays, records, strings, linked lists, stacks, queues, and hash tables.
2. Write and execute programs in assembly language illustrating typical mathematical and business applications.
3. Demonstrate different traversal methods of trees and graphs.

Associate in Science for Transfer Degree

The Associate in Science in Computer Science for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

Early Childhood Education - Associate in Science for Transfer (ADT) - NAS530

This program focuses on the theory and practice of early childhood care and education for children from birth to age eight for occupational preparation. The course of study will include the basic principles of educational and developmental psychology; the art of observing, teaching and guiding young children; planning and administration of developmentally appropriate inclusive educational activities; school safety and health issues; and the social and emotional foundations of early care and education. Students completing this program will have the potential of obtaining occupations in educational settings such as infant/toddler caregivers; preschool teachers; family home childcare providers; master teachers, site supervisors, program directors, child life specialists, and social services workers.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Develop, implement, and evaluate developmentally appropriate thematic and emergent curriculum for children who are typical and atypical in the areas of physical, cognitive, language, creative and social/emotional growth.
2. Develop and apply appropriate practices and effective techniques that respect the cultural diversity of young children and their families.
3. Integrate an educational philosophy into classroom practices that reflects a personal belief supportive of theoretical principles regarding how and why young children should receive early educational experiences.
4. Develop and implement a system of ongoing observational practices that contributes toward the creation of learning environments conducive to the emergence of curriculum that adapts to the evolving needs of children.

Program Requirements

Required Courses

Units: 25.00

Associate in Science for Transfer Degree

The Associate in Science in Early Childhood Education for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

Economics - Associate of Arts for Transfer (ADT) - NAA757

The Associate in Arts in Economics for Transfer degree at Norco College is designed for students who aim to transfer to a CSU with junior standing and pursue a Bachelor's degree in Economics. This program offers a comprehensive introduction to economic theories and their application, data analysis, critical thinking, and communication in the context of economics. The coursework is arranged to provide students with balanced theoretical understanding and practical exposure to concepts, which will prepare them for diverse career paths in economics including econometrics, machine learning and artificial intelligence, business, political science behavioral and/or environmental economics.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Students will analyze and apply microeconomic and macroeconomic theories to understand market equilibrium, make informed decisions, and assess the impact of policy changes on the economy.
2. Students will evaluate and interpret economic data to inform decision-making and evaluate the effectiveness of governmental policies in addressing macroeconomic disruptions.
3. Students will identify economic issues, apply critical thinking to make data-driven decisions, assess the efficacy of economic policies, and communicate their analysis and conclusions effectively.

Associate in Art for Transfer Degree

The Associate in Art in Economics for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

English - Associate in Arts for Transfer (ADT) - NAA649

The Associate in Arts in English for Transfer degree is a curricular pattern designed specifically to transfer students as English majors with junior status to the CSU system. Though the Associate in Arts in English for Transfer also provides broad general preparation for English majors entering any four-year university, students must consult the specific requirements of any non-CSU campus to which they are applying. Students earning the Associate in Arts in English for Transfer will analyze, interpret, and synthesize diverse texts in order to construct well-supported

academic arguments and literary analyses, and they will encounter interpretive questions to which there are multiple plausible answers. Students earning this degree will also have exposure to a variety of literary genres and periods and will be able to illustrate a basic understanding of the ways that literature can embody cultural, intellectual, and artistic trends.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Read a variety of literary texts (fiction, poetry, drama, literary non-fiction) with understanding and insight.
2. Demonstrate critical thinking skills about literary texts, including the ability to construct and test interpretive hypotheses, analyze rival hypotheses, and recognize interpretive problems to which literary texts give rise.
3. Write analytical or argumentative essays on literary texts that demonstrate effective stylistic, organizational, and rhetorical control, support claims with sound textual evidence, and employ correct MLA citation methods.
4. Demonstrate an awareness of the relationship between literature and culture, including a recognition of literature as a product of as well as a contribution to human history.

Associate in Art for Transfer Degree

The Associate in Art in English for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

Environmental Science - Associate in Science for Transfer (ADT) - NAS893 (Cal-GETC)

The Associate in Science in Environmental Science for Transfer Degree (AS-T in Environmental Science) introduces the concepts and principles upon which environmental knowledge is based including the biological, chemical, and physical concepts underlying scientific theory and application to environmental issues. Students will develop skills for critical/analytical thinking, perceptive reading/observation and interpretation to apply to environmental concerns affecting our everyday lives. The AS-T in Environmental Science provides students with a core curriculum to develop key skills for applying biological, physical, and chemical principles to the study of the environment and the developing solutions to environmental problems.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Examine the impact of humankind on the environment from scientific, sociological, political, and economic viewpoints both locally and globally.
2. Apply concepts and implement skills learned in the sciences, mathematics, and humanities to real-world environmental issues.
3. Demonstrate an ability to examine scientific evidence demonstrating how human activities affect many ecosystems and recommend alternatives to present practices.

<i>Select one of the following:</i>		3.00
ECON-C2001	Principles of Microeconomics	3.00
ECON-C2001H	Principles of Microeconomics - Honors	3.00
<i>Take one of the following Physics sequences:</i>		8.00
<i>Option 1:</i>		8.00
PHY-2A	General Physics I	4.00
AND		
PHY-2B	General Physics II	4.00
<i>Option 2:</i>		8.00
PHY-4A	Mechanics	4.00
AND		
PHY-4B	Electricity and Magnetism	4.00

Total: 41.00

Associate in Science for Transfer Degree

The Associate in Science in Environmental Science for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

Geography - Associate in Arts for Transfer (ADT) - NAA759

Geography ADT students will learn and practice applying knowledge of how Earth's environment, culture, politics, and economics are interconnected in today's globalized world. Geographers apply their knowledge and skills to solve problems and improve people's lives in their own neighborhoods, across California and the US, and around the world. The Associate in Arts in Geography for Transfer Degree (ADT) is designed to prepare students to successfully transfer to CSU or UC Bachelor's Degree Geography programs with junior status. Using the fundamentals of the scientific method, critical thinking, research methods, spatial data analysis, and landscape interpretation, the Geography ADT will prepare students for study in a wide range of 4-year degrees in environmental and social science fields.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Identify and understand critical environmental, cultural, and social challenges of the past, present and future, at a variety of scales and use that knowledge to navigate life and career.
2. Utilize resources, field equipment, spatial technology, and map data to research and identify various ways of understanding geographic patterns, challenges, problems and solutions.

3. Analyze culture, society and the natural environment from a geographic perspective, with emphasis placed on regional patterns and the geographic theme of location.

Program Requirements

Required Courses

Units: 7.00

COURSE	TITLE	UNITS
<i>Select one of the following:</i>		3.00
GEG-1	Physical Geography	3.00
GEG-1H	Honors Physical Geography	3.00
GEG-1L	Physical Geography Laboratory	1.00
<i>Select one of the following:</i>		3.00
GEG-2	Human Geography	3.00
GEG-3	World Regional Geography	3.00

Electives - List A

Units: 6.00-7.00

COURSE	TITLE	UNITS
<i>Select 2-3 courses from the following:</i>		6.00-7.00
Any required course not already used above.		3.00
GEG-4	Geography of California	3.00
GEG-5	Weather and Climate	3.00
<i>Only one of the following may be used:</i>		1.00
GEG-30A	Field Studies in Geography	1.00
GEG-30B	Field Studies in Geography	1.00
GEG-30C	Field Studies in Geography	1.00
GEG-30D	Field Studies in Geography	1.00

Electives - List B

Units: 6.00-7.00

COURSE	TITLE	UNITS
<i>Select two courses from the following:</i>		6.00-7.00
Any course from the required or List A not already used above.		
ANT-2	Cultural Anthropology	3.00
ANT-2H	Honors Cultural Anthropology	3.00
GEG-6	Geography of the United States and Canada	3.00
<i>Only one of the following may be used:</i>		4.00
STAT-C1000	Introduction to Statistics	4.00
STAT-C1000H	Introduction to Statistics - Honors	4.00
PSYC-48	Statistics for the Behavioral Sciences	4.00
SOC-48	Statistics for the Behavioral Sciences	4.00

Total: 19.00-21.00

Associate in Art for Transfer Degree

The Associate in Art in Geography for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education

Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

History - Associate in Arts for Transfer (ADT) - NAA745

The Associate in Arts in History for Transfer Degree is designed to prepare the student for transfer to institutions of higher education and specifically intended to satisfy the lower division requirements for the Baccalaureate in Arts in History at a California State University. This degree is designed to prepare students to seamlessly transfer to a CSU.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Describe, interpret, and evaluate a variety of sources of historical information
2. Demonstrate an understanding of the nature of historical processes.
3. Describe and analyze economic, intellectual, political and social developments in history
4. Evaluate the role of individuals, institutions, and cultures in view of historical events in a global context.

Program Requirements

Required Courses

Units: 12.00

COURSE	TITLE	UNITS
<i>Select one of the following:</i>		3.00
HIST-C1001	United States History to 1877	3.00
OR		
HIST-C1001H	United States History to 1877 - Honors	3.00
<i>Select one of the following:</i>		3.00
HIST-C1002	United States History since 1865	3.00
OR		
HIST-C1002H	United States History since 1865 - Honors	3.00
HIST-1	World History to 1500	3.00
HIST-2	World History since 1500	3.00

Elective Courses - List A

Units: 3.00

COURSE	TITLE	UNITS
COMM-12	Intercultural Communication	3.00
ENGL-20	Survey of African American Literature	3.00
HIST-14	African American History I	3.00
HIST-25	History of Mexico	3.00
HIST-31	Introduction to Chicanx and Latinx Studies	3.00
HIST-34	History of Women in the United States	3.00
<i>Select one from the following:</i>		3.00
POLS-4	Introduction to World Politics	3.00
OR		
POLS-4H	Honors Introduction to World Politics	3.00
<i>Select one from the following:</i>		3.00
SOC-10	Race and Ethnic Relations	3.00
OR		

SOC-10H	Honors Race and Ethnic Relations	3.00
---------	----------------------------------	------

Elective Courses - List B

Units: 3.00

COURSE	TITLE	UNITS
<i>Select one of the following</i>		3.00
ECON-C2002	Principles of Macroeconomics	3.00
OR		
ECON-C2002H	Principles of Macroeconomics - Honors	3.00
GEG-2	Human Geography	3.00
HIST-26	History of California	3.00
<i>Select one of the following:</i>		3.00
HUM-4	Arts and Ideas: Ancient World Through the Late Medieval Period	3.00
OR		
HUM-4H	Honors Arts and Ideas: Ancient World Through the Late Medieval Period	3.00
<i>Select one of the following:</i>		3.00
HUM-5	Arts & Ideas: Renaissance through the Modern Era	3.00
OR		
HUM-5H	Honors Arts and Ideas: The Renaissance through the Modern Era	3.00
<i>Select one of the following:</i>		3.00
POLS-C1000	American Government and Politics	3.00
OR		
POLS-C1000H	American Government and Politics - Honors	3.00
POLS-2	Comparative Politics	3.00
<i>Select one of the following:</i>		3.00
SOC-1	Introduction to Sociology	3.00
OR		
SOC-1H	Honors Introduction to Sociology	3.00

Total: 18.00

Associate in Art for Transfer Degree

The Associate in Art in History for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

Kinesiology - Associate in Arts for Transfer (ADT) - NAA891

This degree is designed to facilitate the student's passage from Norco College to the California State University System with an Associate in Arts in Kinesiology for Transfer Degree. This degree will satisfy the lower division requirements for the eventual conferral of the Bachelor's Degree in Kinesiology. With this degree the student will be prepared for transfer to the university upper division level.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Identify and investigate career pathways in the discipline of Kinesiology.
2. Utilize fitness principles and training guidelines to plan and practice an individualized cardiorespiratory endurance, strength training, and flexibility program.

3. Demonstrate an understanding of basic anatomical and physiological principles.

Program Requirements

Required Courses

Units: 11.00

COURSE	TITLE	UNITS
KIN-10	Introduction to Kinesiology	3.00
BIO-50A	Anatomy and Physiology I	4.00
BIO-50B	Anatomy and Physiology II	4.00

Movement-Based Courses

Units: 3.00

COURSE	TITLE	UNITS
<i>Select a maximum of one (1) course from each area below.</i>		3.00
<i>Combatives</i>		1.00
KIN-A40	Karate, Beginning	1.00
KIN-A41	Karate, Intermediate	1.00
KIN-A43	T'ai-chi Ch'uan, Beginning	1.00
KIN-A44	T'ai-chi Ch'uan, Intermediate	1.00
<i>Fitness</i>		1.00
KIN-A46	Yoga, Beginning	1.00
KIN-A47	Yoga, Intermediate	1.00
KIN-A75A	Walking for Fitness: Beginning	1.00
KIN-A75B	Walking for Fitness: Intermediate	1.00
KIN-A77A	Jogging for Fitness, Beginning	1.00
KIN-A77B	Jogging for Fitness, Intermediate	1.00
KIN-A81A	Cardio and Strength Training, Beginning	1.00
KIN-A81B	Cardio and Strength Training, Intermediate	1.00
KIN-A83	Kickboxing Aerobics	1.00
KIN-A89A	Beginning Body Sculpting	1.00
KIN-A89B	Intermediate Body Sculpting	1.00
<i>Team Sports</i>		1.00
KIN-A62	Flag Football	1.00
KIN-A64A	Soccer, Beginning	1.00
KIN-A64B	Soccer, Intermediate	1.00

List A

Units: 6.00-9.00

COURSE	TITLE	UNITS
<i>Select two courses from the following.</i>		6.00-9.00
CHE-1A	General Chemistry, I	5.00
KIN-30	First Aid and CPR	3.00
KIN-36	Wellness: Lifestyle Choices	3.00
<i>Only one of the following may apply:</i>		4.00
STAT-C1000	Introduction to Statistics	4.00

STAT-C1000H	Introduction to Statistics - Honors	4.00
PSYC-48	Statistics for the Behavioral Sciences	4.00
SOC-48	Statistics for the Behavioral Sciences	4.00
<i>Only one of the following may apply:</i>		4.00
PHY-2A	General Physics I	4.00
PHY-4A	Mechanics	4.00
<i>Only one of the following may apply:</i>		3.00
PSYC-C1000	Introduction to Psychology	3.00
PSYC-C1000H	Introduction to Psychology - Honors	3.00
SOC-1	Introduction to Sociology	3.00
SOC-1H	Honors Introduction to Sociology	3.00

Total: 20.00-23.00

Associate in Art for Transfer Degree

The Associate in Art in Kinesiology for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

Law, Public Policy, and Society - Associate in Arts for Transfer (ADT) - NAA1008

This interdisciplinary degree is designed to facilitate the student's seamless transfer from Norco College to the California State University (CSU) System with an Associate in Arts in Law, Public Policy, and Society for Transfer degree. This interdisciplinary degree highlights coursework that is appropriate for a student considering law school as it emphasizes the development of logical, analytical and communication skills, introduces students to the legal field, and provides preparation of further study in a variety of majors such as Philosophy, Economics, Political Science, Communication Studies, History, or Social and Behavioral Sciences. Students who opt to pursue this course of study are encouraged to engage in further exploration of one or more specific majors as they select electives for degree completion.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Evaluate current legal and social issues by applying the relevant judicial framework.
2. Analyze issues by applying relevant rules of law, ethical standards, and social mores.
3. Produce and evaluate arguments based on appropriate legal concepts and evidence.

Program Requirements

Required Courses

Units: 26.00-27.00

COURSE	TITLE	UNITS
<i>Select one of the following:</i>		3.00
ADJ-1	Introduction to the Administration of Justice	3.00
ADJ-1H	Honors Introduction to the Administration of Justice	3.00
ADJ-2	Principles and Procedures of the Justice System	3.00
ADJ-3	Concepts of Criminal Law	3.00
ADJ-3H	Honors Concepts of Criminal Law	3.00
BUS-18A	Business Law I	3.00
PHI-12	Introduction to Ethics	3.00
<i>Select one of the following:</i>		3.00

COMM-C1000	Introduction to Public Speaking	3.00
COMM-C1000H	Introduction to Public Speaking - Honors	3.00
COMM-6	Small Group Communication	3.00
<i>Select one of the following:</i>		4.00
ENGL-C1000	Academic Reading and Writing	4.00
ENGL-C1000H	Academic Reading and Writing - Honors	4.00
<i>Select one of the following:</i>		3.00-4.00
ENGL-C1003	Critical Thinking and Writing through Literature	4.00
ENGL-C1003H	Critical Thinking and Writing through Literature - Honors	4.00
COMM-2	Introduction to Persuasion	3.00
COMM-3	Critical Thinking, Argumentative Writing, and Debate	3.00
<i>Select one of the following:</i>		4.00
STAT-C1000	Introduction to Statistics	4.00
STAT-C1000H	Introduction to Statistics - Honors	4.00
PSYC-48	Statistics for the Behavioral Sciences	4.00
SOC-48	Statistics for the Behavioral Sciences	4.00
<i>Select one of the following:</i>		3.00

<i>Area 8: Internship/Fieldwork</i>		1.00-4.00
ADJ-200	Administration of Justice Work Experience	1.00-4.00

Total: 32.00-33.00

Associate in Art for Transfer Degree

The Associate in Art in Law, Public Policy, and Society for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

Mathematics 2.0 - Associate in Science for Transfer (ADT) - NAS1107

The Associate in Science in Mathematics 2.0 for Transfer Degree is designed to prepare the student for transfer to institutions of higher education and specifically intended to satisfy the lower division requirements for the Baccalaureate Degree in Mathematics at a California State University (but does not guarantee acceptance to a particular campus or major). It will also provide the student with a sufficient academic basis from which to pursue a career in mathematics, statistics, actuarial science, and education.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Reason mathematically both abstractly and computationally.
2. Create and analyze mathematical models.

Program Requirements

Required Courses**Units:** 19.00

COURSE	TITLE	UNITS
<i>Select one of the following:</i>		4.00
MATH-C2210	Calculus I: Early Transcendentals	4.00
MATH-C2210H	Calculus I: Early Transcendentals - Honors	4.00
MATH-C2220	Calculus II: Early Transcendentals	4.00
MATH-1C	Calculus III	4.00
MATH-2	Differential Equations	4.00
MATH-3	Linear Algebra	3.00

List A**Units:** 3.00-4.00

COURSE	TITLE	UNITS
<i>Select one course from the following:</i>		3.00-4.00
CIS-5	Programming Concepts and Methodology I:C++	4.00
CSC-5	Programming Concepts and Methodology I:C++	4.00
CIS-30A	Introduction to Python Programming	3.00
MATH-70A	Foundations of Data Science	3.00
PHY-4A	Mechanics	4.00

Total: 22.00-23.00

Associate in Science for Transfer Degree

The Associate in Science in Mathematics 2.0 for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

Music - Associate in Arts for Transfer (ADT) - NAA705

The Associate in Arts in Music for Transfer Degree is designed to prepare the student for transfer to four-year institutions of higher education and is specifically intended to satisfy the lower division requirements for the Baccalaureate in Arts in Music at the California State University. This degree is designed to prepare students to demonstrate competence and discipline in the study of music theory, music analysis, music composition, and musicianship skills, and demonstrate proficiency in ensemble skills and solo performance skills. Completion of this curriculum will demonstrate commitment to the serious study of Music in practice and in theory and provide comprehensive preparation for upper division work.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate ensemble specific performance practices and professional standards of conduct expected of ensemble participants.
2. Perform solo literature with an accompanist (if appropriate) using stylistically accurate rhythm, pitch, diction (or articulation) and musical expression.
3. Demonstrate the ability to "audiate" a musical score by sight reading and performing complex rhythms and by sightsinging chromatic, modulating, and post-tonal melodies.
4. Demonstrate the ability to recognize patterns and musical function by aurally identifying and transcribing scales, modes, post-tonal melodies, and complex harmonic progressions.
5. Analyze chromatic harmonic progressions that include modulation using 20th century techniques.

6. Write, analyze, and compose music using 20th century techniques, such as: tone row, set theory, augmented sixth chords, pandiatonicism and polytonalism.
7. Demonstrate keyboard proficiency at the level required to perform theoretical concepts studied in music theory courses.

Program Requirements

Required Courses

Units: 16.00

COURSE	TITLE	UNITS
MUS-3	Fundamentals of Music	4.00
MUS-4	Music Theory I	4.00
MUS-5	Music Theory II	4.00
MUS-6	Music Theory III	4.00

Applied Music

Units: 4.00

COURSE	TITLE	UNITS
<i>1 Unit per semester for a total of 4 semesters from the following:</i>		4.00
MUS-87	Applied Music Training	1.00

Ensemble

Units: 4.00

COURSE	TITLE	UNITS
<i>1 Unit per semester for a total of 4 semesters from among the following:</i>		4.00
MUS-31	College Choir	1.00
MUS-70	Guitar Lab Ensemble	1.00
MUS-P70	Guitar Lab Ensemble II	1.00
MUS-71	College Chorus	1.00

Notes: Students who wish to complete an Associate in Arts in Music for Transfer degree should be encouraged to study the courses below as additional preparation for upper-division music study. For students with no previous keyboard experience: "MUS 32 family" MUS 32 A, Class Piano I—1 unit MUS 32 B, Class Piano II—1 unit MUS 32 C, Class Piano III—1 unit MUS 32 D, Class Piano IV—1 unit MUS 53 Keyboard Proficiency—1 unit

Total: 24.00

Associate in Art for Transfer Degree

The Associate in Art in Music for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

Philosophy - Associate in Arts for Transfer (ADT) - NAA717

The Associate in Arts in Philosophy for Transfer Degree is designed to prepare the student for transfer to four-year institutions of higher education and specifically intended to satisfy the lower division requirements for the Baccalaureate in Arts in Philosophy at the California State University. This degree is designed to prepare students to critically analyze the work of major figures in philosophy, evaluate topics in the key areas of philosophy, clearly express philosophical ideas both in writing and orally, and demonstrate an understanding of these ideas through their application to specific philosophical problems.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Analyze and critically evaluate the work of major figures in philosophy.
2. Compare and contrast different philosophical views across historical periods and contexts of human experience.
3. Evaluate the most important topics in key areas of philosophy: theory of knowledge, metaphysics, ethics.
4. Demonstrate the ability to apply philosophical ideas to philosophical problems.
5. Express philosophical ideas and defend them in argument, both in writing and orally.

Total: 18.00

Associate in Art for Transfer Degree

The Associate in Art in Philosophy for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

Physics 2.0 - Associate in Science for Transfer (ADT) - NAS1108

The Associate in Science in Physics 2.0 for Transfer degree provides a foundation in physics and mathematics for students planning to transfer into a baccalaureate program in Physics. Successful completion of the transfer degree in Physics guarantees student acceptance to a local California State University to pursue a baccalaureate degree in Physics.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Apply appropriate physical laws and mathematical techniques to analyze various physical situations.
2. Perform various scientific experiments and to analyze data to check agreement with theoretical predictions.

Program Requirements

Required Courses

Units: 31.00

COURSE	TITLE	UNITS
PHY-4A	Mechanics	4.00

Associate in Science for Transfer Degree

The Associate in Science in Physics 2.0 for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

Political Science - Associate in Arts for Transfer (ADT) - NAA755

The Associate in Arts in Political Science for Transfer degree is a curricular pattern designed specifically to transfer students as Political Science majors with junior status to the CSU system. Though the Associate in Arts in Political Science for Transfer also provides broad general preparation for Political Science majors entering any four-year university, students must consult the specific requirements of any non-CSU campus to which they are applying. Students earning the Associate in Arts in Political Science for Transfer will be provided with a deep appreciation of the social, economic and cultural dimensions of politics and encouraged to approach all political issues and ideas critically.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Describe, explain, and evaluate American political institutions, political systems, policies and processes.
2. Identify and analyze the major current global and domestic political theories and ideologies.
3. Objectively explain critical issues in American, Comparative and World politics and be able to use theories and debates to argue convincingly in defense of a position, selecting examples to illustrate points and organizing these appropriately.
4. Employ a variety of current social scientific methodologies in the research, analysis and evaluation of data.
5. Demonstrate critical thinking ability including the understanding of alternative explanations and the forming of conclusions from the data presented.

Program Requirements

Required Courses

Units: 3.00

COURSE	TITLE	UNITS
<i>Select one of the following:</i>		3.00
POLS-C1000	American Government and Politics	3.00
POLS-C1000H	American Government and Politics - Honors	3.00

Electives - List A

Units: 9.00-10.00

COURSE	TITLE	UNITS
<i>Choose three courses from the following:</i>		9.00-10.00
POLS-2	Comparative Politics	3.00
POLS-11	Political Theory	3.00
<i>Only one of the following may be used:</i>		3.00

POLS-4	Introduction to World Politics	3.00
POLS-4H	Honors Introduction to World Politics	3.00
<i>Only one of the following may be used:</i>		4.00
STAT-C1000	Introduction to Statistics	4.00
STAT-C1000H	Introduction to Statistics - Honors	4.00
PSYC-48	Statistics for the Behavioral Sciences	4.00
SOC-48	Statistics for the Behavioral Sciences	4.00

Electives - List B

Units: 6.00-8.00

COURSE	TITLE	UNITS
<i>Choose two courses from the following:</i>		6.00-8.00
Any course from List A not already used.		3.00-4.00
POLS-5	Introduction to Law	3.00
POLS-13	Introduction American Foreign Policy	3.00
PSYC-50	Research Methods in Psychology	4.00
SOC-3	Social Inequality	3.00
SOC-50	Introduction to Social Research Methods	3.00
<i>Only one of the following may be used:</i>		3.00
ADJ-9	Law In American Society	3.00
ADJ-9H	Honors Law in American Society	3.00
<i>Only one of the following may be used:</i>		3.00
ECON-C2002	Principles of Macroeconomics	3.00
ECON-C2002H	Principles of Macroeconomics - Honors	3.00
<i>Only one of the following may be used:</i>		3.00
ETS-21	Latinx Politics	3.00
POLS-21	Latinx Politics	3.00
<i>Only one of the following may be used:</i>		3.00
ETS-23	Race, Ethnicity, and Politics in America	3.00
POLS-23	Race, Ethnicity, and Politics in America	3.00
<i>Only one of the following may be used:</i>		3.00
HIST-C1002	United States History since 1865	3.00
HIST-C1002H	United States History since 1865 - Honors	3.00

Total: 18.00-21.00

Associate in Art for Transfer Degree

The Associate in Art in Political Science for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

Psychology - Associate in Arts for Transfer (ADT) - NAA568

The Associate in Arts in Psychology for Transfer degree is designed to prepare students who wish to transfer for the purposes of pursuing studies in psychology. Specifically, this degree allows students to complete various lower division courses in preparation for obtaining a baccalaureate degree in psychology at a California State University.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Understand and describe key concepts, principles, and applications in the field of psychology and its content domains.
2. Apply information literacy and use scientific reasoning to interpret, design, and conduct basic psychological research and understand psychological phenomena.
3. Use APA style to communicate the results of research in written reports and oral presentations.

Program Requirements

Required Courses

Units: 17.00

COURSE	TITLE	UNITS
<i>Select one of the following:</i>		3.00
PSYC-C1000	Introduction to Psychology	3.00

Associate in Art for Transfer Degree

The Associate in Art in Psychology for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

Social Justice Studies - Associate in Arts for Transfer (ADT) - NAA1004

The Associate in Arts in Social Justice Studies for Transfer is designed to provide a clear pathway to a CSU major and baccalaureate programs in Social Justice, Ethnic Studies, Women, Gender, or Sexuality Studies, or to programs focused on ethnic groups such as Chicano/Latino Studies, African American Studies, Asian American Studies, or Native American Studies. Social Justice Studies explores the experiences of individuals from various groups, focusing on race, ethnicity, gender, and sexuality, and the complex relations and phenomena of culture, power, oppression, equity, and equality. California Community College students who are awarded an ADT are guaranteed

admission with junior standing somewhere in the CSU system. This priority does not guarantee admission to specific majors or campuses.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Utilize theoretical perspectives as they relate to structures and systems of power and oppression including critical ethnic studies, Critical Race Theory (CRT), feminist theory, or queer and trans theory.
2. Employ the principles of Social Justice Studies, Ethnic Studies, or Women, Gender, & Sexuality Studies to identify, explore, and analyze examples of prejudice, discrimination, or oppression in historical or cultural frameworks.
3. Engage critical thinking and communication skills with a focus on cultural and global awareness.
4. Use statistics or research methods in the behavioral and social sciences to better analyze issues related to Social Justice Studies.
5. Analyze issues across multiple disciplines through a social justice lens.

Program Requirements

Required Courses

Associate in Art for Transfer Degree

The Associate in Art in Social Justice Studies for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

Sociology - Associate in Arts for Transfer (ADT) - NAA696

The Associate in Arts in Sociology for Transfer degree is designed to prepare the student for transfer to four-year institutions of higher education and specifically intended to satisfy the lower division requirements for the Baccalaureate Degree in Sociology at a California State University. It will also provide the student with a sufficient academic basis from which to pursue a career in the social science professions. The student will be afforded the opportunity to study the nature of the human affinity for aggregation and the complexities of societal organization. The breadth of Sociology will be examined to include the historical and contemporary theory and research as the basis from which to gain an in-depth awareness and understanding of the world in which we live.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate an awareness and understanding of the historical and contemporary theoretical frameworks that form the basis of Sociological study.
2. Demonstrate the utility of past and present sociological research and the research methodologies that form the basis of sociological inquiry.
3. Demonstrate the ability to be academically proficient in at least two specific areas of sociological emphasis, i.e., Marriage and Family, Race/Ethnicity, Culture, Crime and Deviance, Social Problems.
4. Demonstrate an understanding of the basic principles for at least one of the social sciences beyond Sociology, i.e., Anthropology or Psychology.

Program Requirements

Required Courses

Associate in Art for Transfer Degree

The Associate in Art in Sociology for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

Spanish - Associate in Arts for Transfer (ADT) - NAA708

The Associate in Arts in Spanish for Transfer provides transfer majors with a strong foundation not only in the four basic language skills (listening comprehension, reading comprehension, speaking and writing), but also in the civilization and culture of Spain and Latin America. The degree emphasizes the acquisition of communicative competence and the development of intercultural awareness, appreciation and understanding. Additionally, the Spanish courses align well with preparation for transfer majors in related fields such as liberal arts, language arts and linguistics, and complement majors in international relations, political science, business, education, sociology and other areas of study at UC, CSU, and private colleges and universities.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate critical thinking skills in Spanish by interpreting and articulating ideas, questions, opinions and information at the high-intermediate level, both orally and in writing.
2. Analyze the practices, products and perspectives of the Spanish-speaking countries and peoples throughout the world through a comparison of Hispanic cultures and their own.

Program Requirements

Required Courses

Units: 20.00

COURSE	TITLE	UNITS
SPA-1	Spanish 1	5.00
SPA-2	Spanish 2	5.00
SPA-3	Spanish 3	5.00
SPA-4	Spanish 4	5.00

List A. Select a minimum of one course

Units: 3.00

COURSE	TITLE	UNITS
<i>Select 3 units from the following</i>		3.00

SPA-8	Intermediate Conversation	3.00
SPA-11	Spanish Culture and Civilization	3.00
SPA-12	Latin American Culture and Civilization	3.00

If a student has taken AP Spanish Literature and Culture exam and obtained a score of 3, 4, 5, three units of credit can be applied under List A.

Note: If a student places out of any required course and is not awarded units for that course, the student will have to take additional units to compensate for the course/units needed to reach at least 18 total units in the major (per Title 5 regulations). Appropriate course substitutions may be from List A or the courses listed below. Any other course substitution must be approved by the Spanish faculty of World Languages.

ANT-2	Cultural Anthropology	3.00
ANT-2H	Honors Cultural Anthropology	3.00
ANT-5	Cultures of Ancient Mexico	3.00
ANT-8	Language and Culture	3.00
ARTH-13	Pre-Columbian Art History	3.00
ARTH-14	Latin American Art: Colonial to the Present	3.00
COMM-12	Intercultural Communication	3.00
GEG-2	Human Geography	3.00
HIST-25	History of Mexico	3.00
HIST-31	Introduction to Chicanx and Latinx Studies	3.00
SOC-1	Introduction to Sociology	3.00
SOC-1H	Honors Introduction to Sociology	3.00
SOC-10	Race and Ethnic Relations	3.00
SOC-10H	Honors Race and Ethnic Relations	3.00

Total: 23.00

Associate in Art for Transfer Degree

The Associate in Art in Spanish for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

Studio Arts - Associate in Arts for Transfer (ADT) - NAA694

The Associate in Arts in Studio Arts for Transfer provides a solid preparation for transfer majors in the various areas of studio art, including design, drawing, and painting. This Studio Arts degree has an emphasis in Art History. Additionally, the studio courses align well with preparation for transfer majors in related fields such as sculpture, photography, and other areas of study at UC, CSU, and private colleges and universities.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate proficient technical and creative skills with a variety of art materials.
2. Understand works of art and design and the artistic contributions of diverse peoples through critical discussion and written assignments.
3. Demonstrate, through the analysis of aesthetic and cultural values, an understanding of the contribution of art and design to human experience.

Associate in Art for Transfer Degree

The Associate in Art in Studio Arts for Transfer degree will be awarded upon completion of 60 California State University (CSU) transferable units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements and with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of 'C' or better (or a 'P' if taken as Pass/No Pass).

3D Game Modeling and Animation - Associate of Science Degree and Certificate of Achievement - NAS972/C/NCE972

Students completing the 3D Game Modeling and Animation program will be well versed in the process by which games and game assets are designed and created, with a special emphasis on how 3D game assets are constructed and integrated. Students will be capable of building a variety of 3D asset types ranging from simple static props to intermediate animated objects. Students will work collaboratively in a creative environment creating 3D assets for simple games and rapid prototypes to emphasize teamwork and strengthening of soft skills. Students will be prepared to enter the field as 3D game art generalists, but with a versatile skillset that would afford them a wide range of career possibilities.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Build modeled, textured, rigged, and animated 3D game assets using modern software and techniques.
2. Apply the principles of modern game development through the creation of creative assets and supporting materials.
3. Contribute to working games and prototypes require team management, effective planning, communication, time management, and responsiveness.
4. Develop and integrate content that contributes and adds value to games projects or portfolio.
5. Create modern portfolio demonstrating viable capability utilizing games and class projects.

Associate of Science Degree

The Associate of Science Degree in 3D Game Modeling and Animation will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

3D Mechanical Drafting - Associate of Science Degree and Certificate of Achievement - NAS995/C/NCE995

This certificate includes courses intended to help students qualify for an entry level CAD operator/drafter or help someone, already in industry, to update their skills. Students can expect an entry level position as a CAD operator, mechanical drafter, engineering assistant and engineering technician.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate an understanding of 3D mechanical modeling so as to be able to capture design intent in a 3D model.

2. Map out the most efficient path in 3D model creation.
3. Reverse engineer existing parts and recreate them as 3D computer models.

Total: 23.00-25.00

Associate of Science Degree

The Associate of Science Degree in 3D Mechanical Drafting will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Administration & Information Systems - Associate of Arts Degree - NAA494/C

Administration/Information Systems entails the study of theories, procedures and practices and the acquisition of skills necessary to function productively and effectively in an administrative work environment. Career paths

chosen by students pursuing undergraduate studies in Administration/Information Systems typically include managerial positions in business and the public sector, administrative support positions, customer service, sales, accounting/bookkeeping and public relations.

Students completing associate degrees in Administration/Information Systems may obtain entry-level positions in the above career fields or may choose to transfer to a four-year college or university to pursue a bachelor's degree in business, accounting, public administration, management information systems or related fields.

Program Learning Outcomes

Students possessing an Associate Degree in Administration/Information Systems can be expected to demonstrate achievement of the following learning outcomes:

1. Categorize basic administrative terms, theories and principles.
2. Demonstrate basic understanding of economic systems, i.e., the manner in which goods are produced and distributed in a society and theme and by which economic grow this achieved and sustained.
3. Understand and apply fundamental management principles, such as profit/loss, balancing accounts, conflict resolution, effective customer relations and time management.
4. Perform functions such as preparation of memoranda, utilization of spreadsheets, adherence to schedules and responding effectively to changes in the work environment.
5. Implement the fundamental concepts from courses in business, public administration, economics and/or information systems.
6. Locate, process, and utilize information effectively.

The student must complete 18 units of study with a grade of "C" or better or a "P" if the course is taken on a "pass-no pass" basis

Not all courses listed in the Area of Emphasis degree are offered at all three colleges; please check your college catalog to see if a course you are interested in is offered at your college.

Included Disciplines and Courses:

Required Courses (9 units, selected from the following):

Accounting (ACC): 1A

Business Administration (BUS): 10, 10H, 18A

Computer Applications and Office Technology (CAT): 3

Computer Information Systems (CIS): 1A, 3

Economics (ECON): C2001, C2001H, C2002, C2002H

Political Science (POLS): 8

Elective Courses (9 additional units, selected from the following):

Accounting (ACC): 1A, 1B

Business Administration (BUS): 10, 10H, 18A, 18B, 20, 22, 80

Communications Studies (COMM): C1000, C1000H, 6, 9, 9H, 12, 13

Computer Applications and Office Technology (CAT): 3, 31

Computer Information Systems (CIS): 1A, 2, 3, 5

Computer Science (CSC): 2, 5

Economics (ECON): C2001, C2001H, C2002, C2002H, 4, 6

Library (LIB): 1

Management (MAG): 44

Marketing (MKT): 20

Political Science (POLS): 6, 8

Associate of Arts Degree

The Associate of Arts Degree in Administration and Information Systems will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Administration of Justice - Associate of Science Degree and Certificate of Achievement - NAS504/C/NCE504

This program focuses on the criminal justice system, its organizational components and processes, as well as its legal and public policy contexts. This includes instruction in criminal law and policy, police and correction systems organization, the administration of justice and the judiciary, and public attitudes regarding criminal justice issues.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate knowledge of the breadth, scope and interconnectivity of the criminal justice system.
2. Demonstrate an understanding of the theories and research in the area of crime, criminality and criminal justice.
3. Demonstrate a basic knowledge of criminal law.
4. Demonstrate a knowledge of the implications of legal evidence in the processing of criminal cases.
5. Demonstrate a knowledge of the role of policing and the maintenance of favorable community relations.

Program Requirements

Required Courses

Units: 18.00

COURSE	TITLE	UNITS
ADJ-1	Introduction to the Administration of Justice	3.00
ADJ-2	Principles and Procedures of the Justice System	3.00
ADJ-3	Concepts of Criminal Law	3.00

<i>Complete 9 units from the following:</i>		9.00
Choose any elective courses in the discipline, or:		
POLS-5	Introduction to Law	3.00
SOC-20	Introduction To Criminology	3.00

Total: 27.00

Associate of Science Degree

The Associate of Science Degree in Administration of Justice will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Administration of Justice: Corrections - Associate of Science Degree - NAS1097/C

The Corrections program provides students with the knowledge and exposure to the legal considerations and best practices of correctional administration while also preparing students to the fundamental professional principles within the field of corrections. Students pursuing this program will be introduced and exposed to the three components of our criminal justice system, with an emphasis on the history of correctional systems in the United States, the current system, and the needs of the future within community corrections. Students will learn and demonstrate proficiency in the legal aspects of the correctional system and obtain a working knowledge required of professionals looking for entry-level positions within the corrections field.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate comprehensive knowledge of the history and trends of the correctional system in the United States and describe the relationship between corrections and the components of the judicial system.

2. Analyze and describe the legal issues, specific laws, and general operations of correctional institutions.
3. Describe the differences between adult, juvenile, probation, and parole corrections systems.
4. Identify, understand, and demonstrate inmate processing procedures including receiving, discharge, and classification processes.
5. Assess the legal considerations and the rights of individuals within correctional systems.
6. Demonstrate professional best practices in methods of professional communications, interviewing and de-escalation techniques.
7. Identify, understand, and demonstrate appropriate and professional written and oral communication skills.

Apprenticeship Carpentry, Acoustical Installer - Associate of Science Degree and Certificate of Achievement NAS1051/C /NCE1051

The Apprenticeship Carpentry, Acoustical Installer program provides the required related and supplemental instruction for interior systems apprentices in the technical skills required in the trade. Successful completion may result in journey worker status.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Prepares individuals to apply technical knowledge and skills to layout, cut fabricate, install, and repair wooden structures and fixtures, using hand and power tools. Includes instruction in technical mathematics, framing, construction materials and selection, job estimating, blueprint reading, foundations, and roughing-in, finish carpentry techniques, and applicable codes and standards.
2. Construct, erect, install, or repair structures and fixtures made of wood and comparable materials, such as concrete forms; building frameworks, including partitions, joists, studding, and rafters; and wood stairways, window and door frames, and hardwood floors.
3. May also install cabinets, siding, drywall, and batt or roll insulation, includes brattice builders who build doors or brattices (ventilation walls or partitions) in underground passageways.

Program Requirements
Required Courses

Units: 19.50

COURSE	TITLE	UNITS
CRP-461A	Acoustical Ceilings	1.50
CRP-462	Standard Acoustical Grids	1.50
CRP-463	Suspended Ceilings	1.50
CRP-464	Acoustical Soffits	1.50

CRP-466	Concealed/Glue-Up/Staple-Up Systems	1.50
CRP-467	Designer and Specialty Trims	1.50
CRP-468	Metal Pan and Security Systems	1.50
CRP-471A	Orientation - Power Tools Safety	2.00
CRP-471B	Safety and Health Certifications - Scaffold	2.00
CRP-471C	Tool/Equipment Applications - Fall Protection	1.50
CRP-474A	Print Reading - Specifications	2.00
CRP-479A	Drywall and Acoustical Ceilings	1.50

Elective Courses

Units: 6.00-6.50

COURSE	TITLE	UNITS
<i>Select four courses from the following:</i>		6.00-6.50
CRP-461B	Advanced Acoustical Ceiling Layout	1.50
CRP-461C	Advanced Acoustical Ceiling Installation	1.50
CRP-465	Prefab/Sound Panels	1.50
CRP-472A	Basic Metal Framing	1.50
CRP-473C	Framing Curves and Arches	1.50
CRP-474B	Advanced Print Reading – Digital Application	2.00
CRP-483	Door and Door Frames (Layout and Frame)	1.50

Total: 25.50-26.00

Associate of Science Degree

The Associate of Science Degree in Apprenticeship Carpentry, Acoustical Installer will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Apprenticeship Carpentry, Concrete - Associate of Science Degree and Certificate of Achievement NAS1052/C /NCE1052

The Apprenticeship Carpentry, Concrete program provides the required related and supplemental instruction for interior systems apprentices in the technical skills required in the trade. Successful completion may result in journey worker status.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Prepares individuals to apply technical knowledge and skills to layout, cut fabricate, install, and repair wooden structures and fixtures, using hand and power tools. Includes instruction in technical mathematics, framing, construction materials and selection, job estimating, blueprint reading, foundations, and roughing-in, finish carpentry techniques, and applicable codes and standards.
2. Construct, erect, install, or repair structures and fixtures made of wood and comparable materials, such as concrete forms; building frameworks, including partitions, joists, studding, and rafters; and wood stairways, window and door frames, and hardwood floors.
3. May also install cabinets, siding, drywall, and batt or roll insulation, includes brattice builders who build doors or brattices (ventilation walls or partitions) in underground passageways.

COURSE	TITLE	UNITS
--------	-------	-------

CRP-404C	Print Reading - Symbols	2.00
CRP-421A	Orientation - Hand Tools Safety	2.00
CRP-421B	Safety and Health Certifications - Hand & Power Tools Applications	2.00
CRP-421E	Tool/Equipment Applications - Emergency Response Procedures	1.50
CRP-425A	Foundations and Flatwork	1.50
CRP-426A	Tilt-Up Panel Construction	1.50
CRP-426B	Wall Forming	1.50
CRP-426C	Gang Forms/Columns	1.50
CRP-426D	Abutments	1.50
CRP-427C	Beam and Deck Forming	1.50
CRP-427D	Stairs and Ramp Forming	1.50
CRP-428A	Bridge Construction	1.50

Elective Courses

Units: 5.00-6.50

COURSE	TITLE	UNITS
<i>Select four courses from the following:</i>		5.00-6.50
CRP-421C	Basic Wall Framing	1.50
CRP-422A	Commercial Floor Framing	1.50
CRP-423B	Basic Roof Framing	1.50
CRP-424A	Basic Commercial Framing	1.50
CRP-424D	Transit Level/Laser	2.00
CRP-425D	Advanced Print Reading - Digital Planning	1.50
CRP-428E	Bridge Falsework	1.00
CRP-429A	Rigging	1.50
CRP-429C	Solar Installer Level 1	1.00
CRP-495	Water Treatment Facilities	1.50

Total: 24.50-26.00

Associate of Science Degree

The Associate of Science Degree in Apprenticeship Carpentry, Concrete will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Apprenticeship Carpentry, Drywall Finisher - Associate of Science Degree and Certificate of Achievement NAS1053/C/NCE1053

The Apprenticeship Carpentry, Drywall Finisher program provides the required related and supplemental instruction for interior systems apprentices in the technical skills required in the trade. Successful completion may result in journey worker status.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Prepares individuals to apply technical knowledge and skills to layout, cut fabricate, install, and repair wooden structures and fixtures, using hand and power tools. Includes instruction in technical mathematics, framing, construction materials and selection, job estimating, blueprint reading, foundations, and roughing-in, finish carpentry techniques, and applicable codes and standards.
2. Construct, erect, install, or repair structures and fixtures made of wood and comparable materials, such as concrete forms; building frameworks, including partitions, joists, studding, and rafters; and wood stairways, window and door frames, and hardwood floors.
3. May also install cabinets, siding, drywall, and batt or roll insulation, includes brattice builders who build doors or brattices (ventilation walls or partitions) in underground passageways.

Program Requirements
Required Courses

Units: 23.50

COURSE	TITLE	UNITS
CRP-471A	Orientation - Power Tools Safety	2.00
CRP-471B	Safety and Health Certifications - Scaffold	2.00

CRP-476A	Basic Hand Finishing	1.50
CRP-476B	Automatic Finishing Tools	1.50
CRP-477A	Drywall Installation/Finish Trims	1.50
CRP-477B	Advanced Hand Finishing	1.50
CRP-477C	Advanced Automatic Finishing Tools	1.50
CRP-478B	Advanced Metal Framing	1.50
CRP-478C	Wet Wall Finishes	1.50
CRP-478D	Ceiling and Soffit Finishing	1.50
CRP-479A	Drywall and Acoustical Ceilings	1.50
CRP-482B	S/B Firestop/Fireproofing Procedures	1.00
CRP-482C	Decorative Trims and Textures	1.50

Total: 23.50

Associate of Science Degree

The Associate of Science Degree in Apprenticeship Carpentry, Drywall Finisher will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Apprenticeship Carpentry, Drywall/Lather - Associate of Science Degree and Certificate of Achievement NAS1054/C/NCE1054

The Apprenticeship Carpentry, Drywall Lather program provides the required related and supplemental instruction for interior systems apprentices in the technical skills required in the trade. Successful completion may result in journey worker status.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Prepares individuals to apply technical knowledge and skills to layout, cut fabricate, install, and repair wooden structures and fixtures, using hand and power tools. Includes instruction in technical mathematics, framing, construction materials and selection, job estimating, blueprint reading, foundations, and roughing-in, finish carpentry techniques, and applicable codes and standards.
2. Construct, erect, install, or repair structures and fixtures made of wood and comparable materials, such as concrete forms; building frameworks, including partitions, joists, studding, and rafters; and wood stairways, window and door frames, and hardwood floors.
3. May also install cabinets, siding, drywall, and batt or roll insulation, includes brattice builders who build doors or brattices (ventilation walls or partitions) in underground passageways.

Program Requirements
Required Courses

Units: 20.00

CRP-482B	S/B Firestop/Fireproofing Procedures	1.00
CRP-482C	Decorative Trims and Textures	1.50
CRP-489	Freeform Lathing	1.50

Total: 26.00

Associate of Science Degree

The Associate of Science Degree in Apprenticeship Carpentry, Drywall Lather will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Apprenticeship Carpentry, Finish Carpentry - Associate of Science Degree and Certificate of Achievement NAS1055/C/NCE1055

The Apprenticeship Carpentry, Finish Carpentry program provides the required related and supplemental instruction for interior systems apprentices in the technical skills required in the trade. Successful completion may result in journey worker status.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Prepares individuals to apply technical knowledge and skills to layout, cut fabricate, install, and repair wooden structures and fixtures, using hand and power tools. Includes instruction in technical mathematics, framing, construction materials and selection, job estimating, blueprint reading, foundations, and roughing-in, finish carpentry techniques, and applicable codes and standards.

- Construct, erect, install, or repair structures and fixtures made of wood and comparable materials, such as concrete forms; building frameworks, including partitions, joists, studding, and rafters; and wood stairways, window and door frames, and hardwood floors.
- May also install cabinets, siding, drywall, and batt or roll insulation, includes brattice builders who build doors or brattices (ventilation walls or partitions) in underground passageways.

The Associate of Science Degree in Apprenticeship Carpentry, Tilt-Up will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Apprenticeship: Manufacturing Technician I - Certificate of Achievement - NCE968

This provides students with a first step towards becoming a fully qualified journey level Manufacturing Technician. Through a combination of work-based learning, lectures and lab components, this program includes shaping and forming operations, materials handling, instrumentation and controls, and quality control, as well as computer-aided manufacturing and robotics. This program also includes optimization theory, industrial and manufacturing planning, and related management skills. Completion of this program prepares students for gainful employment as a machine operators, production technicians, CNC Programmers, industrial or manufacturing engineering technicians, or tool setter. To participate in this program, students must register as an apprentice and meet applicable program requirements.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Students will apply industry standard safety practices and specific safety requirements for different machining operations.
2. Students will be able to proficiently use equipment, machines, and technology in manufacturing processes.
3. Knowledge of and ability to demonstrate general manufacturing technical practices and procedures that are applicable to all sectors of manufacturing.

Apprenticeship: Manufacturing Technician II - Associate of Science Degree and Certificate of Achievement - NAS967/C/NCE967

This program develops the fully qualified journey level Manufacturing Technician who has the ability to manufacture high precision parts out of a wide variety of materials using all types of conventional machine tools.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Apply industry standard safety practices and specific safety requirements for different machining operations.
2. Produce high precision parts out of a variety of conventional machine tools.
3. Demonstrate advanced manufacturing technical practices and procedures that are applicable to all sectors of manufacturing.
4. Demonstrate knowledge of CNC specific technical work practices, such as blueprint reading, applied math concepts, tools, and measurement concepts.

Associate of Science Degree

The Associate of Science Degree in Apprenticeship: Manufacturing Technician II will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Architectural Graphics - Associate of Science Degree and Certificate of Achievement - NAS983/C/NCE983

The Architectural Graphics program prepares students with technical communication skills, and the knowledge and craft of two-dimensional drafting solutions for architecturally related industry applications. Students learn to present graphic solutions, provide design refinements, modifications, and delineations of working technical drawings using current Computer-Aided Drafting CAD methods and techniques with an understanding of industry

standards. Program completers are able to secure drafting technician positions in areas related to architecture, environmental design, and to assist in the development of architectural construction documents for light frame structures, under the supervision of a professional.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Complete a set of residential working drawings, which may include first floor drawings, second floor drawings, foundation drawings, elevations, cross-sections, framing, electrical drawings, and structural detail.
2. Demonstrate an ability to apply and integrate computer technology into the design process to achieve a desired result.

CON-74	Construction Estimating	3.00

Total: 27.00

Associate of Science Degree

The Associate of Science Degree in Architectural Graphics will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Biology Field Technician - Certificate of Achievement - NCE2007

The Biology Field Technician Certificate provides foundational lower-division coursework that introduces students to the knowledge and skills needed to successfully work in the natural environment. This program is specifically designed to support students interested in working in environmental consulting, or park rangers, interpreters, or docents.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Utilize the scientific method to formulate hypotheses and analyze ecological data.
2. Examine the effects of human activities on ecological systems.
3. Discuss the interconnectedness of abiotic, biotic, and cultural factors and their impact on California's natural history.
4. Recognize and differentiate plant phyla, classes, orders, families, genera, and species using correct taxonomic terminology.

Program Requirements

Required Courses

Units: 11.00

COURSE	TITLE	UNITS
BIO-3	Field Botany	4.00
BIO-8	Principles of Ecology	4.00
BIO-21	California Naturalist	3.00

Elective Courses

Units: 0.00-8.00

COURSE	TITLE	UNITS
<i>Take 0 to 8 units from the following:</i>		0.00-8.00
BIO-7	Marine Biology	4.00
BIO-5	General Botany	4.00
BIO-19	Environmental Science	3.00

Total: 11.00-19.00

Biomedical Electronic Equipment Repair - Certificate of Achievement - NCE1104

The Biomedical Electronic Equipment Repair program prepares students for entry-level careers in the installation, maintenance, and repair of medical and biomedical electronic equipment used in healthcare settings. The program combines foundational electronics theory with hands-on training in medical instrumentation, emphasizing safety standards, troubleshooting techniques, and compliance with regulatory guidelines such as those set by the FDA and Joint Commission.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Diagnose and repair faults in electronic medical devices using schematics and test equipment.
2. Apply safety and regulatory standards in the servicing of biomedical equipment.
3. Demonstrate proficiency in preventive maintenance and calibration procedures.
4. Communicate effectively with healthcare staff and technical personnel.
5. Maintain accurate service documentation in compliance with industry standards.

Program Requirements

Required Courses

Units: 33.00

COURSE	TITLE	UNITS
ELE-10	Survey of Electronics	4.00

<i>Select one of the following:</i>		4.00
ELE-11	DC Electronics	4.00
ELC-11	DC Electronics	4.00
<i>Select one of the following:</i>		4.00
ELE-13	AC Electronics	4.00
ELC-13	AC Electronics	4.00
ELE-25	Digital Techniques	4.00
ELE-23	Electronic Devices and Circuits	4.00
ELE-41	Introduction to Biomedical Equipment	3.00
ELE-42	Troubleshooting Theory and Methodology in Biomedical Equipment	3.00
ELE-43	Biomedical Life Support Equipment Troubleshooting and Repair	3.00
ELE-44	Network Troubleshooting and Methodology in Biomedical Equipment	2.00
ELE-45	Capstone Project for Biomedical Equipment	2.00

Total: 33.00

Business Administration: Accounting Concentration - Associate of Science Degree and Certificate of Achievement - NAS523 / NCE523

This program prepares individuals to practice the profession of accounting and to perform related business functions. This includes instruction in accounting principles and theory, financial accounting, managerial accounting, cost accounting, budget control, tax accounting, legal aspects of accounting, reporting procedures, statement analysis, planning and consulting, business information systems, accounting research methods, professional standards and ethics, and applications to specific for-profit, public, and non-profit organizations.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Use technology to analyze business decisions and to enhance business communications.
2. Apply basic business and accounting calculations and analyses.
3. Have an understanding of legal practices relating to business.
4. Apply sound management practices.
5. Apply accounting principles related to a variety of accounting specialties, such as payroll accounting, cost accounting, income tax accounting, and computerized accounting.
6. Analyze and solve accounting issues and problems for a variety of business entities.
7. Analyze and interpret data and reports for a variety of business entities.
8. Develop and apply principles of moral judgment and ethical behavior to business situations.

Program Requirements

Major Core Requirements

Units: 18.00

Associate of Science Degree

The Associate of Science Degree in Business Administration: Accounting Concentration will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Business Administration: General Business Concentration - Certificate of Achievement - NAS524 / NCE524

This program focuses on the general study of business, including domestic, international and electronic, and the important ways in which business impacts our daily lives. The program will prepare individuals to apply business principles and techniques in various career settings and to gain an understanding of business situations that affect their personal and working lives. This includes the buying, selling and production of goods and services, understanding business organizations, general management, and employee motivation strategies, basic accounting principles, the economy, and marketing.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Use technology to analyze business decisions and to enhance business communications.
2. Apply basic business and accounting calculations and analyses.
3. Have an understanding of legal practices relating to business.
4. Apply sound management practices.
5. Explain the managerial applications of accounting reports and ratios to the business enterprise.
6. Analyze the law as it pertains to business organizations and to determine the legal management of the various forms of law.
7. Analyze the business elements that comprise the logistics function.
8. Develop and apply principles of moral judgment and ethical behavior to business situations.
9. Anticipate and pose problems relative to understanding and supervising personnel.
10. Identify and analyze human relations techniques appropriate to a managerial role.
11. Explain and develop the marketing mix, including an analysis of the marketing mix variables—product, place, price, and promotion.

Business Administration: Logistics Management Concentration - Associate of Science Degree and Certificate of Achievement - NAS580 / NCE580

This program prepares students for entry into or career growth within the logistics industry, and ongoing study of the field. The focus is on integrated logistics, a necessity for management of effective and efficient supply chains. Logistics disciplines covered include warehousing, transportation, service contracting, purchasing, global logistics, etc.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Use technology to analyze business decisions and to enhance business communications.
2. Apply basic business and accounting calculations and analyses.
3. Have an understanding of legal practices relating to business.
4. Apply sound management practices.
5. Compare roles and objectives of the logistics disciplines.
6. Understand how logistics functions can interact to efficiently use total personnel, facilities and equipment.
7. Contribute knowledge needed by multidisciplinary teams to effectively integrate and exceed end user (customer) expectations.
8. Analyze, prepare, file and process claims when unavoidable freight disputes arise.
9. Explain how the overall flow of goods, services and information can be optimized to satisfy customer and business goals.
10. Identify 3rd party logistics provider and client needs in negotiations, bidding and contracts, as well as legal and regulatory constraints to integrated logistics.
11. Describe roles and value added by global logistics intermediaries.

Associate of Science Degree

The Associate of Science Degree in Business Administration: Logistics Management Concentration will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Business Administration: Management Concentration - Associate of Science Degree and Certificate of Achievement - NAS521 / NCE521

This program generally prepares individuals to plan, organize, direct, and control the functions and processes of a firm or organization with an emphasis on people as the most important asset of a business. This program will prepare individuals seeking management positions to be better candidates for promotion, and those already in management positions to improve their management skills and effectiveness. This includes instruction in management practice and theory, human resources management and behavior, interpersonal communications in a business setting, marketing management, and business decision making.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Use technology to analyze business decisions and to enhance business communications.
2. Apply basic business and accounting calculations and analyses.
3. Have an understanding of legal practices relating to business.
4. Apply sound management practices.

5. Apply sound management practices.
6. Analyze and apply appropriate managerial practices in one or more areas of ethics, human resources, quality management, operations, motivation, etc.

Associate of Science Degree

The Associate of Science Degree in Business Administration: Management Concentration will be awarded upon

completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Business Administration: Real Estate Concentration - Associate of Science Degree and Certificate of Achievement - NAS527 / NCE527

This program prepares individuals to develop, buy, sell, appraise, and manage real property. This includes instruction in land use development policy, real estate law, real estate marketing procedures, agency management, brokerage, property inspection and appraisal, real estate investing, leased and rental properties, commercial real estate, and property management.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Use technology to analyze business decisions and to enhance business communications.
2. Apply basic business and accounting calculations and analyses.
3. Have an understanding of legal practices relating to business.
4. Apply sound management practices.
5. Demonstrate the ability to analyze ethical and procedural problems that arise in residential real estate sales transactions from the prospective of buyers, sellers, brokers, appraisers, lenders, and escrow officers.
6. Discuss and evaluate real estate marketing and sales techniques.
7. Discuss and calculate real estate taxes and solve basic real estate mathematics problems.
8. Explain and evaluate methods of financing real estate purchases and securing loans with real estate.
9. Demonstrate the ability to analyze the factors that affect real estate values.
10. Discuss and evaluate real estate markets and trends.

Associate of Science Degree

The Associate of Science Degree in Business Administration: Real Estate Concentration will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Business Information Worker - Associate of Science Degree and Certificate of Achievement - NAS522/C/NCE522

The Business Information Worker Certificate of Achievement is designed to prepare students for entry-level and administrative support in a variety of fields and businesses.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate computer literacy with respect to computer hardware and software applications.
2. Apply standard rules of business conduct and customer service.
3. Develop specialized keyboarding skills at an employable level of accuracy and speed.
4. Use word processing, spreadsheet, presentation graphics, and scheduling software to perform business and office tasks.
5. Apply oral and written communication skills in various business and office environments.
6. Design, modify, query, and manipulate lists (database and information in workbooks using common formulas, data and what if scenario tools to organize and convey information.

Associate of Science Degree

The Associate of Science Degree in Business Information Worker will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

C++ Programming - Locally Approved Certificate - NCE803

Create structured and Object code in C++ for business, gaming, mathematical and scientific problems by identifying the information input requirements, synthesizing the algorithmic steps needed to transform the data input into the required output information, and organizing the output format to facilitate user communication.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Create structured and Object code in C++ for business, gaming, mathematical and scientific problems by identifying the information input requirements, synthesizing the algorithmic steps needed to transform the data input into the required output information, and organizing the output format to facilitate user communication.
2. Using C++ libraries create and run C++ programs that incorporate the following:
 - * Multiprocessors
 - * Multimedia
 - * ODBC
 - * SQL
 - * Establish client/server relationship
3. OR Using C++ libraries create and run C++ programs that incorporate data structures.

California Naturalist Certificate - Locally Approved Certificate - NCE894

The California Naturalist Certificate is an introduction to California's unique ecology and stewardship of California's natural communities with certification from the UC ANR California Naturalist program and training in Project Learning Tree. The UC ANR California Naturalist program uses a science curriculum, hands-on learning, problem-solving, citizen science, and community service to encourage engagement with nature and conservation of local resources.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Integrate knowledge about the interconnectedness of abiotic, biotic and cultural factors and their influence on the natural history of California.
2. Develop and implement a naturalist project, which may include nature interpretation for public presentation, collaboration with community organizations, collaborative conservation, and/or citizen science.

Communication, Media & Languages - Associate of Arts Degree - NAA495/C

Communications is the study of how humans construct meanings through interactions. Courses in this area may focus on the knowledge and skills needed to communicate effectively in oral, written, or visual forms; on the study of language and culture; and/or on a critical understanding of the structures and patterns of different kinds of communication as they affect individuals and society. Studies in Communication, Media and Languages is designed for students interested in pursuing further studies in English, Journalism, Mass Communication, Media Studies, Communication Studies and World Languages at four-year institutions. It may be useful for students interested in pursuing careers in communications, graphic design, journalism, law, marketing, public relations, radio and television, translating, and writing, among others.

Program Learning Outcomes

Students possessing an Associate Degree in Communication, Media and Languages can be expected to demonstrate achievement of the following learning outcomes:

1. Analyze college level texts to understand and apply themes and evidence in appropriate communication formats.
2. Evaluate purpose and audience to create well-developed, supported, and stylistically fluent responses in written or verbal form.
3. Evaluate and apply appropriate evidence in support of arguments made in different forms of communication.
4. Recognize and understand the role of nonverbal, verbal, interpersonal, visual, mass media, and cultural indicators inherent in different communication mediums.
5. Understand how socioeconomic and cultural factors work in constructing knowledge in different forms of communication.
6. Use a variety of research methods to collect and evaluate sources and evidence to apply in various forms of communication.

The student must complete 18 units of study across three disciplines; 9 units must be taken in a single discipline with a grade of "C" or better or a "P" if the course is taken on a "pass-no pass" basis.

Not all courses listed in the Area of Emphasis degree are offered at all three colleges; please check your college catalog to see if a course you are interested in is offered at your college.

Included Disciplines and Courses

Academic Literacy & Reading (ALR): 4

American Sign Language (ASL): 1, 2, 3, 4, 5, 10, 11, 12, 13, 14, 20, 22

Anthropology (ANT): 8

Applied Digital Media (ADM): 1

Arabic (ARA): 1, 2, 3, 8, 11, 11H

Chinese (CHI): 1, 2, 11

Communication Studies (COMM): C1000, C1000H, 2, 3, 6, 7, 9, 9H, 11, 12, 13

English (ENGL): C1000, C1000H, C1003, C1003H, 6, 7, 8, 9, 10, 11, 12, 14, 15, 16, 20, 23, 25, 30, 34, 35, 38A, 38B, 38C, 40, 41, 44, 45, 48

Film Studies (FST): 1, 1H, 2, 3, 4, 5

Film, Television and Video (FTV): 12, 44A, 45A, 65

French (FRE): 1, 2, 11

Italian (ITA): 1, 2, 3, 11

Japanese (JPN): 1, 2, 3, 4, 11

Journalism (JOU): 1, 2, 7, 20A, 20B, 20C, 20D, 52A, 52B, 52C, 52D

Library (LIB): 1

Photography (PHO): 12

Russian (RUS): 1, 2, 3, 11

Spanish (SPA): 1, 2, 2H, 3, 4, 8, 11, 12, 51

Associate of Arts Degree

The Associate of Arts Degree in Communication, Media and Languages will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Computer Numerical Control Operator - Certificate of Achievement - NCE966

This certificate is designed to provide entry-level skills to operate a Computer Numerical Control (CNC) lathe or milling type machine tool. Upon completion, students could secure employment as a CNC Operator.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate sufficient proficiency to apply for and obtain entry-level employment in the field of computer numerical control technology.
2. Create parts specified by the National Institute of Metalworking Skills (NIMs).
3. Create a portfolio which may include portable document files (PDF) printouts of CNC programs created during the program's courses.
4. Solve formulas by using unknowns and apply this knowledge to solve problems encountered in technology areas and various fields of machining.
5. Establish a systematic approach to recognize the essential information given on a blueprint.

Computer Numerical Control Programming - Associate of Science Degree and Certificate of Achievement - NAS655 / NCE655

This program prepares individuals for an entry level career in computer numerical control programming. Computer control programmers and operators use computer numerically controlled (CNC) machines to cut and shape precision products, such as automobile, aviation, and machine parts. CNC machines operate by reading the code included in a computer-controlled module, which drives the machine tool and performs the functions of forming and shaping a part formerly done by machine operators. CNC machines include machining tools such as lathes, multiaxis spindles, milling machines, laser cutting machines, and wire electrical discharge machines. CNC machines cut away material from a solid block of metal or plastic—known as a workpiece—to form a finished part. Computer control programmers and operators normally produce large quantities of one part, although they may produce small batches or one-of-a-kind items. They use their knowledge of the working properties of metals and their skill with CNC programming to design and carry out the operations needed to make machined products that meet precise specifications.

CNC programmers—also referred to as numerical tool and process control programmers—develop the programs that run the machine tools. They review three-dimensional computer aided/automated design (CAD) blueprints of the part and determine the sequence of events that will be needed to make the part. This may involve calculating where to cut or bore into the workpiece, how fast to feed the metal into the machine, and how much metal to remove.

In addition to achieving the program learning outcomes for the Computer Numerical Control programming certificate, students who complete the Associate of Science Degree in Computer Numerical Control Programming (CNC) technology will demonstrate proficiency in general education student learning outcomes and proficiency in subject matter student learning outcomes.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Create a steam or stirling engine based on blueprints that involves parts using both the mill and the lathe.
2. Create five-axis part drawing files using Computer Aided Manufacturing program such as Mastercam, numerical code files and Solid Works.
3. Compose written assignments on occupation safety in general industry.

- Solve mathematical formulas by using unknowns and apply this knowledge to solve problems for the industry.
- Establish a systematic approach to recognizing the essential information given on a blueprint.

Associate of Science Degree

The Associate of Science Degree in Computer Numerical Control Programming will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Computer Programming - Associate of Science Degree and Certificate of Achievement

This program focuses on the general writing and implementation of generic and customized programs to drive operating systems that generally prepare individuals to apply the methods and procedures of software design and programming to software installation and maintenance. This includes instruction in software design; low and high level languages and program writing; program customization and linking; prototype testing; troubleshooting; and related aspects of operating systems and networks

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

- Design structured programs using C++, Javascript, or Java.
- Design and use object oriented programs in one of these languages C++, Java or PHP.
- Design and use advanced programming techniques in C++ or Java.

Program Requirements

Required Courses

Units: 14.50

COURSE	TITLE	UNITS
CIS-1A	Introduction to Computer Information Systems	3.00
<i>Choose one course</i>		3.00
CIS-2	Fundamentals of Systems Analysis	3.00
OR		

CSC-2	Fundamentals of Systems Analysis	3.00

Total: 26.50

Associate of Science Degree

The Associate of Science Degree in Computer Programming will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Construction Management - Associate of Science Degree and Certificate of Achievement - NAS906/C/NCE906

This program generally prepares individuals to understand the people and principle phases involved in the management of construction projects. This program will introduce the skills required to effectively manage and supervise a construction team. This includes understanding the basics for estimating, scheduling, and controlling costs of a construction project. Completion of this program prepares students for gainful employment as a construction manager, foreman, construction area manager, construction superintendent, or construction project manager.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Understand the people involved and the principle phases in the design of the construction process.
2. Apply the skills required to effectively manage and supervise a construction management team.
3. Understand the basics for estimating, scheduling, and controlling costs of construction projects.

Program Requirements

Required Courses

Units: 18.00

COURSE	TITLE	UNITS
CON-62	Print Reading for Construction	3.00
CON-73	Project Planning for Site Construction	3.00
CON-74	Construction Estimating	3.00
CON-80	Construction Scheduling	3.00
ENE-27	Technical Communications	3.00
MAG-51	Elements of Supervision	3.00

Electives (6-7 units)

Units: 6.00-7.00

COURSE	TITLE	UNITS
CON-63A	International Building Code	3.00
CON-64	Office Procedures and Field Inspection	3.00
CON-66	National Electrical Code	3.00
ELE-77	Electrical Theory for Electricians	3.00
ELE-408	Transformer Theory, Leadership, Management, and Test Equipment	3.50
ELE-409	Electrician Specialty Systems	3.50
ELE-424	Introduction to Digital Electronics and Signaling Devices	3.50
ELE-425	Management/Alarms/Codes/Circuits	3.50

Total: 24.00-25.00

Associate of Science Degree

The Associate of Science Degree in Construction Management will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Construction Technology - Associate of Science Degree and Certificate of Achievement - NAS532/C/NCE532

This program prepares individuals with the technical knowledge and skills in the area of building construction. This includes instruction enabling students to better understand and interpret construction codes, as well as clarifying processes and materials used in construction; and the basic physical laws which are used to formulate the prescriptive code regulations. Management and inspection skills are also examined.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Graduates will be able to identify and describe the materials and methods currently being employed in today's construction industry. Graduates will be able to interpret the major construction codes currently adopted by the state, county, and city which regulate construction installations. Graduates will be able to evaluate the basic concepts of engineering and soil design as they relate to structures.
2. In addition to achieving the program learning outcomes for the construction technology certificate program, students who complete the Associate of Science Degree in Construction Technology will demonstrate proficiency in general education student learning outcomes and proficiency in subject matter student learning outcomes.

Program Requirements

Required Courses

Units: 24.00

COURSE	TITLE	UNITS
CON-63A	International Building Code	3.00
CON-64	Office Procedures and Field Inspection	3.00
CON-65	Plumbing Code	3.00
CON-66	National Electrical Code	3.00
CON-67	Mechanical Code	3.00
CON-68	Simplified Engineering for Building Inspectors	3.00
CON-70	Fundamentals of Soils Technology	3.00
CON-71	Energy Conservation Standards	1.50
CON-72	California State Accessibility Standards	1.50

Electives. Take 6 units

Units: 6.00

COURSE	TITLE	UNITS
CON-60	Introduction to Construction	3.00
CON-61	Materials of Construction	3.00
CON-62	Print Reading for Construction	3.00
CON-63B	Analysis of Revisions to the Uniform Building Code	3.00
CON-63C	Analysis of Revisions to the Uniform Building Code	3.00
CON-63D	Analysis of Revisions to the Uniform Building Code	3.00
CON-73	Project Planning for Site Construction	3.00
CON-200	Construction Technology Work Experience	1.00-4.00

Total: 30.00

Associate of Science Degree

The Associate of Science Degree in Construction Technology will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Control Systems Specialist - Certificate of Achievement - NCE1099

Industrial Controls Technicians install, troubleshoot, repair, and maintain commercial or industrial controls in buildings, a plant, or a manufacturing setting. These technicians ensure all controls function properly through servicing and troubleshooting the system.

This program introduces the student to the theoretical and practical applications of basic control systems utilized in the industrial maintenance mechanic industry. Additional studies include plant safety, hand/power tool fundamentals, blueprint reading, basic electrical concepts and controls, programable logic controllers and instrumentations, and introduction to robotics.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate knowledge of control systems used in industry and manufacturing environments.
2. Apply problem-solving and analytical thinking in the maintenance, testing, troubleshooting, and repair of industrial mechanical/electrical equipment, industrial controls systems and robotics.
3. Describe basic electrical circuits and PLC/VFD control theory.
4. Apply technical math skills to solve problems involving electrical loads/wire sizing, gear ratios.

Program Requirements

Required Courses

Units: 32.00

COURSE	TITLE	UNITS
MAN-10	Manufacturing Basic Operations	4.00
<i>Select one of the following:</i>		3.00
MAN-64	Programmable Logic Controllers	3.00
ELE-64	Programmable Logic Controllers	3.00
<i>Select one of the following:</i>		3.00
ELE-77	Electrical Theory for Electricians	3.00
ELC-77	Electrical Theory for Electricians	3.00
MAN-77	Electrical Theory for Electricians	3.00
<i>Select one of the following:</i>		4.00
ELC-73	Electric Motors and Transformers	4.00
ELE-73	Electric Motors and Transformers	4.00
MAN-73	Electric Motors and Transformers	4.00
MAN-27	Variable Frequency Drive Systems	2.00
MAN-28	Motor Control Troubleshooting 1	3.00
<i>Select one of the following:</i>		4.00
ELE-74	Industrial Wiring and Controls	4.00
ELC-74	Industrial Wiring and Controls	4.00
MAN-74	Industrial Wiring and Controls	4.00
<i>Select one of the following:</i>		3.00
ELE-75	Solid State Devices and Lighting Controls	3.00
ELC-75	Solid State Devices and Lighting Controls	3.00
MAN-15	Industry 4.0 Total Productive Maintenance	2.00
MAN-33	Programmable Controller Troubleshooting	4.00

Total: 32.00

Conventional Machine Operator - Certificate of Achievement - NCE865

This certificate is designed to prepare students with basic entry- level machine operator skills, safety knowledge, theory, and quality control skills in manufacturing processes. Students obtaining this certificate will qualify for the first level certification in National Industry Metal Skills (NIMS). This certificate prepares students for employment as Conventional Machinists, Machine Operators, and/ or Machine Tool Cutting Setters.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate aptitude in safely setting up and operating the lathe, mill, drill press, saw and grinder.
2. Demonstrate use of gages (gage blocks and pins), calculate angles for work setup, utilize the proper precision measuring tools when machining.

3. Create parts specified by the National Institute of Metalworking Skills (NIMs) using conventional machining.
4. Establish a systematic approach to recognize the essential information given on a blueprint.

Program Requirements

Total: 10.00

Crime Scene Investigation - Certificate of Achievement - NCE1041

This certificate is designed to provide a strong academic and skill building pattern of coursework to prepare participants to enter the professional field with the academic and technical knowledge and skills in the forensic and criminal investigative techniques used within crime scene investigations. The successful participant will gain sufficient skills and understanding of criminal investigative procedures, criminal and procedural law, legal aspects of evidence, criminalistics and forensic science, criminal investigations, professional communications, criminal justice report writing and legal analysis, and proper forensic evidence collection and handling procedures.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate advanced knowledge in the components of criminal law and the criminal justice system.
2. Understand, analyze, and demonstrate advanced knowledge in Constitutional criminal law, civil rights, and the rules and legal aspects of criminal investigations, including rules of evidence, criminal procedure, and related case law.
3. Demonstrate a proficient level of knowledge in evidence identification, collection, preservation, handling, custody, and chain of custody.
4. Understand, analyze, and demonstrate a proficient skillset in professional communication, written and verbal, to meet industry needs for criminal justice professionals.
5. Understand basic and intermediate forensic science principles and techniques and the relationship between proper field work and scientific analysis.

Program Requirements

Required Courses

Units: 21.00

COURSE	TITLE	UNITS
ADJ-2	Principles and Procedures of the Justice System	3.00
ADJ-3	Concepts of Criminal Law	3.00
ADJ-4	Legal Aspects of Evidence	3.00
ADJ-12	Introduction to Criminalistics	3.00
ADJ-13	Criminal Investigation	3.00
ADJ-14	Advanced Criminal Investigation	3.00
<i>Take ADJ-27 or PHO-27.</i>		3.00
ADJ-27	Forensic & Crime Scene Photography	3.00
OR		
PHO-27	Forensic & Crime Scene Photography	3.00

Total: 21.00

Customer Relations - Certificate of Completion - NCC8012

The Customer Relations Certificate provides students with important communication skills and an understanding of how these skills should be utilized when working in customer service. Additionally, students will learn about different personality styles and how to effectively adapt to working with people with different styles. As a result of their classroom experience, students will be able to provide effective customer service and demonstrate collaborative problem solving.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Analyze and apply four essential customer service best practices in a role play.
2. Construct and deliver constructive criticism of a customer service experience session.
3. Demonstrate the collaborative problem-solving model to a case study.

Program Requirements

Required courses

Hours 36.00

COURSE	TITLE	HOURS
PDS-806	The Art of Negotiating and Collaborating	12.00
PDS-807	Personality Styles and Difficult Relationships	12.00
PDS-813	Best Practices in Customer Service	12.00

Total: 36.00

Data Analytics - Certificate of Achievement - NCE1009

Data Analytics Certificate of Achievement provides students with a foundation in data analysis, in which students will model, synthesize, and present large data sets for business decision making. Courses will focus on the techniques and tools to extract data from various data sources, model, integrate data, and visualize data for organizational decision making and intelligence gathering. The program prepares students for entry-level jobs, or to help them advance into careers, such as Operation Data Analyst, Business Analytics Specialist, System Data Analyst, Data Visualization Developer, Test Data Analyst, and Market Research Analyst. Topics covered will include statistics, research methods, SQL queries, systems analysis, design, and applied predictive analytics.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Identify, extract, clean and maintain data in databases.

2. Interpret and evaluate data trends or patterns in complex data sets using statistical techniques, analytic methods, and tools.
3. Create and monitor reports to preserve data quality, identify critical issues, trends, and potential solutions.

Program Requirements

Associate of Science Degree

The Associate of Science Degree in Data Science will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Digital Electronics - Associate of Science Degree and Certificate of Achievement - NAS1123/C/NCE1123

The Digital Electronics Program first prepares students with the fundamental theories of DC and AC electronic components, circuits & behaviors. It then grows to emphasize digital integrated circuit logic, analysis, design, mapping and simplification, and then culminates in microcontroller construction and programming. Printed Circuit Board (PCB) design will follow from schematic capture and circuit simulations. Students will learn to communicate, verbally and graphically, to a wide range of audiences, using various media and delivery methods. Completers of this program may qualify for a certificate, an Associate of Science Degree, or an entry level position in the Digital Electronics Industry, as knowledgeable and productive employees.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Fluently read and write electronic symbols of schematics, and develop schematic diagrams to guide the simulation, construction, maintenance, troubleshooting or repair of DC, AC, microcontrollers and digital circuits.
2. Explain the operation of electronic components and predict their behavior in given circuit designs, and calculate solutions to complex networks, and justify the formulas and calculations.
3. Capture a schematic of a mixed-signals circuit, using the appropriate electronics computer-aided-design (CAD) software, and simulate the behavior of it, and then create a PCB design for that circuit. Then, after fabrication of a Printed Circuit Board (PCB), "stuff" and solder components to it, test and contrast with simulation predictions.
4. Fluently read and write Boolean Algebra logic equations, symbols, truth-tables and circuits, then synthesize logic forms, simplify to lowest terms, and implement circuits using only NAND or NOR logic gates.
5. Design, program, compile, install, wire, test, verify and explain the proper operation of a microcontroller with respect to given specifications, then explain the purpose and methods whereby a microcontroller may perform math, logic or conversions between analog and digital forms.

Program Requirements

Associate of Science Degree

The Associate of Science Degree in Digital Electronics will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Drafting Technology - Associate of Science Degree and Certificate of Achievement - NAS539/C/NCE539

This program prepares individuals to apply technical skills and advanced computer software and hardware to the creation of graphic representations and simulation in support of drafting and engineering design problems typical of industry. This includes instruction in engineering graphics, computer-aided drafting (CAD), two-dimensional and engineering graphics. Students completing this certificate will be qualified for an entry level drafting or design position.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. An ability to apply and integrate computer technology in the design process, exhibiting skills necessary for entry level employment, as a drafter in the drafting industry.
2. Knowledge of engineering drawing skills and practice in the solution of industry related design projects.

Program Requirements

Required Courses

Units: 14.00-15.00

COURSE	TITLE	UNITS
<i>Select one of the following:</i>		3.00
DFT-21	Drafting	3.00
ENE-21	Drafting	3.00

MAN-56	CNC Machine Set-Up and Operation	4.00

Total: 20.00-21.00

Associate of Science Degree

The Associate of Science Degree in Drafting Technology will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Early Childhood Education - Associate of Science Degree and Certificate of Achievement - NAS544/C/NCE544

The Early Childhood Education program provides an educational and practical foundation for students interested in working with children from infancy through third grade. In addition to theoretical principles, the curriculum offers practical skills and onsite training that will prepare students for employment in the field of Early Childhood Education. The program leads to certificates in Early Childhood Education and/or an Associate of Science Degree. The EAR courses will also fulfill the required child development coursework for the state issued Child Development Permit. Information regarding this permit and/or the Early Childhood Education Certificates are available from the Early Childhood Education Department.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Develop, implement, and evaluate developmentally appropriate thematic and emergent curriculum for children who are typical and atypical in the areas of physical, cognitive, language, creative and social/emotional growth.
2. Develop and apply appropriate practices and effective techniques that respect the cultural diversity of young children and their families.
3. Integrate an educational philosophy into classroom practices that reflects a personal belief supportive of theoretical principles regarding how and why young children should receive early educational experiences.

- Develop and implement a system of ongoing observational practices that contributes toward the creation of learning environments conducive to the emergence of curriculum that adapts to the evolving needs of children.

Total: 31.00

Associate of Science Degree

The Associate of Science Degree in Early Childhood Education will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Early Childhood Education - Twelve Core Units - Certificate of Achievement - NCE797

This certificate prepares the holder to provide service in the care, development, and instruction of children in a child development program. The 12 core units include EAR 20, 24, 28, and 42 and form the foundation upon which further early childhood coursework is built.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

- Demonstrate an understanding of the theoretical perspectives in human development and education.

2. Appraise the role of the child as an active learner.
3. Integrate child growth and development into practical and meaningful applications.

Program Requirements
Required Courses

Units: 12.00

COURSE	TITLE	UNITS
EAR-20	Child Growth and Development	3.00
EAR-24	Introduction to Curriculum	3.00
EAR-28	Principles and Practices of Teaching Young Children	3.00

Early Childhood Education Assistant Teacher - NCE795

This certificate enables the holder to care for and assist in the development and the instruction of children in a child development program while under supervision . Students select two classes out of EAR 20, 24, 28, and 42 to meet the requirements for this certificate.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate an understanding of the theoretical perspectives in human development and education.
2. Appraise the role of the child as an active learner.
3. Integrate child growth and development into practical and meaningful applications.

Program Requirements

Required Courses (Select two courses from the list below)

Units: 6.00

COURSE	TITLE	UNITS
EAR-20	Child Growth and Development	3.00
EAR-24	Introduction to Curriculum	3.00
EAR-28	Principles and Practices of Teaching Young Children	3.00
EAR-42	Child, Family, and Community	3.00

Total: 6.00

Early Childhood Intervention Assistant - Associate of Science Degree and Certificate of Achievement - NAS601/C/NCE601

This certificate is appropriate for students interested in working as an assistant or a paraprofessional in early intervention, early childhood special education, and community child development programs serving children with special needs . In addition to theoretical principles, the curriculum offers practical skills and on- site training that will prepare students for employment in the field of Early Childhood Intervention. The program leads to a certificate in Early Childhood Intervention and/or an Associate of Science Degree. The program will also fulfill the required child development coursework for the state issued Child Development Permit . Information regarding this permit and/or the Early Childhood Intervention Certificate is available from the Early Childhood Education Department. Upon completion of the requirements for the certificate program and 16 units of special courses in general education, the student has fulfilled the course requirements for the Child Development Permit, Teacher Level. See the state guidelines for experience qualifications and additional levels. For interactive video information about the Child Development Permit, see <http://www . rcc .edu/programs/early-childhood-education .html>

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate an understanding of family function and structure, along with familial need for information and support that respects and values diverse cultures, values, beliefs and behaviors.
2. Demonstrate basic knowledge of laws and regulations pertaining to and protecting children with disabilities and their families . Understand and identify the process of accessing community agencies, referral systems and procedures for specialized support, specialized documents, resources and placement options.
3. Describe the typical child development milestones of children birth to adolescence and identify the strengths and special needs of the child in the context of his/her family, early childhood classroom, or early intervention setting.
4. Describe the developmental assessment process and outline its role in identifying, planning and intervening for a child with special needs and his/her family, including the process of curriculum development.
5. Demonstrate an understanding of the purpose and intent of an inclusive environment that supports the whole child while meeting the individual needs of children with disabilities.

Program Requirements
Required Courses

Units: 28.00

COURSE	TITLE	UNITS
EAR-19	Observation and Assessment in Early Childhood Education	3.00
EAR-20	Child Growth and Development	3.00
EAR-24	Introduction to Curriculum	3.00
EAR-28	Principles and Practices of Teaching Young Children	3.00
EAR-40	Introduction to Children with Special Needs	3.00
EAR-41	Practicum in Early Intervention/Special Education	4.00
EAR-42	Child, Family, and Community	3.00
EAR-43	Children with Challenging Behaviors	3.00
EAR-46	Curriculum and Strategies for Children with Special Needs	3.00

Electives. Take 6 units

Units: 6.00

COURSE	TITLE	UNITS
EAR-26	Health, Safety and Nutrition	3.00
EAR-33	Infant and Toddler Development	3.00
EAR-34	Infant and Toddler Care and Education	3.00
EAR-38	Adult Supervision and Mentoring in Early Care and Education	3.00
EAR-44	Administration I: Programs in Early Childhood Education	3.00
EAR-47	Childhood Stress and Trauma	3.00

Total: 34.00

Associate of Science Degree

The Associate of Science Degree in Early Childhood Intervention Assistant will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Electrician - Associate of Science Degree and Certificate of Achievement - NAS766/C/NCE766

This program prepares students to become an entry-level electrician trainee and along with California State requirements prepares for careers as an electrician, electrical apprentice, electrician's helper, industrial electrician, journeyman electrician, and residential electrician. Courses are aligned with California State standards to prepare students to earn their Electrician Training card ([www.dir.ca.gov/dlse/ecu/electricaltrainee .htm](http://www.dir.ca.gov/dlse/ecu/electricaltrainee.htm)).

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate the installation maintenance and troubleshooting of electrical devices (switches, sensors, motor, controllers, and lights).
2. Explain how the electrical grid works, from generation to the end user.
3. Solve electrical design criteria by using formula, and tables for proper electrical installation.
4. Demonstrate electrical raceway sizing and installation, meeting NEC requirements for sizing, location requirements, distances, supports and bending.
5. Demonstrate quantitative analysis of electrical circuits for blueprints.
6. Demonstrate electrical wiring of circuits or devices to meet the standards and requirement of the NEC.

Program Requirements

Required Courses

Units: 31.00-32.00

COURSE	TITLE	UNITS
<i>Choose one course</i>		4.00
ELC-71	Residential Electrical Wiring	4.00

Total: 31.00-32.00

Associate of Science Degree

The Associate of Science Degree in Electrician will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Electrician Apprenticeship - Associate of Science Degree and Certificate of Achievement - NAS485/C/NCE485

A five-year apprenticeship program, consisting of full time, on-the-job employment plus related classroom instruction. Completers of this program may qualify for certificate, Associate of Science Degree, and/or a Journey person trade certificate. Students who wish to obtain an Associate in Arts Degree may do so by fulfilling the general graduation requirements in addition to the completion of the apprenticeship courses.

Applicants for Riverside/San Bernardino/Mono/Inyo counties should be directed to the Riverside and San Bernardino Joint Electrical Apprenticeship Training. Committees, 1855 Business Center Drive, San Bernardino, CA 92408. Telephone: (909) 890-1703.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Apply a working knowledge of math formulas and complex solution methods related to the electrical trades, along with blueprint symbols and drawings of wiring diagrams with common schematic symbols, including troubleshooting of common system faults, detection and repair, while properly applying OSHA construction site safety standards to all practices.
2. Properly apply all pertinent National Electric Code (NEC) to all workplace practices involving DC, AC single and poly-phase systems, utilizing proper grounding, bonding, lightning protection, wire sizing, conduit fill, overload protection, layout, connections, installations, troubleshooting, fault isolation, repairs or modifications.
3. Demonstrate appropriate leadership and expertise in applying special control and monitoring functions related to layout, installation, testing, and troubleshooting of digital and analog systems involving such ancillary equipment as CATV, CCTV, telephone circuits, Programmable Logic Controllers (PLCs), sensors, actuators, low-voltage and high-voltage, transformation, interfacing, hardware, setup, and programming services needed to comply with all NFPA-70E (NEC) and OSHA regulations for safety and fitness.

Program Requirements

Required courses

Units: 35.00

COURSE	TITLE	UNITS
ELE-400	Introduction to the Electrical Trades and Construction Safety	3.50
ELE-401	Introduction to Electrical Theory, Basic Math Concepts, and the National Electric Code	3.50

ELE-402	Advanced DC Circuit Concepts, Introduction to 3-Phase AC Circuits, Test Equipment, and National Electric Code Applications	3.50
ELE-403	AC Circuit Concepts, Applied Electronics, and National Electric Code Applications	3.50
ELE-404	Digital Logic Circuits, Conductor Characteristics, Applications, and National Electric Code (NEC)	3.50
ELE-405	Electrician Blueprint Reading with Code Applications for National Electrical Code (NEC)	3.50
ELE-406	Grounding Systems, Advanced Blueprints and Specifications, Motor Design and Installation, and National Electric Code	3.50
ELE-407	Motor Control Principles, Generators and Power Supplies, with National Electric Code (NEC)	3.50
ELE-408	Transformer Theory, Leadership, Management, and Test Equipment	3.50
ELE-409	Electrician Specialty Systems	3.50

Total: 35.00

Associate of Science Degree

The Associate of Science Degree in Electrician Apprenticeship will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Engineering Graphics - Locally Approved Certificate - NCE796

This program prepares individuals to apply basic manual drafting skills, computer software and hardware to the creation of graphic representations and simulation in support of drafting and engineering design problems typical of general drafting industry. This includes instruction in Drafting sketches, computer-aided drafting (CAD), two-dimensional Engineering Drafting, and Technical Communication. Students completing this certificate will be qualified for an entry level Drafting position.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Apply and integrate manual sketching and computer technology in the design process, exhibiting skills necessary for entry-level employment, as a drafter.
2. Demonstrate knowledge of engineering drafting skills and practice in delivering design concepts with generating drawings.

Program Requirements

Entrepreneurial Essentials - Certificate of Achievement - NCE977

This certificate is designed for those interested in starting their own business exposing students to the basics of entrepreneurship, including design thinking, customer assessment, problem solving, financing and leveraging resources.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Student will be able to develop a business plan outlining the viability and sustainability of their idea.
2. Student will be able to create a value proposition and test market assumptions for a business idea and offer a feasible solution.
3. Student will be able to apply standard accounting practices in a business and able to recognize and evaluate finance opportunities.

Program Requirements

Required courses

Units: 12.00

COURSE	TITLE	UNITS
ENP-50	Introduction to Entrepreneurship	3.00
ENP-51	Entrepreneurship Basics	3.00
ENP-52	Starting a Business with Limited Resources	3.00
ENP-53	Money, Finance and Accounting for Entrepreneurs	3.00

Total: 12.00

Entrepreneurial Foundations - Certificate of Achievement - NCE978

This certificate is designed for those interested in starting their own business exposing students to the basics of entrepreneurship, including design thinking, customer assessment, problem solving, financing and leveraging resources. It will utilize the Business Model Canvas technique designed to have students apply entrepreneurial strategies in developing a business.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Student will be able to develop a comprehensive business plan outlining the viability and sustainability of their idea using appropriate resources and techniques.
2. Student will be able to apply standard accounting practices in a business and able to recognize and evaluate finance opportunities.
3. Student will be able to create a Business Model Canvas showcasing its main components and be able to produce and deliver a compelling presentation.

Program Requirements

Required Courses

Units: 15.00

COURSE	TITLE	UNITS
ENP-50	Introduction to Entrepreneurship	3.00

ENP-51	Entrepreneurship Basics	3.00
ENP-53	Money, Finance and Accounting for Entrepreneurs	3.00
ENP-54	Business Model Canvas and Presentations for Entrepreneurs	3.00
ENP-55	Entrepreneurial Simulation - Capstone	3.00

Total: 15.00

Entrepreneurship - Associate of Science Degree - NAS531/C

Associate of Science Degree in Entrepreneurship prepares individuals to start and successfully operate their own businesses. The program focuses on the assessment of the market need, and the necessary skills for successful entry, operation and exit. It prepares individuals to develop an original business plan, a marketing plan and to evaluate their competitiveness in the market and includes the initial analysis of a business idea to determine feasibility and start-up requirements. The program prepares individuals to perform the duties of planning, overseeing and directing business operations and employees as well as collecting, and analyzing data/information to identify potential product or service demand. Potential occupations include small business or franchise owner, economic developer, small business development specialist, or independent artist, trades worker, consultant, professional and contract outsource labor.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Develop a comprehensive business plan outlining the viability and sustainability of their idea using appropriate resources and techniques.
2. Create a value proposition and test market assumptions for a business idea and offer a feasible solution.
3. Apply standard accounting practices in a business and able to recognize and evaluate finance opportunities.
4. Apply standard accounting practices in a business and able to recognize and evaluate finance opportunities.
5. Create a Business Model Canvas showcasing its main components and be able to produce and deliver a compelling presentation.
6. Demonstrate the principles of the Gig Economy and recognize the different types of entrepreneurial categories.

Program Requirements

Required Courses

Units: 24.00

COURSE	TITLE	UNITS
ENP-50	Introduction to Entrepreneurship	3.00
ENP-51	Entrepreneurship Basics	3.00
ENP-52	Starting a Business with Limited Resources	3.00
ENP-53	Money, Finance and Accounting for Entrepreneurs	3.00
ENP-54	Business Model Canvas and Presentations for Entrepreneurs	3.00
ENP-55	Entrepreneurial Simulation - Capstone	3.00
ENP-70	Building an Entrepreneurial Team	3.00
ENP-71	Solopreneurship	3.00

Total: 24.00

Associate of Science Degree

The Associate of Science Degree in Entrepreneurship will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Entrepreneurship and The Team - Certificate of Achievement - NCE979

This certificate is designed for those interested in starting their own business exposing students to the basics of entrepreneurship, including design thinking, customer assessment, problem solving, financing and leveraging

resources. It will utilize the Business Model Canvas technique and will provide students with critical insights into the basics of founding-team formation. Students will learn about the Gig economy, legal business structures, e-commerce, networks, key relationships and the differences between the many types of solopreneurs.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Student will be able to develop a business plan outlining the viability and sustainability of their idea and key elements in establishing business partnerships.
2. Student will be able to apply standard accounting practices in a business and able to recognize and evaluate finance opportunities.
3. Student will be able to create a Business Model Canvas showcasing its main components and be able to produce and deliver a compelling presentation.
4. Student will be able to demonstrate the principles of the Gig Economy and recognize the different types of entrepreneurial categories.

Program Requirements

Required Courses

Units: 18.00

COURSE	TITLE	UNITS
ENP-53	Money, Finance and Accounting for Entrepreneurs	3.00
ENP-50	Introduction to Entrepreneurship	3.00
ENP-54	Business Model Canvas and Presentations for Entrepreneurs	3.00
ENP-51	Entrepreneurship Basics	3.00
ENP-70	Building an Entrepreneurial Team	3.00
ENP-71	Solopreneurship	3.00

Total: 18.00

Entrepreneurship: Getting Started - Certificate of Achievement - NCE861

This certificate includes courses intended to help students who are interested in pursuing entrepreneurship to develop new ideas, recognize and take advantage of opportunities, as a foundation for creating a new business.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate an understanding of the entrepreneurial process, from idea generation to commercialization.
2. Analyze and evaluate potential business ideas for marketability and success.
3. Create and evaluate a comprehensive business plan.
4. Outline and construct steps needed to create an effective social marketing campaign for a small business.

Program Requirements

Required Courses

Units: 10.00

COURSE	TITLE	UNITS
BUS-14	Social Media and Online Digital Media Promotions for Entrepreneurs	3.00
BUS-12	Opportunity Analysis for Entrepreneurs	2.00
BUS-30	Entrepreneurship: Foundations and Fundamentals	3.00
BUS-13	Developing a Successful Business Plan/Model	2.00

Total: 10.00

Entrepreneurship: Legal and Finance - Certificate of Achievement - NCE864

This certificate includes courses intended to help students who are interested in pursuing entrepreneurship to develop skills in financing, legal issues, and applied accounting and bookkeeping for the small business.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate an understanding of the entrepreneurial process, from idea generation to commercialization.
2. Demonstrate the ability to apply accounting and bookkeeping for small business principles to a potential business.
3. Analyze and evaluate various funding sources for small businesses.
4. Outline and evaluate the legal steps and issues necessary for opening a small business.

Program Requirements

Required Courses

Units: 10.00

COURSE	TITLE	UNITS
BUS-30	Inter-disciplinary - Entrepreneurship Overview	3.00
ACC-55	Applied Accounting/Bookkeeping	3.00
BUS-31	Financing Your Business	2.00
BUS-33	Business Structure and Legal Issues	2.00

Total: 10.00

Essential 3D Tour - Locally Approved Certificate - NCE1020

The Essential 3D Tour program prepares students with the knowledge and skill in reading Architectural documents and blueprints with technics in presenting an existing building in a three-dimensional virtual tour for later remodeling or design. Students learn to set and use advanced building scanner/camera and drones in presenting spatial aspects of building in a virtual walkthrough or virtual fly around the building and landscapes.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Read architectural documents and blueprints.
2. Prepare a visual 3D presentation inside or outside a building for potential clients

Program Requirements

Required Courses

Units: 6.00

COURSE	TITLE	UNITS
CON-62	Print Reading for Construction	3.00
ARE-63	3D Tour, Virtual, Mixed, Augmented and Extended Reality	3.00
Building Scanner, Camera and virtual tour software will be provided by college. Students need a software access and a computer for home assignments.		

Total: 6.00

Essential CAD - Locally Approved Certificate - NCE1021

This program prepares students with the knowledge and skill in using CAD to prepare complicated two- and three-dimensional geometric shapes and models used in Architecture and Mechanical industry. Students learn to render computer models and prepare CAD animation.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Prepare two- and three-dimensional Computer Aided Design drawings and models.

2. Prepare drawings such as orthographic and auxiliary views, sections with standard annotation and details using a CAD program.
3. Prepare virtual rendering for computer models using CAD program.

Program Requirements

Required Courses

Units: 6.00

COURSE	TITLE	UNITS
<i>Select one:</i>		3.00
ENE-30	Computer Aided Drafting (CAD)	3.00
OR		
DFT-30	Computer Aided Drafting (CAD)	3.00
DFT-31	Advanced Computer Aided Drafting (CAD)	3.00

Total: 6.00

Essential Fusion 360 - Locally Approved Certificate - NCE1022

The Essential Fusion 360 program prepares makers with the knowledge and skill in using Fusion360 to document mechanical drawings per ANSI standards. Students learn to render parts and assemblies with exploded view animation. Also students learn to build parts using additive and subtractive process through Fusion 360.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Prepare parametric three-dimensional solid models using Autodesk 360.
2. Prepare drawings such as orthographic and auxiliary views, sections with standard annotation and details using Fusion 360.
3. Setup and build parts using additive and subtractive process through Fusion 360.

Program Requirements

Required Courses

Units: 6.00

COURSE	TITLE	UNITS
DFT-62	Basic Fusion 360	3.00
DFT-63	Advanced Fusion 360	3.00

Total: 6.00

Essential Revit - Locally Approved Certificate - NCE1023

This program prepares students with the knowledge and skill in using Autodesk Revit Architecture for building Information Modeling on computer to document building information and drawings with architectural details. Students learn to render their architectural design and present solar study using Revit.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Prepare Architectural drawings including plan, elevation, roof using Autodesk Revit.
2. Prepare Architectural rendering, solar study and perspectives using Autodesk Revit.

Program Requirements

Required Courses

Units: 6.00

COURSE	TITLE	UNITS
--------	-------	-------

<i>Select one:</i>		3.00
ARE-24	Revit I-Architectural Drafting	3.00
OR		
DFT-24	REVIT I-Architectural Drafting	3.00
ARE-25	Revit II-Advanced Architectural Drafting	3.00

Total: 6.00

Essential SolidWorks - Locally Approved Certificate - NCE1024

The Essential SolidWorks program prepares students with the knowledge and skill in using Solidworks to document mechanical drawings per ANSI standards. Students learn to render parts and assemblies with exploded view animation.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Prepare parametric three-dimensional solid models.
2. Prepare drawings such as orthographic and auxiliary views, sections with annotations and details using SolidWorks.
3. Prepare virtual rendering for mechanical parts, assemblies and animation using SolidWorks.

Program Requirements

Required Courses

ENE-42B	SolidWorks II	3.00

Total: 6.00

Facility Maintenance - Associate of Science Degree and Certificate of Achievement - NAS771/C/NCE771

The Associate in Science in Facility Maintenance program prepares students for jobs such as entry-level facility maintenance technician, field service technician, industrial maintenance technician, maintenance mechanic, or maintenance repair mechanic. Students will gain skills in: safety standards, technical math, blueprint reading, troubleshooting, preventative maintenance, drive components, lubrication, bearings, wiring methods, hydraulics, pneumatics, basic electricity, technical communication and more. Students will learn and apply maintenance methods to repair and maintain commercial or industrial facilities, including the machinery in buildings, plants, and factory settings.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate knowledge of maintenance techniques.
2. Apply maintenance fundamentals to simulated and actual workplace applications.

3. Recognize, identify, and describe the functions of hand and power tools.
4. Troubleshoot and repair a given, complex configuration of maintenance equipment and create a thorough report, including necessary interactions with tools and safety standards.

Program Requirements

Required Courses

Units: 25.00-26.00

COURSE	TITLE	UNITS
<i>Choose one course</i>		1.00

Total: 25.00-26.00

Associate of Science Degree

The Associate of Science Degree in Facility Maintenance will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Fine & Applied Arts - Associate of Arts Degree - NAA496/C

The Associate Degree in Fine and Applied Arts offers a rich variety of courses to acquaint students with the creation of and performance in the arts from a global perspective. The courses in this area examine the nature of the fine and applied arts through analysis, synthesis, composition, performance and technical development. Students will develop techniques appropriate to the art form, engage in the production and performance of the arts, examine aesthetic valuing, and participate in creative expression.

This area of emphasis is designed for students interested in exploring a variety of art forms including digital media, creative writing, dance, film, graphic design, music, photography, communication studies, television, theatre, video and the visual arts.

Program Learning Outcomes

Students possessing an Associate of Arts Degree in Fine and Applied Arts can be expected to demonstrate achievement of the following program learning outcomes:

1. Demonstrate basic knowledge and skills (technique) one discipline of the fine and applied arts. These include fundamentals of the field in terms of practice, history, analysis and their applications and technical ability in one discipline to create, sustain, and evolve a personal vision and/or purpose.
2. Develop a personal vision and/or purpose-sometimes called "artistic voice"-that is evident in terms of work produced and manifested in a portfolio, performance, exhibition, or other presentation.
3. Generate and apply original ideas and methods to discover, create and communicate specific artistic content.
4. Demonstrate conceptual acuity, clarity, imagination, and technical ability to combine, integrate, and synthesize elements into works in ways that enhance their communicative powers.

The student must complete 18 units of study across a maximum of three disciplines with 9 units from a single discipline and with a grade of "C" or better or a "P" if the course is taken on a "pass-no pass" basis.

Not all courses listed in the Area of Emphasis degree are offered at all three colleges; please check your college catalog to see if a course you are interested in is offered at your college.

Included Disciplines and Courses

Applied Digital Media (ADM): 1, 2C, 67, 68A, 68B, 70, 71A, 71B, 74A, 74B, 77A, 77B

Art (ART): 6, 6H, 15, 16, 17, 18, 20, 21, 22, 23, 24, 25A, 25B, 26, 27, 28A, 28B, 30A, 30B, 34, 35A, 35B, 36A, 36B, 38, 39, 40A, 40B, 41A, 41B, 42A, 42B, 43A, 43B, 44A, 44B, 44C, 45, 46, 47, 48A, 48B, 49A, 49B

Art History (ARTH): C1100, C1100H, C1200, C1200H, 3, 4, 5, 6, 6H, 7, 8, 9, 10, 11, 12, 13, 14

Communication Studies (COMM): C1000, C1000H, 2, 3, 7, 11

Dance (DAN): 6, 6H, 7, 8, 9, D9, D10, D13, D20, D21, D22, D23, D29, D31, D32, D33, D34, D37, D38, D39, D43, D44, D46, D47, D48, D49, D50, D51, D60

English (ENGL): 11, 12, 17A, 17B, 17C, 38A, 38B, 38C

Film, Television, and Video (FTV): 38A, 38B, 41, 42, 44A, 45A, 48, 51A, 51B, 52, 53, 64A, 65, 66, 67, 68, 72

Music (MUS): 3, 4, 5, 6, 8A, 8B, 9, 10, 19, 19H, 22, 23, 25, 26, 28, 29, 30, 31, 32A, 32B, 32C, 32D, 33, 35, 36, 37, 38, 39, 41, 42, 43A, 43B, 43C, 44, 48, 49, 50, 52, 53, 54, 55, 57, 58, 61, 65, 68, 69, 70, 73, 77, 81, 82, 83, 84, 87, 89, 89H, 92, 93, 94, P12, P36, P44, P84

Photography (PHO): 8, 9, 20

Theatre (THE): 2, 3, 4, 5, 6, 25, 26, 29, 30, 32, 33, 34, 35, 36, 37, 38, 39, 41, 44, 46, 48, 49, 54

Associate of Arts Degree

The Associate of Arts Degree in Fine and Applied Arts will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Game Concept Art - Associate of Science Degree and Certificate of Achievement - NAS971/C/NCE971

Students completing the Game Concept Art program will be well versed in the process by which games and game assets are designed and created, with a special emphasis on how visual development influences game design and aesthetic. Students will be capable of designing and visually articulating a range of asset types, spanning props, environments, characters and more. Students will work collaboratively in a creative environment working with teams to provide visual direction. Students will be prepared to enter the field as entry level concept artists and visual designers, but with a versatile skillset that would afford them a wide range of career possibilities.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Articulate visual direction of various game-targeted assets through concept ideation and rendering.
2. Apply the principles of modern game development through the creation of creative assets and supporting materials.
3. Contribute to working games and prototypes require team management, effective planning, communication, time management, and responsiveness.
4. Develop and integrate content that contributes and adds value to games projects or portfolio.
5. Create modern portfolio demonstrating viable capability utilizing games and class projects.

Program Requirements

Units: 27.00

COURSE	TITLE	UNITS
GAM-5B	Advanced Concept Art	3.00
GAM-5A	Concept Art	3.00
GAM-1	Business of Video Games	3.00
GAM-2	History of Video Games	3.00
GAM-6A	3D Digital Modeling	3.00
GAM-3A	Game Design	3.00
GAM-7	Game Studio	3.00
GAM-8	Current Topics in Game Development	3.00
GAM-4A	Game Scripting	3.00

Total: 27.00

Associate of Science Degree

The Associate of Science Degree in Game Concept Art will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Game Design - Associate of Science Degree and Certificate of Achievement - NAS2005/NAS2005C/NCE2005 (Formerly NAS685/NAS685C/NCE685)

Students completing the Game Design program will be well versed in the process by which games and game assets are designed and created, with a special emphasis on planning, building, testing, and documenting mechanical and economical systems and elements for a range of game types and platforms. Students will be capable of applying theory to construct and test analog or rapid digital prototypes, assess success, and elaborate or truncate based on findings. Students will work collaboratively in a creative environment working with teams to provide direction on games and suitable game systems. Students will be prepared to enter the field as entry level game designer, but with a versatile skillset that would afford them a wide range of career possibilities.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Build, test, and document analog and digital prototypes based on theory-driven design techniques.
2. Apply the principles of modern game development through the creation of creative assets and supporting materials.

3. Contribute to working games and prototypes require team management, effective planning, communication, time management, and responsiveness.
4. Develop and integrate content that contributes and adds value to games projects or portfolio.
5. Create modern portfolio demonstrating viable capability utilizing games and class projects.

Associate of Science Degree

The Associate of Science Degree in Game Design will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Game Development Core - Associate of Science Degree and Certificate of Achievement - NAS970/C/NCE970

Students completing the Game Development Core program will be well versed in the process by which games and game assets are designed and created. Students will have explored a breadth of topics spanning the core disciplines of games creation, allowing them to communicate and operate effectively in a video game development environment. In addition to courses focused on individual disciplines and skills building, students will also work collaboratively in a creative environment creating simple games and rapid prototypes to emphasize teamwork and strengthening of soft skills. Students will be prepared to enter the field as junior designers, programmers, artists, and producers.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Apply the principles of modern game development through the creation of creative assets and supporting materials.
2. Contribute to working games and prototypes require team management, effective planning, communication, time management, and responsiveness.
3. Develop content that contributes and adds value to games projects or portfolio.
4. Create modern portfolio demonstrating viable capability utilizing games and class projects.

Associate of Science Degree

The Associate of Science Degree in Game Development Core will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Game Programming - Associate of Science Degree and Certificate of Achievement - NAS2006/NAS2006C/NCE2006 (Formerly NAS691/NAS691C/NCE691)

Students completing the Game Development program will be well versed in the process by which games and game assets are designed and created, with a special emphasis on how they are programmatically constructed. Students will be capable of building complete simple games and intermediate game systems that integrate with large programs. Students will work collaboratively in a creative environment creating programmatic assets for simple games and rapid prototypes to emphasize teamwork and strengthening of soft skills. Students will be prepared to enter the field as game programmers, but with a versatile skillset that would afford them a wide range of career possibilities.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Build simple to intermediate game systems using logic and programming using modern game development software.
2. Apply the principles of modern game development through the creation of creative assets and supporting materials.
3. Contribute to working games and prototypes require team management, effective planning, communication, time management, and responsiveness .
4. Develop content that contributes and adds value to games projects or portfolio.
5. Create modern portfolio demonstrating viable capability utilizing games and class projects.

Associate of Science Degree

The Associate of Science Degree in Game Programming will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Global Studies - Certificate of Achievement - NCE1119

The Global Studies Certificate of Achievement is a program to recognize students who complete 15 units of multidisciplinary courses with an international, global, or non-U.S.-focus. Through this program, students explore world cultures, global development and global social inequalities, and international perspectives. Appearing on students' transcripts upon completion, the program highlights student commitment to and acquisition of global awareness, intercultural understanding, and critical thinking about worldwide challenges.

The certificate is open to students from all majors and pathways and can be earned alongside an associate degree, certificate, or transfer pathway. By completing globally focused coursework, students gain the knowledge and perspectives needed to thrive in an interconnected world.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Analyze global systems (e.g., political, economic, cultural, ecological, arts, histories) and explain how local and international issues are interconnected.
2. Discuss the history, art, culture, politics, or religions of (an)other country(ies).
3. Articulate how international cultural perspectives shape human experiences, values, and decision-making.
4. Evaluate major global challenges (such as climate change, migration, health, inequality, or technology) using evidence-based reasoning and interdisciplinary approaches.
5. Communicate effectively across cultural or global contexts, demonstrating sensitivity to diverse audiences and perspectives.
6. Reflect on the responsibilities of global citizenship and propose ways individuals and communities can contribute to equitable and sustainable solutions.

Program Requirements

Required Courses

Units: 15.00

COURSE	TITLE	UNITS
<i>Select a minimum of 15 units from at least four groups below.</i>		15.00
<i>Group 1 - Arts</i>		
ARTH-C1100	Survey of Art from Prehistory to the Medieval Era	3.00
ARTH-C1100H	Survey of Art from Prehistory to the Medieval Era - Honors	3.00
ARTH-C1200	Survey of Art from the Renaissance to Contemporary	3.00
ARTH-C1200H	Survey of Art from the Renaissance to Contemporary - Honors	3.00
ARTH-3	Islamic Art History	3.00
ARTH-5	Arts of Africa, Oceania, and Indigenous North America	3.00
ARTH-9	African Art History	3.00
ARTH-12	Asian Art History	3.00
ARTH-13	Pre-Columbian Art History	3.00
ARTH-14	Latin American Art: Colonial to the Present	3.00
ARTH-15	Rome: The Ancient City	3.00
ARTH-20	Mexican Art History	3.00
FST-3	Introduction to International Cinema	3.00
MUS-19	Music Appreciation	3.00
MUS-19H	Honors Music Appreciation	3.00
MUS-22	Survey of Music Literature	3.00
THE-3	Introduction to the Theater	3.00
THE-9	Dramatic Literature-Script Analysis	3.00
THE-34	Scene Study in Various Theatrical Styles	3.00
THE-35	Classical Acting with Emphasis in Shakespearean Verse	3.00

<i>Group 2 - Natural, Behavioral, and Social Sciences</i>		
ANT-2	Cultural Anthropology	3.00
ANT-2H	Honors Cultural Anthropology	3.00
ANT-5	Cultures of Ancient Mexico	3.00
ANT-6	Introduction to Archaeology	3.00
ANT-7	Anthropology of Religion	3.00
ANT-8	Language and Culture	3.00
BIO-19	Environmental Science	3.00
CHE-17	Introduction to the Development of Modern Science	3.00

Group 7 - RCCD Study Abroad Program

Any course taken while participating in an RCCD Study Abroad Program.

Total: 15.00

Graphic Design - Associate of Science Degree and Certificate of Achievement - NAS647/C/NCE647

This program is designed for students who wish to pursue training in desktop publishing. Training will focus on using a computer to design page layouts, develop presentations, and create advertising campaigns. Students will learn to design, integrate, and format all forms of digital images into printable media.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Design and create images used for printed media in advertising web design.
2. Understand and apply the techniques used to create and modify artwork using a vector-based program or bit-mapped program.
3. Integrate text and graphics in a document layout program to create professional-quality, full-color documents.
4. Format and combine text, numerical data, photographs, charts, and other visual graphic elements to produce publication- ready material.
5. Demonstrate the knowledge of workflow process in the creation of printed media in advertising.
6. Demonstrate the knowledge of design principles in advertising and layout design, type, and lettering applications.
7. Incorporate two dimensional design visual media of printed media in advertising.

Program Requirements

Required Courses

Units: 26.00-27.50

COURSE	TITLE	UNITS
<i>Choose one course</i>		1.50-3.00
CIS-66	Web Development I	3.00
OR		
CIS-72A	Introduction to Web Page Creation	1.50
CIS-72B	Intermediate Web Page Creation Using Cascading Style Sheets (CSS)	1.50
<i>Choose one course</i>		3.00
CIS-78A	Introduction to Adobe Photoshop	3.00
OR		
CAT-78A	Introduction to Adobe Photoshop	3.00
CAT-78B	Advanced Adobe Photoshop	3.00
<i>Choose one course</i>		3.00
CIS-79	Introduction to Adobe Illustrator	3.00
OR		
CAT-79	Introduction to Adobe Illustrator	3.00
CIS-81	Introduction to Desktop Publishing using Adobe InDesign	3.00

<i>Choose one course</i>		3.00
CIS-59	Typography and Graphic Design	3.00
OR		
ADM-62	Typography and Graphic Design	3.00
ART-22	Two Dimensional Design	3.00

CIS-44	Portfolio Production	2.00

Total: 26.00-27.50

Associate of Science Degree

The Associate of Science Degree in Graphic Design will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Green Technician - Certificate of Achievement - NCE856

Renewable energy and related sustainability concepts; DC and AC electrical theory; and solar power systems . Design, installation, and maintenance issues along with OSHA safety are included.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Draw and identify all the primary components of a typical, 4-KW, utility-interactive, photo voltaic (PV) system and explain how each part operates in this gridtied configuration.
2. Solve basic, direct current, electronic problems involving resistance, current, voltage, and power, as applied to both simple and complex combinations of series and/ or parallel circuit components, comprised of resistors, capacitors and coils, in a given network configuration.
3. Explain the basic principles of sinusoidal sources of Alternating Current (AC) and solve AC network circuit problems involving resistors, capacitors, inductors and/ or transformers.
4. Utilize OSHA standards and regulations to supplement an ongoing safety and health program.
5. Thoroughly explain the typical maintenance requirements for the PV array and other components, including inverters and batteries of a stand-alone system, to keep a 5-KW, off-grid power installation safe and operating at high-efficiency.

Program Requirements

Required Courses

Units: 11.00-12.00

COURSE	TITLE	UNITS
ELE-91	Fundamentals of Solar Energy	3.00
<i>Choose one course</i>		1.00
ELE-55	Occupational Safety and Health Administration (OSHA) Standards for General Industry	1.00
OR

Humanities, Philosophy & Arts - Associate of Arts Degree - NAA497/C

Humanities, Philosophy, and Arts examines human values and experience within a wide range of cultures, across the globe, and over the course of history. Students will study, interpret, and evaluate classic works in architecture, art, literature, music, philosophy, religion, rhetoric and the theater, and they will encounter questions to which there are multiple plausible answers. The study of language, philosophy, and rhetoric provides crucial tools for understanding and interpreting human knowledge and experience. Students pursuing the program in the Humanities, Philosophy, and Arts will enhance their skills in critical thinking and both oral and written communication. The Humanities, Philosophy, and Arts program prepares students for further study in the arts, history, humanities, literature, philosophy, communication studies and/or world languages at a four-year baccalaureate institution and provides an excellent foundation for students interested in administration, communications, law, public service, and teaching.

Program Learning Outcomes

Upon completion, students will be able to:

1. Interpret key philosophical, religious and literary texts, as well as creative works, in historical and cultural contexts and express that interpretation persuasively in oral and/or written form.
2. Analyze the role and use of language, rhetoric and/or the arts in informing and contextualizing human experience.
3. Analyze the role and use of the arts (literature, music, theatre, dance, and the fine arts) as a reflection of the culture in which it appears.
4. Evaluate the role of individual human agency in history.
5. Research and write critical interpretive essays demonstrating a high skill level.

The student must complete 18 units of study across three disciplines; 9 units must be taken in a single discipline. Up to three units may be taken in a studio course. The 18 units must be completed with a grade of "C" or better or a "P" if the course is taken on a "pass-no pass" basis.

Not all courses listed in the Area of Emphasis degree are offered at all three colleges; please check your college catalog to see if a course you are interested in is offered at your college.

Included Disciplines and Courses

American Sign Language (ASL): 1, 2, 3, 4, 5, 10, 11, 12, 13, 14, 20, 22
 Anthropology (ANT): 7, 8
 Arabic (ARA): 1, 2, 3, 8, 11, 11H
 Architecture (ARE): 36
 Art (ART): 6, 6H
 Art History (ARTH): C1100, C1100H, C1200, C1200H, 3, 4, 5, 6, 6H, 7, 8, 9, 10, 11, 12, 13, 14
 Chinese (CHI): 1, 2, 11
 Communication Studies (COMM): C1000, C1000H, 2, 3, 7, 9, 9H, 11, 12, 13
 Dance (DAN): 6, 6H
 English (ENGL): C1003, C1003H, 6, 7, 8, 9, 10, 14, 15, 16, 18, 20, 23, 25, 30, 34, 35, 40, 41, 44, 45, 48
 Ethnic Studies (ETS): 1, 2, 3, 7, 8, 13, 14, 15, 28, 29, 44
 Film, Television and Video (FTV): 12, 65
 Film Studies (FST): 1, 1H, 2, 3, 4, 5
 French (FRE): 1, 2, 11
 Game Development (GAM): 2
 History (HIST): C1001, C1001H, C1002, C1002H, 1, 2, 2H, 14, 15, 25, 26, 28, 29, 31, 32, 34, 35, 44
 Humanities (HUM): 4, 4H, 5, 5H, 8, 9, 10, 10H, 11, 16, 18, 23, 35
 Italian (ITA): 1, 2, 3, 11
 Japanese (JPN): 1, 2, 3, 4, 11
 Library (LIB): 1

Music (MUS): 19, 19H, 22, 25, 26, 89, 89H, 93
 Philosophy (PHI): 10, 10H, 12, 13, 14, 19, 22, 32, 33, 35
 Political Science (POLS): 11
 Russian (RUS): 1, 2, 3, 11
 Spanish (SPA): 1, 2, 2H, 3, 4, 8, 11, 12, 51
 Theatre (THE): 3, 29

Applicable Studio Courses Include:

(Note that some classes are less than 3 units)

Art (ART): 15, 16, 17, 18, 20, 21, 22, 23, 24, 25A, 25B, 26, 27, 28A, 28B, 30A, 30B, 34, 35A, 35B, 36A, 36B, 38, 39, 40A, 40B, 41A, 41B, 42A, 42B, 43A, 43B, 44A, 44B, 44C, 45, 46, 47, 48A, 48B, 49A, 49B
 Dance (DAN): 7, 8, 9, D9, D10, D13, D19, D20, D21, D22, D23, D29, D31, D32, D33, D34, D37, D38, D39, D43, D44, D46, D47, D48, D49, D50, D51, D60
 English (ENGL): 11, 12, 17A, 17B, 17C, 38A, 38B, 38C
 Music (MUS): 8A, 8B, 9, 10, 12, 28, 29, 30, 31, 32A, 32B, 32C, 32D, 33, 35, 36, 37, 38, 39, 41, 42, 43A, 43B, 43C, 44, 48, 49, 50, 52, 53, 54, 55, 57, 58, 61, 65, 68, 69, 70, 71, 73, 77, 78, 79, 81, 82, 83, 84, 92, 94, P12, P36, P44, P84
 Theatre (THE): 2, 4, 5, 6, 25, 26, 30, 32, 33, 34, 35, 36, 37, 38, 41, 54

Associate of Arts Degree

The Associate of Arts Degree in Humanities, Philosophy and Arts will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Industrial Automation - Associate of Science Degree and Certificate of Achievement - NAS737/C/NCE737

Businesses and other organizations depend on complex electronic equipment for a variety of functions. Industrial controls

automatically monitor and direct production processes on the factory floor. Transmitters and antennae provide communication links for many organizations. Industry needs well-trained technicians with the knowledge of how to design, repair and implement new equipment. The Industrial Automation program teaches how to use Electronics, Microprocessors, Microcontrollers, Programmable Logic Control and Fluid Power systems to create and program new machinery used in industry. This certificate prepares students for employment as an automated systems technician, maintenance mechanic, or general maintenance worker.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate the installation, maintenance and troubleshooting of Programmable Logic Control systems (PLCs) and PLC modules.
2. Set-up and operate fluid powered valves, cylinders, controls, filters, and actuators.
3. Solve formulas by using unknowns and apply this knowledge to solve problems encountered in technological areas and various fields of engineering.

Program Requirements

Required Courses

Units: 24.00-25.00

COURSE	TITLE	UNITS
ELE-10	Survey of Electronics	4.00
ELE-74	Industrial Wiring and Controls	4.00
MAN-60	Hydraulic and Pneumatic Systems	4.00
<i>Select one of the following:</i>		3.00
ELE-27	Technical Communications	3.00
ENE-27	Technical Communications	3.00
<i>Select one of the following:</i>		3.00

ELE-64	Programmable Logic Controllers	3.00
MAN-64	Programmable Logic Controllers	3.00
ELE-67	Programmable logic controllers using Siemens	3.00
MAN-67	Programmable logic controllers using Siemens	3.00
<i>Select one of the following:</i>		2.00
DFT-51	Print Reading	2.00
ENE-51	Print Reading	2.00
<i>Select one of the following:</i>		1.00
ELE-55	Occupational Safety and Health Administration (OSHA) Standards for General Industry	1.00
MAN-55	Occupational Safety and Health Administration (OSHA) Standards for General Industry	1.00
<i>Select one of the following:</i>		3.00-4.00
MATH-36	Trigonometry	4.00
ENE-62	Math for Automated Systems	3.00

Total: 24.00-25.00

Associate of Science Degree

The Associate of Science Degree in Industrial Automation will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Java Programming - Certificate of Achievement - NCE809

Completion of this certificate provides the student with skills a new programmer would need to obtain employment programming Java applications.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Create structured and Object code in Java for business, gaming, mathematical and scientific problems by identifying the information input requirements, synthesizing the algorithmic steps needed to transform the data input into the required output information, and organizing the output format to facilitate user communication.
2. Using Java libraries create and run Java programs that incorporate the following:
 - Multiprocessors
 - Multimedia
 - JDBC
 - SQL
 - Establish client/server relationship
3. Using Java libraries create and run Java programs that incorporate data structures.

Program Requirements

Required Courses

Units: 13.00

COURSE	TITLE	UNITS
<i>Choose one course</i>		4.00
CIS-5	Programming Concepts and Methodology I:C++	4.00

OR		
CSC-5	Programming Concepts and Methodology I:C++	4.00
<i>Choose one course</i>		3.00
CIS-18A	Java Programming: Objects	3.00
OR		
CSC-18A	Java Programming: Objects	3.00
CIS-18B	Java Programming: Advanced Objects	3.00
CIS-18C	Java Programming: Data Structures	3.00
		Total: 13.00

Kinesiology, Health & Wellness - Associate of Arts Degree - NAA498/C

Kinesiology, Health and Wellness is a collection of courses that emphasize the principles for the growth and development of a healthy lifestyle. Students will acquire the knowledge and understanding problem solving strategies of these principles to integrate, apply and promote personal, individual or group behavior conducive to the maintenance or restoration of mental and physical wellness. This emphasis will provide students with an understanding of physical skills and their development related to physical activity, exercise and sport. This area of emphasis is designed for students interested in making positive life choices and in the study of health, nutrition, and wellness; physical education/kinesiology; athletic training; sport performance, officiating and coaching; career planning and life management; and the biology, anatomy and physiology of the human body.

Students who work closely with their counselor may use this emphasis area to prepare to transfer to four year institutions in majors such as Health Science, Nutrition, Physical Education/Kinesiology, Exercise Science, and Recreation and Leisure Studies. Some careers such as Athletic Trainer, Physical Therapist, Exercise Physiologist, Sport Nutritionist and Physical Education and Health Education teachers may require education beyond a bachelor's degree.

Program Learning Outcomes

Upon completion, a student will be able to:

1. Analyze understanding of the impact life choices have on overall human health and apply this knowledge to maintain healthful living appropriate to the situation.
2. Recognize the positive impact of physical activity in fostering optimal health and apply this knowledge to lifestyle choices.
3. Identify and interpret the role of individual decision-making processes to the development of strategies concerning personal health and wellness.

The student must complete 18 units of study with a grade of "C" or better or a "P" if the course is taken on a "pass-no pass" basis.

Not all courses listed in the Area of Emphasis degree are offered at all three colleges; please check your college catalog to see if a course you are interested in is offered at your college.

Included Disciplines and Courses

Required Courses (take 3 units in each of the two disciplines):

Health Science (HES):1 (or BIO 35)

Kinesiology/academic courses (KIN): 4, 6, 10, 12, 16, 17, 18, 23, 24, 25, 26, 27, 28, 29, 30, 33, 34, 35, 36, 38, 39

Elective Courses (12 additional units, selected from the following)

Biology (BIO): 4, 16, 18, 45, 50A, 50B

Early Childhood Education (EAR): 26

Guidance (GUI): 45, 46, 47, 48

Kinesiology/academic courses (KIN): 4, 6, 10, 12, 16, 17, 18, 23, 24, 25, 26, 27, 28, 29, 30, 33, 34, 35, 36, 38

Kinesiology/activity courses (KIN): A03, A04, A07, A11, A12, A13, A20, A21, A28, A29, A30, A31A, A31B, A31C, A40, A41, A43, A44, A46, A47, A54A, A54B, A55, A57A, A57B, A57C, A64A, A64B, A64C, A67, A68, A69, A71, A75A, A75B, A77A, A77B, A77C, A81A, A81B, A81C, A83, A86, A87, A88, A89A, A89B, A89C, A90A, A90B, A90C

Kinesiology/varsity courses (KIN): V01, V02, V04, V05, V06, V07, V08, V09, V10, V11, V12, V14, V18, V19, V20, V21, V22, V23, V24, V25, V26, V27, V33, V34, V50, V51, V52, V53, V55, V56, V60, V61, V70, V78, V82, V92, V94, V95
 Psychology (PSYC): 10, 11

A course may only be counted once except for varsity courses.

Associate of Arts Degree

The Associate of Arts Degree in Kinesiology, Health, and Wellness will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Logistics Management - Associate of Science Degree and Certificate of Achievement - NAS579/C/NCE579

This program prepares students for entry into or career growth within the logistics industry, and ongoing study of the field. The focus is integrated logistics, a necessity for management of effective and efficient supply chains. Logistics disciplines covered include warehousing, transportation, service contracting, purchasing, global logistics, etc.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Compare roles and objectives of the logistics disciplines.
2. Understand how logistics functions can interact to efficiently use total personnel, facilities and equipment.
3. Contribute knowledge needed by multidisciplinary teams to effectively integrate and exceed end user (customer) expectations.
4. Analyze, prepare, file and process claims when unavoidable freight disputes arise.
5. Explain how the overall flow of goods, services and information can be optimized to satisfy customer and business goals.
6. Identify 3rd party logistics provider and client needs in negotiations, bidding and contracts, as well as legal and regulatory constraints to integrated logistics.
7. Describe roles and value added by global logistics intermediaries.

Program Requirements

Required Courses

Units: 18.00

COURSE	TITLE	UNITS
BUS-80	Principles of Logistics	3.00
BUS-82	Freight Claims	1.50
BUS-83	Contracts	1.50
BUS-85	Warehouse Management	3.00
BUS-86	Transportation and Traffic Management	3.00
BUS-87	Purchasing and Supply Management	3.00
BUS-90	International Logistics	3.00

Total: 18.00

Associate of Science Degree

The Associate of Science Degree in Logistics Management will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Math and Science - Associate of Science Degree - NAS493/C

These courses emphasize the natural sciences, which examine the physical universe, its life forms, and its natural phenomena. Courses in math emphasize mathematical, analytical, and reasoning skills beyond the level of intermediate algebra. Courses in science emphasize an understanding of the process of science and the scientific method. Courses emphasize the use of mathematics and science as investigative tools, the role of mathematics and

science as part of human civilization and society, and the inherent value of both inductive and deductive reasoning as part of the human experience.

This area of emphasis is designed for general education students, as well as students interested in mathematics or sciences as a possible career path, with career opportunities included in mathematics, chemistry, physics, biology, ecological/earth sciences, geology, engineering, computer science, electronics, oceanography, microbiology, kinesiology/exercise science and the medical sciences.

Program Learning Outcomes

Students possessing an Associate Degree in Math and Science can be expected to demonstrate achievement of the following learning outcomes:

1. Apply the basic operations of mathematics on the set of real and complex numbers, expressions, and equations.
2. Apply the principles of the scientific method, including the use of inductive and deductive reasoning to pose, test, and accept or reject hypotheses.
3. Recognize and determine the role of mathematics and the sciences as investigative and reasoning tools of human societies.

The student must complete 18 units of study with a grade of "C" or better or a "P" if the course is taken on a "pass-no pass" basis.

Not all courses listed in the Area of Emphasis degree are offered at all three colleges; please check your college catalog to see if a course you are interested in is offered at your college.

Included Disciplines and Courses

Required Courses (Take one course in each of the three categories, including one course with a lab):

1. Mathematics:
Mathematics (MATH): C2210, C2210H, 5, 9, 10, 11, 23, 25, 26, 70A, 70B
Statistics (STAT): C1000, C1000H
Psychology (PSYC): 48
Sociology (SOC): 48
2. Physical Sciences:
Astronomy (AST) 1A, 1AH
Chemistry (CHE) 1A, 1AH, 2A, 3, 10
Geography (GEG) 1, 1H, 1L
Geology (GEO) 1, 1L, 3
Oceanography (OCE) 1
Physical Science (PHS) 1
Physics (PHY) 2A, 4A, 10
3. Life Sciences:
Biology (BIO) 1, 1H, 4, 5, 6, 7, 8, 9, 10, 18, 19, 20, 50A, 55, 60, 60H

Elective Courses (The remaining units may be taken from any of the following courses):

Anthropology (ANT): 1, 1H
Astronomy (AST): 1A, 1AH, 1B
Biology (BIO): 1, 1H, 3, 4, 5, 6, 7, 8, 9, 10, 14, 15, 16, 18, 19, 20, 21, 31A, 31B, 31C, 31D, 31E, 35, 40, 45, 50A, 50B, 55, 60, 60H, 61, 85
Chemistry (CHE): 1A, 1AH, 1B, 1BH, 2A, 2B, 3, 10, 12A, 12B, 17
Computer Information Systems (CIS): 5, 17A, 17B, 17C, 18A, 18B, 18C
Computer Science (CSC): 5, 17A, 17B, 17C, 18A, 18B, 18C
Electronics (ELE): 23, 25
Engineering (ENE): 10, 21, 27, 30, 35
Geography (GEG): 1, 1H, 1L, 5
Geology (GEO): 1, 1B, 1L, 3

Health Science (HES): 1
 Mathematics (MATH): C2210, C2210H, C2220, 1C, 2, 3, 5, 9, 10, 11, 23, 25, 26, 32, 36, 70A, 70B
 Oceanography (OCE): 1, 1L
 Physical Science (PHS): 1, 5
 Physics (PHY): 2A, 2B, 4A, 4B, 4C, 4D, 10, 11
 Psychology (PSYC): 2, 2H, 48
 Sociology (SOC): 48
 Statistics (STAT): C1000, C1000H

A course may only be counted once.

Associate of Science Degree

The Associate of Science Degree in Math and Science will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Modern Policing - Associate of Science Degree - NAS1096/C

The Modern Policing Associate of Science Degree guides students toward careers in law enforcement and policing, at local, county, state and federal law enforcement agencies. The program provides a seamless transition for students who wish to transfer to a four-year university. The program also complies with current state legislation (AB 89) which will require all peace officers in California to complete a Modern Policing degree.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Define and recognize the fundamental duties, obligations, and philosophies of a multicultural society and the importance of social justice in the criminal justice system, and law enforcement profession.
2. Effectively and ethically apply analytical and critical thinking skills to evaluate and assess law enforcement interactions with multicultural communities, the American justice system, and the impact of the law and legal system on traditionally marginalized or minoritized communities and individuals.
3. Analyze the generational impact of events and the implementation of culturally competent and emotionally intelligent policing practices within the American justice system.
4. Analyze the key concepts/theories of past and current practices of law enforcement in the criminal justice system.
5. Assess historical and present-day diversity and human rights issues as it pertains to the interactions of society and the police.

Program Requirements

Required Courses

Units: 48.00

COURSE	TITLE	UNITS
<i>Select one of the following:</i>		3.00
ADJ-1	Introduction to the Administration of Justice	3.00
ADJ-1H	Honors Introduction to the Administration of Justice	3.00
<i>Select one of the following:</i>		3.00
ADJ-3	Concepts of Criminal Law	3.00
ADJ-3H	Honors Concepts of Criminal Law	3.00
ADJ-5	Community Relations	3.00
<i>Select one of the following:</i>		3.00
ADJ-2	Principles and Procedures of the Justice System	3.00
ADJ-4	Legal Aspects of Evidence	3.00
ADJ-13	Criminal Investigation	3.00

ADJ-8	Juvenile Law and Procedures	3.00
ADJ-9	Law In American Society	3.00
ADJ-9H	Honors Law in American Society	3.00
COMM-12	Intercultural Communication	3.00
<i>Select one of the following:</i>		3.00
SJS-110	Introduction to Social Justice Studies	3.00
ETS-1	Introduction to Ethnic Studies	3.00
PSYC-8	Social Psychology	3.00
<i>Select one of the following:</i>		4.00
ENGL-C1000	Academic Reading and Writing	4.00
ENGL-C1000H	Academic Reading and Writing - Honors	4.00
<i>Select one of the following:</i>		4.00
ENGL-C1003	Critical Thinking and Writing through Literature	4.00
ENGL-C1003H	Critical Thinking and Writing through Literature - Honors	4.00
<i>Select one of the following:</i>		3.00
COMM-C1000	Introduction to Public Speaking	3.00
COMM-C1000H	Introduction to Public Speaking - Honors	3.00
<i>Select one of the following:</i>		4.00
STAT-C1000	Introduction to Statistics	4.00
STAT-C1000H	Introduction to Statistics - Honors	4.00
PSYC-48	Statistics for the Behavioral Sciences	4.00
SOC-48	Statistics for the Behavioral Sciences	4.00
<i>Select one of the following:</i>		3.00
ARTH-5	Arts of Africa, Oceania, and Indigenous North America	3.00
HIST-14	African American History I	3.00
ETS-14	African American History I	3.00
HIST-31	Introduction to Chicanx and Latinx Studies	3.00
ETS-2	Introduction to Chicanx and Latinx Studies	3.00
HIST-7	United States History from 1865	3.00
HIST-7H	Honors United States History from 1865	3.00
<i>Select one of the following:</i>		3.00
PHI-12	Introduction to Ethics	3.00
ADJ-150	Ethics and Moral Reasoning in Criminal Justice	3.00
<i>Select one of the following:</i>		3.00
EAR-42	Child, Family, and Community	3.00
SOC-20	Introduction To Criminology	3.00
<i>Select one of the following:</i>		3.00
SOC-10	Race and Ethnic Relations	3.00
SOC-10H	Honors Race and Ethnic Relations	3.00
ANT-2	Cultural Anthropology	3.00
ANT-2H	Honors Cultural Anthropology	3.00
POLS-23	Race, Ethnicity, and Politics in America	3.00
ETS-23	Race, Ethnicity, and Politics in America	3.00

Total: 48.00

Associate of Science Degree

The Associate of Science Degree in Modern Policing will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Music - Associate of Arts Degree - NAA564/C

The Associate in Arts in Music Degree is designed to prepare the student for the rigors of becoming a music major at four year institutions of higher education and is specifically intended to satisfy many of the lower division requirements for the Baccalaureate in Arts in Music at the California State University and University of California. This degree is designed to prepare students to demonstrate competence and discipline in the study of music theory, music analysis, music composition, and musicianship skills, and demonstrate proficiency in ensemble skills and solo performance skills. Completion of this curriculum will demonstrate commitment to the serious study of Music in practice and in theory and provide comprehensive preparation for upper division work.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate ensemble specific performance practices and professional standards of conduct expected of ensemble participants.
2. Perform solo literature with an accompanist (if appropriate) using stylistically accurate rhythm, pitch, diction (or articulation) and musical expression.
3. Demonstrate the ability to "audiate" a musical score by sight reading and performing complex rhythms and by sightsinging chromatic, modulating, and post-tonal melodies.
4. Demonstrate the ability to recognize patterns and musical function by aurally identifying and transcribing scales, modes, post-tonal melodies, and complex harmonic progressions.
5. Analyze chromatic harmonic progressions that include modulation using 20th century techniques.
6. Write, analyze, and compose music using 20th century techniques, such as: tone row, set theory, augmented sixth chords, pandiatonicism and polytonalism.
7. Demonstrate keyboard proficiency at the level required to perform theoretical concepts studied in music theory courses.

Program Requirements

Required Courses - Music Theory

Units: 16.00

COURSE	TITLE	UNITS
MUS-3	Fundamentals of Music	4.00
MUS-4	Music Theory I	4.00
MUS-5	Music Theory II	4.00
MUS-6	Music Theory III	4.00

Applied Music (10-12 units); 4 semesters of study from the following

Units: 10.00-12.00

COURSE	TITLE	UNITS
MUS-38	Beginning Applied Music I	2.00
MUS-78	Beginning Applied Music II	2.00
MUS-39	Applied Music I	3.00
Choose one course		3.00-6.00
MUS-79	Applied Music II	3.00
OR		
MUS-39	Applied Music I	6.00
MUS-79	Applied Music II	6.00

Music Ensembles (8 Units from the following over 4 semesters)**Units: 8.00**

COURSE	TITLE	UNITS
		2.00
MUS-41	Chamber Singers	2.00
MUS-77	Guitar Ensemble	2.00
MIS-11A	Studio Arts Ensemble I	2.00
MIS-11B	Studio Arts Ensemble II	2.00

Recommended Courses: Keyboard proficiency - Most 4-year institutions require that lower division students pass a keyboard proficiency exam. The following courses are recommended to prepare students for the exam (4 units from the following):

Units: 0.00

COURSE	TITLE	UNITS
MUS-32D	Class Piano IV	1.00
MUS-32A	Class Piano I	1.00
MUS-53	Keyboard Proficiency	1.00
MUS-32B	Class Piano II	1.00
MUS-32C	Class Piano III	1.00

Total: 34.00-36.00

Associate of Art Degree

The Associate of Art Degree in Music will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Music Industries: Audio Production - Associate of Science Degree and Certificate of Achievement - NAS684/C/NCE684

The Music Industry Studies certificate in Audio Production is designed to provide students with the knowledge and skills necessary for producing popular music, and engineering in the recording studio as well as for live sound. Courses allow students to become proficient on a DAW (Digital Audio Workstation); gain experience recording and producing music on digital and analog devices; and record and mix in a state-of-the-art multi-track digital recording studio. Classes are taught utilizing industry-standard software and equipment in state-of-the-art facilities. The program prepares students for a wide variety of careers as music producers or audio engineers in studio and/or live performance settings.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate an understanding of musicianship and music theory.
2. Employ music technology to create and refine musical product.
3. Sensitively enhance multitrack recordings and live performances as a mixing engineer.
4. Collaborate effectively with peers to create new musical works that exhibit quality and craftsmanship.
5. Demonstrate a fundamental understanding of intellectual property law as it applies to music.

Program Requirements**Required Courses****Units: 13.00**

COURSE	TITLE	UNITS
MIS-1A	Beginning Performance Techniques For Studio Recording	2.00

MIS-1B	Intermediate Performance Techniques For Studio Recording	2.00
MIS-1C	Advanced Performance Techniques For Studio Recording	2.00
MUS-3	Fundamentals of Music	4.00
MUS-93	The Business of Music	3.00

Electives

Units: 19.00

COURSE	TITLE	UNITS
MIS-3	Digital Audio Production 1	4.00
MIS-2	Songwriting	2.00
MIS-4	Digital Audio Production 2	4.00
MIS-7	Introduction To Music Technology	3.00
MIS-12	Live Sound Reinforcement	3.00
MIS-13	Recording Studio Workshop I	3.00

Select 4-6 units from the following Elective courses:

Units: 4.00-6.00

COURSE	TITLE	UNITS
MUS-38	Beginning Applied Music I	2.00
MUS-32A	Class Piano I	1.00
COMM-9	Interpersonal Communication	3.00
MUS-32B	Class Piano II	1.00
MUS-4	Music Theory I	4.00
MUS-39	Applied Music I	3.00
MIS-200	MIS Music Industry Studies Work Experience	1.00-4.00
MUS-32C	Class Piano III	1.00
MUS-23	History of Rock and Roll	3.00

Total: 36.00-38.00

Associate of Science Degree

The Associate of Science Degree in Music Industries: Audio Production will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Music Industry Studies: Performance - Associate of Arts Degree and Certificate of Achievement - NAA645/C/NCE645

The Music Industry Studies Performance Certificate is designed to provide students with the knowledge and skills necessary for studio recording and live performance in the commercial music industry. Courses allow students to become proficient on an instrument or voice, gain experience as an ensemble member, study the fundamentals of music including sight-reading and piano skills, become familiar with digital and analog music technology, and record and mix in a state-of-the-art multi-track digital recording studio. Classes are taught utilizing industry-standard software and equipment in state-of-the-art facilities. The program prepares students for a variety of careers as instrumentalists and vocalists in studio and/or live performance settings.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate an understanding of musicianship and music theory.
2. Employ music technology to create and refine musical product.
3. Sensitively interpret and communicate musical literature as a performer or studio musician.
4. Collaborate effectively with peers to create new musical works exhibiting quality and craftsmanship.

5. Demonstrate a fundamental understanding of intellectual property law as it applies to music.

Program Requirements

Required Courses for Music Industry Studies: Performance

Units: 25.00

COURSE	TITLE	UNITS
MIS-1A	Beginning Performance Techniques For Studio Recording	2.00
MIS-1B	Intermediate Performance Techniques For Studio Recording	2.00
MIS-1C	Advanced Performance Techniques For Studio Recording	2.00
MUS-3	Fundamentals of Music	4.00
MUS-93	The Business of Music	3.00
<i>Take MUS-39 twice for a total of six units:</i>		6.00
MUS-39	Applied Music I	3.00
<i>Take MUS-79 twice for a total of six units:</i>		6.00
MUS-79	Applied Music II	3.00

Required Courses for Music Industry Studies: Performance

Units: 8.00

COURSE	TITLE	UNITS
<i>Complete one of the following options:</i>		8.00
<i>Option 1: Take MUS-41 four times over four semesters:</i>		8.00
MUS-41	Chamber Singers	2.00
<i>Option 2: Take both MUS-41 and MIS-81 two times each over four semesters:</i>		8.00
MUS-41	Chamber Singers	2.00
MUS-81	Consort Singers	2.00
<i>Option 3: Take both MIS-11A and MIS-11B two times each over four semesters:</i>		8.00
MIS-11A	Studio Arts Ensemble I	2.00
MIS-11B	Studio Arts Ensemble II	2.00

Choose 3-4 units from Elective Courses

Units: 3.00-4.00

COURSE	TITLE	UNITS
<i>Select 3-4 units from the following:</i>		3.00-4.00
MIS-3	Digital Audio Production 1	4.00
MIS-7	Introduction To Music Technology	3.00
MUS-4	Music Theory I	4.00
MUS-23	History of Rock and Roll	3.00
MUS-32A	Class Piano I	1.00
MUS-32B	Class Piano II	1.00
MUS-32C	Class Piano III	1.00

Total: 36.00-37.00

Associate of Art Degree

The Associate of Art Degree in Music Industry Studies: Performance will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Pre-Engineering - Associate of Science Degree - NAS763, NAS765 (Cal-GETC)

This program is designed to prepare students for a possible major in an Engineering related field. Possible university engineering majors include: Civil Engineering, Computer Engineering and Mechanical Engineering.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate the standard methods of mathematical analysis including trigonometry and analytic geometry, differential and integral calculus, and the solutions to differential equations.
2. Demonstrate a working knowledge of the theories and principles of physics.
3. Conduct experiments and analyze and interpret data collected.

Program Requirements

Required Courses

Units: 16.00

COURSE	TITLE	UNITS
MATH-C2210H	Calculus I: Early Transcendentals - Honors	4.00
MATH-C2210	Calculus I: Early Transcendentals	4.00
MATH-C2220	Calculus II: Early Transcendentals	4.00
PHY-4A	Mechanics	4.00

Choose one of the following courses

Units: 4.00

COURSE	TITLE	UNITS
Choose one course		4.00
PHY-4B	Electricity and Magnetism	4.00
OR		
PHY-4C	Heat, Light and Waves	4.00

Elective Courses (8-10 Units)

Units: 8.00-10.00

COURSE	TITLE	UNITS
CHE-1A	General Chemistry, I	5.00
CHE-1B	General Chemistry, II	5.00
MATH-1C	Calculus III	4.00
Only one of the following may be used:		4.00
PHY-4B	Electricity and Magnetism	4.00
OR		
PHY-4C	Heat, Light and Waves	4.00

Total: 28.00-30.00

Associate of Science Degree

The Associate of Science Degree in Pre-Engineering will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Python Programming - Certificate of Achievement

The Python Programming Certificate will provide students with proficiency in the areas of system development, software programming, Internet of Things (IoT) development, web development, cybersecurity analyst, computer cybersecurity professionals, and system administration.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Solve programming problems by using common built-in Python modules, tools and template.
2. Utilize development modules, packages and tools to create programs for network services, communication and system administration.
3. Perform security assessment using Python scripts and its features.
4. Create Python programs for Internet of Things (IoT) such as smart devices, embedded systems, micro-boards.
5. Plan, design and write versatile, scalable, high performance Python programs with interfaces and data structure using packages, libraries and extensions.

Program Requirements

Required Courses

Units: 15.00

COURSE	TITLE	UNITS
CIS-30A	Introduction to Python Programming	3.00
CIS-30B	Python Programming in Networking	3.00
CIS-30C	Python Programming in Cybersecurity	3.00
CIS-30D	Python Programming for Internet of Things (IoT)	3.00
CIS-30E	Advanced Python Programming	3.00

Total: 15.00

Real Estate Salesperson and Transaction - Locally Approved Certificate - NCE854

This program prepares students to buy, sell and lease, and to represent others to buy, sell and lease residential and commercial real estate property. Prepares students to qualify for the California Real Estate Salesperson license and to successfully take the California Real Estate Salesperson exam. Instruction includes analysis of ethical and procedural real estate problems/types of real estate property ownership and leases; sales contracts and associated documents; required disclosures; land use policy; real estate marketing; real estate financing; and state and federal statutes, regulations and court cases affecting California real estate sales and leases.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate the ability to analyze ethical and procedural problems that arise in real estate transactions.
2. Discuss and evaluate real estate marketing and sales techniques.
3. Explain and evaluate methods of financing and evaluating real estate.
4. Demonstrate the ability to analyze state and federal statutes, regulations, and court cases affecting real estate sales.

Program Requirements

Required Courses

Units: 9.00

COURSE	TITLE	UNITS
RLE-80	Real Estate Principles	3.00
RLE-81	Real Estate Practices	3.00
<i>Select 3 units from the following:</i>		3.00
BUS-18A	Business Law I	3.00
ACC-1A	Principles of Accounting I	3.00
RLE-82	Legal Aspects of Real Estate	3.00

RLE-83	Real Estate Finance	3.00
RLE-85	Real Estate Economics	3.00

Total: 9.00

Registered Individual and Small Business Income Tax Preparer - Locally Approved Certificate - NCE858

U.S. and California income tax principles and tax return preparation as it relates to individuals, sole proprietorships, and other business entities. This course is certified by the California Tax Education Council (CTEC) as fulfilling the 60-hour qualifying education requirement imposed by the State of California for becoming a Registered Tax Preparer.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Prepared federal and state income tax returns for individuals, sole proprietorships, and other business entities.
2. Conduct tax research on client issues using both manual and computerized methods.
3. Evaluate and propose strategies that minimize income tax obligations.

Program Requirements Required Courses

Units: 4.00

COURSE	TITLE	UNITS
ACC-67	U.S. and California Income Tax Preparation	4.00

Retail Management/WAFC (Western Association of Food Chains) - Associate of Science Degree and Certificate of Achievement - NAS536/C/NCE536

This program prepares individuals to perform operations associated with retail sales in a variety of settings. This includes instruction in over-the-counter and other direct sales operations in business settings, basic bookkeeping principles, customer service, team/ staff leadership and supervision, floor management, and applicable technical skills.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Use Generally Accepted Accounting Principles or International Accounting Standards guidelines to review and interpret financial documents
2. Calculate pricing models for mark-ups, profit margins for perishable and lost goods, discounts, and sinking funds.
3. Prepare and deliver effective oral and written communications through multiple modes in multiple situations.
4. Create and use basic word processing documents, spread sheets and visual (Power Point) presentations.
5. Create and present a research paper on selected topics.
6. Create and present a research paper on selected topics.
7. Analyze and assess the legal and productivity implications of work conflicts.
8. Effectively communicate in small groups.
9. Analyze the effectiveness of marketing decisions and use marketing principles to assess market potential.

Associate of Science Degree

The Associate of Science Degree in Retail Management/WAFC (Western Association of Food Chains) will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Robotics Specialist - Certificate of Achievement - NCE1100

This program prepares students for jobs in entry-level maintenance technician, field service technician, industrial maintenance technician, maintenance mechanic, or maintenance repair mechanic as it pertains to robotics.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Students will install, program, test, interface and maintain industrial robot systems in work cells.
2. Control mechatronic systems for programming operations at a basic level.
3. Program the robot to pickup parts after sensing that the part is located on a fixture.

Total: 15.00

Small Business Accounting - Locally Approved Certificate - NCE859

Upon completion of this certificate, students will be trained and able to perform the basic duties and responsibilities required of an entry level accounting clerk or bookkeeper utilizing accounting software.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Perform a variety of accounting skills such as journalizing, posting, double entry accounting, record adjusting and closing entries and prepare financial statements.
2. Use accounting software to prepare financial statements and to analyze and solve problems.
3. Recognize the role of ethics in accounting.

Social & Behavioral Studies - Associate of Arts Degree - NAA499/C

Social and Behavioral Studies is a collection of academic disciplines dedicated to the scholarly study of the human experience. As a comprehensive and multidisciplinary area of study, Social and Behavioral Studies will afford the student an opportunity to explore and examine the nature and multitude of interactive relationships amongst and between individuals and between the individual and their social environment; ranging from the development of the individual, to the nuances of interpersonal interaction, to the dynamic structures of national and global communities. Ultimately, the student of Social and Behavioral Studies will gain a heightened awareness of the nature of their individuality, attain a greater understanding and appreciation of the complexities and diversity of the world in which they live and, become better equipped to succeed in an increasingly diverse and complex society.

Career paths typically chosen by undergraduate students emphasizing Social and Behavioral Studies include: Law Enforcement, Law, Human Relations, Human Resources, Social Work, Professional Childcare and Public Service Agencies, Teaching across the educational and academic spectrum, Consultation in the public and private sectors, Governmental Advisors, Speechwriting, and both domestic and international business professions.

Program Learning Outcomes

Upon completion of this area of emphasis, the successful student should be able to:

1. Demonstrate a knowledge and understanding that the development, maintenance, and adaptation of the individual self and the personality is a product of the interaction between the individual and their social environment.
2. Demonstrate a breadth of knowledge of the social and cultural environments at the local, regional and global levels.
3. Demonstrate a working knowledge of the many facets and intricacies of social interaction from the intrapersonal, to the interpersonal to the societal levels.
4. Demonstrate an ability to apply the theories and principles of human development, human interaction, cultural diversity, and global awareness to their everyday lives.

The student must complete 18 units of study across a minimum of three disciplines listed below with a grade of "C" or better or a "P" if the course is taken on a "pass-no pass" basis.

Not all courses listed in the Area of Emphasis degree are offered at all three colleges; please check your college catalog to see if a course you are interested in is offered at your college.

Included Disciplines and Courses

Administration of Justice (ADJ): 1, 1H, 2, 3, 3H, 4, 5, 8, 9, 9H, 13, 14, 20, 21, 22, 25

American Sign Language (ASL): 22

Anthropology (ANT): 1, 1H, 2, 2H, 3, 4, 5, 6, 7, 8, 10

Communication Studies (COMM): C1000, C1000H, 2, 3, 6, 9, 9H, 12, 13

Early Childhood Education (EAR): 19, 20, 25, 28, 33, 40, 42, 43, 47

Economics (ECON): C2001, C2001H, C2002, C2002H, 4, 5, 6, 9, 9H, 10

Ethnic Studies (ETS): 1, 2, 3, 7, 8, 13, 14, 15, 21, 23, 27, 28, 29, 40, 44

Geography (GEG): 2, 3, 4, 6

Guidance (GUI): 47, 48

History (HIST): C1001, C1001H, C1002, C1002H, 1, 2, 2H, 14, 15, 28, 29, 31, 35, 44
 Human Services (HMS): 4, 5, 6, 7, 8, 13, 14, 16, 18, 19
 Library Science (LIB): 1
 Philosophy (PHI): 14
 Political Science (POLS): C1000, C1000H, 2, 2H, 3, 4, 4H, 5, 6, 8, 11, 13, 14, 21, 23
 Psychology (PSYC): C1000, C1000H, 2, 2H, 8, 9, 10, 11, 33, 35, 35H, 48, 50
 Sociology (SOC): 1, 1H, 2, 3, 10, 10H, 12, 15, 20, 25, 48

Associate of Arts Degree

The Associate of Arts Degree in Social and Behavioral Studies will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Sound and Communication Systems Installer Apprenticeship - Associate of Science Degree and Certificate of Achievement - NAS644/C/NCE644

The new 37 unit Sound & Communication Systems Installer Apprenticeship certificate and AS degree will create a three-year apprenticeship program with the International Brotherhood of Electrical Workers (IBEW). Norco College will become the Lead Education Agency for the program.

The goal of the Sound & Communication Systems Installer Apprenticeship Program at Norco College is to provide electrical apprentices with the up-to-date knowledge and technical skills to complete the California state requirements to begin a career as a licensed journeyman, a craftsperson recognized for his or her knowledge and ability in the selected trade. The program will allow students to work in the trade while taking courses. The students will be earning a wage while on the job. As they progress through the apprenticeship they will increase their skill set.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Analysis a circuit of electrical device(s) with the appropriate meters or testing equipment so that troubleshooting of common system faults can be detected and repair.
2. Demonstrate electrical wiring of circuits or devices to meet the standards and requirement of the NEC.
3. Residents within Riverside/San Bernardino/ Mono/Inyo counties will be able to jointly apply to the Riverside and San Bernardino Joint Electrical Apprenticeship Training Committees via the International Brotherhood of Electrical Workers. Applicants must submit proof of high school diploma or GED, be at least 18 years of age, and official unopened transcripts showing successful completion of one year of high school or College Algebra 1 or higher. The applicant will then complete a written aptitude test and oral interview to be placed on the eligibility list.

Program Requirements

Required Major Total

Units: 22.00-25.00

COURSE	TITLE	UNITS
ELE-423	Semiconductor Electronics	3.50
ELE-420	Introduction to Sound/Communication Trade Industry	3.50
ELE-424	Introduction to Digital Electronics and Signaling Devices	3.50
ELE-421	Electrical Theory and Practices DC	3.50
ELE-422	Electrical Theory and Practices AC	3.50
ELE-425	Management/Alarms/Codes/Circuits	3.50
ELE-499	Electrician Apprenticeship Work Experience	1.00-4.00

Total: 22.00-25.00

Associate of Science Degree

The Associate of Science Degree in Sound and Communication Systems Installer Apprenticeship will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Supply Chain Automation - Associate of Science Degree and Certificate of Achievement - NAS924/C/NCE924

Supply Chain Automation is a rapidly-emerging discipline that supports the automated warehousing industry. This program provides students with the skills and hands-on training needed to install, operate, support, upgrade or maintain the automated material handling equipment and systems that support the supply chain. This includes complex conveyer systems, robotics, sensors, optics, mechanical drive systems and programmable logic controllers. This certificate prepares students for employment as an electro-mechanical technicians, maintenance mechanic, maintenance technicians, or supply chain technicians.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate troubleshooting procedures to diagnose and repair hydraulic and pneumatic systems used in automated processes and robotic assemblies.
2. Demonstrate the installation, maintenance and troubleshooting of Programmable Logic Controllers systems (PLCS) and PLC modules.
3. Solve arithmetic problems and formulas using unknowns that are typical to solving problems in engineering and industrial setting.

Program Requirements

Required Courses

Units: 33.00-34.00

COURSE	TITLE	UNITS
<i>Choose one of the following</i>		3.00

<i>Choose one the following</i>		3.00-4.00
ENE-62	Math for Automated Systems	3.00

MATH-36	Trigonometry	4.00
<i>Choose one of the following</i>		1.00
MAN-55	Occupational Safety and Health Administration (OSHA) Standards for General Industry	1.00
ELE-55	Occupational Safety and Health Administration (OSHA) Standards for General Industry	1.00
MAN-60	Hydraulic and Pneumatic Systems	4.00
<i>Choose one the following</i>		3.00
MAN-64	Programmable Logic Controllers	3.00
ELE-64	Programmable Logic Controllers	3.00
ELE-67	Programmable logic controllers using Siemens	3.00
MAN-67	Programmable logic controllers using Siemens	3.00
ELE-26	Microcontrollers	3.00

Total: 33.00-34.00

Associate of Science Degree

The Associate of Science Degree in Supply Chain Automation will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

Accounting Basics for Small Business - Certificate of Completion - NCC8009

The Accounting Basics for Small Business Certificate provides students with an understanding of basic accounting, including QuickBooks procedures. The skills and knowledge covered in this program will enable students to get a job in the field or advance in their current career. This certificate also serves as a gateway into other noncredit and credit programs.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Understand the basic components of the primary financial statements - balance sheet, income statement, and cash flow statement.
2. Understand the interaction between different statements and individual accounting entries.
3. Apply these basic accounting concepts to a small business.
4. Use the knowledge from this class as a foundation for working with an accounting software package.

Program Requirements

Required Courses

Hours 48.00

COURSE	TITLE	HOURS
ACC-801	Setting up QuickBooks for Small Business	16.00
ACC-802	Monthly Procedures using QuickBooks	16.00
ACC-803	Year End Procedures with QuickBooks	16.00

Total: 48.00

Advanced American College English - Certificate of Competency - NCC8027

ESL students are placed within the sequence of courses in the Advanced English as a Second Language Certificate according to their English abilities. Students completing this pattern of study will have a beginning level of fluency in the English language which will help them be successful in academic courses, CTE courses, or general employment.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Write English, such as essays, at an academic level.
2. Communicate in English so that students can function with native speakers in academic transfer-level courses or work environments.
3. Demonstrate knowledge of patterns and expectations of United States culture, especially in the college and work environments.

Program Requirements

Required Courses

Hours 324.00

COURSE	TITLE	HOURS
ESL-848	Intermediate American College English	108.00
ESL-849	High-Intermediate American College English	108.00
ESL-850	Advanced American College English	108.00

Total: 324.00

Beginning American College English - Certificate of Competency - NCC8028

ESL students are placed within the sequence of courses in the Basic English as a Second Language Certificate according to their English abilities. Students completing this pattern of study will have a beginning level of fluency in the English language which will help them be successful in academic courses, CTE courses, or general employment.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Write English paragraphs at a low-intermediate academic level.
2. Communicate in English so that students can function with native speakers at a basic academic level in college or work environments.
3. Demonstrate a general awareness of patterns and expectations of United States culture, especially in the college and work environments.

Program Requirements

Required Courses

Hours 180.00

COURSE	TITLE	HOURS
ESL-846	Beginning American College English	90.00
ESL-847	Low-Intermediate American College English	90.00

Total: 180.00

Computerized Numerical Control Operator - Certificate of Completion - NCC8019

This certificate is designed to provide entry-level skills to operate a Computer Numerical Control (CNC) lathe or milling type machine tool. Upon completion, students can may secure employment as an entry level CNC operator. This certificate also serves as a gateway into other noncredit and credit programs.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrate sufficient proficiency to apply for and obtain entry-level employment in the field of computer numerical control technology.
2. Perform machine start-up and make machine adjustments and minor programming changes.
3. Perform inspections, make tool changes and knowledge of machine shut down.

Program Requirements

Required courses

Hours 198.00

COURSE	TITLE	HOURS
MAN-856	CNC Machine Set-Up and Operation	108.00
MAN-857	CNC Program Writing	90.00

Total: 198.00

Customer Relations - Certificate of Completion - NCC8012

The Customer Relations Certificate provides students with important communication skills and an understanding of how these skills should be utilized when working in customer service. Additionally, students will learn about different personality styles and how to effectively adapt to working with people with different styles. As a result of their classroom experience, students will be able to provide effective customer service and demonstrate collaborative problem solving.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Analyze and apply four essential customer service best practices in a role play.
2. Construct and deliver constructive criticism of a customer service experience session.
3. Demonstrate the collaborative problem-solving model to a case study.

Program Requirements

Required courses

Hours 36.00

COURSE	TITLE	HOURS
PDS-806	The Art of Negotiating and Collaborating	12.00
PDS-807	Personality Styles and Difficult Relationships	12.00
PDS-813	Best Practices in Customer Service	12.00

Total: 36.00

Emerging Leaders - Certificate of Completion - NCC8013

The Emerging Leaders Certificate enables students to develop the management, supervisory, and leadership skills necessary to get a job or advance on their current career path. Through the guided exploration of best practices in essential workplace skills, students will be prepared to successfully navigate complex professional environments. Both current and future leaders will benefit from the comprehensive overview of the skills necessary to be dynamic and effective leaders. This certificate also serves as a gateway into other noncredit and credit programs.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Explain and apply communication techniques for constructive criticism to a workplace scenario.
2. Explain the four stages of team development and apply to a case study.
3. Identify a problematic employee issue and identify if it is a coaching issue or disciplinary action case.
4. Explain and apply to a case study involving ways to motivate employees.

Program Requirements

Required courses

Hours 48.00

COURSE	TITLE	HOURS
PDS-801	Leadership Skills	12.00
PDS-802	Supervisory Skills	12.00
PDS-803	Increasing Productivity	12.00
PDS-804	Motivating Yourself and Others	12.00

Total: 48.00

Enterprise Communications - Certificate of Completion - NCC8014

The Enterprise Communication Certificate enables students to develop strategic communication techniques and skills necessary to succeed in the workplace. Students will demonstrate oral and written workplace communication skills, including learning constructive business writing concepts. This certificate is also a gateway into other noncredit and credit programs.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Describe and apply different strategic communication techniques to a workplace scenario.
2. Identify your professional EI strengths and limitations. Develop a plan using behavioral techniques to increase your EI competencies.

3. Apply business writing concepts to writing letters and emails using complete sentences with sentence variety, clarity with pronouns, proper punctuation, paragraphing and clear organization of ideas.

Program Requirements

Required Courses

PDS-813	Best Practices in Customer Service	12.00

Total: 48.00

Family Childcare Provider - Certificate of Completion - NCC8033

The Family Childcare Provider Certificate provides students with an introduction in planning a quality in-home child care business, including the requirements of obtaining a license as a family child care provider and an understanding of National Association for Education of Young Children (NAEYC) standards. The knowledge and skills covered in this program will enable students to set up good business practices, design developmentally appropriate curriculum and professionalism. This certificate also serves as a gateway into other noncredit and credit programs.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Understand state licensing requirements and guidelines for running an in-home child care.
2. Demonstrate an understanding of the National Association for Education of Young Children (NAEYC) Code of Ethical Conduct.
3. Demonstrate knowledge and use of the Family Child Care Harms/Clifford Environmental Rating Scale.
4. Apply state guidelines and child development concepts to establish good business practices and to design a quality family child care environment.
5. Use the knowledge from this program as a foundation for working with children, families and the community.

Program Requirements

Required Courses

Hours 24.00

COURSE	TITLE	HOURS
EAR-811	Family Child Care – Our Curriculum	8.00
EAR-810	Family Child Care – Our Business	8.00
EAR-812	Family Child Care – Our Family and Community	8.00

Total: 24.00

Financial Literacy - Certificate of Competency - NCC8015

The Financial Literacy Certificate of Completion provides students with an introduction to the principles of finance with an emphasis on personal finance. Students will learn general personal financial management skills, including developing realistic financial goals and methods for creating a plan to meet those goals. This certificate also serves as a gateway into other noncredit and credit programs in personal or business finance.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Create a personal budget of income and expenses.
2. Explain how credit works and how to use credit responsibly.
3. Describe available banking and loan services.
4. Develop long-term and short-term financial goals.

Program Requirements

Required courses

Hours 27.00

COURSE	TITLE	HOURS
PDS-816	Personal Finance	18.00
PDS-817	Financial Future	9.00

Total: 27.00

Industrial Automation - Certificate of Completion - NCC8039

Businesses and other organizations depend on complex electronic equipment for a variety of functions. Industrial controls automatically monitor and direct production processes on the factory floor. Transmitters and antennae provide communication links for many organizations. Industry needs well-trained technicians with the knowledge of how to design, repair, and implement new equipment. The Industrial Automation program teaches how to use Electronic, Microprocessors, Microcontrollers, Programmable Logic Control and Fluid Power systems to create and program new machinery used in industry. This certificate of completion prepares students for employment as an automated systems technician, maintenance mechanic, or general maintenance workers.

The goal of this program is to provide a diverse population of adult learners with the opportunity to learn the skills necessary to secure employment as an automated systems technician, maintenance mechanic, or general maintenance workers. By offering students the ability to take non-credit courses, this certificate expands access to formerly underserved populations. This certificate can also serve as a gateway into other noncredit and credit programs and help students develop workplace skills and training that will qualify them for more workplace opportunities.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Demonstrated the installation maintenance and troubleshooting of Programmable Logic Control systems (PLC's) and PLC modules.
2. Set-up and operate fluid powered valves, cylinders, controls filters, and actuators.
3. Solve formulas by using unknowns and apply this knowledge to solve problems encountered in technological areas and various fields of engineering.

Program Requirements

Required courses

Hours 576.00

COURSE	TITLE	HOURS
ELE-810	Survey of Electronics	90.00

Non-Credit Entrepreneurship and the Team - Certificate of Completion - NCC8037

This certificate is designed for those interested in starting their own business exposing students to the basics of entrepreneurship, including design thinking, customer assessment, problem solving, financing and leveraging resources. It will utilize the Business Model Canvas technique and will provide students with critical insights into the basics of founding-team formation. Students will learn about the Gig economy, legal business structures, e-commerce, networks, key relationships and the differences between the many types of solopreneurs.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Student will be able to develop a business plan outlining the viability and sustainability of their idea and key elements in establishing business partnerships.
2. Student will be able to apply standard accounting practices in a business and able to recognize and evaluate finance opportunities.
3. Student will be able to create a Business Model Canvas showcasing its main components and be able to produce and deliver a compelling presentation.
4. Student will be able to demonstrate the principles of the Gig Economy and recognize the different types of entrepreneurial categories.

ENP-851	Entrepreneurship Basics	54.00
ENP-850	Introduction to Entrepreneurship	54.00
ENP-853	Money, Finance and Accounting for Entrepreneurs	54.00
ENP-854	Business Model Canvas and Presentations for Entrepreneurs	54.00
ENP-870	Building an Entrepreneurial Team	54.00
ENP-871	Solopreneurship	54.00

Total: 324.00

Non-Credit Entrepreneurial Essentials - Certificate of Completion - NCC8035

Mission of Norco College: Norco College inspires a diverse student body by an inclusive innovative approach to learning through its pathways to transfer, professional, career and technical education, certificates, and degrees. We are proud to be a pivotal hub for scholarship, arts and culture, dynamic technologies, and partnerships. Norco College encourages self-empowerment and is dedicated to transforming the lives of our students, employees, and community.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Student will be able to develop a business plan outlining the viability and sustainability of their idea.

2. Student will be able to create a value proposition and test market assumptions for a business idea and offer a feasible solution.
3. Student will be able to apply standard accounting practices in a business and able to recognize and evaluate finance opportunities.

Non-Credit Entrepreneurial Foundations - Certificate of Completion - NCC8036

This certificate is designed for those interested in starting their own business exposing students to the basics of entrepreneurship, including design thinking, customer assessment, problem solving, financing and leveraging resources. It will utilize the Business Model Canvas technique designed to have students apply entrepreneurial strategies in developing a business.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Student will be able to develop a comprehensive business plan outlining the viability and sustainability of their idea using appropriate resources and techniques.
2. Student will be able to apply standard accounting practices in a business and able to recognize and evaluate finance opportunities.
3. Student will be able to create a Business Model Canvas showcasing its main components and be able to produce and deliver a compelling presentation.

Noncredit Essential 3D Tour - Certificate of Completion - NCC8043

The Essential 3D Tour program prepares students with the knowledge and skill in reading Architectural documents and blueprints with technics in presenting an existing building in a three-dimensional virtual tour for later remodeling or design. Students learn to set and use advanced building scanner/camera and drones in presenting spatial aspects of building in a virtual walkthrough or virtual fly around the building and landscapes.

Building scanner, camera and virtual tour software will be provided by college. Students need software access and a computer for home assignments.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Read Architectural documents and blueprints.
2. Prepare a visual 3D presentation inside or outside a building for potential clients.

Program Requirements

CON-862	Print Reading for Construction	54.00
ARE-863	3D Tour, Virtual, Mixed, Augmented and Extended Reality	117.00

Total: 171.00

Noncredit Essential CAD - Certificate of Completion - NCC8044

This program prepares students with the knowledge and skill in using CAD to prepare complicated two- and three-dimensional geometric shapes and models used in Architecture and Mechanical industry. Students learn to render computer models and prepare CAD animation.

Software is free to student. Computer and software access will be provided by college. Students may use their home computer for homework.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Prepare two- and three-dimensional Computer Aided Design drawings and models.
2. Prepare drawings such as orthographic and auxiliary views, sections with standard annotation and details using a CAD program.
3. Prepare virtual rendering for computer models using CAD program.

Program Requirements

Noncredit Essential Fusion 360 - Certificate of Completion -NCC8045

The Essential Fusion 360 program prepares makers with the knowledge and skill in using Fusion360 to document mechanical drawings per ANSI standards. Students learn to render parts and assemblies with exploded view animation. Also students learn to build parts using additive and subtractive process through Fusion 360.

Software is free to student. Computer and software access will be provided by college. Students may use their home computer for homework.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Prepare parametric three-dimensional solid models using Autodesk 360.
2. Prepare drawings such as orthographic and auxiliary views, sections with standard annotation and details using Fusion 360.
3. Setup and build parts using additive and subtractive process through Fusion 360.

Program Requirements

Required Courses**Hours** 216.00

COURSE	TITLE	HOURS
DFT-862	Basic Fusion 360	108.00
DFT-863	Advanced Fusion 360	108.00

Total: 216.00

Noncredit Essential Revit - Certificate of Completion -NCC8046

This program prepares students with the knowledge and skill in using Autodesk Revit Architecture for building Information Modeling on computer to document building information and drawings with architectural details. Students learn to render their architectural design and present solar study using Revit.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Prepare Architectural drawings including plan, elevation, roof using Autodesk Revit.
2. Prepare Architectural rendering, solar study and perspectives using Autodesk Revit.

Program Requirements**Required Courses****Hours** 234.00

COURSE	TITLE	HOURS
ARE-824	Revit I-Architectural Drafting	117.00
ARE-825	Revit II-Advanced Architectural Drafting	117.00

Total: 234.00

Noncredit Essential SolidWorks - Certificate of Completion - NCC8047

The Essential SolidWorks program prepares students with the knowledge and skill in using Solidworks to document mechanical drawings per ANSI standards. Students learn to render parts and assemblies with exploded view animation.

Software is free to student. Computer and software access will be provided by college. Students may use their home computer for homework.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Prepare parametric three-dimensional solid models.
2. Prepare drawings such as orthographic and auxiliary views, sections with annotations and details using SolidWorks.
3. Prepare virtual rendering for mechanical parts, assemblies and animation using SolidWorks.

DFT-842B	SolidWorks II	108.00

Total: 216.00

Sales Techniques - Certificate of Completion - NCC8016

The Sales Techniques Certificate provides students with an understanding of how to effectively leverage various communication techniques and mediums to identify leads, work directly with decision makers, and close deals. The important sales techniques that students acquire will allow them to build lasting, long-term and mutually beneficial relationships with clients. These foundational sales techniques will enable student to get a job in sales or marketing, or advance in their current career. This certificate also serves as a gateway into other noncredit and credit programs.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Develop and deliver a series of sales scripts to fit a given sales situation and effectively deliver the scripts.
2. Describe and demonstrate techniques for closing sales.
3. Describe and demonstrate how to ask for the sale when a potential customer is resistant.
4. Develop and deliver scripts for call center or "inside sales".

Program Requirements

Required Courses

Hours 24.00

COURSE	TITLE	HOURS
PDS-814	Closing Techniques That Win the Sale	12.00
PDS-815	Winning Sales Scripts	12.00

Total: 24.00

Social Media for Business - Certificate of Completion - NCC8011

The Social Media for Business Certificate provides students with an understanding of how to effectively leverage social media as part of a business marketing strategy. Students will analyze the ways in which business and nonprofits use social media marketing to engage customers and develop a successful business presence on social media using Facebook, Twitter, LinkedIn, YouTube, Instagram and Pinterest. This certificate is designed to both support students seeking to expand on their existing knowledge of social media marketing as well as those new to the field.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Explain how to develop effective social media marketing strategies for various types of industries and businesses.
2. Describe the major social media marketing portals that can be used to promote a company, brand, product, service or person.
3. Evaluate and apply social networking tools to a business scenario or career enhancement.
4. Assess the impact of social networking and its ROI (Return on Investment).

Program Requirements

Required Courses

Hours 50.00

COURSE	TITLE	HOURS
ENP-803	YouTube for Business	10.00
ENP-802	Pinterest and Instagram for Business	10.00
ENP-801	Facebook for Business	10.00
ENP-804	Twitter for Business	10.00

Total: 50.00

Successful Career Transitions - Certificate of Completion - NCC8038

The Successful Career Transitions certificate will provide students with the skills they need to successfully seek and obtain a new job. Students will learn to evaluate the job market and their own workplace skills, conduct a strategic job search, effectively network, write a persuasive cover letter and resume, and employ effective interview techniques.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Conduct market research and search for jobs in a chosen field using a variety of methods.
2. Tailor a resume and cover letter to meet the expectations of employers in their chosen field.
3. Interact professionally with employers, including during a job interview.
4. Understand professional communication expectations in the workplace.

Program Requirements

Workplace Essentials - Certificate of Completion - NCC8017

The Workplace Essentials Certificates aims to provide students with the skills and knowledge to be successful in the workplace. Students will learn how to maximize efficiency, engage in strategic problem solving, and clearly communicate with internal and external stakeholders. These skills will allow both students with extensive experience in the workplace and those entering the workforce to improve their effectiveness and advance in their career. This certificate also serves as a gateway into other noncredit and credit programs.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Relate the role of critical thinking to meeting business challenges and solving problems.
2. Hypothesize solutions to typical and atypical problems and test these hypotheses.
3. Demonstrate business-writing skills in the form of emails, memos, and proposals.
4. Apply the time management quadrant to a business case study attempting to balance personal and organizational goals.

PDS-812	Workplace Communication Strategies	12.00
		Total: 48.00

Course Descriptions

The Courses section of the catalog includes a description of courses which the Board of Trustees has authorized the District to offer. The information listed is accurate as of the catalog publication date, but from time to time this varies based on changes that occur at four-year institutions. It is always advisable to check with a counselor and the four-year transfer institution for current updates. The complete course outlines of record including student learning outcomes can be found at <https://rccd.curriqunet.com>.

Credit Courses

Credit courses can be degree or non-degree applicable. Unlike non-credit courses, they do carry units based on the number of hours of lecture, lab, or both that are required in the official course outline for the course. These courses are in a wide variety of areas; each requires critical thinking, reading and writing, and assignments that are completed outside of class that require the student to study and work independently. Credit courses are approved by the District and College Curriculum Committees and the Board of Trustees.

Non-Degree Credit

These courses earn credit, but the credit is not counted toward the associate degree. They are intended to help students develop skills necessary to succeed in college level degree-applicable courses. Non-degree credit courses can be used toward the following: athletic eligibility, work study, financial aid, social security benefits, veteran's benefits, associated student body office, and full-time status.

The following courses are non-degree credit:

Cosmetology (COS): 97A, 98A, 99A

English (ENGL): 85, 91

English as a Second Language (ESL): 46, 47, 48, 65, 71, 72, 90D, 90L, 90M, 90P, 91, 92, 95

Interdisciplinary Studies (ILA): 3

Mathematics (MATH): 42, 101A, 105, 109, 111, 112, 125, 139

Nursing Assistant (NNA): 80, 80A, 80B, 81, 86

Registered Nursing (NRN): 11B, 11C, 12B, 12C, 18, 21B, 21C, 22B, 22C

Vocational Nursing (NVN): 42B, 42C, 44B, 44C

Continuing Education in Nursing (NXN): 81

Psychology (PSYC): 148

Sociology (SOC): 148

Non-Credit

These courses are numbered in the 800's and are non-credit classes. No unit credit is earned in these courses.

Limitations on Enrollment

Please check the course description carefully to see if there are any prerequisites, corequisites, advisories, or other limitations on enrollment.

Prerequisite

When a course has a prerequisite, it means that the corresponding discipline has determined that the student must have certain knowledge to be successful in the course. The prior knowledge may be a skill (type 40 WPM), an ability (speak and write French fluently), a preparation score (placement test and prior academic background), or successful completion of a course (grade of "C" or better or "P"). Completion of the prerequisite is required prior to enrolling in the class. Successful completion of a prerequisite requires a grade of "C" or better or "P" (Pass). "C-", "D", "F", "FW", "NP" (No Pass), or "I" are not acceptable. Students currently enrolled in a prerequisite course at Riverside Community College District (i.e. PHY-2A) will be allowed to register for the succeeding class (i.e. PHY-2B). However, if the prerequisite course is not passed with at least a C grade, the student will be dropped from the succeeding class.

Corequisite

When a course has a corequisite, it means that a student is required to take another course concurrent with or prior to enrollment in the course. Knowing the information presented in the corequisite course is considered necessary for a student to be successful in the course. (Completion of, or concurrent enrollment in, Math C2210 is required for Physics 2A.)

Advisory

When a course has an advisory, it means that a student is recommended to have a certain preparation before entering the course. The preparation is considered advantageous to a student's success in the course. Since the preparation is advised, but not required, the student will not be blocked from enrolling in a class if the advisory is not met.

Verifying Prerequisites/Corequisites

It is the student's responsibility to know and meet the course prerequisites and corequisites. These are stated in the course descriptions within the schedule of classes and the college catalogs.

If you have met the prerequisites at another accredited college or university, you must provide verification through one of the following:

- Submit official transcript(s) and complete a Prerequisite Validation form.
- Submit unofficial transcript(s) or grade reports and complete a Matriculation Appeals petition. Petitions approved on an unofficial transcript will be approved for one semester only. This will provide time for the student to request official transcripts.
- Coursework must be listed on the original transcript. Coursework listed on a secondary transcript is not acceptable documentation.
- If you wish to challenge a prerequisite for courses other than English, ESL, math or reading on the basis of knowledge or ability or because of the unavailability of the prerequisite, submit a Matriculation Appeals petition at any of our campus's counseling offices.
- Successful completion of some high school courses are accepted by the discipline as an appeal to existing prerequisites and/or corequisites.

Petitions to challenge a prerequisite are available in the Counseling Offices on all three colleges.

Grading System

Riverside Community College District uses the letter system of grading the quality of work performed by students. The following grades are used: "A", excellent; "B", above average; "C", average; "D", below average; "F", fail; "FW", failing due to cessation of participation in a course after the last day to officially withdraw from a course and without having achieved a final passing grade; "I", incomplete; "IP", in progress; "RD", report delayed; "P", pass; "NP", no pass; "W", formal withdrawal from the college or a course; "EW", excused withdrawal; "MW", military withdrawal; "SP", satisfactory progress towards completion of a noncredit course (not supplanted by any other symbol).

Grade Points

On the basis of scholarship grades, grade points are awarded as follows: "A", 4 points per unit of credit; "B", 3 points per unit of credit; "C", 2 points per unit of credit; "D", 1 point per unit of credit; "F" or "FW", no points per unit of credit. On computing the grade point average, units attempted are not charged and grade points are not awarded for the following: "I", "W", "NP", "P", "IP", "RD", "EW" or "MW."

Incomplete

An "I" is given only in cases where a student has been unable to complete academic work for unforeseeable, emergency and justifiable reasons. The condition for removal of the "I" shall be stated by the instructor in a written contract submitted online on MyPortal. A copy of this Incomplete Contract will be sent to the student's college email and is also available on MyPortal. A final grade shall be assigned when the work stipulated has been completed and evaluated, or when the time limit for completing the work has passed. The "I" may be made up no later than one year following the end of the term in which it was assigned. The "I" symbol shall not be used in calculating units attempted nor for grade points. The "I" symbol will be changed to the grade the instructor has predetermined if the student does not meet the conditions of the agreement.

Military Withdrawal

Military withdrawal occurs when a student who is a member of an active or reserve United States military service receives orders compelling a withdrawal from courses. Upon verification of such orders, a withdrawal symbol may be assigned at any time after the period established by the governing board during which no notation is made for withdrawals. Military withdrawals are not counted in progress probation and dismissal calculations. A "W" incurred during the period between January 1, 1990 and the effective date of this paragraph, which meets the definition of military withdrawal herein, is not counted in progress probation and dismissal calculations and may be changed to "MW".

Students should refer to MyPortal for withdrawal deadlines.

Grade Changes

Students have one year following the term in which the grade was recorded to request a change of grade. After the one-year limit, the grade is no longer subject to change. Students

must file an Extenuating Circumstances Petition (ECP) with the Admissions and Records office at one of the three Colleges.

Extenuating Circumstances Petition

This petition is for students who encounter situations involving extenuating circumstances, emergencies that may affect their education records and fall outside the realm of normal college policy and procedures. Failure to be aware of deadlines and expected failure in a course are not acceptable reasons for filing an Extenuating Circumstances Petition. The student bears the burden and is responsible for showing that grounds exist for the Extenuating Circumstances Petition (ECP). Students have one year following the term in which a grade was submitted to request a change of grade.

Auditing Classes

RCCD offers students the option of auditing courses. Instructions for auditing are as follows:

- Students may not audit a class unless they have exhausted all possibilities to repeat the class for credit.
- Permission to audit a class is done at the discretion of the instructor and with instructor's signature.
- When auditing, a student shall not be permitted to change their enrollment in that course to receive credit.
- With the instructor's signature and permission, a credit student may switch their enrollment to audit status as long as no more than 20 percent of the course has been completed.
- With the instructor's signature and permission, a student may enroll in a course for audit at any time during the semester if they have not enrolled in that course for credit during the same semester.
- No student will be allowed to enroll for audit prior to the first day of the course. The first day of the course refers to the actual course meeting.
- Credit students have priority over auditors. If a course closes after an auditor has been admitted, the auditor may be asked to leave to make room for the credit student. Instructor's discretion is strongly recommended.
- The audit fee is \$15 per unit. Students enrolled in 10 or more semester units may audit an additional 3 units free (may be 3 one-unit courses). The \$15 per unit audit fee will automatically be charged if the student drops below 10 units.

Students wishing to audit should be aware that audited classes will not appear on the RCCD transcript. Forms and information are available at the Admissions offices at Riverside City, Moreno Valley and Norco colleges.

Pass/No Pass Classes

Discipline faculty are responsible for determining the appropriate Pass/No Pass option for each course. All sections of the course must be offered in the same manner. Courses may be offered for Pass/No Pass in either of the following categories and will be specified in the catalog:

- Class sections wherein all students are evaluated on a Pass/No Pass basis.
- Courses in which each student has the option to individually elect Pass/No Pass or letter grade. Students electing this option must file a petition in the Office of Admissions and Records by the last day of instruction for the course.

Units earned on a Pass/No Pass basis in accredited California institutions of higher education or equivalent out-of-state institutions are counted in satisfaction of community college curriculum and graduation requirements.

Units earned on a Pass/No Pass basis are not used to calculate grade point averages. Although no grade points are earned, a pass grade is granted through RCCD for performance that is equivalent to the letter grade of "C" or better. However, units attempted for which NP is recorded are considered in probation and dismissal procedures. Students should consult with a counselor before changing the grading option on a course. Other institutions may have unit or other restrictions regarding the acceptance of Pass/No Pass.

Final Examinations - Final Grades

Final semester exams are required in all classes at the scheduled time and place. Failure to appear for a final examination may result in an "F" grade in the course. Final grades may be obtained on MyPortal immediately after they are submitted by the instructor.

Dean's List

Each semester, those students who have demonstrated outstanding scholastic achievement by completing at least 12 units of credit-graded work in one semester or 12 units of credit-graded work earned in no more than one academic year (fall, winter, and spring, with summer being excluded) with a grade point average of 3.0 or better (completed units will be considered only once for a particular dean's list) will be recognized from the Dean of Instruction, and delivered to their student email.

UC and CSU Transferable Courses

Some course descriptions are notated with "UC," "CSU," or both. These courses are transferable to the campuses of the University of California and the California State University system. Courses that are not marked UC are not transferable to University of California campuses. Copies of the UC transfer course list indicating credit unit limitations are available in the Transfer/Career Center on all three colleges. When in doubt, students are advised to confer with a counselor.

Course Identification Numbering System (C-ID)

Some courses are notated with a C-ID number. The Course Identification Numbering System (C-ID) is a statewide numbering system independent from the course numbers assigned by local California community colleges. A C-ID number next to a course signals that participating California colleges and universities have determined that courses offered by other California community colleges are comparable in content and scope to courses offered on their own campuses, regardless of their unique titles or local course number. Thus, if a schedule of classes or catalog lists a course bearing a C-ID number, for example COMM 110, students at that college can be assured that it will be accepted in lieu of a course bearing the C-ID COMM 110 designation at another community college. In other words, the C-ID designation can be used to identify comparable courses at different community colleges. However, students should always go to www.assist.org to confirm how each college's course will be accepted at a particular four-year college or university for transfer credit.

The C-ID numbering system is useful for students attending more than one community college and is applied to many of the transferable courses students need as preparation for transfer. Because these course requirements may change and because courses may be modified and qualified for or deleted from the C-ID database, students should always check with a counselor to determine how C-ID designated courses fit into their educational plans for transfer.

Distance Education Courses

RCCD Distance Education supports the social and economic mobility of its students by ensuring access, success, and equity for everyone through the efficient, effective, accountable, and transparent use of distance education resources. Enrollment in online classes is recommended for students who have demonstrated competence in working in the online environment.

[Canvas Basics](#), a free, self-paced student training course, can be accessed before enrolling in an RCCD online or hybrid course. Additional 24/7 Canvas phone and chat support can be accessed inside Canvas' Help & More after enrolling in a course. Answers to login and other common questions can be found on the [RCCD DE "Students—Getting Started" page](#).

Recommended Devices & Browsers

RCCD utilizes Canvas for all distance learning classes, making learning possible anytime from anywhere. Canvas runs on desktops and laptops with Windows, Mac, and Linux operating systems. Consult the instructor before enrolling to ensure your device is able to access the required instructional applications used throughout the course, including test or assessment proctoring software.

Additionally, a reliable internet connection is required for accessing content and completing assignments. For best compatibility, use Chrome, Firefox, or Edge browsers on your laptop or desktop device. Mobile devices, browsers, and apps do not have full interaction with Canvas content and assignments.

Day 1 & First Week Expectations

Students enrolled in fully online courses are expected to log in to Canvas on the first day of the term and complete initial learning activities in the first week of the session. Students may be dropped from the course if initial learning activities are not completed in the first week of the course and may forfeit their place in the class at the discretion of the instructor. Students are required to read and adhere to the participation policy described in the syllabus of each online and hybrid class for which they are enrolled.

Additionally, online and hybrid students are required to regularly engage with course content and participate in class and group interactions throughout the term. Engagement and participation in fully online courses are measured by the completion of learning activities such as assignments, discussions, quizzes, and other online activities.

Delivery Methods

The District offers courses that meet in a variety of formats, including face-to-face classroom instruction and distance delivery methods such as hybrid and online classes. Online classes are taught entirely online, while hybrid classes have in-person meetings on campus as well as online instruction each week.

Distance Education courses are academically equivalent to their face-to-face counterparts. They are available in the following types of online and hybrid formats:

- Online Course (ONLN) - Online classes are distance education classes with no required meeting days.
 - Regular Meeting (REG MEET) - These classes meet virtually on a fixed schedule for live online lectures (typically through Zoom). No in-person meetings occur, but students are expected to attend each online class session. Additionally, students will log in to Canvas and complete work regularly.
 - Occasional Meeting (OCC MEET) - These classes meet virtually on occasion for live online lectures (typically through Zoom). No in-person meetings occur. Additionally, students will log in to Canvas and complete work regularly.
- Hybrid (HYB) - Hybrid classes are partially online with scheduled in-person meetings that occur on campus weekly. Additionally, students will log in to Canvas and complete work regularly. NOTE: If the in-person

portion of a hybrid course is discontinued and the course cannot be completed through distance education, it will be canceled.

Recommendation: Students should review their Student Educational Plan with a counselor before taking any class to ensure it meets their academic and educational goals.

Course Repetition

Non-Repeatable Courses:

Students are permitted to enroll in a non-repeatable course up to three times in order to alleviate substandard academic work. Substandard grades (D, F, FW, NC, and NP) and withdrawals (W) are included in the total attempts; military withdrawals (MW) and Excused Withdrawals (EW) are NOT included. The most recent grade will be the grade calculated into the student's GPA. If a student repeats a course that is not designated as repeatable and receives a satisfactory grade, then the student may not repeat the course again unless there is another provision that allows the repetition. Students must file a "Course Repetition" form to repeat a non-repeatable course.

Repeatable Courses:

Students may repeat courses in which a "C" or better grade was earned only for the following types of courses: courses for which repetition is necessary to meet the major requirements of CSU or UC for completion of a bachelor's degree, intercollegiate athletics, and intercollegiate academic or vocational competition courses that are related in content. The designation of whether a course is repeatable is indicated in the course description.

For more information, please see the complete Board Policy and Administrative Procedure on course repetition.

BP 2225: Course Repetition

References:

Title 5 Sections 55040, 55041, 55042, 55044, and 58161

Students may repeat courses in which substandard grades (less than "C," and including "FW") were earned. The Board of Trustees shall establish reasonable limitations on course repetition as set forth in Administrative Procedure 2225 Course Repetition.

When course repetition occurs, the permanent academic record shall be annotated in such a manner that all work remains legible, ensuring a true and complete academic history. The most recent grade earned shall be used to compute the GPA.

The Chancellor, in consultation with the District Academic Senate, shall establish procedures to implement this policy.

AP 2225: Course Repetition

Reference:

Education Code Section 76244;

Title 5 Sections 55040, 55041, 55042, 55043, 55044, 55253, 56029, and 58161

Students may repeat both Non-Repeatable and Repeatable courses that are current courses within the District according to this procedure.

Non-Repeatable Courses:

Students are permitted to enroll in a non-repeatable course up to three times in order to alleviate substandard academic work. Substandard grades (D, F, FW, NC, and NP) and withdrawals (W) are included in the total attempts; military withdrawals (MW) and Excused Withdrawals (EW) are NOT included. The most recent grade will be the grade calculated into the student's GPA. If a student repeats a course that is not designated as repeatable and receives a satisfactory grade, then the student may not repeat the course again unless there is another provision that allows the repetition. Students must file a "Course Repetition" form to repeat a non-repeatable course.

Repeatable Courses:

Students may not enroll in a repeatable course more than the total number of times listed in the college catalog. If the District is claiming apportionment under Title 5 Section 58161, students may petition for approval to repeat up to a total of 4 times for courses designated as repeatable, including courses in which substandard grades (less than "C," and including "D," "F," "FW," "NP," or "NC") were awarded in one or more enrollments. If the student is repeating the course to alleviate substandard academic work, the District may disregard the first two substandard grades if the student repeats the class two or more times. No more than two substandard grades may be alleviated.

When course repetition occurs, the permanent academic record shall be annotated with an appropriate symbol and in such a manner that all work remains legible, ensuring a true and complete academic history. The most recent grade earned shall be used to compute the GPA.

1. In accordance with BP 2225 Course Repetition:**2225 (A) Repeatable Courses**

Admissions & Records will work with the office of Academic Affairs to ensure that all courses published in the college catalog and schedule of classes include information regarding each course's repetition limitations, including the number of times the course may be repeated as set forth in BP 2225 Course Repetition.

When a student has exhausted the maximum allowed number of course attempts, they may petition for approval to repeat a course a final time if extenuating circumstances, consistent with Title 5 Section 55045, justify such repetition.

The following conditions apply to repeatable courses:

1. For those courses that are designated as repeatable, a student may enroll multiple times in the course, but in most cases, the limit will be 4 semester enrollments.
2. Repeatable courses are identified in the college catalog.
3. All grades and units will be used in the computation of the grade point average and earned units, with the following exceptions:
 1. When a repeatable course is taken and a substandard grade earned, the course may be repeated to alleviate the substandard grade with the most recent grade used in the computation of the grade point average.
 2. Grades from other repeats will be used in the computation of the grade point average.

Under special circumstances, students may submit a "Course Repetition" form to repeat courses in which a C or better grade was earned. Students may petition for approval to repeat the following courses:

- Courses for which repetition is necessary to meet the major requirements of California State University (CSU) or University of California (UC) for completion of a bachelor's degree;
- Intercollegiate athletics courses; and
- Intercollegiate academic or vocational competition courses. Such courses may be repeated no more than four times for semester courses.

Students are allowed to repeat a course when repetition is necessary to enable that student to meet a legally mandated training requirement or as a result of significant change in industry or licensure standards as a condition of volunteer, licensure, or continued paid employment. Students can repeat such courses any number of times.

Students may also petition for approval to repeat up to a total of four times for active participatory credit courses that are "related in content" as defined in Title 5 Section 55000 or are in physical education, visual arts, or

performing arts, including courses in which substandard grades (less than "C," and including "FW," "NP," or "NC") were awarded in one or more enrollments. This limit applies even if the student receives a substandard grade or "W" during one or more enrollment or if a student petitions for repetition for repetition due to extenuating circumstances.

Students with disabilities can repeat a special class for students with disabilities any number of times when an individualized determination verifies that such repetition is required as a disability-related accommodation for the student for one of the reasons specified in Title 5 Section 56029.

A student may repeat a cooperative work experience program any number of times as long as they do not exceed the limit on the number of units of cooperative work experience set forth in Title 5 Section 55253(a) and listed in the college catalog and schedule of classes; however, the grade received by the student each time will be included in calculations of the student's grade point average. The District shall establish processes and procedures to ensure compliance with the unit limitation and the student's academic record will be annotated accordingly.

2225 (B) Significant Lapse of Time

Students repeating a course due to significant lapse of time shall file a "Course Repetition" form with the Admissions & Records department. Designated staff will ensure that 36 months have elapsed since the last grade was earned before granting the request and that the student has not requested such action previously on the same course. The lapse of time may be less than 36 months if the student's course repetition is necessary for transfer to another institution of higher education. The student must provide documentation of a recency requirement with the petition.

Students are only required to repeat courses in which a "C" or better grade was earned and where there was a significant lapse of time since the grade was obtained if:

- The District has established a recency prerequisite for a course or program; or
- An institution of higher education to which a student wishes to transfer has established a recency requirement that the student cannot satisfy without repeating the course.

If the District determines that a student needs to repeat an active participatory experience course in physical education, or visual or performing arts, or that is "related in content" as defined in Title 5 Section 55000, due to significant lapse of time, that repetition shall be counted in applying the limit on repetitions, as set forth in Title 5 Section 55040 (c) except that, if the student has already exhausted the number of repetitions permitted under subdivision (c), an additional repetition due to significant lapse of time may be permitted or required by the District.

Permission to repeat a course based on a significant lapse of time can only be allowed once. The first grade and corresponding unit credit will be disregarded when computing the student's GPA.

2225 (C) Course Repetition - Variable Units

The District may permit a student to repeat a portion of a variable unit open-entry/open exit course. Students may enroll in a variable unit open entry/open exit course as many times as necessary to complete the entire curriculum of the course one time as described in the course outline of record. The District shall establish processes and procedures that allow a student to enroll in an open entry/open exit class until the student has completed the curriculum of the course.

Each time a student enrolls in a physical education activity course offered on an open entry/open exit basis, regardless of the number of units for which the student enrolls, the enrollment shall count as a repetition of the course. When course repetition of a portion of a course is permitted under these circumstances, the previous grade and unit credit will be disregarded in computing the student's GPA.

A student may not enroll in a variable unit open-entry/open exit active participatory course in physical education, visual arts, or performing arts more than one time unless:

1. The course is required for legally mandated training due to "significant change in industry standards". Students repeating a course due to "legally mandated training" shall file a "Course Repetition" form with the Admissions & Records department. The student must provide documentation proving the course repetition is necessary due to significant changes in industry or licensure standard. Students may repeat the course, for credit, any number of times, regardless of whether substandard work was previously recorded and the grade

and unit credit shall be included each time for the purpose of calculating the student's GPA.

2. The course is a special class for students with disabilities which needs to be repeated (Title 5 Section 56029).

Student with disabilities courses may be allowed additional course repetitions as determined by the Director of Disabled Students and Programs when verified that such repetition is required as a disability-related accommodation for this type of special course. Documentation must be provided. The student's academic record will be annotated to disregard the previous grade and prior credit shall be disregarded in the computation of grade point averages each time the student repeats a course.

3. Repetition of the course is justified by extenuating circumstances (Title 5, Section 55045).

Students requesting a fourth attempt due to "extenuating circumstances" shall file a "Course Repetition" form with the Admissions & Records department. Designated staff will ensure that the extenuating circumstances are verified cases of accidents, illness, or other life changing events beyond the control of the student, and that a petition for extenuating circumstances has not been previously approved. The student's academic record will be annotated to disregard previous grade and unit credit and shall reflect that the most recent grade is calculated into the student's GPA.

Students may not file a petition for "extenuating circumstances" to eliminate a substandard grade or withdrawal in one of the allowable course repetitions for activity courses. The college catalog and schedule of classes shall list the course repetition limit for all activity courses in physical education, and visual and performing arts courses in music, fine arts, theater or dance. The District shall establish processes and procedures to ensure compliance with the unit limitation of each activity course, and the student's academic record will be annotated accordingly.

4. The student wishes to repeat the course to alleviate substandard work (Title 5, Section 55042). The District shall establish processes and procedures to allow two course enrollments with a substandard grade or withdrawal notation for all appropriate courses. Students attempting to enroll in the course for a third time shall file a "Course Repetition" form with the Admissions & Records department.

The college catalog and schedule of classes will reflect each course's repetition limit. The student's academic record will be annotated to disregard previous grade and unit credit for each of the two allowable repetitions and shall reflect that the most recent grade is calculated into the student's GPA. No more than two grades will be alleviated.

2. In accordance with BP 2225, for courses taken or repeated at external accredited colleges and universities, the most recent grade earned in the repeated course will be used to compute an adjusted cumulative grade point average (GPA). The adjusted cumulative GPA will be used in determining eligibility for the cumulative GPA requirement for the Associate in Arts degree, Associate in Science degree, Associate for Transfer degree and occupational certificates. Once the courses, units, and grades from another accredited college or university are posted to the student's permanent record, they cannot be removed.

1. All external courses will be included in the student's cumulative units, grades, and grade points.
2. RCCD will honor prior coursework repetition actions by other accredited colleges and universities.
3. A student may petition to have substandard coursework at RCCD alleviated by equivalent coursework completed at an external accredited college or university and be used to determine RCCD academic standing.
4. A student's substandard coursework at an external college or university will not be alleviated on a RCCD transcript with RCCD coursework.
5. All coursework taken at an accredited college or university will count towards unit totals, degree or certificate requirements, CSU Breadth and UC IGETC requirements, where applicable and appropriate.

A Request for Course Repetition is required and can be obtained online or from the college Admissions offices and from the offices of the Dean of Instruction at the three colleges. Requests are approved or denied by a Dean of Instruction, or designee.

Students may repeat courses under the courses Repetition Policy, however students must check with financial aid to see how repeating courses may affect financial aid eligibility.

Nothing in these procedures shall conflict with Education Code Section 76224 pertaining to the finality of grades assigned by instructors or with Title 5 or District procedures relating to retention and destruction of records.

(This is the policy and/or procedure at the time of printing. Policies and procedures are continually being updated. In order to be sure you have the most recent language, please check the latest online version at:

Assembly Bill No. 1111 requires California Community Colleges to adopt a Common Course Numbering (CCN) system for all general education requirement courses and transfer pathway courses to streamline transfer from two- to four-year postsecondary educational institutions and reduce excess credit accumulation. The Phase I, IIA and IIB courses are described below. Additional Phase IIB courses will be implemented in the 27-28 catalog.

For more information on Common Course Number or Assembly Bill 1111, please visit: [Common Course Numbering Project](#)

ACC-Accounting

ACC-1A

Principles of Accounting I

3.00 Units

(C-ID: ACCT 110)

UC, CSU

Prerequisite: None.

Advisory: BUS 20

Description: An introduction to accounting principles and practice, as a manual and/or computerized information system that provides and interprets economic data for economic units within a global society. Includes recording, analyzing, and summarizing procedures used in preparing financial statements. 54.00 hours lecture. (Letter grade only)

ACC-1B

Principles of Accounting II

3.00 Units

(C-ID: ACCT 120)

UC, CSU

Prerequisite: ACC 1A

Description: A study of managerial accounting principles and information systems including basic concepts, limitations, tools and methods to support the internal decision-making functions of an organization. 54.00 hours lecture. (Letter grade only)

ACC-19**Volunteer Income Tax Assistance Training****1.00 Unit**

Prerequisite: None.

Description: The Volunteer Income Tax Assistance (VITA) program is an initiative sponsored by the Internal Revenue Service. This course is intended to provide students with the opportunity to serve qualified individuals. VITA sites offer free tax help to people who need assistance in preparing their own tax returns, including: people who generally make \$57,000 or less; people with disabilities; and limited English-speaking taxpayers. Teaches students about income tax preparation, prepares students to apply for IRS VITA certification, in order to work with individuals and families with limited incomes to prepare tax returns - enabling them to receive proper tax credits and refunds. Completion of this course will allow students to volunteer, providing free, high-quality income tax service. 18.00 hours lecture. (Letter grade only)

ACC-19L**Volunteer Income Tax Assistance Tax Preparation****1.00 Unit**

Prerequisite: ACC 19 or ACC 819, Student must complete the most recent prerequisite course, ACC 19 or ACC 819, in order to participate in this lab

Description: Second a sequence of two courses for students who volunteer in the IRS Volunteer Income Tax Assistance (VITA) program. Allows students who have successfully passed ACC 19 to apply their tax and software knowledge and training by assisting program-eligible community participants in completing and filing their federal and state tax returns. Students will use the IRS-required Tax Slayer software to prepare and file individual federal and state income tax returns within the scope of the VITA program requirements. Students will also learn how to implement and participate in a system of review, which reinforces the ethics and quality controls taught in the prerequisite VITA training course. Students will also develop their interview, communication, and at times, conflict resolution, skills by working with community members on their tax returns. 9.00 hours lecture and 27.00 hours laboratory. (Pass/No Pass only)

ACC-55**Applied Accounting/Bookkeeping****3.00 Units**

CSU

Prerequisite: None.

Description: An introductory course for students who are non-accounting majors. Basic bookkeeping and accounting principles for both merchandising and service-oriented small business enterprises. Emphasis on the development of skills to record business transactions for cash and accrual methods, as well as the procedures to prepare financial statements and complete an accounting cycle. Attention is given to special journals, subsidiary ledgers, and payroll and banking procedures. 54.00 hours lecture. (Same as CAT-55) (Letter grade or Pass/No Pass option)

ACC-62**Payroll Accounting****3.00 Units**

CSU

Prerequisite: ACC 1A or ACC 55 or CAT 55

Description: Covers accounting for payroll and examines aspects of the Social Security Act, California Unemployment Insurance Act, and the California Worker's Compensation Insurance Act. Payroll principles applied through the use of microcomputers. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ACC-65**QuickBooks Accounting****3.00 Units**

CSU

Prerequisite: ACC 1A or ACC 55

Advisory: CIS 1A or CIS 3

Description: An introduction to QuickBooks Accounting Software, which integrates accounting principles, transactions, and events using their automated system relating to both service and merchandising companies. Students learn to record and process accounting transactions and events using up-to-date software that prepares them for actual situations that relate to the creation of a company, working with customers and vendors, posting sales receipts and payments, managing inventory and budgets, as well as customizing and extending QuickBooks software capabilities. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ACC-66**Governmental and Non-Profit Accounting****3.00 Units**

CSU

Prerequisite: ACC 1A

Advisory: BUS 20

Description: Principles and practices of non-profit and governmental entities fund accounting. Topics include accounting concepts, types and structure of funds and accounts, and application of generally accepted accounting principles to non-profit and governmental organizations. 54.00 hours lecture. (Letter grade only)

ACC-67**U.S. and California Income Tax Preparation****4.00 Units**

CSU

Prerequisite: None.

Description: U.S. and California income tax principles and tax return preparation as it relates to individuals, sole proprietorships, and other business entities. This course is certified by the California Tax Education Council (CTEC) as fulfilling the 60-hour qualifying education requirement imposed by the State of California for becoming a Registered Tax Preparer. 72.00 hours lecture. (Letter grade only)

ACC-200**Accounting Work Experience****1.00-14.00****Units**

CSU

*Prerequisite: ACC 1A**Limitation on Enrollment (e.g. Performance tryout or audition): Students should have paid or voluntary employment.*

Description: Provides students with supervised paid or unpaid work experience in the field of accounting, designed to integrate classroom instruction with practical workplace training. For the first unit of credit, students complete 18 hours of professional learning and 36 hours of on-the-job experience. Each additional unit is earned through 54 hours of supervised paid or unpaid work experience at an approved job site, up to a maximum of 14 units. Professional learning emphasizes career readiness, workplace communication, and ethical practices, while the work-site component provides hands-on experience in bookkeeping, financial reporting, auditing, taxation, and other accounting functions. 54.00 to 756.00 hours laboratory. (Letter grade or Pass/No Pass option)

ACC-801**Setting up QuickBooks for Small Business****0.00 Units***Prerequisite: None.*

Description: Learn the basics of small business bookkeeping using QuickBooks, financial reporting, and how to analyze and record financial transactions. Discusses accounts receivable, accounts payable, payroll procedures, sales taxes, and common banking activities. 16.00 hours lecture. (Pass/No Pass only)

ACC-802**Monthly Procedures using QuickBooks****0.00 Units***Prerequisite: ACC 801*

Description: Develop and apply monthly procedures used in accounting for small business. Continue to build small business accounting knowledge, gain practical experience working with day to day transactions. Reconcile balance sheet accounts and examine/audit income statement accounts on a monthly basis. Prepare adjusting journal entries. Prepare financial statements. 16.00 hours lecture. (Pass/No Pass only)

ACC-803**Year End Procedures with QuickBooks****0.00 Units***Prerequisite: ACC 802*

Description: Develop and apply year end procedures used in accounting for small business using QuickBooks. Prepare closing journal entries for year end. Prepare reports for tax accountants. Purge files and prepare for the new year. 16.00 hours lecture. (Pass/No Pass only)

ACC-819**Volunteer Income Tax Assistance Training****0.00 Units***Prerequisite: None.*

Description: The Volunteer Income Tax Assistance (VITA) program is an initiative sponsored by the Internal Revenue Service. This course is intended to provide students with the opportunity to serve qualified individuals. VITA sites offer free tax help to people who need assistance in preparing their own tax returns, including: people who generally make \$57,000 or less; people with disabilities; and limited English-speaking taxpayers. This course will teach students about income tax preparation, prepare students to apply for IRS VITA certification, in order to work with individuals and families with limited incomes to prepare tax returns - enabling them to receive proper tax credits and refunds. Completion of this course will allow students to volunteer, providing free, high-quality income tax service. 18.00 hours lecture. (Pass/No Pass only)

ACC-819L**Volunteer Income Tax Assistance Tax Preparation****0.00 Units***Prerequisite: ACC 19 or ACC 819, Student must complete the most recent prerequisite course, ACC 19 or ACC 819, in order to participate in this lab.*

Description: Second a sequence of two courses for students who volunteer in the IRS Volunteer Income Tax Assistance (VITA) program. Allows students who have successfully passed ACC 19 to apply their tax and software knowledge and training by assisting program-eligible community participants in completing and filing their federal and state tax returns. Students will use the IRS-required Tax Slayer software to prepare and file individual federal and state income tax returns within the scope of the VITA program requirements. Students will also learn how to implement and participate in a system of review, which reinforces the ethics and quality controls taught in the prerequisite VITA training course. Students will also develop their interview, communication, and at times, conflict resolution, skills by working with community members on their tax returns. 9.00 hours lecture and 27.00 hours laboratory. (Pass/No Pass only)

ADJ-Administration of Justice

ADJ-1**Introduction to the Administration of Justice****3.00 Units**

(C-ID: AJ 110)

UC, CSU

Prerequisite: None.

Description: An introduction to the history, philosophy, and characteristics of the criminal justice system and its sub-systems in the United States. This course will critically examine and analyze the evolution of the principles and approaches utilized by the three components of the justice system in crime control and the evolving forces that have shaped those principles and approaches in a cross-cultural context, emphasizing the relationship and partnership between the police and diverse community populations. Students will be introduced to the origins and development of criminal law, the legal process, sentencing and incarceration policies, while exposed to multicultural awareness and respect for constitutional and human rights. Students may not receive credit for both ADJ 1 and ADJ 1H. 54.00 hours lecture. (Letter grade only)

ADJ-1H**Honors Introduction to the Administration of Justice****3.00 Units**

(C-ID: AJ 110)

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the Honors Program

Description: An introduction to the history, philosophy, and characteristics of the criminal justice system and its sub-systems in the United States. This course will critically examine and analyze the evolution of the principles and approaches utilized by the three components of the justice system in crime control and the evolving forces that have shaped those principles and approaches in a cross-cultural context, emphasizing the relationship and partnership between the police and diverse community populations. Students will be introduced to the origins and development of criminal law, the legal process, sentencing and incarceration policies, while being exposed to multicultural awareness and respect for constitutional and human rights. This honors course offers an enriched experience for accelerated students through limited class size, seminar format, focus on primary texts, and application of higher level critical thinking skills. Students may not receive credit for both ADJ 1 and ADJ 1H. 54.00 hours lecture. (Letter grade only)

ADJ-2**Principles and Procedures of the Justice System****3.00 Units**

(C-ID: AJ 122)

CSU

Prerequisite: None.

Description: An examination and analysis of due process in criminal proceedings from pre-arrest through trial and appeal utilizing statutory law and state and constitutional precedents. 54.00 hours lecture. (Letter grade only)

ADJ-3**Concepts of Criminal Law****3.00 Units**

(C-ID: AJ 120)

UC, CSU

Prerequisite: None.

Description: Criminal law is the study of the causes, consequences and control of crime. This course covers the historical development, philosophy of law and constitutional provisions and offers an analysis of the doctrines of criminal liability in the United States and the classification of crimes against persons, property, morals, and public welfare. Special emphasis is placed on the classification of crime, the general elements of crime, the definitions of common and statutory law, and the nature of acceptable evidence. This course utilizes case law and case studies to introduce students to criminal law. The completion of this course offers a foundation upon which upper-division criminal justice course will build. Students may not receive credit for ADJ-3 and ADJ-3H. 54.00 hours lecture. (Letter grade only)

ADJ-3H**Honors Concepts of Criminal Law****3.00 Units**

(C-ID: AJ 120)

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the Honors Program.

Description: Criminal law is the study of the causes, consequences and control of crime. This course covers the historical development, philosophy of law and constitutional provisions and offers an analysis of the doctrines of criminal liability in the United States and the classification of crimes against persons, property, morals, and public welfare. Special emphasis is placed on the classification of crime, the general elements of crime, the definitions of common and statutory law, and the nature of acceptable evidence. This course utilizes case law and case studies to introduce students to criminal law. The completion of this course offers a foundation upon which upper-division criminal justice course will build. Students may not receive credit for ADJ-3 and ADJ-3H. 54.00 hours lecture. (Letter grade only)

ADJ-4**Legal Aspects of Evidence****3.00 Units**

(C-ID: AJ 124)

CSU

Prerequisite: None.

Description: Origin, development, philosophy, and constitutional basis of evidence; constitutional and procedural considerations affecting arrest, search and seizure; kinds and degrees of evidence and rules governing admissibility; judicial decisions interpreting individual rights and case studies. 54.00 hours lecture. (Letter grade only)

ADJ-5**Community Relations****3.00 Units**

(C-ID: AJ 160)

UC, CSU

Prerequisite: None.

Description: Examines the complex, dynamic relationship between communities and the justice system in addressing crime and conflict with an emphasis on the challenges and prospects of administering justice within a diverse multicultural population. 54.00 hours lecture. (Letter grade only)

ADJ-8**Juvenile Law and Procedures****3.00 Units**

(C-ID: AJ 220)

UC, CSU

Prerequisite: None.

Description: The organization, functions, and jurisdiction of juvenile agencies; the processing and detention of juveniles; juvenile case disposition; juvenile statutes and court procedures. 54.00 hours lecture. (Letter grade only)

ADJ-9**Law In American Society****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A general survey of practical law intended as an introduction to the American legal system and to acquaint the student with elements of the law that affect everyday legal relationships: Criminal and juvenile justice, consumer law, family law, housing law, and individual rights and liberties. Emphasis is placed on the philosophical and political foundations of law and on civil law. Recommended for prelaw students and for others interested in the practical application of the law. 54.00 hours lecture. (Letter grade only)

ADJ-9H**Honors Law in American Society****3.00 Units**

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the Honors Program.

Description: Honors course general survey of practical law intended as an introduction to the American legal system and to acquaint the student with elements of the law that affect everyday legal relationships: adult criminal and juvenile justice, consumer law, family law, housing law, and individual rights and liberties. Emphasis is placed on the philosophical and political foundations of law and on civil law. Recommended for prelaw students and for others interested in the practical application of the law. This Honors course offers an enriched experience for accelerated students through limited class, seminar format, focus on primary texts, and application of higher level critical thinking skills. Students will be expected to submit a minimum of 20 pages of written assignments. Students may not receive credit for both ADJ-9 and ADJ-9H. 54.00 hours lecture. (Letter grade only)

ADJ-12**Introduction to Criminalistics****3.00 Units**

(C-ID: AJ 150)

CSU

Prerequisite: None.

Description: An introduction to the role of criminalistics and forensic science in criminal investigations. Focuses on forensic science and scientific processing and analysis of forensic evidence, including pattern evidence, biological evidence, forensic biometrics evidence, trace evidence, weapons evidence, ballistics and tool mark evidence, questioned document evidence, forensic toxicology, controlled substances evidence, and digital and mobile devices evidence. The methods utilized in the forensic analysis of criminal and crime scene investigation, including crime lab methods, instrumentation, policies, and procedures. Includes legal aspects of forensic evidence analysis and documentation. 54.00 hours lecture. (Letter grade only)

ADJ-13**Criminal Investigation****3.00 Units**

(C-ID: AJ 140)

CSU

Prerequisite: None.

Description: Fundamentals of criminal investigations from initial report/discovery through adjudication. Establishing statutory elements of criminal acts, initial law enforcement and public safety investigative response, jurisdiction, multijurisdictional investigations, evidence identification and collection, criminal intelligence collection and analysis, open-source intelligence and investigative informational sources, modus operandi, discussion and identification of general and specialized criminal investigations, case preparation, and adjudication. 54.00 hours lecture. (Letter grade only)

ADJ-14**Advanced Criminal Investigation****3.00 Units**

CSU

Prerequisite: ADJ 13

Description: Advanced training and skill development in crime scene investigation and in the recording, collection, and preservation of physical and testimonial evidence. Focus in on the understanding and working knowledge of fingerprints, ballistics firearms identification, varieties of trace evidence and a basic introduction to forensic sciences. 54.00 hours lecture and 12.00 hours laboratory. (Letter grade only)

ADJ-19**Introduction to Policing****3.00 Units**

UC, CSU

Prerequisite: None.

Description: The history and development of American policing structures, including an overview of the different eras of policing and its evolution. An examination of community expectations of law enforcement and law enforcement professional expectations. An introduction to chain of command and the structure of police agencies, including recruitment and hiring practices. An analysis of the culture and training within law enforcement agencies, including a factual and research-based analysis of use of force issues. Discussion of successes and challenges within modern policing, including controversial topics within policing. Discussion of community oriented policing strategies, crime analysis, and future needs and evolutions of policing. 54.00 hours lecture. (Letter grade only)

ADJ-20**Introduction to Corrections****3.00 Units**

(C-ID: AJ 200)

UC, CSU

Prerequisite: None.

Description: An overview of the history of adult and juvenile correctional systems in the United States, including historical trends and the eras of correctional philosophy. This course is an analysis of the operation of correctional facilities, including jails, prisons, juvenile facilities, community corrections systems, and custodial facilities run by local, state, and federal jurisdictions. An introduction and overview of corrections-specific statutes, policies, and procedures and civil rights within American corrections. The course also provides an introduction and analysis of current institutions of corrections, modern policies and successes and challenges of correctional agencies, along with current and future needs within the system. 54.00 hours lecture. (Letter grade only)

ADJ-21**Control & Supervision in Corrections****3.00 Units**

CSU

Prerequisite: None.

Description: Provides an overview of the operational procedure and policies for inmate and client custody and supervision within local, state, and federal correctional and detention facilities. An introduction to the continuum of control within correctional facilities, from daily institutional responsibilities and living experiences to crisis situation is provided. Discussion and analysis of the relationships between and among correctional officers and staff, administration, inmates, clients, victims, and communities. This includes discussion and evaluation of topics including correctional officer and inmate subcultures, gang and organized crime activity within correctional facilities, violence and criminal investigations within corrections systems, the effects of crowding on inmates and staff, and correctional officer wellness initiatives. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ADJ-22**Legal Aspects of Corrections****3.00 Units**

CSU

Prerequisite: None.

Description: The development, philosophy, and Constitutional framework guiding correctional practice and policy. The statutory requirements, case law, and court precedent governing the correctional system and civil rights of incarcerated individuals. The legal responsibilities and liabilities of correctional facilities and professionals and judicial decisions interpreting individual rights and case law. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ADJ-24**Interviewing & Interrogation****3.00 Units**

CSU

Prerequisite: None.

Description: The history and development of interviewing and interrogation methodologies within the criminal justice system. An introduction to proper and legal interviewing strategies and techniques to obtain information from witnesses, victims, and suspects. Legal aspects of ethically and legally obtained information, admissions, statements, and confessions and admissibility of confessions. Discussion and instruction on verbal and non-verbal communication interviewing and interrogative strategies. 54.00 hours lecture. (Letter grade only)

ADJ-25**Introduction to Probation and Parole****3.00 Units**

CSU

Prerequisite: None.

Description: A comprehensive introduction to the historical development of probation and parole systems, from early criminal court procedure through modern practice. Issues and trends in community-based correctional systems and alternatives to incarceration, including diversion, transitional living, halfway houses, and community treatment centers. The course emphasizes modern corrections-based efforts, including intermediate sanctions and community-based treatment, both theory and application. 54.00 hours lecture. (Letter grade only)

ADJ-27**Forensic & Crime Scene Photography****3.00 Units**

CSU

Prerequisite: None.

Description: The theory and practice of forensic and crime scene photography, with a specific focus upon the proficiency and development of technical photography skills in legal and field environments. Students will obtain an introduction to the basic principles of photography and significant academic and technical exposure and skill-building in forensic photography, with a focus upon photographic documentation of forensic environments, including crime scene photography, injury documentation, traffic collision and property damage, evidence photography, forensic light source photography, low light/nighttime scene photography, specialized crime scene photography, and proper and lawful photographic evidence collection. A comprehensive review of academic legal knowledge regarding the rules of evidence and crime scene investigation techniques as it relates to crime scene photography. 36.00 hours lecture and 54.00 hours laboratory. (Same as PHO-27) (Letter grade only)

ADJ-31**Cybercrime & Digital Forensics****3.00 Units**

CSU

Prerequisite: None.

Description: Discussion and analysis of the applications of criminal behavior in online environments, including an analysis of the topics of hacking, digital piracy, online economic crimes, digital sex crimes, online harassment, cyber terror, and social media crimes. An examination of criminological theories related to cybercrime. An introduction to the evolution of digital forensics and key technological concepts for cybercrime investigators; digital investigations and digital evidence, including identifying, collecting, documenting, and preserving digital evidence; examinations of digital forensic evidence, including the use of digital forensic tools, both hardware and software; and basic concepts of wellness for cybercrime professionals. An introduction and evaluation of antiforensic measures. Discussion and evaluation of specialized investigative needs, including internet, email, and network forensics and mobile device forensics. An in-depth analysis of the legal considerations of cybercrime and digital investigations. 54.00 hours lecture. (Letter grade only)

ADJ-150**Ethics and Moral Reasoning in Criminal Justice****3.00 Units**

UC, CSU

Prerequisite: None.

Description: Concepts and theories of ethical practices and strategies, moral reasoning, and models of conduct, including procedural justice, and how each relates to public policy, law, and the justice system. Ethical decision-making, moral challenges and the expectations required by criminal justice professionals, concepts of leadership, and application of ethical and moral choice are explored. 54.00 hours lecture. (Letter grade only)

ADJ-200**Administration of Justice Work Experience****1.00-4.00****Units**

CSU

Prerequisite: None.

Advisory: Students should have paid or voluntary employment.

Description: Work Experience is designed to coordinate a student's on-the-job experience within the Administration of Justice professional field and their academic progression within the Administration of Justice program. This professional experience, which may be full- or part-time employment or internship/externship experience, provides students with valuable industry skills, technical knowledge, standards, and experiences that contribute to both student employability and student-centered community involvement and economic impact. Students may earn up to four (4) units per semester, for a maximum of 16 units of work experience total. 60 hours of volunteer work or 75 hours of paid work during the semester are required for each unit. No more than 20 hours per week, out of the 60/75 requirement, may be applied toward the work requirement. The course consists of 60 hours of volunteer work experience per unit with a maximum of 240 hours for 4 units per semester OR 75 hours of paid work experience per unit, with a maximum of 300 hours for 4 units per semester. (Letter grade only)

ADJ-801**Community Emergency Response Team (CERT)****0.00-0.00****Units***Prerequisite: None.*

Description: The Community Emergency Response Team (CERT) training is consistent with a nationwide approach designed for individuals and businesses to understand the hazards that may impact their home, community and workplace in the event of a disaster. Recognized and supported by the Federal Emergency Management Agency (FEMA) and professional first responders, this training equips individuals with the knowledge and skills that will educate them in disaster preparedness at home, in the community, or the workplace, and be more resilient when an incident occurs. Emergency response training to support and enhance your community and workplace will be provided through team building, collaboration, and other hands-on activities. 24.00 to 28.00 hours lecture. (Same as HLS-801) (Pass/No Pass only)

ARTH-Art History

ARTH-4**Introduction to Visual Culture****3.00 Units**

UC, CSU

Prerequisite: None.

Advisory: ENGL 50 or ENGL 80 or qualification for ENGL C1000.

Description: A study of visual culture and society that includes an examination of the various ways reality is constructed through vision and sight in contemporary culture including explorations in traditional art, photography, advertising, film and television, video games, and in other digital media. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ARTH-5**Arts of Africa, Oceania, and Indigenous North America****3.00 Units**

(C-ID: ARTH 140)

UC, CSU

Prerequisite: None.

Advisory: ENGL C1000 and college level reading recommended.

Description: An introductory survey of the arts of non-European cultures. History, form, functions, and aesthetics will be discussed in an overview of the arts of Indigenous North America, Oceania, and Africa. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ARTH-6**Art Appreciation****3.00 Units**

(C-ID: ARTH 100)

UC, CSU

Prerequisite: None.

Advisory: ENGL C1000

Description: An introductory course for the non-art major. The creative process and the diversity of style, technique and media, evident in various art forms throughout history and culture. Students may not receive credit for both ARTH-6 and ARTH-6H. 54.00 hours lecture. (Same as ART-6) (Letter grade or Pass/No Pass option)

ARTH-6H**Honors Art Appreciation****3.00 Units**

(C-ID: ARTH 100)

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the Honors Program.

Advisory: ENGL C1000

Description: An introductory course designed for the non-art major. The creative process and the diversity of styles, technique and media evident in various art forms throughout history and culture. Honors course offers an enriched experience for accelerated students through limited class size; seminar format; focus on primary texts; and application of higher level critical thinking skills. Students may not receive credit for both ARTH-6 and ARTH-6H. 54.00 hours lecture. (Same as ART-6H) (Letter grade or Pass/No Pass option)

ARTH-7**Women Artists in History****3.00 Units**

UC, CSU

Prerequisite: None.

Advisory: ENGL C1000

Description: Survey of the contributions of women artists from the ancient era through the present. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ARTH-8**Art History of the Photographic Image****3.00 Units**

UC, CSU

Prerequisite: None.

Description: Survey of the history of still photography from the discipline's inception to the present digital age. Explores the medium of photography as a form of visual communication in historical, socio-political, and cultural contexts. Topics include the evolution of photographic images, process, delivery, and meaning. Students develop visual literacy through verbal and written analyses. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ARTH-9**African Art History****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A survey of the traditional through contemporary arts of African peoples. Both historical and current expressions of sculpture, body adornment, dance, architecture, painting, artifacts, ceramics, and textiles will be introduced and integrated with other aspects of life and culture in sub-Saharan Africa. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ARTH-10**Modern and Contemporary Art History****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A survey of the development and history of modern art with emphasis on its major movements, leading artists, and contemporary trends. Painting, sculpture, and architecture will be discussed in terms of their historical, social, and political context. Beginning with mid-19th century movements (Realism and Impressionism), the study will continue through the current trends and new media of the day. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ARTH-11**Visual Description: Writing About Art****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: ENGL C1000*

Description: An introduction to the fundamentals of writing about visual things, particularly works of art, through an exploration of analyses typically used by art historians, art critics, and artists, themselves. May include but not limited to visually descriptive and analytical art writing, compiling annotated art bibliographies with traditional and online resources, crafting an artist's statement, defining research topics in the arts, and writing project or grant proposals. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ARTH-12**Asian Art History****3.00 Units**

(C-ID: ARTH 130)

UC, CSU

Prerequisite: None.

Description: A survey of the history of Asian art from prehistoric times to the present, including the religious and philosophical influence on the development of the art forms of architecture, sculpture, ceramics, painting, and the minor arts. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ARTH-13**Pre-Columbian Art History****3.00 Units**

(C-ID: ARTH 145)

UC, CSU

*Prerequisite: None.**Advisory: ENGL C1000 or ENGL C1000H*

Description: A survey of the visual arts of ancient Mesoamerica and the Andes from 2000 BC-AD 1521 including the Maya, the Aztecs, and the Inca. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ARTH-14**Latin American Art: Colonial to the Present****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: ENGL C1000 or ENGL C1000H*

Description: Survey of architecture, sculpture, painting, and minor arts of Latin American countries from Colonial times through contemporary art. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ARTH-16**Chicanx Art History****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A survey of 20th- and 21st-century Chicanx art with a special focus on the development of Mexican-American symbols and cultural production. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ARTH-17**Gender and Sexuality in Art****3.00 Units**

UC, CSU

Prerequisite: None.

Description: An investigation of the relationship between gender and sexuality through the visual arts (history, theory, aesthetics, and criticism) across time. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ARTH-18**Art History of the Cinematic Image****3.00 Units**

UC, CSU

Prerequisite: None.

Description: This introductory course explores film as an art form through art historical and visual culture approaches. Students will learn to identify the basic formal components and language of film; to historicize the development of cinematic art styles and movements; and to place cinema into conversation with larger cultural ideologies as well as other visual arts forms. Particular emphasis will be placed on the histories and styles of experimental cinema, including Surrealism, Soviet Avant-Garde, French Nouvell Vague, etc. This course is appropriate for any student interested in the study of film, art, media studies, cultural history, and/or visual culture. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ARTH-20**Mexican Art History****3.00 Units**

UC, CSU

Prerequisite: None.

Description: Survey of painting, sculpture, architecture, craft, and visual culture of Mexico, spanning the Pre-Columbian, Colonial, and contemporary periods. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ARTH-31**Introduction to Exhibitions: History, Theory, and Practice****3.00 Units**

UC, CSU

Prerequisite: None.

Description: An introductory course covering the history, theory, and practice of exhibiting works of art across time and in diverse spaces. 54.00 hours lecture. (Same as ART-31) (Letter grade or Pass/No Pass option)

ARTH-60**Special Topics in Art History & Visual Culture****3.00 Units**

CSU

Prerequisite: None.

Description: A rotating themed course offering a variety of perspectives on historical and current topics within visual culture, including new interventions, areas of research and scholarship, and emerging trends. Special topics will showcase the research expertise and praxis of Art History faculty, as well as speak to students' interests. Additional course descriptions will be provided to reflect the Semester's special topic. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ARTH-C1100**Survey of Art from Prehistory to the Medieval Era****3.00 Units**

Formerly AHS-1
(C-ID: ARTH 110)
UC, CSU

Prerequisite: None.

Description: This course introduces students to visual art and architecture from prehistory to the medieval era with a focus on art from Europe, North Africa, and the near East. The course will further consider global interactions involving these regions. Students may not receive credit for both ARTH-C1100 and ARTH-C1100H. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ARTH-C1200**Survey of Art from the Renaissance to Contemporary****3.00 Units**

Formerly AHS-2
(C-ID: ARTH 120)
UC, CSU

Prerequisite: None.

Description: This course provides an overview of art and architecture from the Renaissance to the contemporary period with a focus on art from Europe. The course will further consider global interactions involving this region. Students may not receive credit for both ARTH-C1200 and ARTH-C1200H. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ARTH-C1200H**Survey of Art from the Renaissance to Contemporary - Honors****3.00 Units**

Formerly AHS-2H
(C-ID: ARTH 120)
UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the Honors Program.

Description: This course provides an overview of art and architecture from the Renaissance to the contemporary period with a focus on art from Europe. The course will further consider global interactions involving this region. This is an honors course. As Honors, this course offers an enriched experience for accelerated students through limited class size; seminar format; focus on primary texts; and application of higher-level critical thinking skills. Students may not receive credit for both ARTH-C1200 and ARTH-C1200H. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ALR-Reading (Academic Literacy and Reading)**ALR-1****Reading Tutor Training****2.00 Units**

CSU

Prerequisite: None.

Advisory: ALR 3 or ALR 83, ENGL C1000 or ENGL C1000H

Description: Designed to prepare students to become peer tutors in the Reading and Writing Center. Participants learn specific tutoring techniques and discuss problems, questions, and challenges in tutoring reading. Tutors develop student-centered, non-intrusive tutoring skills. 27.00 hours lecture and 27.00 hours laboratory. (Letter grade or Pass/No Pass option)

ALR-2**Strategic Reading****2.00 Units**

CSU

Prerequisite: None.

Description: Intended for students currently enrolled in a content area lecture class where the curriculum and instruction depends on extensive academic and textbook readings. Students will receive instruction on and practice using different reading comprehension strategies designed for better understanding and retention of course readings and textbook material. 36.00 hours lecture. (Letter grade or Pass/No Pass option)

ALR-3**Reading for Academic and Lifelong Literacy****3.00 Units**

CSU

Prerequisite: None.

Description: Review and study of reading strategies for success in various college disciplines and for lifelong literacy. Students will receive instruction in academic, discipline-specific and practical lifelong reading skills. This course meets the graduation reading competency requirement. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ALR-4**Critical Reading, Thinking, and Writing****3.00 Units**

UC, CSU

Prerequisite: ENGL C1000 or ENGL C1000H

Description: Instruction in critical reading and thinking for purposes of evaluating and composing arguments in a variety of rhetorical forms, using non-fiction texts, and refining writing skills and research strategies developed in ENGL-C1000/ENGL-C1000H. Students will write a minimum of 5000 words of assessed writing during the course. 54.00 hours lecture. (Letter grade only)

ALR-887**Reading Clinic****0.00 Units***Prerequisite: None.*

Description: This self-paced course provides practice on individually prescribed learning plans designed to improve and develop reading skills. Instruction is provided on an individualized basis through conferences with the student. Subsequent enrollment in the course will provide the student further opportunities for additional skill and competency development within the subject matter. May be taken a total of four times. 27.00 hours laboratory. (Pass/No Pass only)

ANT-Anthropology**ANT-1****Physical Anthropology****3.00 Units**

(C-ID: ANTH 110)

UC, CSU

Prerequisite: None.

Description: An introduction to human biological evolution, physical diversity, and relationship to the animal world, using scientific and comparative methods. Incorporates the study of genetics, fossils, primates, and modern human variation within an evolutionary framework. Students may not receive credit for both ANT-1 and ANT-1H. 54.00 hours lecture. (Letter grade only)

ANT-1H**Honors Physical Anthropology****3.00 Units**

(C-ID: ANTH 110)

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the RCCD Honors Program.

Description: This honors course offers an enriched introduction to human biological evolution, physical diversity, and relationship to the animal world, using scientific and comparative methods. Incorporates the study of genetics, fossils, primates, and modern human variation within an evolutionary framework. Students may not receive credit for both ANT 1 and ANT 1H. 54.00 hours lecture. (Letter grade only)

ANT-1L**Physical Anthropology Laboratory****1.00 Unit**

(C-ID: ANT 115 L)

UC, CSU

*Prerequisite: None.**Corequisite: ANT 1 or ANT 1H*

Description: Laboratory course exploring case studies and problems of human genetics, human variation, the identification of fossils through examination of fossil casts, human evolution, the study of the human skeleton, observation of primate behavior and structures utilizing the scientific method. 54.00 hours laboratory. (Letter grade only)

ANT-2**Cultural Anthropology****3.00 Units**

(C-ID: ANTH 120)

UC, CSU

Prerequisite: None.

Description: An introduction to the anthropological concept of culture and to the methods and theories used in the comparative analysis of cultures. Cultural practices and institutions are examined using perspectives that enhance effective participation in a culturally diverse world. 54.00 hours lecture. (Letter grade only)

ANT-2H**Honors Cultural Anthropology****3.00 Units**

(C-ID: ANTH 120)

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the Honors Program.

Description: An introduction to the anthropological concept of culture and to the methods and theories used in the comparative analysis of cultures. Cultural practices and institutions are examined using perspectives that enhance effective participation in a culturally diverse world. This honors course offers an enriched experience for accelerated students through limited class size, seminar format, focus on primary texts, and application of higher level critical thinking skills. Students may not receive credit for both ANT-2 and ANT-2H. 54.00 hours lecture. (Letter grade only)

ANT-3**Prehistoric Cultures****3.00 Units**

UC, CSU

Prerequisite: None.

Description: The development of human society from the earliest evidence of culture to the beginnings of recorded history. The concepts, methods, and data of prehistoric archaeology are used to examine the major transitions in human prehistory, including the origins of culture, agriculture, and early civilization. 54.00 hours lecture. (Letter grade only)

ANT-4**Native American Cultures****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A survey of Native American cultures from the pre-Columbian period through conquest and reservation life and into the present. Incorporates evidence from archaeology, oral history, personal narratives, and other sources. Emphasis will be on the growth of Native American cultures, modern communities, including urban life, social and religious institutions, and traditional cultural elements and artistic traditions. 54.00 hours lecture. (Same as ETS-27) (Letter grade only)

ANT-5**Cultures of Ancient Mexico****3.00 Units**

UC, CSU

Prerequisite: None.

Description: The development of civilization in ancient Mexico, integrating evidence from archaeology and the prehispanic and post-Conquest written records. Emphasizes the history, lifeways, and social and religious institutions of Mexico from the earliest cultures to the Aztec civilization, and their persistence in the modern world. 54.00 hours lecture. (Letter grade only)

ANT-6**Introduction to Archaeology****3.00 Units**

(C-ID: ANTH 150)

UC, CSU

Prerequisite: None.

Description: An examination of the basic concepts, methods, and findings of modern archaeology. Covers the history of archaeology, the application of archaeological methods of recovery and interpretation, and the analysis of archaeological evidence as it is used to reconstruct ancient societies and major trends in cultural evolution. 54.00 hours lecture. (Letter grade only)

ANT-7**Anthropology of Religion****3.00 Units**

UC, CSU

Prerequisite: None.

Description: Introduction to the anthropological study of religion in world cultures, using a cross-cultural approach to the analysis of beliefs, rituals, mythology, and the role of religion in society, particularly focusing on non-Western traditional societies. 54.00 hours lecture. (Letter grade only)

ANT-8**Language and Culture****3.00 Units**

(C-ID: ANTH 130)

UC, CSU

Prerequisite: None.

Description: An introduction to the anthropological study of language in world cultures. Characteristics of human verbal and non-verbal communication, language diversity and change, and the relationship of language to culture and social groups. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ANT-10**Forensic Anthropology****3.00 Units**

UC, CSU

Prerequisite: None.

Description: The application of the methods of physical anthropology, within a medicolegal framework, to the identification of human remains. Focuses on human osteology for the determination of age, sex, ancestry, stature, and unique features. 54.00 hours lecture. (Letter grade only)

ANT-16**Field Methods in Archaeology****3.00 Units**

UC, CSU

Prerequisite: ANT 6

Description: Provides students experiential based training in archaeological survey, excavation, and laboratory processing of excavated material. Includes recognition and recordation of historic and prehistoric sites, theory and methods of archaeological processes (stratigraphy, sampling, record keeping, note taking, profiles, mapping), and basic archaeological field laboratory techniques. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

APP-Apprenticeship**APP-450****Apprenticeship Work Experience****4.00 Units***Prerequisite: None.*

Description: Opportunity to develop attitudes, skills, and knowledge consistent with their selected trade. A journeyman or professional mentor provides instruction and evaluation of skills expected of an apprentice. Emphasis is on trade employability skills and attitudes. Students complete apprenticeship work experience hours at approved training sites. This four-unit course requires 300 hours of paid work experience. Students may take up to 16 units of apprenticeship work experiences course offerings. (Letter grade or Pass/No Pass option)

ARA-Foreign Languages (Arabic)**ARA-1****Arabic 1****5.00 Units**

UC, CSU

Prerequisite: None.

Description: Develops basic skills in listening, reading, speaking and writing. Emphasis on acquisition of vocabulary, structures and grammatical patterns necessary for comprehension of native spoken and written Arabic at the beginning level. Includes discussion of Arabic culture and daily life. 90.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Letter grade or Pass/No Pass option)

ARE-Architecture

ARE-24**Revit I-Architectural Drafting****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: DFT 21 or DFT 30*

Description: Introduction to methods and techniques used in the development of architectural construction documents for light frame structures (Type V construction) including construction theory, notation, materials symbols, drawing format and general practice. Using Computer-Aided Drafting (CAD) and Building Information Modeling (BIM-Revit I), this course will focus on the drawing of a set of plans to include a plot plan, foundation plan, floor plan(s), sections, exterior and interior elevations, electrical plan and basic structural details. Sketching techniques will also be covered. 27.00 hours lecture and 90.00 hours laboratory. (Same as DFT-24) (Letter grade or Pass/No Pass option)

ARE-25**Revit II-Advanced Architectural Drafting****3.00 Units**

UC, CSU

Prerequisite: ARE 24 or DFT 24

Description: Advanced study of architectural detailing and construction methods, including the preparation of working drawings. Other topics include the development of construction documents, study of the Uniform Building Code, and practice from site selection to completion using advanced Computer Aided Design tools (CAD-Revit II). A completed portfolio is a requirement of the course. 27.00 hours lecture and 90.00 hours laboratory. (Letter grade or Pass/No Pass option)

ARE-35**History of Architecture-Beginnings through Gothic****3.00 Units**

UC, CSU

Prerequisite: None.

Description: An examination of Western architecture form and design from antiquity through the Gothic period. Architectural monuments of the Western world will be analyzed and interpreted in terms of religious, social, and political context. Particular emphasis is given to process and sources of design, types and purposes of buildings as well as architecture and art in the built environment by considering the source and meaning of beauty. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ARE-36**History of Architecture: Renaissance to Modern****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A survey of the major movements in the form, theory and design of Western architecture and art from the Renaissance through the 20th century will be studied analyzed and interpreted in terms of religious social and political context. Particular emphasis will be placed on a comparative study of architectural monuments and architects, the sources of design, meaning of beauty, and conditions that influence the Western architectural traditions. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ARE-37**Architectural Design I****3.00 Units**

UC, CSU

Prerequisite: None.

Description: An introduction into the use of determining factors, which revolve around the design of mankind's physical and visual environment. Emphasis is placed on two- and three-dimensional representation dealing with design composition, spatial relationships, and the use of various media for graphic communication. 27.00 hours lecture and 81.00 hours laboratory. (Letter grade or Pass/No Pass option)

ARE-63**3D Tour, Virtual, Mixed, Augmented and Extended Reality****3.00 Units**

CSU

*Prerequisite: None.**Advisory: ARE 24 or CON 62*

Description: Introduces concepts of Building Information Modeling (BIM), virtual reality (VR), augmented reality (AR), mixed reality (MR) and extended reality (XR) technologies, to build basic 3D models, scan objects, 360 degree space photography, design and edit 3D tours from various spaces inside and outside buildings as a tool for visual communication, prepare virtual field trip, walkthrough and fly for presentation, and show existing spaces using, scanner, camera, drone, current 3D and BIM software to architects, contractors, realtors, clients, or game developers. 27.00 hours lecture and 90.00 hours laboratory. (Letter grade or Pass/No Pass option)

ARE-200**Architecture Work Experience****1.00-4.00****Units**

CSU

*Prerequisite: None.**Advisory: Students should have paid or voluntary employment.*

Description: Work Experience is designed to coordinate the student's on-the-job training with workplace skills designed to assist the student in developing successful professional skills. Each student will establish measurable learning objectives appropriate for their job and discipline. Students may earn up to four (4) units each semester, for a maximum of 16 units of work experience total. 60 hours of volunteer work or 75 hours of paid work during the semester are required for each unit. No more than 20 hours per week, out of the 60 or 75 requirement, may be applied toward the work requirement. The course consists of an 18 hours of orientation/professional skills development and 60 hours of volunteer work experience per unit with a maximum of 240 for four units per semester OR 75 hours of paid work experience per unit, with a maximum of 300 for four units per semester. (Letter grade or Pass/No Pass option)

ARE-824**Revit I-Architectural Drafting****0.00 Units***Prerequisite: None.**Advisory: DFT 21 or DFT 30*

Description: Introduction to methods and techniques used in the development of architectural construction documents for light frame structures (Type V construction) including construction theory, notation, materials symbols, drawing format and general practice. Using Computer-Aided Drafting (CAD) and Building Information Modeling (BIM-Revit I), this course will focus on the drawing of a set of plans to include a plot plan, foundation plan, floor plan(s), sections, exterior and interior elevations, electrical plan and basic structural details. Sketching techniques will also be covered. 27.00 hours lecture and 90.00 hours laboratory. (Letter grade or Pass/No Pass option)

ARE-825**Revit II-Advanced Architectural Drafting****0.00 Units***Prerequisite: ARE 824 or ARE 24 or DFT 24*

Description: Advanced study of architectural detailing and construction methods, including the preparation of working drawings. Other topics include the development of construction documents, study of the Uniform Building Code, and practice from site selection to completion using advanced Computer Aided Design tools (CAD-Revit II). A completed portfolio is a requirement of the course. 27.00 hours lecture and 90.00 hours laboratory. (Pass/No Pass only)

ARE-863**3D Tour, Virtual, Mixed, Augmented and Extended Reality**
0.00 Units*Prerequisite: None.**Advisory: ARE 824 or ARE 24 or CON 62*

Description: Introduces concepts of Building Information Modeling (BIM), virtual reality (VR), augmented reality (AR), mixed reality (MR) and extended reality (XR) technologies, to build basic 3D models, scan objects, 360 degree space photography, design and edit 3D tours from various spaces inside and outside buildings as a tool for visual communication, prepare virtual field trip, walkthrough and fly for presentation, and show existing spaces using, scanner, camera, drone, current 3D and BIM software to architects, contractors, realtors, clients, or game developers. 27.00 hours lecture and 90.00 hours laboratory. (Letter grade or Pass/No Pass option)

ART-Art**ART-6****Art Appreciation****3.00 Units**

(C-ID: ARTH 100)

UC, CSU

*Prerequisite: None.**Advisory: ENGL C1000*

Description: An introductory course for the non-art major. The creative process and the diversity of style, technique and media, evident in various art forms throughout history and culture. Students may not receive credit for both ART-6 and ART-6H. 54.00 hours lecture. (Same as ARTH-6) (Letter grade or Pass/No Pass option)

ART-6H**Honors Art Appreciation****3.00 Units**

(C-ID: ARTH 100)

UC, CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the Honors Program.**Advisory: ENGL C1000*

Description: An introductory course designed for the non-art major. The creative process and the diversity of styles, technique and media evident in various art forms throughout history and culture. Honors course offers an enriched experience for accelerated students through limited class size; seminar format; focus on primary texts; and application of higher level critical thinking skills. Students may not receive credit for both ART-6 and ART-6H. 54.00 hours lecture. (Same as ARTH-6H) (Letter grade or Pass/No Pass option)

ART-17**Beginning Drawing****3.00 Units**

(C-ID: ARTS 110)

UC, CSU

Prerequisite: None.

Description: An introduction to the fundamentals of drawing in a variety of media. The exploration of the elements of art, the principles of composition, perspective and the development of observational, motor and creative skills. Emphasis will be on black and white media. Students pay for their own materials. 36.00 hours lecture and 72.00 hours laboratory. (Letter grade or Pass/No Pass option)

ART-18**Intermediate Drawing****3.00 Units**

(C-ID: ARTS 205)

UC, CSU

Prerequisite: ART 17

Description: Intermediate level and continued study of drawing with emphasis on the use of color media. Basic color theory will be explored in thoughtful compositions. Students pay for their own materials. 36.00 hours lecture and 72.00 hours laboratory. (Letter grade or Pass/No Pass option)

ART-19**Experimental Methods & Materials****3.00 Units**

CSU

Prerequisite: ART 17

Description: The use of experimental methods and materials in creating two dimensional artwork. Less attention will be directed toward traditional and fundamental academic concerns and more focus will be placed on the cultural, interpretive, psychological, and conceptual possibilities that result from exploration and engaging alternatives. The art elements, color, composition, mark-making, mixed-media, expression, concept, and context will be investigated. Students will be encouraged to access less conventional solutions to a variety of projects. Students pay for their own materials. 36.00 hours lecture and 72.00 hours laboratory. (Letter grade or Pass/No Pass option)

ART-20**Beginning Sculpture****3.00 Units**

UC, CSU

Prerequisite: None.

Description: An introduction to the fundamentals of sculpture design and creation. A variety of materials, such as clay, wax and plaster, will be used. Additive, subtractive and construction methods for creating the sculptural pieces will be explored, as well as other traditional and contemporary forms and techniques. Students pay for their own materials. (Materials fee: \$15.00) 36.00 hours lecture and 72.00 hours laboratory. (Letter grade or Pass/No Pass option)

ART-22**Two Dimensional Design****3.00 Units**

(C-ID: ARTS 100)

UC, CSU

Prerequisite: None.

Description: An introduction to the fundamentals of two-dimensional design. The organization of visual elements according to the principles of design. Emphasis placed on visual perception, theory, dexterity, problem solving, analysis, application, skill, and presentation. 36.00 hours lecture and 72.00 hours laboratory. (Letter grade or Pass/No Pass option)

ART-23**Color Theory and Design****3.00 Units**

(C-ID: ARTS 270)

UC, CSU

Prerequisite: ART 22 or ART 17

Description: The study of color theory and two-dimensional design. The practice of the organization of the visual elements according to the principles of design. Emphasis placed on more advanced methods of communicating ideas through color in design. 36.00 hours lecture and 72.00 hours laboratory.

ART-24**Three Dimensional Design****3.00 Units**

(C-ID: ARTS 101)

UC, CSU

Prerequisite: None.

Description: An introduction to the fundamentals of three-dimensional design. The use of the visual elements and the practice of the principles of design as they relate to various three-dimensional art forms (i.e., sculpture, architecture and product, commercial, stage, environmental and interior design). Students pay for their own materials. (Materials fee: \$15.00) 36.00 hours lecture and 72.00 hours laboratory. (Letter grade or Pass/No Pass option)

ART-25A**Watercolor - Beginning****3.00 Units**

UC, CSU

Prerequisite: ART 17

Description: Fundamentals of painting with transparent watercolors at an introductory level. Basic techniques, tools, and materials will be explored. Composition, idea, method, color, and creativity will be examined. Students pay for their own materials. 36.00 hours lecture and 72.00 hours laboratory. (Letter grade or Pass/No Pass option)

ART-25B**Watercolor - Intermediate****3.00 Units**

UC, CSU

Prerequisite: ART 25A

Description: Intermediate-level painting with transparent watercolors. Non-traditional methods, various techniques, tools, and materials will be explored. Intermediate concepts of composition, idea, method, color, and creativity will be examined. Students pay for their own materials. 36.00 hours lecture and 72.00 hours laboratory.

ART-26**Beginning Painting****3.00 Units**

(C-ID: ARTS 210)

UC, CSU

Prerequisite: ART 17

Description: An introduction to the fundamentals of painting (oil or acrylic). An exploration of various considerations in painting; techniques, process, color theory, visual perception, composition, and creative skills. Students pay for their own materials. 36.00 hours lecture and 72.00 hours laboratory. (Letter grade or Pass/No Pass option)

ART-27**Intermediate Painting****3.00 Units**

UC, CSU

Prerequisite: ART 23 or ART 26

Description: Intermediate level of painting (oil or acrylic). Continued exploration of various techniques and the application of color theory. Development of visual, compositional, and creative skills. Students pay for their own materials. 36.00 hours lecture and 72.00 hours laboratory. (Letter grade or Pass/No Pass option)

ART-28A**Studio Painting-Portfolio Preparation****3.00 Units**

UC, CSU

Prerequisite: ART 27

Description: Independent painting studio for the self-motivated student with emphasis on individual art problems and portfolio development. Specific agreement identifying intent, ideas, goals, and media, to be arranged between instructor and student. Emphasis will be on independent concept, development, and portfolio preparation. 36.00 hours lecture and 72.00 hours laboratory. (Letter grade or Pass/No Pass option)

ART-31**Introduction to Exhibitions: History, Theory, and Practice****3.00 Units**

UC, CSU

Prerequisite: None.

Description: An introductory course covering the history, theory, and practice of exhibiting works of art across time and in diverse spaces. 54.00 hours lecture. (Same as ARTH-31) (Letter grade or Pass/No Pass option)

ART-36A**Computer Art-Introduction****3.00 Units**

(C-ID: ARTS 250)

UC, CSU

Prerequisite: None.

Description: Introduction to creating fine art and design using digital media. The exploration of the visual characteristics of electronic imagery with emphasis on the essentials of fine art, design, and creative problem solving. Artwork will be developed using the computer, related software, and/or other electronic equipment. Students pay for their own materials. 36.00 hours lecture and 72.00 hours laboratory. (Letter grade or Pass/No Pass option)

ART-36B**Computer Art-Intermediate****3.00 Units**

UC, CSU

Prerequisite: ART 36A

Description: Intermediate level of creating fine art and design using digital media. The continuation of the exploration of electronic imagery with emphasis on the essentials of fine art, design, and creative problem solving. Artwork will be developed using the computer, related software, and/or other electronic equipment. Students pay for their own materials. 36.00 hours lecture and 72.00 hours laboratory. (Pass/No Pass only)

ART-39**Design and Graphics****3.00 Units**

CSU

Prerequisite: None.*Advisory:* ART 17 or ART 22 or ART 35A

Description: Fundamental design methodology for visual communication. Exploration of design principles in advertising and layout design, type and lettering creation and techniques, corporate imagery, and portfolio preparation. Students pay for their own materials. 36.00 hours lecture and 72.00 hours laboratory. (Letter grade or Pass/No Pass option)

ART-40A**Figure Drawing-Introduction****3.00 Units**

(C-ID: ARTS 200)

UC, CSU

Prerequisite: ART 17

Description: Introduction to drawing the human figure. Students will draw from a nude model using a variety of media. Students pay for their own materials. 36.00 hours lecture and 72.00 hours laboratory.

ART-40B**Figure Drawing-Intermediate****3.00 Units**

UC, CSU

Prerequisite: ART 40A

Description: Intermediate level of drawing the human figure where emphasis will be on more developed and accurate figurative work, anatomy, improved composition, and further creative exploration. Students will draw from a nude model using a variety of media. Students pay for their own materials. 36.00 hours lecture and 72.00 hours laboratory. (Letter grade only)

ART-41A**Figure Painting-Introduction****3.00 Units**

UC, CSU

Prerequisite: ART 26 or ART 40A and ART 17

Description: Introduction to painting from the human figure. Students will paint from a nude model using a variety of methods and materials. Students pay for their own materials. 36.00 hours lecture and 72.00 hours laboratory. (Letter grade only)

ART-48A**Studio Drawing-Portfolio Preparation****3.00 Units**

UC, CSU

Prerequisite: ART 18

Description: Continued studio drawing for the self-motivated student with emphasis on planning, independence, individualized problems, and portfolio organization and preparation. Specific agreement identifying intent, ideas, goals, and media, to be arranged between instructor and student. Students pay for their own materials. 36.00 hours lecture and 72.00 hours laboratory. (Pass/No Pass only)

ASL-American Sign Language**ASL-1****American Sign Language 1****4.00 Units**

UC, CSU

Prerequisite: None.

Description: Focus on developing basic principles and skills of American Sign Language (ASL) through cultural appreciation and non-verbal instruction. Emphasis is placed on Deaf culture and Deaf people in history, visual training, sign vocabulary acquisition, comprehension and communicative skills development, as well as basic structural and grammatical patterns of ASL discourse at the beginning level. 72.00 hours lecture and 18.00 hours laboratory. (TBA Option)

BIO-1**General Biology****4.00 Units**

UC, CSU

Prerequisite: None.

Description: Introductory course designed for non-science majors that offers an integrated study of the basic principles of biology, with emphasis on the principles of structure and function, genetics, development, evolution, and ecology. Discussions on the philosophy, concepts, and implications of modern biology will be included. Students may not receive credit for both BIO-1 and BIO-1H. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

BIO-1H**Honors General Biology****4.00 Units**

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the Honors program.

Description: Designed for the non-science major. Students will explore the basic principles of biology, with particular emphasis on the molecular and cellular basis of life as well as genetics, development, evolution and ecology. Discussions on the philosophy, unifying concepts and applications/implications of biology will be included. The Honors course offers an enriched experience for accelerated students through smaller class size; a focus on the evidentiary basis of biological models; and the application of higher level critical thinking skills. Moreover, a thematic/concept-based approach to the course material will be used rather than the traditional topic-based, survey format. The laboratory component will involve completion of directed research projects that culminate in the submission and presentation of research papers, oral presentations and/or poster presentations in the appropriate scientific format. Students may not receive credit for both BIO-1 and BIO-1H. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

BIO-3**Field Botany****4.00 Units**

UC, CSU

Prerequisite: None.

Description: Introduction to the classification of native and naturalized plants with special emphasis on identification of families and species. Several field trips. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

BIO-Biological Sciences (Biology)

BIO-4**Human Biology****4.00 Units**

UC, CSU

Prerequisite: None.

Description: A non-major introductory course in biology which offers an integrated study of the basic principles of biology as revealed in the human body. Emphasis is placed on cellular and system organization in relation to specific function and common disorders affecting the body; the interaction between the human body and its environment. Controversial, thought-provoking topics related to modern biology and medical advances involving genetic engineering will be included. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

BIO-5**General Botany****4.00 Units**

(C-ID: AG-PS 104)

UC, CSU

Prerequisite: None.

Description: Introduction to the plant sciences with principal emphasis on the structures, functions and ecology of common members of each of the major plant divisions. Designed for nonmajors and majors in health science, forestry, agriculture, environmental science, landscape design, horticulture and general nature studies. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

BIO-7**Marine Biology****4.00 Units**

UC, CSU

Prerequisite: None.

Description: An ecological study of the marine environment. Emphasis will be placed on the local marine algae, plants, and animals and their interactions with the physical environment. Frequent field trips are combined with laboratory observations to acquaint the student with the identification and understanding of the common marine organisms of the Southern California coastline. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

BIO-8**Principles of Ecology****4.00 Units**

UC, CSU

Prerequisite: None.

Description: Ecology is the study of the interactions between organisms and their environment. Basic principles include evolution and natural selection, climate and other abiotic factors, population growth and genetics, community interactions, species diversity, biogeography, and biome recognition. Human impacts on the above will also be discussed. This course requires field trips. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

BIO-10**Life Science Principles****3.00 Units**

UC, CSU

Prerequisite: None.

Description: For non-life science majors. An introduction to the principles of life sciences through the study of basic biological concepts of living organisms involving structure, behavior, evolutionary relationships and the social and environmental implications of life science. No credit at the University of California if taken following BIO-1 or 1H. 54.00 hours lecture. (Letter grade only)

BIO-14**Soil Science and Management****3.00 Units**

(C-ID: AG-PS 128)

UC, CSU

Prerequisite: None.

Description: An introduction to physical properties and classification of soils, physical and chemical properties of soil that governs soil reactions and interactions, nutrient regeneration, and management principles in relation to air, water, nutrients and organic matter. 54.00 hours lecture. (Letter grade only)

BIO-15**Soil Science and Management Laboratory****2.00 Units**

(C-ID: AG-PS 128)

UC, CSU

Prerequisite: None.

Description: A supplementary laboratory course to BIO-14 (Soil Science and Management), focusing on the basics of soil science, physical and biogeochemical properties, and interpretation for use and management. This course will give students hands-on perspectives of soil science, ranging from agricultural, wild lands, watershed, and environmental impacts. 108.00 hours laboratory. (Letter grade only)

BIO-16**Human Reproduction and Sexual Behavior****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A study of human anatomy, physiology and behavior as related to sexual reproduction, including discussion of fertilization, pregnancy, childbirth and birth control for people of all sexes, genders, and sexualities. Consideration will be given to the influence of gender roles and identities, principles guiding sex education and research, sexual behavior and response, and sexually transmitted diseases. 54.00 hours lecture. (Letter grade only)

BIO-18**Human Genetics****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: High school biology or any college life science course with laboratory.*

Description: A general education course for non-biology majors and allied health students who are interested in the underlying mechanisms of human heredity. Emphasis will be given to the role of genetics and environment on cells, individuals, family and human populations. Discussion on human genetic disorders and the social implications of modern human genetics will be included. 54.00 hours lecture. (Letter grade only)

BIO-19**Environmental Science****3.00 Units**

(C-ID: ENVS 100)

UC, CSU

Prerequisite: None.

Description: A study of humans in relation to the environment that emphasizes population ecology, nutrient cycles and energy flow, pollution, food production, and conservation of natural resources. 54.00 hours lecture. (Letter grade only)

BIO-21**California Naturalist****3.00 Units**

UC, CSU

Prerequisite: None.

Description: Introduction to California's unique ecology and stewardship of California's natural communities with certification as a California Naturalist and training in Project Learning Tree. The UC ANR California Naturalist program uses a science curriculum, hands-on learning, problem-solving, citizen science, and community service to encourage engagement with nature and conservation of local resources. Upon successful completion of course requirements for BIO-21 California Naturalist, participants will have the option of obtaining the UC California Naturalist Certification (\$55). This certification will build their resume and become a more desirable candidate to work or volunteer for public land agencies or environmental education organizations. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

BIO-35**Health Science****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A general education course that offers a basic study of human health and health care as revealed in the anatomy and physiology of the body, nutrition, exercise, stress management, weight management, protection from degenerative and communicable diseases, personal safety, environmental health, wellness, and professional medical care. Students will explore making responsible decisions regarding all aspects of a healthy lifestyle including getting fit, disease prevention and treatments, use and abuse of substances, human sexuality, and selection of health providers. This course satisfies the California requirement in drug, alcohol, tobacco and nutrition education for teacher certification. 54.00 hours lecture. (Same as HES-1) (Letter grade only)

BIO-45**Survey of Human Anatomy and Physiology****3.00 Units**

UC, CSU

Prerequisite: None.

Description: An introductory and survey course of structural and functional aspects of the human body. Emphasis is placed on cell organization, human tissues, and discussion of each of the human systems. 54.00 hours lecture. (Letter grade only)

BIO-50A**Anatomy and Physiology I****4.00 Units**

(C-ID: BIO 50A+BIO 50B=BIOL 115S)

UC, CSU

*Prerequisite: BIO 1 or BIO 1H or BIO 4 or BIO 55 or BIO 60 or BIO 60H**Advisory: CHE 2A or CHE 3*

Description: First of a two course sequence that introduces students to the basic concepts and principles of anatomy and physiology. This course will provide a foundation for advanced study of the human body. The course covers body orientation and organization, cells and tissues, the skeletal, muscular systems, neurophysiology, and central nervous system. Designed to meet the prerequisites for professional programs, e.g. nursing, dental hygiene, and physical therapy. 36.00 hours lecture and 108.00 hours laboratory. (Letter grade only)

BIO-50B**Anatomy and Physiology II****4.00 Units**

(C-ID: BIO 50A+BIO 50B=BIOL 115S)

UC, CSU

Prerequisite: BIO 50A

Description: Second of a two course sequence in anatomy and physiology that covers these systems: nervous, special senses, endocrine, cardiovascular, lymphatic, respiratory, urinary, digestive, and reproductive organ systems. 36.00 hours lecture and 108.00 hours laboratory. (Letter grade only)

BIO-55**Microbiology****4.00 Units**

UC, CSU

Prerequisite: CHE 2A or CHE 2B or CHE 3, and BIO 1 or BIO 1H or BIO 50A or BIO 60 or BIO 60H

Description: General characteristics of microorganisms with emphasis on morphology, growth, control, metabolism and reproduction; their role in disease, body defenses, and application to the biomedical field. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

BIO-60**Introduction to Molecular and Cellular Biology****5.00 Units**

(C-ID: BIOL 190; BIO 60+BIO 61=BIO 135S)

UC, CSU

*Prerequisite: CHE 1A or CHE 1AH**Advisory: Intermediate Algebra or qualifying placement for Math 9*

Description: An intensive course for all Life Science majors designed to prepare the student for upper division courses in molecular biology, cell biology, developmental biology, evolution, and genetics. Course material includes principles of biochemistry, prokaryotic and eukaryotic cell structure and function, metabolism including photosynthesis and respiration, cell division and its control, classical and molecular genetics, signal transduction, early animal development, evolution and the diversity of life at the cellular level. 72.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

BIO-61**Introduction to Organismal and Population Biology****5.00 Units**

(C-ID: BIOL 140; BIO 60+BIO 61=BIO 135S)

UC, CSU

Prerequisite: BIO 60 or BIO 60H

Description: An intensive course designed for all Life Science majors to prepare the student for upper division courses in organismal and population biology. Course materials include plant structure and function, animal systems and behavior, ecological diversity and dynamics, and evolutionary theory, including population genetics. This course, along with Biology 60, is intended to fulfill a year of transferable lower division general biology. Some field trips are required. 72.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

BUS-Business**BUS-10****Introduction to Business****3.00 Units**

(C-ID: BUS 110)

UC, CSU

Prerequisite: None.

Description: Scope, function and organization of contemporary business; fundamentals, concepts, principles, and current practices in the major areas of business activity with an integrated global perspective. 54.00 hours lecture. (Letter grade only)

BUS-10H**Honors Introduction to Business****3.00 Units**

(C-ID: BUS 110)

UC, CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the Honors Program.*

Description: Scope, function and organization of contemporary business; fundamentals, concepts, principles and current practices in the major areas of business activity with an integrated global perspective. This honors course offers an enriched experience for accelerated students through limited class size, seminar format, focus on primary texts, and application of higher level critical thinking skills. Students may not receive credit for both BUS 10 and BUS 10H. 54.00 hours lecture. (Letter grade only)

BUS-12**Opportunity Analysis for Entrepreneurs****2.00 Units**

CSU

Prerequisite: None.

Description: This course examines the entrepreneur's role in the global economy as an exploiter of opportunities. Topics include the creative search for ideas, the innovation process, and the opportunity analysis to screen for the best ideas. Learning activities cover the decisions needed to transform an idea into a business opportunity. 36.00 hours lecture. (Letter grade only)

BUS-13**Developing a Successful Business Plan/Model****2.00 Units**

CSU

Prerequisite: None.

Description: This course provides a systematic process for developing a business plan or model. It establishes a clear road map for clarifying a vision for a business and the strategic, tactical, and operational plans and/or model to move ideas into action. Students further along in the planning and research process will work through the major components of writing a business plan and/or model and emerge with a completed draft of a business plan/model. 36.00 hours lecture. (Letter grade only)

BUS-14**Social Media and Online Digital Media Promotions for Entrepreneurs****3.00 Units**

CSU

Prerequisite: None.

Description: Introduction to social media and online digital promotional tools used to help promote entrepreneurs with their online presence and to successfully establish their brands. 54.00 hours lecture. (Letter grade only)

BUS-18A**Business Law I****3.00 Units**

(C-ID: BUS 125)

UC, CSU

Prerequisite: None.

Description: Covers the fundamental legal principles pertaining to business transactions. Provides an overview of an introduction to the legal process and dispute resolution. Coverage of federal and state court systems and a comprehensive study of contracts under the common law and the Uniform Commercial Code. Additional coverage includes sources of law, business ethics, constitutional law, tort law, agency, business organizations, and criminal law as applied to business. 54.00 hours lecture. (Letter grade only)

BUS-18B**Business Law II****3.00 Units**

UC, CSU

Prerequisite: None.

Description: An overview of the special applications of law in business as it pertains to commercial paper, creditors' rights, secured transactions, agency and employment, partnerships, corporations, personal and real property, and governmental regulation of business. Students will analyze laws and rules, then apply appropriate concepts to factual scenarios. 54.00 hours lecture. (Letter grade only)

BUS-20**Business Mathematics****3.00 Units**

CSU

Prerequisite: None.

Advisory: BUS 10

Description: An introduction to quantitative approaches for solving common business problems using general mathematics and first degree equations. Includes the development and solution of problems in the areas of business statistics, trade and cash discounts, markups and markdowns, perishables, payroll, taxes, simple interest, promissory notes, compound interest, present and future value, annuities and sinking funds, installment buying and credit cards, home ownership costs, insurance, stocks and bonds, mutual funds, financial reports, depreciation, inventory, and overhead. 54.00 hours lecture. (Letter grade only)

BUS-22**Management Communications****3.00 Units**

CSU

Prerequisite: None.

Advisory: BUS 10

Description: Examines the dynamics of organizational communication relevant in current business environment. Focus is on composition and delivery of appropriate methods of communication in various business situations as a manager, including business documents, presentations, and job interviews. Practical experience is attained in verbal/non-verbal and written communication skills that fosters growth and advancement in business opportunities. Best suited for those aspiring to advance their careers by being prepared to be potential managers and leaders. 54.00 hours lecture. (Letter grade only)

BUS-24**Business Communication****3.00 Units**

(C-ID: BUS 115)

CSU

Prerequisite: ENGL C1000 or ENGL C1000H

Advisory: BUS 10

Description: Applies the principles of ethical and effective communication to the creation of letters, memos, emails, and written and oral reports for a variety of business situations. The course emphasizes planning, organizing, composing and revising business documents using word processing software for written documents and presentation graphics software to create and deliver professional-level oral reports. Course is designed for students who have college-level writing skills. 54.00 hours lecture. (Letter grade only)

BUS-30**Entrepreneurship: Foundations and Fundamentals****3.00 Units**

CSU

Prerequisite: None.

Description: An introductory course designed to explore, identify and evaluate business opportunities with an emphasis on starting and managing a small or existing business: investigating tools and best practices associated with identifying and creating new venture opportunities; explore ways to shape and evaluate the viability of opportunities; understanding key industry factors, market, competitive factors, and customer needs. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

BUS-31**Financing Your Business****2.00 Units**

CSU

Prerequisite: None.

Description: The importance and impact of funding sources for entrepreneurial ventures. Topics include reviewing the impact of venture capital, identifying funding sources, raising money, and writing funding agreements and proposals. 36.00 hours lecture. (Letter grade only)

BUS-33**Business Structure and Legal Issues****2.00 Units**

CSU

Prerequisite: None.

Description: This course examines the primary forms of business structures, such as sole proprietorship, partnership, and corporation, and the legal elements needed to comply with regulations and guidelines of various governmental agencies. The course will help entrepreneurs recognize the legal issues before they become problems, select legal representation, and manage and grow businesses more effectively within the law. 36.00 hours lecture. (Letter grade only)

BUS-47**Applied Business and Management Ethics****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: BUS 10*

Description: An examination of ethical concerns in business decision making. Includes corporate, personal, global, governmental, public, environmental, product, and job-related issues. Case studies and corporate ethics programs and audits also covered. 54.00 hours lecture. (Same as MAG-47) (Letter grade or Pass/No Pass option)

BUS-80**Principles of Logistics****3.00 Units**

CSU

Prerequisite: None.

Description: An introduction to the management of business logistics functions including purchasing, inventory management, transportation, warehousing, and their related technologies. Focus is on integration of logistics functions to improve overall supply chain customer service and cost performance. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

BUS-82**Freight Claims****1.50 Units**

CSU

Prerequisite: None.

Description: A study of loss avoidance and mitigation in transit and of the preparation, filing, and resolution. 27.00 hours lecture. (Letter grade or Pass/No Pass option)

BUS-83**Contracts****1.50 Units**

CSU

Prerequisite: None.

Description: A study of the legal and regulatory requirements applicable to contracts for product transportation and logistics functions and considerations for drafting and negotiating contracts with freight carriers, warehouses and other logistics service providers. 27.00 hours lecture. (Letter grade or Pass/No Pass option)

BUS-85**Warehouse Management****3.00 Units**

CSU

Prerequisite: None.

Description: Introduction to an integrated logistics approach to warehouse management. Includes the role of warehousing within the supply chain, performance metrics, applicable leadership basics, how to interact with other logistics managers to optimize overall activity, as well as principles of warehouse location, design, layout, operating functions, and customer service. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

BUS-86**Transportation and Traffic Management****3.00 Units**

CSU

Prerequisite: None.

Description: A study of the freight transportation system including the demand for freight movement, laws, regulations, pricing, and policies, traffic management and international transportation issues. Focuses on how transportation collaborates with other supply chain functions to optimize cost and customer service. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

BUS-87**Purchasing and Supply Management****3.00 Units**

CSU

Prerequisite: None.

Description: Study of the purchasing and supply manager's responsibilities including the identification, acquisition, positioning and management of materials, services and equipment that organizations needs to attain their goals. Emphasis is on decision making, integration with suppliers, critical internal relationships, and customer (end user) service. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

BUS-90**International Logistics****3.00 Units**

CSU

Prerequisite: None.

Description: An introduction to the role of logistics in global business; including the economic and service characteristics of international transportation providers, the government's role, documentation and terms of sale used in global business, and the fundamentals of effective export and import management. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

BUS-200**Business Administration Work Experience****1.00-14.00****Units**

CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Students should have paid or voluntary employment.*

Description: Provides students with supervised paid or unpaid work experience in business. Designed to integrate classroom instruction with practical industry training. For the first unit of credit, students complete 18 hours of professional learning and 36 hours of on-the-job experience. Each additional unit is earned through 54 hours of supervised paid or unpaid work experience at an approved job site, up to a maximum of 14 units. Professional learning emphasizes career readiness, workplace communication, and reflection, while the work-site component provides hands-on experience in business. 54.00 to 756.00 hours laboratory. (Letter grade or Pass/No Pass option)

CAT-Office Technologies (Computer Applications and Office Technology)

CAT-1A**Business Etiquette****1.00 Unit**

CSU

Prerequisite: None.

Description: Practical human relations skills with a primary emphasis on soft skills and expected workplace behaviors. Includes the essentials of appropriate and professional business communications and protocols using email, text, phone, portable devices, video and teleconferencing, and social media in the workplace. 18.00 hours lecture. (Letter grade or Pass/No Pass option)

CAT-3**Computer Applications for Business****3.00 Units**

CSU

Prerequisite: None.

Description: Introduces a suite of computer applications used in business and office professions. Individuals who are already established in these professions may also benefit from skills emphasized which include: use of basic operating system functions, file management, word processing, spreadsheets, database management, and presentation graphics. 45.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CIS-3) (Pass/No Pass only)

CAT-31**Business Communication Fundamentals****3.00 Units**

(C-ID: BSOT 126 X)

CSU

*Prerequisite: None.**Advisory: CAT 30*

Description: This course covers essential communication skills and techniques important to the modern workplace, including written, verbal, listening, and nonverbal communication by providing practical applications. Learners discuss, critique, and practice business-writing strategies to produce messages, letters, reports, email, and workplace communication while developing critical thinking skills. The course emphasizes planning, organizing, composing, and revising business documents using word processing software for written documents and presentation graphics software to create and deliver professional level reports. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

CAT-51**Intermediate Keyboarding/Document Formatting****3.00 Units**

(C-ID: BSOT 120 X)

CSU

*Prerequisite: None.**Advisory: CAT 50*

Description: Mastery of professional keyboarding skills and document production. Emphasis placed on increasing speed, improving accuracy, developing and applying formatting skills and document production techniques using word processing software. 45.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Letter grade or Pass/No Pass option)

CAT-78A**Introduction to Adobe Photoshop****3.00 Units**

CSU

Prerequisite: None.

Description: Introduction to Adobe Photoshop including mastery of digital image editing, selections, photo correction, image improvement, and vector drawing. Additional instruction in these skills: type manipulation, special effects, color correction, and web page illustrations. 54.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Same as CIS-78A) (Letter grade only)

CAT-79**Introduction to Adobe Illustrator****3.00 Units**

CSU

Prerequisite: None.

Description: Introduction to Adobe Illustrator, involving creating artwork for logos, illustrations, posters, perspective drawing and web content. Development of a working knowledge of creating graphic images and typography along with color use. 54.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Same as CIS-79) (Letter grade or Pass/No Pass option)

CAT-80**Word Processing: Microsoft Word for Windows****3.00 Units**

(C-ID: BSOT 111X; BSOT 121X; BSOT 131X)

CSU

Prerequisite: None.

Advisory: CAT 51

Description: Develops introductory through advanced skills to format documents using Microsoft Word. Students create fliers, letters, memos, reports and office documents. Topics include mail merge and table basics and introduces advanced features and text editing tools of Microsoft Word. Students create reference documents, online forms and newsletters. Topics may include the use of macros and collaboration and integration tools. 45.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CIS-80) (Letter grade only)

CAT-90**Microsoft Outlook****3.00 Units**

(C-ID: BSOT 106 X)

CSU

Prerequisite: None.

Description: An introduction to the features of Microsoft Outlook. Students learn how to manage messages, schedule appointments, organize and manage tasks and contact lists, and customize Outlook for the workplace. Emphasis is placed on the use of Outlook for communication, sharing information, and productivity within a company or small business. 45.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CIS-90) (Letter grade or Pass/No Pass option)

CAT-93**Computers for Beginners****3.00 Units**

CSU

Prerequisite: None.

Description: A practical step-by-step introduction to computer literacy topics including computer hardware and software, application skills, the Internet and Internet searching, Web page creation, and computer ethics. 45.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CIS-93) (Letter grade or Pass/No Pass option)

CAT-98A**Introduction to Excel****1.50 Units**

(C-ID: BSOT 112 X)

CSU

Prerequisite: None.

Description: Introductory spreadsheet development using Microsoft Excel for business and scientific related applications. The course covers introductory through intermediate spreadsheet development. 18.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CIS-98A) (Letter grade or Pass/No Pass option)

CAT-98B**Advanced Excel****1.50 Units**

CSU

Prerequisite: CAT 98A or CIS 98A

Description: Advanced concepts of Microsoft Excel including managing large spreadsheets, creating and working with databases, creating and using templates, and macro creation. Spreadsheet manipulation with advanced macro techniques, customizing Excel screen and toolbars and solving problems with goal seeker and solver. 18.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CIS-98B) (Letter grade or Pass/No Pass option)

CHE-Chemistry**CHE-1A****General Chemistry, I****5.00 Units**

(C-ID: CHEM 110; CHE 1A+CHE 1B=CHEM 120S)

UC, CSU

Prerequisite: CHE 2A or CHE 3 and Intermediate Algebra or Qualifying Placement

Description: An exploration of simple chemical systems, their properties, and how they can be investigated and understood in terms of stoichiometry, gas laws, elementary thermodynamics, atomic structure, and bonding. Laboratory techniques in the investigation of chemical systems. Students may not receive credit for both CHE-1A and CHE-1AH. 54.00 hours lecture and 108.00 hours laboratory. (Letter grade or Pass/No Pass option)

CHE-1B**General Chemistry, II****5.00 Units**

(C-ID: CHE 1A+CHE 1B=CHEM 120S)

UC, CSU

Prerequisite: CHE 1A or CHE 1AH

Description: Continued exploration of the principles of chemistry with emphasis on kinetics, thermodynamics, acid-base theory, equilibrium, and electrochemistry. Special topics from descriptive inorganic chemistry, nuclear chemistry, and introductory organic chemistry. Laboratory techniques in the investigation of chemical systems. Students may not receive credit for both CHE-1B and CHE-1BH. 54.00 hours lecture and 108.00 hours laboratory. (Letter grade or Pass/No Pass option)

CHE-2A**Introductory Chemistry, I****4.00 Units**

(C-ID: CHEM 101)

UC, CSU

Prerequisite: Elementary Algebra, or qualifying placement.

Description: Introduction to the nature of chemicals, their properties, chemical bonding, reactions, and mixtures. Applications to health and environmental topics. Fulfills the needs of non-science majors. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

CHE-2B**Introductory Chemistry, II****4.00 Units**

(C-ID: CHEM 102)

UC, CSU

Prerequisite: CHE 2A or CHE 3

Description: Introduction to organic and biochemistry including: (1) structure, nomenclature, and reactions of some organic compounds and drugs, (2) structure and metabolism of carbohydrates, lipids, proteins, and nucleic acids, and (3) enzyme activity and inhibition. Meets the chemistry requirements for nursing, physical education, paramedics, nutrition, dental hygiene, physical therapy assistants, and inhalation therapy majors. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

CHE-3**Fundamentals of Chemistry****4.00 Units**

UC, CSU

Prerequisite: None.

Description: A systematic presentation of the chemical, mathematical, and laboratory skills underlying Chemistry. Topics will include stoichiometry, bonding, reactions and solutions. Designed primarily as preparation for Chemistry 1A. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

CHE-10**Chemistry for Everyone****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A lecture-demonstration presentation of the basic principles of chemistry with special emphasis on how chemistry applies and contributes to society. The course is designed to provide a general overview of chemistry with emphasis on historical, industrial, environmental, organic, biological, and nuclear aspects. CHE-10 covers a wide variety of topics ranging from atoms and molecules, acids and bases, organic and biochemistry, to a look at biogeochemical cycles and nuclear chemistry. The chemistry of air and water pollution is also discussed. This course is designed for students desiring a general knowledge of the field and fulfills the natural science requirement for the Associate of Arts Degree. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

CHE-12A**Organic Chemistry, I****5.00 Units**

(C-ID: CHE 12A+CHE 12B=CHEM 160S; CHEM 150)

UC, CSU

Prerequisite: CHE 1B or CHE 1BH

Description: A discussion of aliphatic hydrocarbons that focuses on their structure, reactivity, methods of synthesis, physical properties, and reaction mechanisms. Laboratory work emphasizes techniques used to identify, separate, and purify substances. 54.00 hours lecture and 108.00 hours laboratory. (Letter grade or Pass/No Pass option)

CHE-12B**Organic Chemistry, II****5.00 Units**

(C-ID: CHE 12A+CHE 12B=CHEM 160S)

UC, CSU

Prerequisite: CHE 12A

Description: Continues discussion based on the content of CHE12A. Develops a detailed study of nucleophilic and elimination reactions from a mechanistic viewpoint. Aliphatic and aromatic chemistry will be fully integrated throughout CHE-12B. Considerable emphasis on synthesis. Laboratory includes techniques of syntheses, separation, and identification of several compounds, and an introduction to qualitative organic analysis. 54.00 hours lecture and 108.00 hours laboratory. (Letter grade or Pass/No Pass option)

CHI-Foreign Languages (Chinese)**CHI-1****Chinese 1****5.00 Units**

UC, CSU

Prerequisite: None.

Description: Develops basic skills in listening, reading, speaking and writing. Emphasis on acquisition of vocabulary, structures and grammatical patterns necessary for comprehension of native spoken and written Mandarin Chinese at the beginning level. Includes discussion of Chinese culture and daily life. 90.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Letter grade or Pass/No Pass option)

CHI-2**Chinese 2****5.00 Units**

UC, CSU

Prerequisite: CHI 1

Description: Further development of basic skills in listening, reading, speaking and writing. A continued emphasis on the acquisition of vocabulary, structures and grammatical patterns necessary for comprehension of standard spoken and written Mandarin Chinese at the beginning level. This course includes an expanded discussion of Chinese culture and daily life. 90.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Letter grade or Pass/No Pass option)

CHI-11**Chinese Culture and Civilization****3.00 Units**

UC, CSU

Prerequisite: None.

Description: Introduction to China's cultural norms, values, social development and organization as revealed through its complex and unique history. Class conducted in English. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

CIS-Computer Information Systems

CIS-1A**Introduction to Computer Information Systems****3.00 Units**

(C-ID: ITIS 120)

UC, CSU

Prerequisite: None.

Description: Examination of information systems and their role in business. Focus on information systems, database management systems, networking, e-commerce, ethics and security, computer systems hardware and software components. Application of these concepts and methods through hands-on projects developing computer-based solutions to business problems. Utilizing a systems approach students will use databases, spreadsheets, word processors, presentation graphics, and the Internet to solve business problems and communicate solutions. 54.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Letter grade only)

CIS-2**Fundamentals of Systems Analysis****3.00 Units**

(C-ID: ITIS 140)

CSU

Prerequisite: None.

Description: A systematic methodology for analyzing a business problem or opportunity, determining what role, if any, computer-based technologies can play in addressing the business need, articulating business requirements for the technology solution, specifying alternative approaches to acquiring the technology capabilities needed to address the business requirements, and specifying the requirements for the information systems solution in particular, in-house development, development from third-party providers, or purchased commercial-off-the-shelf packages. 45.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CSC-2) (Letter grade or Pass/No Pass option)

CIS-3**Computer Applications for Business****3.00 Units**

CSU

Prerequisite: None.

Description: Introduces a suite of computer applications used in business and office professions. Individuals who are already established in these professions may also benefit from skills emphasized which include: use of basic operating system functions, file management, word processing, spreadsheets, database management, and presentation graphics. 45.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CAT-3) (Letter grade or Pass/No Pass option)

CIS-5**Programming Concepts and Methodology I: C++****4.00 Units**

(C-ID: COMP 122; ITIS 130)

UC, CSU

Prerequisite: None.

Advisory: CIS 1A

Description: Introduction to the discipline of computer science incorporating problem definitions, algorithm development, and structured programming logic for business, scientific and mathematical applications. The C++ language will be used for programming problems. 54.00 hours lecture and 54.00 hours laboratory. (TBA Option) (Same as CSC-5) (Letter grade only)

CIS-7**Discrete Structures****3.00 Units**

(C-ID: COMP 152)

UC, CSU

Prerequisite: CIS 5 or CSC 5

Description: This course is an introduction to the discrete structures used in Computer Science with an emphasis on their applications. Topics covered include: Functions, Relations and Set; Basic Logic; Proof Techniques; Basics of Counting; Graphs and Trees; and Discrete Probability. 45.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CSC-7) (Letter grade only)

CIS-11**Computer Architecture and Organization: Assembly****3.00 Units**

(C-ID: COMP 142)

UC, CSU

Prerequisite: None.

Advisory: CSC 5 or CIS 5

Description: An introduction to microprocessor architecture and assembly language programming. The relationship between hardware and software will be examined in order to understand the interaction between a program and the total system. Mapping of statements and constructs in a high-level language onto sequences of machine instructions is studied as well as the internal representation of simple data types and structures. Numerical computation is performed, noting the various data representation errors and potential procedural errors. 45.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CSC-11) (Letter grade only)

CIS-12**PHP Dynamic Web Site Programming****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: CIS 5 or CSC 5 and CIS 72A and CIS 14A or CSC 14A*

Description: Dynamic web site programming using PHP. Fundamentals of server-side web programming. Introduction to database-driven web sites, using PHP to access a database such as MySQL. Web applications such as user registration, content management, and e-commerce. This course is intended for students already familiar with the fundamentals of programming and HTML. 54.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Same as CSC-12) (Letter grade or Pass/No Pass option)

CIS-17A**Programming Concepts and Methodology II: C++****3.00 Units**

(C-ID: COMP 132)

UC, CSU

Prerequisite: CIS 5 or CSC 5

Description: The application of software engineering techniques to the design and development of large programs; data abstraction, structures, and associated algorithms. A comprehensive study of the syntax and semantics of the C++ language and the methodology of Object-Oriented program development. 45.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CSC-17A) (Letter grade only)

CIS-17B**C++ Programming: Advanced Objects****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: CIS 17A or CSC 17A*

Description: This is an advanced C++ programming course for students familiar with object-oriented programming that implements basic graphical user interfaces. An emphasis will be placed on advanced concepts associated with complex business and gaming applications that utilize exception handling, multithreading, multimedia, and database connectivity. 45.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CSC-17B) (Letter grade or Pass/No Pass option)

CIS-17C**C++ Programming: Data Structures****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: CIS 17A or CSC 17A*

Description: This course offers a thorough presentation of the essential principles and practices of data structures using the C++ programming language. The course emphasizes abstract data types, software engineering principles, lists, stacks, queues, trees, graphs, and the comparative analysis of algorithms. 45.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CSC-17C) (Letter grade or Pass/No Pass option)

CIS-18A**Java Programming: Objects****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: CIS 5 or CSC 5*

Description: An introduction to Java programming for students already experienced in the fundamentals of programming. An emphasis will be placed upon object-oriented programming. Other topics include graphical interface design and typical swing GUI components. 45.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CSC-18A) (Letter grade or Pass/No Pass option)

CIS-18B**Java Programming: Advanced Objects****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: CIS 18A or CSC 18A*

Description: Advanced Java programming course for students familiar with object-oriented programming and utilization of basic graphical interface techniques. An emphasis will be placed on advanced concepts associated with Business, E-Commerce and Gaming applications that utilize exception handling, multithreading, multimedia, and database connectivity. 45.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CSC-18B) (Letter grade or Pass/No Pass option)

CIS-18C**Java Programming: Data Structures****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: CIS 18A or CSC 18A*

Description: This course offers a thorough presentation of the essential principles and practices of data structures using the Java programming language. The course emphasizes abstract data types, software engineering principles, lists, stacks, queues, trees, graphs, and the comparative analysis of algorithms. 45.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Letter grade or Pass/No Pass option)

CIS-21**Introduction to Operating Systems****3.00 Units**

(C-ID: ITIS 155)

CSU

Prerequisite: CIS 1A

Description: An introduction to operating system design concepts, the role the central processing unit plays in a computer, and the evolution of moderns operating systems. Learners will have access to modern Windows desktop, Windows Server, Linux and macOS operating systems and look at the history and evolution of Operating systems and computing in general. This will prepare students for more advanced courses in operating systems, networking, system security, and programming by providing fundamental knowledge, skills and abilities around operating systems that are applicable across Computer Information Systems and Computer Science coursework. 54.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Letter grade or Pass/No Pass option)

CIS-30A**Introduction to Python Programming****3.00 Units**

UC, CSU

Prerequisite: None.

Advisory: CIS 1A, CIS 5

Description: Combined features of Python are suitable for program development. Practical applications of Python may be found in the prominent fields of many different sciences field. Introduces the beginner or curious programmer to Python and basic programming concepts through a series of practical hands-on exercises following concept lecture and discussions. Provides an overview of the history and use of Python in scripting, web and software development and security. Emphasizes principles of software development, style, and testing. Focuses on programming and problem solving using Python programming language. 48.00 hours lecture and 27.00 hours laboratory.

CIS-30B**Python Programming in Networking****3.00 Units**

UC, CSU

Prerequisite: CIS 30A

Advisory: CIS 1A or CIS 5, CIS 40A

Description: Emphasis on the use of Python programming in network administration, such as device configuration, establish communication secure services, analysis and automation. Entails writing scripts, using threads and handle exceptions to streamline network tasks, control network resources, debugging and monitor network communications using Python programming language. Implements Python programming language and development techniques in network administration. 48.00 hours lecture and 32.00 hours laboratory. (Letter grade only)

CIS-30C**Python Programming in Cybersecurity****3.00 Units**

UC, CSU

Prerequisite: CIS 27, CIS 30A

Advisory: CIS 1A, CIS 27A, CIS 27B, CIS 40A

Description: Programming concepts for security assessment and system investigation using Python programming language. Overviews scripting techniques for security tasks, penetration testing and digital forensics investigation using the Python programming language. Write custom tools, developing basic software exploits for ethical hacking and risk assessment purposes. Build programs for web assessment to improve web application and data security. 48.00 hours lecture and 32.00 hours laboratory. (Letter grade only)

CIS-30D**Python Programming for Internet of Things (IoT)****3.00 Units**

UC, CSU

Prerequisite: CIS 30A

Advisory: CIS 1A, CIS 5

Description: Use Python and MicroPython to write programs in embedded systems and micro-controllers, such as digital and analog inputs/outputs instructions, controlling electrical components and sensors, establish communication with web-based servers and cloud storage. Overviews the use of Python in device interaction and building Internet of Things (IoT) data analytics. Incorporates programming in building automation on micro-boards and embedded systems. 48.00 hours lecture and 32.00 hours laboratory. (Letter grade only)

CIS-30E**Advanced Python Programming****3.00 Units**

UC, CSU

Prerequisite: CIS 30A

Advisory: CIS 1A, CIS 5

Description: Apply the principles of Python programming to import and manipulate data sets. Design scalable programs with application scaffolding. Explore abstract methods to maintain data consistency, clone objects using the prototype pattern, use the adapter pattern to make incompatible interfaces compatible and employ the strategy pattern to dynamically choose an algorithm. Build high-performance applications and learn about single core and multi-core programming, distributed concurrency, and Python design patterns. 48.00 hours lecture and 32.00 hours laboratory. (Letter grade only)

CIS-44**Portfolio Production****2.00 Units**

CSU

Prerequisite: None.

Description: Creative organization and presentation of a body of work exhibiting portfolio-quality aptitude. Covers all aspects of creation and presentation of a professional portfolio for students of multimedia majors such as 3D modeling, animation, game design, game programming, mobile applications development and graphic design. Students will edit existing work to emphasize individual strengths and areas of specialization. Compilation of a professional resume and mock interviews will be completed by each student. 18.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

CIS-59**Typography and Graphic Design****3.00 Units**

UC, CSU

Prerequisite: None.

Description: This course is a study of the fundamentals of typography including type anatomy, design, hierarchy, and aesthetic expression. Emphasis is placed on the process of design development from roughs to comprehensives, layout, and the use of type for effective communication. Industry standard software is used in the development of typographic and graphic design solutions appropriate for print, web and other media. 36.00 hours lecture and 72.00 hours laboratory. (Same as ADM-62) (Letter grade only)

CIS-61**Introduction to Database Theory****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: CIS 3 and CAT 30 or CAT 30A*

Description: An introduction to the core concepts in data and information management. It is centered around the core skills of identifying organizational information requirements, modeling them using conceptual data modeling techniques, converting the conceptual data models into relational data models and verifying its structural characteristics with normalization techniques, and implementing and utilizing a relational database using an industrial-strength database management system. The course will also include coverage of basic database administration tasks and key concepts of data quality and data security. In addition to developing database applications, the course helps the students understand how large-scale packaged systems are highly dependent on the use of Database Management Systems (DBMSs). Building on the transactional database understanding, the course provides an introduction to data and information management technologies that provide decision support capabilities under the broad business intelligence umbrella. 54.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Same as CSC-61) (Letter grade or Pass/No Pass option)

CIS-63**Introduction to Structured Query Language (SQL)****3.00 Units**

UC, CSU

Prerequisite: None.

Description: Introduction to the relational database management system industry standard - Structured Query Language (SQL). Students will analyze, design, and implement database schema using the SQL programming language. SQL will be utilized to develop a database structure (DDL). The student will use SQL to create both Select and action queries(DML). Joins, Unions, Differences and sub-query statements will be covered. Both the Access and Oracle SQL statements will be covered. 45.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CSC-63) (Letter grade only)

CIS-66**Web Development I****3.00 Units**

CSU

Prerequisite: None.

Description: An introduction to the web technologies and languages. This course provides in depth understanding in the roles of markup and scripting languages to display text and multimedia content for basic web pages. Demonstrates the process by which the latest standard of HTML and construction of cascading style sheets frame generic content delivery. Functional extension is then applied through the use of Javascript and other relevant scripting languages, introducing dynamic functionality to web sites. Students will also become familiar with the use of web servers and file transfer protocol applications. 54.00 hours lecture and 18.00 hours laboratory. (Letter grade only)

CIS-77**Full Stack Web Development****8.00 Units**

CSU

Prerequisite: None.

Description: The course teaches students how to develop web-based applications (apps) and websites to prepare for entry level web media jobs and to provide resources and techniques to assist aspiring entrepreneurs in conceiving web-based start-up companies. This course prepares a student to become a full-stack web developer. Course is subdivided into three phases. The first phase teaches web-media development fundamentals such as HTML language, Cascading Style Sheets (CSS), and Javascript, and open source software tools, etc. The next phase introduces web apps and website programming tools for rapid deployment and for expanding the functionality of a project. During the last phase the student selects and develops a special project to demonstrate and showcase the newly acquired full-stack web development skills. 36.00 hours lecture and 324.00 hours laboratory. (Letter grade only)

CIS-78A**Introduction to Adobe Photoshop****3.00 Units**

CSU

Prerequisite: None.

Description: Introduction to Adobe Photoshop including mastery of digital image editing, selections, photo correction, image improvement, and vector drawing. Additional instruction in these skills: type manipulation, special effects, color correction, and web page illustrations. 54.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Same as CAT-78A) (Letter grade only)

CIS-78B**Advanced Adobe Photoshop****3.00 Units**

CSU

Prerequisite: CIS 78A or CAT 78A or ADM 71A

Description: Advanced techniques and methods for using Adobe PhotoShop to produce custom graphic solutions. Focus on real-world projects, workflow foundations, adjusting and optimizing images, and tips and tricks for enhanced image creation. 54.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Same as CAT-78B) (Letter grade or Pass/No Pass option)

CIS-79**Introduction to Adobe Illustrator****3.00 Units**

CSU

Prerequisite: None.

Description: Introduction to Adobe Illustrator, involving creating artwork for logos, illustrations, posters, perspective drawing and web content. Development of a working knowledge of creating graphic images and typography along with color use. 54.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Same as CAT-79) (Letter grade or Pass/No Pass option)

CIS-80**Word Processing: Microsoft Word for Windows****3.00 Units**

CSU

*Prerequisite: None.**Advisory: CAT 51*

Description: Develops introductory through advanced skills to format documents using Microsoft Word. Students create fliers, letters, memos, reports and office documents. Topics include mail merge and table basics and introduces advanced features and text editing tools of Microsoft Word. Students create reference documents, online forms and newsletters. Topics may include the use of macros and collaboration and integration tools. 45.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CAT-80) (Letter grade only)

CIS-81**Introduction to Desktop Publishing using Adobe InDesign****3.00 Units**

CSU

Prerequisite: None.

Description: Introduction to Adobe InDesign, the industry-standard publishing app. Design and publish high-quality documents across a full spectrum of digital and print media. 11.0601 54.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Same as CAT-81) (Letter grade or Pass/No Pass option)

CIS-90**Microsoft Outlook****3.00 Units**

CSU

Prerequisite: None.

Description: An introduction to the features of Microsoft Outlook. Students learn how to manage messages, schedule appointments, organize and manage tasks and contact lists, and customize Outlook for the workplace. Emphasis is placed on the use of Outlook for communication, sharing information, and productivity within a company or small business. 45.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CAT-90) (Letter grade or Pass/No Pass option)

CIS-93**Computers for Beginners****3.00 Units**

CSU

Prerequisite: None.

Description: A practical step-by-step introduction to computer literacy topics including computer hardware and software, application skills, the Internet and Internet searching, Web page creation, and computer ethics. 45.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CAT-93) (Pass/No Pass only)

CIS-98A**Introduction to Excel****1.50 Units**

CSU

Prerequisite: None.

Description: Introductory spreadsheet development using Microsoft Excel for business and scientific related applications. The course covers introductory through intermediate spreadsheet development. 18.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CAT-98A) (Letter grade only)

CIS-98B**Advanced Excel****1.50 Units**

CSU

Prerequisite: CAT 98A or CIS 98A

Description: Advanced concepts of Microsoft Excel including managing large spreadsheets, creating and working with databases, creating and using templates, and macro creation. Spreadsheet manipulation with advanced macro techniques, customizing Excel screen and toolbars and solving problems with goal seeker and solver. 18.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CAT-98B) (Letter grade or Pass/No Pass option)

CIS-200**Computer Information Services Work Experience****1.00-4.00****Units**

CSU

*Prerequisite: None.**Advisory: Students should have paid or voluntary employment.*

Description: Work Experience is designed to coordinate the student's on-the-job training with workplace skills designed to assist the student in developing successful professional skills. Each student will establish measurable learning objectives appropriate for their job and discipline. Students may earn up to four (4) units each semester, for a maximum of 16 units of work experience total. 60 hours of volunteer work or 75 hours of paid work during the semester are required for each unit. No more than 20 hours per week, out of the 60 or 75 requirement, may be applied toward the work requirement. The course consists of an 18 hours of orientation/professional skills development and 60 hours of volunteer work experience per unit with a maximum of 240 for four units per semester OR 75 hours of paid work experience per unit, with a maximum of 300 for four units per semester. (Letter grade or Pass/No Pass option)

COMM-Communication Studies**COMM-2****Introduction to Persuasion****3.00 Units**

(C-ID: COMM 190)

UC, CSU

Prerequisite: None.

Description: An examination of historical and contemporary approaches to persuasive messages throughout time. Focus on ethics, logic, reasoning, the presentation of persuasive appeals, and learning to construct, deliver, and critique persuasive messages to various audiences. Includes theoretical perspectives involving persuasion including Aristotelian and Ciceronian Canons of Rhetoric and strategies on construction, delivery, and critical analysis of persuasive messages. 54.00 hours lecture. (Letter grade only)

COMM-3**Critical Thinking, Argumentative Writing, and Debate****3.00 Units**

(C-ID: COMM 120)

UC, CSU

Prerequisite: ENGL C1000 or ENGL C1000H

Description: The central focus is instruction and practice in the composition of argumentation and the delivery of an active debate with other classmates to enhance critical thinking while refuting and rebuilding arguments. Students will participate in the examination of argumentation and debate including a systematic approach to the process of debate, theories of argumentation as related to topic analysis, research, case construction, refutation/rebuttals, cross-examination, utilization of sound reasoning, fallacies in reasoning, and the importance of ethical behavior in debate construction and presentation. Students will write a minimum of 5,000 words during the course. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

COMM-6**Small Group Communication****3.00 Units**

(C-ID: COMM 140)

UC, CSU

Prerequisite: None.

Description: Principles of communication in a variety of group contexts. Theory, application, and evaluation of group communication processes, including problem solving, conflict management, decision-making, and leadership. Oral group presentations required. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

COMM-7**Oral Interpretation of Literature****3.00 Units**

(C-ID: COMM 170)

UC, CSU

Prerequisite: None.

Description: Introduction to preparing and presenting oral interpretations of literature (prose, poetry, and drama) for an audience; understanding, analysis, appreciation, and application of theories of interpretive presentations of various forms of literature. The work of interpreting literature in the course is grounded in the field of communication studies. Principles and techniques of interpreting the literature are grounded in communication and rhetorical theory, performance studies, and provide opportunities for cultural enrichment, literary analysis, creative expression, and improved speaking ability. Oral presentations are required. 54.00 hours lecture. (Letter grade only)

COMM-9**Interpersonal Communication****3.00 Units**

(C-ID: COMM 130)

UC, CSU

Prerequisite: None.

Description: Provides an introduction to theories, perspectives, and research methods of interpersonal communication. Students will examine interpersonal communication competencies across a variety of relational contexts. Students may not receive credit for both COMM-9 and COMM-9H. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

COMM-9H**Honors Interpersonal Communication****3.00 Units**

(C-ID: COMM 130)

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the Honors Program.

Description: Enrollment in the Honors Program. Provides an introduction to theories, perspectives, and research methods of interpersonal communication. Students will examine interpersonal communication competencies across a variety of relational contexts. This Honors course offers an enriched experience for accelerated students through limited class size; seminar format; focus on primary texts; and greater application of higher level critical thinking skills. Students may not receive credit for both COMM-9 and COMM-9H. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

COMM-11**Storytelling****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A study of the history, theory, and practice of the oral art of storytelling. The historical and current practice of the oral tradition of both prose and poetry will be covered using a multicultural perspective. Students will research, prepare, and perform stories from a variety of genres and cultures. Oral presentations required. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

COMM-12**Intercultural Communication****3.00 Units**

(C-ID: COMM 150)

UC, CSU

Prerequisite: None.

Description: Introduction to the factors affecting intercultural communication focusing on culture, language, and social patterns and their influence on how members of groups relate among themselves and with members of different ethnic and cultural groups. Theory and knowledge of effective communication within and between cultures and appreciation and comparison of communication among diverse groups within the larger context of American culture are explored with an emphasis on self-evaluation and skill development. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

COMM-13**Gender and Communication****3.00 Units**

UC, CSU

Prerequisite: None.

Description: Examines how communication is used to understand and create gender within the spectrum from masculinity to femininity. Theoretical approaches are discussed to heighten awareness of the importance of communication as a variable in the development of this communication construct. Gender communication issues are examined through the investigation of assigned sex, society, historical and contemporary contexts. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

COMM-20**Introduction to Communication Theory****3.00 Units**

(C-ID: COMM 180)

UC, CSU

Prerequisite: None.

Description: A survey of the discipline of communication studies with emphasis on multiple epistemological, theoretical, and methodological issues relevant to the systematic inquiry and pursuit of knowledge about human communication. This course explores the basic history, assumptions, principles, processes, variables, methods, and specializations of human communication as an academic field of study. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

COMM-C1000**Introduction to Public Speaking****3.00 Units**

Formerly COM-1

(C-ID: COMM 110)

UC, CSU

Prerequisite: None.

Description: In this course, students learn and apply foundational rhetorical theories and techniques of public speaking in a multicultural democratic society. Students discover, develop, and critically analyze ideas in public discourse through research, reasoning, organization, composition, delivery to a live audience and evaluation of various types of speeches, including informative and persuasive speeches. Students will construct and present a minimum of three (3) faculty-supervised, faculty-evaluated speeches presented in front of a live (in-person or virtual) audience (one to many). Students may not receive credit for both COMM-C1000 and COMM-C1000H. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

COMM-C1000H**Introduction to Public Speaking - Honors****3.00 Units**

Formerly COM-1H

(C-ID: COMM 110)

UC, CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the Honors Program*

Description: In this course, students learn and apply foundational rhetorical theories and techniques of public speaking in a multicultural democratic society. Students discover, develop, and critically analyze ideas in public discourse through research, reasoning, organization, composition, delivery to a live audience and evaluation of various types of speeches, including informative and persuasive speeches. This is an honors course. Students will construct and present a minimum of three (3) faculty-supervised, faculty-evaluated speeches presented in front of a live (in-person or virtual) audience (one to many). This Honors course offers an enriched experience for accelerated students through limited class size; seminar format; focus on primary texts; and greater application of higher level critical thinking skills. Students may not receive credit for both COMM-C1000 and COMM-C1000H. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

CON-Construction Technology

CON-60**Introduction to Construction****3.00 Units**

CSU

Prerequisite: None.

Description: An overview of the basic concepts of construction, including city and regional planning, managing, contracting, designing, engineering, estimating, bidding, inspection and production work normally associated with construction. An overview of how building codes affect the design, materials and methods of constructing buildings and other projects. Students will be expected to participate in several field trips. 54.00 hours lecture. (Letter grade only)

CON-61**Materials of Construction****3.00 Units**

CSU

Prerequisite: None.

Description: An introduction to the materials used in the construction of buildings; identification of materials, their properties and uses. The characteristics and properties of such materials such as concrete, steel, timber, masonry, plaster, roofing and all other structural and ornamental materials. 54.00 hours lecture. (Letter grade only)

CON-62**Print Reading for Construction****3.00 Units**

CSU

Prerequisite: None.

Description: An overview of construction print and specification reading, the relationship of drawings and specifications to the contract and responsibilities of the inspector in interpreting the contract documents and in the inspection of the work. 54.00 hours lecture. (Letter grade only)

CON-63A**International Building Code****3.00 Units**

CSU

Prerequisite: None.

Description: Use of the International Building Code and the various related state and local ordinances in plan checking various building types for compliance with the codes and ordinances. 54.00 hours lecture. (Letter grade only)

CON-63B**Analysis of Revisions to the Uniform Building Code****3.00 Units**

CSU

Prerequisite: CON 63A

Description: An analysis which discusses the changes, amendments and the intent of the code. This analysis to provide to the building industry a concise understanding and purpose of facilitating the current code. In addition, the analysis of the revisions may be used as a plancheck and field inspection aid to ensure a better appraisal of the latest revisions. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

CON-63C**Analysis of Revisions to the Uniform Building Code****3.00 Units**

CSU

Prerequisite: CON 63A

Description: An analysis which discusses the changes, amendments and the intent of the code. This analysis to provide to the building industry a concise understanding and purpose of facilitating the current code. In addition, the analysis of the revisions may be used as a plancheck and field inspection aid to ensure a better appraisal of the latest revisions. 54.00 hours lecture. (Letter grade only)

CON-63D**Analysis of Revisions to the Uniform Building Code****3.00 Units**

CSU

Prerequisite: CON 63A

Description: An analysis which discusses the changes, amendments and the intent of the code. This analysis to provide to the building industry a concise understanding and purpose of facilitating the current code. In addition, the analysis of the revisions may be used as a plancheck and field inspection aid to ensure a better appraisal of the latest revisions. 54.00 hours lecture. (Letter grade only)

CON-64**Office Procedures and Field Inspection****3.00 Units**

CSU

Prerequisite: None.

Description: Office organization, procedures and necessary paper work pertinent to building and safety office management and inspection. Field inspection for completed buildings, zoning, health and safety ordinance application. Several field trips. 54.00 hours lecture. (Letter grade only)

CON-65**Plumbing Code****3.00 Units**

CSU

Prerequisite: None.

Description: Review of plumbing codes including discussion and analysis of the application of physical laws in development of the code requirements. 54.00 hours lecture. (Letter grade only)

CON-66**National Electrical Code****3.00 Units**

CSU

Prerequisite: None.

Description: Review of electrical codes including discussion and analysis of the application of physical laws in development of the code requirements. 54.00 hours lecture. (Letter grade only)

CON-67**Mechanical Code****3.00 Units**

CSU

Prerequisite: None.

Description: This course will examine the complete requirements for the installation and maintenance of heating, ventilating, cooling and refrigeration systems as promulgated in the Uniform Mechanical Code. 54.00 hours lecture. (Letter grade only)

CON-68**Simplified Engineering for Building Inspectors****3.00 Units**

CSU

Prerequisite: None.

Description: Introduction to basic engineering. Fundamental static and stress formulas. Shear and moment diagrams and their applications. Properties of sections and their uses. Design of wood joists, beams, posts and use of tables with practical composite design applications. 54.00 hours lecture. (Letter grade only)

CON-70**Fundamentals of Soils Technology****3.00 Units**

CSU

Prerequisite: None.

Description: Field inspection and testing of soils and rock for grading and building contractors. A systematic approach to soil classification, strength, compressibility and expansive characteristic is covered. Methods of observation and foundation types are considered in detail. A survey of engineering and analysis is made. 54.00 hours lecture. (Letter grade only)

CON-71**Energy Conservation Standards****1.50 Units**

CSU

Prerequisite: None.

Description: Administrative regulations and codes that regulate the energy conservation for new residential buildings. Energy measures and mandatory features and devices that must be installed in new residential buildings and the enforcement by local building departments. 27.00 hours lecture. (Letter grade only)

CON-72**California State Accessibility Standards****1.50 Units**

CSU

Prerequisite: None.

Description: Examines the provisions of Title 24 accessibility standards of the California International Building Code for application in the construction industry. These legal requirements establish minimum facility accessibility standards and requirements to provide or improve access to and use by people with physical disabilities. Students will gain an understanding of the legal requirements and will interpret, analyze, and apply these provisions to various construction, alteration, remodeling, repair, and use of building and related facilities. 27.00 hours lecture. (Letter grade only)

CON-73**Project Planning for Site Construction****3.00 Units**

CSU

Prerequisite: None.

Description: Organization, procedures, and necessary paperwork pertinent to the planning and construction of site improvements. Site analysis by evaluating the needs of the property as well as the needs of those using the property and the design correlations with scope, specifications, and control of local, state, and federal agencies. 54.00 hours lecture. (Letter grade only)

CON-74**Construction Estimating****3.00 Units**

CSU

*Prerequisite: None.**Corequisite: CON 62*

Description: Introduction to estimating will provide an overview of basic and advanced principles of construction estimating and bidding currently used in the construction industry from pre-bid to post-bid. This course will be taught utilizing Construction Specifications Institute format (www.csinet.org). 54.00 hours lecture. (Letter grade only)

CON-80**Construction Scheduling****3.00 Units**

CSU

Prerequisite: None.

Description: Construction Scheduling will provide an overview of the uses and the types of schedules that are used in the preconstruction and construction stages of a project. 54.00 hours lecture. (Letter grade only)

CON-200**Construction Technology Work Experience****1.00-4.00****Units**

CSU

Prerequisite: None.

Advisory: Students should have paid or voluntary employment

Description: Work Experience is designed to coordinate the student's on-the-job training with workplace skills designed to assist the student in developing successful professional skills. Each student will establish measurable learning objectives appropriate for their job and discipline. Students may earn up to four (4) units each semester, for a maximum of 16 units of work experience total. 60 hours of volunteer work or 75 hours of paid work during the semester are required for each unit. No more than 20 hours per week, out of the 60 or 75 requirement, may be applied toward the work requirement. The course consists of an 18 hours of orientation/professional skills development and 60 hours of volunteer work experience per unit with a maximum of 240 for four units per semester OR 75 hours of paid work experience per unit, with a maximum of 300 for four units per semester. (Letter grade or Pass/No Pass option)

CON-862**Print Reading for Construction****0.00 Units***Prerequisite: None.*

Description: An overview of construction print and specification reading, the relationship of drawings and specifications to the contract and responsibilities of the inspector in interpreting the contract documents and in the inspection of the work. 54 hours lecture. (Letter grade or pass/no pass). 54.00 hours lecture. (Letter grade or Pass/No Pass option)

CRP-402B**Slabs/Interior-Exterior Footings****1.00 Unit***Prerequisite: None.*

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Techniques and procedures used in the layout and setting of footing forms according to prints and shop drawings. Introduction of slab construction for casting tilt up panels will be discussed. Acceptable elevation tolerances, proper concrete placement, and slab leveling will be stressed. 20.00 hours lecture and 20.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-403A**Tilt-Up Introduction****1.00 Unit***Prerequisite: None.*

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Familiarizes tilt-up students with basic panel types and typical construction methods used in the tilt-up industry. Identifies panel features, applications, specialty hardware, and provides an overview of the construction and placement of tilt-up panels. 20.00 hours lecture and 20.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-404**Lifting and Bracing Safety - Site Awareness****1.50 Units***Prerequisite: None.*

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Lifting procedures and accident prevention measures necessary to safely raise and place tilt-up panels. Students will be introduced to various types of bond breakers used in the industry. Product catalogs will be used to review the proper use of each product. Safety practices on the connection points and bracing of wall panels will be discussed in detail. Manufacturers' specifications for specific hardware used to secure temporary braces will also be covered. Students will review all safety aspects of rigging and setting panels with the crane. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-Carpentry

CRP-404A**Lifting and Bracing Safety - Lifting Awareness****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Lifting procedures and accident prevention measures necessary to safely raise and place tilt-up panels. Students will be introduced to various types of bond breakers used in the industry. Product catalogs will be used to review the proper use of each product. Safety practices on the connection points and bracing of wall panels will be discussed in detail. Manufacturers' specification on specific hardware used to secure temporary braces will also be covered. Students will review all safety aspects of rigging and setting panels with the crane. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-404B**Poured-in-Place Wall Forms****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Poured-in place wall systems highlighting decorative finish applications. Both basic formwork procedures and additional techniques to create embellished wall details on finished concrete surfaces will be presented. Students will identify materials such as exposed aggregate, faux veneers, and various artistic impressions used to create architectural features as part of the finished surface design. The importance of formwork alignment and reinforcement will be emphasized during manipulative exercises. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-404C**Print Reading - Symbols****2.00 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Basic visualization skills needed for reading and interpreting construction prints. Views, elevations, and the role of specifications as they relate to insulation details on prints will be discussed. An awareness of sustainable and green building practices will be covered during the course. 36.00 hours lecture and 20.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-405A**Wall-Column Forms/Cutting and Burning****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Forming methods and techniques used in the construction of reinforced concrete walls and columns. Form design, print reading, estimating, and hands-on projects for single and double waler forming systems will be included. Students will be introduced to safe operating and cutting procedures for the oxygen-acetylene torch. 27.00 hours lecture and 18.00 hours laboratory.

CRP-405B**Site Work/Curb and Gutter****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Forming methods and techniques used in the construction of site work, curbs, and gutters. Site work layout, elevation, and construction practices will be presented. Jobsite safety, print interpretation, material identification, and site preparation will be included in the training. Students will construct sidewalk, curb, and gutter forms to print specifications. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-405C**Specialized Forms and Rigging****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Construction of specialized forms used to create exterior architectural design features on tilt-up buildings. An emphasis will be placed on interpretation of design feature details on prints, location of rigging points, and building methods for selected forms. In addition to concrete calculations, practical assignments will focus on rigging safety, load formulas, lifting hardware and procedures. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-421A**Orientation - Hand Tools Safety****2.00 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Overview of the construction industry, safety overview, with a focus on tool identification and use. Upon successful completion, students will receive OSHA 10 Hour and Powder Actuated Tool Certifications. 36.00 hours lecture and 10.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-421B**Safety and Health Certifications - Hand & Power Tools Applications****2.00 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Hand/power tool and equipment skill development for various construction applications. Scaffold building and equipment operating procedures will also be covered. Financial and life skills relevant to surviving the construction industry will be presented. Upon successful completion, students will be issued United Brotherhood of Carpenters (UBC) Scaffold Erector-Welded Frame Qualification. 36.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-421C**Basic Wall Framing****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Wall construction theory, methods, and procedures required to frame basic residential walls. Practical experience using proper tool techniques and appropriate materials will provide students with fundamental skill development. An introduction to print reading will prepare students to locate measurements for determining wall lengths and size of openings. Students will perform basic wall layout tasks, use plating procedures, and assemble and brace framing before aligning and completing the selected wall construction project to industry standards. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-421E**Tool/Equipment Applications - Emergency Response Procedures****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Hand/power tool and equipment skill development for various construction applications. Scaffold building and aerial lift safety and operating procedures will also be covered. Upon successful completion, students will be issued United Brotherhood of Carpenters (UBC) Aerial Lift and Scaffold Erector-Welded Frame Qualification Cards. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-422A**Commercial Floor Framing****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Floor joist construction and the various installation techniques used in the commercial industry. Students will interpret floor plans for job planning, identify floor joist system, and calculate material take offs. Integration of wall plating, joist layout, and floor sheathing methods will be included. Instruction will incorporate measuring skills, use of math operations, specialty hardware applications, and identification of appropriate building codes. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-422B**Basic Stairs****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Introduction to stair framing theory, terminology, and construction techniques. Students will interpret floor plans and drawing elevations for job planning, and to layout and detail stair stringers. Methods for calculating the number of stairs, landing height, stair threads, and riser dimensions will be presented and practiced. Instruction will include measuring skills, mathematical principles, stair and handrail fabrication, assembly and installation. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-422D**Exterior Finish Details****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Terminology, design considerations, and construction techniques for various types of exterior detail installations. Students will use plan views and drawing elevations for job planning activities, including calculating dimensions and materials, identifying wall covering types and other exterior construction details. Students will apply the construction techniques presented to complete various exterior detail installations to print specifications. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-422E**Commercial Roof Framing****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Introduction to basic gable roof framing, terminology, and construction methods. Students will interpret plan and elevation views to determine rafter systems and layout details to complete project assignments. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-423B**Basic Roof Framing****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Introduction to basic gable roof framing, terminology, characteristics, and construction methods. Students will interpret print views and drawing elevations for job planning, and to determine rafter systems and layout details. Basic rise, run, rafter angles and length calculations will be practiced. Framed wall construction will be incorporated to facilitate the gable roof assembly techniques and installation procedures that are the focus of this training. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-423C**Advanced Roof Framing****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Advanced skills used to frame hip roof types, and includes terminology, roof characteristics, and construction methods. Students will interpret print views and elevations for job planning to determine hip roof rafter systems and layout details. Students will perform rise, run, rafter angles and length calculations. Framed wall construction will be incorporate to facilitate the hip roof assembly techniques and installation procedures that are the focus of this training. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-424A**Basic Commercial Framing****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Introduction to basic wall framing theory and commercial construction techniques. Floor plan interpretation will be used by students for job planning, design recognition, and to determine materials. Students will layout and detail wall plates for locating basic wall components and door openings typically found on commercial projects. Instruction will include measuring skills, mathematical principles, wall assembly and installation procedures, and detail how structural connections are made. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-424B**Advanced Commercial Framing****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Advanced commercial wall framing theory and construction techniques with structural hardware and shear panel installation. Students will interpret floor plans for job planning to layout and detail plates for complex wall configurations, rake walls and wall openings. Instruction will include measuring skills, use of mathematical principles, wall construction, plywood shear panel installation, and structural hardware attachment. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-424C**Panelized Roofing****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Structural components and building techniques associated with heavy timber construction and panelized roof systems. The advantages and types of manufactured wood used, and their load carrying strength, span, and spacing will be discussed. A distinction between standard post and beam, and heavy timber construction will be emphasized. Students will interpret floor plan, section views and drawing elevations for job planning to layout and construct a heavy timber post and beam supported panelized roof. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-424D**Transit Level/Laser****2.00 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Terminology, optical principles, and operating procedures for the transit and laser levels. 36.00 hours lecture and 10.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-424E**Total Station I****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Evolution of survey and layout instruments and the advantages of using a total station for building layout over traditional methods. Students will set up a total station and configure the software. Exercises will include working in teams to stake out points and record point data using the total station. Equipment maintenance and troubleshooting are also discussed. 30.00 hours lecture and 10.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-425**Welding Fabrication****1.00 Unit**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Introduction to the layout, cutting, and basic welding skills used in the fabrication process. The students will practice using oxy-acetylene equipment and accessories to setup, cut, shape, grind, weld, file, heat, and bend metal parts. Training will include fundamental arc welding techniques to fabricate project components. 20.00 hours lecture and 20.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-425A**Foundations and Flatwork****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Design and function of several types of foundations and concrete flatwork. The methods, techniques, and procedures for formwork layout, elevation, and construction will be presented and applied by students during practical assignments. Jobsite safety, print interpretation, material identification, and basic use of the builders' level will be included in the training. Students will construct three selected formwork projects. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade only)

CRP-425C**Advanced Stairs****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Enhances existing skills in the construction of basic stairs. Students will interpret floor plans and drawing elevations for job planning, and to layout and construct complex stair designs. Stair calculations will be adapted to determine the number of stairs, landing height, stair thread and riser dimensions. In addition to measuring skills, mathematical principles, stair and handrail fabrication and assembly, the installation techniques required for circular and u-shaped stair configurations will be covered. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-425D**Advanced Print Reading - Digital Planning****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Analyze multi-view drawings to determine construction type, locate benchmark and building elements; review codes, references, and perform calculations for construction planning. 30.00 hours lecture and 10.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-426A**Tilt-Up Panel Construction****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Layout techniques and building procedures for commercial structures using the tilt-up panel construction method. Various wall types, position, and sequence for raising panels will be discussed. Students will be able to explain the importance of layout methods in squaring panel formwork. A focus will be placed on identifying specific types of openings and on the location of finish floor and roof lines on prints. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-426B**Wall Forming****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Skills and procedures for forming reinforced concrete walls using single and double waler systems. Students will identify the characteristics and application of built-in-place, pre-fabricated, and specialty forms. Practical exercises will prepare students for locating wall forming information on project plans, calculating layout dimensions, and for estimating material requirements. Basic wall panel forming and reinforcement methods, material preparation, and hardware installation are included in training. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-426C**Gang Forms/Columns****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Formwork types, applications, and construction methods for gang and column forms using built and manufactured forming systems. Discussions will cover heavy timber gang forms and use of taper ties, bracing, and bulkhead tables. The course project will include gang and column formwork construction, assembly, and hardware using selected manufactured products. Related safety, mathematics and print reading will be covered in the training. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-426D**Abutments****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Formwork construction skills for the abutment support structure used in most bridges and heavy highway projects. Students will identify abutment anatomy and will be instructed on footing layout, form detailing, and construction techniques used in the industry. Terminology, components, form materials, building code requirements, and sequence of construction will be presented. Students will work collaboratively to complete an abutment formwork project including keyway, panel, head wall and wing wall construction. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-427C**Beam and Deck Forming****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Introduces the use of various woods, and patented forming systems for construction of concrete beams and decks. Students will identify formwork types and installation techniques including calculating materials and setting beam & deck forms. Metal beam forms and capitals will be highlighted. Additionally, layout and builders level skills will be used in this class. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-427D**Stairs and Ramp Forming****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Provides related and supplemental instruction for apprentice carpenters in the areas of the various techniques to form stairs and ramp structures; related safety, mathematics, and blueprint reading. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-428A**Bridge Construction****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Overview of bridge types and the skills required to perform standard bridge construction tasks. Students will be able to describe the purpose and function of exterior and interior girders, edge forms, bulkheads, and hinge forms. Bridge formwork project will include panel construction, assembly, and hardware installation tasks. Related safety, math and print reading will be covered in the training. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-428C**Intermediate Commercial Framing****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Enhances basic wall framing theory. Wall construction techniques are applied at increased skill levels. A review of basic wall framing and floor plans used for job planning, design recognition, and materials lists is included. Students will layout and detail wall plates for locating basic wall components and door openings. Instruction will include measuring skills, mathematical principles, wall assembly and installation procedures, and detail how structural connections are made. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-428E**Bridge Falsework****1.00 Unit**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Bridge falsework construction. Techniques for bent assemblies, base sub-assemblies, deck soffits and hardware installation will be presented. Falsework tasks will include rigging and alignment techniques. Related safety, math and print reading will be covered in the training. 20.00 hours lecture and 20.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-429A**Rigging****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Presents both lifting theory and practical rigging methods and procedures. The design, characteristics, and safety working load of lifting hardware will be discussed. Rigging attachment procedures, lifting equipment, limits of operation, and communication practices will be covered. Upon successful completion, students will be issued United Brotherhood Of Carpenters (UBC) Rigging Qualification Cards. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-429BJ**Rigging Qualification Studies - Journeyworker****0.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Overview of lifting theory and the practical rigging methods and procedures required to maintain industry credentials. Rigging standards, procedures, and communication practices will be covered. Upon successful completion, a student will be issued United Brotherhood of Carpenters (UBC) Rigging Qualification Cards. 9.00 hours lecture. (Letter grade or Pass/No Pass option)

CRP-429C**Solar Installer Level 1****1.00 Unit**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Industry overview and outlook for photovoltaic (renewable) energy production. Key terms and concepts of photovoltaic system operations will include solar cell technology, photovoltaic (PV) array configuration, series and parallel circuits, testing equipment, inspection, balance of system components, mounting methods, and applicable codes. Practical training will cover site analysis, system orientation based on site location, safety concerns, utilization of construction tools and skills for rooftop and ground mount system installations. Upon successful completion, students will receive a United Brotherhood of Carpenters (UBC) Solar Installer Level 1 Qualification Card. 20.00 hours lecture and 20.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-430A**Standard First Aid****1.00 Unit**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Enables carpenters to cope with accidents and emergency situations with the goal of protecting and saving lives. American Red Cross certificate available upon successful completion. 7.20 hours lecture and 36.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-433A**Cabinet Millwork and Assembly****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Cabinetry fabrication from design and function through the complete production process. An emphasis will be placed on print interpretation, job planning, and proper construction sequence. Countertops and hardware styles and types will be discussed. Students will use the methods and procedures presented to build a typical base unit. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-433B**Cabinet Installation****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Cabinet installation from establishing the design layout to attaching countertops. To enhance student's skill level an emphasis will be placed on print interpretation, job planning and proper installation sequence. Students will use the methods and procedures presented to install typical upper and lower cabinetry units and countertops. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-433C**Show Case and Loose Store Fixtures****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Basic cabinetmaking construction techniques for the installation of commercial store fixtures. Students' skill level will benefit from an emphasis placed on measuring, leveling, hand and power tool use, and safety. Students will interpret prints and material bills for the store fixture components included in the course project. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-433D**Molding and Trims****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: How moldings and trims are utilized to finish exterior and interior construction design features. Product styles, characteristics, applications, and installation methods are included in the discussions. The tools techniques for cutting, coping and installing various molding and trim types are presented and practiced throughout the training. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-434A**Plastic Laminates****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Installation of plastic laminates including function and design. Suitable materials, styles, and textures will be identified. Students will review prints to determine laminate type and calculate quantities. Installation methods and techniques for drop edge and back splash together with cleaning and repair will be emphasized. A countertop will be designed and installed to specifications. Correct use of tools and other equipment will be stressed. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-434B**Solid and Stone Surfaces****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Basic and advanced assembly and installation techniques for solid surface, natural stone, and manufactured materials. Various products, designs, materials, accessories, and safety considerations will be included. Students will use the procedures presented to fabricate countertops with backsplash, and create a design inlay. Open Entry/Open Exit. Previous Title: Apprenticeship Carpentry 034B, Solid Surface and Stone Countertops (2017). 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-434C**Stair Trim****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Various trims that are utilized to finish stair construction design features. Product styles, characteristics, applications, and installation methods are included in the discussions. The tools techniques for cutting and installing selected trim types are presented and practiced throughout the training. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-434D**Doors and Door Hardware****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Installation process for several types of security and exit door hardware. Discussion of electrical and card reader systems will be included. An emphasis will be placed on print interpretation, codes, door schedules, symbols, and hardware recognition. Students will use the methods and procedures presented to install selected door and hardware systems. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-435C**Exit and Electrical Security Devices****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Classification, types, models, codes, and uses for accident hazard exit ("panic") devices. A range of security products and door hardware used in the industry such as crossbars, latches, flush bolts, and kick plates will be discussed. Proper selection, installation and adjustment techniques for selected devices will be covered. Students will complete installation and adjustment of two types of exit devices. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-440CJ**Scaffold Erector, Standard 40 Hour - Journeyworker****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Basic techniques and procedures associated with frame, system, and tube and clamp scaffolds. Upon successful completion, a student will be issued a United Brotherhood Carpenters (UBC) Scaffold Qualification Card. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-440EJ**Scaffold Erector, Systems Scaffold - Journeyworker****0.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Basic techniques and procedures associated with system scaffold components. Focus on terminology, component identification, construction practices, and safety considerations. Students will erect typical configurations to industry standards using system scaffold components. Upon successful completion, a student will be issued a United Brotherhood Carpenters (UBC) Scaffold Qualification Card. 10.80 hours lecture and 8.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-441A**Powered Industrial Truck Operator - Rough Terrain****0.25 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: An overview for safe operation of rough terrain lift trucks for the construction industry, Code of Federal Regulations (CFR), and training requirements. Upon successful completion, students will be issued an United Brotherhood of Carpenters (UBC) Powered Industrial Truck Operator-Rough Terrain (RT) Qualification Card. 7.20 hours lecture and 2.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-441B**Powered Industrial Truck Operator****0.25 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: An overview for safe operation of industrial lift trucks for the construction industry, Code of Federal Regulations (CFR) regulations, and training requirements. Upon successful completion, a student will be issued an United Brotherhood of Carpenters (UBC) Powered Industrial Truck Operator-Industrial Truck (IT) Qualification Card. 6.00 hours lecture and 2.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-461A**Acoustical Ceilings****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Introduction to basic acoustical ceiling installation. Acoustical theory, engineering, and applicable building and seismic codes requirements will be covered. Students will install acoustical ceilings to industry standards using the proper techniques and procedures. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-461B**Advanced Acoustical Ceiling Layout****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Advanced layout methods used to complete complex acoustical system installations. Students will use the skills presented to complete selected multifaceted acoustical ceiling layout projects as part of this course. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-461C**Advanced Acoustical Ceiling Installation****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Advanced layout methods used to complete complex acoustical system installations. Students will use the tool and framing techniques presented to complete selected multifaceted acoustical ceiling layout projects. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-462**Standard Acoustical Grids****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Various grid patterns considered as standard for acoustical ceilings in the interior system construction industry. The methods and procedures used to form the patterns are the key focus of the course. Students will install several standard acoustical grid patterns to print specifications using the proper techniques and procedures. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-463**Suspended Ceilings****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Installation of suspended ceilings in various configurations. Includes both radius and square wall drywall suspension methods. Students will complete selected suspended ceiling installations using the techniques presented. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-464**Acoustical Soffits****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Construction of acoustical soffits in various configurations. Includes square and slant faced, tapered, concealed, drywall suspension, and sloped soffits methods. Students will complete selected acoustical soffit installations using the techniques presented. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-465**Prefab/Sound Panels****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Technical knowledge and skills needed for the installation of prefabricated wall and ceiling panel systems. Students will use the proper techniques and manufacturers' guidelines to install various types of prefabricated wall and ceiling panels. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-466**Concealed/Glue-Up/Staple-Up Systems****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Illustrates the design flexibility of concealed, semi-concealed ceilings and soffits using glue-up and staple-up systems. Students will employ the glue-up and staple-up techniques presented to install concealed grid ceiling system. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-467**Designer and Specialty Trims****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Specialty skills needed to produce professionally finished edges for designer ceiling installations. Students will use the techniques presented to produce multiple ceiling edge contours using the compasso trim system. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-468**Metal Pan and Security Systems****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Design, function, and installation of metal pan and security systems incorporated into construction of suspended ceilings. Students will demonstrate the ability to installation these components to direct wire and indirect channel suspension ceiling grid systems. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-471A**Orientation - Power Tools Safety****2.00 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Overview of the construction industry, safety overview, with a focus on tool identification and use. Upon successful completion, students will receive OSHA 10 Hour and Powder Actuated Tool Certifications. 36.00 hours lecture and 10.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-471B**Safety and Health Certifications - Scaffold****2.00 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Hand/power tool and equipment skill development for various construction applications. Scaffold building and equipment operating procedures will also be covered. Financial and life skills will be presented to help them survive in the construction industry. Upon successful completion, students will be issued United Brotherhood of Carpenters (UBC) Scaffold Erector-Welded Frame Qualification Card. 36.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-471C**Tool/Equipment Applications - Fall Protection****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Safe and appropriate use of fall protection, and emergency response procedures. Tool applications presented in this training will provide opportunities for tool skill mastery and equipment operation. Upon successful completion, students will be issued an American Red Cross First Aid/CPR Certification Card, and United Brotherhood of Carpenters (UBC) Fall Protection Qualification Card. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-472A**Basic Metal Framing****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: An overview of the use of metal framing materials in the construction of building interiors. A comparison of metal framing and typical wood framing techniques will be presented. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-472B**Basic Lathing****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Basic framing and lathing methods used in the industry for exterior/interior installations. Focus on exterior waterproofing, lath, and trim installation procedures. Students will use the skills presented to complete an exterior lathing project as part of this course. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-472C**Advanced Lathing****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be registered State indentured apprentice.

Description: Advanced methods and application techniques for lath and trim products used on exterior-interior metal framing. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-473A**Framing Ceilings and Soffits****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Materials used and their application for various types of fire rated walls, ceilings and soffits. Presents methods and procedures used for layout and template development. Drywall and trim applications are discussed. The types of tools used and their associated safety, applied math and print reading fundamentals are reviewed. Students will use the skills presented to complete a ceiling and soffit project as part of this course. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-473B**Framing Suspended Ceilings****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Installation of circular ceilings with drops, and drywall suspension in both square and circular grids. Students will complete selected suspended ceiling installations using the techniques presented. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-473C**Framing Curves and Arches****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Framing methods for curves and arches and their related structural limitations. Identifies the various wall and ceiling types and the layout principles, and materials used for each. Lath applications and trim are also discussed. Students will use the skills presented to complete a framing project that includes curves and arches. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-474A**Print Reading - Specifications****2.00 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Basic visualization skills for reading and interpreting construction prints. Views, elevations, and the role of specifications as they relate to insulation details on prints will be discussed. An awareness of sustainable and green building practices will be covered during the course. 36.00 hours lecture and 10.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-474B**Advanced Print Reading – Digital Application****2.00 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Analyze multi-view drawings to determine acoustical ceiling construction types, locate benchmark and building/wall elements; review codes, references, and perform calculations for construction/ceiling grid planning. 36.00 hours lecture and 10.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-474C**Air, Moisture, and Thermal Barriers****1.00 Unit***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Demonstrates that correctly installed air, moisture, and thermal barrier systems increase building envelope energy efficiency. Building sealing products and installation techniques will be the main focus of hands-on exercises. 20 hours lecture and 20 hours laboratory. (Letter Grade, or Pass/No Pass option.) 20.00 hours lecture and 20.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-475A**Light Gage Welding AWS - A****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Light gage welding methods and techniques. American Welding Society (AWS) welding processes, symbols, materials and safety procedures will be presented. Students will practice setting up equipment and identifying the proper electrode position and speed. Instruction will include an explanation of typical metal frame welding practices. An emphasis on hands-on experience using 6013 electrodes will reinforce proper use of the welding procedures. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-475B**Light Gage Welding LAC****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Light gage welding methods and techniques. American Welding Society (AWS) welding processes, symbols, materials and safety procedures will be presented. An emphasis on hands-on experience using 6010 electrodes will reinforce proper use of required welding procedures, and ability to perform welding tasks used to complete the Los Angeles City (LAC) certification process. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-475C**Light Gage Welding AWS - B****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Light gage welding methods and techniques. American Welding Society (AWS) welding processes, symbols, materials and safety procedures will be presented. An emphasis on hands-on experience using 6013 electrodes will reinforce proper use of required welding procedures, and ability to perform welding tasks used to complete AWS certification process. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-476A**Basic Hand Finishing****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Basic hand finishing skills using the correct tools and materials. Training will include terminology and description of finishing levels as well as hand tool manipulation techniques, material identification and selection criteria. Manufacturer's guidelines will highlight the environmental conditions for proper mixture preparation and use. Key discussions will draw attention to typical finish issues, causes, and solutions frequently employed. Tool techniques and application sequence and will be explained and demonstrated. The importance of mixture consistency, proper coating sequence will be stressed during level four hand finishing exercises. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-476B**Automatic Finishing Tools****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Methods, applications, and sequences of the bazooka, skim boxes, nail spotters and angle boxes. Students will be required to demonstrate the ability to tape in different situations and the ability to coat all field and butt joints. The levels of finishing and the various finish trims will be discussed. The operation of automatic taping and finishing machine tools including those newly introduced to the industry will be covered. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-477A**Drywall Installation/Finish Trims****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Introduction to drywall handling methods, applications, and recommended levels of drywall finish to achieve the desired aesthetics. An emphasis will be placed on trim attachment and finishing techniques. Various types of finish trim will be identified. Students must demonstrate proficiency in the proper use of automatic taping tools. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-477B**Advanced Hand Finishing****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Advanced methods and applications using hand tool techniques. The proper sequence of operation, phases and materials to be used in order to produce a higher level finished product to industry standards. Curved and radius wall characteristics for finish levels will be discussed. The course will cover wall frame components, materials used, surface preparation, and application methods. Students will complete a project to a Level Five standard. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-477C**Advanced Automatic Finishing Tools****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Advanced methods, applications, and sequences of the bazooka, skim boxes, nail spotters, and angle boxes. Students will be required to demonstrate the ability to tape in different situations and the ability to coat all field and butt joints. The levels of finishing and the various finish trims will be discussed. The operation of automatic taping and finishing machine tools including those newly introduced to the industry will be covered. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-478B**Advanced Metal Framing****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Review of basic metal framing followed by detailed procedures for framing curved, serpentine, and elliptical non-load bearing partitions. Using standard light gage components and other materials, students will learn advanced techniques to expedite work processes. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-478C**Wet Wall Finishes****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Industry methods, mediums, and typical application of wet wall finishes. Training will include terminology and description of industry standard finishing levels; application tool types and techniques, material identification and selection. Manufacturer's guidelines will highlight the environmental conditions for proper mixture preparation and use. Key discussions will draw attention to typical finish issues, causes for defects, and solutions frequently employed, and emphasize the selection and use of low volatile organic compounds (VOC) products. The importance of mixture consistency, proper coating sequence will be stressed during wet wall finishing exercises. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-478D**Ceiling and Soffit Finishing****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Develops an advanced level of finishing skill for applications with architecturally detailed ceilings and soffits. Students will be required to determine type and quantity of materials for various designs and differentiate between levels of finish. Guided practice with a combination of hand and automatic tool techniques will promote manipulative ability required for a successful result. A variety of finish trims will be integrated into each method of finish. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-479A**Drywall and Acoustical Ceilings****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Materials and methods used for acoustical ceilings combined with drywall installation. Seismic codes, materials, and requirements are also reviewed. Green building rating systems will be applied to selected acoustical and drywall materials. Installation for various grid systems will be discussed. Students will use the skills learned to complete a drywall-acoustical ceiling project. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-479C**Drywall Applications - Production Drywall Hanging****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Commercial and residential skills to properly handle and install drywall used in specialized applications. Productivity techniques will be discussed and practiced under jobsite conditions. Wall framing and drywall finishing methods will be incorporated into the hands-on activity. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-479D**Drywall Applications - Drywall Estimating****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Commercial and residential skills to properly handle and install drywall used in specialized applications. Productivity techniques will be discussed and practiced under jobsite conditions. Wall framing and drywall finishing methods will be incorporated into the hands-on activity. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-482B**S/B Firestop/Fireproofing Procedures****1.00 Unit***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Various firestop/fireproofing systems and methods used as fire protection and fire control. Key discussions will highlight applicable fire codes and industry standards for testing firestop/fireproof methods. Manufacturer's guidelines will identify application tool anatomy, instruction for job preparation, loading instructions, operating procedures, maintenance and care of equipment. Basic descriptions of penetration types and the materials used, including non-combustibles and B-Expands, will be covered. Students will apply and test firestop/fireproofing material in a controlled environment. 20.00 hours lecture and 20.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-482C**Decorative Trims and Textures****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Advanced hand and automatic tool finishing techniques used to apply decorative trims and special surface textures. Training includes product information for metal, paper, plastics and art beads. Special attention will be given to coating and sanding sequence of field and butt joints for selected surface textures. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-483**Door and Door Frames (Layout and Frame)****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: An introduction to the doors and door frames used in the interior systems industry. Incorporates applicable regulations governing door openings and door selection. Hardware, controlling and locking devices, and door layout and installation techniques will be included. Basic math and print reading will be covered, as will tool-related safety concerns. Students will use the skills presented to complete a selected door and door frame installation project as part of this course. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-483C**Door/Door Frames (Installation)****1.00 Unit**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: The installation process from constructing rough openings to hanging and adjusting doors. An emphasis will be placed on print interpretation, door schedules, symbols and hardware recognition. Students will use the methods and procedures presented to install selected frames and doors for wood framing applications. 20.00 hours lecture and 20.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-486A**Exterior Insulation Finish Systems (EIFS)****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: An introduction to exterior insulation finish systems including terminology, definitions, specifications, and properties. It will deal with reinforcing mesh installation and the application of insulation board. Application methods and techniques for primers and finishes will be presented. Students will use the skills presented to complete an EIFS installation project as part of this course. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-489**Freeform Lathing****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: A comprehensive study of the theory and techniques used for the development of freeform lathing projects. Enables students to interpret gridline drawings; layout and build lath cage work and apply the appropriate lath(s) to achieve the desired or designed form or structure. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-490**Residential Steel Stud Framing****1.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Provides the related and supplemental instruction required for interior systems apprentices in the new technology of cold-formed light gage steel framing for the residential market. Methods of constructing a structural floor, wall and truss system. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-494J**Confined Space - Journeyworker****0.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.

Description: Covers both CAL-OSHA and Federal Occupational Safety and Health Administration (OSHA) regulation for safe access, entry, and monitoring for confined space work. Upon successful completion, a student will be issued United Brotherhood of Carpenters (UBC) Confined Space Qualification Card. 14.40 hours lecture and 4.00 hours laboratory. (Letter grade or Pass/No Pass option)

CRP-495**Water Treatment Facilities****1.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Instruction in the detailing, layout, and construction of concrete formwork and waterstop used in water treatment facilities. 27.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

CSC-Computer Science

CSC-2**Fundamentals of Systems Analysis****3.00 Units**

CSU

Prerequisite: None.

Description: A systematic methodology for analyzing a business problem or opportunity, determining what role, if any, computer-based technologies can play in addressing the business need, articulating business requirements for the technology solution, specifying alternative approaches to acquiring the technology capabilities needed to address the business requirements, and specifying the requirements for the information systems solution in particular, in-house development, development from third-party providers, or purchased commercial-off-the-shelf packages. 45.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CIS-2) (Letter grade or Pass/No Pass option)

CSC-5**Programming Concepts and Methodology I:C++****4.00 Units**

(C-ID: COMP 122; ITIS 130)

UC, CSU

*Prerequisite: None.**Advisory: CIS 1A*

Description: Introduction to the discipline of computer science incorporating problem definitions, algorithm development, and structured programming logic for business, scientific and mathematical applications. The C++ language will be used for programming problems. 54.00 hours lecture and 54.00 hours laboratory. (TBA Option) (Same as CIS-5) (Letter grade only)

CSC-7**Discrete Structures****3.00 Units**

(C-ID: COMP 152)

UC, CSU

Prerequisite: CSC 5 or CIS 5

Description: This course is an introduction to the discrete structures used in Computer Science with an emphasis on their applications. Topics covered include: Functions, Relations and Set; Basic Logic; Proof Techniques; Basics of Counting; Graphs and Trees; and Discrete Probability. 45.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CIS-7) (Letter grade only)

CSC-11**Computer Architecture and Organization: Assembly****3.00 Units**

(C-ID: COMP 142)

UC, CSU

*Prerequisite: None.**Advisory: CSC 5 or CIS 5*

Description: An introduction to microprocessor architecture and assembly language programming. The relationship between hardware and software will be examined in order to understand the interaction between a program and the total system. Mapping of statements and constructs in a high-level language onto sequences of machine instructions is studied as well as the internal representation of simple data types and structures. Numerical computation is performed, noting the various data representation errors and potential procedural errors. 45.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CIS-11) (Letter grade only)

CSC-12**PHP Dynamic Web Site Programming****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: CIS 5 or CSC 5 and CIS 72A and CIS 14A or CSC 14A*

Description: Dynamic web site programming using PHP. Fundamentals of server-side web programming. Introduction to database-driven web sites, using PHP to access a database such as MySQL. Web applications such as user registration, content management, and e-commerce. This course is intended for students already familiar with the fundamentals of programming and HTML. 54.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Same as CIS-12) (Letter grade or Pass/No Pass option)

CSC-14A**Web Programming: JavaScript****3.00 Units**

CSU

*Prerequisite: None.**Advisory: Previous programming experience and knowledge of HTML, CIS 5 or CSC 5 and CIS 72A*

Description: Fundamentals of JavaScript programming for the world wide web for students already familiar with the fundamentals of programming and HTML. Language features will include control structures, functions, arrays, JavaScript objects, browser objects and events. Web applications will include image rollovers, user interactivity, manipulating browser windows, form validation and processing, cookies, creating dynamic content, and Dynamic HTML programming. 54.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Same as CIS-14A) (Letter grade or Pass/No Pass option)

CSC-17A**Programming Concepts and Methodology II: C++****3.00 Units**

(C-ID: COMP 132)

UC, CSU

Prerequisite: CIS 5 or CSC 5

Description: The application of software engineering techniques to the design and development of large programs; data abstraction, structures, and associated algorithms. A comprehensive study of the syntax and semantics of the C++ language and the methodology of Object-Oriented program development. 45.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CIS-17A) (Letter grade only)

CSC-18A**Java Programming: Objects****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: CIS 5 or CSC 5*

Description: An introduction to Java programming for students already experienced in the fundamentals of programming. An emphasis will be placed upon object-oriented programming. Other topics include graphical interface design and typical swing GUI components. 45.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Same as CIS-18A) (Letter grade or Pass/No Pass option)

DAN-Dance**DAN-6****Dance Appreciation****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A nontechnical course for the general student leading to the appreciation and understanding of dance as a medium of communication, entertainment, and as an art form. 54.00 hours lecture. (Letter grade only)

DAN-6H**Honors Dance Appreciation****3.00 Units**

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in Honors Program.

Description: A non-technical course for the general student leading to the appreciation and understanding of dance as a medium of communication, entertainment, and as an art form. This Honors course offers an enriched experience for accelerated students by means of limited class size, seminar format, discussions and projects generated and led by students, a focus on primary texts in translation, and the applications of higher-level thinking and writing skills - analysis, synthesis, and evaluation. Student may not receive credit for both DAN-6 and DAN-6H. 54.00 hours lecture. (Letter grade only)

DAN-D20**Introduction to Social Dance****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: An introduction to various social dance techniques. Styles studied will include Waltz, Cha cha, Fox trot, and Swing. 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

DAN-D21**Ballet, Beginning****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: An opportunity to learn, practice, and apply beginning level ballet skills and vocabulary. Introduction to historical and cultural context of ballet. May be taken a total of four times. 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

DAN-D31**Hip-Hop Dance, Beginning****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: Learn, practice and apply beginning hip-hop dance skills and vocabulary. Introduction to the historical and cultural context of hip-hop culture. 54.00 hours laboratory. (Letter grade only)

DAN-D32**Jazz, Beginning****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: Learn, practice, and apply fundamental jazz dance skills and vocabulary. Introduction to the historical and cultural context of jazz dance. 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

DAN-D37**Modern Dance, Beginning****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: Learn, practice, and apply fundamental modern dance skills and vocabulary. Introduction to the historical and cultural context of modern dance. May be taken a total of four times. 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

DAN-D46**Pilates Mat Work****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: Structured on the total body floor mat exercises developed by Joseph H. Pilates. Exercises include stretching and strengthening, in a non-impact system of floor work that emphasizes improving alignment, body awareness and control. 54.00 hours laboratory. (Letter grade only)

DFT-Drafting Technology

DFT-21

Drafting

3.00 Units

UC, CSU

Prerequisite: None.

Description: Fundamentals of Architectural and Mechanical Engineering drafting including lettering, instruments and their uses, geometric construction, types of projection, freehand drawing, sectioning, dimension, auxiliary views, and pictorial drawing. Recommended for beginners and students with up to one year of drafting in high school. 27.00 hours lecture and 81.00 hours laboratory. (Same as ENE-21) (Letter grade or Pass/No Pass option)

DFT-24

REVIT I-Architectural Drafting

3.00 Units

UC, CSU

Prerequisite: None.

Advisory: DFT 21 or DFT 30

Description: Introduction to methods and techniques used in the development of architectural construction documents for light frame structures (Type V construction) including construction theory, notation, materials symbols, drawing format and general practice. Using Computer-Aided Drafting (CAD) and Building Information Modeling (BIM-Revit I), this course will focus on the drawing of a set of plans to include a plot plan, foundation plan, floor plan(s), sections, exterior and interior elevations, electrical plan and basic structural details. Sketching techniques will also be covered. 27.00 hours lecture and 90.00 hours laboratory. (Same as ARE-24) (Letter grade or Pass/No Pass option)

DFT-27

Technical Communications

3.00 Units

CSU

Prerequisite: None.

Description: Procedures for organizing and presenting technical data through informal and formal documents and presentations. Includes practice in writing memoranda, letter reports, and formal technical reports. Also includes discussion of personal resume and preparation of job applications. 54.00 hours lecture. (Same as ELE-27, ENE-27) (Letter grade only)

DFT-30

Computer Aided Drafting (CAD)

3.00 Units

UC, CSU

Prerequisite: None.

Advisory: CIS 1A

Description: A two-dimensional computer aided drafting class for drafters. Students will use an AUTOCAD computer drafting system to develop "computer drawn" drawings, which are typical to the various fields of drafting. 27.00 hours lecture and 81.00 hours laboratory. (Same as ENE-30) (Letter grade or Pass/No Pass option)

DFT-31

Advanced Computer Aided Drafting (CAD)

3.00 Units

UC, CSU

Prerequisite: DFT 30 or ENE 30

Description: This course focuses on applying advanced AutoCAD skills in the design process to create models, drawings, and related documentation for a variety of applications and industries. Topics include blocks, attributes, external references, solid, mesh, and surface modeling, presentation, and photorealistic rendering. Students develop and apply skills in visualizing, creating, and editing 3D shapes for modeling, testing, rapid prototyping, and marketing. The course emphasizes improving productivity and developing modeling and presentation skills. 27.00 hours lecture and 81.00 hours laboratory. (Letter grade or Pass/No Pass option)

DFT-42

SolidWorks I

3.00 Units

UC, CSU

Prerequisite: None.

Advisory: CIS 1A

Description: The basic elements of engineering graphics communication are covered in this course with the emphasis on preparation and use of detail and assembly drawings and application of geometric tolerancing (ANSI Y14.5). Interpretation of engineering drawings, representation of threads and fasteners, and assembly drawings using SolidWorks will be included. 27.00 hours lecture and 81.00 hours laboratory. (Same as ENE-42) (Letter grade or Pass/No Pass option)

DFT-42B

SolidWorks II

3.00 Units

UC, CSU

Prerequisite: ENE 42 or prior SolidWorks experience.

Description: An advanced course in using the three-dimensional parametric solid-modeler SolidWorks. Designed to further 3D parametric solid modeling software techniques learned in SolidWorks I. Students will delve deeper into topics that were introduced in the first SolidWorks course such as extruding, sweeping, lofting, shelling, assemblies, and animation. 27.00 hours lecture and 81.00 hours laboratory. (Same as ENE-42B) (Letter grade or Pass/No Pass option)

DFT-51

Print Reading

2.00 Units

CSU

Prerequisite: None.

Advisory: ENE 21 or MATH 36

Description: A beginning course in the study of blueprints and their interpretation, types of projections, sections, symbols and abbreviations. This course is designed for students interested in engineering blueprint reading for the basic mechanical, electrical and machine trades. 27.00 hours lecture and 27.00 hours laboratory. (Same as ENE-51) (Letter grade or Pass/No Pass option)

DFT-52**Geometric Dimensioning & Tolerancing****3.00 Units**

CSU

Prerequisite: None.

Description: Presents the basics of the Standards of Geometric Dimensioning and Tolerancing. This course will help students read, interpret and use ANSI Y14.5M, the current standard for drafting. 36.00 hours lecture and 54.00 hours laboratory. (Same as ENE-52) (Letter grade or Pass/No Pass option)

DFT-60**Math for Engineering Technology****3.00 Units***Prerequisite: None.*

Description: A course in mathematical problems frequently used by students enrolled in the trade and industrial and engineering programs. A review of basic arithmetic, linear measurement, basic algebra, basic plane geometry, trigonometry, and compound angles. 54.00 hours lecture. (Same as ENE-60) (Letter grade or Pass/No Pass option)

DFT-62**Basic Fusion 360****3.00 Units**

CSU

*Prerequisite: None.**Advisory: CIS 1A*

Description: The basic elements of engineering graphics communication are covered in this course with the emphasis on preparation and use of detail and assembly drawings and application of geometric tolerancing (ANSI Y14.5). Interpretation of engineering drawings, representation of threads and fasteners, and assembly drawings using Autodesk Fusion 360 will be included. 27.00 hours lecture and 81.00 hours laboratory. (Letter grade or Pass/No Pass option)

DFT-63**Advanced Fusion 360****3.00 Units**

CSU

Prerequisite: DFT 42 or DFT 842 or ENE 42 or DFT 62 or DFT 862

Description: Provides theory and hands-on application of the design process, 3D modeling, prototyping, and manufacturing to students with prior modeling experience or coursework. Building upon drafting fundamentals, students develop skill in computer-aided solid modeling, additive manufacturing, and conventional machining processes. Students develop and refine modeling skills, produce prototypes, enhance presentation models, and use simulation and 3D printing tools to solve design problems individually and in teams. Additional topics include problem identification, concept generation, project management, risk reduction, file translation, virtual/augmented reality (VR/AR), quality control, and Computer Numerical Control (CNC). 27.00 hours lecture and 81.00 hours laboratory. (Letter grade or Pass/No Pass option)

DFT-200**Drafting Work Experience****1.00-4.00****Units**

CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Students should have paid or voluntary employment.

Description: Work Experience is designed to coordinate the student's on-the-job training with workplace skills designed to assist the student in developing successful professional skills. Each student will establish measurable learning objectives appropriate for their job and discipline. Students may earn up to four (4) units each semester, for a maximum of 16 units of work experience total. 60 hours of volunteer work or 75 hours of paid work during the semester are required for each unit. No more than 20 hours per week, out of the 60 or 75 requirement, may be applied toward the work requirement. The course consists of an 18 hours of orientation/professional skills development and 60 hours of volunteer work experience per unit with a maximum of 240 for four units per semester OR 75 hours of paid work experience per unit, with a maximum of 300 for four units per semester. (Letter grade or Pass/No Pass option)

DFT-830**Computer Aided Drafting (CAD)****0.00 Units***Prerequisite: None.**Advisory: CIS 1A*

Description: A two-dimensional computer aided drafting class for drafters. Students will use an AUTOCAD computer drafting system to develop "computer drawn" drawings, which are typical to the various fields of drafting. 27.00 hours lecture and 81.00 hours laboratory. (Letter grade or Pass/No Pass option)

DFT-831**Advanced Computer Aided Drafting (CAD)****0.00 Units***Prerequisite: DFT 30 or ENE 30 or DFT 830*

Description: This course focuses on applying advanced AutoCAD skills in the design process to create models, drawings, and related documentation for a variety of applications and industries. Topics include blocks, attributes, external references, solid, mesh, and surface modeling, presentation, and photorealistic rendering. Students develop and apply skills in visualizing, creating, and editing 3D shapes for modeling, testing, rapid prototyping, and marketing. The course emphasizes improving productivity and developing modeling and presentation skills. 27.00 hours lecture and 81.00 hours laboratory. (Letter grade or Pass/No Pass option)

DFT-842**SolidWorks I****0.00 Units***Prerequisite: None.**Advisory: CIS 1A*

Description: The basic elements of engineering graphics communication are covered in this course with the emphasis on preparation and use of detail and assembly drawings and application of geometric tolerancing (ANSI Y14.5). Interpretation of engineering drawings, representation of threads and fasteners, and assembly drawings using SolidWorks will be included. 27.00 hours lecture and 81.00 hours laboratory. (Letter grade or Pass/No Pass option)

DFT-842B**SolidWorks II****0.00 Units**

Prerequisite: DFT 42 or ENE 42 or DFT 842 or prior SolidWorks experience.

Description: An advanced course in using the three-dimensional parametric solid-modeler SolidWorks. Designed to further 3D parametric solid modeling software techniques learned in SolidWorks I. Students will delve deeper into topics that were introduced in the first SolidWorks course such as extruding, sweeping, lofting, shelling, assemblies, and animation. 27.00 hours lecture and 81.00 hours laboratory. (Letter grade or Pass/No Pass option)

DFT-862**Basic Fusion 360****0.00 Units***Prerequisite: None.**Advisory: CIS 1A*

Description: The basic elements of engineering graphics communication are covered in this course with the emphasis on preparation and use of detail and assembly drawings and application of geometric tolerancing (ANSI Y14.5). Interpretation of engineering drawings, representation of threads and fasteners, and assembly drawings using Autodesk Fusion 360 will be included. 27.00 hours lecture and 81.00 hours laboratory. (Letter grade or Pass/No Pass option)

DFT-863**Advanced Fusion 360****0.00 Units**

Prerequisite: DFT 42 or DFT 842 or ENE 42 or DFT 62 or DFT 862

Description: Provides theory and hands-on application of the design process, 3D modeling, prototyping, and manufacturing to students with prior modeling experience or coursework. Building upon drafting fundamentals, students develop skill in computer-aided solid modeling, additive manufacturing, and conventional machining processes. Students develop and refine modeling skills, produce prototypes, enhance presentation models, and use simulation and 3D printing tools to solve design problems individually and in teams. Additional topics include problem identification, concept generation, project management, risk reduction, file translation, virtual/augmented reality (VR/AR), quality control, and Computer Numerical Control (CNC). 27.00 hours lecture and 81.00 hours laboratory. (Letter grade or Pass/No Pass option)

EAR-Early Childhood Education**EAR-19****Observation and Assessment in Early Childhood Education****3.00 Units**

(C-ID: ECE 200)

CSU

*Prerequisite: None.**Advisory: EAR 20 and EAR 24*

Description: Introduces the appropriate use of assessment and observation tools and strategies to document young children's development and learning. The use of findings to inform and plan learning environments and experiences are emphasized. Recording strategies, rating systems, portfolios, and multiple assessment tools will be discussed, along with strategies for collaboration with families and professionals. 54.00 hours lecture. (Letter grade only)

EAR-20**Child Growth and Development****3.00 Units**

(C-ID: CDEV 100)

UC, CSU

Prerequisite: None.

Description: This introductory course examines the major physical, psychosocial, and cognitive/language developmental milestones for children, both typical and atypical, from conception through adolescence. Emphasis on interactions between maturational processes and environmental factors. While studying developmental theory and investigative research methodologies, students will observe children, evaluate individual differences, and analyze characteristics of development at various stages, and the importance of play. Child observations required. 54.00 hours lecture. (Letter grade only)

EAR-24**Introduction to Curriculum****3.00 Units**

(C-ID: ECE 130)

CSU

Prerequisite: None.

Description: An overview of knowledge and skills related to providing appropriate curriculum and environments for young children. Students will examine a teacher's role in supporting development and engagement for all young children. Provides strategies for developmentally-appropriate practice based on observation and assessments across the curriculum, including: academic content areas; play, art, and creativity; and development of social-emotional, communication, and cognitive skills. 54.00 hours lecture. (Letter grade only)

EAR-25**Teaching in a Diverse Society****3.00 Units**

(C-ID: ECE 230)

UC, CSU

Prerequisite: None.

Description: Examines the impact of various societal influences on children's development, personal and social identity, and school experiences. Becoming aware of difference and diversity to become culturally competent members of a diverse society. Covers developmentally appropriate, inclusive, culturally relevant, linguistically appropriate and anti-bias, anti-racist approaches. Self-examination and reflection on issues related to social identity, stereotypes, and bias will be explored. 54.00 hours lecture. (Letter grade only)

EAR-26**Health, Safety and Nutrition****3.00 Units**

(C-ID: ECE 220)

UC, CSU

Prerequisite: None.

Description: An introduction to the laws, regulations, standards, policies, procedures, and best practices related to health, safety, and nutrition in care and education settings for children birth through middle childhood. Covering the mental health, and safety for both children and staff will be identified along with the importance of collaboration with families and health professionals. Includes the teacher and classroom staff's role in prevention strategies, nutrition and meal planning, integrating health safety and nutrition experiences into daily routines, and overall risk management. 54.00 hours lecture. (Letter grade only)

EAR-28**Principles and Practices of Teaching Young Children****3.00 Units**

(C-ID: ECE 120)

CSU

Prerequisite: None.

Description: Historical contexts and theoretical perspectives of developmentally appropriate practice in early care and education for children birth through age eight, emphasizing the key role of relationships, and constructive adult-child interactions. Explores the professional identity, typical roles and expectations of early childhood educators. Identifies professional ethics, career pathways, promoting advocacy, professional standards. Introduces best practices for developmentally appropriate learning environments, curriculum, and effective pedagogy for young children, including how play contributes to children's learning, growth, and development. 54.00 hours lecture. (Letter grade only)

EAR-30**Practicum in Early Childhood Education****4.00 Units**

(C-ID: ECE 210)

CSU

Prerequisite: EAR 20 and EAR 24 and EAR 28 and EAR 42

Description: Students will demonstrate developmentally appropriate early childhood program planning and teaching competencies, under the supervision of ECE/CD faculty and other qualified early education professionals. Students will utilize practical classroom experiences to make connections between theory and practice, develop professional behaviors, and build a comprehensive understanding of children and families. Child-centered, play-oriented approaches to teaching, learning, and assessment; and knowledge of curriculum content areas will be emphasized as student teachers design, implement and evaluate experiences that promote positive development and learning for all young children. Reflective practice will be emphasized as student teachers design, implement, and evaluate approaches, strategies, and techniques that promote development and learning for children from varied backgrounds and experiences. Includes exploration of career pathways, professional development, and teacher responsibilities. 36.00 hours lecture and 108.00 hours laboratory. (Letter grade only)

EAR-33**Infant and Toddler Development****3.00 Units**

CSU

Prerequisite: None.

Description: A study of infants and toddlers from pre-conception to age three including physical, cognitive, language, social, and emotional growth and development. Applies theoretical frameworks to interpret behavior and interactions between heredity and environment. Emphasizes the role of family and relationships in development. 54.00 hours lecture. (Letter grade only)

EAR-34**Infant and Toddler Care and Education****3.00 Units**

CSU

Prerequisite: None.

Description: Applies current theory and research to the care and education of infants and toddlers in group settings. Examines essential policies, principles and practices that lead to quality care and developmentally appropriate curriculum for children birth to 36 months. 54.00 hours lecture. (Letter grade only)

EAR-38**Adult Supervision and Mentoring in Early Care and Education****3.00 Units**

CSU

Prerequisite: None.

Description: Methods and principles of supervising student teachers, volunteers, staff, and other adults in early care and education settings. Emphasis is on the roles and development of early childhood professionals as mentors and leaders. 54.00 hours lecture. (Letter grade only)

EAR-40**Introduction to Children with Special Needs****3.00 Units**

UC, CSU

Prerequisite: None.

Description: Introduces variations in development of children with special needs ages birth through eight and the resulting impact on families. Includes an overview of historical and societal influences, laws relating to children with special needs, and the identification and referral process. This course will include required observations of programs for infants and children with special needs and their families. 54.00 hours lecture. (Letter grade only)

EAR-41**Practicum in Early Intervention/Special Education****4.00 Units**

CSU

*Prerequisite: EAR 20 and EAR 24 and EAR 28 and EAR 42**Advisory: EAR 40 or EAR 46*

Description: Provides hands-on experience working with infants, toddlers and young children with special needs in a variety of early intervention and educational settings, including natural environments, self-contained special day and fully-included early childhood classrooms. Reflective practice is emphasized as student teachers design, implement, and evaluate approaches, strategies and techniques that promote development and learning. 36.00 hours lecture and 108.00 hours laboratory. (TBA Option) (Letter grade only)

EAR-42**Child, Family, and Community****3.00 Units**

(C-ID: CDEV 110)

UC, CSU

Prerequisite: None.

Description: The processes of socialization focusing on the interrelationship of family, school, and community. Examines the influence of multiple societal contexts. Explores the role of collaboration between family, community, and schools in supporting children's development, birth through adolescence. 54.00 hours lecture. (Letter grade only)

EAR-43**Children with Challenging Behaviors****3.00 Units**

UC, CSU

*Prerequisite: EAR 20**Advisory: EAR 19*

Description: An overview of the developmental, environmental and cultural factors that impact the behavior of young children, including family stressors, child temperament, violence, attachment disorders, and special needs; and proactive intervention and prevention techniques. Topics include addressing reasons children misbehave, how to carefully observe a child, how to create a positive environment to encourage appropriate behavior, and how to effectively address many types of behaviors including those that are aggressive and antisocial, disruptive, destructive, emotional and dependent. Outside observations required. 54.00 hours lecture. (Letter grade only)

EAR-44**Administration I: Programs in Early Childhood Education****3.00 Units**

CSU

Prerequisite: EAR 20 and EAR 24 and EAR 28 and EAR 42

Description: Introduction to the administration of early childhood programs. Covers program types, budget, management, regulations, laws, development and implementation of policies and procedures. Examines administrative tools, philosophies, and techniques needed to organize, open, and operate an early care and education program. 54.00 hours lecture. (Letter grade only)

EAR-45**Administration II: Personnel and Leadership in Early Childhood Education****3.00 Units**

CSU

*Prerequisite: EAR 20 and EAR 24 and EAR 28 and EAR 42**Advisory: EAR 44*

Description: Effective strategies for personnel management and leadership in early care and education settings. Includes legal and ethical responsibilities, supervision techniques, professional development, and reflective practices for a diverse and inclusive early care and education program. 54.00 hours lecture. (Letter grade only)

EAR-46**Curriculum and Strategies for Children with Special Needs
3.00 Units**

CSU

*Prerequisite: None.**Advisory: EAR 40*

Description: Covers curriculum and intervention strategies for working with children with special needs in partnership with their families. Focuses on the use of observation and assessment in meeting the individualized needs of children in inclusive and natural environments. Includes the role of the teacher as a professional working with families, collaboration with interdisciplinary teams, and cultural competence. 54.00 hours lecture. (Letter grade only)

EAR-47**Childhood Stress and Trauma
3.00 Units**

UC, CSU

Prerequisite: None.

Description: A comprehensive overview of concepts, theories, and issues related to childhood stress and trauma. Emphasis is on the short-and long-term effects that stress and trauma has on the physical, cognitive, language, social, and emotional stages of a child's development. Students will be introduced to child behavior patterns and potential responses to stress and trauma. Students will examine research and innovative methods that support the child's coping skills and healing process. This course is designed to develop an understanding of how children react and adapt to stress and trauma and what parents and early childhood practitioners can do to assist children. 54.00 hours lecture. (Letter grade only)

EAR-200**Early Childhood and Education Work Experience
1.00-14.00
Units**

CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Students should have paid or voluntary employment.

Description: Provides students with supervised paid or unpaid work experience in education and early childhood fields, designed to integrate classroom instruction with practical industry training. For the first unit of credit, students complete 18 hours of professional learning and 36 hours of on-the-job experience. Each additional unit is earned through 54 hours of supervised paid or unpaid work experience at an approved job site, up to a maximum of 14 units. Professional learning emphasizes career readiness, workplace communication, and reflection, while the work-site component provides hands-on experience in education and early childhood fields. 54.00 to 756.00 hours laboratory. (Letter grade only)

EAR-810**Family Child Care – Our Business
0.00 Units***Prerequisite: None.*

Description: Meets the specific needs of the family child care provider. Introduction to requirements for obtaining a license to operate a family child care business. Emphasis will be given to licensing requirements, developing contracts, professionalism and health and safety. Topics will include: Review of the National Association for Education of Young Children (NAEYC) code of ethical conduct, Thelma Harms Family Child Care Environment Rating Scale, licensing procedures, and family child care business practices. 8.00 hours lecture. (Pass/No Pass only)

EAR-811**Family Child Care – Our Curriculum
0.00 Units***Prerequisite: None.*

Description: Meets the specific needs of the family child care provider. Introduction to developmentally appropriate and culturally relevant curriculum. Emphasis on developing age appropriate activities and creating effective learning environment for children in a diverse family home day care setting. Topics include: Areas of development, age appropriate activities including language and literacy, math and science, music and movement, and creative arts; routines, schedules and systems; and the physical learning environment. 8.00 hours lecture. (Pass/No Pass only)

EAR-812**Family Child Care – Our Family and Community
0.00 Units***Prerequisite: None.*

Description: Meets the specific needs of the family child care provider. Introduction to stages of child development, best practices in supporting healthy growth and development of children birth to six years of age, and family and community resources. Emphasis on ages and stages of development, and effective communication and positive guidance for working in a diverse family home care setting. 8.00 hours lecture. (Pass/No Pass only)

ECON-Economics**ECON-4****Introduction to Economics
3.00 Units**

UC, CSU

Prerequisite: None.

Description: Introduces and surveys basic economic principles. Emphasizes the causes and consequences of the business cycle on output, employment, and prices, as well as basic supply and demand analysis across different market structures. Analysis further includes the role of the government in economic institutions. 54.00 hours lecture. (Letter grade only)

ECON-9**Economics of Poverty, Inequality and Discrimination****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: Intermediate Algebra and ENGL 50 or ENGL 80 or eligibility for ENGL-C1000.*

Description: This course examines the phenomenon of poverty and the role of discrimination as a potential contributing cause. The course has a strong policy focus including examination of recent policy debates on welfare reform and affirmative action. The course begins with a discussion of the definition and measurement of the poor in the US and in developing economies. This discussion is followed by an examination of differing views of the causes of poverty. Next, the role of racial, class, and sex discrimination in both education and the labor market is considered. The remainder of the class focuses on policy options including welfare programs, employment policies, and equal opportunity policies. 54.00 hours lecture. (Letter grade only)

ECON-C2001**Principles of Microeconomics****3.00 Units**

Formerly ECO-8

(C-ID: ECON 201)

UC, CSU

Prerequisite: Placement as determined by the college's multiple measures assessment process or completion of a course taught at or above the level of elementary algebra.

Description: An introductory course using microeconomic models to understand individual decisions by consumers and firms, market outcomes including market failure, elasticity, market structures, labor markets, inequality, and the impact of government policies. Students may not receive credit for both ECON-C2001 and ECON-C2001H. 54.00 hours lecture. (Letter grade only)

ECON-C2001H**Principles of Microeconomics - Honors****3.00 Units**

Formerly ECO-8H

(C-ID: ECON 201)

UC, CSU

Prerequisite: Placement as determined by the college's multiple measures assessment process or completion of a course taught at or above the level of elementary algebra. Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the Honors Program.

Description: An introductory course using microeconomic models to understand individual decisions by consumers and firms, market outcomes including market failure, elasticity, market structures, labor markets, inequality, and the impact of government policies. As Honors, this course offers an enriched experience for accelerated students through limited class size; seminar format; focus on primary texts; and application of higher-level critical thinking skills. Students may not receive credit for both ECON-C2001 and ECON-C2001H. 54.00 hours lecture. (Letter grade only)

ECON-C2002**Principles of Macroeconomics****3.00 Units**

Formerly ECO-7

(C-ID: ECON 202)

UC, CSU

Prerequisite: Placement as determined by the college's multiple measures assessment process or completion of a course taught at or above the level of elementary algebra.

Description: An introductory course using models of the domestic and international economy to understand national income, unemployment, inflation, economic growth, inequality, the financial system, and monetary, fiscal, and other economic policies. Students may not receive credit for both ECON-C2002 and ECON-C2002H. 54.00 hours lecture. (Letter grade only)

ECON-C2002H**Principles of Macroeconomics - Honors****3.00 Units**

Formerly ECO-7H

(C-ID: ECON 202)

UC, CSU

Prerequisite: Placement as determined by the college's multiple measures assessment process or completion of a course taught at or above the level of elementary algebra.

Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the Honors Program.

Description: An introductory course using models of the domestic and international economy to understand national income, unemployment, inflation, economic growth, inequality, the financial system, and monetary, fiscal, and other economic policies. As Honors, this course offers an enriched experience for accelerated students through limited class size; seminar format; focus on primary texts; and application of higher-level critical thinking skills. Students may not receive credit for both ECON-C2002 and ECON-C2002H. 54.00 hours lecture. (Letter grade only)

EDU-Education**EDU-1****Introduction to Elementary Classroom Teaching****4.00 Units**

(C-ID: EDUC 200)

UC, CSU

Prerequisite: None.

Description: Introduces students to the concepts and issues related to teaching diverse learners in today's contemporary schools, Kindergarten through grade 12 (K-12). Topics include teaching as a profession and career, historical and philosophical foundations of the American education system, contemporary educational issues, California's content standards and frameworks, and teacher performance standards. In addition to class time, the course requires a minimum of 54 hours of structured fieldwork in public school elementary classrooms that represent California's diverse student population, and includes cooperation with at least one carefully selected and campus-approved certificated classroom teacher. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

ELC-Electricity

ELC-11

DC Electronics

4.00 Units

CSU

Prerequisite: None.

Description: Basic electrical theory including Ohm's Law, the Power Law, the Current and Voltage Laws of Kirchhoff, Direct Current (DC) theory, time constants, multimeter measurements, magnetism, electromagnetism, resistors, capacitors, coils, transient analysis and DC Motors, voltage, current, resistance, power, series, parallel and complex series/parallel circuits. (Same as ELE-11.) 63.00 hours lecture and 27.00 hours laboratory. (Same as ELE-11) (Letter grade or Pass/No Pass option)

ELC-13

AC Electronics

4.00 Units

CSU

Prerequisite: ELE 10 or ELC 11 or ELE 11 or ELE 23

Description: Alternating Current (AC) theory, devices, circuits and applications--will include: resistance, reactance, impedance, capacitance, inductance, Ohm's Law, Power Law, sinusoidal waveforms, Peak, Peak-to-Peak and Root-Mean-Square (RMS) measurements, using an oscilloscope, signal generator and meter; applications of series and parallel networks of resistors, capacitors, inductors, transformers and other AC components; J-Factors and phasor-vector solutions to both simple and complex AC circuits; transient reactor analysis; phase-shift, phase-angle, and power-factor calculations and measurements. (Same as ELE-13.) 54.00 hours lecture and 54.00 hours laboratory. (Same as ELE-13) (Letter grade or Pass/No Pass option)

ELC-66

National Electrical Code

3.00 Units

CSU

Prerequisite: None.

Description: Review of electrical codes including discussion and analysis of the application of physical laws in development of the code requirements. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ELC-68

Fundamentals of Maintenance

4.00 Units

Prerequisite: None.

Description: Foundational skills training for maintenance technicians. Introduction to the basic maintenance and repair methods used in the facility maintenance profession. Preventative maintenance methods and strategies are explored as students receive training in the use of electronic measuring devices, meters, and scopes. Topics include activities focused upon basic electrical skills, basic pneumatics and hydraulics, basic mechanical skills, basic plumbing, basic principles of refrigeration, refrigerants, refrigeration components, preventative and corrective maintenance. Completion of this basic course will prepare students for a job as a Facility Maintenance Technician. 54.00 hours lecture and 54.00 hours laboratory. (Same as MAN-68) (Letter grade or Pass/No Pass option)

ELC-69

Fundamentals of Tooling and Test Equipment

2.00 Units

Prerequisite: None.

Description: An introduction to the tools and equipment used in the facility maintenance occupation, with an emphasis on the safe use, maintenance, and storage of a variety of tools and equipment. Introduces hand and power tools, test equipment, and wiring practices. 27.00 hours lecture and 27.00 hours laboratory. (Same as MAN-69) (Letter grade or Pass/No Pass option)

ELC-71

Residential Electrical Wiring

4.00 Units

CSU

Prerequisite: None.

Description: Introduces students to wiring methods commonly used in residential electrical wiring. Topics include wiring of electrical switches, receptacles, code requirements for kitchen, bathroom, GFI and AFI devices, raceways, and boxes. Laboratory allows students to wire and test sample wall and ceiling sections. 54.00 hours lecture and 54.00 hours laboratory. (Same as ELE-71) (Letter grade or Pass/No Pass option)

ELC-72

Commercial and Industrial Electrical Wiring

4.00 Units

CSU

Prerequisite: None.

Description: Wiring of commercial and industrial buildings including equipment grounding, service grounding, power distribution, conduit types, metal, plastic, flexible, bending and supporting, light distribution and blueprint reading. Hands-on lab experiences are selected to reinforce key theories. 54.00 hours lecture and 54.00 hours laboratory. (Same as ELE-72, MAN-72) (Letter grade or Pass/No Pass option)

ELC-73**Electric Motors and Transformers****4.00 Units**

Prerequisite: None.

Description: Enables electricians to understand and effectively wire most standard DC motors, servos and steppers, as well as many AC motors, including single and poly-phase units, from fractional horsepower to multi-horsepower, industrial giants. 54.00 hours lecture and 54.00 hours laboratory. (Same as ELE-73, MAN-73) (Letter grade or Pass/No Pass option)

ELC-74**Industrial Wiring and Controls****4.00 Units**

CSU

Prerequisite: None.

Description: Industrial controls and electrical wiring of modern facilities, manufacturing, or warehousing. Included will be production equipment, conveyor systems, hydraulic and pneumatic controls, power distribution, blueprint reading, electrical control wiring, PLC (programmable logic controller) control wiring, VFD (variable frequency drives) wiring and programming. 54.00 hours lecture and 54.00 hours laboratory. (Same as ELE-74, MAN-74) (Letter grade or Pass/No Pass option)

ELC-75**Solid State Devices and Lighting Controls****3.00 Units**

CSU

Prerequisite: None.

Description: Solid state devices (electronics), sensors, SCR (silicone control rectifier), transistors, proximity and light sensors used in most industrial and commercial installations. Different types of sensors used for controlling motors, conveyors, and lighting devices will be discussed. 36.00 hours lecture and 54.00 hours laboratory. (Same as ELE-75) (Letter grade or Pass/No Pass option)

ELC-76**Low Voltage Wiring and Alternate Energy Generation****3.00 Units**

CSU

Prerequisite: None.

Description: Introduces electricians to the specialized needs and requirements of institutional, educational and government entities, along with overlapping demands of other specialty areas that include access-control, security/safety, flood, fire and gas detection, environmental controls and renewable energy systems, patient-monitoring, nurse-call, closed-circuit television (CCTV), Internet-Intercom and phone systems and remote-monitoring and control applications. 36.00 hours lecture and 54.00 hours laboratory. (Same as ELE-76) (Letter grade or Pass/No Pass option)

ELC-77**Electrical Theory for Electricians****3.00 Units**

Prerequisite: None.

Description: An introduction to electrical theory, Ohm's Law, magnetism, electromagnetism, voltage, resistance, current, inductance, capacitance, reactance, impedance, Watts, Volt-Amps, VARs, current control devices, sensors and actuators phase angle, power-factor, transformers, motors, power distribution systems, and proper usage of electrical test equipment (meters). Student will learn concepts of electrical power, energy, Kirchoff's Laws, along with basic math to solve fundamental electrical problems for both alternating current (A.C.) and direct current (D.C.) circuits. Student will learn basic electrical safety procedures, including the proper use and requirements for personal protective equipment (PPE). 36.00 hours lecture and 54.00 hours laboratory. (Same as ELE-77, MAN-77) (Letter grade or Pass/No Pass option)

ELC-91**Fundamentals of Solar Energy****3.00 Units**

CSU

Prerequisite: ELE 77

Description: An introduction for students interested in a career in the solar industry. The fundamental principles and functions of photovoltaic industry will be introduced along with the planning, installation and maintenance of all necessary components for a photovoltaic system. The transmission and distribution of electric power will be reviewed and basic concepts of electricity, circuit identification, functions and operations of components will be surveyed. Basic Electrical Safety will also be covered. 36.00 hours lecture and 54.00 hours laboratory. (Same as ELE-91) (Letter grade or Pass/No Pass option)

ELC-400**Introduction to the Electrical Trades and Construction Safety****3.50 Units**

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Student is a registered State indentured apprentice.

Description: Focusing on electrical trades, students will examine safety issues surrounding construction job-sites and installation of electrical systems. Includes OSHA 10 Construction certification training, identification of job-site hazards, safe work practices and personal protective equipment for various construction site hazards. Care for breathing and cardiac emergencies along with basic first aid and automatic external defibrillator (AED) training for use on both adults and children. Substance abuse will be addressed. Basic math operations will be reviewed and reinforced. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELE-400) (Letter grade only)

ELC-401**Introduction to Electrical Theory, Basic Math Concepts, and the National Electric Code****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Provides an introduction to algebraic and trigonometric concepts and application of their principles to solve basic electrical equations and layout conduit bends. Teaches the student to apply basic electrical theory to predict circuit behavior. Basic conduit bending techniques will be developed. The National Electrical Code will be introduced. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELE-401) (Letter grade only)

ELC-402**Advanced DC Circuit Concepts, Introduction to 3-Phase AC Circuits, Test Equipment, and National Electric Code Applications****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Electrician circuit analysis techniques, series, parallel, and combination DC circuits, test equipment, National Electric Code (NEC), and elementary 3-Phase AC circuits will be introduced. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELE-402) (Letter grade only)

ELC-403**AC Circuit Concepts, Applied Electronics, and National Electric Code Applications****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Electrician AC theory including an exploration of inductance and capacitance and the effect of their combined reactants on AC circuits along with the application of electronic concepts and components. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELE-403) (Letter grade only)

ELC-404**Digital Logic Circuits, Conductor Characteristics, Applications, and National Electric Code (NEC)****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Digital logic concepts and their real-world application. Electrician identification, selection, and installation of electrical conductors in accordance with National Electrical Code (NEC). 45.00 hours lecture and 54.00 hours laboratory. (Same as ELE-404) (Letter grade only)

ELC-405**Electrician Blueprint Reading with Code Applications for National Electrical Code (NEC)****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Electrician studies of blueprints and specifications. Application of the National Electric Code will cover current protection, panel-boards, and lighting systems. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELE-405) (Letter grade only)

ELC-406**Grounding Systems, Advanced Blueprints and Specifications, Motor Design and Installation, and National Electric Code****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Advanced concepts for blueprints and specifications. Study of motor design and application and National Electric Code concepts. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELE-406) (Letter grade only)

ELC-407**Motor Control Principles, Generators and Power Supplies, with National Electric Code (NEC)****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Techniques for controlling AC and DC motors; students examine conventional and cutting-edge technologies for power generation. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELE-407) (Letter grade only)

ELC-408**Transformer Theory, Leadership, Management, and Test Equipment****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Explores electrician theory and field application of transformers, test equipment, including management and leadership principles for supervisors, along with special equipment for security systems for the grid. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELE-408) (Letter grade only)

ELC-409**Electrician Specialty Systems****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Examines specialty electrical systems commonly found in building construction. Includes fire alarm systems, closed-circuit television (CCTV) systems, telephone systems, cable television (CATV & MATV) systems, local area networks (LANs), fiber optic data systems, heating and air conditioning control systems, and lightning protection systems. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELE-409) (Letter grade only)

ELC-420**Introduction to Sound/Communication Trade Industry****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: An introduction to the sound and communication industry. Students will examine the fundamentals of wiring methods, fastening devices, electrical conductors, circuits, voltage and data communication. Basic math operations will be reviewed and reinforced. Care for breathing and cardiac emergencies along with basic first aid for use on both adults and children. Substance abuse will be addressed. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELE-420) (Letter grade only)

ELC-421**Electrical Theory and Practices DC****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Study of floor and plot plans, basic blueprint reading and circuit drawing, theory of magnetism, DC and AC generators, motors and transformers, on-the-job safety, first aid, electrical code, telephony and data communications. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELE-421) (Letter grade or Pass/No Pass option)

ELC-422**Electrical Theory and Practices AC****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Study of apprenticeship, electrical inductance, capacitance and reactance, including grounded conductors, branch circuits, transformer principles, RCL circuits and filters. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELE-422) (Letter grade or Pass/No Pass option)

ELC-423**Semiconductor Electronics****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Study of solid-state electronic theory and components, diodes, transistors, SCR, triacs, diacs, IC amplifiers and op amps. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELE-423) (Letter grade or Pass/No Pass option)

ELC-424**Introduction to Digital Electronics and Signaling Devices****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Introduction to digital electronic technology and electronic equipment. Instruction includes basic digital systems, binary and decimal numbering systems, decision-making logic circuits, Boolean Algebra, flip-flops, counters, shift registers, encoders, decoders, ROMs, DC to AC converters and organization of these component blocks to accomplish manipulation of data. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELE-424) (Letter grade or Pass/No Pass option)

ELC-425**Management/Alarms/Codes/Circuits****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Introduction to management, installation of security and fire alarm systems, the National Electrical Code as it relates to alarm installation and circuits as applied to alarm systems. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELE-425) (Letter grade or Pass/No Pass option)

ELC-499**Electrician Apprenticeship Work Experience****1.00-4.00****Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a State indentured apprentice.*

Description: This course provides students the opportunity to work in the electricians apprenticeship program for the purpose of developing specific skills to meet the goals and objectives of the electricians Joint Apprenticeship and Training Committee (J.A.T.C.). Students complete work experience hours at approved training sites. Students may take up to 16 units total across all work experience course offerings. This course may be taken up to four times when there are new or expanded learning objectives. Only one work experience course may be taken per semester. 60 hours of volunteer work experience (maximum of 240 hours) or 75 hours of paid work experience (maximum of 300 hours) are required for each enrolled unit. (Same as ELC-499) (Letter grade only)

ELE-Electronics**ELE-10****Survey of Electronics****4.00 Units**

CSU

Prerequisite: None.

Description: Basic electronic theory with laboratory. Topics include analog DC and AC devices, circuits, parameters, equations, diodes, transistors, thyristors, digital logic, integrated circuits, power supplies, amplifiers, oscillators, Ohm's Law, Watt's Law, Kirchoff's Law, and the use of electronic test and measurement equipment. 63.00 hours lecture and 27.00 hours laboratory. (Letter grade or Pass/No Pass option)

ELE-11**DC Electronics****4.00 Units**

CSU

Prerequisite: None.

Description: Basic electrical theory including Ohm's Law, the Power Law, the Current and Voltage Laws of Kirchoff, Direct Current (DC) theory, time constants, multimeter measurements, magnetism, electromagnetism, resistors, capacitors, coils, transient analysis and DC Motors, voltage, current, resistance, power, series, parallel and complex series/parallel circuits. (Same as ELC-11.) 63.00 hours lecture and 27.00 hours laboratory. (Same as ELC-11) (Letter grade or Pass/No Pass option)

ELE-13**AC Electronics****4.00 Units**

CSU

Prerequisite: ELE 10 or ELE 11 or ELE 21 or ELE 23

Description: Alternating Current (AC) theory, devices, circuits and applications--will include: resistance, reactance, impedance, capacitance, inductance, Ohm's Law, Power Law, sinusoidal waveforms, Peak, Peak-to-Peak and Root-Mean-Square (RMS) measurements, using an oscilloscope, signal generator and meter; applications of series and parallel networks of resistors, capacitors, inductors, transformers and other AC components; J-Factors and phasor-vector solutions to both simple and complex AC circuits; transient reactor analysis; phase-shift, phase-angle, and power-factor calculations and measurements. (Same as ELC-13.) 54.00 hours lecture and 54.00 hours laboratory. (Same as ELC-13) (Letter grade or Pass/No Pass option)

ELE-23**Electronic Devices and Circuits****4.00 Units**

CSU

*Prerequisite: None.**Advisory: ELE 13*

Description: Circuit applications and characteristics of discrete, and integrated circuit (IC) packages containing, diodes, bipolar junction transistors (BJTs), field-effect transistors (FETs), thyristors, op-amps (OAs), and opto-electronic devices. 63.00 hours lecture and 27.00 hours laboratory. (Letter grade only)

ELE-25**Digital Techniques****4.00 Units**

CSU

*Prerequisite: None.**Advisory: ELE 10 or ELE 11 or ELC 77 or ELE 23*

Description: Mathematics, number systems and logic circuits as they relate to modern electronic computers and digital systems. Boolean algebra, circuit simplifications and mapping are included. Basic gate and digital circuits (MSI-LSI) will be analyzed and integrated into complete systems. Digital counters, registers, encoders/decoders, converters and timing. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

ELE-26**Microcontrollers****3.00 Units**

CSU

*Prerequisite: None.**Advisory: ELE 25*

Description: Computer number systems, codes, and arithmetic functions; microcontroller functions, architecture, instruction sets, addressing modes, internal operations, PIA interfacing, and I/O operations. Introduction to operating systems. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

ELE-27**Technical Communications****3.00 Units**

CSU

Prerequisite: None.

Description: Procedures for organizing and presenting technical data through informal and formal documents and presentations. Includes practice in writing memoranda, letter reports, and formal technical reports. Also includes discussion of personal resume and preparation of job applications. 54.00 hours lecture. (Same as DFT-27, ENE-27) (Letter grade only)

ELE-28**MultiSim CAD & PCB Design/Fab****3.00 Units**

CSU

Prerequisite: None.

Description: This course covers MultiSim schematic capture, simulation, export to UltiBoard and UltiRoute. Basic Computer Aided Design (CAD)-Drafting, block diagrams, printed circuit board design-layout. The use of Computer Aided Design tools and electronics-library component-templates will be emphasized. PCB design and fabrication with through-hole and SMT/SMD devices. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

ELE-41**Introduction to Biomedical Equipment****3.00 Units**

CSU

Prerequisite: None.

Description: An introduction to biomedical equipment. Topics include identifying a variety of general medical and test equipment, perform preventative maintenance inspections, and troubleshooting the most common problems associated with each medical device. 36.00 hours lecture and 54.00 hours laboratory.

ELE-42**Troubleshooting Theory and Methodology in Biomedical Equipment****3.00 Units**

CSU

Prerequisite: ELE 23

Description: An introduction to the basic concepts and theories of biomedical equipment troubleshooting. Focuses on methodologies for identifying the problem, determining the probable cause, testing cause-hypothesis, creating a feasible solution, implementing, verifying the resolution, and adjusting for re-engagement and documentation. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

ELE-43**Biomedical Life Support Equipment Troubleshooting and Repair****3.00 Units**

CSU

*Prerequisite: None.**Advisory: ELE 41*

Description: Comprehensive training in the troubleshooting and repair of biomedical life support equipment. Designed for biomedical engineers, technicians, and other healthcare professionals responsible for maintaining and repairing critical medical devices. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

ELE-44**Network Troubleshooting and Methodology in Biomedical Equipment****2.00 Units**

CSU

Prerequisite: None.

Description: Networking principles, troubleshooting methodologies, and their application in biomedical equipment. Students will learn how to diagnose and resolve network issues in medical environments, ensuring the reliability and safety of critical medical devices and systems. 18.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

ELE-45**Capstone Project for Biomedical Equipment****2.00 Units**

CSU

Prerequisite: ELE 44

Description: This capstone curriculum is designed to provide students with theoretical knowledge and practical skills necessary for the repair and maintenance of biomedical equipment. The program covers diagnostics, troubleshooting, regulatory compliance, and preventive maintenance strategies 18.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

ELE-55**Occupational Safety and Health Administration (OSHA) Standards for General Industry****1.00 Unit***Prerequisite: None.*

Description: Covers OSHA policies, procedures, and standards, as well as safety for general industry and health principles. Topics include scope and application of the OSHA general industry standards. Special emphasis is placed on those areas that are the most hazardous, using OSHA standards as a guide. Upon successful course completion, the student will receive either an OSHA 10 hour general industry or construction industry training completion card. 18.00 hours lecture. (Same as MAN-55) (Letter grade or Pass/No Pass option)

ELE-61**Robotics for Manufacturing****3.00 Units**

CSU

Prerequisite: None.

Description: Programming and control of robotic systems typically used in industry. 36.00 hours lecture and 54.00 hours laboratory. (Same as MAN-61) (Letter grade or Pass/No Pass option)

ELE-63**LabVIEW Visual Programming for Automated Systems****3.00 Units**

CSU

*Prerequisite: None.**Advisory: CIS 1A*

Description: Prepares students to develop measurement and test systems, data acquisition, instrument control, data logging, and measurement analysis applications using LabVIEW. Students will create applications that acquire, process, display and store real world data. 36.00 hours lecture and 54.00 hours laboratory. (Same as MAN-63) (Letter grade only)

ELE-64**Programmable Logic Controllers****3.00 Units**

CSU

*Prerequisite: None.**Advisory: ELE 10 or ELE 11*

Description: Fundamentals of programmable logic controllers, with an emphasis on introductory programming of PLCs. Problem analysis with solutions that integrate programming formats, auxiliary commands and functions, common programming languages, and popular software programs used with PLCs. Installation, maintenance, troubleshooting and repair are inherent components. 36.00 hours lecture and 54.00 hours laboratory. (Same as MAN-64) (Letter grade or Pass/No Pass option)

ELE-67**Programmable logic controllers using Siemens****3.00 Units***Prerequisite: None.**Advisory: ELE 10 or ELE 11*

Description: Fundamentals of programmable logic controllers using Siemens controls, with an emphasis on introductory programming of PLCs. Problem analysis with solutions that integrate programming formats, auxiliary commands and functions, common programming languages, and popular software programs used with PLCs. Installation, maintenance, troubleshooting, and repair are inherent components. 36.00 hours lecture and 54.00 hours laboratory. (Same as MAN-67) (Pass/No Pass only)

ELE-71**Residential Electrical Wiring****4.00 Units**

CSU

Prerequisite: None.

Description: Introduces students to wiring methods commonly used in residential electrical wiring. Topics include wiring of electrical switches, receptacles, code requirements for kitchen, bathroom, GFI and AFI devices, raceways, and boxes. Laboratory allows students to wire and test sample wall and ceiling sections. 54.00 hours lecture and 54.00 hours laboratory. (Same as ELC-71) (Letter grade or Pass/No Pass option)

ELE-72**Commercial and Industrial Electrical Wiring****4.00 Units**

CSU

Prerequisite: None.

Description: Wiring of commercial and industrial buildings including equipment grounding, service grounding, power distribution, conduit types, metal, plastic, flexible, bending and supporting, light distribution, and blueprint reading. Hands-on lab experiences are selected to reinforce key theories. 54.00 hours lecture and 54.00 hours laboratory. (Same as ELC-72, MAN-72) (Letter grade or Pass/No Pass option)

ELE-73**Electric Motors and Transformers****4.00 Units***Prerequisite: None.*

Description: Enables electricians to understand and effectively wire most standard DC motors, servos and steppers, as well as many AC motors, including single and poly-phase units, from fractional horsepower to multi-horsepower, industrial giants. 54.00 hours lecture and 54.00 hours laboratory. (Same as ELC-73, MAN-73) (Letter grade or Pass/No Pass option)

ELE-74**Industrial Wiring and Controls****4.00 Units**

CSU

Prerequisite: None.

Description: Industrial controls and electrical wiring of modern facilities, manufacturing, or warehousing. Included will be production equipment, conveyor systems, hydraulic and pneumatic controls, power distribution, blueprint reading, electrical control wiring, PLC (programmable logic controller) control wiring, VFD (variable frequency drives) wiring and programming. 54.00 hours lecture and 54.00 hours laboratory. (Same as ELC-74, MAN-74) (Letter grade or Pass/No Pass option)

ELE-75**Solid State Devices and Lighting Controls****3.00 Units**

CSU

Prerequisite: None.

Description: Solid state devices (electronics), sensors, SCR (silicone control rectifier), transistors, proximity and light sensors used in most industrial and commercial installations. Different types of sensors used for controlling motors, conveyors, and lighting devices will be discussed. 36.00 hours lecture and 54.00 hours laboratory. (Same as ELC-75) (Letter grade or Pass/No Pass option)

ELE-76**Low Voltage Wiring and Alternate Energy Generation****3.00 Units**

CSU

Prerequisite: None.

Description: Introduces electricians to the specialized needs and requirements of institutional, educational and government entities, along with overlapping demands of other specialty areas that include access-control, security/safety, flood, fire and gas detection, environmental controls and renewable energy systems, patient-monitoring, nurse-call, closed-circuit television (CCTV), Internet-Intercom and phone systems and remote-monitoring and control applications. 36.00 hours lecture and 54.00 hours laboratory. (Same as ELC-76) (Letter grade or Pass/No Pass option)

ELE-77**Electrical Theory for Electricians****3.00 Units***Prerequisite: None.*

Description: An introduction to electrical theory, Ohm's Law, magnetism, electromagnetism, voltage, resistance, current, inductance, capacitance, reactance, impedance, Watts, Volt-Amps, VARs, current control devices, sensors and actuators phase angle, power-factor, transformers, motors, power distribution systems, and proper usage of electrical test equipment (meters). Student will learn concepts of electrical power, energy, Kirchoff's Laws, along with basic math to solve fundamental electrical problems for both alternating current (A.C.) and direct current (D.C.) circuits. Student will learn basic electrical safety procedures, including the proper use and requirements for personal protective equipment (PPE). 36.00 hours lecture and 54.00 hours laboratory. (Same as ELC-77, MAN-77) (Letter grade or Pass/No Pass option)

ELE-91**Fundamentals of Solar Energy****3.00 Units**

CSU

Prerequisite: ELE 77

Description: An introduction for students interested in a career in the solar industry. The fundamental principles and functions of photovoltaic industry will be introduced along with the planning, installation and maintenance of all necessary components for a photovoltaic system. The transmission and distribution of electric power will be reviewed and basic concepts of electricity, circuit identification, functions and operations of components will be surveyed. Basic Electrical Safety will also be covered. 36.00 hours lecture and 54.00 hours laboratory. (Same as ELC-91) (Letter grade or Pass/No Pass option)

ELE-200**Electronics Work Experience****1.00-4.00****Units**

CSU

Prerequisite: None.

Advisory: Students should have paid or voluntary employment.

Description: Work Experience is designed to coordinate the student's on-the-job training with workplace skills designed to assist the student in developing successful professional skills. Each student will establish measurable learning objectives appropriate for their job and discipline. Students may earn up to four (4) units each semester, for a maximum of 16 units of work experience total. 60 hours of volunteer work or 75 hours of paid work during the semester are required for each unit. No more than 20 hours per week, out of the 60 or 75 requirement, may be applied toward the work requirement. The course consists of an 18 hours of orientation/professional skills development and 60 hours of volunteer work experience per unit with a maximum of 240 for four units per semester OR 75 hours of paid work experience per unit, with a maximum of 300 for four units per semester. (Letter grade or Pass/No Pass option)

ELE-400**Introduction to the Electrical Trades and Construction Safety****3.50 Units***Prerequisite: None.*

Limitation on Enrollment (e.g. Performance tryout or audition): Student is a registered State indentured apprentice.

Description: Focusing on electrical trades, students will examine safety issues surrounding construction job-sites and installation of electrical systems. Includes OSHA 10 Construction certification training, identification of job-site hazards, safe work practices and personal protective equipment for various construction site hazards. Care for breathing and cardiac emergencies along with basic first aid and automatic external defibrillator (AED) training for use on both adults and children. Substance abuse will be addressed. Basic math operations will be reviewed and reinforced. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELC-400) (Letter grade only)

ELE-401**Introduction to Electrical Theory, Basic Math Concepts, and the National Electric Code****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Provides an introduction to algebraic and trigonometric concepts and application of their principles to solve basic electrical equations and layout conduit bends. Teaches the student to apply basic electrical theory to predict circuit behavior. Basic conduit bending techniques will be developed. The National Electrical Code will be introduced. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELC-401) (Letter grade only)

ELE-402**Advanced DC Circuit Concepts, Introduction to 3-Phase AC Circuits, Test Equipment, and National Electric Code Applications****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Electrician circuit analysis techniques, series, parallel, and combination DC circuits, test equipment, National Electric Code (NEC), and elementary 3-Phase AC circuits will be introduced. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELC-402) (Letter grade only)

ELE-403**AC Circuit Concepts, Applied Electronics, and National Electric Code Applications****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Electrician AC theory including an exploration of inductance and capacitance and the effect of their combined reactants on AC circuits along with the application of electronic concepts and components. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELC-403) (Letter grade only)

ELE-404**Digital Logic Circuits, Conductor Characteristics, Applications, and National Electric Code (NEC)****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Digital logic concepts and their real-world application. Electrician identification, selection, and installation of electrical conductors in accordance with National Electrical Code (NEC). 45.00 hours lecture and 54.00 hours laboratory. (Same as ELC-404) (Letter grade only)

ELE-405**Electrician Blueprint Reading with Code Applications for National Electrical Code (NEC)****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Electrician studies of blueprints and specifications. Application of the National Electric Code will cover current protection, panel-boards, and lighting systems. 46.0302 45.00 hours lecture and 54.00 hours laboratory. (Same as ELC-405) (Letter grade only)

ELE-406**Grounding Systems, Advanced Blueprints and Specifications, Motor Design and Installation, and National Electric Code****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Advanced concepts for blueprints and specifications. Study of motor design and application and National Electric Code concepts. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELC-406) (Letter grade only)

ELE-407**Motor Control Principles, Generators and Power Supplies, with National Electric Code (NEC)****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Techniques for controlling AC and DC motors; students examine conventional and cutting-edge technologies for power generation. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELC-407) (Letter grade only)

ELE-408**Transformer Theory, Leadership, Management, and Test Equipment****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Explores electrician theory and field application of transformers, test equipment, including management and leadership principles for supervisors, along with special equipment for security systems for the grid. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELC-408) (Letter grade only)

ELE-409**Electrician Specialty Systems****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Examines specialty electrical systems commonly found in building construction. Includes fire alarm systems, closed-circuit television (CCTV) systems, telephone systems, cable television (CATV & MATV) systems, local area networks (LANs), fiber optic data systems, heating and air conditioning control systems, and lightning protection systems. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELC-409) (Letter grade only)

ELE-420**Introduction to Sound/Communication Trade Industry****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: An introduction to the sound and communication industry. Students will examine the fundamentals of wiring methods, fastening devices, electrical conductors, circuits, voltage and data communication. Basic math operations will be reviewed and reinforced. Care for breathing and cardiac emergencies along with basic first aid for use on both adults and children. Substance abuse will be addressed. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELC-420) (Letter grade only)

ELE-421**Electrical Theory and Practices DC****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Study of floor and plot plans, basic blueprint reading and circuit drawing, theory of magnetism, DC and AC generators, motors and transformers, on-the-job safety, first aid, electrical code, telephony and data communications. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELC-421) (Letter grade or Pass/No Pass option)

ELE-422**Electrical Theory and Practices AC****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Study of apprenticeship, electrical inductance, capacitance and reactance, including grounded conductors, branch circuits, transformer principles, RCL circuits and filters. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELC-422) (Letter grade or Pass/No Pass option)

ELE-423**Semiconductor Electronics****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Study of solid-state electronic theory and components, diodes, transistors, SCR, triacs, diacs, IC amplifiers and op amps. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELC-423) (Letter grade or Pass/No Pass option)

ELE-424**Introduction to Digital Electronics and Signaling Devices****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Introduction to digital electronic technology and electronic equipment. Instruction includes basic digital systems, binary and decimal numbering systems, decision-making logic circuits, Boolean Algebra, flip-flops, counters, shift registers, encoders, decoders, ROMs, DC to AC converters and organization of these component blocks to accomplish manipulation of data. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELC-424) (Letter grade or Pass/No Pass option)

ELE-425**Management/Alarms/Codes/Circuits****3.50 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a registered State indentured apprentice.*

Description: Introduction to management, installation of security and fire alarm systems, the National Electrical Code as it relates to alarm installation and circuits as applied to alarm systems. 45.00 hours lecture and 54.00 hours laboratory. (Same as ELC-425) (Letter grade or Pass/No Pass option)

ELE-499**Electrician Apprenticeship Work Experience****1.00-4.00****Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Student must be a State indentured apprentice.*

Description: This course provides students the opportunity to work in the electricians apprenticeship program for the purpose of developing specific skills to meet the goals and objectives of the electricians Joint Apprenticeship and Training Committee (J.A.T.C.). Students complete work experience hours at approved training sites. Students may take up to 16 units total across all work experience course offerings. This course may be taken up to four times when there are new or expanded learning objectives. Only one work experience course may be taken per semester. 60 hours of volunteer work experience (maximum of 240 hours) or 75 hours of paid work experience (maximum of 300 hours) are required for each enrolled unit. (Same as ELC-499) (Letter grade only)

ELE-810**Survey of Electronics****0.00 Units***Prerequisite: None.*

Description: Basic electronic theory with laboratory. Topics include analog DC and AC devices, circuits, parameters, equations, diodes, transistors, thyristors, digital logic, integrated circuits, power supplies, amplifiers, oscillators, Ohm's Law, Watt's Law, Kirchoff's Law, and the use of electronic test and measurement equipment. 63.00 hours lecture and 27.00 hours laboratory. (Letter grade or Pass/No Pass option)

ELE-811**DC Electronics****0.00 Units***Prerequisite: None.*

Description: Basic electrical theory including Ohm's Law, the Power Law, the Current and Voltage Laws of Kirchhoff, Direct Current (DC) theory, time constants, multimeter measurements, magnetism, electromagnetism, resistors, capacitors, coils, transient analysis and DC Motors, voltage, current, resistance, power, series, parallel and complex series/parallel circuits. 63.00 hours lecture and 27.00 hours laboratory. (Letter grade only)

ELE-813**AC Electronics****0.00 Units***Prerequisite: ELE 10 or ELC 11 or ELE 11 or ELE 21 or ELE 23*

Description: Alternating Current (AC) theory, devices, circuits and applications--will include: resistance, reactance, impedance, capacitance, inductance, Ohm's Law, Power Law, sinusoidal waveforms, Peak, Peak-to-Peak and Root-Mean-Square (RMS) measurements, using an oscilloscope, signal generator and meter; applications of series and parallel networks of resistors, capacitors, inductors, transformers and other AC components; J-Factors and phasor-vector solutions to both simple and complex AC circuits; transient reactor analysis; phase-shift, phase-angle, and power-factor calculations and measurements. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

ELE-823**Electronic Devices and Circuits****0.00 Units***Prerequisite: None.**Advisory: ELE 13*

Description: Circuit applications and characteristics of discrete, and integrated circuit (IC) packages containing, diodes, bipolar junction transistors (BJTs), field-effect transistors (FETs), thyristors, op-amps (OAs), and opto-electronic devices. 63.00 hours lecture and 27.00 hours laboratory. (Letter grade only)

ELE-825**Digital Techniques****0.00 Units***Prerequisite: None.**Advisory: ELE 10 or ELE 11 or ELC 77 or ELE 23*

Description: Mathematics, number systems, and logic circuits as they relate to modern electronic computers and digital systems. Boolean algebra, circuit simplifications, and mapping are included. Primary gate and digital circuits (MSI-LSI) will be analyzed and integrated into complete systems. Digital counters, registers, encoders/decoders, converters, and timing. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

ELE-826**Microcontrollers****0.00 Units***Prerequisite: None.**Advisory: ELE 25*

Description: Computer number systems, codes, and arithmetic functions; microcontroller functions, architecture, instruction sets, addressing modes, internal operations, PIA interfacing, and I/O operations. Introduction to operating systems. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

ELE-827**Technical Communications****0.00 Units**

Prerequisite: None.

Description: Procedures for organizing and presenting technical data through informal and formal documents and presentations. Includes practice in writing memoranda, letter reports, and formal technical reports. Also includes discussion of personal resume and preparation of job applications. 54.00 hours lecture. (Letter grade only)

ELE-828**MultiSim CAD & PCB Design/Fab****0.00 Units**

Prerequisite: None.

Description: MultiSim schematic capture, simulation, export to UltiBoard and UltiRoute. Basic Computer Aided Design (CAD)-Drafting, block diagrams, printed circuit board design-layout. The use of Computer Aided Design tools and electronics-library component-templates will be emphasized. PCB design and fabrication with through-hole and SMT/SMD devices. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

ELE-855**Occupational Safety and Health Administration (OSHA) Standards for General Industry****0.00 Units**

Prerequisite: None.

Description: Covers OSHA policies, procedures, and standards, as well as safety for general industry and health principles. Topics include scope and application of the OSHA general industry standards. Special emphasis is placed on those areas that are the most hazardous, using OSHA standards as a guide. Upon successful course completion, the student will receive either an OSHA 10 hour general industry or construction industry training completion card. 18.00 hours lecture. (Letter grade or Pass/No Pass option)

ELE-864**Programmable Logic Controllers****0.00 Units**

Prerequisite: None.

Advisory: ELE 10 or ELE 11

Description: Fundamentals of programmable logic controllers, with an emphasis on introductory programming of PLCs. Problem analysis with solutions that integrate programming formats, auxiliary commands and functions, common programming languages, and popular software programs used with PLCs. Installation, maintenance, troubleshooting and repair are inherent components. 36.00 hours lecture and 54.00 hours laboratory. (Same as MAN-864) (Letter grade or Pass/No Pass option)

ELE-874**Industrial Wiring and Controls****0.00 Units**

Prerequisite: None.

Description: Industrial controls and electrical wiring of modern facilities, manufacturing, or warehousing. Included will be production equipment, conveyor systems, hydraulic and pneumatic controls, power distribution, blueprint reading, electrical control wiring, PLC (programmable logic controller) control wiring, VFD (variable frequency drives) wiring and programming. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

ENE-Engineering**ENE-10****Introduction to Engineering****3.00 Units**

(C-ID: ENGR 110)

UC, CSU

Prerequisite: None.

Description: Explores the branches of engineering, the functions of an engineer, and the industries in which engineers work. Covers the engineering education pathways and explores effective strategies for students to reach their full academic potential. Presents an introduction to the methods and tools of engineering problem solving and design including the interface of the engineer with society and engineering ethics. Develops communication skills pertinent to the engineering profession. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ENE-21**Drafting****3.00 Units**

UC, CSU

Prerequisite: None.

Description: Fundamentals of Architectural and Mechanical Engineering drafting including lettering, instruments and their uses, geometric construction, types of projection, freehand drawing, sectioning, dimension, auxiliary views, and pictorial drawing. Recommended for beginners and students with up to one year of drafting in high school. 27.00 hours lecture and 81.00 hours laboratory. (Same as DFT-21) (Letter grade or Pass/No Pass option)

ENE-27**Technical Communications****3.00 Units**

CSU

Prerequisite: None.

Description: Procedures for organizing and presenting technical data through informal and formal documents and presentations. Includes practice in writing memoranda, letter reports, and formal technical reports. Also includes discussion of personal resume and preparation of job applications. 54.00 hours lecture. (Same as DFT-27, ELE-27) (Letter grade only)

ENE-30**Computer Aided Drafting (CAD)****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: CIS 1A*

Description: A two-dimensional computer aided drafting class for drafters. Students will use an AUTOCAD computer drafting system to develop "computer drawn" drawings, which are typical to the various fields of drafting. 27.00 hours lecture and 81.00 hours laboratory. (Same as DFT-30) (Letter grade or Pass/No Pass option)

ENE-35**Statics****3.00 Units**

(C-ID: ENGR 130)

UC, CSU

Prerequisite: PHY 4A and MATH C2210

Description: A study of force and equilibrium problems; free body diagram techniques, friction problems, second moments and moments of inertia, and their application to engineering. Algebraic, vector and classical, and graphical methods of calculation. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ENE-35B**Dynamics****3.00 Units**

(C-ID: ENGR 230)

UC, CSU

Prerequisite: ENE 35 and MATH C2220

Description: Fundamentals of kinematics and kinetics of particles and rigid bodies. Velocity, acceleration, relative motion, work, energy, impulse, and momentum. Topics include kinematics of particle motion; Newton's second law, work-energy and momentum methods; kinematics of planar motions of rigid bodies; work-energy and momentum principles for rigid body motion; Further development of mathematical modeling and problem-solving. Vector mathematics where appropriate. Introduction to mechanical vibrations. 54.00 hours lecture. (Letter grade only)

ENE-38**Introduction to Programming Concepts and Methodologies for Engineers****4.00 Units**

(C-ID: ENGR 120)

UC, CSU

Prerequisite: MATH 10

Advisory: Students will be expected to have a basic understanding of computing technology and computer operating procedures, with typing skills.

Description: Introduces the basics of software development using a high level language utilizing programming and the interface of software with the physical world (e.g., the use of sensors). 54.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

ENE-39**Engineering Circuit Analysis****4.00 Units**

(C-ID: ENGR 260; ENGR 260 L)

UC, CSU

*Prerequisite: PHY 4B**Corequisite: MATH 2*

Description: An introduction to the analysis of electrical circuits. Use of analytical techniques based on the application of circuit laws and network theorems. Analysis of DC and AC circuits containing resistors, capacitors, inductors, dependent sources, operational amplifiers, and/or switches. Natural and forced responses of first and second order RLC circuits; the use of phasors; AC power calculations; power transfer; and energy concepts. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

ENE-40**Material Science and Engineering****4.00 Units**

(C-ID: ENGR 140 B)

UC, CSU

Prerequisite: CHE 1A and PHY 4A

Description: An introduction to the internal structure and resulting behaviors of materials used in engineering applications, including metals, ceramics, polymers, composites, and semi-conductors. Emphasis on developing the ability both to select appropriate materials to meet engineering design criteria and to understand the effects of heat, stress, imperfections, and chemical environments upon material properties and performance. Laboratories provide opportunities to directly observe the structures and behaviors discussed in the course, to operate testing equipment, to analyze experimental data, and to prepare reports. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

ENE-41**Engineering Graphics****3.00 Units**

(C-ID: ENGR 150)

UC, CSU

Prerequisite: MATH 36

Description: An introduction to principles of engineering drawings in visually communicating engineering designs and an introduction to computer aided design (CAD). Topics include the development of visualization skills, orthographic projections, mechanical dimensioning and tolerancing practices, and the engineering design process. Assignments develop sketching and 2-D and 3-D skills. The use of CAD software is an integral part of this course. 36.00 hours lecture and 54.00 hours laboratory. (Pass/No Pass only)

ENE-42**SolidWorks I****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: CIS 1A*

Description: The basic elements of engineering graphics communication are covered in this course with the emphasis on preparation and use of detail and assembly drawings and application of geometric tolerancing (ANSI Y14.5). Interpretation of engineering drawings, representation of threads and fasteners, and assembly drawings using SolidWorks will be included. 27.00 hours lecture and 81.00 hours laboratory. (Same as DFT-42) (Letter grade or Pass/No Pass option)

ENE-42B**SolidWorks II****3.00 Units**

UC, CSU

Prerequisite: ENE 42 or prior SolidWorks experience.

Description: An advanced course in using the three-dimensional parametric solid-modeler SolidWorks. Designed to further 3D parametric solid modeling software techniques learned in SolidWorks I. Students will delve deeper into topics that were introduced in the first SolidWorks course such as extruding, sweeping, lofting, shelling, assemblies, and animation. 27.00 hours lecture and 81.00 hours laboratory. (Same as DFT-42B) (Letter grade or Pass/No Pass option)

ENE-48**Programming and Problem-Solving in MATLAB****3.00 Units**

(C-ID: ENGR 220)

UC, CSU

Prerequisite: MATH C2210

Description: Using MATLAB to analyze and solve problems relevant to science and engineering. Introduces the fundamentals of procedural and object-oriented programming, numerical analysis, and data structures. Content is drawn from practical applications in engineering, physics, and mathematics. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

ENE-49**Strength of Materials****4.00 Units**

UC, CSU

Prerequisite: ENE 35

Description: A study of stresses, strains and deformations associated with axial, torsional and flexural loading of bars, shafts and beams, as well as pressure loading of thin-walled pressure vessels. Also covers stress and strain transformation, Mohr's Circle, ductile and brittle failure theories, and the buckling of columns. Statically indeterminate systems are also studied. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

ENE-51**Print Reading****2.00 Units**

CSU

*Prerequisite: None.**Advisory: ENE 21 or MATH 36*

Description: A beginning course in the study of blueprints and their interpretation, types of projections, sections, symbols and abbreviations. This course is designed for students interested in engineering blueprint reading for the basic mechanical, electrical and machine trades. 27.00 hours lecture and 27.00 hours laboratory. (Same as DFT-51) (Letter grade or Pass/No Pass option)

ENE-52**Geometric Dimensioning & Tolerancing****3.00 Units**

CSU

Prerequisite: None.

Description: Presents the basics of the Standards of Geometric Dimensioning and Tolerancing. This course will help students read, interpret and use ANSI Y14.5M, the current standard for drafting. 36.00 hours lecture and 54.00 hours laboratory. (Same as DFT-52) (Letter grade or Pass/No Pass option)

ENE-60**Math for Engineering Technology****3.00 Units***Prerequisite: None.*

Description: A course in mathematical problems frequently used by students enrolled in the trade and industrial and engineering programs. A review of basic arithmetic, linear measurement, basic algebra, basic plane geometry, trigonometry, and compound angles. 54.00 hours lecture. (Same as DFT-60)

ENE-62**Math for Automated Systems****3.00 Units***Prerequisite: None.*

Description: Course concepts from arithmetic, algebra, geometry and scientific notation, extended and applied to problems in automation technology from electrical and mechanical engineering, including metal work, welding, and building energy systems. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ENE-200**Engineering Work Experience****1.00-4.00****Units**

CSU

*Prerequisite: None.**Advisory: Students should have paid or voluntary employment.*

Description: Work Experience is designed to coordinate the student's on-the-job training with workplace skills designed to assist the student in developing successful professional skills. Each student will establish measurable learning objectives appropriate for their job and discipline. Students may earn up to four (4) units each semester, for a maximum of 16 units of work experience total. 60 hours of volunteer work or 75 hours of paid work during the semester are required for each unit. No more than 20 hours per week, out of the 60 or 75 requirement, may be applied toward the work requirement. The course consists of an 18 hours of orientation/professional skills development and 60 hours of volunteer work experience per unit with a maximum of 240 for four units per semester OR 75 hours of paid work experience per unit, with a maximum of 300 for four units per semester. (Letter grade or Pass/No Pass option)

ENE-851**Print Reading****0.00 Units***Prerequisite: None.**Advisory: ENE 21 or MATH 36*

Description: A beginning course in the study of blueprints and their interpretation, types of projection, symbols, and abbreviations. This course is designed for students interested in print reading for the machine trades. 27.00 hours lecture and 27.00 hours laboratory. (Letter grade or Pass/No Pass option)

ENE-862**Math for Automated Systems****0.00 Units***Prerequisite: None.*

Description: Course concepts from arithmetic, algebra, geometry and scientific notation, extended and applied to problems in automation technology from electrical and mechanical engineering, including metal work, welding, and building energy systems. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ENGL-English**ENGL-3****Creative Writing and Cultural Storytelling****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A study of storytelling and creative writing that explores personal experience and cultural heritage. Genres studied may include narrative nonfiction, memoir or testimonio, fiction, poetry, hybrid, and multi-modal works. Students will produce original writing in one or more of these genres. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ENGL-4**Writing Tutor Training****2.00 Units**

CSU

Prerequisite: ENGL C1000 or ENGL C1000H

Description: Designed to prepare students to become peer tutors in the Writing Center. Participants learn specific tutoring techniques and discuss problems, questions, and challenges in tutoring writing. Tutors develop student-centered, non-intrusive tutoring skills that avoid "appropriating the text" (i.e., becoming a proofreader, editor, or co-author). Topics include theory and practice of tutoring writing, including writing as a process, interpersonal communication techniques, cross-cultural tutoring, group learning, and computer programs applicable to writing instruction. 27.00 hours lecture and 27.00 hours laboratory. (TBA Option) (Letter grade only)

ENGL-6**British Literature I: Anglo-Saxon through Eighteenth Century****3.00 Units**

(C-ID: ENGL 160)

UC, CSU

*Prerequisite: Eligibility for college-level composition or qualifying placement for ENGL C1000**Advisory: ENGL C1003 or ENGL C1003H*

Description: A survey of British literature from the eighth century CE to 1800, including a comprehensive exposure to the poetry, drama, and fiction of this era as well as a basic understanding of the cultural, intellectual, and artistic trends it embodies. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ENGL-7**British Literature II: Romanticism through Modernism/Post-Modernism****3.00 Units**

(C-ID: ENGL 165)

UC, CSU

*Prerequisite: Eligibility for college-level composition or qualifying placement for ENGL C1000**Advisory: ENGL C1003 or ENGL C1003H*

Description: A survey of British literature from 1800 to the present, including a comprehensive exposure to the poetry, drama, and fiction of this era as well as a basic understanding of the cultural, intellectual, and artistic trends it embodies. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ENGL-8**Introduction to Mythology****3.00 Units**

UC, CSU

*Prerequisite: Eligibility for college-level composition or qualifying placement for ENGL C1000**Advisory: ENGL C1003 or ENGL C1003H*

Description: Analyzes myths from various time periods, geographic locations, and cultural settings. Emphasizes the historical sources and cultural functions of myths and legends in ancient societies and their continuing relevance to modern thought and culture. 54.00 hours lecture. (Same as HUM-8) (Letter grade only)

ENGL-9**Introduction to Shakespeare****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: ENGL C1003 or ENGL C1003H*

Description: A survey of Shakespeare's plays and poetry, with the primary emphasis on exposing students to a representative sampling of his dramatic works and to the cultural, intellectual, and artistic contexts for his work. Both students who have read Shakespeare before and students who have no experience with Shakespeare are encouraged to take this class. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ENGL-10**Special Studies in Literature****3.00 Units**

CSU

*Prerequisite: None.**Advisory: ENGL C1003 or ENGL C1003H*

Description: Designed to provide students with opportunities to focus on specialized areas of literature and/or specific authors, genres, or literary themes. Topics are selected according to student and instructor interest and needs. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ENGL-11**Creative Writing****3.00 Units**

(C-ID: ENGL 200)

UC, CSU

Prerequisite: ENGL C1000 or ENGL C1000H

Description: Studies in fundamental principles and practice of writing fiction, poetry, and nonfiction. Lectures and discussions emphasize analysis of professional examples of creative writing drawn from multiple historical and cultural traditions as well as the study of creative writing theory. In-class workshops provide practice in creative writing techniques. In-class and out-of-class class writing assignments provide practice in writing techniques and in peer- and self-analysis. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ENGL-14**American Literature I: Pre-Contact through Civil War****3.00 Units**

(C-ID: ENGL 130)

UC, CSU

*Prerequisite: Eligibility for college-level composition or qualifying placement for ENGL C1000**Advisory: ENGL C1003 or ENGL C1003H*

Description: A survey of American literature from pre-contact to the Civil War, including a comprehensive exposure to the prose, poetry and fiction of this era and a basic understanding of the cultural, intellectual and artistic trends it embodies, including various narrative threads and points of contention within and among diverse racial and cultural groups in America during this period. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ENGL-15**American Literature II: 1865 to the Present****3.00 Units**

(C-ID: ENGL 135)

UC, CSU

*Prerequisite: Eligibility for college-level composition or qualifying placement for ENGL C1000**Advisory: ENGL C1003 or ENGL C1003H*

Description: A survey of American literature from 1865 to the present, including a comprehensive exploration of the diverse prose, poetry, fiction, and drama of this era and a basic understanding of the cultural, intellectual and artistic trends it embodies, including various narrative threads and points of contention within and among diverse racial and cultural groups in America during this period. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ENGL-17A**Literary Magazine Production: Beginning****3.00 Units**

CSU

*Prerequisite: None.**Advisory: ENGL C1000 or ENGL C1000H*

Description: Beginning-level literary magazine production with an emphasis on both theory and practice, focusing on providing a space for a diversity of voices and a wide range of experiences. Qualified students may serve in various capacities, though all will be involved in editorial work. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

ENGL-17B**Literary Magazine Production: Intermediate****3.00 Units**

CSU

*Prerequisite: ENGL 17A**Advisory: ENGL C1000 or ENGL C1000H*

Description: Intermediate-level literary magazine production with an emphasis on both theory and practice, focusing on providing a space for a diversity of voices and a wide range of experiences. Qualified students may serve in various capacities, though all will be involved in editorial work. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

ENGL-17C**Literary Magazine Production: Advanced****3.00 Units**

CSU

*Prerequisite: ENGL 17B**Advisory: ENGL C1000 or ENGL C1000H*

Description: Advanced-level literary magazine production with an emphasis on both theory and practice, focusing on providing a space for a diversity of voices and a wide range of experiences. Qualified students may serve in various capacities, though all will be involved in editorial work. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

ENGL-18**Survey of Native American Literature****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: ENGL C1003 or ENGL C1003H*

Description: A survey of Native American literature from early oral narrative to contemporary literature. Includes a comprehensive exposure to Native American prose, poetry, oratory, essay and modern fiction, and an introduction to the social, intellectual and artistic trends of Native American culture and their relationship to contemporary literature. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ENGL-20**Survey of African American Literature****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: ENGL C1003 or ENGL C1003H*

Description: A survey of African American literature from the early oral tradition to the present. Includes a comprehensive exposure to African American prose, poetry, and fiction and an introduction to the social, intellectual and artistic trends of African American culture and their relationship to contemporary literature. Students who have taken both ENG-21 and ENG-22 may not receive credit for ENG-20. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ENGL-23**The Bible As Literature****3.00 Units**

UC, CSU

*Prerequisite: Eligibility for college-level composition or qualifying placement for ENGL C1000**Advisory: ENGL C1003 or ENGL C1003H*

Description: A survey of the Hebrew Bible and New Testament with emphasis on literary form, styles, and themes. 54.00 hours lecture. (Same as HUM-23) (Letter grade or Pass/No Pass option)

ENGL-24**Survey of Asian American Literature****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: ENGL C1003 or ENGL C1003H*

Description: A survey of Asian American literature from the mid-19th century to the present. Includes a comprehensive exposure to Asian American prose, poetry, drama, and fiction, as well as a basic understanding of the social, political, intellectual, and artistic trends of Asian American culture and their relationship to literature. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ENGL-25**Latinx Literature of the United States****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: ENGL C1003 or ENGL C1003H*

Description: Latinx literature of the regional United States in all genres from the early oral traditions, chronicles, and epic poems of the 15th through 19th centuries to the essays, poems, plays, and novels of 20th century authors. The course will also explore Latinx history, culture, and identity as expressed in the writings of American Latinx writers. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ENGL-30**Children's Literature****3.00 Units**

(C-ID: ENGL 180)

UC, CSU

Prerequisite: Eligibility for college-level composition or qualifying placement for ENGL C1000

Description: A general survey of children's literature from early times, with emphasis on contemporary works, including fantasy/science fiction, realistic, multicultural, and historical fiction. Both oral and written assignments are required. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ENGL-35**Women in Literature****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: ENGL C1003 or ENGL C1003H*

Description: A study of images of women in literature which includes male and female authors and explores the cultural, sociological, political, and economic bases for historical and contemporary literary images of women. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ENGL-40**World Literature I: From Ancient Literatures to the Seventeenth Century****3.00 Units**

(C-ID: ENGL 140)

UC, CSU

*Prerequisite: Eligibility for college-level composition or qualifying placement for ENGL C1000**Advisory: ENGL C1003 or ENGL C1003H*

Description: Significant works of world literature from Ancient literatures to the Seventeenth Century, including a comprehensive exposure to the poetic, dramatic, and prose forms of early cultures as well as a basic understanding of the cultural, intellectual, and artistic trends these works embody. Primary emphasis is on literature in translation. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ENGL-41**World Literature II: Seventeenth Century Through the Present****3.00 Units**

(C-ID: ENGL 145)

UC, CSU

*Prerequisite: Eligibility for college-level composition or qualifying placement for ENGL C1000**Advisory: ENGL C1003, ENGL C1003H*

Description: Significant works of world literature from the Seventeenth Century through the present, including a comprehensive exposure to the poetry, drama, and fiction of these periods as well as a basic understanding of the cultural, intellectual, and artistic trends these works embody. Emphasis on literature in translation. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ENGL-44**Poetry from the Twentieth Century to the Present****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: ENGL C1003 or ENGL C1003H*

Description: The study of major voices and trends in poetry of the twentieth and twenty-first century, examining the cultural and artistic contexts from which this poetry emerged. Topics include poetic structure and development and thematic elements. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ENGL-45**Modern Drama****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: ENGL C1003 or ENGL C1003H*

Description: A survey of drama from (roughly) 1870 to the present, including appraisal of modern theatrical movements, examination of drama's function as a form of creative expression, exploration of ideas, societal factors and technology that have influenced modern drama, and investigation into the practice of the playwright and dramaturge. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ENGL-48**Short Story and Novel from the Twentieth Century to the Present****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: ENGL C1003 or ENGL C1003H*

Description: A study of prose fiction from the twentieth century to the present, with an emphasis on writers of international standing whose work embodies significant formal developments and thematic concerns of prose narrative in the last century. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ENGL-66**Queer Voices: A Survey of LGBTQIA2+ Literature****3.00 Units**

UC, CSU

*Prerequisite: Eligibility for college-level composition or qualifying placement for ENGL C1000**Advisory: ENGL C1003 or ENGL C1003H*

Description: Survey of LGBTQIA2+ topics, questions, and representations in literary contexts. Emphasis is placed on theme, imagery and character development in a variety of literary genres, including fiction, autobiography, memoir, poetry, drama, graphic novels, film and cultural criticism. Supplementary readings in queer theory, critical theory, feminist theory, and/or philosophy will be used. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

ENGL-85**Writing Clinic (English)****0.50 Units***Prerequisite: None.*

Description: Intended for students who need concentrated attention in various areas of grammar, punctuation, and composition. Self-paced, open-entry/open-exit, with no traditional lecture-based component. Instead, it requires students to do the majority of their coursework independently. Each student follows a sequential series of modules based on his or her diagnosis. Students meet with their instructor in the Writing and Reading Center for the pre-and post-test and as needed for one-on-one instruction or small group study for the duration of the students' enrollment in the course. 27.00 hours laboratory. (TBA Option) (Pass/No Pass only)

ENGL-91**Academic Support for English C1000****2.00 Units***Prerequisite: None.**Corequisite: ENGL C1000 or ENGL C1000H*

Description: Limited to students concurrently enrolled in a co-requisite English C1000 class, English 91 provides students with additional support for English C1000. This 2-unit class offers additional instruction and practice in reading strategies, writing process, sentence craft, meta-cognitive reflection, and strategies for college success and using college resources. (Non-degree credit course) 36.00 hours lecture. (Pass/No Pass only)

ENGL-885**Writing Clinic****0.00 Units**

Prerequisite: None.

Corequisite: ALR 4 or ENGL C1000 or ENGL C1000H or ENGL C1003 or ENGL C1003H or ENGL 6 or ENGL 7 or ENGL 8 or ENGL 9 or ENGL 10 or ENGL 11 or ENGL 12 or ENGL 14 or ENGL 15 or ENGL 17A or ENGL 17B or ENGL 17C or ENGL 18 or ENGL 20 or ENGL 23 or ENGL 24 or ENGL 25 or ENGL 30 or ENGL 34 or ENGL 35 or ENGL 38A or ENGL 38B or ENGL 38C or ENGL 40 or ENGL 41 or ENGL 44 or ENGL 45 or ENGL 48 or ENGL 66 or ESL 48 or ESL 49 or ESL 50 or ESL 848 or ESL 849 or ESL 850

Description: Intended for students who need concentrated attention in various areas of grammar, punctuation, and composition. Self-paced, open-entry/open-exit, with no traditional lecture-based component. Instead, it requires students to do the majority of their coursework independently. Each student follows a sequential series of modules based on his or her diagnosis. Students meet with their instructor in the Writing and Reading Center for the pre-and post-test and as needed for one-on-one instruction or small group study for the duration of the students' enrollment in the course. May be taken a total of four times. 27.00 hours laboratory. (TBA Option) (Pass/No Pass only)

ENGL-C1000**Academic Reading and Writing****4.00 Units**

Formerly ENG-1A

(C-ID: ENGL 100)

UC, CSU

Prerequisite: Placement as determined by the college's multiple measures assessment process

Description: In this course, students receive instruction in academic reading and writing, including writing processes, effective use of language, analytical thinking, and the foundations of academic research. Integrated reading and writing assignments respond to various rhetorical situations. Students will produce a minimum of 7500 words of writing, inclusive of 5000 words of assessed formal writing and 2500 words of other kinds of instructor-reviewed writing. Classroom instruction integrates writing lab activities. Students may not receive credit for both ENGL-C1000 and ENGL-C1000H. 72.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Letter grade only)

ENGL-C1000H**Academic Reading and Writing - Honors****4.00 Units**

Formerly ENG-1AH

(C-ID: ENGL 100)

UC, CSU

Prerequisite: Placement as determined by the college's multiple measures assessment process

Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the Honors Program.

Description: In this course, students receive instruction in academic reading and writing, including writing processes, effective use of language, analytical thinking, and the foundations of academic research. This is an honors course. Integrated reading and writing assignments respond to various rhetorical situations. Students will produce a minimum of 7500 words of writing, inclusive of 5000 words of assessed formal writing and 2500 words of other kinds of instructor-reviewed writing. This Honors course offers an enriched experience for accelerated students through limited class size; seminar format; focus on primary texts; and application of higher level critical thinking skills. Classroom instruction integrates writing lab activities. Students may not receive credit for both ENGL-C1000 and ENGL-C1000H. 72.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Letter grade only)

ENGL-C1003**Critical Thinking and Writing through Literature****4.00 Units**

Formerly ENGL-1B

(C-ID: ENGL 105; ENGL 110; ENGL 120)

UC, CSU

Prerequisite: Successful completion of college-level composition (ENGLC1000/ENGL C1000H/ENGL C1000E/C-ID ENGL 100) or equivalent.

Description: In this course, students receive instruction in analytical, critical, and argumentative writing. Students develop critical thinking, close reading and literary analysis skills, research strategies, information literacy, and knowledge of accurate documentation through the study of diverse literary works from a variety of literary genres, developing an appreciation for literature. Students will write a minimum of 7500 words of assessed writing. Classroom instruction integrates writing lab activities. Students may not receive credit for both ENGL-C1003 and 1003H. 72.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Letter grade only)

ENGL-C1003H**Critical Thinking and Writing through Literature - Honors****4.00 Units**

Formerly ENGL-1BH

(C-ID: ENGL 105; ENGL 110; ENGL 120)

UC, CSU

Prerequisite: Successful completion of college-level composition (ENGL C1000/ENGL C1000H/ENGL C1000E/C-ID ENGL 100) or equivalent.

Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the Honors Program.

Description: In this course, students receive instruction in analytical, critical, and argumentative writing. These elements, developed in the course, will assist any current or potential entrepreneur develop and grow a business now or in the future. 54.00 hours lecture. (Letter grade only)

ENP-51**Entrepreneurship Basics****3.00 Units**

CSU

Prerequisite: None.

Description: Entrepreneurship has been described as the capacity and willingness to develop, organize and manage a business venture along with any of its risks in order to make a profit. This course will expose students to the basics of entrepreneurship, including design thinking, customer assessment, and problem solving. Additionally, students will focus on lean market strategies for testing product/service validity. 54.00 hours lecture. (Letter grade only)

ENP-52**Starting a Business with Limited Resources****3.00 Units**

CSU

Prerequisite: None.

Description: Entrepreneurs start and grow businesses in home offices, garages, and even on public transportation using a laptop or smartphone. Social media and technology have leveled the playing field for the ordinary person wanting to become an entrepreneur. These entrepreneurs are finding creative ways of starting businesses in spite of limited networks and financial resources. This course will introduce students to bootstrapping (limited-resource startup concepts and strategies), social media strategies and platforms, cybersecurity, and tactics to launch their business or expand their reach. Students will experience entrepreneurial situations and best practices through case studies, interactive sessions, and class exercises. 54.00 hours lecture. (Letter grade only)

ENP-53**Money, Finance and Accounting for Entrepreneurs****3.00 Units**

CSU

Prerequisite: None.

Description: One of the more challenging aspects of entrepreneurship deals with financing. Determine how much you need and how entrepreneurial finance works: where, when, and how to get financing, equity, bootstraps, angel investors and venture capitalists. Learn the critical importance of leveraging resources. Discover what you really need to know about bookkeeping, accounting, and using numbers to make smarter decisions. 54.00 hours lecture. (Letter grade only)

ENP-54**Business Model Canvas and Presentations for Entrepreneurs****3.00 Units**

CSU

Prerequisite: None.

Description: Designed to utilize the Business Model Canvas technique, such as value proposition, customer relationships, revenue streams, and key resources. Students will learn how to translate Business Model Canvas into powerful sales tools using technology to create presentations using video, animation, visuals, stories, and simulations. 54.00 hours lecture. (Letter grade only)

ENP-55**Entrepreneurial Simulation - Capstone****3.00 Units**

CSU

Prerequisite: None.

Description: Challenges students to apply entrepreneurial strategies and concepts to the development of a business. Students will employ strategic planning, communication, conflict management and negotiation, team-building, creative problem solving, self-management, resourcing, and operating a small business. Student entrepreneurs will be challenged with the opportunity of assembling a complete start-up utilizing the tools and concepts from all previous entrepreneurship courses in a competency-based computer simulation. 54.00 hours lecture. (Letter grade only)

ENP-70**Building an Entrepreneurial Team****3.00 Units**

CSU

Prerequisite: None.

Description: The composition of the entrepreneurial founding team can be an important indicator of future revenue and project success. Provides critical insights into the often overlooked basics of founding-team formation. Why are some motivations of the team more profitable than others? This course covers finding the right hires for your team and common mistakes in hiring key players. Upon successful completion of this course, students will be better prepared to position their start-up for success by making evidence-based decisions about founding partners, early hires, first managers, and distribution of ownership. 54.00 hours lecture. (Letter grade only)

ENP-71**Solopreneurship****3.00 Units**

CSU

Prerequisite: None.

Description: Business opportunities develop in many forms, from sole-proprietors to corporations. A new and growing entity is the Solopreneur. This course will discuss the differences between the many types of solopreneurs such as freelancer, nomadic, and self-employed business owners. Students will learn about the Gig economy, legal business structures, e-commerce, networks, and key relationships. 54.00 hours lecture. (Letter grade only)

ENP-801**Facebook for Business****0.00 Units***Prerequisite: None.*

Description: Facebook is the most popular social network and a powerful tool for growing and promoting your business. Create effective profiles, pages, groups, and ads. Establish goals and learn how and what to post to achieve them. Build relationships with current and new customers. Increase traffic to your website. Measure the success of your Facebook marketing. 10.00 hours lecture. (Pass/No Pass only)

ENP-802**Pinterest and Instagram for Business****0.00 Units***Prerequisite: None.*

Description: Students learn to market and expand a brand using Pinterest and Instagram. Provides the basics and beyond of these platforms, including how to product high level content and effectively use the sites in a marketing strategy to develop a loyal, enthusiastic customer base for their brand. 10.00 hours lecture. (Pass/No Pass only)

ENP-803**YouTube for Business****0.00 Units***Prerequisite: None.*

Description: Students learn to use YouTube to broadcast user and business-generated videos. Topics include creating a custom channel and building a following by uploading and sharing videos that communicate a brand and engage an audience. Students learn to view, upload, and share videos; create playlists and optimize videos for search engines; and add annotations, notes, and links. Uploading and editing film for YouTube is also covered. 10.00 hours lecture. (Pass/No Pass only)

ENP-804**Twitter for Business****0.00 Units***Prerequisite: None.*

Description: Students learn to set up a Twitter Business presence to leverage the power of real-time marketing, optimize and manage an account, and find and follow influencers and leads. Includes engaging with prospects using tweets, RTs, DMs, follows, mentions, and hashtags. Students use tools to monitor feeds and schedule tweets, in addition to tracking the impact and measure the results of promoted tweets. 10.00 hours lecture. (Pass/No Pass only)

ENP-805**LinkedIn for Business****0.00 Units***Prerequisite: None.*

Description: LinkedIn is the world's most popular business-oriented social media networking platform. Students learn to use LinkedIn to develop business through relationship marketing. Topics include optimizing a company profile, developing content that engages a target audience, building a professional brand, marketing a company, showcasing credentials, getting business advice, reconnecting with former colleagues, and connecting with businesses around the globe. 10.00 hours lecture. (Pass/No Pass only)

ENP-850**Introduction to Entrepreneurship****0.00 Units***Prerequisite: None.*

Description: Designed for those interested in starting their own business, either as their primary income or extra income, including individual contributor businesses such as freelancers, contractors, consultants, and others in the gig economy. The curriculum is centered on three key aspects of entrepreneurship: 1) the individual, their traits, skills, and attributes that make entrepreneurs successful, 2) the business ideas, how to generate them, where to look for them, how to expand them, and 3) how to ensure they are valid business ideas with potential to meet profit goals. These elements, developed in the course, will assist any current or potential entrepreneur develop and grow a business now or in the future. 54.00 hours lecture. (Letter grade only)

ENP-851**Entrepreneurship Basics****0.00 Units***Prerequisite: None.*

Description: Entrepreneurship has been described as the capacity and willingness to develop, organize and manage a business venture along with any of its risks in order to make a profit. This course will expose students to the basics of entrepreneurship, including design thinking, customer assessment, and problem solving. Additionally, students will focus on lean market strategies for testing product/service validity. 54.00 hours lecture. (Letter grade only)

ESL-English as a Second Language

ESL-46**Beginning American College English****5.00 Units***Prerequisite: None.*

Advisory: Students should be aware that courses are taught in English.

Description: Designed for non-native speakers of English. Develops writing, reading, and oral language expression in academic American English language at beginning level to prepare students to enter ESL 47. Students will produce a minimum of 1,000 words of instructor-evaluated writing with an emphasis on academic paragraph writing in response to reading. 90.00 hours lecture. (Letter grade or Pass/No Pass option)

ESL-47**Low-Intermediate American College English****5.00 Units***Prerequisite: None.*

Advisory: ESL 46 or ESL 846 or qualifying placement.

Description: Designed for non-native speakers of English. Develops writing, reading, and oral language expression in academic American English language at a low-intermediate level to prepare students to enter ESL 48. Students will produce a minimum of 1,750 words of instructor-evaluated writing with an emphasis on academic paragraph writing in response to reading. 90.00 hours lecture. (Letter grade or Pass/No Pass option)

ESL-48**Intermediate American College English****5.00 Units***Prerequisite: None.*

Advisory: ESL 47 or ESL 847 or qualifying placement.

Description: Designed for non-native speakers of English. Develops writing reading, and oral language expression in academic American English language at an intermediate level to prepare students to enter ESL 49. Students will produce a minimum of 3,000 instructor-evaluated writing with an emphasis on basic essay writing in response to reading. Classroom instruction integrates writing lab activities. 90.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Letter grade only)

ESL-49**High-Intermediate American College English****5.00 Units**

UC, CSU

Prerequisite: None.

Advisory: ESL 48 or ESL 848 or qualifying placement.

Description: Designed for non-native speakers of English. Develops writing, reading, and oral language expression in academic American English language at an intermediate level to prepare students to enter ESL 50. Students will produce a minimum of 4,500 words of instructor-evaluated writing with an emphasis on essay writing in response to reading. Classroom instruction integrates writing lab activities. 90.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Letter grade only)

ESL-50**Advanced American College English****5.00 Units**

UC, CSU

Prerequisite: None.

Advisory: ESL 49 or ESL 849 or qualifying placement.

Description: Designed for non-native speakers of English. Develops writing, reading, and oral language expression in academic American English language at an advanced level to prepare students to enter English 1A. Students will produce a minimum of 6,000 words of instructor-evaluated writing with an emphasis on expository essay writing in response to advanced readings from various sources and a novel. Classroom instruction integrates writing lab activities. 90.00 hours lecture and 18.00 hours laboratory. (TBA Option)

ESL-71**Basic Reading and Vocabulary****4.00 Units***Prerequisite: None.*

Advisory: ESL 46 or ESL 846

Description: Emphasizes the acquisition of simple reading skills, expansion of receptive and productive vocabulary, development of dictionary skills, and comprehension of short, adapted reading selections. (Non-degree credit course) 72.00 hours lecture and 18.00 hours laboratory. (Pass/No Pass only)

ESL-72**Intermediate Reading and Vocabulary****4.00 Units***Prerequisite: None.*

Advisory: ESL 71 or ESL 871 or ESL 47 or ESL 847

Description: Emphasizes the continued acquisition of reading skills needed for college level courses, expansion of receptive and productive vocabulary, and comprehension of medium-length adapted reading selections. (Non-degree credit course) 72.00 hours lecture and 18.00 hours laboratory. (Pass/No Pass only)

ESL-73**High Intermediate Reading and Vocabulary****4.00 Units***Prerequisite: None.**Advisory: ESL 872 or ESL 72 or ESL 48 or ESL 848*

Description: Emphasizes the acquisition of higher level reading skills needed for college level courses, expansion of receptive and productive vocabulary, further development of library skills, and comprehension of both adapted and authentic reading selections of varying lengths. 72.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

ESL-90D**Special Topics in ESL: Verb Tense Review****2.00 Units***Prerequisite: None.**Advisory: ESL 47 or ESL 847 or higher*

Description: Provides students with intensive review, practice, and use of all the basic English verb tenses. (Non-degree credit course) 36.00 hours lecture. (Pass/No Pass only)

ESL-90L**Special Topics in English as a Second Language:****Punctuation of Phrases and Clauses****2.00 Units***Prerequisite: None.**Advisory: ESL 47 or ESL 847 or qualifying placement*

Description: Conventions of punctuation use in American English. Enhances the students' competence in identifying types of phrases and clauses in English and in using proper punctuation in compound and complex sentence structures. (Non-degree credit course) 36.00 hours lecture. (Pass/No Pass only)

ESL-90M**Special Topics in English as a Second Language: Articles and Prepositions****2.00 Units***Prerequisite: None.**Advisory: ESL 47 or qualifying placement or ESL 847 or qualifying placement*

Description: Basic instruction and practice in the use of prepositions and articles. Attention will focus on prepositional phrases, verbal and adverbial idioms, and the use of definite and indefinite articles. (Non-degree credit course) 36.00 hours lecture. (Pass/No Pass only)

ESL-90P**Special Topics in ESL: Mastering Academic Vocabulary****2.00 Units***Prerequisite: None.**Advisory: ESL 847, ESL 47 or higher.*

Description: Instruction and practice aimed at understanding and using high-frequency academic vocabulary. Vocabulary study is approached on three levels: the word, the sentence, and the context level. Provide students with the rules of spelling in American English. Enhance the students' competence in identifying roots and affixes in borrowed words and using proper spelling in written discourse. (Non-degree credit course) 36.00 hours lecture. (Pass/No Pass only)

ESL-91**Oral Skills I: Beginning Oral Communication****3.00 Units***Prerequisite: None.**Advisory: ESL 46 or ESL 846 (qualification or concurrent enrollment)*

Description: Emphasizes beginning conversation, pronunciation, and idiomatic skills along with basic listening comprehension. Conversational and idiomatic skills focus on fluent and appropriate use of common words and functional expressions in life skills areas - shopping, food, clothing, money/banking, car/license, travel, and medicine. Pronunciation focuses on the articulation of English vowels and consonants and on the development of basic English patterns of stress and intonation. Listening stresses understanding verbal instructions and questions, common vocabulary and daily functions in an aural context, main ideas and details in monologues and dialogues. (Non-degree credit course) 54.00 hours lecture and 18.00 hours laboratory. (Pass/No Pass only)

ESL-92**Oral Skills II: Intermediate Oral Communication****3.00 Units***Prerequisite: None.**Advisory: ESL 891 or ESL 91 (completion) or ESL 47 or ESL 847 (qualification or concurrent enrollment)*

Description: Develops intermediate conversation, pronunciation, idiomatic and aural comprehension skills. Intended for non-native speakers of English who can make themselves understood but are not yet proficient in self-expression. Conversational and idiomatic skills focus on fluent and appropriate use of oral communication skills in a variety of social, business and/or academic situations. Pronunciation focuses on clearer articulation of English vowels and consonants and on increased control of the stress, intonation and rhythm of English. Listening comprehension stresses understanding verbal instructions and questions on campus and in the workplace. Students continue to learn appropriate verbal and non-verbal behavior as well as conversation management techniques to exchange ideas in small and large group communication. (Non-degree credit course) 54.00 hours lecture and 18.00 hours laboratory. (Pass/No Pass only)

ESL-93**Oral Skills III: Advanced Oral Communication****3.00 Units***Prerequisite: None.**Advisory: ESL 92 or ESL 892 or qualification for, or enrollment in, ESL 48 or ESL 848*

Description: Develops advanced conversation, pronunciation, idiomatic and aural comprehension skills. Conversational and idiomatic skills focus on increasingly fluent communication and interaction skills in complex speaking situations and comfortable use of English in a variety of situations, both academic and professional. Pronunciation focuses on improved clarity of speech and on increased control of the stress, intonation and rhythm of English. Listening comprehension stresses understanding complex syntax, register, nuance and tone in conversations on campus and in the workplace. Students will learn how to speak at length on a given topic, both prepared and extemporaneous, and to understand the subtleties of conversational English. 54.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

ESL-95**Pronunciation****3.00 Units***Prerequisite: None.**Advisory: Qualification for, or enrollment in, ESL 49 or ESL 849*

Description: Basic instruction and practice in the oral production of English. Listening activities focus on comprehension of sentences, dialogs and paragraphs at normal speed and on discrimination of sound patterns in American English. Pronunciation focuses on stress, intonation, rhythm, phrasing, reduction, and linking as well as consonants, vowels, and digraphs. The course emphasizes overall pronunciation improvement to make spoken communication more intelligible and to approximate more closely native rhythms and intonation. (Non-degree credit course) 54.00 hours lecture and 18.00 hours laboratory. (Pass/No Pass only)

ESL-801**ESL Support for Career and Technical Programs****0.00-0.00****Units***Prerequisite: None.**Advisory: ESL 47 or ESL 847 or qualifying placement*

Description: This course, designed for multi-lingual students whose primary language is not English, is intended for students currently enrolled in an entry-level vocational class. Students will receive instruction including writing, reading, speaking, vocabulary building and test taking skills designed to help them succeed in the content area course. Subsequent enrollment in an additional semester will provide the student with an opportunity for continued skills and competency development within the level and subject matter. May be taken a total of eight times. 6.00 to 36.00 hours lecture. (Pass/No Pass only)

ESL-846**Beginning American College English****0.00 Units***Prerequisite: None.**Advisory: Students should be aware that course is taught in English.*

Description: Designed for non-native speakers of English. Develops writing, reading, and oral language expression in academic American English language at beginning level to prepare students to enter ESL-847. Students will produce a minimum of 1,000 words or more of instructor-evaluated writing with an emphasis on academic paragraph writing in response to reading. 90.00 hours lecture. (Letter grade or Pass/No Pass option)

ESL-847**Low-Intermediate American College English****0.00 Units***Prerequisite: None.**Advisory: ESL 846 or ESL 46 or qualifying placement.*

Description: Designed for non-native speakers of English. Develops writing, reading, and oral language expression in academic American English language at a low-intermediate level to prepare students to enter ESL 848. Students will produce a minimum of 1,750 words of instructor-evaluated writing with an emphasis on academic paragraph writing in response to reading. 90.00 hours lecture. (Letter grade or Pass/No Pass option)

ESL-848**Intermediate American College English****0.00 Units***Prerequisite: None.**Advisory: ESL 847 or ESL 47 or qualifying placement.*

Description: Designed for non-native speakers of English. Develops writing reading, and oral language expression in academic American English language at an intermediate level to prepare students to enter ESL 849. Students will produce a minimum of 3,000 instructor-evaluated writing with an emphasis on basic essay writing in response to reading. Classroom instruction integrates writing lab activities. 90.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Letter grade or Pass/No Pass option)

ESL-849**High-Intermediate American College English****0.00 Units***Prerequisite: None.**Advisory: ESL 848 or ESL 48 or qualifying placement.*

Description: Designed for non-native speakers of English. Develops writing, reading, and oral language expression in academic American English language at an intermediate level to prepare students to enter ESL 850. Students will produce a minimum of 4,500 words of instructor-evaluated writing with an emphasis on essay writing in response to reading. Classroom instruction integrates writing lab activities. 90.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Letter grade only)

ESL-850**Advanced American College English****0.00 Units**

Prerequisite: None.

Advisory: ESL 849 or ESL 49 or qualifying placement.

Description: Designed for non-native speakers of English. Develops writing, reading, and oral language expression in academic American English language at an advanced level to prepare students to enter English 1A. Students will produce a minimum of 6,000 words of instructor-evaluated writing with an emphasis on expository essay writing in response to advanced readings from various sources and a novel. Classroom instruction integrates writing lab activities. 90.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Letter grade only)

ESL-871**Basic Reading and Vocabulary****0.00 Units**

Prerequisite: None.

Advisory: Qualification for or enrollment in, ESL 846 or ESL 46 or higher.

Description: Emphasizes the acquisition of simple reading skills, expansion of receptive and productive vocabulary, development of dictionary skills, and comprehension of short, adapted reading selections. 72.00 hours lecture and 18.00 hours laboratory. (Pass/No Pass only)

ESL-872**Intermediate Reading and Vocabulary****0.00 Units**

Prerequisite: None.

Advisory: ESL 71 or ESL 871 or qualification for, or enrollment in, ESL 47 or ESL 847

Description: Emphasizes the continued acquisition of reading skills needed for college level courses, expansion of receptive and productive vocabulary, and comprehension of medium-length adapted reading selections. 72.00 hours lecture and 18.00 hours laboratory. (Pass/No Pass only)

ESL-873**High Intermediate Reading and Vocabulary****0.00 Units**

Prerequisite: None.

Advisory: ESL 872 or ESL 72 or qualification for or enrollment in, ESL 48 or ESL 848

Description: Emphasizes the acquisition of higher level reading skills needed for college level courses, expansion of receptive and productive vocabulary, further development of library skills, and comprehension of both adapted and authentic reading selections of varying lengths. 72.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

ESL-890D**Special Topics in ESL: Verb Tense Review****0.00 Units**

Prerequisite: None.

Advisory: ESL 47 or ESL 847 or higher

Description: Intensive review, practice, and use of all the basic English verb tenses. 36.00 hours lecture. (Pass/No Pass only)

ESL-890L**Special Topics in English as a Second Language:****Punctuation of Phrases and Clauses****0.00 Units**

Prerequisite: None.

Advisory: ESL 847 or ESL 47 or qualifying placement.

Description: Conventions of punctuation use in American English. Enhances the students' competence in identifying types of phrases and clauses in English and in using proper punctuation in compound and complex sentence structures. 36.00 hours lecture and 0.00 hours laboratory. (Pass/No Pass only)

ESL-890M**Special Topics in English as a Second Language: Articles and Prepositions****0.00 Units**

Prerequisite: None.

Advisory: ESL 47 or ESL 847 or qualifying placement

Description: Basic instruction and practice in the use of prepositions and articles. Attention will focus on prepositional phrases, verbal and adverbial idioms, and the use of definite and indefinite articles. 36.00 hours lecture. (Pass/No Pass only)

ESL-890P**Special Topics in ESL: Mastering Academic Vocabulary****0.00 Units**

Prerequisite: None.

Advisory: ESL 847 or ESL 47

Description: Instruction and practice aimed at understanding and using high-frequency academic vocabulary. Vocabulary study is approached on three levels: the word, the sentence, and the context level. Provide students with the rules of spelling in American English. Enhance the students' competence in identifying roots and affixes in borrowed words and using proper spelling in written discourse. 36.00 hours lecture. (Pass/No Pass only)

ESL-891**Oral Skills I: Beginning Oral Communication****0.00 Units**

Prerequisite: None.

Advisory: ESL 46 or ESL 846 (qualification or concurrent enrollment)

Description: Emphasizes beginning conversation, pronunciation, and idiomatic skills along with basic listening comprehension. Conversational and idiomatic skills focus on fluent and appropriate use of common words and functional expressions in life skills areas - shopping, food, clothing, money/banking, car/license, travel, and medicine. Pronunciation focuses on the articulation of English vowels and consonants and on the development of basic English patterns of stress and intonation. Listening stresses understanding verbal instructions and questions, common vocabulary and daily functions in an aural context, main ideas and details in monologues and dialogues. 54.00 hours lecture and 18.00 hours laboratory. (Pass/No Pass only)

ESL-892**Oral Skills II: Intermediate Oral Communication****0.00 Units**

Prerequisite: None.

Advisory: ESL 891 or ESL 91 (completion) or ESL 47 or ESL 847 (qualification or concurrent enrollment)

Description: Develops intermediate conversation, pronunciation, idiomatic and aural comprehension skills. Intended for non-native speakers of English who can make themselves understood but are not yet proficient in self-expression. Conversational and idiomatic skills focus on fluent and appropriate use of oral communication skills in a variety of social, business and/or academic situations. Pronunciation focuses on clearer articulation of English vowels and consonants and on increased control of the stress, intonation and rhythm of English. (Pass/No Pass only)

ESL-893**Oral Skills III: Advanced Oral Communication****0.00 Units**

Prerequisite: None.

Advisory: ESL 92 or ESL 892 or qualification for, or enrollment in, ESL 48 or ESL 848

Description: Develops advanced conversation, pronunciation, idiomatic and aural comprehension skills. Conversational and idiomatic skills focus on increasingly fluent communication and interaction skills in complex speaking situations and comfortable use of English in a variety of situations, both academic and professional. Pronunciation focuses on improved clarity of speech and on increased control of the stress, intonation and rhythm of English. Listening comprehension stresses understanding complex syntax, register, nuance and tone in conversations on campus and in the workplace. Students will learn how to speak at length on a given topic, both prepared and extemporaneous, and to understand the subtleties of conversational English. 54.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

ESL-895**Pronunciation****0.00 Units**

Prerequisite: None.

Advisory: Qualification for, or enrollment in, ESL 49 or ESL 849

Description: Basic instruction and practice in the oral production of English. Listening activities focus on comprehension of sentences, dialogs and paragraphs at normal speed and on discrimination of sound patterns in American English. Pronunciation focuses on stress, intonation, rhythm, phrasing, reduction, and linking as well as consonants, vowels, and digraphs. The course emphasizes overall pronunciation improvement to make spoken communication more intelligible and to approximate more closely native rhythms and intonation. 54.00 hours lecture and 18.00 hours laboratory. (Pass/No Pass only)

ETS-Ethnic Studies**ETS-1****Introduction to Ethnic Studies****3.00 Units**

(C-ID: SJS 110)

UC, CSU

Prerequisite: None.

Description: An introduction to Ethnic Studies offers students an overview of the core theoretical and historical foundations of the discipline, emphasizing comparative and intersectional approaches to the study of race and ethnicity in the United States and across diasporic communities of historically marginalized groups. This introduction to the interdisciplinary field of Ethnic Studies examines the historical and contemporary experiences of diverse communities of color in the United States. Students will explore how race and ethnicity are social constructs that have shaped laws, institutions, and everyday life, with a focus on African American, Native American in the United States, Asian American/Pacific Islander, and Chicana/o/x/Latina/o/x communities. Major topics include the structures of racism, white supremacy, imperialism, and colonialism, and how these systems intersect with factors like class, gender, sexuality, immigration status, and ability. Emphasis is placed on the resistance and social justice movements led by communities of color – from historical struggles for civil rights and sovereignty to contemporary movements such as Black Lives Matter and Indigenous water protectors. By centering anti-racist, decolonial, and liberation frameworks, the course empowers students to critically analyze oppression and articulate strategies for building a more equitable and just society. 54.00 hours lecture. (Letter grade only)

ETS-2**Introduction to Chicana and Latinx Studies****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A survey of intersectional and interdisciplinary approaches to introduce students to the range of issues, experiences, and methodologies that form the foundation of Chicana and Latinx Studies. By considering the relationship between the creation of "Chicana", "Latinx" and "American" identities, students will critically reconsider the borders that constitute the U.S. as a political and cultural formation. The course balances depth and breadth in its study of the variety of perspectives and experiences that come to be associated with U.S. Chicana and Latinx peoples. Thus, we will analyze the histories of migration and colonialism associated with predominant U.S. Latinx sub-groups, such as Mexican Americans/Chicana people and Puerto Ricans, while also centering considerations of the ways in which broader populations with ties to Central America, South America, and the Caribbean play crucial roles in constituting Latinidad. Topics include the U.S./Mexico border and borderlands; immigration, migration, and diaspora; literary and cultural traditions; music and expressive practices; labor and structural inequality; social movements; Latinx urbanism; gender and sexuality; political and economic shifts; inter- and intra-group relations; and indignity and Blackness in Latinidad. Sources include a range of social science and humanities scholarship. 54.00 hours lecture. (Same as HIST-31) (Letter grade only)

ETS-3**Introduction to African American Studies****3.00 Units**

UC, CSU

Prerequisite: None.

Description: An introduction to African American Studies as an interdisciplinary field rooted in both historical inquiry and contemporary analysis. The course examines the historical and contemporary experiences of African-descended people in the United States within the broader African Diaspora, beginning with precolonial African civilizations and the transatlantic slave trade and tracing the development of African American communities. Major themes include slavery, abolition, Reconstruction, Civil Rights, Black Power, Pan-Africanism, Black Lives Matter, religion and spirituality, Black feminist and Black queer thought, and the arts as a means of survival and political expression. Attention is given to the history of the development of Black Studies and Africana Studies in the 1960s, drawing on frameworks such as Afrocentricity and intersectionality and engaging the work of scholars such as W.E.B. Du Bois, Angela Davis, and Kimberlé Crenshaw to emphasize resistance, liberation, and the global significance of African American thought. Special focus is placed on how African Americans' struggles for freedom have shaped U.S. democracy and global human rights movements. Students connect historical and theoretical knowledge to contemporary issues of justice, equity, and social transformation. 54.00 hours lecture. (Letter grade only)

ETS-4**Introduction to Chicana/o/x and Latina/o/x Studies****3.00 Units**

CSU

Prerequisite: None.

Description: An interdisciplinary introduction to Chicana/o/x and Latina/o/x Studies engages students in the critical study of race, colonialism, labor, immigration, poverty, gender, sexuality, patriarchy, intersectionality, and resistance. Students analyze how racism is socially constructed and how ethnocentrism, Eurocentrism, white supremacy, anti-Indigeneity, and anti-Blackness shape historical and contemporary realities. The course examines the impacts of colonization, U.S. imperialism, and settler colonialism on Indigenous, Chicana/o/x, and Latina/o/x communities, while highlighting struggles for decolonization, sovereignty, and self-determination. Using intersectional frameworks, students explore how race, class, gender, sexuality, and immigration status intersect to create both oppression and resilience. Literature, poetry, corridos, and testimonios are studied as cultural texts of identity and resistance, while oral histories, reflective writing, and creative projects connect academic scholarship with lived experience. Finally, social movements such as the Chicano Movement, immigrant rights campaigns, labor organizing, and cross-ethnic coalitions like Black Lives Matter are analyzed as sites of resistance, equity, and liberation, preparing students to critically assess structures of power and envision transformative change. 54.00 hours lecture. (Letter grade only)

ETS-7**Women of Color in the United States****3.00 Units**

UC, CSU

Prerequisite: None.

Description: An exploration of the intellectual traditions, struggles, and contributions of Women of Color in the United States through an examination of philosophical, historical, literary, aesthetic, religious, and cultural works produced by and about Women of Color, with attention to American Indian/Native American, Chicana/o/x or Latina/o/x, African American, and Asian American perspectives. Students will engage with womanist and feminist scholarship, media, and lived experiences to explore frameworks such as intersectionality, colonialism, white supremacy, abolition, and liberation. Emphasis is placed on analyzing how race and racism intersect with class, gender, sexuality, immigration status, and other identity markers to shape oppression, resistance, and survival. Attention will be given to both historical struggles and contemporary issues, including settler colonialism, reparations, immigration, and transnational movements for justice. Course activities—such as journals, essays, case study analysis, collaborative projects, and integrative works (presentations, multimedia projects, or research papers)—highlight Women of Color’s epistemologies, knowledge traditions, and contributions to equity and liberation movements. By centering diverse perspectives and womanist thought, the course fosters critical reading and writing skills, develops intersectional analysis, and emphasizes strategies of solidarity, resistance, and envisioning just futures. 54.00 hours lecture. (Letter grade only)

ETS-8**Introduction to Black Feminism and Womanism****3.00 Units**

UC, CSU

Prerequisite: None.

Description: An interdisciplinary, comparative, and critical study of Black Feminism and Womanism in the United States. The course introduces students to Black Feminist and Womanist thought within African American Studies, Africana Studies, and Black Studies. Students will examine the historical development and evolution of key theories, methodologies, and ideas in Black Feminism, including proto-Black feminist thinkers such as Sojourner Truth, Josephine St. Pierre Ruffin, Ida B. Wells-Barnett, Maria W. Stewart, and Anna Julia Cooper. Topics include Black women’s activism and organizing at the turn of the twentieth century, the radical transitions in Black feminist thought, Africana Womanism, womanist theory, intersectionality, and standpoint theory. Readings and discussions highlight how Black women have challenged the intersecting effects of misogynoir, racism, sexism, classism, colonialism, homophobia, media exploitation, and other forms of social violence. Students will analyze and appreciate major literary, historical, and philosophical works—ranging from essays and speeches to novels, poetry, and visual culture—while engaging in critical dialogue and community-centered projects such as oral history or guest lectures. By the end of the course, students will be able to interpret and articulate their own positions concerning the values, principles, and cultural contributions of Black Feminist and Womanist thought. 54.00 hours lecture. (Letter grade only)

ETS-13**Survey of Black Thought****3.00 Units**

UC, CSU

Prerequisite: None.

Description: An interdisciplinary introduction to African and African American philosophy and the broader traditions of Black thought, this course centers the lived experiences and struggles of Black communities as racialized and colonized peoples. Students will examine how Black intellectual traditions—emerging from slavery, segregation, racial capitalism, mass incarceration, and ongoing state violence—have generated theories of liberation and practices of resistance. Readings include foundational works such as W. E. B. Du Bois's *The Souls of Black Folk*, Marcus Garvey's *Philosophy and Opinions*, and Patricia Hill Collins's *Black Feminist Thought*, alongside speeches, cultural productions, and political writings that shaped abolition, Pan-Africanism, Civil Rights, Black Power, Black Feminism, Afro-pessimism, Afro-futurism, Critical Race Theory, and modern abolitionism. The course emphasizes concepts such as racialization, double consciousness, intersectionality, colonialism, and liberation, highlighting how Black thought critiques white supremacy and structures of inequality while imagining decolonial and emancipatory futures. Drawing on African, African American, and Caribbean sources, students will also situate Black thought comparatively within Ethnic Studies by examining solidarities and tensions with Indigenous, Chicanx/Latinx, and Asian American traditions. Through lectures, discussions, multimedia analysis, and community engagement linked to contemporary racial justice movements, students will connect theory to praxis, developing tools for anti-racist analysis, coalition-building, and transformative social change. 54.00 hours lecture. (Same as PHI-14) (Letter grade only)

ETS-14**African American History I****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A survey of the experience of Americans of African descent in America from the 1600s to 1865. The course begins with the history of African civilizations on the coast of West Africa, moves through the rise of slavery in the Americas, the origins and developments of American ideas about race, and the formation of African American culture(s) and identities. It then culminates with emancipation at the end of the Civil War. Although the history of African Americans is one of struggle and almost constant adversity, it is also one of strength and perseverance. In spite of the challenges, African Americans lived, loved, formed enduring communities, and created a unique culture. Since their involuntary arrival on the shores of North America during the early seventeenth century, Africans and their descendants confronted adversity by means of individual and collective action in numerous ways. The course explores these dimensions of the African American experience, and in so doing, highlights the multifaceted ways African Americans have made their own history while simultaneously shaping and contributing to the history of the United States. 54.00 hours lecture. (Same as HIST-14) (Letter grade only)

ETS-21**Latinx Politics****3.00 Units**

UC, CSU

Prerequisite: None.

Description: An examination of United States structures of political, social, and economic power from the history and experiences of the Latinx population. Students will survey demographic research on the diversity of Latinx identity and political behavior in the U.S. as well as the institutional relationship that Latinx groups have established and challenged within the U.S. political system. Students will also analyze the political relationship Latinx groups have with the U.S. Constitution and civil society organizations. 54.00 hours lecture. (Same as POLS-21) (Letter grade only)

ETS-23**Race, Ethnicity, and Politics in America****3.00 Units**

UC, CSU

Prerequisite: None.

Description: An examination of United States and California institutions of social, political and economic power from the history and experiences of minoritized populations such as African Americans, Latinas/os, Native Americans, Women, Asian Americans, and Immigrants. Students will analyze the U.S. and California Constitutions as well the legislative, executive and judicial branches of governance with regard to citizenship, pluralism, and civil rights and liberties. Other emphases will be on diverse forms of political participation and how it influences U.S. institutions at the local, state and federal levels in movements towards achieving social justice. 54.00 hours lecture. (Same as POLS-23) (Letter grade only)

ETS-27**Native American Cultures****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A survey of Native American cultures from the pre-Columbian period through conquest and reservation life and into the present. Incorporates evidence from archaeology, oral history, personal narratives, and other sources. Emphasis will be on the growth of Native American cultures, modern communities, including urban life, social and religious institutions, and traditional cultural elements and artistic traditions. 54.00 hours lecture. (Same as ANT-4) (Letter grade only)

FRE-Foreign Languages (French)**FRE-1****French 1****5.00 Units**

UC, CSU

Prerequisite: None.

Description: Develops basic skills in listening, reading, speaking, and writing. Emphasis on acquisition of vocabulary, structures, and grammatical patterns necessary for comprehension of native spoken and written French at the beginning level. Includes discussion of French culture and daily life. 90.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Letter grade or Pass/No Pass option)

FRE-2**French 2****5.00 Units**

UC, CSU

Prerequisite: FRE 1 or qualifying placement levels on the French assessment test or the equivalent.

Description: Further development of basic skills in listening, reading, speaking, and writing. A continued emphasis on the acquisition of vocabulary, structures, and grammatical patterns necessary for comprehension of standard spoken and written French at the beginning level. Includes an expanded discussion of French culture and daily life. 90.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Letter grade or Pass/No Pass option)

GAM-Multimedia (Game Development)**GAM-1****Business of Video Games****3.00 Units**

CSU

Prerequisite: None.

Description: An introduction to the field of game development. Students will explore the job market, career paths and business aspects of game development professionals. 54.00 hours lecture. (Letter grade only)

GAM-2**History of Video Games****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A comprehensive study of the evolution of video games, including their technological and artistic antecedents, with analysis of how video games reflect the beliefs, aspirations and values of the cultures where they flourish. Study includes gameplay experience and analysis of notable game genres, identifying significant artistic and technological innovations. 54.00 hours lecture. (Letter grade only)

GAM-3A**Game Design****3.00 Units**

UC, CSU

Prerequisite: None.

Description: An introduction to the fundamental techniques, concepts, vocabulary, and practical application of these skills towards the discipline of game design. 54.00 hours lecture. (Letter grade only)

GAM-3B**Advanced Game Design****3.00 Units**

UC, CSU

Prerequisite: GAM 3A

Description: An advanced exploration of game design emphasizing gameplay tuning, focus group testing, analytics, and user experience. 54.00 hours lecture. (Letter grade only)

GAM-4A**Game Scripting****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A first course in programming for games stressing fundamental programming principles. Covers the logic structures and design paradigms that allow for fundamental interactions in digital games. 54.00 hours lecture. (Letter grade only)

GAM-4B**Advanced Game Scripting****3.00 Units**

UC, CSU

Prerequisite: CIS 17B or CSC 17B or CSC 18B or CIS 18B or GAM 4A

Description: An advanced exploration of Game Scripting concepts. Emphasizes the use of design patterns, optimization, process, and efficiency in the activity of games programming. 54.00 hours lecture. (Letter grade only)

GAM-5A**Concept Art****3.00 Units**

CSU

Prerequisite: None.

Description: Introduction to digital drawing techniques using industry standard software. Covers the usage of digital drawing hardware and drawing skills with an emphasis on creative and conceptual expression. A course in sketching, digital drawing, matte painting, and visual ideation targeted towards the video games industry. Emphasizes topics in anatomy, perspective, color, mood, shape, and context. 54.00 hours lecture. (Letter grade only)

GAM-5B**Advanced Concept Art****3.00 Units**

CSU

Prerequisite: GAM 5A

Description: An advanced course in concept art, focusing on iteration, speed, efficiency, precision, and working within constraints. Emphasizes form, function, narrative, context, and thorough exploration of ideas in a rapid and visual manner. 54.00 hours lecture. (Letter grade only)

GAM-6A**3D Digital Modeling****3.00 Units**

CSU

Prerequisite: None.

Description: Introduces concepts of 3D Modeling in a virtual environment. Emphasis is on the introduction of three-dimensional concepts, the use of modeling tools, and menu structures within applications of 3D design systems. 54.00 hours lecture. (Letter grade only)

GAM-6B**3D Animation****3.00 Units**

CSU

Prerequisite: GAM 6A

Description: How to prepare an animation rig accurately and anatomically in a 3D simulation environment. Prepare previously created humanoid and creature 3D models and animate them using professional production techniques. 54.00 hours lecture. (Letter grade only)

GAM-7**Game Studio****3.00 Units**

CSU

Prerequisite: None.

Description: Introduction to practical game development techniques emphasizing team skills, project management, scope discipline, and task completion. Focuses on delivering finished projects for the purpose of portfolio or further development. 54.00 hours lecture. (TBA Option) (Letter grade only)

GAM-8**Current Topics in Game Development****3.00 Units**

CSU

*Prerequisite: None.**Advisory: CIS 78A*

Description: A workshop class focusing on a single aspect or discipline of games development that is contemporary, modern, or of particular need in the games industry. 54.00 hours lecture. (Letter grade only)

GAM-200**Simulation and Game Development Work Experience****1.00-4.00****Units**

CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Students should have paid or voluntary employment.

Description: Work Experience is designed to coordinate the student's on-the-job training with workplace skills designed to assist the student in developing successful professional skills. Each student will establish measurable learning objectives appropriate for their job and discipline. Students may earn up to four (4) units each semester, for a maximum of 16 units of work experience total. 60 hours of volunteer work or 75 hours of paid work during the semester are required for each unit. No more than 20 hours per week, out of the 60 or 75 requirement, may be applied toward the work requirement. The course consists of an 18 hours of orientation/professional skills development and 60 hours of volunteer work experience per unit with a maximum of 240 for four units per semester OR 75 hours of paid work experience per unit, with a maximum of 300 for four units per semester. (Letter grade or Pass/No Pass option)

GEG-Geography**GEG-1****Physical Geography****3.00 Units**

(C-ID: GEOG 110)

UC, CSU

Prerequisite: None.

Description: The interacting physical processes of air, water, land, and life that impact Earth's surface. Topics include weather and climate, the water cycle, landforms and plate tectonics, and the characteristics of plant and animal life. Emphasis is on interrelationships among systems and processes and their resulting patterns and distributions. There is a heavy emphasis on maps as descriptive and analytical tools. Students may not receive credit for both GEG-1 and GEG-1H. 54.00 hours lecture. (Letter grade only)

GEG-1H**Honors Physical Geography****3.00 Units**

(C-ID: GEOG 110)

UC, CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the Honors Program.*

Description: The interacting physical processes of air, water, land, and life that impact Earth's surface. Topics include weather and climate, the water cycle, landforms and plate tectonics, and the characteristics of plant and animal life. Emphasis is on interrelationships among systems and processes and their resulting patterns and distributions. There is a heavy emphasis on maps as descriptive and analytical tools. The honors course offers an enriched experience for accelerated students by limited class size, seminar format, student generated and led discussions and projects, the application of higher level thinking, reading, and writing skills – analysis, synthesis, and evaluation. Students may not receive credit for both GEG-1 and GEG-1H. 54.00 hours lecture. (Letter grade only)

GEG-1L**Physical Geography Laboratory****1.00 Unit**

(C-ID: GEOG 111)

UC, CSU

*Prerequisite: None.**Corequisite: GEG 1 or GEG 1H*

Description: Practical application of scientific principles through geographically based in-class exercises using a variety of tools, such as maps, photos, and data in various forms. 54.00 hours laboratory. (Letter grade only)

GEG-2**Human Geography****3.00 Units**

(C-ID: GEOG 120)

UC, CSU

Prerequisite: None.

Description: The geographic analysis of the human imprint on the planet. A study of diverse human populations, their cultural origins, diffusion and contemporary spatial expressions emphasizing demography, languages, religions, urbanization, landscape modification, political units and nationalism, economic systems and development. Emphasis is given to interrelationships between human activities and the biophysical environment. 54.00 hours lecture. (Letter grade only)

GEG-3**World Regional Geography****3.00 Units**

(C-ID: GEOG 125)

UC, CSU

Prerequisite: None.

Description: A study of major world regions, emphasizing current characteristics and issues including cultural, economic, political and environmental conditions. Topics may include the natural environment, population distribution, cultural practices, political institutions, economic development, agricultural practices, and urbanization. 54.00 hours lecture. (Letter grade only)

GEG-4**Geography of California****3.00 Units**

(C-ID: GEOG 140)

UC, CSU

Prerequisite: None.

Description: An introduction to California's physical and cultural diversity as well as the issues facing individual regions. The course introduces students to a geographic approach to observing, understanding, and explaining California's ethnic diversity, culture, environment, natural resources, geologic and human history, and environmental impact. Emphasis is placed on contemporary social, economic, and environmental issues that Californians are facing in the context of California's history and reputation as a leader in cultural, social, and technological innovation. Topics include the formation of California's physical landscapes and physiographic regions, natural resources, weather and climate, biogeography and ecology, environmental change, water resources, air quality, agriculture, technology and manufacturing, population, Native American history and demographic change, culture and ethnic and racial diversity. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

GEG-5**Weather and Climate****3.00 Units**

(C-ID: GEOG 130)

UC, CSU

Prerequisite: None.

Description: The nature and causes of common meteorological phenomena, severe weather occurrences, and climatic patterns. Topics include: atmospheric structure, solar radiation and energy balances, atmospheric moisture, clouds and fog, air pressure, wind, air masses and fronts, cyclones, tornadoes, hurricanes, weather forecasting, climate classification, and climate change. Understanding the human impact on weather and climate is an important thread throughout the course. 54.00 hours lecture. (Same as PHS-5) (Letter grade only)

GEG-6**Geography of the United States and Canada****3.00 Units**

UC, CSU

Prerequisite: None.

Description: An overview of the regions of the United States and Canada. Topics include physical geography, regional interactions and current political, economic, demographic and cultural issues. 54.00 hours lecture. (Letter grade only)

GEG-30A**Field Studies in Geography****1.00 Unit**

(C-ID: GEOG 160)

CSU

Prerequisite: None.

Description: A field course with trips to regional points of geographic interest. Can be delivered as a series of weekend field excursions or as one, week-long geography expedition to a site of interest. Includes guided field-based observations and investigations of regional geography including a variety of topographic expressions, basic geographic processes, and cultural landscapes. Students may be required to camp outdoors in campgrounds. Designed to supplement other courses in geography and to increase interest and understanding of the world we live in. Class meets during the first week of the semester. 54.00 hours laboratory. (Letter grade only)

GEG-30B**Field Studies in Geography****1.00 Unit**

(C-ID: GEOG 160)

CSU

Prerequisite: None.

Description: A field course with trips to regional points of geographic interest. Can be delivered as a series of weekend field excursions or as one, week-long geography expedition to a site of interest. Includes guided field-based observations and investigations of regional geography including a variety of topographic expressions, basic geographic processes, and cultural landscapes. Students may be required to camp outdoors in campgrounds. Designed to supplement other courses in geography and to increase interest and understanding of the world we live in. Class meets during the first week of the semester. 54.00 hours laboratory. (Letter grade only)

GEG-30C**Field Studies in Geography****1.00 Unit**

(C-ID: GEOG 160)

CSU

Prerequisite: None.

Description: A field course with trips to regional points of geographic interest. Can be delivered as a series of weekend field excursions or as one, week-long geography expedition to a site of interest. Includes guided field-based observations and investigations of regional geography including a variety of topographic expressions, basic geographic processes, and cultural landscapes. Students may be required to camp outdoors in campgrounds. Designed to supplement other courses in geography and to increase interest and understanding of the world we live in. Class meets during the first week of the semester. 54.00 hours laboratory. (Letter grade only)

GEG-30D**Field Studies in Geography****1.00 Unit**

(C-ID: GEOG 160)

CSU

Prerequisite: None.

Description: A field course with trips to regional points of geographic interest. Can be delivered as a series of weekend field excursions or as one, week-long geography expedition to a site of interest. Includes guided field-based observations and investigations of regional geography including a variety of topographic expressions, basic geographic processes, and cultural landscapes. Students may be required to camp outdoors in campgrounds. Designed to supplement other courses in geography and to increase student interest and understanding of the world we live in. Class meets during the first week of the semester. 54.00 hours laboratory. (Letter grade only)

GUI-Counseling (Guidance)**GUI-45****Introduction to College****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: Guidance 45 is designed to introduce academic and occupational programs, college resources and personal factors that contribute to success as a college student. Includes an extensive exploration of Riverside Community College District resources and policies, orientation to college life, student rights and responsibilities, as well as certificates, graduation and transfer requirements. Students will prepare a Student Educational Plan (S.E.P.). Outcomes of higher education will be discussed through the exploration and application of sociological and psychological principles that lead to success in college and in accomplishing goals. As a result of class activities and exploration of factors influencing educational decisions, class members will be able to utilize the information obtained in class to contribute to their college success. 18.00 hours lecture. (Letter grade or Pass/No Pass option)

GUI-46**Introduction to the Transfer Process****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: Provides an introduction to the transfer process. A course that centers on student access to higher levels of education, particularly bachelor's degrees, and the university systems that offer them. Includes an in-depth exploration of transfer requirements, admission procedures, requirements for majors, and financial aid opportunities. The information learned will enable students to make informed choices on majors, four-year institutions and in academic planning. 18.00 hours lecture. (Letter grade or Pass/No Pass option)

GUI-47**Career Exploration and Life Planning****3.00 Units**

UC, CSU

Prerequisite: None.

Description: In depth career and life planning: Topics include extensive assessment of one's values, skills, interest, abilities, opportunities, and personality; life problem-solving and self-management skills; adult development theory and the changes that occur over the life span; and exploration of career opportunities based on personal attributes and goals. An intensive focus on decision making, goal setting and job search strategies, as well as resume writing and interviewing skills will also be addressed. This course is designed to assist those students considering a career change or who are undecided about the selection of a college major. 54.00 hours lecture. (Letter grade only)

GUI-47A**Introduction to Career Exploration****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: An introductory career planning course. Topics include an exploration of one's values, interests and abilities; self-assessment including identifying one's skills and matching personality with work. An extensive career investigation focusing on decision making, goal setting and career pathway planning skills. Designed to assist students who are undecided about career choice and/or college major. 18.00 hours lecture. (Letter grade or Pass/No Pass option)

GUI-48**College Success Strategies****3.00 Units**

UC, CSU

Prerequisite: None.

Description: This comprehensive course integrates personal growth and values, academic study strategies and critical thinking techniques. Students will obtain skills and personal/interpersonal awareness necessary to succeed in college. 54.00 hours lecture. (Letter grade only)

HES-1**Health Science****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A general education course that offers a basic study of human health and health care as revealed in the anatomy and physiology of the body, nutrition, exercise, stress management, weight management, protection from degenerative and communicable diseases, personal safety, environmental health, wellness, and professional medical care. Students will explore making responsible decisions regarding all aspects of a healthy lifestyle including getting fit, disease prevention and treatments, use and abuse of substances, human sexuality, and selection of health providers. This course satisfies the California requirement in drug, alcohol, tobacco and nutrition education for teacher certification. 54.00 hours lecture. (Same as BIO-35) (Letter grade only)

HIST-History**HIST-1****World History to 1500****3.00 Units**

(C-ID: HIST 150)

UC, CSU

Prerequisite: None.

Description: A survey of the historical development of global societies, major social, political, and economic ideas and institutions from their origins until the 16th century. Principal areas to be covered are: African civilizations of the Nile and sub-Saharan areas, Mesopotamian civilizations, Greek and Roman Civilizations, Medieval and Reformation Europe, the Indus River, China and Japan. 54.00 hours lecture. (Letter grade only)

HIST-2**World History since 1500****3.00 Units**

(C-ID: HIST 160)

UC, CSU

Prerequisite: None.

Description: A survey of the evolution of modern world history from the 16th century emergence of new global political, economic, social, and intellectual patterns, through the era of industrialization and imperialism, to the world wars of the 20th century and the present. Students may not receive credit for both HIS-2 and HIS-2H. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

HES-Health (Health Science)

HIST-14**African American History I****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A survey of the experience of Americans of African descent in America from the 1600s to 1865. The course begins with the history of African civilizations on the coast of West Africa, moves through the rise of slavery in the Americas, the origins and developments of American ideas about race, and the formation of African American culture(s) and identities. It then culminates with emancipation at the end of the Civil War. Although the history of African Americans is one of struggle and almost constant adversity, it is also one of strength and perseverance. In spite of the challenges, African Americans lived, loved, formed enduring communities, and created a unique culture. Since their involuntary arrival on the shores of North America during the early seventeenth century, Africans and their descendants confronted adversity by means of individual and collective action in numerous ways. The course explores these dimensions of the African American experience, and in so doing, highlights the multifaceted ways African Americans have made their own history while simultaneously shaping and contributing to the history of the United States. 54.00 hours lecture. (Letter grade only)

HIST-25**History of Mexico****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A general survey of the history of Mexico from its pre-conquest origins, Spanish Conquest and colonial society, independence and political evolution, foreign intervention and modernization, Revolution and reforms, and continued development to the present. The class examines political, economic, cultural, and social transformations of the country with attention to local and regional experiences. It also looks at Mexico's relationship to the rest of the world, particularly the United States, and how these relationships impact the nation politically, economically, culturally, and socially. 54.00 hours lecture. (Letter grade only)

HIST-26**History of California****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A survey of the history of California from the pre-Columbian period to the present, with emphasis on the period since statehood in 1850. 54.00 hours lecture. (Letter grade only)

HIST-31**Introduction to Chicanx and Latinx Studies****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A survey of intersectional and interdisciplinary approaches to introduce students to the range of issues, experiences, and methodologies that form the foundation of Chicanx and Latinx Studies. By considering the relationship between the creation of "Chicanx", "Latinx" and "American" identities, students will critically reconsider the borders that constitute the U.S. as a political and cultural formation. The course balances depth and breadth in its study of the variety of perspectives and experiences that come to be associated with U.S. Chicanx and Latinx peoples. Thus, we will analyze the histories of migration and colonialism associated with predominant U.S. Latinx sub-groups, such as Mexican Americans/Chicanx people and Puerto Ricans, while also centering considerations of the ways in which broader populations with ties to Central America, South America, and the Caribbean play crucial roles in constituting Latinidad. Topics include the U.S./Mexico border and borderlands; immigration, migration, and diaspora; literary and cultural traditions; music and expressive practices; labor and structural inequality; social movements; Latinx urbanism; gender and sexuality; political and economic shifts; inter- and intra-group relations; and indignity and Blackness in Latinidad. Sources include a range of social science and humanities scholarship. 54.00 hours lecture. (Same as ETS-2) (Letter grade only)

HIST-34**History of Women in the United States****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A study of the political, economic, social, and cultural history of women in the United States of America. An intersectional examination of women's diverse lives, identities, and status since the pre-colonial era, including: Native American women, British colonization, slavery, race, nationalism, the cult of domesticity, sexuality, gender identity, women's rights, women's suffrage, abolition, waves of feminism, women of color feminisms, legislative and political action, coalition building, Civil Rights Revolution, and concerns of the post-Civil Rights era. 54.00 hours lecture. (Letter grade only)

HIST-61**US History from a Chicana/o/x Perspective: 1848 to Present Day****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A survey in American history from the Chicana/o/x perspective. Emphasis is placed on the study of Chicana/o/x history, identity, and culture from U.S. acquisition of the southwest in 1848 to the present day. Students analyze Chicana/o/x contributions to the political, social, economic, and cultural development of the United States. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

HIST-C1001**United States History to 1877****3.00 Units**

Formerly HIS-6
(C-ID: HIST 130)
UC, CSU

Prerequisite: None.

Description: This course is a historical survey of the United States, from Indigenous North America to the end of Reconstruction. This course also introduces students to historical reasoning skills. Students may not receive credit for both HIST-C1001 and HIST-C1001H. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

HIST-C1001H**United States History to 1877 - Honors****3.00 Units**

Formerly HIS-6H
(C-ID: HIST 130)
UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in Honors Program.

Description: This course is a historical survey of the United States, from Indigenous North America to the end of Reconstruction. This course also introduces students to historical reasoning skills. This is an honors course. This honors course offers an enriched experience for accelerated students through limited class size, seminar format, focus on primary texts, and application of higher level critical thinking skills. Students may not receive credit for both HIST-C1001 and HIST-C1001H. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

HIST-C1002**United States History since 1865****3.00 Units**

Formerly HIS-7
(C-ID: HIST 140)
UC, CSU

Prerequisite: None.

Description: This course is a historical survey of the United States, from the end of the Civil War to the present. The course also introduces students to historical reasoning skills. Students may not receive credit for both HIST-C1002 and HIST-C1002H. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

HIST-C1002H**United States History since 1865 - Honors****3.00 Units**

Formerly HIS-7H
(C-ID: HIST 140)
UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the Honors Program.

Description: This course is a historical survey of the United States from the end of the Civil War to the present. This course also introduces students to historical reasoning skills. This is an honors course. Students may not receive credit for both HIST-C1002 and HIST-C1002H. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

HUM-Humanities

Additional Humanities Courses Examples of courses which are often classified as Humanities by other colleges and universities are: AHS-1, 2, 2H - History and Appreciation of Art ENG-6, 7 - English Literature ENG-14, 15 - American Literature ENG-40, 41 - Masterpieces of World Literature MUS-19, 19H, 20, 21 - Music History and Literature Any Philosophy course See also Humanities A.A. Degree requirements

HUM-4**Arts and Ideas: Ancient World Through the Late Medieval Period****3.00 Units**

UC, CSU

Prerequisite: None.

Advisory: REA-83 and qualification for ENGL-C1000.

Description: An interdisciplinary study of the cultural movements in art, architecture, literature, music, philosophy, and religion of Western Civilization. The cultural achievements of the ancient world and the middle ages are studied to develop an understanding of their philosophical ideas, values, cultural meaning, artistic form, and contributions to modern thought. Students may not receive credit for both HUM-4 and HUM-4H. 54.00 hours lecture. (Letter grade only)

HUM-4H**Honors Arts and Ideas: Ancient World Through the Late Medieval Period****3.00 Units**

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in Honors Program.

Advisory: REA-83 and qualification for ENGL-C1000.

Description: An interdisciplinary study of the cultural movements in art, architecture, literature, music, philosophy, and religion of Western Civilization. The cultural achievements of the ancient world and the middle ages are studied to develop an understanding of their philosophical ideas, values, cultural meaning, artistic form, and contributions to modern thought. This honors course offers an enriched experience for accelerated students by means of limited class size, seminar format, discussions and projects generated and led by students, a focus on primary texts in translation, and the applications of higher-level thinking and writing skills—analysis, synthesis, and evaluation. Students may not receive credit for both HUM-4 and HUM-4H. 54.00 hours lecture. (Letter grade only)

HUM-5**Arts & Ideas: Renaissance through the Modern Era****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: REA-83 and qualification for English C1000.*

Description: An interdisciplinary study of the cultural movements in art, architecture, literature, music, philosophy, photography, cinema, media, and religion of Western civilization. The cultural achievements of the Renaissance, Enlightenment, Romantic, Modern and post-modern periods are studied to develop an understanding of their philosophical ideas, values, cultural meaning, artistic form, and contributions to contemporary thought. Students may not receive credit for both HUM-5 and HUM-5H. 54.00 hours lecture. (Letter grade only)

HUM-5H**Honors Arts and Ideas: The Renaissance through the Modern Era****3.00 Units**

UC, CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in Honors Program.**Advisory: REA-83 and qualification for English C1000.*

Description: An interdisciplinary study of the cultural movements in art, architecture, literature, music, philosophy, photography, cinema, media, and religion of Western civilization. The cultural achievements of the Renaissance, Enlightenment, Romantic, Modern and post-Modern periods are studied to develop an understanding of their philosophical ideas, values, cultural meaning, artistic form, and contributions to modern thought. This Honors course offers an enriched experience for accelerated students by means of limited class size, seminar format, discussions and projects generated and led by students, a focus on primary texts in translation, and the applications of higher-level thinking and writing skills—analysis, synthesis, and evaluation. Students may not receive credit for both HUM-5 and HUM-5H. 54.00 hours lecture. (Letter grade only)

HUM-8**Introduction to Mythology****3.00 Units**

UC, CSU

*Prerequisite: Eligibility for college-level composition or qualifying placement for ENGL C1000**Advisory: ENGL C1003 or ENGL C1003H*

Description: Analyzes myths from various time periods, geographic locations, and cultural settings. Emphasizes the historical sources and cultural functions of myths and legends in ancient societies and their continuing relevance to modern thought and culture. 54.00 hours lecture. (Same as ENGL-8) (Letter grade only)

HUM-9**American Voices****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: ENGL C1000, HUM 16*

Description: A thematic, interdisciplinary study of American autobiographical writing with an intersectional methodology. Close reading of American biographies and autobiographies of advocates, artists, leaders, resisters as examples of the ever evolving character of American identity. Exploration of indigenous resistance voices, abolitionist voices, feminist voices, Existentialist voices, and more. 54.00 hours lecture. (Letter grade only)

HUM-10**World Religions****3.00 Units**

UC, CSU

Prerequisite: None.

Description: An introduction to the methods of the academic study of religion and analysis of the category of "religion." Provides a nonsectarian survey and analysis of the concepts, practices, and historical and cultural influences of major world religious traditions, which may include indigenous religions, such as Native American, African, Afro-Caribbean, and Oceanic religions; Asian-origin religions, such as Hinduism, Buddhism, Jainism, Sikhism, Confucianism, Taoism, and Shinto; Middle Eastern-origin religions, such as Judaism, Christianity, Islam, and Zoroastrianism; and New Religious Movements, such as atheism, Scientology, Neopaganism, and New Age. Students may not receive credit for both HUM-10 and HUM-10H. 54.00 hours lecture. (Letter grade only)

HUM-10H**Honors World Religions****3.00 Units**

UC, CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in Honors Program.*

Description: An introduction to the methods of the academic study of religion and analysis of the category of "religion." Provides a nonsectarian survey and analysis of the concepts, practices, and historical and cultural influences of major world religious traditions, which may include indigenous religions, such as Native American, African, Afro-Caribbean, and Oceanic religions; Asian-origin religions, such as Hinduism, Buddhism, Jainism, Sikhism, Confucianism, Taoism, and Shinto; Middle Eastern-origin religions, such as Judaism, Christianity, Islam, and Zoroastrianism; and New Religious Movements, such as atheism, Scientology, Neopaganism, and New Age. This Honors course offers an enriched experience for students through limited class size, seminar format, discussions and projects generated and led by students, a focus on primary texts in translation and the application of higher level thinking and writing skills – analysis, synthesis and evaluation. Students may not receive credit for both HUM-10 and HUM-10H. 54.00 hours lecture. (Letter grade only)

HUM-11**Cults, Crosses, & Colonialism: Religion in America****3.00 Units**

UC, CSU

Prerequisite: None.

Description: Examination of the history and impact of different religious traditions in America from the colonial period to the present. Emphasizes the impact of those traditions on the historical development of American society, politics, and culture. Religious traditions in America surveyed may include: religious beliefs and practices of native and/or indigenous peoples; mainstream religions, such as Judaism, Christianity, Islam, Hinduism, and Buddhism; and new American sects or movements, such as Mormonism, American evangelicalism, Christian Science, Pentecostalism, Nation of Islam, Scientology, and Satanism. Attention directed toward topics such as slavery and religion, religion and gender, immigration and industrialization, religious freedom, and race and ethnicity in American culture. Course requires participant observation in different religious settings. 54.00 hours lecture. (Letter grade only)

HUM-16**Arts and Ideas: American Culture****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: Qualification for ENGL-C1000.*

Description: An interdisciplinary survey of the cultural movements in art, architecture, literature, music, philosophy, and religion of American culture. American culture is studied in the context of American political culture, economic and industrial transformation, and the changing shape of American society. American arts and ideas are examined from the colonial period through the present. 54.00 hours lecture. (Letter grade only)

HUM-18**Walking with the Dead: An Interdisciplinary Perspective on Death and Dying****3.00 Units**

UC, CSU

Prerequisite: None.

Description: An interdisciplinary journey through human responses to death and dying from historical, mythological, religious, philosophical, sociological, cultural, and biological perspectives. Emphasizes the comparison of social, political, and cross-cultural meanings and practices regarding death. Investigates the evolving way in which world cultures have understood the problem of death, dying, and grief through works of literature, history, art, and philosophy. Issues addressed may include: attitudes, beliefs, and meanings of death and dying across religions/cultures; the dying process; living with dying; the American health care system; hospice care; end-of-life decisions; suicide; euthanasia and other biomedical issues; and grief, mourning, the funeral process and cultural norms. 54.00 hours lecture. (Same as PHI-18) (Letter grade only)

HUM-23**The Bible As Literature****3.00 Units**

UC, CSU

*Prerequisite: Eligibility for college-level composition or qualifying placement for ENGL C1000.**Advisory: ENGL C1003 or ENGL C1003H*

Description: A survey of the Hebrew Bible and New Testament with emphasis on literary form, styles, and themes. 54.00 hours lecture. (Same as ENGL-23) (Letter grade or Pass/No Pass option)

HUM-35**Philosophy of Religion****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: PHI 10 or PHI 11*

Description: An introduction to the examination of religious claims from a philosophical perspective. Emphasis will be placed upon examining the rational justification for various traditional faith claims, and upon examining the relationship between rationality and faith. The course presumes a basic knowledge of philosophical argumentation. 54.00 hours lecture. (Same as PHI-35) (Letter grade only)

ILA-Interdisciplinary Studies**ILA-1****Introduction to Tutor Training****1.00 Unit***Prerequisite: None.*

Description: Introduction to tutoring, with an emphasis on tutoring strategies, learning styles, problem-solving, and working with diverse student populations. Designed to prepare students to become peer tutors in a variety of subject areas. Tutors develop student-centered, non-intrusive tutoring skills to meet a wide variety of student needs. Topics include theory, practice and ethics of tutoring, interpersonal communications techniques, tutoring diverse student populations, and group tutorial methods and practical field work. 18.00 hours lecture. (Letter grade or Pass/No Pass option)

ILA-3**Student Resiliency****1.00 Unit***Prerequisite: None.*

Description: This participatory course trains students how to attain, foster, and utilize skills that may support academic success in the face of adversity. The course includes theories of resiliency, workshops on strategies for resilience and academic success, problem-solving applications, and network building. 18.00 hours lecture. (Letter grade only)

ILA-800**Supervised Tutoring****0.00-0.00****Units***Prerequisite: None.**Corequisite: Student must be enrolled in at least one other non-tutoring course.*

Description: This self-paced, open-entry/open-exit non-credit course provides supervised tutoring, assistance with study skills, and guidance in completing basic skills or college-level course assignments. Students receive individualized tutoring and/or small group instruction outside of class time in a discipline-specific lab. Designed to help students achieve outcomes related to specific courses and/or to improve learning and study skills in specific related subjects. Content varies according to the course for which tutoring is sought. 1.00 to 216.00 hours laboratory. (TBA Option) (No grade)

JOU-Journalism**JOU-7****Mass Communications****3.00 Units**

(C-ID: JOUR 100)

UC, CSU

*Prerequisite: None.**Advisory: ENGL C1000*

Description: Survey of mass communication and the interrelationships of media with society including history, structure, and trends in a digital age. Discussion of theories and effects, economics, technology, law and ethics, global media, media literacy, and social issues, including gender and cultural diversity. 54.00 hours lecture. (Letter grade only)

KIN-Physical Education (Kinesiology)

It is recommended that students enroll in kinesiology activity courses or academic kinesiology courses (that satisfy the Self Development requirement of the Associate of Arts Degree) during the first two semesters of full-time enrollment until the two or three unit requirement is completed. For further information, students should read the Associate of Arts Degree requirements in this catalog.

UNIFORMS

Students are requested to wear attire appropriate to the activity as requested by the instructor.

LOCKERS

A lock and locker for which the student is responsible will be issued to each student. A \$5.00 charge will be assessed for a lost lock.

KIN-4**Nutrition****3.00 Units**

(C-ID: NUTR 110)

UC, CSU

Prerequisite: None.

Description: The principles of modern nutrition and its application. The importance of a scientific knowledge of nutrition, specific food nutrients, and nutritional controversies. A study of modern convenience foods and their impact on present day diets. 54.00 hours lecture. (Letter grade only)

KIN-10**Introduction to Kinesiology****3.00 Units**

(C-ID: KIN 100)

UC, CSU

Prerequisite: None.

Description: An introduction to the interdisciplinary approach to the study of human movement. An overview of the importance of the sub-disciplines in Kinesiology will be discussed along with career opportunities in the areas of teaching, coaching, allied health, and fitness professions. 54.00 hours lecture. (Letter grade only)

KIN-12**Sport Psychology****3.00 Units**

UC, CSU

Prerequisite: None.

Description: Links research in sport psychology with techniques to implement the research in real world settings. Describes, explains, and applies sport psychology concepts and theories to practical experiences. 54.00 hours lecture. (Letter grade only)

KIN-16**Introduction to Athletic Training****3.00 Units**

UC, CSU

Prerequisite: None.

Description: Basic concepts of athletic training with emphasis in the prevention and care of athletic injuries. Basic taping techniques will be presented and practiced. 45.00 hours lecture and 27.00 hours laboratory. (Letter grade only)

KIN-29**Soccer Theory****3.00 Units**

UC, CSU

Prerequisite: None.

Description: Various aspects of coaching the sport of soccer will be covered, such as the rules, theory, philosophy, organization and structure of a program, mental skills, individual skills, offensive and defensive team play, and digital video analysis. 54.00 hours lecture. (Letter grade only)

KIN-30**First Aid and CPR****3.00 Units**

(C-ID: KIN 101)

UC, CSU

Prerequisite: None.

Description: Theory and detailed demonstration of CPR and first aid care of the injured by the citizen responder. Students will learn how to assess a victim's condition and incorporate proper treatment. Students who successfully pass all Emergency Care and Safety Institute (ECSI) requirements will receive an ECSI First Aid certificate. Students who successfully pass all American Heart Association requirements will receive a Healthcare Professional CPR certificate. A certificate processing fee for the required certificates will be charged to the student and is not covered by CCPG. The fee may be subject to change during the academic year at the discretion of the ECSI and American Heart Association. 54.00 hours lecture. (Letter grade only)

KIN-35**Foundation for Fitness and Wellness****3.00 Units**

UC, CSU

Prerequisite: None.

Description: Prepares students to make informed choices and to take responsibility for those choices in the areas of fitness, nutrition, and stress management. Emphasis is on the application of health and physical fitness principles. Each student will develop a personalized plan for the overall maintenance of their own wellness. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

KIN-36**Wellness: Lifestyle Choices****3.00 Units**

(C-ID: PH 100; PHS 100)

UC, CSU

Prerequisite: None.

Description: Exploration of major health issues and behaviors in the various dimensions of health. The dimensions of health and wellness include the physical, emotional, intellectual, social, spiritual, and environmental. Emphasis is placed on individual responsibility for personal health and the location and promotion of informed, positive health behaviors. Nutrition, physical activity, weight control, mental health, stress management, violence, substance abuse, reproductive health, disease prevention, aging, healthcare, and environmental hazards and safety will be discussed. 54.00 hours lecture. (Letter grade only)

KIN-38**Stress Management****3.00 Units**

(C-ID: PH 107)

UC, CSU

Prerequisite: None.

Description: The nature, physiology, and psychology of stress. Students will explore perceptions, attitudes, beliefs, and lifestyle factors that may be pre-cursors and contributors to distress. Students will also explore a variety of coping strategies and relaxation techniques. The lab portion of this class provides the opportunity for students to practice techniques and develop a personalized stress management program. 45.00 hours lecture and 27.00 hours laboratory. (Letter grade only)

KIN-A37**Self-Defense****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: This physical activity course covers safety, defense, techniques, and practical applications of skills for self-defense, psychological defenses, and assertiveness training in a technical and practical framework. Strikes, kicks, blocks, take downs, take down defense, throws, sweeps, ground fighting, and core strengthening will be covered. 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

KIN-A40**Karate, Beginning****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: Beginning karate will develop the basic skills needed for the art of unarmed self-defense. This includes the use of blocking, punching, and kicking. Karate will also develop speed, grace of movement, self-confidence, poise, mental alertness, strength, endurance, and muscular control. Karate is a physical art and a sport that anyone, irrespective of size, age, or sex, can practice according to his or her own capabilities. 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

KIN-A41**Karate, Intermediate****1.00 Unit**

UC, CSU

*Prerequisite: None.**Advisory: KIN A40*

Description: This course in intermediate karate is designed for the student wishing to review basic self defense skills and begin work on higher skills, develop intermediate level skills in unarmed self defense, and learn basic skills in kumite (free fighting). 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

KIN-A42**Karate, Advanced****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: Designed for students wishing to review beginning and intermediate self-defense skills, and begin working on higher, more advanced skills. The focus is on prevention of harm through discipline, confidence of movement and alertness to danger. The advanced level skills taught in unarmed self-defense are an asset to any individual who may be confronted with a potentially harmful situation or circumstance. Participant will also learn more advanced combinations used in kumite (free fighting). 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

KIN-A43**T'ai-chi Ch'uan, Beginning****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: Introduces Beginning and Short Form Yang Style T'ai-chi ch'uan (taijiquan) routines. Students will learn proper posture, relaxation methods, stances, hand and foot motions. Benefits include improved balance, flexibility, coordination, focus, and stress reduction. 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

KIN-A44**T'ai-chi Ch'uan, Intermediate****1.00 Unit**

UC, CSU

Prerequisite: KIN A43

Description: A continuation of Yang Style T'ai-chi Ch'uan. Covers more advanced forms and training methods. Students will learn the Yang Style T'ai-chi Ch'uan (taijiquan) 108 movement Long Form. Students will also learn standing and seated meditations, and supplemental exercises. 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

KIN-A46**Yoga, Beginning****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: Beginning yoga exercises to improve students' physical and mental wellness. The yoga exercises will be taught to promote improvement in yoga breathing techniques, concentration, muscular flexibility, strength and endurance, balance and meditation techniques. KIN-A46, KIN-A47, and KIN-A48 are courses related in content and are limited in enrollment according to Title 5, section 55040. For further information, see section VIII regarding course repetition. 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

KIN-A47**Yoga, Intermediate****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: Intermediate yoga exercises to improve students' physical and mental wellness. The yoga exercises will be taught to promote improvement in yoga breathing techniques, concentration, muscular flexibility, strength and endurance, balance and meditation techniques. KIN-A46 A47, and A48 are courses related in content and are limited in enrollment according to Title 5, section 55040. For further information see section VIII regarding course repetition. 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

KIN-A62**Flag Football****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: Skills, techniques, strategy, and rules of flag football. Emphasizes skill improvement, team unity, and safety procedures. KIN-A62 and A62A are courses related in content and are limited in enrollment according to Title 5, section 55040. For further information see section VIII regarding course repetition. 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

KIN-A64A**Soccer, Beginning****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: An introduction to the fundamental skills and lifetime fitness potential of soccer. Emphasis is placed on learning the basic skills, techniques and rules. Individual strategies for competition will be introduced. 54.00 hours laboratory. (Letter grade only)

KIN-A64B**Soccer, Intermediate****1.00 Unit**

UC, CSU

Prerequisite: KIN A64A

Description: Team offensive and defensive soccer strategies will be introduced along with individual soccer skills practiced and increased. Emphasis is placed on spatial awareness and body control necessary for practice and competition along with individual offensive and defensive soccer strategies. KIN-A64A, A64B, and A64C are courses related in content and are limited in enrollment according to Title 5, section 55040. For further information see section VIII regarding course repetition. 54.00 hours laboratory. (Letter grade only)

KIN-A64C**Soccer, Advanced****1.00 Unit**

UC, CSU

Prerequisite: KIN A64B

Description: Offensive and defensive team strategies will be developed along with an increase in individual soccer skills. Emphasis is placed on team strategies, lifetime fitness and perfecting skill techniques. KIN-A64A, A64B, and A64C are courses related in content and are limited in enrollment according to Title 5, section 55040. For further information see section VIII regarding course repetition. 54.00 hours laboratory. (Letter grade only)

KIN-A75A**Walking for Fitness: Beginning****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: Designed for all students with an emphasis on cardiovascular fitness, setting personal fitness goals, and understanding the physiological benefits of a walking program. Walking programs will be established to improve cardiorespiratory endurance. KIN-A75A, A75B and A77 are courses related in content and are limited in enrollment according to Title 5, section 55040. For further information see section VIII regarding course repetition. 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

KIN-A75B**Walking for Fitness: Intermediate****1.00 Unit**

UC, CSU

Prerequisite: None.

Advisory: KIN A75A

Description: Designed for students of intermediate fitness levels who would like to enhance and improve their cardiovascular fitness, basic strength, and flexibility with more advanced walking strategies. Intermediate walking techniques will be utilized in establishing walking programs designed to promote improvements in cardiorespiratory endurance and body composition. KIN-A75A, A75B and A77 are courses related in content and are limited in enrollment according to Title 5, section 55040. For further information, see section VIII regarding course repetition. 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

KIN-A77A**Jogging for Fitness, Beginning****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: Introduces basic fitness concepts to improve each individual's physical health and general well being. Geared to all ages and is concerned with aspects of cardiovascular health and weight control. Emphasis placed on building endurance and strength through jogging. KIN-A77A, A77B, and A77C are courses related in content and are limited in enrollment according to Title 5, section 55040. 54.00 hours laboratory. (Letter grade only)

KIN-A77B**Jogging for Fitness, Intermediate****1.00 Unit**

UC, CSU

Prerequisite: None.

Advisory: KIN A77A

Description: Designed for students of intermediate fitness levels who would like to enhance and improve their cardiovascular fitness and flexibility with jogging strategies. Jogging techniques will be utilized in establishing programs designed to promote improvements in cardiorespiratory endurance and body composition. Geared to all ages and is concerned with aspects of cardiovascular health and weight control. Emphasis placed on building endurance and strength by using stretching and jogging techniques for conditioning. KIN-A77A, A77B, and A77C are courses related in content and are limited in enrollment according to Title 5, section 55040. 54.00 hours laboratory. (Letter grade only)

KIN-A77C**Jogging for Fitness, Advanced****1.00 Unit**

UC, CSU

Prerequisite: None.

Advisory: KIN A77B

Description: Designed for students of advanced fitness levels who would like to enhance and improve their cardiovascular fitness, overall strength and flexibility with more advanced jogging strategies. Progressive jogging techniques will be utilized in establishing jogging programs designed to promote improvements in cardiovascular endurance and body composition. Geared to all ages and is concerned with aspects of cardiovascular health and weight control. Emphasis placed on building endurance and strength by using advanced stretching, muscle strengthening and jogging techniques for conditioning. KIN-A77A, A77B, and A77C are courses related in content and are limited in enrollment according to Title 5, section 55040. 54.00 hours laboratory. (Letter grade only)

KIN-A81A**Cardio and Strength Training, Beginning****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: An overview of the basic concepts that affect total fitness. Personalized exercise programs in cardiovascular endurance, muscular strength, muscular endurance, and flexibility will be developed. KIN-A81A and A81B are courses related in content and are limited in enrollment according to Title 5, section 55040. For further information see section VIII regarding course repetition. 54.00 hours laboratory. (Letter grade only)

KIN-A81B**Cardio and Strength Training, Intermediate****1.00 Unit**

UC, CSU

Prerequisite: KIN A81A

Description: Provides nutritional, cardiovascular, strength, flexibility and assessment concepts to enhance the personalized exercise program. KIN-A81A and A81B are courses related in content and are limited in enrollment according to Title 5, section 55040. For further information see section VIII regarding course repetition. 54.00 hours laboratory. (TBA Option) (Letter grade only)

KIN-A81C**Cardio and Strength Training, Advanced****1.00 Unit**

UC, CSU

Prerequisite: KIN A81B

Description: Designed to enhance nutritional, cardiovascular, strength and flexibility concepts in order to create and apply a lifelong individual physical fitness program. KIN A81A and A81B and A81C are courses related in content and are limited enrollment according to Title 5, section 55040. For further information see section VIII regarding course repetition. 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

KIN-A83**Kickboxing Aerobics****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: Basic fitness concepts as well as basic movement skills and exercises with the use of kickboxing in an aerobic format. Students will develop strength, flexibility, endurance, movement memory, balance, coordination and cardiovascular fitness. 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

KIN-A89A**Beginning Body Sculpting****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: Students will develop muscular strength and endurance along with flexibility using a variety of hand weights, body bars, elastic bands and exercise balls. Emphasis is placed on safety and proper technique while training basic muscle groups. KIN-A89A, A89B, and A89C are courses related in content and are limited in enrollment according to Title 5, section 55040. For further information see section VIII regarding course repetition. 54.00 hours laboratory. (Letter grade only)

KIN-A89B**Intermediate Body Sculpting****1.00 Unit**

UC, CSU

Prerequisite: KIN A89A

Description: Students will increase and maintain their body development through core strength, resistance and endurance training, along with body sculpting techniques. Personal fitness plans will be developed and incorporated based on personal health and fitness. Emphasis is placed on safety, core strength and major and minor muscle groups. KIN-A89A, A89B, and A89C are courses related in content and are limited in enrollment according to Title 5, section 55040. For further information see section VIII regarding course repetition. 54.00 hours laboratory. (Letter grade only)

KIN-A89C**Advanced Body Sculpting****1.00 Unit**

UC, CSU

Prerequisite: KIN A89B

Description: Students will develop personal and nutritional lifetime fitness goals and create a lifetime fitness plan. Muscular strength, cardiovascular endurance, flexibility and aerobic fitness will be developed and assessed. Emphasis will be placed on safety, proper body alignment and major and minor muscle groups. KIN-A89A, A89B, and A89C are courses related in content and are limited in enrollment according to Title 5, section 55040. For further information see section VIII regarding course repetition. 54.00 hours laboratory. (Letter grade only)

KIN-A90A**Weight Training - Beginning****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: Weight training course designed to teach students the basic exercises for the development of the major muscles. Emphasis is placed on muscular strength, endurance, and flexibility. 54.00 hours laboratory. (Letter grade only)

KIN-A90B**Weight Training - Intermediate****1.00 Unit**

UC, CSU

Prerequisite: KIN A90A

Description: Weight training course for students who have a basic background in weight lifting. Emphasis is placed on furthering strength development, cardiovascular endurance, and flexibility. 54.00 hours laboratory. (Letter grade only)

KIN-A90C**Weight Training - Advanced****1.00 Unit**

UC, CSU

Prerequisite: KIN A90B

Description: Weight training course for students who have an extensive background in weight lifting. Emphasis is placed on strength development, cardiovascular endurance, and flexibility. 54.00 hours laboratory. (Letter grade only)

KIN-V01**Cross Country, Varsity, Men****3.00 Units**

UC, CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Retention based on successful tryout.*

Description: Designed to serve as an opportunity for cross country runners to improve skills, knowledge, and strategy of the sport of cross country. A highly organized program of lecture, and individual and group practice sessions to prepare students for intercollegiate competition in cross country. Repeating the course provides the student an opportunity for additional skill and competency development. May be taken a total of four times. 175.00 hours laboratory. (Letter grade or Pass/No Pass option)

KIN-V10**Soccer, Varsity Men****3.00 Units**

UC, CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Retention based on successful tryout.*

Description: Prepares student athletes to practice and compete at the intercollegiate level in soccer. Athletes will demonstrate proficiency and knowledge of advanced principles of offensive and defensive team concepts. Student athletes will participate in a physical conditioning program designed to prepare them for intercollegiate competition in soccer. Repeating this course provides the student an opportunity for additional skill and competency development. May be taken a total of four times. 175.00 hours laboratory. (Letter grade or Pass/No Pass option)

KIN-V12**Cross Country, Varsity, Women****3.00 Units**

UC, CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Retention based on successful tryout.*

Description: Designed to serve as an opportunity for cross country runners to improve skills, knowledge, and strategy of the sport of cross country. A highly organized program of lecture, and individual and group practice sessions to prepare students for intercollegiate competition in cross country. Repeating the course provides the student an opportunity for additional skill and competency development. May be taken a total of four times. 175.00 hours laboratory. (Letter grade only)

KIN-V16**Flag Football, Varsity, Women****3.00 Units**

CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Retention based on successful tryout.*

Description: Opportunity for women to improve skills, increase knowledge, train, and participate in the game of flag football. The program will consist of highly organized lectures and individual, group, and team practice sessions. Video/DVD/Film evaluations will prepare students for intercollegiate competition in flag football. Repeating the course provides an opportunity for additional skill and competency development. May be taken a total of four times. 162.00 hours laboratory. (Letter grade only)

KIN-V25**Soccer, Varsity, Women****3.00 Units**

UC, CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Retention based on successful tryout.*

Description: Prepares student athletes to practice and compete at the intercollegiate level in soccer. Athletes will demonstrate proficiency and knowledge of advanced principles of offensive and defensive team concepts. Student athletes will participate in a physical conditioning program designed to prepare them for intercollegiate competition in soccer. Repeating this course provides the student an opportunity for additional skill and competency development. May be taken a total of four times. 175.00 hours laboratory. (Letter grade or Pass/No Pass option)

KIN-V78**Long Distance Running****1.00 Unit**

UC, CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Retention based on successful tryout.*

Description: Provides general and specific long distance running principles, conditioning methods, and race tactics involved in competitive long distance running. Subsequent enrollment in additional semesters will provide the student an opportunity for added skill and competency development. This course may be taken a total of four times. 54.00 hours laboratory. (Letter grade only)

KIN-V94**In-Season Varsity Sport Conditioning****1.00 Unit**

UC, CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Retention based on successful tryout.*

Description: Advanced conditioning principles for the design and implementation of an in-season training program during varsity sport competition. Subsequent enrollment in additional semesters will provide the student an opportunity for added skill competency development. May be taken a total of four times. 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

KIN-V95**Out-Of-Season Sport Conditioning****1.00 Unit**

UC, CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Retention based on successful tryout.*

Description: Advanced conditioning principles for the design and implementation of our out-of-season training programs in preparation for varsity sport competition. Subsequent enrollment in additional semesters will provide the student an opportunity for added skill competency development. May be taken a total of four times. 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

LIB-Library Science (Library)**LIB-1****Introduction to Information Literacy****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: Presents the fundamentals of the effective use of libraries to find, evaluate, interpret, and organize information online and in print; and to answer research questions and develop new ones. Students will develop an understanding of access to and ethical use of information through the use of retrieval systems. 18.00 hours lecture. (Letter grade or Pass/No Pass option)

MAG-Management**MAG-44****Principles of Management****3.00 Units**

CSU

*Prerequisite: None.**Advisory: BUS 10*

Description: For those who are in management, preparing for a potential promotion, or interested in the management process. Includes the primary functions of planning, organizing, controlling, and leading as well as related skills such as team development, motivation and communication techniques, and quality management. Also, social responsibility and a global perspective are emphasized. 54.00 hours lecture. (Letter grade only)

MAG-47**Applied Business and Management Ethics****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: BUS 10*

Description: An examination of ethical concerns in business decision making. Includes corporate, personal, global, governmental, public, environmental, product, and job-related issues. Case studies and corporate ethics programs and audits also covered. 54.00 hours lecture. (Same as BUS-47) (Letter grade or Pass/No Pass option)

MAG-51**Elements of Supervision****3.00 Units**

CSU

Prerequisite: None.

Description: Overview of responsibilities of a supervisor in industry including organizational structure, training, work assignments, productivity, quality control, evaluations, and management-employee relations. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

MAG-53**Human Relations****3.00 Units**

CSU

*Prerequisite: None.**Advisory: BUS 10*

Description: A practical application of basic psychology in building better employer-employee relationships. Examines effective human relation techniques. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

MAG-56**HRM: Human Resources Management****3.00 Units**

CSU

Prerequisite: None.

Description: Examines the manager's responsibility for implementing human resources applications involving the selection, training, evaluation, motivation and promotion of personnel. Compares and contrasts alternatives leading to innovative and socially responsible solutions to current employee relations issues with the workplace. 54.00 hours lecture. (Letter grade only)

MAG-200**Management Work Experience****1.00-14.00****Units**

CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Students should have paid or voluntary employment.

Description: Provides students with supervised paid or unpaid work experience in Management. Designed to integrate classroom instruction with practical industry training. For the first unit of credit, students complete 18 hours of professional learning and 36 hours of on-the-job experience. Each additional unit is earned through 54 hours of supervised paid or unpaid work experience at an approved job site, up to a maximum of 14 units. Professional learning emphasizes career readiness, workplace communication, and reflection, while the work-site component provides hands-on experience in management. 54.00 to 756.00 hours laboratory. (Letter grade or Pass/No Pass option)

MAN-Manufacturing Technology

MAN-10**Manufacturing Basic Operations****4.00 Units**

Prerequisite: None.

Description: A basic operations course to prepare individuals for modern production environments that use industry 4.0 controls, automation, and process.

Appropriate for individuals working in any occupation in advanced manufacturing. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

MAN-11**Manufacturing Advanced Operations****4.00 Units**

Prerequisite: None.

Description: Advanced manufacturing topics including mechanical drives, more advanced fluid power concepts, material handling, sensors, PLC programming and project development, CNC machining, and more. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

MAN-12**Robot Systems Basic Operations****3.00 Units**

Prerequisite: None.

Description: Prepares students to operate industrial robots used in industry. Ideal for manufacturing technicians, maintenance technicians and IT professionals seeking to become versed in robot system operations. This course will help prepare students for industry certification in robotics. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

MAN-13**Robot Systems Advanced Operations****2.00 Units**

Prerequisite: None.

Description: Program, interface, and optimization of industrial robot systems in an Industry 4.0 automation environment. Applications include pick and place, basic assembly, machine load/unload, and gluing. Topics include interpreting robot programs, developing robot sequence operations, and robot programming for an application. 18.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

MAN-15**Industry 4.0 Total Productive Maintenance****2.00 Units**

Prerequisite: None.

Description: Prepares individuals to perform maintenance in a production environment where Industry 4.0 technology is used. Topics include interpreting and responding to maintenance work orders via mobile/cloud technology, using a cloud-based maintenance management system, performing preventive maintenance, calculating overall equipment effectiveness and machine downtime, identifying methods of reducing downtime, and using basic troubleshooting methodologies to find root causes. 18.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

MAN-27**Variable Frequency Drive Systems****2.00 Units**

Prerequisite: None.

Description: Prepares individuals to connect, configure, adjust, and operate AC variable frequency motor drives using basic volts per hertz mode. Key skills include: adhering to VFD safety rules, operating VFD in manual using keypad, performing normal VFD startup and shutdown, performing emergency shutdown, viewing and editing parameters, changing speed with potentiometer, interfacing/configuring external discrete I/O, interpreting error codes, resetting drive errors, and configuring for acceleration, deceleration and braking. 18.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

MAN-28**Motor Control Troubleshooting 1****3.00 Units**

Prerequisite: None.

Description: Prepares individuals to troubleshoot and remedy faults in electric motor control circuits and AC variable frequency drives. Skills include: adhering to troubleshooting safety rules, systems troubleshooting, component testing, and using digital multimeters, clamp-on ammeters, and PLC status indicators. Components include: AC VFD drives with volts per hertz capability, 3-phase AC motors, reversing magnetic motor starters with overloads, drum switches, control relays, timer relays, manual switches, limit switches, pressure switches, and float switches. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

MAN-33**Programmable Controller Troubleshooting****4.00 Units**

Prerequisite: MAN 64

Description: Prepares individuals to troubleshoot and remedy faults in programmable logic controller systems. Skills include: systems troubleshooting and component testing using digital multimeters, PLC software, and PLC status indicators. Components include: PLC power supply, power distribution system, processor module, discrete input and output modules, chassis, and discrete field I/O devices. Troubleshooting applications include: multi-step machine sequence logic programs using electro-pneumatic actuators and on/off motor control systems. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

MAN-35**Computer Aided Manufacturing-Mastercam****5.00 Units**

CSU

Prerequisite: None.

Advisory: CIS 1A

Description: A course in computer-aided manufacture of parts and assemblies using MasterCam software. Applications of Numerical Control (NC) programming in machine processes with a focus on turning centers and milling operations. This course includes beginning and advanced programming. 63.00 hours lecture and 81.00 hours laboratory. (Letter grade or Pass/No Pass option)

MAN-36**General Machine Shop and Theory of Machining****4.00 Units**

Prerequisite: None.

Description: An introduction to the basic setup and operating of the lathe, mill, saw, drill press, and grinder. Safety, blueprint reading, measurement, shop math, tool grinding, bench work and layout, cutting concepts, and speed and feed calculations are also included. Emphasis will be on the fundamentals of bench work and layout. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

MAN-55**Occupational Safety and Health Administration (OSHA) Standards for General Industry****1.00 Unit**

Prerequisite: None.

Description: Covers OSHA policies, procedures, and standards, as well as safety for general industry and health principles. Topics include scope and application of the OSHA general industry standards. Special emphasis is placed on those areas that are the most hazardous, using OSHA standards as a guide. Upon successful course completion, the student will receive either an OSHA 10 hour general industry or construction industry training completion card. 18.00 hours lecture. (Same as ELE-55) (Letter grade or Pass/No Pass option)

MAN-56**CNC Machine Set-Up and Operation****4.00 Units**

CSU

Prerequisite: None.

Description: Fundamental skills related to the setup and operation of CNC (Computer Numerically Control) machine tools. Students will set up and operate CNC machine tools exposing them to CNC controllers and some CNC manual programming. Students will gain hands-on experience with CNC machine tools. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

MAN-57**CNC Program Writing****3.00 Units**

CSU

Prerequisite: None.

Description: Introduction to manual CNC program writing. Includes the Cartesian coordinate system, absolute/incremental programming, circular interpolation, cutter radius compensation, canned cycles, and other programming techniques related to CNC machine tools. Students will gain hands-on experience with CNC machine tools. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

MAN-60**Hydraulic and Pneumatic Systems****4.00 Units**

Prerequisite: None.

Advisory: ENE 60 or Elementary Algebra.

Description: Basics of hydraulic and pneumatic systems including physical properties of liquids under pressure. Pumps, motors, accumulators, valves and drive cylinders are studied. The design and assembly of both high and low pressure fluid control systems from standard components is experienced. Applications of fluids in robotic and industrial equipment systems are presented. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

MAN-61**Robotics for Manufacturing****3.00 Units**

CSU

Prerequisite: None.

Description: Programming and control of robotic systems typically used in industry. 36.00 hours lecture and 54.00 hours laboratory. (Same as ELE-61) (Letter grade or Pass/No Pass option)

MAN-63**LabVIEW Visual Programming for Automated Systems****3.00 Units**

CSU

Prerequisite: None.

Advisory: CIS 1A

Description: Prepares students to develop measurement and test systems, data acquisition, instrument control, data logging, and measurement analysis applications using LabVIEW. Students will create applications that acquire, process, display and store real world data. 36.00 hours lecture and 54.00 hours laboratory. (Same as ELE-63) (Letter grade only)

MAN-64**Programmable Logic Controllers****3.00 Units**

CSU

Prerequisite: None.

Advisory: ELE 10 or ELE 11

Description: Fundamentals of programmable logic controllers, with an emphasis on introductory programming of PLCs. Problem analysis with solutions that integrate programming formats, auxiliary commands and functions, common programming languages, and popular software programs used with PLCs. Installation, maintenance, troubleshooting and repair are inherent components. 36.00 hours lecture and 54.00 hours laboratory. (Same as ELE-64) (Letter grade or Pass/No Pass option)

MAN-66**Pneumatic Fluid Power Systems****2.00 Units**

Prerequisite: None.

Advisory: ENE 60

Description: Basics of pneumatic systems including physical properties of liquids under pressure. Compressors, motors, accumulators, valves and cylinders are studied. The design and assembly of both low pressure pneumatic control systems from standard components is experienced. Applications of pneumatics in robotic and industrial equipment systems are presented. 27.00 hours lecture and 27.00 hours laboratory. (Letter grade or Pass/No Pass option)

MAN-67**Programmable logic controllers using Siemens****3.00 Units**

Prerequisite: None.

Advisory: ELE 11 or ELE 10

Description: Fundamentals of programmable logic controllers using Siemens controls, with an emphasis on introductory programming of PLCs. Problem analysis with solutions that integrate programming formats, auxiliary commands and functions, common programming languages, and popular software programs used with PLCs. Installation, maintenance, troubleshooting, and repair are inherent components. 36.00 hours lecture and 54.00 hours laboratory. (Same as ELE-67) (Pass/No Pass only)

MAN-68**Fundamentals of Maintenance****4.00 Units**

Prerequisite: None.

Description: Foundational skills training for maintenance technicians. Introduction to the basic maintenance and repair methods used in the facility maintenance profession. Preventative maintenance methods and strategies are explored as students receive training in the use of electronic measuring devices, meters, and scopes. Topics include activities focused upon basic electrical skills, basic pneumatics and hydraulics, basic mechanical skills, basic plumbing, basic principles of refrigeration, refrigerants, refrigeration components, preventative and corrective maintenance. Completion of this basic course will prepare students for a job as a Facility Maintenance Technician. 54.00 hours lecture and 54.00 hours laboratory. (Same as ELC-68) (Letter grade or Pass/No Pass option)

MAN-69**Fundamentals of Tooling and Test Equipment****2.00 Units**

Prerequisite: None.

Description: An introduction to the tools and equipment used in the facility maintenance occupation, with an emphasis on the safe use, maintenance, and storage of a variety of tools and equipment. Introduces hand and power tools, test equipment, and wiring practices. 27.00 hours lecture and 27.00 hours laboratory. (Same as ELC-69) (Letter grade or Pass/No Pass option)

MAN-72**Commercial and Industrial Electrical Wiring****4.00 Units**

CSU

Prerequisite: None.

Description: Wiring of commercial and industrial buildings including equipment grounding, service grounding, power distribution, conduit types, metal, plastic, flexible, bending and supporting, light distribution and blueprint reading. Hands-on lab experiences are selected to reinforce key theories. 54.00 hours lecture and 54.00 hours laboratory. (Same as ELC-72, ELE-72) (Letter grade or Pass/No Pass option)

MAN-73**Electric Motors and Transformers****4.00 Units**

Prerequisite: None.

Description: Enables electricians to understand and effectively wire most standard DC motors, servos and steppers, as well as many AC motors, including single and poly-phase units, from fractional horsepower to multi-horsepower, industrial giants. 54.00 hours lecture and 54.00 hours laboratory. (Same as ELC-73, ELE-73) (Letter grade or Pass/No Pass option)

MAN-74**Industrial Wiring and Controls****4.00 Units**

CSU

Prerequisite: None.

Description: Industrial controls and electrical wiring of modern facilities, manufacturing, or warehousing. Included will be production equipment, conveyor systems, hydraulic and pneumatic controls, power distribution, blueprint reading, electrical control wiring, PLC (programmable logic controller) control wiring, VFD (variable frequency drives) wiring and programming. 54.00 hours lecture and 54.00 hours laboratory. (Same as ELC-74, ELE-74) (Letter grade or Pass/No Pass option)

MAN-77**Electrical Theory for Electricians****3.00 Units**

Prerequisite: None.

Description: An introduction to electrical theory, Ohm's Law, magnetism, electromagnetism, voltage, resistance, current, inductance, capacitance, reactance, impedance, Watts, Volt-Amps, VARs, current control devices, sensors and actuators phase angle, power-factor, transformers, motors, power distribution systems, and proper usage of electrical test equipment (meters). Student will learn concepts of electrical power, energy, Kirchoff's Laws, along with basic math to solve fundamental electrical problems for both alternating current (A.C.) and direct current (D.C.) circuits. Student will learn basic electrical safety procedures, including the proper use and requirements for personal protective equipment (PPE). 36.00 hours lecture and 54.00 hours laboratory. (Same as ELC-77, ELE-77) (Letter grade or Pass/No Pass option)

MAN-78**Hydraulic Fluid Power Systems****2.00 Units***Prerequisite: None.**Advisory: ENE 60*

Description: Basics of hydraulic systems including physical properties of liquids under pressure. Pumps, motors, accumulators, valves and cylinders are studied. The design and assembly of both low pressure pneumatic control systems from standard components is experienced. Applications of pneumatics in robotic and industrial equipment systems are presented. 27.00 hours lecture and 27.00 hours laboratory. (Letter grade or Pass/No Pass option)

MAN-200**Manufacturing Technology Work Experience****1.00-4.00****Units**

CSU

*Prerequisite: None.**Advisory: Students should have paid or voluntary employment.*

Description: Work Experience is designed to coordinate the student's on-the-job training with workplace skills designed to assist the student in developing successful professional skills. Each student will establish measurable learning objectives appropriate for their job and discipline. Students may earn up to four (4) units each semester, for a maximum of 16 units of work experience total. 60 hours of volunteer work or 75 hours of paid work during the semester are required for each unit. No more than 20 hours per week, out of the 60 or 75 requirement, may be applied toward the work requirement. The course consists of an 18 hours of orientation/professional skills development and 60 hours of volunteer work experience per unit with a maximum of 240 for four units per semester OR 75 hours of paid work experience per unit, with a maximum of 300 for four units per semester. (Letter grade or Pass/No Pass option)

MAN-835**Computer Aided Manufacturing-Mastercam****0.00 Units***Prerequisite: None.**Advisory: CIS 1A*

Description: A course in computer-aided manufacture of parts and assemblies using MasterCam software. Applications of Numerical Control (NC) programming in machine processes with a focus on turning centers and milling operations. This course includes beginning and advanced programming. 63.00 hours lecture and 81.00 hours laboratory.

MAN-836**General Machine Shop and Theory of Machining****0.00 Units***Prerequisite: None.*

Description: An introduction to the basic setup and operating of the lathe, mill, saw, drill press, and grinder. Safety, blueprint reading, measurement, shop math, tool grinding, bench work and layout, cutting concepts, and speed and feed calculations are also included. Emphasis will be on the fundamentals of bench work and layout. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

MAN-856**CNC Machine Set-Up and Operation****0.00 Units***Prerequisite: None.*

Description: Fundamental skills related to the setup and operation of CNC (Computer Numerically Control) machine tools. Students will set up and operate CNC machine tools exposing them to CNC controllers and some CNC manual programming. Students will gain hands-on experience with CNC machine tools. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

MAN-857**CNC Program Writing****0.00 Units***Prerequisite: None.*

Description: Introduction to manual CNC program writing. This course includes the Cartesian coordinate system, absolute/incremental programming, circular interpolation, cutter radius compensation, canned cycles, and other programming techniques related to CNC machine tools. Students will gain hands-on experience with CNC machine tools. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

MAN-860**Hydraulic and Pneumatic Systems****0.00 Units***Prerequisite: None.**Advisory: ENE 60 or Elementary Algebra.*

Description: Basics of hydraulic and pneumatic systems including physical properties of liquids under pressure. Pumps, motors, accumulators, valves and drive cylinders are studied. The design and assembly of both high and low pressure fluid control systems from standard components is experienced. Applications of fluids in robotic and industrial equipment systems are presented. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

MAN-864**Programmable Logic Controllers****0.00 Units***Prerequisite: None.**Advisory: ELE 10 or ELE 11*

Description: Fundamentals of programmable logic controllers, with an emphasis on introductory programming of PLCs. Problem analysis with solutions that integrate programming formats, auxiliary commands and functions, common programming languages, and popular software programs used with PLCs. Installation, maintenance, troubleshooting and repair are inherent components. 36.00 hours lecture and 54.00 hours laboratory. (Same as ELE-864) (Letter grade or Pass/No Pass option)

In alignment with Common Course Numbering, as of the 2025-2026 academic year the MAT-12 and MAT-12H Statistics courses have changed department codes and course numbers. The courses are now STAT-C1000 and STAT-C1000H, and can be found under the Statistics (STAT) discipline. Courses aligned with Common Course Numbering will have a "C" before the course number.

MATH-Mathematics**MATH-1AE****Calculus I: Early Transcendentals – Embedded Support****6.00 Units**

CSU

Prerequisite: Pre-calculus, or college algebra and trigonometry, or equivalent, or placement as determined by the college's multiple measures assessment process.

Description: A first course in differential and integral calculus of a single variable. Topics include limits and continuity of functions, techniques and applications of differentiation, an introduction to integration, and the Fundamental Theorem of Calculus. This course is primarily intended for Science, Technology, Engineering, and Mathematics (STEM) majors. This course includes embedded support. Students may only receive credit for MATH-C2210, MATH-C2210H, or MATH-1AE. 90.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

MATH-1C**Calculus III****4.00 Units**

(C-ID: MATH 230)

UC, CSU

Prerequisite: MATH C2220

Description: Vectors in a plane and in space, vector functions, calculus on functions of multiple variables, partial derivatives, multiple integrals, line and surface integrals, Green's theorem, Stokes' theorem, Divergence theorem, and elementary applications to the physical and life sciences. 72.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

MATH-2**Differential Equations****4.00 Units**

(C-ID: MATH 240)

UC, CSU

Prerequisite: MATH C2220

Description: This is a course in differential equations including both quantitative and qualitative methods as well as applications from a variety of disciplines. Introduces the theoretical aspects of differential equations, including establishing when solution(s) exists, and techniques for obtaining solutions, including linear first and second order differential equations, series solutions, Laplace transforms, linear systems, and elementary applications to the physical and biological sciences. 72.00 hours lecture. (Letter grade or Pass/No Pass option)

MATH-3**Linear Algebra****3.00 Units**

(C-ID: MATH 250)

UC, CSU

Prerequisite: MATH C2220

Description: Examines elementary vector space concepts and geometric interpretations and develops the techniques and theory to solve and classify systems of linear equations. Solution techniques include Gaussian and Gauss-Jordan elimination, Cramer's rule and inverse matrices. Investigates the properties of vectors in two, three and finite dimensions, leading to the notion of an abstract vector space. Vector space and matrix theory are presented including topics such as determinants, linear independence, bases and dimension of a vector space, linear transformations and their matrix representations, inner products, norms, orthogonality, eigenvalues, eigenvectors, and eigenspaces. Selected applications of linear algebra are included. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

MATH-5**Calculus for Business and Life Science****4.00 Units**

(C-ID: MATH 140)

UC, CSU

Prerequisite: MATH 9 or Intermediate Algebra or qualifying placement

Description: A study of the techniques of calculus for majors in business, business administration, life and social sciences. Emphasis on problem solving and applications. Topics include: Functions, graphs, limits, derivatives, integrals, exponential and logarithmic functions. 72.00 hours lecture. (Letter grade or Pass/No Pass option)

MATH-5E**Calculus for Business and Life Science with Embedded Support****6.00 Units**

CSU

Prerequisite: Intermediate Algebra or qualifying placement

Description: A study of the techniques of calculus for majors in business, business administration, life and social sciences. Emphasis on problem solving and applications.

Topics include: Functions, graphs, limits, derivatives, integrals, exponential and logarithmic functions. (Review of skills developed in geometry and intermediate algebra: area and volume, factoring, graphing, operations on rational and radical expressions, linear, exponential and logarithmic expressions and equations, functions including composition and inverses, and an in-depth focus on linear and quadratic functions.) 108.00 hours lecture. (Letter grade or Pass/No Pass option)

MATH-9**BSTEM College Algebra****5.00 Units**

UC, CSU

Prerequisite: Intermediate Algebra or Qualifying Placement

Description: College-level algebra for those majoring in business, science, technology, engineering, and mathematics: polynomial, rational, radical, absolute value, exponential, and logarithmic functions and their graphs; systems of equations; theory of polynomial equations; analytic geometry; sequences and series. Students cannot receive credit for MAT-9 if they have already received credit for MAT-10 or MAT-23. 90.00 hours lecture. (Letter grade or Pass/No Pass option)

MATH-9E**BSTEM College Algebra with Embedded Support****6.00 Units**

CSU

Prerequisite: Intermediate Algebra or Qualifying Placement

Description: College-level algebra for those majoring in business, science, technology, engineering, and mathematics: polynomial, rational, radical, absolute value, exponential, and logarithmic functions and their graphs; systems of equations; theory of polynomial equations; analytic geometry; sequences and series. This course has embedded support. Students cannot receive credit for MAT-9E if they have already received credit for MAT-9, MAT-10 or MAT-23. (Embedded support topics include a review of skills developed in arithmetic and algebra: operations on real numbers, simplifying algebraic expressions, factoring, graphing linear functions, operations on rational and radical expressions, linear and quadratic expressions and equations. Topics are taught strategically throughout the semester to provide a "just in time" instruction of skills needed to master concepts in college-level algebra as they arise.) 108.00 hours lecture. (Letter grade or Pass/No Pass option)

MATH-10**Precalculus****5.00 Units**

(C-ID: MATH 155)

UC, CSU

Prerequisite: MATH 36 or qualifying placement

Description: Preparation for calculus: Polynomial, absolute value, radical, rational, exponential, logarithmic, and trigonometric functions and their graphs; analytic geometry, polar coordinates, sequences, and series. Students cannot receive credit for MAT-10 if they have already received credit for MAT-9 or MAT-23. 90.00 hours lecture. (Letter grade or Pass/No Pass option)

MATH-11**College Algebra****4.00 Units**

(C-ID: MATH 150)

UC, CSU

Prerequisite: Intermediate Algebra or qualifying placement level.

Description: This course is intended for students majoring in Liberal Arts and Humanities. The topics covered in this course develop the understanding and use of real-world applications of polynomial, radical, rational, absolute value, exponential and logarithmic functions; systems of equations; polynomial equations; permutations and combinations; analytic geometry; and linear programming. 72.00 hours lecture. (Letter grade or Pass/No Pass option)

MATH-11E**College Algebra with Embedded Support****6.00 Units**

CSU

Prerequisite: Intermediate Algebra or qualifying placement.

Description: Intended for students majoring in Liberal Arts and Humanities. Topics covered develop the understanding and use of real-world applications of polynomial, radical, rational, absolute value, exponential and logarithmic functions; systems of equations; polynomial equations; permutations and combinations; analytic geometry; and linear programming. This course has embedded support. [Embedded support topics include a review of skills developed in arithmetic and algebra; operations on real numbers, simplifying algebraic expressions, factoring, graphing linear functions, operations on rational and radical expressions, linear and quadratic expressions and equations. Topics are taught strategically throughout the semester to provide a "just in time" instruction of skills needed to master concepts in college-level algebra as they arise.] 108.00 hours lecture. (Letter grade or Pass/No Pass option)

MATH-25**Mathematics for the Liberal Arts Student****3.00 Units**

UC, CSU

Prerequisite: Intermediate algebra or Qualifying Placement

Description: A college level survey course of selected topics from the history and development of mathematics, patterns and inductive reasoning, set theory and deductive reasoning, geometry, probability, statistics, and problem solving. You may cover 2 of the following topics: dimensional analysis, geometry, mathematics of different bases, or development of numerical systems from ancient cultures. It is designed for students majoring in liberal arts, education, or communication. Calculators or computers may be used for selected topics. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

MATH-25E**Mathematics for the Liberal Arts Student with Embedded Support****5.00 Units**

CSU

Prerequisite: Intermediate Algebra or Qualifying Placement

Description: A survey of selected topics from the history and development of mathematics, patterns and inductive reasoning, set theory and deductive reasoning, geometry, probability, statistics, and problem solving. Two of the following topics may be covered: dimensional analysis, geometry, mathematics of different bases, or development of numerical systems from ancient cultures. Designed for students majoring in liberal arts, education, or communication. Calculators or computers may be used for selected topics. [Review of skills from an elementary and intermediate algebra course: Rounding integer values, translating phrases into mathematical expressions, solving problems using percent and decimals, evaluating expressions containing exponents, solving linear equations, applying the four basic operations to real numbers, graphing and writing linear equations using slope and y-intercept, and simplifying expressions using order of operations.] 90.00 hours lecture. (Letter grade or Pass/No Pass option)

MATH-32**Introduction to Symbolic Logic****3.00 Units**

(C-ID: PHIL 210)

UC, CSU

Prerequisite: None.

Description: Introduces the principles of deductive reasoning, including the practical application of modern symbolic techniques. 54.00 hours lecture. (Same as PHI-32) (Letter grade or Pass/No Pass option)

MATH-36**Trigonometry****4.00 Units**

(C-ID: MATH 851)

CSU

Prerequisite: MATH 9 or qualifying placement

Description: The study of trigonometric functions, their inverses and their graphs; identities and proofs related to trigonometric expressions; solving trigonometric equations; solving right triangles; solving oblique triangles using the law of sines and cosines; polar coordinates; complex numbers; introduction to vectors and elements of geometry important to the foundation of trigonometry. 72.00 hours lecture. (Letter grade or Pass/No Pass option)

MATH-39**Preparation for Calculus I****4.00 Units**

CSU

Prerequisite: Placement as determined by the college's multiple measures assessment process or completion of a course taught at or above the level of intermediate algebra.

Description: An intensive course designed to provide the foundational algebra and trigonometry skills necessary for success in first-semester calculus. Classroom instruction integrates lab activities. Students cannot receive credit for MATH-39 if they have already received credit for MATH-10, MAT-9, or MAT-23. 54.00 hours lecture and 54.00 hours laboratory. (Pass/No Pass only)

MATH-42**Algebra for Statistics and Liberal Arts****6.00 Units***Prerequisite: MATH 64 or MATH 65 or MATH 90F*

Description: An Algebra for Statistics and Liberal Arts course designed to enable students to develop conceptual understanding and problem solving competence as preparation for college level statistical reasoning and liberal arts level math. This course integrates numeracy; proportional, algebraic and statistical reasoning; functions and modeling and focuses on developing mathematical maturity through problem solving, critical thinking, data analysis, and the writing and communications of mathematics. Students will develop conceptual and procedural tools that support the use of key mathematical concepts in a variety of contexts. Emphasis is placed on modeling and problem solving, with techniques and manipulations covered in context. Throughout the course, Math success content will be integrated with mathematical topics. Credit earned does not count toward any degree, nor does it transfer. 108.00 hours lecture. (Letter grade or Pass/No Pass option)

MATH-70A**Foundations of Data Science****3.00 Units**

UC, CSU

Prerequisite: Intermediate Algebra or qualifying placement level

Description: Basic programming and statistical concepts. Includes programming for data cleansing, manipulation, visualization, and statistical computation for intelligence gathering. Students will apply common built-in language functions for analysis of real-world datasets, including global and local economic data, commercial business, document collections, and social networks. Also delves into machine learning and data driven decision-making using statistical concepts like hypothesis testing, confidence intervals via bootstrapping, regression and inference for regression, and predictive modeling. Students will also learn about social issues surrounding data privacy and ownership. 54.00 hours lecture and 18.00 hours laboratory. (Same as CIS-70A) (Letter grade or Pass/No Pass option)

MATH-70B**Statistics for STEM****4.00 Units**

UC, CSU

Prerequisite: MATH C2210 or qualifying placement

Advisory: CIS 1A

Description: An introduction to descriptive and inferential statistics, emphasizing the combined use of mathematics and programming for Data Science applications. A hands-on experience with data analysis using modern statistical software, including the interpretation of statistical findings. Topics include numerical and graphical summarization of central tendency and spread, probability, normal, binomial, and Poisson distributions. This course also addresses sampling distributions, t-distribution, the chi-squared distribution, estimation, hypothesis testing, Analysis of Variance, linear and multiple regression, and non-parametric tests. Students will work with big data and complete a research project employing simple statistical inference and advanced modeling techniques. 72.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

MATH-101A**Corequisite Support for Math C2210****2.00 Units**

Prerequisite: None.

Corequisite: MATH C2210

Description: A concurrent corequisite course containing pre-calculus concepts designed to support students in MATH-C2210 (Calculus I). The course includes a review of topics covered in college algebra and trigonometry as appropriate, based on individual student needs. Topics are taught strategically throughout the semester to provide a "just in time" instruction of skills needed to master concepts in MATH-C2210 as they arise. A diverse approach to problem-solving processes and enhancement of study strategies will prepare the student for later university courses. 36.00 hours lecture. (Pass/No Pass only)

MATH-105**Corequisite Support for Math 5****2.00 Units**

Prerequisite: Qualifying Placement

Corequisite: MATH 5

Description: A concurrent co-requisite course containing geometry and algebra concepts designed to support students in Calculus for Business and Life Science. Topics include a review of skills developed in geometry and intermediate algebra: area and volume, factoring, graphing, operations on rational and radical expressions, linear, exponential and logarithmic expressions and equations, functions including composition and inverses, and an in-depth focus on linear and quadratic functions. Topics are taught strategically throughout the semester to provide a "just in time" instruction of skills needed to master concepts in MAT 5 as they arise in that course. A diverse approach to problem solving processes and enhancement of study strategies will prepare the student for later university courses. 36.00 hours lecture. (Pass/No Pass only)

MATH-109**Corequisite Support for MATH-9****1.00 Unit**

Prerequisite: None.

Corequisite: MATH 9

Description: A concurrent corequisite course containing arithmetic and basic algebra concepts designed to support students in BSTEM College Algebra. Topics include a review of skills developed in arithmetic and algebra: operations on real numbers, simplifying algebraic expressions, factoring, graphing linear functions, operations on rational and radical expressions, linear and quadratic expressions and equations. Topics are taught strategically throughout the semester to provide a "just in time" instruction of skills needed to master concepts in MATH-9 as they arise. A diverse approach to problem-solving processes and enhancement of study strategies will prepare the student for later university courses. 18.00 hours lecture. (Pass/No Pass only)

MATH-111**Corequisite Support Course for MATH-11****2.00 Units**

Prerequisite: None.

Corequisite: MATH 11

Description: A concurrent corequisite course containing arithmetic and basic algebra concepts designed to support students in College Algebra. Topics include a review of skills developed in arithmetic and algebra; operations on real numbers, simplifying algebraic expressions, factoring, graphing linear functions, operations on rational and radical expressions, linear and quadratic expressions and equations. Topics are taught strategically throughout the semester to provide a "just in time" instruction of skills needed to master concepts in MATH-11 as they arise. A diverse approach to problem-solving processes and enhancement of study strategies will prepare the student for later university courses. 36.00 hours lecture. (Pass/No Pass only)

MATH-112**Corequisite Support for STAT C1000****2.00 Units***Prerequisite: Qualifying Placement**Corequisite: STAT C1000*

Description: A concurrent corequisite course containing arithmetic and algebraic concepts designed to support students in Statistics. Topics include a review of skills developed in algebra: order of operations, scientific notation, conversion between fractions, decimals, and percents, solving linear equations, and using the symbols, notation, and vocabulary of algebra. Topics are taught strategically throughout the semester to provide a "just in time" instruction of skills needed to master concepts in STAT C1000 as they arise in that course. A diverse approach to problem solving processes and enhancement of study strategies will prepare the student for later university courses. 36.00 hours lecture. (Pass/No Pass only)

MATH-125**Corequisite Support for MATH-25****2.00 Units***Prerequisite: Qualifying Placement**Corequisite: MATH 25*

Description: A concurrent corequisite course containing algebra concepts designed to support the students taking MATH-25 (Mathematics for Liberal Arts Students). Topics include a review of skills from an elementary and intermediate algebra course: Rounding integer values, translating phrases into mathematical expressions, solving problems using percent and decimals, evaluating expressions containing exponents, solving linear equations, applying the four basic operations to real numbers, graphing and writing linear equations using slope and y-intercept, and simplifying expressions using order of operations. Topics are taught strategically throughout the semester to provide "just in time" instruction of skills needed to master concepts in MAT 25 as they arise in that course. A diverse approach to problem solving processes and enhancement of study strategies will prepare the student for later university courses. 36.00 hours lecture. (Pass/No Pass only)

MATH-C2210**Calculus I: Early Transcendentals****4.00 Units**

Formerly MAT-1A

(C-ID: MATH 210; MATH-C2210+MATH-C2220=MATH 900S)

UC, CSU

Prerequisite: Pre-calculus, or college algebra and trigonometry, or equivalent, or placement as determined by the college's multiple measures assessment process.

Description: A first course in differential and integral calculus of a single variable. Topics include limits and continuity of functions, techniques and applications of differentiation, an introduction to integration, and the Fundamental Theorem of Calculus. This course is primarily intended for Science, Technology, Engineering, and Mathematics (STEM) majors. Students may only receive credit for one of MATH-C2210, MATH-C2210H, or MATH-1AE. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

MATH-C2210H**Calculus I: Early Transcendentals - Honors****4.00 Units**

Formerly MAT-1AH

(C-ID: MATH 210)

UC, CSU

Prerequisite: Pre-calculus, or college algebra and trigonometry, or equivalent, or placement as determined by the college's multiple measures assessment process.

Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the Honors Program

Description: A first course in differential and integral calculus of a single variable. Topics include limits and continuity of functions, techniques and applications of differentiation, an introduction to integration, and the Fundamental Theorem of Calculus. This course is primarily intended for Science, Technology, Engineering, and Mathematics (STEM) majors. This is an honors course. As an Honors course, this offering provides an enriched experience for accelerated students through its limited class size, seminar format, and application of higher-level critical thinking skills. Students may only receive credit for one of MATH-C2210, MATH-C2210H, or MATH-1AE. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

MATH-C2220**Calculus II: Early Transcendentals****4.00 Units**

Formerly MAT-1B

(C-ID: MATH 220; MATH-C2210+MATH-C2220=MATH 900S)

UC, CSU

Prerequisite: MATH C2210 or MATH C2210H or equivalent, or placement as determined by the college's multiple measures assessment process.

Description: A second course in differential and integral calculus of a single variable. Topics include applications of integration, techniques of integration, infinite sequences and series, and the calculus of parametric and polar equations. This course is primarily intended for Science, Technology, Engineering, and Mathematics (STEM) majors. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

MIS-Music Industry Studies**MIS-1A****Beginning Performance Techniques For Studio Recording****2.00 Units**

CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before the first class meeting.

Description: Introduction to practical performance techniques for the recording studio. Students will have the opportunity to participate in the planning process of a recording session utilizing techniques such as song formation, microphone technique, mixing and production. The class will culminate in a CD recording. This class is appropriate for vocalists and instrumentalists. 108.00 hours laboratory. (Letter grade only)

MIS-1B**Intermediate Performance Techniques For Studio Recording
2.00 Units**

CSU

Prerequisite: MIS 1A

Description: Continuation of the skills studied in MIS-1A focusing on song collaboration, organization of vocals and instruments needed to record. Students will have the opportunity to participate in the planning process of a recording session utilizing techniques such as song formation, microphone technique, mixing and production. The class will culminate in a CD recording. This class is appropriate for intermediate vocalists and instrumentalists. 108.00 hours laboratory. (Letter grade only)

MIS-1C**Advanced Performance Techniques For Studio Recording
2.00 Units**

CSU

Prerequisite: MIS 1B

Description: Advanced performance techniques for the recording studio. A continuation of the skills studied in MIS-1B the focus of this course is communication, song collaboration, studio session mapping. Students will have the opportunity to lead a collaborative group, duet or solo project toward successful completion/recording utilizing techniques such as song formation, microphone technique, mixing and production. The class will culminate in a CD recording. This class is appropriate for advanced vocalists and instrumentalists. 108.00 hours laboratory. (Letter grade only)

MIS-2**Songwriting
2.00 Units**

(C-ID: CMUS 150 X)

CSU

Prerequisite: MUS 3

Description: Introduction to popular songwriting techniques. Topics covered include chord structure, form, rhythm, melody, harmony, lyrics, chord progressions, preparing lead sheets and arranging. This course is ideal for vocalists and instrumentalists. 18.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

MIS-3**Digital Audio Production 1
4.00 Units**

(C-ID: CMUS 110 X)

CSU

Prerequisite: None.

Description: This course introduces the techniques and elements of electronic music production. Topics include synthesis, sampling, MIDI sequencing and audio production. Students will create original compositions using electronic music techniques. Students taking this course will complete the official AVID coursework for Pro Tools 101 and 110 and will have the opportunity to obtain AVID Pro Tools User Certification. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

MIS-4**Digital Audio Production 2
4.00 Units**

CSU

Prerequisite: MIS 3

Description: This intermediate course continues exploration and application of the elements and techniques of electronic music production. Topics include synthesis, sampling, MIDI sequencing and advanced audio production. Students will create original compositions using electronic music techniques. Students taking this course will complete the official AVID coursework for Pro Tools 201 and 210 and will have the opportunity to obtain AVID Pro Tools Operator Certification. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

MIS-7**Introduction To Music Technology
3.00 Units**

(C-ID: CMUS 100 X)

CSU

Prerequisite: None.

Description: This introductory course examines the terminology, equipment, techniques, and concepts related to music technology. The course will survey the principles and practices of audio, MIDI synthesis, notation, and audio recording utilizing hardware and software platforms. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

MIS-10A**Norco Choir I
2.00 Units**

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before the first class meeting.

Description: A mixed-voice ensemble dedicated to the performance of traditional choral music, popular vocal ensemble music, spirituals, choral jazz and other 20th century vocal works. Performances may include but are not limited to concerts on campus, in the community, studio recordings, TV tapings, movie appearances, celebrity concerts and national/international concert tours. Subsequent enrollment in additional semesters will provide the student with an opportunity for additional skill and competency development in the subject matter. May be taken a total of two times. 108.00 hours laboratory. (TBA Option) (Letter grade only)

MIS-10B**Norco Choir II****2.00 Units**

UC, CSU

Prerequisite: MIS 10A

Description: A continuation of the skill development needed for the performance of traditional choral music, popular vocal ensemble music, spirituals, choral jazz and other 20th century vocal works. Performances may include but are not limited to concerts on campus, in the community, studio recordings, TV tapings, movie appearances, celebrity concerts and national/international concert tours. Subsequent enrollment in additional semesters will provide the student with an opportunity for additional skill and competency development in the subject matter. May be taken a total of two times. 108.00 hours laboratory. (TBA Option) (Letter grade only)

MIS-11A**Studio Arts Ensemble I****2.00 Units**

(C-ID: MUS 185)

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before the first class meeting.

Description: An ensemble designed for instrumentalists and vocalists interested in the popular music and entertainment industries. This ensemble is open to: singers, guitarists, drummers, bassists, horn players, string players and keyboardists who will work collaboratively to study, perform and/or record selected popular musical arrangements. The music studied in this class will be chosen from a diverse body of popular music literature. Subsequent enrollment will provide students with an opportunity for additional skill development and competency in the subject area. May be taken a total of four times. 108.00 hours laboratory. (TBA Option) (Letter grade only)

MIS-11B**Studio Arts Ensemble II****2.00 Units**

(C-ID: MUS 185)

UC, CSU

Prerequisite: MIS 11A

Description: A continuation of the skill development of instrumentalists and vocalists interested in the popular music and entertainment industries. This ensemble is open to: singers, guitarists, drummers, bassists, horn players, string players and keyboardists who work collaboratively to study, perform and/or record selected popular musical arrangements. The music studied in this class will be chosen from a diverse body of popular music literature. Subsequent enrollment will provide students with an opportunity for additional skill development and competency in the subject area. May be taken a total of four times. 108.00 hours laboratory. (TBA Option) (Letter grade only)

MIS-12**Live Sound Reinforcement****3.00 Units**

(C-ID: CMUS 120 X)

CSU

Prerequisite: None.

Description: This course is an overview of live concert sound reinforcement. This course focuses on the fundamentals of equipment set up and configuration, mixing surfaces, amplifiers, speakers, signal path, signal processing, microphones, monitoring and mixing techniques and acoustics. This course offers opportunities for hands-on experience in troubleshooting, sound checking and mixing live sound. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

MIS-13**Recording Studio Workshop I****3.00 Units**

CSU

Prerequisite: MIS 3 and MIS 12

Description: This applied workshop course is a survey of the fundamental principles and practices of audio recording. Topics include sound and hearing, acoustics, the components of various recording systems and signal flow. It provides practical experience with audio hardware, software and recording techniques. Students will engage in digital audio workstation set up (DAWs) and operation, and will run studio and live sessions from set up to tear down. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

MIS-200**MIS Music Industry Studies Work Experience****1.00-4.00****Units**

CSU

Prerequisite: None.

Advisory: Students should have paid or voluntary employment.

Description: This course is designed to coordinate the student's occupational on-the-job training with related instruction in work-related skills. Students may earn up to four (4) units each semester for a maximum of 16 units of work experience. No more than 20 hours per week may be applied toward the work requirement. Students enrolling in WKX-200 are administratively moved to the appropriate general or occupational work experience course after the first class meeting based upon several factors, including the number of hours worked during the semester, occupational program requirements, and type of work in which the student is engaged. 18 hours orientation and 60 hours of volunteer work experience (maximum of 240 hours) or 75 hours of paid work experience (maximum of 300 hours) are required for each enrolled unit. (Letter grade or Pass/No Pass option)

MKT-Marketing

MKT-20**Principles of Marketing****3.00 Units**

CSU

*Prerequisite: None.**Advisory: BUS 10*

Description: Examines the role of marketing as it relates to society and economic development. The course will analyze products, consumer, marketing research, and strategic market planning. The course will survey, with a global perspective, the selection of target markets as well as the development of the marketing mix – place, product, price, and promotion. 54.00 hours lecture. (Letter grade only)

MKT-40**Advertising****3.00 Units**

CSU

*Prerequisite: None.**Advisory: BUS 10*

Description: Economic, professional, persuasive, and technical aspects of advertising, publicity and propaganda, and their relation to sociology and psychology. Campaign organization, research, and media of communication. Analysis and discussion of situation problems, mass motivation, consumer action, and legal restraints. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

MKT-41**Techniques of Selling****3.00 Units**

CSU

*Prerequisite: None.**Advisory: BUS 10*

Description: Examines the key topics of how to locate, qualify, and approach prospects; how to deliver the sales presentation, how to meet objections, and how to close the sale. The analysis of behavioral, ethical, and philosophical factors as applied to the selling function globally. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

MKT-42**Retail Management****3.00 Units**

CSU

*Prerequisite: None.**Advisory: BUS 10*

Description: An overview of management philosophies, strategies and practices regarding offline and online retail stores. Explores merchandising, location selection, operations, and customer service/retention aspects of retailing. 54.00 hours lecture. (Letter grade only)

MKT-200**Marketing Work Experience****1.00-14.00****Units**

CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Students should have paid or voluntary employment.

Description: Provides students with supervised paid or unpaid work experience in marketing. Designed to integrate classroom instruction with practical industry training. For the first unit of credit, students complete 18 hours of professional learning and 36 hours of on-the-job experience. Each additional unit is earned through 54 hours of supervised paid or unpaid work experience at an approved job site, up to a maximum of 14 units. Professional learning emphasizes career readiness, workplace communication, and reflection, while the work-site component provides hands-on experience in marketing. 54.00 to 756.00 hours laboratory. (Letter grade or Pass/No Pass option)

MUS-Music**MUS-3****Fundamentals of Music****4.00 Units**

(C-ID: MUS 110; MUS 120; MUS 125)

UC, CSU

Prerequisite: None.

Advisory: MUS 32A or concurrent enrollment in another class piano course.

Description: Through guided music notation and analysis, Fundamentals of Music incorporates the following concepts: Rhythm and meter; basic properties of sound; intervals; diatonic scales and triads; diatonic chords; basic cadential formulas and phrase structure; dominant seventh; figured bass symbols; and non-harmonic tones. Development of skills in handwritten notation is expected. Laboratory includes sight singing and ear training activities that incorporate melodic, harmonic, and rhythmic dictation. Keyboard activities require the playing of major and minor scales, modes, triads, and seventh chords. 54.00 hours lecture and 54.00 hours laboratory. (TBA Option) (Letter grade only)

MUS-4**Music Theory I****4.00 Units**

(C-ID: MUS 130 MUS 135)

UC, CSU

*Prerequisite: MUS 3 or the equivalent.**Advisory: MUS 32B or concurrent enrollment in another class piano course.*

Description: Through guided composition and analysis, Music Theory I incorporates the following concepts: Rhythm and meter; basic properties of sound; intervals; diatonic scales, triads, and seventh chords; basic cadential formulas and phrase structures; figured bass; non-harmonic tones; first-species counterpoint; and voice leading involving 4-part chorale writing. Development of skills in handwritten music notation is expected. Laboratory includes sight singing and ear training activities that incorporate melodic, harmonic, and rhythmic dictation. Keyboard activities require the playing of chord progressions, modes, and scales in all major and minor keys. 54.00 hours lecture and 54.00 hours laboratory. (TBA Option) (Letter grade only)

MUS-5**Music Theory II****4.00 Units**

(C-ID: MUS 140; MUS 145)

UC, CSU

*Prerequisite: MUS 4 or the equivalent.**Advisory: MUS 32C or concurrent enrollment in another class piano course.*

Description: Continued study and application of techniques acquired during Music Theory I. In addition, through guided composition and analysis, Music Theory II includes: Common Practice period voice leading involving four-part chorale writing; diatonic harmony; chromatic harmony; secondary/applied chords; modulation; borrowed chords; the Neapolitan chord; augmented sixth chords; and an introduction to binary and ternary forms. Laboratory includes chromatic sight singing and ear training activities that incorporate melodic, harmonic, and rhythmic dictation. Keyboard activities require the playing of chromatic chord progressions. 54.00 hours lecture and 54.00 hours laboratory. (TBA Option) (Letter grade only)

MUS-6**Music Theory III****4.00 Units**

(C-ID: MUS 150; MUS 155)

UC, CSU

*Prerequisite: MUS 5 or the equivalent.**Advisory: MUS 32D or concurrent enrollment in another class piano course.*

Description: Continued study and application of techniques acquired during Music Theory II. In addition, through writing and analysis, Music Theory III includes Common Practice period and 20th Century techniques such as: Borrowed chords and modal mixture; chromatic mediants; Neapolitan and augmented sixth chords; 9th, 11th and 13th chords; extended tertian harmony; polyharmony; quartal and secundal harmony; pandiatonicism; serialism; and aleatoric music. Laboratory includes post-Romantic and post-tonal sight singing and ear training activities that incorporate melodic, harmonic and rhythmic dictation. Keyboard activities require the playing of post-Romantic and post-tonal materials. 54.00 hours lecture and 54.00 hours laboratory. (TBA Option) (Letter grade only)

MUS-19**Music Appreciation****3.00 Units**

(C-ID: MUS 100)

UC, CSU

Prerequisite: None.

Description: A broad survey of music in the Western world, including terminology for describing musical elements, forms, and styles. Organized to acquaint students with the roles of music and musicians in society and with representative musical selections through listening, reading, writing, and live performance. 54.00 hours lecture. (Letter grade only)

MUS-19H**Honors Music Appreciation****3.00 Units**

(C-ID: MUS 100)

UC, CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the Honors program.*

Description: A broad survey of music in the Western world, including terminology for describing musical elements, forms, and styles. This Honors course is organized to acquaint students with the roles of music and musicians in society and with representative musical selections through listening, reading, writing, and live performance. It offers an enriched experience for accelerated students by means of limited class size, seminar format, discussions and projects generated and led by students, a focus on primary texts in translation, and the applications of higher-level thinking and writing skills--analysis, synthesis, and evaluation. Students may not receive credit for both MUS-19 and MUS-19H. 54.00 hours lecture. (Letter grade only)

MUS-23**History of Rock and Roll****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A comprehensive study of rock and roll music from its origins to the present with an emphasis on historical, musical, and sociological influences. Includes listening to music and identifying stylistic trends and influential artists. 54.00 hours lecture. (Letter grade only)

MUS-25**Jazz Appreciation****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A comprehensive study of jazz from its origins to the present day. Study will be centered on influential composers, instrumentalists, vocalists and arrangers. There will also be an introduction to, and study of, musical elements such as instrumentation, lyrics, form, rhythm and harmony. 54.00 hours lecture. (Letter grade only)

MUS-29**Concert Choir****1.00 Unit**

(C-ID: MUS 180)

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before the first class meeting.

Description: Study, rehearsal, and public performance of choral literature, with an emphasis on the development of skills needed to perform within an ensemble. Different literature will be studied each semester. Participation in public performances is required. May be taken a total of four times. 54.00 hours laboratory. (TBA Option) (Letter grade only)

MUS-30**Class Voice****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: Group study of vocal production, voice techniques, diction and interpretation. Opportunity provided for individual attention and performance. 54.00 hours laboratory. (Letter grade only)

MUS-31**College Choir****1.00 Unit**

(C-ID: MUS 180)

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before the first day of class.

Description: A vocal ensemble of mixed voices dedicated to the study, rehearsal, and performance of a variety of choral literature. May be taken a total of four times. 54.00 hours laboratory. (Letter grade only)

MUS-32A**Class Piano I****1.00 Unit**

(C-ID: MUS 170)

UC, CSU

Prerequisite: None.

Description: This beginning course focuses on developing the skills needed for performing on piano, including reading from music notation, rhythm study, technique, expression, improvisation, harmonization, transposition, repertoire, and style study. 54.00 hours laboratory. (Letter grade only)

MUS-32B**Class Piano II****1.00 Unit**

(C-ID: MUS 171)

UC, CSU

Prerequisite: MUS 32A or the equivalent.

Description: Continuation of the skills studied in MUS 32A with a focus on techniques needed for performing on piano, including playing select major and parallel minor scales, reading music on the grand staff, tapping rhythms, harmonizing melodies using simple accompaniments, transposing, and simple score reading. 54.00 hours laboratory. (Letter grade only)

MUS-32C**Class Piano III****1.00 Unit**

(C-ID: MUS 172)

UC, CSU

Prerequisite: MUS 32B or the equivalent.

Description: Continuation of the skills studied in MUS 32B with a focus on keyboard techniques required for playing major and minor scales, diatonic chord progressions, harmonizing melodies, transposing, accompanying, score reading, reading chord symbols, sight reading, and performance of intermediate-level piano learning pieces. 54.00 hours laboratory. (Letter grade only)

MUS-32D**Class Piano IV****1.00 Unit**

UC, CSU

Prerequisite: MUS 32C or the equivalent.

Description: Culmination of keyboard skills previously studied with a focus on increasing keyboard facility for playing major and minor scales and arpeggios, diatonic chord progressions, harmonizing melodies, modulating, transposing, accompanying, simple score reading, sight reading, and performance of piano pieces from the standard classical piano teaching literature. 54.00 hours laboratory. (Letter grade only)

MUS-33**Vocal Jazz Ensemble****2.00 Units**

(C-ID: MUS 180)

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before the first class meeting.

Description: Study, rehearsal, and public performance of vocal jazz literature, with an emphasis on the development of skills needed to perform within an ensemble. Different literature will be studied each semester. Participation in public performances is required. May be taken a total of four times. 108.00 hours laboratory. (TBA Option) (Letter grade only)

MUS-37**Class Guitar****1.00 Unit**

UC, CSU

Prerequisite: None.

Description: Development of basic guitar playing skills, including reading from music notation, reading chord symbols, transposition, and playing open chords, barre chords, scales, and simple melodies. 54.00 hours laboratory. (Letter grade only)

MUS-38**Beginning Applied Music I****2.00 Units**

(C-ID: MUS 160)

UC, CSU

Prerequisite: None.

Corequisite: MUS 28 or MUS 29 or MUS 31 or MUS 33 or MUS 41 or MUS 42 or MUS 44 or MUS 55 or MUS 68 or MUS 70 or MUS 71 or MUS 73 or MUS 77 or MUS 81 or MUS 82 or MUS 84 or MUS 95 or MUS P28 or MUS P36 or MUS P42 or MUS P77 or THE 37

Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before the first class meeting.

Description: Vocal or instrumental instruction for students who are proficient performers and could benefit from individualized instruction as determined by audition. Course includes individual lessons, supervised practice, individual performance, and jury evaluations. Not designed for beginning students. May be taken a total of four times. 108.00 hours laboratory. (TBA Option) (Letter grade only)

MUS-39**Applied Music I****3.00 Units**

(C-ID: MUS 160)

UC, CSU

Prerequisite: None.

Corequisite: MUS 42 or enrollment in another one or two unit large ensemble course.

Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before the first class meeting.

Description: Vocal or instrumental instruction for students who are proficient performers and could benefit from individualized instruction as determined by audition. Each student must complete 10.125 hours per week in a combination of individualized practice, lessons, concert attendance and individual performance. Not designed for beginning students. May be taken a total of four times. 162.00 hours laboratory. (TBA Option) (Letter grade only)

MUS-41**Chamber Singers****2.00 Units**

(C-ID: MUS 180)

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before the first class meeting.

Description: Study, rehearsal, and public performance of literature for vocal chamber ensemble, with an emphasis on the development of skills needed to perform within an ensemble. Different literature will be studied each semester. Participation in public performances is required. May be taken a total of four times. 108.00 hours laboratory. (TBA Option) (Letter grade only)

MUS-52**Recital Performance****0.50 Units**

UC, CSU

Prerequisite: None.

Corequisite: Concurrent enrollment in (or prior completion of), MUS 39 or MUS 79 or MUS P12 or MUS 12

Limitation on Enrollment (e.g. Performance tryout or audition): High competence in a performance medium.

Description: Preparation and presentation of a 20-25 minute recital performance. 27.00 hours laboratory. (TBA Option) (Letter grade only)

MUS-53**Keyboard Proficiency****1.00 Unit**

UC, CSU

Prerequisite: MUS 32D or the equivalent

Description: Preparation for the keyboard proficiency examinations required of entering music majors and minors at transfer institutions. Designed for students with extensive prior piano experience. 54.00 hours laboratory. (Letter grade only)

MUS-55**Community Concert Band****1.00 Unit**

(C-ID: MUS 180)

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before the first class meeting.

Description: Study, rehearsal, and public performance of concert band literature, with an emphasis on the development of skills needed to perform within an ensemble. Different literature will be studied each semester. Participation in public performances is required. May be taken a total of four times. 54.00 hours laboratory. (TBA Option) (Letter grade only)

MUS-56**Intersession Concert Band****0.50 Units**

CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before the first class meeting.

Description: Study and rehearsal of concert band literature, with an emphasis on the development of skills needed to perform within an ensemble. Different literature will be studied each semester. May be taken a total of four times. 27.00 hours laboratory. (TBA Option) (Letter grade only)

MUS-65**Basic Musicianship****2.00 Units**

UC, CSU

Prerequisite: None.

Description: An introduction to the knowledge and skills needed to read music. Includes music reading, ear training, sight-singing, melodic dictation, and harmonic dictation. 36.00 hours lecture. (Letter grade only)

MUS-67**Community Chamber Ensemble****1.00 Unit**

(C-ID: MUS 180)

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before the first class meeting.

Description: The study, rehearsal, and public performance of advanced instrumental chamber ensemble literature, with an emphasis on the development of skills needed to perform within an ensemble. Different literature will be studied each semester. Participation in public performances is required. May be taken a total of four times. 54.00 hours laboratory. (TBA Option) (Letter grade only)

MUS-70**Guitar Lab Ensemble****1.00 Unit**

(C-ID: MUS 180)

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before first class meeting.

Description: Study and performance of beginning and intermediate literature for guitar ensemble. May be taken a total of four times. 54.00 hours laboratory. (Letter grade only)

MUS-71**College Chorus****1.00 Unit**

(C-ID: MUS 180)

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before the first class meeting.

Description: An advanced vocal ensemble of mixed voices dedicated to the further study, rehearsal, and performance of a variety of choral literature. Different literature will be studied each semester. May be taken a total of four times. 54.00 hours laboratory. (Letter grade only)

MUS-75**Advanced Vocal Ensembles****1.00 Unit**

(C-ID: MUS 180)

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before the first class meeting.

Description: Study, rehearsal, and public performance of literature written for advanced vocal ensemble, with an emphasis on the development of skills needed to be a professional musician and section leader within an ensemble. Different literature will be studied each semester. Participation in public performances is required. May be taken a total of four times. 54.00 hours laboratory. (TBA Option) (Letter grade only)

MUS-77**Guitar Ensemble****2.00 Units**

(C-ID: MUS 180)

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before the first class meeting.

Description: Study, rehearsal, and public performance of literature for classical guitar ensemble, with an emphasis on the development of skills needed to perform within an ensemble. Different literature will be studied each semester. Participation in public performances is required. May be taken a total of four times. 108.00 hours laboratory. (TBA Option) (Letter grade only)

MUS-78**Beginning Applied Music II****2.00 Units**

(C-ID: MUS 160)

UC, CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before the first class meeting.*

Description: Advanced vocal or instrumental instruction for students who are proficient performers and could benefit from individualized instruction as determined by audition. Course includes individual lessons, supervised practice, individual performance, and jury evaluations. Not designed for beginning students. Course may be taken a total of four times. 108.00 hours laboratory. (TBA Option) (Letter grade only)

MUS-79**Applied Music II****3.00 Units**

(C-ID: MUS 160)

UC, CSU

*Prerequisite: None.**Corequisite: MUS 42 or enrollment in another one or two unit large ensemble course.**Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before the first class meeting.*

Description: Advanced vocal or instrumental instruction for students who are proficient performers and could benefit from individualized instruction as determined by audition. Each student must complete a minimum of 10.125 hours per week in a combination of individualized practice, lessons, concert attendance and individual performance. Not designed for beginning students. May be taken a total of four times. 162.00 hours laboratory. (TBA Option) (Letter grade only)

MUS-81**Consort Singers****2.00 Units**

(C-ID: MUS 180)

UC, CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before the first class meeting.*

Description: Study, rehearsal, and public performance of literature written for vocal ensemble, with an emphasis on the development of skills needed to be a professional musician and section leader within an ensemble. Different literature will be studied each semester. Participation in public performances is required. May be taken a total of four times. 108.00 hours laboratory. (TBA Option) (Letter grade only)

MUS-85**Interession Chamber Ensembles****0.50 Units**

(C-ID: MUS 180)

UC, CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before the first class meeting.*

Description: Study and rehearsal of instrumental chamber ensemble literature, with an emphasis on the development of skills needed to perform within an ensemble. Different literature will be studied each semester. May be taken a total of four times. 27.00 hours laboratory. (TBA Option) (Letter grade only)

MUS-87**Applied Music Training****1.00 Unit**

(C-ID: MUS 160)

UC, CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before the first class meeting.*

Description: Vocal or instrumental instruction for students who are proficient performers and could benefit from individualized instruction as determined by audition. Each student must complete 54 hours in a combination of individualized practice, lessons, concert attendance and individual performance. Not designed for beginning students. Course may be taken a total of four times. 54.00 hours laboratory. (TBA Option) (Letter grade only)

MUS-89**Music of Multicultural America****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A comparative and integrative study of the multicultural musical styles of the United States. Includes the musics of Native Americans, European Americans, African Americans, Chicano/Latino Americans, and Asian Americans, from their historical roots to the present. Analysis of musical traditions from a technical and a cultural perspective; and sequential development of listening and descriptive skills through a variety of media including films, recordings, and computer-assisted instruction. 54.00 hours lecture. (Letter grade only)

MUS-89H**Honors Music of Multicultural America****3.00 Units**

UC, CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the RCCD Honors Program*

Description: An honors course that offers a comparative and integrative study of the multicultural musical styles of the United States. Includes the musics of Native Americans, European Americans, African Americans, Chicano/Latino Americans, and Asian Americans, from their historical roots to the present. Analysis of musical traditions from a technical and a cultural perspective; and sequential development of listening and descriptive skills through a variety of media including films, recordings, and computer-assisted instruction. Students may not receive credit for both MUS-89 and MUS-89H. 54.00 hours lecture. (Letter grade only)

MUS-92**Basic Piano****0.50 Units**

UC, CSU

Prerequisite: None.

Description: Group piano lessons for beginners. Emphasis on reading pitches and rhythms from music notation in treble and bass clefs, reading lead sheet notation for chords, and learning to play simple melodies and basic chords in a limited number of keys. 27.00 hours laboratory. (Letter grade only)

MUS-93**The Business of Music****3.00 Units**

(C-ID: CMUS 140 X)

CSU

Prerequisite: None.

Description: An overview of the business side of performing, recording, and publishing music. Study of contracts, trademarks, copyrights, and marketing including the roles of personal managers, business managers, attorneys, and agents. Overview of songwriting, publishing, recordings, and royalties. Basics of touring, merchandising, and local arrangements. 54.00 hours lecture. (Letter grade only)

MUS-95**Community Symphony Band****1.00 Unit**

(C-ID: MUS 180)

UC, CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before the first class meeting.*

Description: Study, rehearsal, and public performance of symphony band literature, with an emphasis on the development of skills needed to perform within an ensemble. Different literature will be studied each semester. Participation in public performances is required. May be taken a total of four times. 54.00 hours laboratory. (TBA Option) (Letter grade only)

MUS-855**Concert Band for Older Adults****0.00 Units***Prerequisite: None.*

Description: Study and rehearsal of concert band literature, with an emphasis on the development of music performance skills that promote physical and cognitive health, independence, advocacy, community engagement, self-maintenance, personal growth, and career development for older adults. Different literature will be studied each semester. 0.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

MUS-870**Guitar Lab Ensemble for Older Adults****0.00 Units***Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before first class meeting.*

Advisory: Ability to read music in standard, western notation on guitar. Some background and ability in classical guitar playing.

Description: Study and rehearsal of beginning and intermediate guitar ensemble literature, with an emphasis on the development of music performance skills that promote physical and cognitive health, independence, advocacy, community engagement, self-maintenance, personal growth, and career development for older adults. Different literature will be studied each semester. 54.00 hours laboratory. (Letter grade only)

MUS-P70**Guitar Lab Ensemble II****1.00 Unit**

(C-ID: MUS 180)

UC, CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before the first class meeting.*

Description: Advanced guitar ensemble instruction for students who are proficient performers. Ensemble dedicated to the study, rehearsal, and performance of advanced literature written or transcribed for classical guitar ensemble. Different literature will be studied each semester. Participation in public performances required. May be taken a total of four times. 54.00 hours laboratory. (Letter grade only)

MUS-P77**Advanced Guitar Ensemble****2.00 Units**

(C-ID: MUS 185)

UC, CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before the first class meeting.*

Description: Study, rehearsal, and public performance of guitar ensemble literature, with an emphasis on the development of skills needed to be a professional musician and section leader within an ensemble. Different literature will be studied each semester. Participation in public performances is required. May be taken a total of four times. 108.00 hours laboratory. (TBA Option) (Letter grade only)

MUS-P87**Applied Music Training II****1.00 Unit**

(C-ID: MUS 160)

UC, CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Audition on or before the first class meeting.*

Description: Advanced vocal or instrumental instruction for students who are proficient performers and could benefit from individualized instruction as determined by audition. Each student must complete 54 hours in a combination of individualized practice, lessons, concert attendance and individual performance. Not designed for beginning students. Course may be taken a total of four times. 54.00 hours laboratory. (TBA Option) (Letter grade only)

PDS-Vocational (Short Term): Noncredit (Professional Development Studies)

PDS-801**Leadership Skills****0.00 Units***Prerequisite: None.*

Description: Take your leadership from good to great by exploring and applying the top ten skills that every leader must have. 12.00 hours lecture. (Pass/No Pass only)

PDS-802**Supervisory Skills****0.00 Units***Prerequisite: None.*

Description: Learn the key tools for effective management and supervision. Course covers delegation, feedback, communicating with employees, motivation, and management styles. 12.00 hours lecture. (Pass/No Pass only)

PDS-803**Increasing Productivity****0.00 Units***Prerequisite: None.*

Description: Personal productivity results from a combination of factors which all impact each other. Explore, dissect and analyze these factors to develop an individualized plan optimizing your effectiveness in both your professional and personal lives. Focus on personal empowerment and growth while weaving neuroscience theory to help you anchor the learning and understand brain function better. 12.00 hours lecture. (Pass/No Pass only)

PDS-804**Motivating Yourself and Others****0.00 Units***Prerequisite: None.*

Description: Individuals and leaders explore the key ingredients for strengthening workplace commitment, engagement, and career satisfaction. Apply alternative reward and recognition strategies to increase engagement in the workplace. 12.00 hours lecture. (Pass/No Pass only)

PDS-805**Difficult Conversations****0.00 Units***Prerequisite: None.*

Description: Unfortunately, the default tendency for millions remains to try to avoid difficult conversations because they don't know how to structure a discussion. Learn to prepare for a difficult conversation by clarifying your intentions and assumptions and applying a simple model to help you stay centered while you constructively shape what you say. Scripts and tips will be provided and applied to prepare for your next difficult conversation. 12.00 hours lecture. (Pass/No Pass only)

PDS-806**The Art of Negotiating and Collaborating****0.00 Units***Prerequisite: None.*

Description: Participants apply collaboration tools for building high-trust synergistic relationships, analyze the conflict cycle and practice skills to diffuse conflict at each stage for mutual benefit. Assess one's strengths and utilize tools to facilitate and adapt to others styles. Skills include re-framing, neutralizing language, discovering of interests, and leveraging innovative solutions through a collaborative negotiation process. 12.00 hours lecture. (Pass/No Pass only)

PDS-807**Personality Styles and Difficult Relationships****0.00 Units***Prerequisite: None.*

Description: Exploration of participants' own behaviors and personality styles, while learning to adapt one's behavior to be effective with other personality styles in a variety of work situations. Emphasis is placed on dealing with difficult relationships and communicating in a way that matches the needs of all involved to achieve relationship satisfaction and organizational objectives. 12.00 hours lecture. (Pass/No Pass only)

PDS-808**Critical Thinking, Problem Solving and Decision Making****0.00 Units***Prerequisite: None.*

Description: In today's workplace, it is everyone's job to solve problems and make decisions. Analytical thinking, decision making and problem solving involve breaking things down into their component parts, applying deductive reasoning and then applying judgment and insight. Learn hands-on techniques to generate breakthrough ideas, make decisions, and solve your most pressing problems. All by asking the right questions, challenging assumptions, and seeing others' viewpoints with clarity. 12.00 hours lecture. (Same as CAT-808) (Pass/No Pass only)

PDS-809**Business Writing in a Technological World****0.00 Units***Prerequisite: None.*

Description: Participants will develop effective and professional business writing skills using business tone, organization and formatting, word choice and persuasion. Matching the delivery channel (email, letter, memo, or text) to the message type and situation will be covered, as well as the best methods to deliver bad news. 12.00 hours lecture. (Same as CAT-809) (Pass/No Pass only)

PDS-810**Time Management****0.00 Units***Prerequisite: None.*

Description: Participants explore time management strategies and tools for effectively managing expanding workloads, shifting priorities and increasing demands. Practice prioritizing "important" versus "urgent" activities. Emphasis on analyzing current use of time; identifying organizational goals, roles and priorities; discovering gaps to achieving goals; and applying time management tools to the gaps to complete important priorities first. 12.00 hours lecture. (Same as CAT-810) (Pass/No Pass only)

PDS-811**High Impact Presentations and Proposals for the Work Place****0.00 Units***Prerequisite: None.*

Description: Participants will learn how to craft a presentation focused on the message you need to convey to your audience. You will learn to consider your audience's expectations, biases, emotions, needs and wants to plan an effective slideshow. By finding what's the benefit for them in watching your presentation, you will manage to engage their attention from start to finish, and you will know what to avoid and what to strive for in the design of your deck. You will explore what is the logical order to convey your information, what makes for successful slide design, how to maintain consistency, edit for simplicity using the "less is more" principle and how to use powerful imagery and meaningful data. 12.00 hours lecture. (Same as CAT-811) (Pass/No Pass only)

PDS-812**Workplace Communication Strategies****0.00 Units***Prerequisite: None.*

Description: Participants assess and optimize current workplace communication skills. Differentiate content, emotions, perceptions, and intentions in a communication exchange. Build an advanced communication toolkit to forward your career. Illustrate clear and congruent verbal and nonverbal messages tailored to the personalities involved, the desired outcomes, and the context. 12.00 hours lecture. (Same as CAT-812) (Pass/No Pass only)

PDS-813**Best Practices in Customer Service****0.00 Units***Prerequisite: None.*

Description: Apply practical strategies to retain a valuable customer base, diffuse difficult situations, and earn repeat business. Topics include: The anatomy of a complaint, regulating verbal and nonverbal responses, active listening skills, creative problem solving, customer perceptions and expectations, adapting to different conflict styles, and steps to defuse angry customers. 12.00 hours lecture. (Pass/No Pass only)

PDS-814**Closing Techniques That Win the Sale****0.00 Units***Prerequisite: None.*

Description: In any selling situation obstacles have to be overcome before a buying decision is reached. Learn to resolve objection effectively through a process that involves careful listening along with positive factual responses to buyer concerns. Learn techniques to address customers' emotional needs, get past the obstacles preventing them from buying, and build long-term customer relationships. 12.00 hours lecture. (Pass/No Pass only)

PDS-815**Winning Sales Scripts****0.00 Units***Prerequisite: None.*

Description: More and more sales are now being done "inside" with sales persons contacting perspective buyers using the phone and email. Learn how to maximize this revenue source and increase the effectiveness of "inside" sale using scripts. 12.00 hours lecture. (Pass/No Pass only)

PDS-816**Personal Finance****0.00 Units***Prerequisite: None.*

Description: Overview of personal financial management skills, positive banking relations, and achieving financial security. Topics include: Personal budgeting; saving; credit; appropriate use of credit cards; banking services; consumer installment loans; and buying real estate. 18.00 hours lecture. (Pass/No Pass only)

PDS-817**Financial Future****0.00 Units***Prerequisite: None.*

Description: Students will learn to review an individual financial situation, develop financial goals for retirement and identify appropriate means to achieve these goals. Topics will include: Financial goal setting; life insurance; different types of retirement accounts; and investment options. 9.00 hours lecture. (Pass/No Pass only)

PDS-818**The Successful Job Search****0.00 Units***Prerequisite: None.*

Description: Students interested in getting a job or progressing in their current career will learn essential skills for successful transitions in the workplace. Topics covered include identifying job markets and industries, conducting a comprehensive job search, networking, creating a resume and cover letter, and effective interview techniques. 9.00 hours lecture. (Pass/No Pass only)

PHI-Philosophy**PHI-10****Introduction to Philosophy****3.00 Units**

(C-ID: PHIL 100)

UC, CSU

Prerequisite: None.

Description: A survey and exploration of significant questions in the philosophical tradition. Questions are drawn from the various branches of philosophy: metaphysics, theory of knowledge, ethics, aesthetics, political philosophy and/or philosophy of religion. Students may not receive credit for both PHI-10 and PHI-10H. 54.00 hours lecture. (Letter grade only)

PHI-10H**Honors Introduction to Philosophy****3.00 Units**

(C-ID: PHIL 100)

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the Honors Program.

Description: A survey and exploration of significant questions in the philosophical tradition through an examination of primary sources. Questions are drawn from the various branches of philosophy: metaphysics, theory of knowledge, ethics, aesthetics, political philosophy and/or philosophy of religion. This Honors course offers an enriched experience for accelerated students by means of limited class size, seminar format, discussions and projects generated and led by students, the application of higher level thinking and writing skills – analysis, synthesis, and evaluation. Students may not receive credit for both PHI-10 and PHI-10H. 54.00 hours lecture. (Letter grade only)

PHI-11**Critical Thinking and Analytic Writing****3.00 Units**

(C-ID: ENGL-105)

UC, CSU

Prerequisite: ENGL C1000 or ENGL C1000H

Description: Presents critical thinking as a skillset employed in effectively understanding, evaluating, and constructing written arguments. Develops and enhances the student's ability to identify, analyze, and present arguments beyond the level achieved in English C1000/H. Topics covered through analysis and writing include the nature of argument, inductive and deductive reasoning, rhetoric, theory of knowledge, and common fallacies. This material will be introduced through the treatment of arguments from significant philosophers of culturally diverse backgrounds, arguments concerning the nature and application of scientific method, and arguments concerning topical social, political, and/or ethical issues. The central focus is instruction and practice in the composition of argumentative essays. Students write a minimum of 5000 words during the course. 54.00 hours lecture. (Letter grade only)

PHI-12**Introduction to Ethics****3.00 Units**

(C-ID: PHIL 120)

UC, CSU

Prerequisite: None.

Description: A survey of the three major subcategories of ethical theory: metaethics, normative ethics and applied ethics. 54.00 hours lecture. (Letter grade only)

PHI-18**Walking with the Dead: An Interdisciplinary Perspective on Death and Dying****3.00 Units**

UC, CSU

Prerequisite: None.

Description: An interdisciplinary journey through human responses to death and dying from historical, mythological, religious, philosophical, sociological, cultural, and biological perspectives. Emphasizes the comparison of social, political, and cross-cultural meanings and practices regarding death. Investigates the evolving way in which world cultures have understood the problem of death, dying, and grief through works of literature, history, art, and philosophy. Issues addressed may include: attitudes, beliefs, and meanings of death and dying across religions/cultures; the dying process; living with dying; the American health care system; hospice care; end-of-life decisions; suicide; euthanasia and other biomedical issues; and grief, mourning, the funeral process and cultural norms. 54.00 hours lecture. (Same as HUM-18) (Letter grade only)

PHI-19**Native American Thought****3.00 Units**

UC, CSU

Prerequisite: None.

Description: Philosophical and religious beliefs and practices of Native Americans. Explores Native American history and thought regarding the relationship between humanity and the natural world, the nature of knowledge, and ethics and aesthetics of the First Peoples. Emphasis placed on Native American thought and its relevance to contemporary problems in philosophy and culture. 54.00 hours lecture. (Letter grade only)

PHI-22**Philosophy of Science****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: PHI 10 or PHI 11*

Description: An examination of philosophical ideas about the nature of scientific knowledge, how it enables us to understand the world, and the role of values in science. Historical and current examples from the various sciences will be used to explore these questions. The dependence of contemporary policy and personal decisions on scientific knowledge will also be explored. 54.00 hours lecture. (Letter grade only)

PHI-32**Introduction to Symbolic Logic****3.00 Units**

(C-ID: PHIL 210)

UC, CSU

Prerequisite: None.

Description: Introduces the principles of deductive reasoning, including the practical application of modern symbolic techniques. 54.00 hours lecture. (Same as MATH-32) (Letter grade or Pass/No Pass option)

PHI-33**Introduction to Social and Political Philosophy****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: PHI 10 or PHI 11*

Description: An introduction to issues in social and political philosophy. Discusses both the development of political philosophy in response to varying historical problems and the application of political philosophy to contemporary issues; topics studied include ancient Greek, social contract, communism, and modern political philosophy. 54.00 hours lecture. (Letter grade only)

PHI-34**Philosophical Survey of Sex, Gender, and Sexuality****3.00 Units**

UC, CSU

Prerequisite: None.

Description: Introduction to philosophical approaches to the study of gender and sexuality. Analyzes historical traditions in world philosophy and contemporary philosophical problems in metaphysics, epistemology, philosophy of science and art, ethics, and social and political philosophy through the lens of gender and sexuality. Emphasis placed on historical and contemporary contributions of women, gender non-conforming or nonbinary individuals, and genderqueer individuals to philosophical analysis. Includes comparative analysis of world philosophies. 54.00 hours lecture. (Letter grade only)

PHI-35**Philosophy of Religion****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: PHI 10 or PHI 11*

Description: An introduction to the examination of religious claims from a philosophical perspective. Emphasis will be placed upon examining the rational justification for various traditional faith claims, and upon examining the relationship between rationality and faith. The course presumes a basic knowledge of philosophical argumentation. 54.00 hours lecture. (Same as HUM-35) (Letter grade only)

PHI-36**Asian Philosophy****3.00 Units**

UC, CSU

Prerequisite: None.

Description: Survey of classical South Asian and East Asian philosophical traditions (Brahmanical philosophy, Indian Buddhism, Jainism, Confucianism, Daoism, and the Buddhist philosophical traditions of Tibet, China, and Japan). Emphasis placed on inter-traditional and intra-traditional problems in the context of ethics, metaphysics, epistemology, and philosophy of mind. 54.00 hours lecture. (Letter grade only)

PHO-Photographic Technology (Photography)

PHO-20**Introduction to Digital Photography****3.00 Units**

UC, CSU

Prerequisite: None.

Description: Theory and practice in the basic techniques of producing digital photographs with technical and artistic merit. Acquire competency in the use of a digital camera with an emphasis on understanding the relationship of shutter, aperture and focal length. Software utilized may include Adobe Photoshop, Adobe Lightroom and others. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

PHO-27**Forensic & Crime Scene Photography****3.00 Units**

CSU

Prerequisite: None.

Description: The theory and practice of forensic and crime scene photography, with a specific focus upon the proficiency and development of technical photography skills in legal and field environments. Students will obtain an introduction to the basic principles of photography and significant academic and technical exposure and skill-building in forensic photography, with a focus upon photographic documentation of forensic environments, including crime scene photography, injury documentation, traffic collision and property damage, evidence photography, forensic light source photography, low light/nighttime scene photography, specialized crime scene photography, and proper and lawful photographic evidence collection. A comprehensive review of academic legal knowledge regarding the rules of evidence and crime scene investigation techniques as it relates to crime scene photography. 36.00 hours lecture and 54.00 hours laboratory. (Same as ADJ-27) (Letter grade only)

PHS-Physical Science**PHS-1****Introduction to Physical Science****3.00 Units**

UC, CSU

Prerequisite: None.

Description: An introductory course that explores the basic concepts of physical science. Students will be introduced to the history and nature of science. Includes an introduction to the fundamental concepts of physics, chemistry, and astronomy. Students will be encouraged to explore the relationship between science and everyday life. 54 hours lecture. 54.00 hours lecture. (Letter grade only)

PHY-Physics**PHY-2A****General Physics I****4.00 Units**

(C-ID: PHYS 105; PHY 2A+PHY 2B=PHYS 100S)

UC, CSU

*Prerequisite: None.**Corequisite: MATH C2210*

Description: Meets the requirements for students majoring in biological science, including pre-medical and pre-dental students. This course examines: properties of matter; study of kinematics and mechanics, including Newton's laws, energy, momentum, and rotational motion; fluid mechanics; gravitation; study of oscillatory motion; study of wave motion, including sound waves. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

PHY-2B**General Physics II****4.00 Units**

(C-ID: PHYS 2A+PHY 2B=PHYS 100S)

UC, CSU

Prerequisite: PHY 2A

Description: Meets the requirements for students majoring in biological science, including pre-medical and pre-dental students. This course includes: study of thermodynamics, including temperature, methods of heat transfer, calorimetry, ideal gas law, laws of thermodynamics, entropy, and heat engines; study of electricity and magnetism, including electric field and potential, Gauss' Law, current, Ohm's Law, capacitance and inductance, Faraday's Law; study of optics, including electromagnetic waves, reflection, refraction, interference, and diffraction; study of modern physics, including the photoelectric effect, de Broglie wavelength, quantum numbers, and radioactive decay. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

PHY-4A**Mechanics****4.00 Units**

(C-ID: PHYS 205; PHY 4A+PHY 4B+PHY 4C+PHY 4D=PHYS 200S (RCC and MVC only))

UC, CSU

*Prerequisite: MATH C2210 or MATH C2210H**Corequisite: MATH C2220*

Description: Examines vectors, particle kinematics and dynamics, work and power, conservation of energy and momentum, rotation, oscillations and gravitation. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

PHY-4B**Electricity and Magnetism****4.00 Units**

(C-ID: PHYS 210; PHY 4A+PHY 4B+PHY 4C+PHY 4D=PHYS 200S (RCC and MVC only))

UC, CSU

*Prerequisite: PHY 4A and MATH C2220**Corequisite: MATH 1C*

Description: Study of electric fields, voltage, current, magnetic fields, electromagnetic induction, alternating currents and electromagnetic waves. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

PHY-4C**Heat, Light and Waves****4.00 Units**

(C-ID: PHYS 215; PHY 4A+PHY 4B+PHY 4C+PHY 4D=PHYS 200S (RCC and MVC only))

UC, CSU

*Prerequisite: PHY 4A and MATH C2220**Corequisite: MATH 1C*

Description: Examines fluid mechanics; temperature, heat transfer, thermal properties of matter, laws of thermodynamics; oscillations and waves; reflection, refraction, lenses and mirrors, interference, and diffraction; introduction to special relativity and modern physics. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

PHY-10**Introduction to General Physics****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A non-science major physics course covering mechanics, properties of matter, heat, sound, light, electricity and magnetism, and nuclear physics. 54.00 hours lecture. (Letter grade only)

PHY-11**Physics Laboratory****1.00 Unit**

UC, CSU

*Prerequisite: None.**Corequisite: PHY 10*

Description: An optional laboratory science course for the non-science major. Emphasis on laboratory techniques, student experimentation and laboratory demonstrations. 54.00 hours laboratory. (Letter grade only)

POLS-Political Science**POLS-2****Comparative Politics****3.00 Units**

(C-ID: POLS 130)

UC, CSU

Prerequisite: None.

Advisory: Eligibility for college-level composition or qualifying placement in English C1000

Description: A comparative study of selected European, Asian, African, Latin American and Middle Eastern political systems. Concerned with broadening and deepening the student's understanding of the nature and variety of political systems. Course topics will include a study of varying institutions, political cultures, identities, issues and policies of case study countries. Students may not receive credit for both POLS-2 and POLS-2H. 54.00 hours lecture. (Letter grade only)

POLS-4**Introduction to World Politics****3.00 Units**

(C-ID: POLS 140)

UC, CSU

Prerequisite: None.

Description: A study of the theories, paradigms, and issues of global politics. Special attention is given to the role of the United States in the international community, the role of international organizations, and the international political economy. Students may not receive credit for both POLS-4 and POLS-4H. 54.00 hours lecture. (Letter grade only)

POLS-4H**Honors Introduction to World Politics****3.00 Units**

(C-ID: POLS 140)

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the Honors Program

Description: A study of the theories, paradigms, and issues of global politics. Special attention is given to the role of the United States in the international community, the role of international organizations, and international political economy. This honors course offers an enriched experience for accelerated students by means of limited class size, seminar format, student-generated and-led discussions and projects, a focus on primary texts in translation, and the applications of higher-level thinking and writing skills—analysis, synthesis, and evaluation. Students may not receive credit for both POLS-4 and POLS-4H. 54.00 hours lecture. (Letter grade only)

POLS-5**Introduction to Law****3.00 Units**

UC, CSU

Prerequisite: None.

Description: Fundamental concepts, central institutions, and relevant actors in American law. Examines the foundations of the American legal system, its history, structure, and development and offer students an understanding the major areas of American law, including constitutional law, administrative law, and criminal law. The course will also examine the role courts play in furthering public policy initiatives and how the law operates in the construction and perpetuation of categories such as race, gender, and other characteristics of citizens in the United States. 54.00 hours lecture. (Letter grade only)

POLS-11**Political Theory****3.00 Units**

(C-ID: POLS 120)

UC, CSU

Prerequisite: None.

Description: Examines the major contributions of political thinkers from Socrates to the present. Political concepts such as democracy, the rule of law, justice, natural rights, sovereignty, citizenship, power, the state, revolution, liberty, reason, materialism, toleration, and the place of religion in society and politics are traced from their origins, through their development and changing patterns, to show how they influence political thinking and institutions today. 54.00 hours lecture. (Letter grade only)

POLS-13**Introduction American Foreign Policy****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: Qualification for ENGL-C1000*

Description: Explores the contemporary political, economic, cultural, and geo-strategic relations between the United States and the world. Provides a comprehensive and critical coverage of the history, traditions, sources, theories, trends, and tools in U.S. foreign policy. Traces the evolution of U.S. foreign policy from its foundational ideas and traditions to the new realities of global leadership in the modern world. Students gain critical tools to understand, analyze, and evaluate past and present foreign policies, doctrines, pivotal events, actors, developments, challenges, and opportunities. 54.00 hours lecture. (Letter grade only)

POLS-21**Latinx Politics****3.00 Units**

UC, CSU

Prerequisite: None.

Description: An examination of United States structures of political, social, and economic power from the history and experiences of the Latinx population. Students will survey demographic research on the diversity of Latinx identity and political behavior in the U.S. as well as the institutional relationship that Latinx groups have established and challenge within the U.S. political system. Students will also analyze the political relationship Latinx groups have with the U.S. Constitution and civil society organizations. 54.00 hours lecture. (Same as ETS-21) (Letter grade only)

POLS-23**Race, Ethnicity, and Politics in America****3.00 Units**

(C-ID: POLS 170)

UC, CSU

Prerequisite: None.

Description: An examination of United States and California institutions of social, political and economic power from the history and experiences of minoritized populations such as African Americans, Latinas/os, Native Americans, Women, Asian Americans, and Immigrants. Students will analyze the U.S. and California Constitutions as well the legislative, executive and judicial branches of governance with regard to citizenship, pluralism, and civil rights and liberties. Other emphases will be on diverse forms of political participation and how it influences U.S. institutions at the local, state and federal levels in movements towards achieving social justice. 54.00 hours lecture. (Same as ETS-23) (Letter grade only)

POLS-C1000**American Government and Politics****3.00 Units**

Formerly POL-1

(C-ID: POLS 110)

UC, CSU

Prerequisite: None.

Description: This course is an introduction to government and politics in the United States and California. Students examine the constitutions, structure, and operation of governing institutions, civil liberties and civil rights, political behaviors, political issues, and public policy using political science theory and methodology. Students may not receive credit for both POLS-C1000 and POLS-C1000H. 54.00 hours lecture. (Letter grade only)

POLS-C1000H**American Government and Politics - Honors****3.00 Units**

Formerly POL-1H

(C-ID: POLS 110)

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the Honors Program.

Description: This course is an introduction to government and politics in the United States and California. Students examine the constitutions, structure, and operation of governing institutions, civil liberties and civil rights, political behaviors, political issues, and public policy using political science theory and methodology. This is an honors course. As Honors, this course offers an enriched experience for accelerated students through limited class size; seminar format; focus on primary texts; and application of higher-level critical thinking skills. Students may not receive credit for both POLS C1000 and POLS C1000H. 54.00 hours lecture. (Letter grade only)

PSYC-Psychology**PSYC-2****Biological Psychology****3.00 Units**

(C-ID: PSY 150)

UC, CSU

Prerequisite: PSYC C1000

Description: The scientific study of brain-behavior relationships and mental processes. Issues addressed include: historical scientific contributions and current research principles for studying brain-behavior associations and mental processes, basic nervous system structure and function, sensory and motor systems, emotion, motivation, learning and memory, sleep and dreaming, and neurological and mental disorders. Ethical standards for human and animal research are discussed in the context of both invasive and non-invasive experimental investigations. 54.00 hours lecture. (Letter grade only)

PSYC-2H**Honors Biological Psychology****3.00 Units**

CSU

*Prerequisite: PSYC C1000H or PSYC C1000**Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the Honors Program*

Description: This honors course explores the scientific study of brain-behavior relationships and mental processes. Issues addressed include historical scientific contributions and current research principles for studying brain-behavior associations and mental processes, basic nervous system structure and function, sensory and motor systems, emotion, motivation, learning and memory, sleep and dreaming, and neurological and mental disorders. Ethical standards for human and animal research are discussed in the context of both invasive and non-invasive experimental investigations. This honors course offers an enriched experience for accelerated students through limited class size, seminar format, focus on primary texts, and application of higher level critical thinking skills. Students may not receive credit for both PSYC-2 and PSYC-2H. 54.00 hours lecture. (Letter grade only)

PSYC-8**Social Psychology****3.00 Units**

(C-ID: PSY 170)

UC, CSU

Prerequisite: None.

Description: An introduction to the study of individual human behavior in relation to the social environment. It includes emphasized topics such as aggression, prejudice, interpersonal attraction, attitude change, gender roles, and social cognition. 54.00 hours lecture. (Letter grade only)

PSYC-9**Developmental Psychology****3.00 Units**

(C-ID: PSY 180)

UC, CSU

Prerequisite: None.

Description: Examines the prevailing theories and research of developmental psychology and the stages of human development from conception to death. 54.00 hours lecture. (Letter grade only)

PSYC-10**Personal and Social Adjustment****3.00 Units**

(C-ID: PSY 115)

UC, CSU

Prerequisite: None.

Description: An applied biopsychosocial approach to prepare students for a lifelong understanding of themselves as integrated persons, taking into account the influence of culture, ethnicity, gender, and socioeconomic status. Explores opportunities for adjustment and growth in a variety of circumstances, such as family, work, and interpersonal relationships. Topics include personal development through the life cycle, biological, psychological, and social aspects of stress, personal coping skills, interpersonal communication, family relationships, and effective integration of work with leisure. 54.00 hours lecture. (Letter grade only)

PSYC-11**Psychology of Human Sexuality****3.00 Units**

(C-ID: PSY 130)

UC, CSU

Prerequisite: None.

Description: Explores empirical findings and theories about topics related to human sexuality and intimate relationships from the areas of clinical, developmental, evolutionary, biological, and social psychology. Examines sexual attitudes, values and behaviors in the context of the student's own moral framework, cultural norms, and contemporary society. 54.00 hours lecture. (Letter grade only)

PSYC-33**Theories of Personality****3.00 Units**

UC, CSU

Prerequisite: None.

Description: Examines the basic concepts and principles of the prevailing theories of personality and evaluates the scientific, theoretical, and practical merits of their assumptions and propositions. 54.00 hours lecture. (Letter grade only)

PSYC-35**Abnormal Psychology****3.00 Units**

(C-ID: PSY 120)

UC, CSU

Prerequisite: None.

Description: Survey of historical and contemporary approaches to diagnosing, understanding, and treating major forms of psychological disorder, including: anxieties, fears, obsessions, psychoses, sexual and personality disorders, disorders of childhood and adolescence. 54.00 hours lecture. (Letter grade only)

PSYC-35H**Honors Abnormal Psychology****3.00 Units**

(C-ID: PSY 120)

UC, CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the Honors Program*

Description: Survey of historical and contemporary approaches to diagnosing, understanding, and treating major forms of psychological disorder, including: anxieties, fears, obsessions, psychoses, sexual and personality disorders, disorders of childhood and adolescence. Students will produce a minimum of 5,000 words of instructor-evaluated writing. This Honors course offers an enriched experience for accelerated students through limited class size; seminar format; focus on primary texts; and application of higher level critical thinking skills. Students may not receive credit for both PSYC-35 and PSYC-35H. 54.00 hours lecture. (Letter grade only)

PSYC-42**Forensic and Legal Psychology****3.00 Units**

CSU

Prerequisite: None.

Description: A scientific approach to the intersection between psychology and the legal system. Roles played by psychologists, including how they conduct research, advise, evaluate, and reform the legal system will be explored. The experiences of witnesses, victims, and suspects will be examined through psychological theory, empirical evidence, and real-world criminal and civil cases. Topics addressed include policing, eyewitness memory and testimony, child witnesses, criminal profiling, lie detection, interrogations and confessions, legal and ethical responsibilities of clinicians, competency, the insanity defense, jury decision-making, and the death penalty. Particular attention will be paid to evidence-based recommendations for improving the legal system, including how to reduce wrongful convictions. 54.00 hours lecture. (Letter grade only)

PSYC-48**Statistics for the Behavioral Sciences****4.00 Units**

(C-ID: MATH 110; SOCI 125)

UC, CSU

Prerequisite: Intermediate Algebra or qualifying placement level

Description: Introduction to basic statistical methods and analyses commonly used in behavioral science research. Topics cover both inferential and descriptive statistics including correlations, regression analysis, chi-squares, t-tests, analysis of variance, and an introduction to factorial designs. This course covers the logic of hypothesis testing and emphasizes conceptualization of material and interpreting findings for use in behavioral science research above computation. This course trains students to use a statistical software package used by behavioral science researchers and prepares them to proficiently consume published research in the behavioral sciences. 72.00 hours lecture. (Same as SOC-48) (Letter grade only)

PSYC-50**Research Methods in Psychology****4.00 Units**

(C-ID: PSY 205B)

UC, CSU

Prerequisite: PSYC C1000 or PSYC C1000H and PSYC 48 or SOC 48 or STAT C1000 or STAT C1000H

Description: Introduces students to psychological research methods with emphasis on the use of the scientific method. The laboratory will complement the lectures and allow each student to design and conduct behavioral research, including collecting and analyzing research data. 63.00 hours lecture and 27.00 hours laboratory. (Letter grade only)

PSYC-148**Corequisite Support for PSYC-48****2.00 Units***Prerequisite: None.**Corequisite: PSYC 48*

Description: This support course for behavioral statistics (PSYC-48) is intended for students who require additional support to succeed in transfer-level behavioral science statistics course. It is a concurrent corequisite support course covering basic mathematical, statistical, and computational analyses designed to support students in behavioral statistics. Topics include various concepts from intermediate algebra and elementary statistics and how those concepts can be applied to social and behavioral science research. Designed to supplement material as it is covered in the concurrent behavioral statistics course. Ample problem-solving opportunities will help reinforce class concepts and guide students with a diverse approach to problem-solving processes, which will help them master concepts from behavioral statistics and social and behavioral research. 36.00 hours lecture. (Same as SOC-148) (Pass/No Pass only)

PSYC-C1000**Introduction to Psychology****3.00 Units**

Formerly PSY-1

(C-ID: PSY 110)

UC, CSU

Prerequisite: None.

Description: This course is an introduction to psychology, which is the study of the mind and behavior. Students focus on theories and concepts of biological, cognitive, developmental, environmental, social, and cultural influences; their applications; and their research foundations. This course will focus on the scientific basis of Psychology and the value of utilizing scientific methods when examining issues in behavior and cognition. Students may not receive credit for both PSYC-C1000 and PSYC-C1000H. 54.00 hours lecture. (Letter grade only)

PSYC-C1000H**Introduction to Psychology - Honors****3.00 Units**

Formerly PSY-1H

(C-ID: PSY 110)

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the Honors Program.

Description: This course is an introduction to psychology, which is the study of the mind and behavior. Students focus on theories and concepts of biological, cognitive, developmental, environmental, social, and cultural influences; their applications; and their research foundations. This is an honors course. This course will focus on the scientific basis of Psychology and the value of utilizing scientific methods when examining issues in behavior and cognition. As Honors, this course offers an enriched experience for accelerated students through limited class size; seminar format; focus on primary texts; and application of higher level critical thinking skills. Students may not receive credit for both PSYC-C1000 and PSYC-C1000H. 54.00 hours lecture. (Letter grade only)

RLE-Real Estate**RLE-80****Real Estate Principles****3.00 Units**

CSU

Prerequisite: None.

Description: Basic laws and principles of California real estate; fundamentals, terminology, concepts, current practices, and current market trends in real estate. Assists those preparing for the real estate sales person and broker license examination. 54.00 hours lecture. (Letter grade only)

RLE-81**Real Estate Practices****3.00 Units**

CSU

Prerequisite: None.

Description: Covers basic laws and principles of California real estate, terminology, and daily operations in a real estate brokerage, including listing, prospecting, advertising, financing, sales techniques, escrow, and ethics. Applies towards the State's educational requirements for the Brokers examination. 54.00 hours lecture. (Letter grade only)

RLE-82**Legal Aspects of Real Estate****3.00 Units**

CSU

Prerequisite: None.

Description: Introduction to California real estate law, including rights incident to property ownership and management, agency, contracts, and application to real estate transfer, conveyance, probate proceedings, trust deeds, and foreclosure, as well as recent legislation governing real estate transactions. Applies toward educational requirement of brokers examination. 54.00 hours lecture. (Letter grade only)

RLE-83**Real Estate Finance****3.00 Units**

CSU

Prerequisite: None.

Description: Analysis of real estate financing, including lending policies and problems in financing transactions in residential, apartment, commercial, and special purpose properties. Methods of financing properties emphasized. 54.00 hours lecture. (Letter grade only)

RLE-84**Real Estate Appraisal****3.00 Units**

CSU

Prerequisite: None.

Description: Purposes of appraisals, the appraisal process, and the different approaches, methods, and techniques used to determine the value of various types of property. Emphasis will be on residential and single-unit properties. 54.00 hours lecture. (Letter grade only)

RLE-85**Real Estate Economics****3.00 Units**

CSU

Prerequisite: None.

Description: Trends and factors affecting the value of real estate; the nature and classification of land economics; the development of property, construction and subdivision, economic values and real estate evaluation; real estate cycles and business fluctuations, residential market trends, real and special purpose property trends. 54.00 hours lecture. (Letter grade only)

RLE-86**Escrow Procedures I****3.00 Units**

CSU

Prerequisite: None.

Description: Methods and techniques of escrow procedure for various types of real estate transactions, including the legal/ethical responsibilities engaged in escrow work. 54.00 hours lecture. (Letter grade only)

RLE-200**Real Estate Work Experience****1.00-14.00****Units**

CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Students should have paid or voluntary employment.**Advisory: RLE 80*

Description: Provides students with supervised paid or unpaid work experience in the real estate industry, designed to integrate classroom instruction with practical workplace training. For the first unit of credit, students complete 18 hours of professional learning and 36 hours of on-the-job experience. Each additional unit is earned through 54 hours of supervised paid or unpaid work experience at an approved job site, up to a maximum of 14 units. Professional learning emphasizes career readiness, professional communication, and reflection, while the work-site component provides hands-on experience in real estate sales, property management, appraisal, and related services. 54.00 to 756.00 hours laboratory. (Letter grade or Pass/No Pass option)

SCA-Supply Chain Automation**SCA-1****Introduction to Automated Warehousing****3.00 Units***Prerequisite: None.*

Description: An industrial technology overview course covering the basic knowledge and skills needed for supply chain technicians to successfully work in an automated distribution center. Introduction to the troubleshooting and maintenance of complex electromechanical systems is a major focus of this class. 36.00 hours lecture and 54.00 hours laboratory. (Same as SCT-1) (Letter grade only)

SCA-10**Industrial Automation 1****4.00 Units**

CSU

Prerequisite: None.

Description: An introduction to the principles of industrial automation technology, including basic functions, techniques, and tools used in warehousing and distribution centers and their role in logistics. Emphasis is placed on developing basic operations and maintenance competencies and introducing warehouse automated distribution center technology. Topics include safety, concepts concerning terminology, and operation of automated machines, tools, troubleshooting, blueprint analysis, measurement, electrical, pneumatic, and sensor operation. 54.00 hours lecture and 54.00 hours laboratory. (Same as IAT-10) (Letter grade or Pass/No Pass option)

SCA-12**Introduction to Automation Networking****4.00 Units***Prerequisite: None.*

Description: Introduction to the principles of network systems in supply chain automation industry. Covers RSLinx, EtherNet/IP's, basic Programmable Logic Controller (PLC's), Variable Frequency Drives (VFD's), basic PLC Analog Inputs and Outputs. 54.00 hours lecture and 54.00 hours laboratory. (Letter grade or Pass/No Pass option)

SCA-200**Supply Chain Automation Work Experience****1.00-4.00****Units**

CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Students should have paid or voluntary employment.*

Description: Work Experience is designed to coordinate the student's on-the-job training with workplace skills designed to assist the student in developing successful professional skills. Each student will establish measurable learning objectives appropriate for their job and discipline. Students may earn up to four (4) units each semester, for a maximum of 16 units of work experience total. 60 hours of volunteer work or 75 hours of paid work during the semester are required for each unit. No more than 20 hours per week, out of the 60 or 75 requirement, may be applied toward the work requirement. The course consists of an 18 hours of orientation/professional skills development and 60 hours of volunteer work experience per unit with a maximum of 240 for four units per semester OR 75 hours of paid work experience per unit, with a maximum of 300 for four units per semester. (Letter grade or Pass/No Pass option)

SCA-812**Introduction to Automation Networking****0.00 Units***Prerequisite: None.*

Description: Introduction to the principles of network systems in supply chain automation industry. Covers RSLinx, EtherNet/IP's, basic Programmable Logic Controller (PLC's), Variable Frequency Drives (VFD's), basic PLC Analog Inputs and Outputs. 54.00 hours lecture and 54.00 hours laboratory. (Pass/No Pass only)

SCT-Transportation (Supply Chain Technology)**SCT-1****Introduction to Automated Warehousing****3.00 Units***Prerequisite: None.*

Description: An industrial technology overview course covering the basic knowledge and skills needed for supply chain technicians to successfully work in an automated distribution center. Introduction to the troubleshooting and maintenance of complex electromechanical systems is a major focus of this class. 36.00 hours lecture and 54.00 hours laboratory. (Same as SCA-1) (Letter grade only)

SCT-200**Supply Chain Technology Work Experience****1.00-4.00****Units**

CSU

*Prerequisite: None.**Advisory: Students should have paid or voluntary employment.*

Description: Work Experience is designed to coordinate the student's on-the-job training with workplace skills designed to assist the student in developing successful professional skills. Each student will establish measurable learning objectives appropriate for their job and discipline. Students may earn up to four (4) units each semester, for a maximum of 16 units of work experience total. 60 hours of volunteer work or 75 hours of paid work during the semester are required for each unit. No more than 20 hours per week, out of the 60 or 75 requirement, may be applied toward the work requirement. The course consists of an 18 hours of orientation/professional skills development and 60 hours of volunteer work experience per unit with a maximum of 240 for four units per semester OR 75 hours of paid work experience per unit, with a maximum of 300 for four units per semester. (Letter grade or Pass/No Pass option)

SJS-Interdisciplinary Studies (Social Justice Studies)

SJS-110**Introduction to Social Justice Studies****3.00 Units**

(C-ID: SJS 110)

UC, CSU

*Prerequisite: None.**Advisory: ENGL C1000*

Description: An intersectional examination of marginalized identities, including dimensions of race, ethnicity, gender, sexuality, and class in narrative and theoretical texts. Focus is on contemporary socioeconomic, cultural, and political issues in the US in comparative and historical context. Written and oral analysis of critical theories and practices for resistance, transformation, and liberation. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

SOC-Sociology

SOC-1**Introduction to Sociology****3.00 Units**

(C-ID: SOCI 110)

UC, CSU

*Prerequisite: None.**Advisory: ENGL 50 or ENGL 80 or qualifying placement*

Description: An introduction to the basic concepts relating to the study of society. Includes investigation into the foundations of sociology including its overall perspective, theoretical orientations, and research methodology; the foundations of social life including the components of culture, social interaction and the process of socialization, groups, organizations, and deviance; economic social inequality based upon class, race, sex, and age; social institutions; and dimensions of social change. Students may not receive credit for both SOC-1 and 1H. 54.00 hours lecture. (Letter grade only)

SOC-1H**Honors Introduction to Sociology****3.00 Units**

(C-ID: SOCI 110)

UC, CSU

*Prerequisite: None.**Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the RCCD Honors Program.**Advisory: ENGL 50 or ENGL 80 or qualifying placement*

Description: An honors level introduction to the basic concepts relating to the study of social behavior and human groups. This honors level course includes investigation into the foundations of sociology including theoretical perspectives, research methodology, and the components of social structure. Social interaction, culture, and social inequality (including, but not limited to, race, gender, sex, and social class), and dimensions of social change will be examined. Students may not receive credit for both SOC-1 and SOC-1H. 54.00 hours lecture. (Letter grade only)

SOC-2**American Social Problems****3.00 Units**

(C-ID: SOCI 115)

UC, CSU

Prerequisite: None.

Description: Identification and analysis of major social issues confronting contemporary 21st century America; emphasizing, among other topics, urban and rural transformations, family life, race and ethnic relations, gender, sexual orientation, criminal and delinquent behavior. 54.00 hours lecture. (Letter grade only)

SOC-3**Social Inequality****3.00 Units**

UC, CSU

Prerequisite: None.

Description: This course introduces students to the extent of inequality in its various forms in American society, the consequences of inequality for individual life chances and for society as a whole, the theoretical explanations given for the existence of inequality, and to the persistence of inequality and poverty. 54.00 hours lecture. (Letter grade only)

SOC-10**Race and Ethnic Relations****3.00 Units**

(C-ID: SOCI 150)

UC, CSU

Prerequisite: None.

Description: An introduction to the relevant theories and operational definitions that ground the study of race and ethnic relations in the social sciences. Extensive treatment of prejudice, discrimination and the concept of racism. The course brings into sharper focus the history and contemporary status of White ethnics, religious minorities, American-Indians, African-Americans, Hispanic-Americans, and women in the United States. Social institutions, such as family, education, politics, and the economy receive special attention for each group. The similarities and differences in ethnic hostilities between the U.S. and other societies are closely examined. Students may not receive credit for both SOC-10 and 10H. 54.00 hours lecture. (Letter grade only)

SOC-10H**Honors Race and Ethnic Relations****3.00 Units**

(C-ID: SOCI 150)

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Acceptance in the Honors Program.

Description: An introduction to the relevant theories and operational definitions that ground the study of race and ethnic relations in the social sciences. Extensive treatment of prejudice, discrimination and the concept of racism. The course brings into sharper focus the history and contemporary status of White ethnics, religious minorities, American-Indians, African-Americans, Hispanic-Americans, and women in the United States. Social institutions, such as family, education, politics, and the economy receive special attention for each group. The similarities and differences in ethnic hostilities between the U.S. and other societies are closely examined. This Honors course offers an enriched experience for accelerated students through limited class size; seminar format; focus on primary texts; and application of higher-level critical thinking skills. Students may not receive credit for both SOC-10 and 10H. 54.00 hours lecture. (Letter grade only)

SOC-12**Marriage and Family Relations****3.00 Units**

(C-ID: SOCI 130)

UC, CSU

*Prerequisite: None.**Advisory: SOC 1*

Description: Examines the major trends in marriage, families, and intimate relationships. Focuses on how inequality and diversity affect intimate and family relations. Discusses the dynamics of inequality among families and couples and how family life is shaped by race and ethnicity, social class, and sexuality. Discusses issues of interpersonal violence, divorce, and life in later years. 54.00 hours lecture. (Letter grade only)

SOC-15**Introduction to Women's Studies****3.00 Units**

(C-ID: SJS 120)

UC, CSU

Prerequisite: None.

Description: An introduction to the origins, purpose, subject matter, and methods of Women's Studies and to feminist perspectives on a range of social issues affecting women of diverse backgrounds. Study of gender and its intersections with race, class, sexuality, dis/ability, age, religion, and other systems of difference. 54.00 hours lecture. (Letter grade only)

SOC-20**Introduction To Criminology****3.00 Units**

(C-ID: SOCI 160)

UC, CSU

Prerequisite: None.

Description: An introduction to the fundamentals of Criminology; including surveys of the theories of crime, statistical procedures and research methodology, types of crime, criminal etiology, the origins and features of criminal law, the police, courts, and corrections. An analysis of the interrelations between social organization, the perceptions of social harm, and the dynamics of social control. 54.00 hours lecture. (Letter grade only)

SOC-47**Special Topics in Sociology****3.00 Units**

CSU

Prerequisite: None.

Description: Opportunity to focus on specialized topics and/or areas of Sociology. Topics are selected according to student and instructor interest and needs. 54.00 hours lecture. (Letter grade only)

SOC-48**Statistics for the Behavioral Sciences****4.00 Units**

(C-ID: MATH 110; SOCI 125)

UC, CSU

Prerequisite: Intermediate Algebra or qualifying placement level

Description: Introduction to basic statistical methods and analyses commonly used in behavioral science research. Topics cover both inferential and descriptive statistics including correlations, regression analysis, chi-squares, t-tests, analysis of variance, and an introduction to factorial designs. This course covers the logic of hypothesis testing and emphasizes conceptualization of material and interpreting findings for use in behavioral science research above computation. This course trains students to use a statistical software package used by behavioral science researchers and prepares them to proficiently consume published research in the behavioral sciences. 72.00 hours lecture. (Same as PSYC-48) (Letter grade only)

SOC-50**Introduction to Social Research Methods****3.00 Units**

(C-ID: SOCI 120)

UC, CSU

Prerequisite: SOC 1

Description: Examination of the fundamental elements of empirical research and the ways sociologists think critically, including attention to the nature of theory, hypothesis, variables and ethics of research. Application of qualitative and quantitative analytic tools including logic and research design, such as experimental, survey, observational, comparative historical research and case studies. 54.00 hours lecture. (Letter grade only)

SOC-148**Corequisite Support for SOC-48****2.00 Units***Prerequisite: None.**Corequisite: SOC 48*

Description: The support course for behavioral statistics (SOC-48) is intended for students who require additional support to succeed in transfer-level behavioral science statistics course. It is a concurrent corequisite support course covering basic mathematical, statistical, and computational analyses designed to support students in behavioral statistics. Topics include various concepts from intermediate algebra and elementary statistics and how those concepts can be applied to social and behavioral science research. The course is designed to supplement material as it is covered in the concurrent behavioral statistics course. Ample problem solving opportunities will help reinforce class concepts and guide students with a diverse approach to problem solving processes, which will help them master concepts from behavioral statistics and social and behavioral research. 36.00 hours lecture. (Same as PSYC-148) (Pass/No Pass only)

SPA-1**Spanish 1****5.00 Units**

(C-ID: SPAN 100)

UC, CSU

*Prerequisite: None.**Advisory: Completion of placement test to assess level of proficiency in Spanish.*

Description: Develops basic skills in listening, reading, speaking and writing. Emphasis on acquisition of vocabulary, structures and grammatical patterns necessary for comprehension of native spoken and written Spanish at the beginning level. Includes discussion of Hispanic culture and daily life. 90.00 hours lecture and 18.00 hours laboratory. (Letter grade or Pass/No Pass option)

SPA-2**Spanish 2****5.00 Units**

(C-ID: SPAN 110)

UC, CSU

Prerequisite: SPA 1, qualifying placement level on the Spanish assessment test, or the equivalent.

Description: Further development of basic skills in listening, reading, speaking and writing. A continued emphasis on the acquisition of vocabulary, structures and grammatical patterns necessary for comprehension of standard spoken and written Spanish at the beginning level. This course includes an expanded discussion of Hispanic culture and daily life. Students may not receive credit for both SPA-2 and SPA-2H. 90.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Letter grade or Pass/No Pass option)

SPA-3**Spanish 3****5.00 Units**

(C-ID: SPAN 200)

UC, CSU

Prerequisite: SPA 2 or SPA 2H or qualifying placement level on the Spanish assessment test or the equivalent.

Description: Development of intermediate skills in listening, reading, speaking and writing. A continued emphasis on the acquisition of vocabulary, structures and grammatical patterns necessary for comprehension of standard spoken and written Spanish at the intermediate level. Includes an expanded discussion of Hispanic culture and daily life. 90.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Letter grade or Pass/No Pass option)

SPA-Foreign Languages (Spanish)

SPA-4**Spanish 4****5.00 Units**

(C-ID: SPAN 210)

UC, CSU

Prerequisite: SPA 3 or SPA 3N or qualifying placement level on the Spanish assessment test or the equivalent.

Description: Further development of intermediate skills in listening, reading, speaking and writing. A review of the vocabulary, structures and grammatical patterns necessary for comprehension of standard spoken and written Spanish at the intermediate level. Enhancement of basic Spanish language skills through the reading of authentic literary and factual texts. Includes an expanded discussion of Hispanic culture and daily life. 90.00 hours lecture and 18.00 hours laboratory. (TBA Option) (Letter grade or Pass/No Pass option)

SPA-8**Intermediate Conversation****3.00 Units**

UC, CSU

Prerequisite: SPA 2 or SPA 2H or SPA 3 or SPA 3N or SPA 4

Description: Intermediate-level vocabulary building and improvement of speaking proficiency in the context of Hispanic culture, daily life, and topics of current interest. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

SPA-11**Spanish Culture and Civilization****3.00 Units**

UC, CSU

Prerequisite: None.

Description: Introduction to Spain's cultural norms, values, social development and organization as revealed through its complex and unique history. Class conducted in English. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

SPA-12**Latin American Culture and Civilization****3.00 Units**

UC, CSU

Prerequisite: None.

Description: Introduction to Latin America's complex and unique history, as reflected in language, literature, art, history, customs, religions, and its political and social institutions. Class conducted in English. 54.00 hours lecture. (Letter grade or Pass/No Pass option)

STAT-13**Introduction to Statistics With Embedded Support****6.00 Units**

UC, CSU

Prerequisite: Placement as determined by the college's multiple measures assessment process or completion of a course taught at or above the level of intermediate algebra.

Description: This course is an introduction to statistical thinking and processes, including methods and concepts for discovery and decision-making using data. Topics include descriptive statistics; probability and sampling distributions; statistical inference; correlation and linear regression; analysis of variance, chi-squared, and t-tests; and application of technology for statistical analysis including the interpretation of the relevance of the statistical findings. Students apply methods and processes to applications using data from a broad range of disciplines. This course has embedded support. 108.00 hours lecture. (Letter grade or Pass/No Pass option)

STAT-C1000**Introduction to Statistics****4.00 Units**

Formerly MAT-12

(C-ID: MATH 110; SOCI 125)

UC, CSU

Prerequisite: Placement as determined by the college's multiple measures assessment process or completion of a course taught at or above the level of intermediate algebra.

Description: This course is an introduction to statistical thinking and processes, including methods and concepts for discovery and decision-making using data. Topics include descriptive statistics; probability and sampling distributions; statistical inference; correlation and linear regression; analysis of variance, chi-squared, and t-tests; and application of technology for statistical analysis, including the interpretation of the relevance of the statistical findings. Students apply methods and processes to applications using data from a broad range of disciplines. Students may not receive credit for both STAT-C1000 and STAT-C1000H. 72.00 hours lecture. (Letter grade or Pass/No Pass option)

In alignment with Common Course Numbering, as of the 2025-2026 academic year the MAT-12 and MAT-12H Statistics courses have changed department codes and course numbers. The courses are now STAT-C1000 and STAT-C1000H. Courses aligned with Common Course Numbering will now have a "C" before the course number.

STAT - Statistics

STAT-C1000H**Introduction to Statistics - Honors****4.00 Units**

Formerly MAT-12H

(C-ID: MATH 110)

UC, CSU

Prerequisite: Placement as determined by the college's multiple measures assessment process or completion of a course taught at or above the level of intermediate algebra.

Limitation on Enrollment (e.g. Performance tryout or audition): Enrollment in the honors program.

Description: This course is an introduction to statistical thinking and processes, including methods and concepts for discovery and decision-making using data. Topics include descriptive statistics; probability and sampling distributions; statistical inference; correlation and linear regression; analysis of variance, chi-squared, and t-tests; and application of technology for statistical analysis including the interpretation of the relevance of the statistical findings. Students apply methods and processes to applications using data from a broad range of disciplines. This is an honors course. As Honors, this course offers an enriched experience for accelerated students through limited class size; seminar format; focus on primary texts; and application of higher level critical thinking skills. Students may not receive credit for both STAT-C1000 and STAT-C1000H. 72.00 hours lecture. (Letter grade or Pass/No Pass option)

THE-Theater Arts**THE-2****Play Practicum-Special Projects Laboratory I****1.00 Unit**

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Acting and production skills desirable based on a successful audition.

Description: Play production from casting to performance including units in acting, set construction, lighting, costuming, house management, props and make-up on a small scale. Subsequent enrollment will provide additional skill and competency development within the subject matter. May be taken a total of four times. 54.00 hours laboratory. (Letter grade only)

THE-3**Introduction to the Theater****3.00 Units**

(C-ID: THTR 111)

UC, CSU

Prerequisite: None.

Description: A comprehensive study of theatrical styles and forms with units in directing, acting, designing, technical theater, playwriting, and genres, to acquaint the student with the diverse nature of theater leading to an appreciation and understanding of theater as a separate and distinctive art form. 54.00 hours lecture. (Letter grade only)

THE-4**Play Practicum-Special Projects Lab II****2.00 Units**

UC, CSU

Prerequisite: None.

Advisory: Acting and production skills desirable based on a successful audition.

Description: A course in play production from casting to performance including units in acting, set construction, lighting, costuming, house management, props and make-up on a small scale. Subsequent enrollment will provide the student an opportunity for additional skill and competency development within the subject matter. May be taken a total of four times. 108.00 hours laboratory. (Letter grade only)

THE-5**Theater Practicum****3.00 Units**

(C-ID: THTR 191)

UC, CSU

Prerequisite: None.

Limitation on Enrollment (e.g. Performance tryout or audition): Acting and production skills desirable based on a successful audition.

Description: Play production from casting to performance including units in acting, set construction, lighting, costuming, house management, props, and make-up. Subsequent enrollment will provide the student an opportunity for additional skill and competency development within the subject matter. May be taken a total of four times. 162.00 hours laboratory. (Letter grade only)

THE-6**Advanced Theater Practicum****3.00 Units**

UC, CSU

Prerequisite: THE 5

Description: Advanced play and production from casting to performance including units in acting, technical design and construction, lighting, costuming, house management, props and make-up. Subsequent enrollment will provide the students an opportunity for additional skill and competency development within the subject matter. May be taken a total of four times. 162.00 hours laboratory. (Letter grade only)

THE-9**Dramatic Literature-Script Analysis****3.00 Units**

(C-ID: THTR 114)

UC, CSU

Prerequisite: None.

Description: A survey of dramatic literature in a variety of genres and styles including appraisal of modern theatrical movements and the fundamental techniques of script analysis, including structure, genre, style, theme, character, and language. Emphasis on cultural significance and historic perspective and how dramatic literature conveys meaning to the theatre artist and audience as a distinctive art form. 54.00 hours lecture. (Letter grade only)

THE-25**Makeup for the Stage****3.00 Units**

(C-ID: THTR 175)

UC, CSU

Prerequisite: None.

Description: An exploration of the creative and practical aspects of theatrical makeup design, where students will experience techniques of makeup application, painterly techniques and three dimensional techniques in relation to production and performance. 18.00 hours lecture and 108.00 hours laboratory. (Letter grade only)

THE-26**Directing for the Stage****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: THE 32 or THE 33 or THE 37*

Description: An introduction to the role of the director in modern theatrical production. A study of the director's interpretation of dramatic literature, with emphasis on the communication of intellectual and emotional concepts through composition, visualization, picturization, movement and rhythm. Trains potential theatre directors in script analysis, book preparation, production management and working with actors, with an emphasis on practical experience in directing through class projects and public performance. 45.00 hours lecture and 27.00 hours laboratory. (Letter grade only)

THE-29**Musical Theater Appreciation****3.00 Units**

UC, CSU

Prerequisite: None.

Description: A study of the history and literature of the genre of musicals from 19 century to present day. Emphasis placed on the stylistic distinctions of the musical and the contribution of individual composers, librettists, lyricists, choreographers, directors, and designers to the genre of musical theatre. Students will study the genre's social and cultural significance as a separate and distinctive art form. 54.00 hours lecture. (Letter grade only)

THE-32**Acting Fundamentals - Theater Games and Exercises****3.00 Units**

(C-ID: THTR 151)

UC, CSU

Prerequisite: None.

Description: Foundation training for actors through theater games and improvisational exercises for developing expressive freedom, creativity, relaxation, sensory awareness, and concentration. Development and preparation of the actor's instrument: voice, speech, body, and imagination. Beginning of relationship and motivation. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

THE-33**Scene Acting-Creating a Role****3.00 Units**

(C-ID: THTR 152)

UC, CSU

Prerequisite: THE 32

Description: Fundamentals of creating a role through beginning scene study and monologues with emphasis in modern realism. Building of character through text analysis and practical applications such as use of body, voice, and imagination. Continued development of actor's body through exercises. Advanced work in motivation, relationships, and emotional discovery and release. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

THE-34**Scene Study in Various Theatrical Styles****3.00 Units**

UC, CSU

Prerequisite: THE 32

Description: Advanced scene study with emphasis on a variety of theatrical styles, excluding classical verse. Advanced development of the emotional and character range of the actor. Development of the actor's artistic sense and presentation with regard to text, environment, actions and choices. Public performance required. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

THE-35**Classical Acting with Emphasis in Shakespearean Verse****3.00 Units**

UC, CSU

Prerequisite: THE 32

Description: Development of techniques for performing classical verse with an emphasis in Shakespearean texts. Special emphasis on actor's physical instrument, voice, speech and body, to handle demands of elevated verse. Analysis and thematic aspects of Shakespeare and elevated verse, especially meter, rhythm, structure, imagery, antithesis, word games, patterns, stressing, and inflections. Practical applications through scene and monologue work. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

THE-36**Improvisational Acting****3.00 Units**

UC, CSU

Prerequisite: THE 32

Description: Advanced principles and techniques of improvisational acting designed to increase creativity, problem solving, and performance skills. Students will develop the ability to work in short and long form, dramatic and comedic, pantomime skills, group work, spontaneity, offers, narrative, characterization, and endowments. Public performance required. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

THE-39**Acting for the Camera****3.00 Units**

UC, CSU

*Prerequisite: None.**Advisory: THE 32*

Description: Principles and techniques of specialized methods and styles involved in acting for the camera culminating in performance on film. Encompasses the study and exercise in the special techniques of acting for the motion picture and television cameras. Emphasis will be placed on gaining an understanding of the various camera angles, shots, positions, and actor behaviors that are unique to acting before a camera. Practical work in front of a camera is required. 45.00 hours lecture and 27.00 hours laboratory. (Letter grade only)

THE-41**Elementary Stagecraft****3.00 Units**

(C-ID: THTR 171)

UC, CSU

*Prerequisite: None.**Advisory: Concurrent enrollment in, THE 2 or THE 4 or THE 5 or THE 6*

Description: Basic physical equipment of the theater, including use and safety, elementary set construction, scenic painting, drafting, and critical analysis of scenic design for the theater. 36.00 hours lecture and 54.00 hours laboratory. (Letter grade only)

THE-44**Theatrical Set Design****3.00 Units**

(C-ID: THTR 172)

UC, CSU

*Prerequisite: None.**Advisory: Concurrent enrollment in, THE 5 or THE 6 or THE 41*

Description: The study of the principles, techniques, and practices of scenic design and execution for the stage. Includes script analysis in relation to the aesthetic and dramaturgical demands of theatre art in formulating design concepts. Analysis of space, movement, mood, period, style, texture, materials, and color to achieve the execution of design concepts through techniques of rendering, model-making, drafting, and presentation. Working collaboratively with the director and design staff while maintaining production budget guidelines. 45.00 hours lecture and 27.00 hours laboratory. (Letter grade only)

THE-46**Theatrical Costume Design****3.00 Units**

(C-ID: THTR 174)

UC, CSU

*Prerequisite: None.**Advisory: ART 17 or ART 40A*

Description: The study of the principles, techniques, and practices of theatrical costume design for stage, television, and film. Includes script and character analysis to achieve characterization through design and working collaboratively with the director and design staff. The choice, use and manipulation of patterns, textiles, jewelry, and accessories to imitate the historical needs of the production while maintaining production budget guidelines. Student will be assigned costume crew responsibilities for a theatrical production. 45.00 hours lecture and 27.00 hours laboratory. (Letter grade only)

THE-48**Theatrical Lighting Design****3.00 Units**

(C-ID: THTR 173)

UC, CSU

*Prerequisite: None.**Advisory: THE 5 or THE 6 or ART 23*

Description: The study and implementation of the principles, techniques, and practices of lighting design for the stage. Includes training in the creative concepts of lighting design, how to create a light plot, hang the lighting instruments for a show, as well as the practical use and operation of lighting equipment used to execute the design. Students will also be trained in industry safety standards that will prepare the student for work in the industry. Student will be assigned lighting crew responsibilities for a theatrical production. 45.00 hours lecture and 27.00 hours laboratory. (Letter grade only)

WKX-Work Experience

WKX-200**General Work Experience****1.00-4.00****Units**

CSU

*Prerequisite: None.**Advisory: Students should have paid or voluntary employment.*

Description: Work Experience is designed to coordinate the student's on-the-job training with workplace skills designed to assist the student in developing successful professional skills. Each student will establish measurable learning objectives appropriate for their job and discipline. Students may earn up to four (4) units each semester, for a maximum of 16 units of work experience total. 60 hours of volunteer work or 75 hours of paid work during the semester are required for each unit. No more than 20 hours per week, out of the 60 or 75 requirement, may be applied toward the work requirement. The course consists of an 18 hours of orientation/professional skills development and 60 hours of volunteer work experience per unit with a maximum of 240 for four units per semester OR 75 hours of paid work experience per unit, with a maximum of 300 for four units per semester. (Letter grade or Pass/No Pass option)

WKX-201**General Work Experience****1.00-3.00****Units**

CSU

*Prerequisite: None.**Advisory: Students should have paid or voluntary employment.*

Description: This course is designed to coordinate the student's occupational on-the-job training with related instruction in work-related skills, including occupational and educational resources, career planning, resume development and interview techniques. Students may earn up to three (3) units each semester for two (2) semesters or a maximum of 6 units of work experience. No more than 20 hours per week may be applied toward the work requirement; 60 hours of volunteer work or 75 hours of paid work in the semester are required for each unit. 18 hours lecture and 60 hours of volunteer work experience or 75 hours of paid work experience are required for each enrolled unit. 18.00 to 0.00 hours lecture and 60.00 to 75.00 hours laboratory. (Letter grade or Pass/No Pass option)

Workshop Courses

Each discipline of the College has the option of developing workshop courses that are specifically designated to be experimental courses. (They are developed by faculty members in the discipline and receive curriculum committee approval prior to being offered.) Workshop courses cannot be used to satisfy specific graduation requirements; however, they may be used as elective credit for the Associate degree. Courses with this designation may be periodically found in the semester schedule of classes.

Cooperative Work Experience Education

The purpose of the Cooperative Work Experience Education Program is to provide students with an opportunity to increase their overall knowledge of their jobs by relating classroom theory with the world of work, while exposing them to the concepts of human relations in their business and personal lives. There are two work experience programs: general and occupational.

General Work Experience Education

General Work Experience Education is supervised employment which is intended to assist students in acquiring desirable work habits, attitudes, and career awareness. The work experience need not be related to the students' educational goals. The work experience may be paid or unpaid, but students must begin their work experience before the beginning of the third week of class. Students earn 1 unit for every 60 hours of unpaid or 75 hours of paid work experience up to 3 units per semester. Students must also complete any other course requirements including attendance at an orientation and participation in scheduled meetings with instructors. General work experience courses may not count for VA benefits, so veterans are advised to enroll in occupational work experience courses only.

Occupational Work Experience Education

Occupational Work Experience Education is supervised employment extending classroom based occupational learning at an on-the-job learning station relating to the students' educational or occupational goal. The work experience may be paid or unpaid, but students must begin their work experience before beginning the third week of class. Students earn 1 unit for every 60 hours of unpaid or 75 hours of paid work experience up to 4 units per semester. Students must also complete any other course requirements including attendance at an orientation and participation in scheduled meetings with instructors.

Units Determination

All students initially enroll in general work experience (WKX200) and are then administratively moved to the proper course and unit value after consultation with the course instructor. Units are based on the number of hours employed at the work experience site. Students earn 1 unit for every 60 hours of unpaid or 75 hours of paid work experience. The table below serves as a guide to help students estimate the appropriate number of units based on weekly working hours.

Hours Worked Per Week

Students should enroll in:

19-40 (paid) * 15-40 (volunteer) up to 4 units

15-18 (paid) * 12-14 (volunteer) up to 3 units

10-14 (paid) * 8-11 (volunteer) up to 2 units

5-9 (paid) * 4-7 (volunteer) 1 unit

Students with work experience related to the following disciplines are eligible for occupational work experience courses. This list of majors that qualify as work experience should include any disciplines that have a XXX-200 listing in the catalog (which can change from year to year based on curriculum action). Based on the current catalog, the listed should include the following:

ACC Accounting

ADJ Administration of Justice

ARE Architecture

ART Art

BUS Business Administration

CAT Computer Applications & Office Technologies

CIS Computer Information Systems

CON Construction Technology

DFT Drafting

EAR Early Childhood Education

ELE Electronics

ENE Engineering

GAM Simulation and Gaming

JOU Journalism

KIN Kinesiology

MAG Management

MAN Manufacturing

MKT Marketing

MIS Music Industry Studies

MUS Music

RLE Real Estate

SCA Supply Chain Automation

SCT Supply Chain Technology

THE Theater

High School Courses

Foreign Languages

Two years of high school language with a "C" or better are equivalent to the first semester of the same language at RCCD. For subsequent semesters, one year of high school language with a "C" or better is equivalent to one semester of the same language at RCCD. (For example, two years of high school Spanish are equivalent to Spanish 1 at RCCD; three years of high school Spanish are equivalent to Spanish 2; four years of high school Spanish are equivalent to Spanish 3.)

Chemistry

Questions regarding high school chemistry courses and meeting prerequisites for Riverside Community College District chemistry courses should be directed to your college counselor.

Articulated Courses

The Riverside Community College District (RCCD) colleges (Moreno Valley, Norco, and Riverside City) have articulation agreements with partnering secondary education districts. Secondary to post-secondary articulation provides a method by which college credit is awarded for the successful completion of equivalent high school and/or regional occupational programs (ROP) coursework. Articulation reduces the need for students to repeat coursework in college and facilitates a smooth transition from secondary to postsecondary education. It allows students to more efficiently reach their educational and career goals. The articulated credit is transcribed as a letter grade on a student's RCCD college transcript.

The minimum grade required for articulated credit is a "B". Not all courses are articulated. While credits earned through high school articulation are widely accepted at many colleges and universities, the decision to accept these credits ultimately lie with each institution. Please contact that college's transfer office for more information on which credits they will accept. For further information or assistance on any of RCCD's high school articulation programming, please contact our high school articulation office, cte-info@rccd.edu.

MORENO VALLEY COLLEGE

Colton-Redlands-Yucaipa Regional Occupational Program

Virtual Enterprise 1 (Creating an Online Business) (BUS-51)
Criminal Investigation (ADJ-13)
Mind Matters: A Study of Mental Health and Illness (HMS-17)
Video Game Design 1 (CIS-36)
Virtual Enterprise 2 (BUS-30)

Moreno Valley Unified School District

Accounting 1 (ACC-55)
Intermediate Law Enforcement (ADJ-1)
BA Empowering Entrepreneurs (BUS-10)
Corrections, Rehabilitation & Security (ADJ-20)
Virtual Business (BUS-30)

NuView Union School District

Anatomy/Physiology (BIO-45)

Riverside County Office of Education

RCOE Intermediate Cybersecurity -ITF+ (CIS-25)
RCOE Advanced Cybersecurity-Security+ (CIS-40D)
RCOE Emergency Medical Technician (EMS-50 and EMS-51)

Norco College Faculty

ADAMS, LAURA

Professor, Psychology

B.A., University of North Carolina; M.A., Ph.D., University of Arkansas. At Riverside Community College District since 2014.

ADAMS, MARIA

Associate Professor, Early Childhood Education

B.A., Psychology, CSU, Dominguez Hills; M.A., Counseling Psychology/Marriage and Family Therapy, Argosy University. At RCCD since 2016.

AGUILAR, RUBEN

Associate Professor, Kinesiology

B.S., M.S., Ed.D., California Baptist University. At Riverside Community College District since 2018.

ALLPORT, ZANDER

Associate Professor, English

B.A., Tufts University, Somerville; M.A., University of California, Riverside. At Riverside Community College District since 2019.

ALPAY, JOHN M.

Associate Professor, Business Administration (Law)

B.A., University of California, Berkeley; M.B.A., University of California, Los Angeles John E. Anderson Graduate School of Management; J.D., University of California, Los Angeles School of Law. At Riverside Community College District since 2020.

AVILA, PATRICIA

Professor, Counseling

B.A., University of California, Los Angeles; M.A., California State University, Dominguez Hills; Ed.D., Brandman University. At Riverside Community College District since 1997.

BEIRNE, BRENDAN

Assistant Professor, English

B.A., University of California, Berkeley; M.B.A. New York University, Ph.D., New York University. At Riverside Community College District since 2025.

BELL, KIMBERLY

Associate Professor, DRC Counseling

B.A., California State University, Long Beach; M.S., California State University, Los Angeles. At Riverside Community College District since 2014.

BING, DARNELL

Assistant Professor, Counseling

B.E., M.E., and Ed.D., University Of Southern California. At Riverside Community College District since 2024.

BLANDFORD, AMY

Assistant Professor, Early Childhood Education

B.A., M.A., Pacific Oaks College. At Riverside Community College District since 2024.

BOBO, MICHAEL

Associate Professor, Humanities

B.A., History/Political Science, Vanguard University; M.A., Humanities, CSU Dominguez Hills. M.A., Liberal Arts, Johns Hopkins University. At Riverside Community College District since 2017.

BORISSOVA, LANA

Associate Professor, Mathematics

B.S., Moscow State University of Economics, Statistics and Informatics; M.A., California State University, San Bernardino. At Riverside Community College District since 2017.

CAMACHO, STEVE

Associate Professor, English

B.A., M.A., California State Polytechnic University, Pomona; M.A., University College Cork, Ireland. At Riverside Community College District since 2018.

CAMPO, PEGGY

Professor, Anatomy and Physiology

B.S., Universidad Catolica de Cordoba; M.S., University of California, Riverside; M.A., Harvard University. Ed.D in Leadership in Higher Education, Northcentral University. At Riverside Community College District since 2008.

CAPPS, NICOLE

Associate Professor, English

B.A., M.A., California State Polytechnic, Pomona.
At Riverside Community College District since 2009.

CASTRO, MIGUEL

Associate Professor, Library Services Platform Librarian

B.S., University of Redlands, M.S., San Jose State University, CA. At Riverside Community College District since 1997.

CEDILLO, ROSALIO

Associate Professor, Sociology

B.A., University of California, Irvine; M.Sc., London School of Economics; M.A., Ph.D., University of California, Irvine. At Riverside Community College District since 2022.

CHACON, ROSINA

Professor, Counseling

A.A., San Bernardino Valley College; B.A., M.A., California State University, San Bernardino; Ed.D. University of Southern California. At Riverside Community College District since 2011.

CHANDLER, MEGHAN

Associate Professor, Art History

B.A., State University of New York - Stony Brook; M.A., Ph.D., University of California, Irvine. At Riverside Community College District since 2020.

CLENDENNING, JEFF

Associate Professor, Game Art

B.S., Game Art and Design from the Art Institute; M.F.A., Painting from Laguna College of Art and Design. At Riverside Community College District since 2021.

COMSTOCK, TAMI

Associate Professor, English

B.A., Western State College; M.A., University of Northern Colorado. At Riverside Community College District since 2009.

COVARRUBIAS, ARACELI

Associate Professor, Spanish

A.A., Rancho Santiago Community College; B.A., M.A., California State University, Long

Beach. At Riverside Community College District since 2015.

COX, CHERYL

Assistant Professor, Library

B.A., M.M.L.I.S., University of Southern California. At Riverside Community College District since 2021.

CUI, WEINING

Associate Professor, Chemistry

B.S., Nanjing Normal University, China; M.S., Ph.D., Michigan State University. At Riverside Community College District since 2022.

CUMMINGS, TAMARA

Assistant Professor, Economics

A.A., MiraCosta College; B.S., California State University, San Marcos; M.A., University of Oklahoma. At Riverside Community College District since 2015.

DAVIS JR., ANTHONY "SEAN"

Associate Professor, Counseling

B.A., California State University, San Bernardino; M.S., California State University, San Bernardino. At Riverside Community College District since 2018.

DECK, ERIN

Associate Professor, Counseling

B.A., California State University, Fullerton; M.A., Azusa Pacific University. At Riverside Community College District since 2016.

DOBSON, JESSICA

Associate Professor, English

B.A., University of California, Berkeley; M.A., California State University, Long Beach. Ed.D., La Verne University. At Riverside Community College District since 2016.

DOUCETTE, ERIC

Associate Professor, Business Administration

B.A., The Master's College; M.B.A., California State University, San Bernardino. At Riverside Community College District since 2016.

DRAINVILLE, JAKE

Assistant Professor, Anatomy and Physiology

B.S., M.S. Cal Poly Pomona. At Riverside Community College District since 2020.

ELIZALDE, ANDRES

Associate Professor, English

B.A., California State University, San Bernardino; M.A., California State University, Los Angeles. At Riverside Community College District since 2005.

FINLEY, JAMES

Associate Professor, Multimedia

B.A., California State University, San Bernardino. At Riverside Community College District since 2012.

FRANCO, NICHOLAS

Associate Professor, Counseling

A.A., Fullerton College; B.A., California State University, Fullerton; M.S., University of La Verne. At Riverside Community College District since 2009.

FREWING, JANET

Associate Professor, Mathematics

B.A., California State University, Fullerton; M.A., University of California, Santa Barbara. At Riverside Community College District since 2001.

FRIEDRICH FINNERN, TERESA

Professor, Biology

B.S., Hope College; M.S., Ph.D., University of Michigan. At Riverside Community College District since 2006.

GHOSH, BANIBRATA (BANI)

Assistant Professor, Chemistry

At Riverside Community College District since 2025.

GONZALINAJEC, NIDIA

Assistant Professor, Mathematics

B.A., University of California, Berkeley; M.S., California State University, East Bay. At Riverside Community College District since 2025.

GRAJEDA, DANIEL JESUS

Assistant Professor, Counseling

A.A., Norco College; B.A., Cal. Poly Pomona; M.S., California Baptist University. At Riverside Community College District since 2024.

GRAY, ALEXIS

Professor, Anthropology

B.A., California State University, Los Angeles; M.A., California State University, Fullerton; Ph.D., University of California, Riverside. At Riverside Community College District since 2006.

GUTIERREZ, MONICA

Professor, Biology

B.S., University of California, Irvine; Ph.D., University of California, Los Angeles. At Riverside Community College District since 2004.

HARRIS, VIVIAN

Associate Professor, Library

B.A., California State University, Long Beach; M.L.I.S., San Jose State University; M.S., California State University, East Bay. At Riverside Community College District since 2005.

HARSCH, DESHONNA

Assistant Professor, Sociology

B.A., Langston University; M.A., Fuller Theological University; Ph.D., Howard University. At Riverside Community College District since 2024.

HERNANDEZ, LISA

Associate Professor, English

B.A., California State Polytechnic University, Pomona; M.A., California State Polytechnic University, Pomona. At Riverside Community College District since 2020.

HUIZAR, MONICA

Assistant Professor, Counseling

B.A., California State University, San Bernardino; M.S., California Baptist University. At Riverside Community College District since 2010.

HUTCHINGS, CAROLINE

Assistant Professor, Math

B.S., University of Utah; MStat, University of Utah. At Riverside Community College District since 2020.

JACKSON, TED

Assistant Professor, Counseling

B.A., University of California, Riverside; M.S.,

California Baptist University. At Riverside Community College District since 2023.

JENSEN, CODY

Assistant Professor, Psychology

B.A., University of California, Santa Barbara; M.A., California State University, San Marcos. At Riverside Community College District since 2025.

JOHNSON, ASHLEE

Associate Professor, Engineering

B.S., University of California, Irvine; M.S., California Baptist University. At Riverside Community College since 2018.

JOHNSON, BRIAN D.

Associate Professor, Mathematics

B.A., M.A., California State University, Fullerton. At Riverside Community College District since 2001.

JULIUS, JEFFREY

Assistant Professor, Biology

B.S., California State University, San Bernardino; M.S., University of California, Riverside. At Riverside Community College District since 2012.

JURADO, MARIA

Associate Professor, Counseling

B.A., M.S., California State University, Los Angeles; Ed.D., University of Southern California. At Riverside Community College District since 2016.

JUSTICE, STARLENE

Associate Professor, Geography

M.A., Social Sciences; CSU, San Bernardino; B.S. Geography; CSU, San Bernardino. At RCCD since 2012.

KAMERIN, KIM

Associate Professor, Music

B.A., University of Nevada, Las Vegas; M.A., University of Nevada, Reno. At Riverside Community College District since 2013.

KERR, BRADY

Associate Professor, CTE, Music Industry Studies

A.A. Riverside City College; B.A., Berklee College of Music; M.M.M.T., Southern Utah

University. At Riverside Community College District since 1999.

KRAMER, AMY

Associate Professor, Counseling

A.S., Mt. San Antonio College; B.S., Cal Poly Pomona; M.A., University of La Verne. At Riverside Community College since 2016.

KYRIAKOS, STEPHANY

Associate Professor, History

B.A. (summa cum laude), University of Colorado; M.Phil., Ph.D., Yale University. At Riverside Community College District since 1999.

LEE, VIRGIL

Associate Professor, Chemistry

B.S., California State University, Los Angeles; M.B.A., University of California, Los Angeles; Ph.D., Stanford University. At Riverside Community College District since 2016.

LEESE, MIKE

Assistant Professor, Criminal Justice

B.A., University of California, Riverside; M.A., University of California, Irvine; Ed.D., University of Southern California. At Riverside Community College District since 2019.

LINDEMAN, MEGAN

Associate Professor, Art

B.F.A., Rhode Island School of Design, M.F.A., Claremont Graduate University. At Riverside Community College District since 2017.

LOPEZ, BIBIANA

Associate Professor, Mathematics

B.S., M.S., University of Riverside. At Riverside Community College District since 2018.

LUGO, CHRISTOPHER

Associate Professor, Chemistry

B.S., M.S., Ph.D., University of California, Riverside. At Riverside Community College District since 2017.

MARQUIS, ANYA-KRISTINA

Assistant Professor, Geography

B.A., University of California, Los Angeles; M.A., California State University, Fullerton. At

Riverside Community College District since 2024.

MARTIN, ADAM

Assistant Professor, Business Administration/ Entrepreneurship

B.S., M.S., University of Utah. At Riverside Community College District since 2019.

MCKAY-DAVIS, SELENA

Instructor, Administration of Justice

B.A., California State University, San Bernardino; M.F.S., National University, Fullerton. At Riverside Community College District since 2025.

MEJIA, APRIL

Assistant Professor, Anthropology

B.A., University UC Riverside; M.A., California State University, Northridge. At Riverside Community College District since 2025.

MICKELSEN, DANIEL

Assistant Professor, Physics

B.S., University of Illinois at Chicago; M.S., San Diego State University., Ph.D., University of California, Irvine. At Riverside Community College District since 2025.

MIDGETT IV, JETHRO H.

Associate Professor, Counselor

B.A., University of California, Riverside; M.S., California Baptist University. At Riverside Community College District since 2014.

MIKLAVCIC, STACY

Assistant Professor, Statistics

B.S., California State University, Long Beach; M.S., University of California, Irvine. At Riverside Community College District since 2025.

MIRZAEI, FARSHID

Associate Professor, Drafting

M.S., University of Tehran. At Riverside Community College District since 2018.

MOORE, AMMANDA

Associate Professor, English

B.S., M.A., California State University Fullerton.

At Riverside Community College District since 2013.

MOORE, JOHN

Associate Professor, Counseling

B.A., M.A., Azusa Pacific University. At Riverside Community College District since 2011.

MORENO, ADRIANA

Assistant Professor, Counseling

B.A., U.C. Davis, M.A., University of Southern California. At Riverside Community College District since 2019.

MORENO-TERRILL, STEVEN

Assistant Professor, History

B.A., California State University, Los Angeles; M.A., University of California, Riverside. At Riverside Community College District since 2025.

MORFORD, NATALIE

Associate Professor, English

B.A., University of California, Santa Barbara; M.A., San Diego State University. At Riverside Community College District since 2016.

MORROW, STACY

Assistant Professor, Mathematics

B.S., California State University, Long Beach; M.S., University of California, Irvine. At Riverside Community College District since 2025.

MULARI, JEFFREY

Associate Professor, Mathematics

B.S., California Baptist University; M.S., University of California, Riverside. At Riverside Community College District since 2008.

NAFZGAR, SARA

Associate Professor, Communication Studies

B.S., California State University, Fullerton; M.S., California State University, Fullerton. At Riverside Community College District since 2007.

NELSON, LISA

Professor, English

B.A., B.F.A., University of South Maine; M.A., University of California, Riverside; Ph.D., Columbia University. At Riverside Community College District since 2005.

OLAERTS, ANA-MARIE

Associate Professor, Communication Studies
B.A., M.A., California State University, Fullerton.
At Riverside Community College District since 2006.

OWENS, LINDSAY M.

Associate Professor, Physics
B.S., M.S., Wright State University; Ph.D.,
University of Cincinnati. At Riverside
Community College District since 2021.

PALISPIS, BEN

Assistant Professor, Music - Guitar
B.A., California State University, San Bernardino; M.A.,
California State University, Los Angeles.; Ph.D., University
of Southern California. At Riverside Community
College District since 2025.

PEREZ, ROBERTO F.

Assistant Professor, Psychology
B.S., M.A., Ph.D., University of California,
Riverside. At Riverside Community College
District since 2024.

POPIDEN, SANDRA

Professor, Political Science
B.A., Loyola Marymount University; M.A., Ph.D.,
University of California, Santa Barbara. At
Riverside Community College District since
2015.

QUINONES, NANCY

Associate Professor, Ethical Studies
B.A., M.Ed., Azusa Pacific University; Ph.D.,
Claremont Graduate School. At Riverside
Community College District since 2022.

QUINTANAR, BRITTNEE A.

Assistant Professor, Counseling
B.A., California State University, San Bernardino; M.A.,
University of Redlands; Ph.D., California Baptist
University. At Riverside Community College District since
2019.

RAD, KHOSROW

Associate Professor, Electronics
B.S., M.S., University Of California, Los Angeles;
Ph.D. University of Idaho. At Riverside
Community College since 2013.

RAMIN, MICHELLE

Associate Professor, Art and Director of the

Norco College Art Gallery

B.A., Penn State University; M.F.A., San
Francisco Art Institute. At Riverside Community
College District since 2022.

READE, DANIEL

Associate Professor, English
B.A., Brown University; M.F.A., North Carolina
State University; M.A., California State
University, San Bernardino. At Riverside
Community College District since 2016.

ROBLES, ANDY

Associate Professor, Mathematics
B.S., M.S., California Polytechnic State
University, Pomona. At Riverside Community
College District since 1999.

ROMERO, EDWIN

*Associate Professor, Social & Behavioral
Sciences/Student Activities Coordinator*
B.A., M.A., California State Polytechnic
University, Pomona; Ph.D., Azusa Pacific
University. At Riverside Community College
District since 2018.

ROMERO, ESTRELLA (STAR)

Associate Professor, Communication Studies
B.A., M.A., California State University, Fullerton;
Ph.D., Claremont Graduate University. At
Riverside Community College District since
2006.

RUIZ, ALDO YANEZ

Associate Professor, Political Science
B.A., UC Riverside; Ph.D., The
Claremont Colleges. At Riverside Community
College District since 2021.

RUIZ, JESSIAH

Assistant Professor, Computer Science, CIS
B.A., California State University, San Bernardino;
M.S., Cal State Fullerton; M.A., Laguna College
of Art and Design. At Riverside Community
College District since 2020.

RUSSELL, TIMOTHY

Associate Professor, History
B.A., San Diego State University; M.A., Ph.D.,
University of California, Riverside. At Riverside
Community College District since 2015.

SENTMANAT, JOSE M

Associate Professor, Philosophy

B.A., Florida International University; M.A., University of Riverside; J.D. University of Wisconsin-Madison. At Riverside Community College District since 2010.

SHIRINIAN, MARGARITA

Associate Professor, English as a Second Language

B.A., Moscow State Pedagogical University; M.A., California State University, Northridge; Ed.D in Education with a specialization in TESOL, Northcentral University, AZ. At Riverside Community College District since 2005.

STERNBURG, ERIN

Assistant Professor, Biology

B.S., California State University, Long Beach; Ph.D., University of California, Riverside. At Riverside Community College District since 2024.

STEWART, TIESHA

Assistant Professor, Early Childhood Education

B.A., Biola University; M.A., Pacific Oaks College, Ed.D., Alliant International University. At Riverside Community College District since 2019.

STOUT, CARLA

Assistant Professor, Biology

B.A., M.S., California Polytechnic State University, Pomona; Ph.D., Auburn University. At Riverside Community College District since 2024.

THOMAS, JAMES W.

Professor, Construction Technology

A.A., AS., Chaffey College; A.A., San Bernardino Valley College; B.A., Prescott College; M.P.A., California State University, San Bernardino; D.P.A., University of La Verne. At Riverside Community College District since 2000.

TITTERUD, MELANIE

Associate Professor, Counselor - Rising Scholars

B.S., University of La Verne; M.S., National University. At Riverside Community College District since 2025.

TURRUBIARTES, DANIEL

Assistant Professor, English

B.A., M.A., California State University, Fullerton. At Riverside Community College District since 2017.

TYLER, JODY

Associate Professor, Chemistry

B.S., University of Evansville, Indiana; M.S., Ph.D., University of California, Irvine. At Riverside Community College District since 2016.

VAN HULLE, PAUL

Associate Professor, Manufacturing Technology

A.S., Riverside Community College; B.A., California State University, Los Angeles; M.A., California State University, San Bernardino. At Riverside Community College District since 2005.

VOYER, DOMINIQUE M.

Professor, Spanish/French

A.A., B.A., M.A., Ph.D., (Highest Honors) Université de Paris Sorbonne, Paris IV. At Riverside Community College District since 1996.

WARSINSKI, STEFF

Associate Professor, Mathematics

B.S., M.S., University of Riverside. At Riverside Community College District since 2016.

WHITE, DANA

Assistant Professor, Accounting

B.A., University of North Texas; M.B.A., University of Redlands. At Riverside Community College District since 2018.

WHITTON, JUDE

Professor, Communication Studies

B.A., California State University, San Bernardino; M.A., California State University, Fullerton; Ph.D., Regent University. At Riverside Community College District since 2014.

WILLIAMS, SIGRID

Associate Professor, Administration of Justice

A.A. Cerritos College; B.A., M.P.A., and Ed.D., California State University, Fullerton. At Riverside Community College District since 2017.

WILSON, MELISSA

Associate Professor, Psychology

B.A., Vanguard University; M.A. and Ph.D., University of California, Riverside. At Riverside Community College District since 2022.

WITMER, SUZANNE

Associate Professor, Health Science/ Kinesiology

A.A. Riverside Community College; B.S., California State University, San Bernardino; M.Ed., Azusa Pacific University., Ed.D. in Organizational Leadership., Grand Canyon University. At Riverside Community College District since 2017.

WORSHAM, PATRICIA A.

Associate Professor, Business Administration

B.A., University of California, Santa Barbara; M.B.A., California Polytechnic University, Pomona. At Riverside Community College District since 2001.

YOUNG, CAMERON

Associate Professor, English

B.A., M.A., California State University, Fullerton. At Riverside Community College District since 2019.

ZAMISKA, KARA

Associate Professor, Psychology

B.A., San Diego State University; M.A., Ph.D., University of California, Irvine. At Riverside Community College District since 2016.

Norco Administration

Monica L. Green, Ed.D.

President

B.A., M.A., California State University, San Bernardino; Ed.D., Pepperdine University. At Riverside Community College District since 2001.

Quinton Bemiller, Ed.D.

Interim Vice President, Academic Affairs

A.A., Pasadena City College; B.F.A., Lesley University; M.F.A., Claremont Graduate University. Ed.D. at California State University, San Bernardino. At Riverside Community College District since 2013.

Michael Collins, Ed.D.

Vice President, Business Services

B.S., Syracuse University, New York; M.P.H., California State University, Long Beach, CA. Ed.D., University of Southern California, Los Angeles. At Riverside Community College District since 2017.

Tenisha James, Ed.D.

Vice President, Planning and Development

B.A., University of California, Irvine; M.A., California State University, Dominguez Hills; Ed.D., Pepperdine University. At Riverside Community College District since 2012.

Kaneesha Tarrant, Ed.D.

Vice President, Student Services

B.S., M.S., Boston University, Ed.D. University of Southern California. At Riverside Community College District since 2018.

Courtney Doussett, Ed.D.

Dean of Instruction, School of STEM and School of Business and Management Director, Title III STEM Grant

B.S. Kinesiology, California State University, San Bernardino, M.S. Kinesiology, California Baptist University, Riverside, Ed.D. California State University, San Bernardino. At Riverside Community College District since 2024.

Ashley Etchison

Dean of Instruction, Career Education,

School of Business & Management, School of Human & Public Services, School of Applied Technologies & Apprenticeships

B.A., Cal State Polytechnic University, Pomona; M.A., Brandman University. At RCCD since 2011.

Roger Perez, Ed.D.

Interim Dean of Instruction, Schools of Communication, Humanities and Languages, Social and Behavioral Sciences, and Visual & Performing Arts.

A.A. Santiago Canyon College; B.A., M.A., Ed.D., California State University, Fullerton. At Riverside Community College District since 2025.

Hayley Ashby, Ed.D.

Dean of Institutional Effectiveness

B.A., University of California, Riverside; M.L.I.S., San Jose State University; Ed.D., Brandman University. At Riverside Community College District since 2001.

Rosio Becerra

Interim Dean, Student Life

B.A., M.A., California State University, Dominguez Hills. At Riverside Community College District since 2025.

Sonia Gonzalez

Dean, Enrollment Services

B.S., University of La Verne; M.A., Chapman University; M.Ed., Northern Arizona University. At Riverside Community College District since 2024.

Kiandra Jimenez, Ph.D..

Dean of College Equity, Inclusion and Engagement

At Riverside Community College District since 2019.

Daniela McCarson

Dean, Special Funded Programs

B.A., M.A., California State University, San Bernardino. At Riverside Community College District since 2001.

Damon Nance

Dean, Technology and Learning Resources

A.A., Crafton Hills College; B.A., California State University, San Bernardino; M.L.I.S., San Jose State University. At Riverside Community College District since 2007.

David Schlanger

Dean, Student Services

A.A., Chaffey College; B.S., Biola University; M.A., University of Redlands. At Riverside Community College District since 2018.

Tyee Griffith

Associate Dean, Educational Partnerships

B.A., California State University, Los Angeles; M.P.A., California State Polytechnic University, Pomona. At Riverside Community College District since 2023.

Paula Barrera Partida

Director, Apprenticeship

B.A., University of California, Irvine; M.S.(2), California Baptist University. At Riverside Community College District since 2017.

Esmeralda Abejar

Director, College Business Services

B.A., California State University, Fullerton; M.B.A., University of Redlands. Riverside Community College District since 2018.

Travonne “Trae” Bell

Director, Facilities

B.S., Colorado Technical University. At Riverside Community College District since 2016.

Miriam Carrillo

Director, Upward Bound

M.A., California State University, Dominguez Hills. At Riverside Community College District since 2013.

Hortencia Cuevas

Director TRIO - Student Support Services Programs

M.S., California State University, Long Beach. At Riverside Community College District since 2011.

Ariel Davis, Ed.D.

Director, College Corps

B.A., California State Polytechnic, Pomona; M.S., National University; Ed.D., Fresno State University. At Riverside Community College District since 2024.

Greg Ferrer, Ed.D.

Director, Disability Resource Center

B.A., University of California, Irvine; M.A., University of Redlands. At Riverside Community College District since 2004.

Karina Gigliotti, Ed.D.

Director of Grants, Planning and Development

A.A., Mt. San Antonio College; B.S., University of Santa Barbara; M.P.A. and Ed.D., California Polytechnic State University. At Riverside Community College District since 2023.

Rachel L. Hoffman, DNP, PHN, PMHNP-BC

Director, Health Services

At Riverside Community College District since 2025.

Tony Puccio

Director of Student Financial Services

A.A., MiraCosta Community College; B.A., University of California Santa Cruz. At Riverside Community College District since 2024.

At Riverside Community College District since 2024.

Sheree Summers

Supervisor, Mental Health Services, Student Health and Psychological Services

B.A., University of California, Riverside, M.S., California State Polytechnic University, Pomona. At Riverside Community College District since 2021.

64th Distinguished Faculty Lecturer

Adviye Tolunay, Ph.D.

Professor of Psychology, Moreno Valley College

Adviye Tolunay earned a bachelor's degree in psychology in 1998 and a master's degree in social psychology in 2001 from Bogazici University in Istanbul, Turkey. She earned a doctorate in experimental psychology from the University of Rhode Island in 2005. She is completing her 25th year in higher education and has taught full time at Moreno Valley College since fall 2006.

Before joining MVC, Tolunay taught as a graduate teaching assistant at Bilgi University and as a visiting lecturer at Bogazici University in Istanbul. She also served as an associate faculty member at the University of Rhode Island and the Rhode Island School of Design. Her academic background includes extensive work in social influence, persuasion, and the effects of group identity on moral reasoning.

In addition to teaching Introduction to Psychology, Developmental Psychology, Social Psychology, and Personal and Social Adjustment at MVC, Tolunay serves as assistant chair for the Humanities, Arts, and Social and Behavioral Sciences Department. She is an active member of MVC's Distance Education Committee and has represented the college on the District Council on Diversity, Equity, and Inclusion.

Her previous leadership roles include Diversity Committee chair, academic senator, Honors Council member, faculty development coordinator, and faculty adviser for the L.G.B.T.S.A., now known as the Pride Alliance, and the Psychology Club. Her efforts were instrumental in establishing MVC's Annual Diversity Summit and the One Book, One College program.

Tolunay was selected as one of the district faculty members to lead 25 students on a 12-day Japan Youth Exchange Program to Tokyo and Sendai in spring 2013. She also taught in the RCCD Study Abroad Program in Dublin, Ireland, in spring 2015, and in Florence, Italy, in fall 2017.

She was the first recipient of MVC's Diversity Award and has been selected four times by the Associated Students of Moreno Valley College as Outstanding Faculty Adviser. Throughout her career, Tolunay has focused on increasing access to quality college education, advancing equity, and fostering a more inclusive learning environment for all students.

At Riverside Community College District since 2006.
(Academic Administrator)

Jackson, Jr., Angelo

Sergeant
A.S., B.A. Chapman University; M.A., Brandman University
At Riverside Community College District since 2011.

Jones, Lorraine

District Compliance Officer (Inclusion, Equity, Diversity, & Compliance)
B.A., Millersville University of Pennsylvania; M.S.W., Howard University.
At Riverside Community College District since 2016.

Kaatz, Jeffry

Executive Director, RCCD Foundation
Bachelor of Music, Loma Linda University; Master of Music/Doctor of Musical Arts, University of Southern California
At Riverside Community College District since 2023.

Lee, Samuel

Chief Ambassador, MAP
B.S., California State University, Fresno; M.A., University of Southern California; Ed.D., University of La Verne.
At Riverside Community College District since 2017.
(Academic Administrator)

Ma, Susanne

Director, Information Technology Infrastructure & Systems
B.A., University of California, Los Angeles; Certified Chief Technology Officer (CCTO), California IT in Education.
At Riverside Community College District since 2019.

Manges, William

Assistant Director, Technology Support Services
A.S., Riverside City College; B.S., California State University, San Bernardino
At Riverside Community College District since 1992.

McQuay-Peninger, Laurel

Executive Director, Office of Grants and Sponsored Programs (Grants & Economic Development)
B.A., Pacific University; B.A. Eastern Washington University; M.P.A., Eastern Washington University.
At Riverside Community College District since 2020.

Mohtasham, Mehran

Director, Capital Planning
B.S., Tehran Azad University; M.B.A., University of La Verne.
At Riverside Community College District since 2017.

Mustain, Debra

Dean, Community Partnerships & Workforce Development
B.A., Central Washington University; M.Ed., City University; Ed.D., California State University, San Bernardino.
At Riverside Community College District since 2017.
(Academic Administrator)

Peterson, Michael

Executive Director, Adult Education & Community Initiatives
B.A., Arizona State University; M.A., University of Glasgow.
At Riverside Community College District since 2022.

Purser, David

Sergeant, Safety and Police
A.A., San Bernardino Valley College; B.A. California State University, San Bernardino.
At Riverside Community College District since 2021.

Rivera-Lacey, Star

Deputy Chancellor & Provost
B.A., California State University, San Marcos; M.A., San Diego State University; Ph.D., Claremont Graduate University.
At Riverside Community College District since 2025.
(Academic Administrator)

Rojas, Octavio

Sergeant
A.S., Riverside Community College and San Bernardino Valley College; B.A., Brandman University
At Riverside Community College District since 2004.

Sanchez, Lori

Interim Executive Director, Inland Empire/Desert Strong Workforce Regional Consortium
B.A., University of California, Riverside; M.A., Claremont Graduate University; Ed.D., University of Southern California
At Riverside Community College District since 2022.

Zhai, Lijuan

Associate Vice Chancellor, Educational Services and Institutional Effectiveness

B.S., Shandong Agricultural University; M.S., Ph.D., The Ohio State University.

At Riverside Community College District since 2019.
(Academic Administrator)

Mission Statement

Riverside Community College District supports its colleges in empowering diverse learners, advancing equity, and promoting social justice and economic mobility through affordable public higher education. We provide the systems, resources and leadership needed to eliminate barriers, foster student success, and drive institutional transformation across the region.

RCCD Vision Statement

We envision a thriving region where education fuels opportunity, equity is realized, and every student has the power to shape their future.

RCCD Guiding Principles

The following values guide how RCCD serves its colleges and communities:

1. Student Success as Our Purpose: We exist to enable student learning, completion and opportunity-supporting colleges to design systems that place students first.
2. Equity in Action: We operationalize equity across policy, practice and resource allocation-especially for historically marginalized students and communities.
3. Collaboration Across Communities: We champion partnerships with industry, education and the community to expand impact and build shared prosperity.
4. Integrity and Accountability: We lead with transparency, uphold trust and take responsibility for aligning our efforts with our mission and goals in service to our colleges and community.
5. Innovation for the Future: We embrace change, encourage creative problem solving, integrate technology, and use data and reflection to improve outcomes for all.

Strategic Goals and Objectives 2025-2030

Goal 1: Equity in Access

Broaden opportunities for all area residents to begin or continue their higher education journey at RCCD colleges.

Objective 1.1: Increase with equity the number of students attending a RCCD college, especially among underserved populations.

Objective 1.2: Increase dual enrollment participation by improving systemic communication and planning with local districts: strengthening high school and district partnerships, proactively identifying and addressing challenges, streamlining enrollment processes, and targeting outreach to underserved student populations.

Objective 1.3: Expand RCCD's workforce development programming by increasing paid workbased learning (WBL) opportunities that align educational pathways with regional labor market needs.

Objective 1.4: Grow RCCD's noncredit and adult education programs by expanding offerings in high-demand areas through community partnerships and targeted outreach.

Objective 1.5: Strengthen institutional infrastructure, including policies, procedures and practices, as well as technological and human resources, to address with equity the instructional and support success of students who choose to pursue their educational goals at a distance through online education.

Goal 2: Equity in Success

Improve the academic and career success of all current and prospective RCCD students.

Objective 2.1: Increase with equity the number of students who achieve a meaningful educational outcome.

Objective 2.2: Increase with equity the number of students earning an Associate Degree for Transfer (ADT) and transferring.

Objective 2.2a: Increase with equity the number of students earning an ADT.

Objective 2.2b: Increase with equity the number of students transferring to UC or CSU. Benchmark/K.PI 10: With intersegmental collaboration, increase transfers to UC/CSU by 30% by 2030.

Objective 2.2c: Support the development of bachelor's degree programs at all three colleges that align with local workforce needs.

Objective 2.3: . By 2030, increase with equity the number of students earning a living wage by identifying the region's high skill, high demand and high paying programs and developing new programs.

Goal 3: Equity in Support

Provide maximum levels of institutional support to students by achieving a systematic Standard of Care that supports students from matriculation through completion.

Objective 3.1: Increase with equity the number of students receiving state, federal and institutional aid for which they are eligible.

Objective 3.2: Ensure that RCCD students have equitable access to timely basic needs support (including but not limited to food, housing, mental health, and technology) by enhancing services districtwide, strengthening community partnerships, and pursuing funding to sustain and expand these supports.

Objective 3.3: Decrease with equity the number of units in excess of the 60-unit threshold for the Associate Degree for Transfer or other associate degrees.

Goal 4: Institutional Effectiveness

The District identifies, measures and reports on student and institutional outcomes to demonstrate the advancement of the District's mission and goals.

Objective 4.1: Improve the efficiency and timeliness of core District processes and procedures, such as Human Resources, Business and Financial Services, and Institutional Advancement & Economic Development, to effectively support the development and delivery of instructional, student support and administrative services.

Objective 4.2: Attain a district-level efficiency of 18 (FTES/FTEF).

Goal 5: Resources

The District will acquire, manage and deploy resources - including human, facilities, technology, and financial - to support District goals and advancement.

Objective 5.1: Strengthen and refine the equitable distribution of funds among the colleges and the District Office.

Objective 5.2: Increase student, faculty and staff satisfaction with their well-being and safety.

Objective 5.3: Strengthen the physical plant to support academic programs, workforce training, student support services, and administrative functions districtwide.

Objective 5.4: Advance student success and institutional growth through equitable access to technology; a culture of innovation and collaboration; and a resilient, future-ready infrastructure that leverages generative AI and emerging technologies.

Goal 6: Partnerships and Community Engagement

Strengthen RCCD's role and impact as a leading academic institution by cultivating strategic partnerships, engaging the community, and expanding resources to support student success.

Objective 6.1: Expand collaborative partnerships with educational institutions, civic organizations, and businesses to advance student success, regional workforce development, and community enrichment.

Objective 6.2: Strengthen RCCD capacity to achieve its vision, mission and strategic priorities through the acquisition of financial resources and other external support, including, but not limited to, public and private grant funding, philanthropic contributions, and government advocacy.

Objective 6.3: Increase the economic impact of RCCD through the delivery of targeted workforce and economic development initiatives that support employers, employees, industry sectors, and entrepreneurs, among others.

Objective 6.4: Establish and execute an annual legislative agenda that proactively identifies, monitors, and responds to proposed legislation impacting RCCD priorities through strategic engagement, reporting, and advocacy.

Objective 6.5: Enhance and improve internal and external communications in support of the goals and objectives outlined in the RCCD's Strategic Plan.

History and Development

The Riverside Community College District (RCCD) has served the communities of Riverside County and the Inland Empire for over a century.

Riverside Junior College was founded in 1916 in response to a general petition of the electors, the initial cohort of 100 students enrolled in college courses held in classrooms on the Riverside Polytechnic High School campus. Arthur G. Paul was named the first President of the new college in 1920. In 1921 voters supported a bond measure which provided funding to construct a new high school campus at a new location, separate from Riverside Junior College. On June 2, 1964, a distinct five-person governing Board of Trustees was elected, and the Riverside Junior College District was separated from the Riverside City School system. Riverside Junior College was later renamed Riverside City College (RCC). The main campus occupies 108 acres just south of downtown Riverside.

Just a mile north of RCC in the Centennial Plaza, there are two additional RCC teaching facilities which opened in 2016, the Henry W. Coil Sr. and Edna Coil School for the Arts (a state-of-the-art music training center and concert hall), and the Culinary Arts Academy (which houses a teaching kitchen and full-service restaurant). The District offices are in the same Centennial Plaza complex alongside the Center for Social Justice and Civil Liberties.

On July 1, 1984, the communities served by the Corona/Norco Unified School District were added to the RCCD service area. More than 141 acres of land owned by the US Navy in Norco was acquired from the General Services Administration by way of the US Department of Education. On March 16, 1987, 112 acres of privately-owned land in Moreno Valley was donated to the District by the Robert P. Warmington Company; and then in 1989, another 20 acres were added to that site. The Norco and Moreno Valley campuses, opened in March 1991. The District became the Riverside Community College District, and Salvatore G. Rotella, Ph.D., became the first chancellor in 2000. Enrollment on these additional campuses grew rapidly and both were granted initial accreditation as distinct colleges in January 2010.

For nearly 70 years, Riverside Community College District has orchestrated public safety training and education opportunities in conjunction with community partners. In November of 1995, Ben Clark Training Center was made possible by the realignment of March Air Force Base. The Joint Powers Authority set aside acreage as a means to create a Riverside County Sheriff's Training Academy. The Center is unique since it provides the only public safety education and training opportunity for law enforcement, fire service and emergency medical services. Due to the School of Public Safety's growth and projections of further enrollment, it was awarded status as an education center in 2021.

RCCD is now composed of the three community colleges: Moreno Valley College (including the Ben Clark Public Safety Training Center), Norco College, and Riverside City College. In 2023, a combined total of approximately 60,000 students were enrolled in more than 200 programs of study at the three colleges. Students who enroll at one of these colleges can take classes at any of the three colleges to satisfy the requirements of graduation.

District Membership

The Riverside Community College District and its colleges hold memberships in the Accrediting Commission for Community and Junior Colleges, American Association of Community Colleges, American Council on Education, Association of Community College Trustees, California Community College Athletic Association, Community College Leadership Development Initiatives: the College Board, Community College League of California, Community College Public Relations Organization, Community Colleges for International Education, Consortium for North American Higher Education Collaboration, Corona Chamber of Commerce, Council for Higher Education Accreditation, Council on Law in Higher Education, Greater Corona Hispanic Chamber of Commerce, Greater Riverside Hispanic Chamber of Commerce, Greater Riverside Chamber of Commerce, Hispanic Association of Colleges and Universities, Inland Empire Desert Regional Consortium, Inland Empire Growth & Opportunity, Moreno Valley African American Chamber of Commerce Moreno Valley Chamber of Commerce, Moreno Valley Hispanic Chamber of Commerce, and Riverside Downtown Partnership.

Institutional Advancement & Economic Development

The division of Institutional Advancement & Economic Development (IA&ED) supports the mission and vision of the Riverside Community College District by providing services that promote the positive impact that the District and its colleges have on social, educational, and economic development in the communities served by the District.

This is accomplished by expanding the awareness of, advocacy for, and engagement with the District and its colleges.

Departments within IA&ED are responsible for supporting and encouraging external resource development through philanthropic giving to the RCCD Foundation; public grant development; technical support of entrepreneurship, internship and apprenticeship opportunities, and customized training programs for the workforce of local and regional businesses; creation and advocacy of the District's annual legislative program; and the promotion of the District's colleges, news, events, and public activities in support of the students, faculty, classified professionals and administration of RCCD.

RCCD Foundation

The RCCD Foundation is a nonprofit 501(c)(3) organization founded in 1975 to raise and manage private donations that benefit RCCD and its colleges, students, and programs. This goal is accomplished by building partnerships with alumni, friends, and the business community to explore philanthropic opportunities and inspire giving. The Foundation is professionally managed by staff who are experts in the field of philanthropy and is overseen by a committed volunteer Board of Directors. Foundation activities are primarily focused on supporting the strategic priority initiatives as defined by the Chancellor and College Presidents. The Foundation also provides guidance, consultation and oversight of all fundraising activities District-wide.

Mission Statement. The RCCD Foundation raises and manages private donations to support the students, programs, and faculty of the RCCD Colleges – Moreno Valley College, Norco College, and Riverside City College.

Scholarships. Scholarships have long been at the heart of the RCCD Foundation's fundraising efforts. Each year, thanks to the generosity of donors, the Foundation provides nearly \$500,000 in scholarship support to the hardworking students of Moreno Valley, Norco, and Riverside City Colleges. Donors who wish to support the scholarship mission of the Foundation have a variety of options, including contributing to an existing scholarship or establishing a new scholarship. More information about scholarship options can be found on the Foundation website, www.rccd.edu/foundation, or by contacting the Foundation office at (951) 222-8626.

Reserve Officer Training

Riverside Community College District students interested in the ROTC commissioning program can enroll in the Army ROTC program located at the Claremont Colleges, or the Air Force ROTC program located at Loyola Marymount University and taught at various locations throughout the greater Los Angeles area.

Army ROTC

Through a cooperative arrangement sponsored by Claremont McKenna College and the Army, students can take the preliminary ROTC training at no cost while attending a community college. The Department of Military Science at Claremont McKenna College offers basic classes at California State University, San Bernardino, University of California, Riverside, and California Baptist University. A student attends class each week for the initial year and the second year of ROTC training. Completion of this program permits a student transferring to a four-year institution full junior status in ROTC upon transfer. Completion of the community college portion of this program also could provide advanced grade placement should the student choose to serve in the military as an enlisted person. Those interested in finding out more about Army ROTC should contact Michael Lee, Recruiting Operations Officer at Claremont McKenna College at (909) 437-6099 or mlee@cmc.edu or visit <https://armyrotc.ucr.edu/>.

Air Force ROTC

Air Force ROTC is a college-level program designed to select and train highly qualified men and women to become commissioned Air Force officers. After graduation from college and completion of all Air Force ROTC requirements, cadets are commissioned as second lieutenants in the U.S. Air Force. Typical service is four years; however, service duration for some career fields (i.e. pilots, navigators, air battle managers) is longer. These individuals serve in a broad range of careers to include flying, engineering, administration and a host of other fields, depending on the needs of the Air Force.

To enter Air Force ROTC, an individual must have at least three years of college left, which may include 1 year of graduate study. In addition, the individual must be a United States citizen prior to entering the last two years of the program, be able to pass an Air Force medical exam, be of high moral character, and be in good academic standing in school with a cumulative GPA of 2.0 or higher. Entry into the last two years of the program is on a competitive basis.

Students are required to graduate with a bachelor's degree in any academic major. AFROTC offers 2, 3, and 4-year scholarships (some of which cover ALL tuition and fees), but scholarships are not required to participate in the program. AFROTC cadets under scholarship and all juniors and seniors receive a \$300-\$500 per month tax-free stipend, plus a \$600 textbook allowance each year. No military commitment is incurred until entering the last two years of the program (Professional Officer Course) or accepting an AFROTC scholarship.

Classes consist of one hour of academics plus two hours of leadership laboratory for freshmen and sophomores. Juniors and seniors will have three hours of academics plus two hours of leadership laboratory. The academic hours earned can normally be counted as elective credit toward graduation. All AFROTC classes and laboratories are held on Fridays to better accommodate students commuting from other colleges and universities.

More information is available at the [Air Force ROTC website](#).

Disabled Student Services

The colleges of Riverside Community College District offer a comprehensive program of support services to students with a documented disability. Students who have an acquired brain injury, physical disabilities, hearing impairments, learning disabilities, developmental disabilities, psychological disabilities, other health impairments, and temporary disabilities are eligible for the services which are provided according to individual need. For more please contact the DSP&S Office on your college campus.

Clery Act

The Riverside Community College District publishes an annual Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Report (Annual Clery Report) that includes important information about safety, security policies implemented to protect the welfare of the RCCD community, along with including three (3) years of crime statistics for the main college campuses, District offices and other locations. This report has been prepared in accordance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998 ("Clery Act"), 20 U.S.C. § 1092(f), Title 34 U.S. Code of Federal Regulations Section 668.46, and the California Education Code, Sections 67380-67385.

Clery Reports can be found here: <https://rccd.edu/police/clery.html>

Family Educational Rights and Privacy Act (FERPA)

Riverside Community College District adheres to the policies of the Family Educational Rights and Privacy Act (FERPA) when establishing and maintaining education records. Although the college applies the provisions of FERPA in a strict manner, the law allows the college to release student directory information. RCCD, based on FERPA regulations, designates as directory information the following: student's name, major field of study, dates of attendance, enrollment status, (e.g., full-time/part-time) participation in officially recognized activities and sports, weight and height of members of athletic teams, and degree and awards received.

Students have the opportunity to request that their directory information be maintained as confidential. In completing the admission application, students are provided this opportunity. Students who are continuing students at RCCD may go to the Student Services office and request to have directory information withheld.

The student's prior written consent is not required to disclose non-directory information under specific conditions according to FERPA regulations. (Included under this provision is the ability to disclose education records to parents of a student under 18 years of age as defined in Section 152 of the Internal Revenue Code of 1986. Refer to <https://rccd.edu/FERPA.html> for more information.)

The Family Education Right and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student's education records within 45 days of the date RCCD receives a request for access. Copies are not provided if the student has an outstanding financial or other hold on the records. The District may assess a charge pursuant to Board Policy and Administrative Procedure for furnishing copies of any education record. Students should submit to the Admissions & Records, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The RCCD official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the RCCD official to whom the

request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading. Students may ask RCCD to amend records that they believe are inaccurate or misleading. They should write the RCCD official responsible for the record, clearly identify the part of the record they want to change, and specify why it is inaccurate or misleading. If RCCD decides not to amend the record as requested by the student, RCCD will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedure will be provided to the student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorized disclosure without consent. One exception which permits disclosure without consent is disclosure to college officials with legitimate educational interests. A college official is a person employed by RCCD in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom RCCD has contracted (such as an attorney, auditor, collection agent or agents or organizations conducting studies on behalf of the college); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another college official in performing his or her tasks. A college official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility. Upon request, RCCD discloses education records without consent to officials of another school in which a student seeks or intends to enroll.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by RCCD to comply with the requirements of FERPA.

The Riverside Community College District is dedicated to maintaining the absolute integrity of all student records as well as protecting the student's rights of access to those records. To this end, Administrative Regulations for granting of requests to inspect and review records are detailed in Board Policy 3040.

Students have the right to stop the use of their social security number in a manner otherwise prohibited by law by submitting a written request to Admissions & Records, along with a photo I.D. It is the responsibility of the student to update MyPortal to advise the Admissions & Records Office of any change in address or telephone number. Change of information forms are also available from Admissions & Records at any of the district colleges.

Board Policies and Administrative Procedures

The RCCD Board of Trustees has adopted and established a variety of Board Policies (BP) and Administrative Procedures (AP), all of which can be found at <https://rccd.edu/bot/policies.html>. Policies and procedures are continually being updated. In order to be sure you have the most recent language, please check the latest online version at the website above.

Riverside Community College District is an Equal Opportunity, Title IX and Section 504 employer.

BP/AP 2100: Graduation Requirements for Certificates and Degrees

Board Policy 2100

Administrative Procedure 2100

Education Code Section 70902(b)(3);

Title 5 Sections 55060, 55063-55064, and 53200(b)

The Colleges grant the degrees of Associate in Arts, Associate in Science, and degrees for college transfer to those students who have completed the subject requirements for graduation and who have maintained a 2.0 grade point average in subjects attempted. Students must also complete the general education residency and competency requirements set forth in Title 5 regulations.

Students may be awarded a Certificate of Achievement and participate in a graduation ceremony upon successful completion of a minimum of 16 or more semester units of degree-applicable coursework designed as a pattern of learning experiences to develop certain capabilities that may be oriented to career or general education.

The Chancellor shall establish procedures to determine degree and certificate requirements. The procedures shall assure that graduation requirements are published in each college's catalog and included in other resources that are convenient for students.

For the Associate in Arts or Sciences degree, a student must demonstrate competence in reading, in written expression, and in mathematics.

The student must satisfactorily complete at least 60 semester units of college work of which 18 semester units are a major or area of emphasis or career-technical program.

A definition of "college work" which provides that courses acceptable toward the associate degree include those which have been properly approved pursuant to Title 5 Section 55002(a) or, if completed at other than a California community college, would reasonably be expected to meet the standards of that Title 5 section.

The work must include at least 12 semester units of study in residence; exceptions to the residence requirement can be made by the Board of Trustees when an injustice or undue hardship would result.

The general education requirements must include a minimum of work in the natural sciences, the social and behavioral sciences, humanities, and language and rationality.

A student must have a minimum grade point average of 2.0 in coursework taken at Riverside Community College District. If coursework taken at one or more accredited colleges is used to satisfy degree requirements, the overall cumulative grade point average must be at least 2.0 and will be determined by an aggregation of all grades from all transcripts used. If coursework is applied towards degree requirements from an institution using a "+/-" grading scale, the original grade points assigned by that institution as indicated on the transcript will be used to calculate the cumulative grade point average.

Students who have been awarded a bachelor's degree from a regionally-accredited institution in the United States will be exempt from the general education requirements should they pursue an Associate of Arts or Science degree at one of the District's colleges.

Students may petition to have non-credit courses counted toward the satisfaction of requirements for an associate degree.

Board Policies and Administrative Procedures regarding general education and degree requirements must be published in the Colleges' catalogs and must be filed with the California Community College Chancellor's Office.

For a Certificate of Achievement, a student must successfully complete a course of study or curriculum that consists of 16 or more semester units of degree-applicable credit coursework. The Certificate of Achievement shall be designed to demonstrate that the student has completed coursework and developed capabilities relating to career or general education.

Shorter credit programs and non-credit programs that lead to a certificate may be established by the District.

Content and assessment standards for certificates shall ensure that certificate programs are consistent with the mission of the District, meet a demonstrated need, are feasible and adhere to guidelines on academic achievement.

Certificates for which the State Chancellor's approval is not sought may be given any name or designation deemed appropriate except for Certificate of Achievement, Certificate of Completion or Certificate of Competency.

(This is the policy and/or procedure at the time of printing. Policies and procedures are continually being updated. In order to be sure you have the most recent language, please check the latest online version at:

BP/AP 3031: Instructional Materials Fees

Board Policy 3031

Administrative Procedure 3031

References:

Education Code Sections 76365 and 81458;

Title 5 Sections 59400 et seq.

The District has a strong commitment to ensuring accessibility to all its programs and services for residents of the District who are capable of benefiting from the experiences provided. As an important component of this "open door" policy, the District actively promotes low cost education for District residents. Where consumable items, supplies, or special services are necessary to enhance the educational experiences of students, the District is compelled to make reasonable charges to the students to assist in defraying the costs of providing these items, supplies, or special services.

The Chancellor shall establish procedures setting forth the identification, collection, and refund of instructional materials fees consistent with the District's commitment to ensuring accessibility to District programs and services.

AP 3031: Instructional Materials Fees

Students may be required to provide instructional materials required for a credit or non-credit course. Such materials shall be of continuing value to a student outside of the classroom setting and shall not be solely or exclusively available from the District.

Required instructional materials shall not include materials used or designed primarily for administrative purposes, class management, course management or supervision.

Where instructional materials are available to a student temporarily through a license or access fee, the student shall be provided options at the time of purchase to maintain full access to the instructional materials for varying periods of time ranging from the length of the class up to at least two years. The terms of the license or access fee shall be provided to the student in a clear and understandable manner prior to purchase.

Instructors shall take reasonable steps to minimize the cost and ensure the necessity of instructional materials.

The District will publish these procedures in each College catalog.

Definitions

"Required instructional materials" means any materials which a student must procure or possess as a condition of registration, enrollment or entry into a class; or any such material which the instructor determines is necessary to achieve the required objectives of a course.

"Solely or exclusively available from the District" means that the instructional material is not available except through the District, or that the District requires that the instructional material be purchased or procured from it. A material shall not be considered to be solely or exclusively available from the District if it is provided to the student at the District's actual cost; and 1) the instructional material is otherwise generally available, but is provided solely or exclusively by the District for health and safety reasons or 2) the instructional material is provided in lieu of other generally available but more expensive material which would otherwise be required.

"Required instructional and other materials which are of continuing value outside of the classroom setting" are materials which can be taken from the classroom setting and which are not wholly consumed, used up, or rendered valueless as they are applied in achieving the required objectives of a course to be accomplished under the supervision of an instructor during class hours.

I. Announcement of Fees

All course material fees shall be printed in the class schedule and available on the District's web-site. Courses with fees will be properly flagged on materials used in the Office of Admissions and Records. A fee statement, including the amounts of the fees, will be included in the College Catalog. The presence of fees on specific courses will also be included in all newspaper and periodical advertising of courses.

II. Collection of Fees

Course material fees will be collected with enrollment fees. Once classes have started, students will not be dropped for non-payment of fees. However, registration in subsequent terms will be blocked until such fees are paid.

III. Refunds

Students who withdraw from a class with a materials fee will receive a 100% refund through the first two (2) weeks of instruction or a proportional amount of time for a shorter-than-semester class. No refunds will be made after the second week of instruction or proportional amount of time for shorter-than-semester offering. A complete refund for material fees will be made on classes which are canceled by the College. Students will receive a materials fee credit in transferring from one fee class to another, providing the transfer occurs during the first two (2) weeks of class.

V. Disbursements

Material fees collected will be credited to the General Fund (1000). Divisions will be informed of the amounts of fees collected and these funds will be budgeted and available for appropriate material expenditures.

VI. Permissive Fees

Instructors may plan enrichment activities (field trips, etc.) for which an additional fee will be charged during the semester. Such activities, however, will not be required of students.

VII. Fee Structure

The fee structure will be based on current and anticipated expenditures for required instructional and other materials which are of continuing value outside of the classroom setting. The District Office of Educational Services will periodically review these fees and should a revision be necessary, inform the Colleges of any proposed changes.

VIII. Reporting

When required, the District shall make reports to the State Chancellor's Office concerning instructional materials used in its Colleges.

IX. Procedure For Requesting Fees

Each Department/Discipline will make their request for instructional material fees to the Office of the Associate Vice Chancellor of Educational Services. Each request will state the intended usage of the materials, the rationale for the need for the materials, the way(s) in which the material relates to the student learning outcomes for the course, the continued value of the material outside the classroom, and comparable cost to students if the materials were purchased commercially. The individual departments, disciplines, and/or faculty member(s) will be responsible for obtaining the necessary materials.

NOTE: These procedures do not pertain to fees for materials, supplies or instruments required as part of acceptance into a program offered in the District, such as cosmetology, nursing, physician assistant, culinary, etc. Those program fees are handled by each individual program. However, some courses within the programs may have materials fees associated with that course and are required as part of registration in the course. In that instance, these procedures would apply.

(This is the policy and/or procedure at the time of printing. Policies and procedures are continually being updated. In order to be sure you have the most recent language, please check the latest online version at: <https://www.rccd.edu/bot/policies.html>.)

Commitment to Diversity, Equity and Inclusion, Nondiscrimination and Prohibition of Harassment and Retaliation Policies

Board Policy 6100 Commitment to Diversity

Board Policy 6410 Nondiscrimination

Board Policy 6430 Prohibition of Harassment and Retaliation

A complete copy of the Board Policies cited can be found at <https://www.rccd.edu/bot/policies.html> or by calling (951) 222-8039.

Commitment to Diversity

Riverside Community College District is committed to building a diverse and accessible environment that fosters intellectual and social advancement. All District programs and activities seek to affirm pluralism of beliefs and opinions, including diversity of religion, gender, ethnicity, race, sexual orientation, disability, age and socioeconomic class. Diversity is encouraged and welcomed because RCCD recognizes that our differences as well as our commonalities promote integrity and resilience that prepares our students for the evolving and changing community we serve.

Nondiscrimination

The Riverside Community College District Board of Trustees has adopted policies and procedures that comply with Federal and State laws relating to prohibition of discrimination and/or harassment on the basis of an actual, perceived or association with others': ethnic group identification, national origin, religion, age, gender, gender identity, gender expression, race or ethnicity, color, genetic information, ancestry, sexual orientation, or physical or mental disability, pregnancy, or any characteristic listed or defined in Section 11135 of the Government code or

any characteristic that is contained in the prohibition of hate crimes set forth in subdivision (a) of Section 422.6 of the Penal Code.

Prohibition of Harassment and Retaliation

All forms of harassment are contrary to basic standards of conduct between individuals and are prohibited by state and federal law, as well as this policy, and the District will not tolerate harassment. The District is committed to providing an academic and work environment that respects the dignity of individuals and groups. The District shall be free of unlawful harassment, including that which is based on any of the following statuses: race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status, or because he/she/they is perceived to have one or more of the foregoing characteristics.

This policy applies to all aspects of the academic environment, including but not limited to classroom conditions, grades, academic standing, employment opportunities, scholarships, recommendations, disciplinary actions, and participation in any community college activity.

The District seeks to foster an environment in which all employees and students feel free to report incidents of harassment without fear of retaliation or reprisal. Retaliation may involve, but is not limited to, the making of reprisals or threats of reprisals, intimidation, coercion, discrimination or harassment following the initiation of an informal or formal complaint. Such conduct is illegal and constitutes a violation of this policy.

Therefore, the District also strictly prohibits retaliation against any individual for filing a complaint, who refers a matter for investigation or complaint, who participates in an investigation, who represents or serves as an advocate for an alleged victim or alleged offender, or who otherwise furthers the principles of unlawful discrimination or harassment.

Filing a Complaint

This is a summary of your right to file an informal or formal complaint of discrimination or harassment. This is only a summary. Complaint resolution procedures are outlined in APs 6434 and 6435.

Informal/Formal Complaint Procedures

- You have the right to request that the charges be resolved informally, at which time the District will undertake efforts to informally resolve the charges.
- You do not need to participate in informal resolution.
- You have the right to file a formal complaint, even if you have previously requested informal resolution (see below for the procedure for doing so).
- You will not be required to confront or work out problems with the person accused of unlawful discrimination or harassment.
- You may file a non-employment-based complaint with the U.S. Department of Education Office for Civil Rights (OCR) where such a complaint is within that agency's jurisdiction.
- If your complaint is employment-related, you may file a complaint with the U.S. Equal Employment Opportunity Commission (EEOC) and/or the California Civil Rights Department (CRD) where such a complaint is within that agency's jurisdiction.
- Retaliation is unlawful. If you feel you are being retaliated against as a result of filing a complaint, please contact RCCD Human Resources and Employee Relations immediately.

Purpose of the Informal Resolution Process

The purpose of the informal resolution process is to allow an individual who believes she/he has been unlawfully discriminated against to resolve the issue through a mediation process rather than the formal complaint process. Typically, the informal process will be invoked when there is a simple misunderstanding or you do not wish to file a formal complaint. Resolution of an informal complaint may require nothing more than a clarification of the misunderstanding or an apology from the alleged offender and an assurance that the offending behavior will cease. You will be notified of the outcome of the investigation in the informal process, and will also be notified of the resolution proposed by the District. If you pursue the informal process, you should note the following important points:

- You will need to sign a document which indicates that you have selected the informal resolution process.
- The District will complete its investigation within the time period required by Board Policy unless you voluntarily rescind your complaint prior to completion.

Selecting the informal resolution process does not prevent you from later deciding to file a formal complaint (subject to all of the rules for filing a formal complaint). You can do this while the informal process is still underway, or if the informal process has been completed and you are not satisfied with the outcome of the District's proposed resolution, provided that the time period for filing a formal complaint has not passed.

How to File a Formal Complaint

- The complaint can be made verbally or in writing and must allege discrimination prohibited under Title 5, Section 59300.
- The complaint must be filed by one who alleges that she/he has personally suffered unlawful discrimination or by one who has learned of such unlawful discrimination in her/his official capacity as a responsible employee.
- In any complaint not involving employment, the complaint must be filed within one year of the date of the alleged unlawful discrimination or within one year of the date on which you knew or should have known of the facts underlying the specific incident or incidents of alleged unlawful discrimination.
- In any complaint alleging discrimination in employment, the complaint shall be filed within 180 days of the date the alleged unlawful discrimination occurred, except that this period will be extended by no more than 90 days following the expiration of that 180 days if you first obtained knowledge of the facts of the alleged violation after the expiration of 180 days.
- You can file a complaint with the:

Human Resources and Employee Relations
Diversity, Equity and Compliance
Riverside Community College District
3801 Market Street
Riverside, CA 92501
(951) 222-8039
www.rccd.edu

or with the:

Office for Civil Rights of the U.S. Department of Education (OCR) for non-employment based complaints

or with the:

U.S. Equal Employment Opportunity Commission (EEOC) and/or the California Civil Rights Department (CRD) for complaints alleging discrimination in employment.

What Happens When a Formal Complaint is Filed

The District will then conduct an investigation. Within 90 days of receiving an unlawful discrimination complaint filed under Title 5, Sections 59300 et seq., the District will complete the investigation and forward a summary of the investigative report to you along with a notice of your right to appeal to the District Board of Trustees and the State Chancellor's Office. The investigative report, or summary, is the District's Administrative Determination.

Complaint's Appeal Rights

You, as the complainant, have appeal rights that you may exercise if you are not satisfied with the results of the District's Administrative Determination. At the time the summary is mailed to you, the responsible District officer or their designee will notify you of your appeal rights as follows:

All Appeals Must Be In Writing

First Level of Appeal: You have the right to file an appeal with the District's Board of Trustees within thirty (30) calendar days from the date of the Administrative Determination. The District's Board of Trustees will review the original complaint, the investigative report, the Administrative Determination, and the appeal.

In order to appeal to the District's Board of Trustees, please send a written request within the required time period to the attention of:

District Board of Trustees
c/o Diversity, Equity and Compliance
Riverside Community College District
3801 Market Street
Riverside, CA 92501

The District's Board of Trustees will issue a final District decision in the matter within forty-five (45) calendar days after receiving the appeal. Alternatively, the District's Board of Trustees may elect to take no action within forty-five (45) calendar days, in which case the Administrative Determination will be deemed to be affirmed and shall become the final District decision in the matter. A copy of the final decision rendered by the District's Board of Trustees will be forwarded to the complainant and respondent.

Second Level of Appeal: You have the right to file an appeal with the California Community Colleges Chancellor's Office in any case not involving employment-related discrimination within thirty (30) calendar days from the date of the District's notice of final decision. The appeal must include copies of the complaint, the decision of the District's Board of Trustees, and the notice of final decision.

In any case involving employment-related discrimination, you have the right to file an appeal with the California Civil Rights Department (CRD) or the U.S. Equal Employment Opportunity Commission (OCR).

(These are the policies and/or procedures at the time of printing. Policies and procedures are continually being updated. In order to be sure you have the most recent language, please check the latest online version at: www.rccd.edu/administration/board/Pages/BoardPolicies.aspx.)

Comprometidos A La Diversidad

El Colegio Comunitario del Distrito de Riverside está comprometido a promover un ambiente accesible y diverso que fomente un avance intelectual y social. Todos los programas y actividades del Distrito buscan afirmar el pluralismo de las creencias y opiniones, incluyendo diversidad en la religión, género, origen étnico, raza, orientación sexual, discapacidades, edad y estado socioeconómico. Apoyamos y acogemos la diversidad porque RCCD reconoce que nuestras diferencias al igual que nuestras similitudes promueven la integridad y la fortaleza que prepara a nuestros estudiantes para evolucionar y cambiar la comunidad que servimos.

No Discriminacion

El Consejo Directivo del Colegio Comunitario del Distrito de Riverside ha adoptado las políticas y los procedimientos que cumplen con las leyes federales y estatales relacionadas a la prohibición de discriminación y/o de acoso basados en algo real, percibido, o asociado con: Identificación de grupo étnico, origen nacional, religión, edad, género, identidad de género, expresión de género, raza o etnia, color, información genética, ascendencia, sexo orientación, discapacidad física o mental, embarazo o cualquier característica enumerada o definido en la Sección 11135 del Código de Gobierno o cualquier

característica que esté contenida en la prohibición de delitos de odio establecida en la subdivisión (a) de la Sección 422.6 del Código Penal Código.

Prohibición De Acoso Y Represalias

Todas las formas de acoso están en contra del nivel básico de conducta entre los individuos y están prohibidas por la ley federal y del estado, al igual que esta política, y el Distrito no tolerara acosos. El Distrito está comprometido a proveer un ambiente académico y de trabajo que respete la dignidad de los individuos y grupos. El Distrito será libre de acoso ilegal, incluido el que se basa en cualquiera de los siguientes estados: raza, credo religioso, color, nacionalidad, ascendencia, discapacidad física, discapacidad mental, condición médica, información genética, estado civil, sexo, género, identidad de género, expresión de género, edad, orientación sexual o condición de militar y veterano, o porque él / ella / ellos se percibe que tiene una o más de las características anteriores.

Esta política se aplica a todos los aspectos del ambiente académico, incluido pero no limitado a las reglas del salón de clase, grado, estado académico, oportunidades de empleo, becas, recomendaciones, acciones disciplinarias y la participación en cualquier actividad en un colegio comunitario.

El Distrito busca fomentar un ambiente en el cual todos los empleados y estudiantes se sientan libres de denunciar incidentes de acoso sin miedo a amenazas o represalias. Las represalias pueden involucrar pero no están limitadas a hacer represalias o amenazas de las mismas, intimidación, coerción, discriminación o acoso seguido por el inicio de una queja formal o informal. Tal conducta es ilegal y constituye la violación de esta política. Por lo tanto, el Distrito también prohíbe estrictamente las represalias en contra de cualquier individuo por haber presentado una queja, quien remite un asunto o, queja para ser investigado, quien participe en una investigación, quien represente o defienda a una presunta víctima o un presunto delincuente, o de quien promueva los principios de discriminación ilegal o acoso.

Presentar Una Queja

Este es un resumen del derecho que usted tiene al presentar una queja formal de discriminación o de acoso. Este es sólo un resumen. Los procedimientos de resolución de quejas se describen en APs 6434 y 6435.

Procedimiento Para Una Queja Formal/Informal:

- Usted tiene derecho a solicitar que los cargos sean resueltos informalmente, durante este tiempo, el Distrito se encargará de hacer lo necesario para solucionar los cargos informalmente.
- Usted no necesita participar en una resolución informal.
- Usted tiene derecho a presentar una queja formal, aún en el caso que anteriormente haya solicitado una resolución informal (mire la parte posterior para el procedimiento a seguir en este caso).
- A usted no se le pedirá que confronte o que trate de resolver los problemas con la persona acusada de discriminación ilícita.
- Usted puede presentar una queja que no esté relacionada con el empleo en la Oficina del Departamento de Educación de los Estados Unidos para los Derechos Civiles (OCR, por sus siglas en inglés) siempre y cuando dicha queja esté dentro de la jurisdicción de esa agencia.
- Si su queja está relacionada con el empleo, usted puede presentar una queja en la Comisión de Igualdad en Oportunidad de Empleo de los Estados Unidos (EEOC, por sus siglas en inglés) y/o al Departamento de Derechos Civiles de California (CRD, por sus siglas en inglés) siempre y cuando dicha queja esté dentro de la jurisdicción de esa agencia.
- Las represalias están prohibidas por la ley. Si usted cree que hay represalias en su contra como resultado de haber presentado una queja, por favor póngase en contacto con el Departamento de Recursos Humanos Y Relaciones del Empleado de RCCD.

El Propósito De La Resolución Informal

El propósito del proceso en una resolución informal es permitir que un individuo, el cual cree ha sido ilícitamente discriminado en contra, pueda resolver la situación por medio de un proceso de mediación en lugar de un proceso de queja formal. Típicamente, el proceso informal será invocado cuando haya un simple malentendido, o usted no desee presentar una queja formal. La resolución de una queja informal puede que no requiera más que una aclaración del malentendido o una disculpa por parte del supuesto ofensor y una afirmación de que la conducta ofensiva tendrá un fin. Usted será notificado acerca del resultado de la investigación del proceso informal, y también será notificado de la resolución propuesta por el Distrito.

Si usted da seguimiento al proceso informal, deberá tomar en cuenta los siguientes puntos importantes:

- Usted necesitará firmar un documento el cual indique que usted ha elegido el proceso de la resolución informal.
- El Distrito completará su investigación en el período de tiempo requerido por la política de la Junta Directiva Escolar, a menos que usted voluntariamente rescinda su queja antes de ser terminada la investigación.

El seleccionar el proceso de resolución informal, no le impide a usted el poder tomar la decisión de presentar una queja formal posteriormente (sujeto a todas las reglas para presentar una queja formal). Usted puede hacer esto mientras el proceso informal esté en curso, o si el proceso informal ha sido completado y usted no está satisfecho con el resultado o la resolución propuesta por el Distrito, siempre y cuando que el período de tiempo para presentar una queja formal no haya terminado.

Como Presentar Una Queja Formal

- La queja puede hacerse verbalmente o por escrito y debe alegar discriminación prohibida bajo el Título 5, Sección 59300.
- La queja debe de ser presentada por la persona que declara que él/ella ha sufrido personalmente discriminación ilícita o por aquella persona que se ha enterado de tal discriminación ilícita en su función oficial como empleado responsable.
- En cualquier queja que no involucre un empleo, la queja deberá ser presentada en el espacio de un año a partir de la fecha de la presunta discriminación ilícita o en el espacio de un año a partir de la fecha en la cual usted se enteró o debió haberse enterado de los hechos que fundamentan el incidente específico o los incidentes de la presunta discriminación ilícita.
- En situaciones en que la queja confirma discriminación en el empleo, la queja deberá ser presentada en 180 días a partir de la fecha en que la presunta discriminación ilícita ocurrió, con la excepción de que este período

será extendido por no más de 90 días seguido a la fecha de expiración de los 180 días, si usted se enteró de los hechos de la supuesta discriminación después de la fecha de expiración de los 180 días.

- Usted puede presentar una queja con el:
Human Resources and Employee Relations
Diversity, Equity and Compliance
Riverside Community College District
3801 Market Street
Riverside, CA 92501
(951) 222-8039
www.rccd.edu

o con:

La Oficina de Derechos Civiles del Departamento de Educación de Estados Unidos (OCR) para quejas no relacionadas con el empleo

o con:

La Comisión de Igualdad de Oportunidades en el Empleo de los Estados Unidos (EEOC) y/o el Departamento de Derechos Civiles de California (CRD) para las quejas que alegan discriminación en el empleo

¿Qué Sucede Cuando Se Presenta Una Queja Formal?

El Distrito entonces conducirá una investigación. Después de 90 días de haber recibido la queja de la presunta discriminación bajo el Título 5, secciones 59300 et seq., el Distrito completará la investigación y le enviará a usted una copia del reporte de la investigación, o un resumen del mismo, junto con la notificación de su derecho a apelar la decisión ante la Junta Directiva Escolar del Distrito y la oficina del Rector del Estado. Este reporte de investigación es la Determinación Administrativa del Distrito.

Derechos De Apelación De La Persona Afectada

Usted, como persona demandante, tiene derechos que puede ejercer para apelar si no está satisfecho con los resultados de la Determinación Administrativa del Distrito. En el momento en que el resumen le sea enviado a usted por correo, el oficial responsable del Distrito y/o su designado/a le notificará a usted acerca de los derechos que tiene para solicitar una apelación de la siguiente manera.

Todas Las Apelaciones Deberán Ser Hechas Por Escrito

Primer Nivel de Apelación: Usted tiene el derecho de solicitar una apelación a los Miembros de la Junta Directiva Escolar en el espacio de 30 días o a partir de la fecha en que la Determinación Administrativa fue hecha. Los Miembros de la Junta Directiva Escolar revisarán la queja original, el reporte investigativo, la Determinación Administrativa y la apelación.

Por favor envíe una petición por escrito para solicitar una apelación a los Miembros de la Junta Directiva Escolar en el período de tiempo indicado, dirigido a:

District Board of Trustees
c/o Diversity, Equity and Compliance=
Riverside Community College District
3801 Market Street
Riverside, CA 92501

Los miembros de la Junta Directiva Escolar darán una decisión final del Distrito acerca del asunto dentro de 45 días después de haber recibido la apelación. Alternativamente, los Miembros de la Junta Directiva Escolar pueden elegir no tomar ninguna acción en el espacio de 45 días, en este caso la decisión original en cuanto a la Determinación Administrativa será considerada afirmativa y será la decisión final del Distrito en este asunto. Usted recibirá una copia de la decisión final hecha por los Miembros de la Junta Directiva Escolar del Distrito y otra copia será enviada la queja del demandante y al demandado.

Segundo Nivel de Apelación: Usted tiene el derecho de solicitar una apelación a la oficina del Rector de Colegios Comunitarios de California en cualquier caso que no involucre discriminación relacionada con el empleo, en el espacio de 30 días de la decisión del Distrito. La queja de vera incluir copias de la decisión de los Miembros de la Junta Directiva Escolar.

En cualquier caso que involucre discriminación con el empleo, usted tiene derecho a solicitar una apelación en el Departamento de Derechos Civiles de California (CRD) o la Comisión de los Estados Unidos para Oportunidad de Igualdad en el Empleo.
